Did someone hijack your GOLIST web site? I just tried to download the
latest issue of the QSL Mgr database. When I clicked on DOWNLOAD in the
GOWin window (as I have done a 1000 times before) it took me to some
marketing list.
Anyone else seeing this?

Searchable Online CQ Archive Complete
Posted: Mar 24, 2008

(Hicksville, NY / Mineral, VA) - CQ Communications, Inc. of Hicksville, New York, publisher of CQ Amateur Radio magazine, and Buckmaster Publishing of Mineral, Virginia, jointly announce that Buckmaster's searchable online archive of CQ magazine back issues, dating back to the magazine's first issue in January 1945, is now complete. The searchable archive may be accessed via the internet at http://hamcall.net/cq or via a one-click link from the CQ website homepage at http://www.cq-amateur-radio.com.

All issues through early 2006 are now online, according to Buckmaster President Jack Speer, N1BIC. By agreement with CQ, issues are not posted until two years after their publication dates, as paper copies are still available from the CQ bookstore. Newer issues will be posted as the two-year "window" expires.

From: K1XN
Topic: 6917 Message: 6917

Very active on 20/40m RTTY today (March 24).

*
QSL via LA4XEA

Unclear yet whether JX4 callsign is valid.

** further info has come to light via the DX cluster.

LA4RT says he phoned the holder of the callsign, LA4A.

LA4A is a club station callsign inwhich the chairman has no knowledge of
any activity on Jan Mayen.

Another bootleg bites the dust.

Hi friends
From: "Phil Whitchurch" <_phil@..._
(mailto:phil@...) >

Hi there

There appears to be some confusion and incorrect QSL routing information
in circulation for the operation from 9M6LSC between 6th and 12th March
2008.

9M6LSC is a club station and this operation was by Brian, G4ODV aka
5B4AIZ.

QRZ.com lists the QSL route as being via JN1WTK, which is incorrect.

Some sources list G4ODV and even G4OBK as the QSL route.

The correct route for this operation *ONLY*is via G3SWH.

See www.g3swh.org.uk/9m6lsc.html

I'll be grateful if you can amend your records accordingly.

Bonjour
Il semble qu'il y ait quelques problèmes avec les informations QSL de 9M6LSC , entre le et le 12 mars 2008.

9M6LSC, est un club l'opérateur était Brian, G4ODV/5B4AIZ.

QRZ.com indique à tort QSL via JN1WTK,

D'autres sources indiquent G4ODV et même G4OBK .
La voie exacte est via *ONLY* G3SWH.

Voir la page : www.g3swh.org.uk/9m6lsc.html

QSL via HP1WW/OH0XX/EA4BQ
73,
Olli
HP1WW @8R1RPN
Merci le Strange Radio team.

FRANCE:
Journée Portes ouvertes au CERN. Le 6 avril 2008.
(_http://public.web.cern.ch/public/fr/LHC/LHC-fr.html_ (http://public.web.cern.ch/public/fr/LHC/LHC-fr.html)).
L'accélérateur de particules de 27 kilomètres de circonférence, le plus puissant au monde, va faire progresser la connaissance de la matière et de l'Univers.

La Journée Portes ouvertes du dimanche 6 avril 2008 sera votre unique et dernière chance de voir le LHC et ses expériences. Vous pourrez non seulement

visiter les installations en surface, mais aussi descendre sous terre pour voir l’accélérateur et les cavernes qui abritent les expériences. La plupart des points d’accès à l’anneau seront exceptionnellement ouverts (http://lhc2008.web.cern.ch/LHC2008/) et pour cet événement exceptionnel, le CARC (CERN Amateur Radio Club - indicatif F6KAR) que vous pourrez également visiter à cette occasion, activera l'indicatif spécial TM8LHC (TM8 Large Hadron Collider) du samedi 5 avril au dimanche 6 avril 2008 et ceci sur toutes les bandes et en tous modes.

Un carte QSL spécial sera éditée pour cette événement.
QSL via bureau ou F6KAR

HAITI, fin de séjour pour Yannick

Bonjour,

Après plusieurs mois passés à Haïti pour raisons professionnelles, Yannick
HH2FYD/F6FYD est passé en QRT hier 23 mars à 21:00 UTC et a déjà démonté ses
antennes.
Il décolle de Haïti mardi matin et sera de retour à son QRA mercredi
après-midi.

Ses logs pour HH2FYD et HH2FYD/6 (île à Vache) sont complets et à jour sur
sa page Web à :
http://www.cdxc.org/dxp/2007-HH2FYD/hh2fyd-fr.htm

Son activité FJ/F6FYD à Saint-Barthélemy se trouve à :
http://www.cdxc.org/dxp/2008-FJ-F6FYD/fj-f6fyd-fr.htm

Les demandes de cartes QSL sont à adresser à F6FYD via le bureau du
REF-Union ou en direct.

73's Rafik

6919. M5AAV QSL INFORMATION - SK

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-25 17:14:37 UTC
From: K1XN
Topic: 6919 Message: 6919

Hello Folks,

Sad News has been received via John 9M6XRO, that Graham Ridgeway M5AAV, went Silent key in hospital this morning. (Zulu time).

Graham was a very efficient QSL manager and well respected around the world.

New QSL details for G3OOK, GM3OOK, 9M6XRO and all other callsigns used by John, will be forwarded when known.

Graham was John's QSL Manager for almost 3 years and everyone had a good word for him in that capacity. Over that period John made about 75,000 QSOs and Graham kept on top of the QSLing right to the last. In fact he was only recently discussing the 9M6XRO/P QSL printing for John's OC-133 operation from Labuan on the 16/17th of this month.

Another nice chap gone to the big radio club in the sky!.

Vy 73 to all

Hmmmm... looking at the DX summit spots, it appears that JX4A's RTTY transmissions went silent about 90 minutes before SM1YA's RTTY transmissions began. Coincidence?

Hi folks
UK
EU-120 canceled
From Chris G0DOL.
sorry my friends but due to ill helth our holy island trip in canceled so no eu120 and very best to all 73s de chris m0dol
We wish Chris a complete quick recovery.

From the FISTS :

Hello All.

GXØIPX (FISTS#1) will be active during April from the QTH of G3VVP.
Plymouth.
England.

For members working towards awards/participatinFor members working towards awar
The call is worth 5 points.
(Exception the WARC activity where its worth 3 points)

Good hunting.

Just a short heads-up on the Buzz Aldrin special event station GB0BUZZ.
(See _http://www.pdars.http://wwwhttp://www._
(http://www.pdars.com/pages/buzzaldrin/) for more information.

Today:
We'll be on the air from 10h00 and I intend to begin listening/calling on 80m around 3.525. QSY to 40m (depending on 80m traffic) later.
There's no internet access available to us at the station site, so there will be no further updates posted, sorry.

The station will be active again from 18h00 until 20h00 this evening (no details yet) and tomorrow, mostly SSB. On Friday we hope to be back on 80m and 40m CW from 11h00 until 14h00.

There is a commemorative GB0BUZZ QSL card for QSOs; reports from SWLs will be especially welcome.

73

>From the CQ Newsroom ...

Update: Kosova (Kosovo) Added as Multiplier for CQWW DX Contests / CQ DXMarathon

The Worked All Europe (WAE) award committee of the Deutsche Amateur Radio Club (DARC) has voted to add Kosova (Kosovo) to the WAE country list. The CQ World Wide DX Contests and the CQ DX Marathon both use a combination of the DXCC and WAE lists as the basis for their country lists.Therefore, Kosova will now be considered a separate entity for both the CQ DX Marathon (effective February 17,
2008) and for the CQ WW DX Contests, beginning with the CQWW RTTY DX Contest on September 27-28,2008.

CQ previously announced that it was accepting Kosova as a separate entity for award credit, as of February 17, 2008.

ZS8T ? Marion Island

ZS8T - The Journey Begins

Posted: 26 Mar 2008 11:27 AM CDT

March 26, 2008 - Destination: Marion Island.

Within the past few minutes, Press Officer ZS6DXB has informed the team that Petrus ZS6GCM is onboard the SA Agulhas (South Africa's polar research vessel). The vessel will be going straight to Marion Island.

Depending on weather, Petrus could be on Marion in as short as five days. However, should the weather deteoriate, there is a fair chance landing on ZS8 could be delayed. The support team will keep you updated as best we can on this. You may like to join us by following the progress of the SA Agulhas

Petrus, ZS8T/mm boarding the ship

We'd like to remind you that once Petrus is on ZS8, it will take approx three to four weeks before any radio equipment is used. This is due to a changeover time in working patterns and general settling in on the island.

I.C.P.O. Bulletin (March 27 - April 04, 2008)
Islands, Castles & Portable Operations
Listing is by calendar date (day/month/year)
==========

* The April 5th trip to Holy Island/Lindisfarne (EU-120) by Chris M0DOL has been canceled due to ill health. We wish Chris a complete quick recovery.

24/03/2008: Eddy, K5WQG will be QRV from Placencia, Belize, March 24th through April 3rd as V31MR, including and entry in the CQWW WPX SSB Contest. Look for activity outside the contest on CW, RTTY and SSB. QSL via LoTW. QSL manager is N5ET for paper cards. [QRZ.com]

27/03/2008: Filip/ON4AEO and Kath/ON7BK together with radioclub Secunda members Gert/ZS6GC, Sid/ZS5AYC, Lucas/ZS6ACT, Tom/ZS6TMO, Adele/ZR6APT, Edwin/ZS5BBO, Janet/ZS5JAN, Steffi and Elna will be QRV from the Katse Dam in the Kingdom of Lesotho as 7P8FC between March 27 and April 3, 2008. Expected frequencies are: SSB - 1.845, 3.780, 7.063, 14.185, 18.136, 21.290, 24.930 and 28.490 MHz; RTTY - 3.590, 7.040, 14.084, 18.104, 21.084, 24.924 and 28.084 MHz; and PSK - 7.038, 14.072, 18.102, 21.072, 24.922 and 28.122 MHz. The QSL route is via ON4CJK, direct or bureau. Further information and updates available at: www.7p8fc.be/index.htm [NG3K]

27/03/2008: Steve, 9M6DXX will operate as 9M8Z from Sarawak, East Malaysia, March 27-30th, including a SOABHP entry in the CQ WW WPX SSB Contest. QSL via 9M6DXX (Steve Telenius-Lowe, WDT 527, 88905 Kota Kinabalu, Sabah, Malaysia). [425 DX News]

27/03/2008: Svein, LA9JKA (JX9JKA) will be "very active" from Jan Mayen (EU-022, Grid IQ60) from March 27th through October 8th. He plans to operate SSB and digital modes on 160m-70cm, plus 2m EME. QSL via home call. [F5NQL]

27/03/2008: Operators Kuny/W1FPU (7L1FPU), Satoshi/N2QP and Masashi/KH0TL will be active as homecall/p from Saipan, Northern Mariana Islands (OC-086) from March 27th-31st. They will also participate in the CQWW WPX SSB Contest (March 29-30th) as AH0BT, a Multi-Single or Multi-2 entry. QSL KH0/N2QP direct, with SAE and 1 IRC or 1USD (Satoshi Kouya, 2-7-5 Iwamoto-cho, Chiyoda, Tokyo 101-0032 Japan). QSL KH0/W1FPU and AH0BT via 7L1FPU, direct or bureau. QSL KH0TL via 7L1FFH, direct or bureau. [NG3K]

27/03/2008: Luciano, CT1HHP will be active again as S92FM from Sao Tome (AF-023, WLOTA LH-1223) from March 27th to April 2nd. He plans to operate mainly RTTY and PSK31, and to give 60 metres a try. QSL via home

call. [425 DX News]

27/03/2008: Dave, W5CW will be active March 27th to April 9th as VP5/W5CW from the VP5JM 'Hamlet' on Providenciales (NA-002), Turks & Caicos Islands, including a Single-Op/All-Band entry in the CQWW WPX SSB Contest (March 29-30th) using the special call VQ58V. Outside the contest Dave will be QRV 160-6m (including WARC bands), using CW and SSB. On 6m he will use a M2 7 element yagi at 30 feet (Grid FL31VS). All QSLs via W5CW. [NG3K]

27/03/2008: Operators Trent/VK4TI, Tony/VK3TZ and Laurie/VK4VCC will be active as YJ0AX from Vanuatu, New Hebrides (OC-035) between March 27th and April 2nd, including a Multi-Two entry in the CQWW WPX SSB Contest (March 29-30, 2008) as a Multi-2 entry. QSL via N3SL. [NG3K]

28/03/2008: Operators BV8BC, BV8BQ, BV8SE and BX8AD will be active March 28-31st as BV9O from Orchid Island [Lan Yu] (AS-155, also count for WLOTA LH-0626). QSL via BV8BC. [425 DX News]

28/03/2008: Gwenael, F4EFI reports that Guildas, FT5XR will be in Port aux Francais, Kerguelen Island (AF-048, DIFO FT-011, WLOTA LH-0439) the morning of March 28th. "He must be present on 40m from the morning to begin. He hopes have the propagation." QSL via F4EFI, direct or bureau. [F4EFI]

28/03/2008: Michel/F6GWV and Gildas/F6HMQ will be active as TO6T from Guadeloupe Island (NA-102, DIFO FG-001, WLOTA LH-0644) between March 28th and April 8th. QSL via F6HMQ. [425 DX News]

29/03/2008: Gianni, I1UWF will be active as 3A/I1UWF from Monaco on March 29th. Look for him around 18140 khz and 14240 khz between 1400 and 1700 UTC. QSL via home call. [425 DX News]

29/03/2008: Gia, 4L4WW will be active from Obcha, Georgia, as 4L0A during the CQWW WPX SSB Contest as a Single-Op/High-Power entry. No bands were mentioned. QSL via EA7FTR. [NG3K]

29/03/2008: Operators Stefano/IK2QEI, Matt/IK2SGC and Saaid/CN8WW will be active from the Kingdom of Morocco as 5D5A during the CQWW WPX SSB Contest as a Multi-Single entry. QSL via I2WIJ, direct or bureau. [NG3K]

29/03/2008: Operators David/KY1V, John/K6AM and Scott/W4PA will be active from Hopewell, Jamaica (NA-097, WLOTA LH-0214) as 6Y1V during the CQ WW WPX SSB Contest as a Multi-Single entry. QSL via OH3RB, direct preferred but bureau ok. [OPDX Bulletin]

29/03/2008: Olli, OH0XX/HP1WW, will be active as 8R1K during the CQ WW WPX SSB Contest as a All-Band/High-Power entry. QSL via HP1WW/OH0XX/EA4BQ, direct or bureau. [OPDX Bulletin]

29/03/2008: Wolfgang, OE1WWL will be active March 29-31st as 9V1OE from Singapore (AS-019). Expect activity on all bands. QSL via home call, direct or bureau. [RSGB IOTA]

29/03/2008: Siggi/TF3CW, Jorma/OH2KI, Ville/OH2MM, Marko/OH6DO, Vilho/OH2ZZ, Manuel/EA8ZS, Pekka/EA8AH and Juan/EA8CAC will be active from Gran Canaria Island (DIE S-005 for the Spanish Islands Award, WLOTA LH-0969), Canary Islands (AF-004), during the CQWW WPX SSB Contest as a Multi-Multi entry. QSL via EA8AH, direct or bureau. [NG3K]

29/03/2008: The ART Team (Amateur Radio Taipei) will be QRV from the QTH of BU2AQ located in Taipei, Taiwan R.O.C. (AS-020, WLOTA LH-0022), for the CQWW WPX SSB Contest as a Multi-Multi entry. Operators mentioned are Tung-Ying/BU2AQ, Eddie/BV2DD, Bruce/BV2KI, Evan/BV2KS, Lee/BV2NT, Tang/BM2AAV, James/BX2AAM and Tall/BX9AAA. QSL direct to BV2KI (P.O. Box 84-609, Taipei, Taiwan). [NG3K]

29/03/2008: Look for BP0W to be QRV from Tainan, Taiwan R.O.C. (AS-020, WLOTA LH-0022), for the CQWW WPX SSB Contest. Operators include BX6AP, DS1RDJ, DS4NMJ and JP6VTI. QSL via BX6AP. [NG3K]

29/03/2008: Hart, DL7BC will be active from Morocco as CN2BC during the CQWW WPX SSB Contest (March 29-30th) as a Single-Op/All-Band entry. QSL via DL7BC. [NG3K]

29/03/2008: Look for Jim, W7EJ to be QRV as CN2R from Morocco during the CQWW WPX SSB Contest (March 29-30th) as a Single-Op/Single-Band (20m) entry. WARC and maybe EME before the test. QSL via W7EJ. [NG3K]

29/03/2008: Helmut, DF7ZS will be active from Santana, Ilha da Madeira (AF-014, DIP MA-001 for the Portuguese Islands Award, WLOTA LH-0053) as CS9L (or CT9L) during the CQWW WPX SSB Contest (March 29-30th) as a Single-Op/High-Power entry. He is also planing some pre and post contest operation, if time permits, as CT3/DF7ZS. QSL via home call, direct or bureau. [NG3K]

29/03/2008: Operators Jose/CT1ENQ and Paulo/CT1ETE will be active as CT7X during the CQ WW WPX SSB Contest as a Multi-Single/Lower-Power entry. QSL via CT1ENQ. [OPDX Bulletin]

29/03/2008: Operators Cho/DS5TOS, Ho/6K5WOB, Si-yeul/6K5XYB, Ha/6K5XQE, Bae/6K5YPD, Kenny/6K5YOQ and Tai/DS2NMJ will be active as D73D during the CQ WW WPX SSB Contest from Daego City, Korea. QSL Manager is DS5TOS. [OPDX Bulletin]

29/03/2008: Operator Emir/OE1EMS and a team will be active as E77DX during the CQ WW WPX SSB Contest as a Multi-2 entry. QSL via OE1EMS (QSL also is "OK" via T98U). [OPDX Bulletin]

29/03/2008: Look for Jorge, EA9LZ to be active from Ceuta during the CQWW WPX SSB Contest as either EA9LZ or EE9Z, a Single-Op/All-Band entry. QSL via EA9LZ (QRZ.com). [NG3K]

29/03/2008: Members of the RZS Amateur Radio Club (W2RZS) are currently finalizing plans to operate from the new DXCC entity of St. Barthelemy (NA-146, DIFO FJ-001, WLOTA LH-0377) for the upcoming CQ WW WPX SSB Contest (March 29-30th). The W2RZS team will tentatively consist of Bob/WB2NVR, Mike/WA2VQW, Bob/N2DVQ and Adam/N2DHH. They will be

concentrating on 160m and the 30/17/12 meter bands before and after the contest, and of course operate 80/40/20/15/10 meters during the contest. Mike/WA2VQW reports, "Our antennas will be the same as we have been using for our three previous J75 DXpeditions. We hope to get as many of you in our log as possible during our 7 day stay. Please don't hesitate to give us a call, we will look for the 'weak ones' and the MOBILES!" [OPDX Bulletin]

29/03/2008: Operators Edwin/HI3K, Tino/HI3CCP and Dani/EA4ATI will be active as HI3C from Lomas del Toro (Lomadeltoro Contest Team's HI3CCP station) in Santiago, Dominican Republic (NA-096, WLOTA LH-2974) during the CQ WPX SSB Contest as a Single-Op/All-Band/Low-Power entry. QSL via ON4IQ. [OPDX Bulletin]

29/03/2008: Ted, HI3TEJ will be active as HI3T from the Dominican Republic (NA-096, WLOTA LH-2974) during the CQ WPX SSB Contest as a Single-Op/All-Band/Low-Power entry. QSL via ON4IQ. [OPDX Bulletin]

29/03/2008: Dan, HR2DMR will be QRV as HQ2W for the CQ WPX SSB Contest from Honduras, using mono-band yagis, as a Single-Op/All-Band/High-Power entry. QSL via HR2DMR. [NG3K]

29/03/2008: The TEN-FIFTY Contest Group will be active as IO5O during the CQ WW WPX SSB Contest as a Multi-Single entry. Current operators mentioned are: IK5ROS, IK5RLP, IK5YJY, IK5EBL, IZ5EKV and IZ5EME. QSL via IK5RLP, direct or by the bureau. A real-time log, audio and video feeds will be available at www.ik5ros.net [OPDX Bulletin]

29/03/2008: Operators Marcello/IT9ABY, John/IT9DQM, Sal/IT9HUV and Joe/IT9RBW will be active as IR9Y from Sicily (EU-025, IIA SC-001, MIA MI-107, WLOTA LH-1362) during the CQ WPX SSB Contest (March 29-30th) as a Multi-Single entry. QSL via IT9ABY. [OPDX Bulletin]

29/03/2008: Naran, JT1BV will be active from Ulaanbaatar, Mongolia, in the CQ WPX SSB Contest (March 29-30th) as a Single-Op/All-Band/High-Power entry. QSL direct only (QRZ.com). [NG3K]

29/03/2008: Look for Philippe, LX2A to be active from Luxembourg as LX7I during the CQ WPX SSB Contest as a Single-Op/All-Band entry. QSL via LX2A. [NG3K]

29/03/2008: Members of the Cray Valley RS will be active as M8C during the CQ WW WPX SSB Contest as a Multi-? entry. QSL via G4DFI. [OPDX Bulletin]

29/03/2008: Koji, JL3RDC will be signing NH0DX from the Northern Mariana Islands (OC-086) during the CQWW WPX SSB Contest (March 29-30th). No entry category was given. QSL via home call (QRZ.com). [NG3K]

29/03/2008: Frans, ON4LBN/p will activate the Castle of Crevecoeur (BCA reference NM-018, for the Belgium Castles Award), located at Bouvigne (Dinant) on March 29th. Look for activity mainly on 80 and 40 meters.

QSL via home call, direct or bureau. [ON4LBN]

29/03/2008: Operators Alex/RW4WR, Dima/RX3DCX and Harry/RA3AUU will be active from the island of Cyprus (AS-004, MIA MCI-002, WLOTA LH-0051) as P33W for the CQWW WPX SSB Contest as a Multi-Single entry. QSL via RA3AUU. [NG3K]

29/03/2008: Geoffrey/ON6JK, Hugo/ON4CF, Michel/ON8MP, Geert/ON7GF, Dirk/ON7DS and Alfons/ON4AWT will be active as PA/homecalls from Schouwen Duiveland (EU-146) and the West Schouwen lighthouse (ARLHS NET-029, WW Loc. JO11UQ) between March 29th and April 4th. They plan to operate CW, SSB and PSK on the HF bands, and possibly on 6 and 2 metres as well. QSL via home calls. [425 DX News]

29/03/2008: Operators Bill/SV5AZP, Panos/SV5AZK, Mike/SV5DDP, Steve/SV5DKL, Stelios/SV5DZR, Giota/SV5FRB, Denis/SV5FRD, Sarris/SV5KJC and Yannis/SV5KKJ will be signing SX5P during the CQWW WPX SSB Contest from Rhodes [aka Rodos] Island (MIA MGD-028, LH-0045), Dodecanese Islands (EU-001) as a Multi-Multi entry. QSL via SV5FRD, direct preferred but bureau ok. [NG3K]

29/03/2008: Operator Urcun, TA0U, will be active during the CQ WW WPX SSB Contest as a Single-Op/Single-Band (20m) entry. QSL direct to TA0U. [OPDX Bulletin]

29/03/2008: Yasar, TA3D, will be active from Turkey as TC3D during the CQ WW WPX SSB Contest (March 29-30th) as a Single-Op/All-Band/Low-Power entry. QSL via TA3D. [OPDX Bulletin]

29/03/2008: Look for operators Huda/TA7OM, Ayhan/TA7N, Mustafa/TA2MW and others to be QRV from Turkey as TC7KA during the CQ WW WPX SSB Contest as a Multi-Single entry. QSL via TA7KA (QRZ.com). [NG3K]

29/03/2008: Chris, FM1II and group will be active as TO1C during the CQWW WPX SSB Contest from the island of Martinique (NA-107, DIFO FM-001, LH-1041). They also plan to be active for 15 days after the contest. QSL via ON4IQ, direct preferred but bureau OK. [NG3K]

29/03/2008: Al, F5VHJ will be QRV as a Single-Op/All-Band/High-Power entry in the CQWW WPX SSB Contest using the call sign TO5A from the island of Martinique (NA-107, DIFO FM-001, LH-1041). QSL via F5VHJ. [NG3K]

29/03/2008: Nobby, G0VJG will once again be QRV as V25V from the V26B super station at Gunthroppes, Antigua Island (NA-100, LH-1118) as a Single-Op/High-Power entry during the CQWW WPX SSB Contest. QSL via G4DFI, direct only. [NG3K]

29/03/2008: Gordon, N5AU will be QRV as VP2E from the island of Anguilla (NA-022) during the CQWW WPX SSB Contest as a Muti-Single entry. He will be testing some new antennas. QSL via N5AU, direct only. [NG3K]

29/03/2008: Operators ZL2AL, ZL2ST, ZL2LF, ZL2FAR and ZL2QM will be active from the north island of New Zealand (OC-036, WLOTA LH-0069) as ZM2M during the CQWW WPX SSB Contest as a Multi-2 entry. QSL via ZL2AL. [NG3K]

29/03/2008: Members of the Orari Kebayoran Radio Club will activate their club station YB0ZDA during the CQ WW WPX SSB Contest as a Multi-Op/All-Band (no 160m) entry. Operators mentioned are Fan/YB0AI, Anna/YE0ANA, Rani/YC0UI, Kar/YB0NDT, Pri/YB0ECT and Gus/YB0MJY. QSL via YB0ZDA, direct or by the bureau. [OPDX Bulletin]

29/03/2008: Adhi, YB3MM will be active as YB3MM/9 from Menjangan Island (OC-022), Indonesia, during the CQWW WPX SSB Contest as a Single-Op/All-Band/Low-Power entry. QSL via IZ8CCW, direct or bureau. [F5NQL]

30/03/2008: Franck F4DBJ, will be active March 30th to April 17th as 5R8HT from Ivato, Madagascar (AF-013, also count for LH-2455). Look for activity 80-10m holiday style. He also plans to be active from Nattes Island (AF-090, LH-0100) as 5R8HT/p. QSL via home call. [F5NQL]

01/04/2008: Slavo, SP2JMB reports he will operate mostly CW as 3B9/SP2JMB from Rodrigues Island (AF-017) between April 1-8th and 3B8/SP2JMB from Mauritius Island (AF-049) between April 9-24th. QSL via home call. [425 DX News]

01/04/2008: Look for Nobby, G0VJG to be active from the island of Montserrat (NA-103, Grid FK86), April 1-3rd, as VP2MAD. QRV on all HF bands, plus 6m, SSB only. QSL via G4DFI, direct only. [NG3K]

03/04/2008: Retu, OH4MDY will be active as XU7MDY from Sihanouk Ville (Kompong Som), Cambodia, April 3-14th. Activity will be on the HF bands using CW, SSB and various digital modes. QSL via OH4MDY, direct only. [OPDX Bulletin]

04/04/2008: Orrin, K9KEJ will be active again from the jungle in eastern Costa Rica from April 4-11th. He will operate as TI6/K9KEJ mostly on 20 meters, with some 17 and 15m activity at scattered times. QSL via home call. [425 DX News]

04/04/2008: Kirk (ITAYA, WE8A, JF3MYU) will be QRV as WE8A/KH2 April 4-5th from the island of Guam (OC-026, USi GU-003S, LH-0064) on 80-12m SSB with some CW. QSL direct only to his JA address: Kirk Itaya, 5-1-35, Daikaidori, Hyogo-ku, Kobe, 652-0803, JAPAN. [NG3K]

Be sure to check Bill's (NG3K) Web site for updated CQWW WPX SSB Contest activity at: ng3k.com/Misc/wpxs2008.html
==========
LOOKING AHEAD -

05/04/2008: Look for Rick, KI4QFE/p to be active April 5th from Dauphin Island (NA-213, USi AL-002S, Mobile County), Alabama. QRV 20 meters only from 1400 UTC. QSL via home call. [RSGB IOTA]

11/04/2008: Special call sign OT7G will be aired April 11-13th, starting Friday 1400 UTC non stop until Sunday 1400 UTC from the Castle De Ghellinck (BCA reference OV-032, WW Loc. JO10ST), Elsegem, Belgium. QRV using CW, SSB and some digital modes on 20, 15 and 10m with 3 element fritzel, 40m with vertical and 100 radials, 80m with vertical and 100 radials, dipole inverted V for 40m and 80m. Perhaps 160m dipole, 2m FM and ATV. QSL via ON4MRX, bureau or direct (P.O. Box 15, Anzegem 8570 WV, Belgium) with SAE and 1 IRC. For Belgium members SAE and stamp. SWL cards welcome. [F5NQL]

14/04/2008: Stefan, DF8HS will be active from Langeland Island (EU-172, DIA FY-019, WLOTA LH-0590) as OZ/DF8HS from April 14-26th. QRV 80-10m using SSB, RTTY and PSK. QSL via home call. [RSGB IOTA]

17/04/2008: Ray/K9DUR and Pam/KC9JMA will be homecall/p from Dauphin Island (NA-213, USi AL-002S, Mobile County), Alabama, from April 17-22nd. Look for activity on the usual island and IOTA frequencies. QSL via home call, direct or bureau. [RSGB IOTA]

24/04/2008: Noantri DX & Contest team members Andy/IZ0EHO, Vincenzo/IZ0FKE and possibly others will be active as IE9N from Ustica Island (EU-051, IIA PA-001, MIA MI-116, WLOTA LH-0848) between April 24th and May 1st. QSL via IZ0FKE, direct or bureau. [RSGB IOTA]

17/05/2008: Eddie/VK4AN, his son Raj/VK4FRAJ and others (pending) plan to be active from Malolo Lailai Island, Mamanuca Group (OC-121) as 3D2ET from May 17-31st. QRV 160-6m using CW, PSK31, RTTY and SSB. Focus will be on digital modes and the WARC bands, plus an entry in the CQWW WPX CW Contest (May 24-25th) as 3D2A. QSL via VK4AN, direct/bureau/LoTW. Assistance and Supporters appreciated - work to get Photo QSL posted direct from the Island. [NG3K]

17/05/2008: Look for J.Louis, F4EWU/p to be active May 17-18th from the Castle musee of Tournon Sur Rhone (first time activation), Department Ardeche/07, Province of Rhone-Alps (DPF 22). QRV in HF and VHF. QSL via home call, direct or bureau. [F4EWU]

20/05/2008: Look for Kent, SM5ELV to be QRV May 20-21st from Kuuskajaskari (EU-173) using the call sign OH1/SM5ELV. He is there on a business tour, so activity will be in his spare time. QSL via home call, direct or bureau. [RSGB IOTA]

24/05/2008: A Mini Dxpedition to Piel Island (EU-005) by members of the CQ CQ Portable Group, UK, will take place May 24th and 25th using the special call sign GB0PIA. Operators include John/M0JFE, Ian/2E0EDX, Brian/2E0OYG, Nathan/2E0OCC, Greg/2E0RXX, Sean/2E0BAX and Liam/M3ZRY. They plan to be QRV 160m-70cm (no 30m). Of course band conditions will determine which will be used. Equipment will consist of FT817 rigs with 80w linear for HF and various antenna systems. Various radios for 2m, 6m and 70cm, with beams and verticals. On 6m they will monitor 50.150 USB and 51.500 USB. On 2m the frequencies will be 145.500 and 144.300 USB. The 70cm frequency will be 433.500 MHz. Piel Island lies half a mile (1 km) off the southern tip of the Furness Peninsula in the administrative

county of Cumbria (WW Loc. IO84JB, WAB square SD26). Further information and updates, can be found at: www.hamuniverse.com/pielislanddxpedition.html [M0JFE]

27/05/2008: Tomas, LY1F will be QRV May 27-29th from Macau as XX9xx (TBA). This will be irregular holiday style operation, mainly CW on the higher bands. QSL route to be confirmed later. [NG3K]

19/06/2008: Tomas, LY1F will be QRV June 19-21st from Hong Kong as VR2/VK2CCC. This will be irregular holiday style operation, mainly CW on the higher bands. QSL route to be confirmed later. [NG3K]

==========

SPECIAL EVENTS -

24/03/2008: Pontefract & District Amateur Radio Society are running special event station GB0BUZZ from March 24-30th. The station marks the visit of astronaut and moon walker Buzz Aldrin to Pontefract on Sunday, March 30th. Colonel Aldrin is giving a presentation at Carleton High School during the evening. The station should be on the air daily on 80m and 40m HF amateur bands and on 2m VHF. Other bands depend on availability of operators and band conditions. There is a commemorative GB0BUZZ QSL card for QSOs; reports from SWLs will be especially welcome. Further information can be found at: www.pdars.com/pages/buzzaldrin/ [M0JRQ]

28/03/2008: The past fifteen years have witnessed the emergence of new challenges in the security environment. As a result, the frequency of NATO summit meetings has increased. From the founding of NATO until 1990 - over forty years - there were ten summit meetings. The following sixteen years saw eleven more. In total, twenty-one summit meetings have taken place. Between April 2-4th, the next summit meeting will in Bucharest, Romania. To mark this event, look for special event station YO22NATO to be on the air between March 28th and April 9th. Activity will be on all bands and different modes. QSL via YO3KAA, direct (QRZ.com) or bureau. [OPDX Bulletin]

28/03/2008: Special event stations G0RFC from Cornwall and G3RAF from Devon will be aired between March 28th and April 6th as part of the RAFARS celebrations. QSL via the RSGB bureau. [Pete's-DX-Newsdesk]

29/03/2008: Members of the Radio Club "Varazdin" (9A1HDE/9A7A) will be active as 9A60A from March 29th to December 31st to celebrate the 60th anniversary of their Radio Club. First activity is scheduled to take place during the CQ WW WPX SSB Contest (March 29-30th). QSL via 9A7A, direct or by the bureau. [OPDX Bulletin]

29/03/2008: The French Department "Ville de Paris" was created on January 1, 1968. To celebrate the 40th anniversary, the Radio-Club de Paris (F6KVP) will be active under five special event call signs between March 29th and June 7th as follows: March 29-April 12 as TM2I; and May 24-June 7 as TM7S. QSL via F6KVP. Information on the relevant award can be found at: arp75.free.fr/ [425 DX News]

01/04/2008: Special event station 8J1KID will be aired between April and May 5th to celebrate "Activating Amateur Radio among Our Juniors". QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/04/2008: Special event station 8J7OZE will be aired between April 1st and September 30th to commemorate "The Birth of Oze National Park". Opened on August 30, 2007, the park is an area consisting of wetlands and mountains in Chubu, Japan. The park's area includes the marshes and the mountains in the Oze area, formerly part of the Nikko National Park, and other nearby areas including the Aizu-Komagatake and Tashiroyama mountains. The park is 37,200-hectares in area and includes parts of Fukushima, Tochigi, Gunma and Niigata prefectures. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/04/2008: Special event station 8J8HTS will be aired between April 1st and July 9th for the G8 Hokkaido Toyako Summit. This activity will be from the other seven branch areas, excluding Iburi-Hidaka-branch (which includes Toyako), under the JARL Hokkaido-district. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/04/2008: Special event station 8N1300WD will be aired between April 1st and October 31st for the 1300th anniversary of the discovery of native copper in Japan (or Wado), which was consecrated to the Emperor at that time (708AD). QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/04/2008: The ISWL Club Callsigns in use during April 2008 will be:
GX4BJC /A - Operated from Ivybridge, in Devon, by Peter - G4VFG. (WAB Square = SX65-DVN & IOTA = EU-005).
MX1SWL /A - Operated from Bagulay, Near Manchester, by Ron - G6BMY. (WAB Square = SJ88-TRA & IOTA = EU-005).
The ISWL's WAB Book numbers are: 16316 and 16724.
All QSL Info is on www.iswl.org.uk or www.qrz.com or via www.eQSL.cc
NO LOTW!
ISWL Awards are available to all Hams and SWL's - see www.iswl.org.uk for full details.
eQSL.cc cards ARE accepted for our awards. [Pete's-DX-Newsdesk]

01/04/2008: The RAF was formed on 1st April 1918 and RAFARS will be celebrating this 90th anniversary. GB90RAF will be on air from our Cosford HQ from 0800z to 2000z on Tuesday April 1st.
"2008 is also the 70th anniversary of the year when CARTS (Cranwell Amateur Radio Transmitters Society) became the RAF wide RAFARS and the G8FC licence was issued as the Voice of the Society so the Society's aim is for a major on-air presence to mark all those special anniversaries. On 1 April 2008, we will attempt to activate every RAF, RFC & FC callsign we have plus every GB-RAF SES we can get. In addition all the Area Callsign holders, affiliated Clubs and ATC formations are invited to participate. We hope to plan something similar in combination with RAF Cosford Air Show on June 1st which has the 90th anniversary as its theme. Confirmed participants for 1 April 2008 (those that are also AOTA activations will say so on-air on the day): GB90RAF and G8FC / G8RAF from RAF Cosford (RAF celebration); GB70RAF from Dorset (RAFARS

celebration from 28 March to 6 April); GM3RAF from RAF Kinloss for 1 April; G3RAF from Devon 28 March to 6 April except 1 April; G0RFC from Cornwall about 28 March to 6 April; GB0RAF from North East Aircraft Museum (Middleton); GB1RAF from a WW1 airfield north of the Humber; GB2RAF from RAF Neatishead; 2E1RAF from Cumbria; G0RAF from Lincoln (RAF Waddington Club); GB2AIR from Doncaster Aircraft Museum (previously RAF Doncaster and site of first European aviation meeting in 1909); G7RAF from Lincolnshire; G3TCQ from South Yorkshire; G3JDY from East Yorkshire; G3HWY from West Yorkshire; G3EKT from North East; G3PSG from Marske by the Sea RFC & RAF Gunnery School (formerly in North Yorks); G4PSH/p from Stalham Norfolk Air Cadets; M0KAC from Cumbria (Kendal Air Cadets); C/S TBN from Ronaldsway, Isle of Man; and several other area calls are expected. Sad to say G1RAF AND G6RAF are not available for April. We hope for a very special QSL Card for GB90RAF, but for the rest of the Society Stations we plan an individualised card with a common Picture / layout. QSL management - There is no formal leader for this event because we expect many variations and we want everyone to have their best shot and have a fun day. However, if you need a contact - G0DAM Bob is QTHr QRZ. [Pete's-DX-Newsdesk]

01/04/2008: The FISTS CW Club's special call GX0IPX (FISTS #1) will be active during the month of April from the QTH of G3VVP located in Plymouth, England. For members working towards awards/participating in EU sponsored activities etc., the call is worth 5 points. (Exception the WARC activity where its worth 3 points). QSL via M0CDL. [M0BPT]

03/04/2008: The Radio Club of Raismes Arthur Musmeaux (F5KAZ) will animate a holiday for the students and staff of the University of Valenciennes on April 3, 2008. Club members will be active using the special call sign TM0FAC on HF on 20, 40 and 80 meters and on VHF on the adjoining repeaters. For each QSO special QSL card will be sent. [UBA HF News]

05/04/2008: France Special event - Open doors at the Cern (European Research Center for Nuclear) April 6th 2008 0700 to 1700 utc. The ARS F6KAR will be on the air using the TM8LHC (TM8 Large Hadron Collider) callsign on April 5 & 6th, all HF bands and more, all modes. Web: cern.ch/f6kar [MMMonVHF]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html

(516) 681-2922 / w2vu@...

FOR IMMEDIATE RELEASE: March 21, 2008

Kosovo Added to CQ DX Awards Country List Effective 2/17/08

(Hicksville, NY) March 21, 2008 -- Kosovo is being added to the list of countries and territories recognized for CQ DX awards, effective immediately, CQ DX Awards Manager Billy Williams, N4UF, announced today.

Verifications for contacts made on or after February 17, 2008 are acceptable for CQ DX Award credit. CQ DX Honor Roll members with 335 or more credits should update by May 31st for highest placement in Honor Roll listings.

The new 339 entity maximum will appear on CQ DX Honor Rolls to be prepared in early June. CQ DX Honor Roll listings prepared in early April will be based on a 338 maximum count.

All Kosovo contacts will count for field KN on applications for the CQ DX Field Award.

Kosovo's status has been the subject of some controversy in the amateur radio community as well as the world community, as the ARRL declared that special operations from there on February 17 will count as Serbia, not Kosovo, in terms of DXCC credit. The United States and many European countries immediately recognized Kosovo's independence. However, Russia and China are opposed to it and Russia has threatened to veto any U.N. action to recognize Kosovo as an independent nation.

"We are aware that the ARRL has not yet added Kosovo to the DXCC list," explained CQ magazine Editor Rich Moseson, W2VU. "The League says it is waiting for Kosovo to become a member state of the United Nations or be issued a callsign block by the International Telecommunications Union (ITU), a U.N. agency. However, because of geopolitical issues far beyond the realm of amateur radio, it is unlikely that the United Nations or the ITU will act on Kosovo in the near future, even though the United States and many other countries have granted it recognition."

"Because it is CQ's policy to grant credit for contacts with 'new' entities as of the date that their status changes," Moseson continued, "we have decided not to wait for U.N. action, but to follow the lead of the United States and other countries that have recognized Kosovo's independence, and to grant credit for contacts made with stations in Kosovo as of its independence day, February 17, 2008."

(NOTE: This action does not affect the country list for the CQ WW DX Contest. CQWW rules state that its country list is composed of those entities on the DXCC list and the WAE (Worked All Europe) award list. If the WAE Committee decides to add Kosovo to its list, it will automatically be added to the CQWW list.)

Notes:

KOSOVO and Contests and awards
Update: Kosova (Kosovo) Added as Multiplier for CQWW DX Contests / CQ DXMarathon

The Worked All Europe (WAE) award committee of the Deutsche Amateur Radio Club
(DARC) has voted to add Kosova (Kosovo) to the WAE country list. The CQ World Wide DX Contests and the CQ DX Marathon both use a combination of the DXCC and
WAE lists as the basis for their country lists.Therefore, Kosova will now be considered a separate entity for both the CQ DX Marathon (effective February 17,
2008) and for the CQ WW DX Contests, beginning with the CQWW RTTY DX Contest on
September 27-28,2008.

CQ previously announced that it was accepting Kosova as a separate entity for award credit, as of February 17, 2008.

Dates May 15 to 24 2008.
Le 15 au soir, petite activité exceptionnelle en IN79JX (EU 005) sur 50, 144 , 432 MHz…
Du 16 au 23, le trafic s'effectuera en IN69UV (eu 011) sur l'île Ste Marys.
Prendre contact directement avec Tony : _f8ats@yahoo.fr_ (mailto:f8ats@...)
Info on _http://f8ats.free.fr_ (http://f8ats.fre.fr/) / or on F5KEE ARC _http://f5kee.free.fr_ (http://f5kee.free.fr/) /
Costs range : For 3 ops the range is € 626/650 and for 4 ops , € 470/500 .

Hi all, do you want EU120 - Holy Island?
MM0DHQ Arthur (Chairman) and G8LGC john (Secretery) of cashota will be staying at HAGGERSTON CASTLE from April 21st to the 25th and will be using the callsign of GX4KPT which is the Club Call for CASHOTA - Castles And Stately Homes On THe Air _www.cashota.org_ (http://www.cashota.org/)
While there we are at Haggerston castle we also intend going to Bamburgh Castle. Also, Lindesfarne Castle which is on the SouthEastern tip of Holy Island EU120.
We intend being using SSB on 80, 40 and 20Metres. Hope to work you.
Regards John G8LGC

UK ISWL special callsigns :
Hello Folks,

The ISWL Club Callsigns in use during April 2008 will be:

GX4BJC /A - Operated from Ivybridge, in Devon,
by Peter - G4VFG.
(WAB Square = SX65-DVN & IOTA = EU-005).

MX1SWL /A - Operated from Bagulay, Near Manchester,
by Ron - G6BMY.
(WAB Square = SJ88-TRA & IOTA = EU-005).

The ISWL's WAB Book numbers are: 16316 and 16724.

All QSL Info is on www.iswl.org.All QSL Info is o
or via www.eQSL.cc NO LOTW.

ISWL Awards are available to all Hams and SWL's - see www.iswl.org.ISW for full details. eQSL.cc cards ARE accepted for our awards.

Vy 73 to you all.

Pete Rayer
ISWL Life Vice President
in Bournemouth, UK

GREECE – DODECANESE
The following Greek hams: SV1JG Cliff, SV1RC Spiros, SV1RP George, SV1EEX Nikiforos, SV1GRM Theodoros, SV1HER Sotirios & SV1JCZ Daniel will activate the rocky islet STROGILI (IOTA: EU-001, GIOTA: DKS 001) with lighthouse ham activation of the islet.
Lighthouse named IPSILI: WLOTA: L-0237, ARLHS: GRE-053,

All the above hams are also members of the Radio Amateur Association of Greece (_http://www.raag.htt_ (http://www.raag.org/)).

It will be the first time that this islet is going to be activated for ham purposes and so does the lighthouse "IPSILI".

The Stroggyli Kastellorizou also called Strongili or Ipsili, is a Greek islet which lies in the eastern Mediterranean Sea, about five (5) nautical miles south-east of the island of Kastelorizo. The islet is about 1.5 km long, and up to 700 m wide. It covers an area of about 0.9 km². It is rather flat and covered with macchia. Strongili is the easternmost Greek Territory. It is not inhabited, and has a lighthouse named Ispili, which has the characteristic of being the easternmost building in Greece.

Coordinates: Latitude: 36°06'49"N, or 36.1136 N ..-.. Longitude: 29° 38'09"E, or 29.6358 E

Grid square: KM46tc [Location is 7.8 mi (12.6 km) from SOUTH edge of grid square, 20.3 mi (32.7 km)from EAST edge of grid square]

Timeline 25 July - 04 August 2008.

We will be active (we hope) in all bands from 160m-2m in all modes+MS.

QSL manager: SV1HER :-)

For anything please contact SV1HER at mobile phone: +30-693-2671602 or via email: _sv1her@...1_ (mailto:sv1her@...) .&. Skype: sotirios.vanikiotis

QSL MANAGER
From: <_9m6xro@amsat.9m6_ (mailto:9m6xro@...) >

From : John - 9M6XRO

I am pleased to say that Tim (M3SDE) has agreed to take over the duties
of QSL Manager for me from Graham (M5AAV - SK).

M3SDE will therefore be QSL Manager with immediate effect for the
following calls :

9M6XRO via M3SDE
9M6XRO/P via M3SDE
9M6/G3OOK via M3SDE
A25OOK via M3SDE
XU7XRO via M3SDE

Please QSL direct or via the RSGB bureau to M3SDE. Cards received direct
with sufficient return postage will go out the same way.

M3SDE DIRECT ADDRESS :

Tim Beaumont, P.O. Box 17, Kenilworth, Warwickshire CV8 1SF, England.

Please NOTE : I do not have any QSL cards at my home in East Malaysia -
the only route is via M3SDE.

As QSL Manager it is Tim's intention to maintain the high standard set
by M5AAV. At present there are a large number of QSL cards at M5AAV's
QTH which we hope to retrieve at the appropriate time. Obviously that
cannot be done immediately and your patience is appreciated to allow
M5AAV's family time to grieve for their loss.

Thank you and 73 - John - 9M6XRO

Forwarded with 73 by
Maurice, F5NQL
DX list organizer for the Union Francaise des Telegraphistes, UFT

SYRIA
YK9G will be active in Damascus from April 9th - 15th. Two stations + amplifiers will be QRV full-time, CW only. We will have antennas for nine bands 160 - 10 metres but 40 - 17 metres will provide most openings. We will transmit on frequencies ending in '3' and always listen split, up 1-2+ KHz. According to the DX Magazine Survey YK is 18th Most Wanted Country in W6/7 so we will maximise these brief openings - however, Damascus is partly blocked in that direction.

The YK9G operators are Roger G3SXW, Nigel G3TXF, Fred G4BWP, Lionel G5LP, Rob GM3YTS. QSL via G3TXF direct, bureau, e-mail for bureau reply and LotW. See: www.yk9g.com for more details. Queries to g3sxw@... or Nigel@....

Once spotted wrongly, caused a big mess on 20m. *CS2T* has been taking part in the CQ WPX 2008 contest on 14.343.00. Somebody spotted him as CS2T/KP1 around 18:49z. The operator stated many times his location is PORTUGAL.

Well, everybody who worked this station, you better correct your log because *that wasn't KP1 at all*...

Some disgruntled jerk probably. Some of the /KP1 spots were from fake calls.

TO5RZ is St. Barthelemy, a new DXCC entity.

On your DX cluster, type SH/H TO5RZ and if the country file is
up-to-date, it will say where it is.

ZS8T ? Marion Island <http://zs8t.net>

ZS8 Mission Control: the Red Taxi has landed
<http://feeds.feedburner.com/%7Er/ZS8T/%7E3/261372709/>

Posted: 31 Mar 2008 11:25 AM CDT

Petrus, ZS8T has reached Marion Island on March 31, 2008
<http://zs8t.net/wp-content/uploads/petrusarrival.jpg>Good news for the last day of March. Thanks to suitable weather conditions, SA Agulhas (aka "Red Taxi") reached Marion Island today in the early hours without any difficulties. This means Petrus ZS8T is now at Marion Island, where this will be his QTH for at least 12 months.

We'd like to remind the current research team scheduled for 2008/2009 inc. its leader - Petrus ZS8T) is overloaded with work which has to be completed in the next few weeks. This is why *ZS8T's activity won't start earlier than end of April*.

With regards the above, please keep in mind, especially on April 1st, when false spots may hit dx-clusters leading to chaos and misunderstandings (as it already happened with previous Petrus' activity from Bouvet isl).

The beginning of ZS8T's activity will be announced only at ZS8T.net website as a confirmation you may start chasing one of the most wanted DXCC entities - Marion Island.

*we hope to have the first pictures of Marion Island (from Petrus) as soon as possible.

UPDATE: ZS8T spotted today at 16:49z on 14.255.00 was a fake of course...

SouthWest Ohio DX Association

DX Dinner

May 16, 2008

The SouthWest Ohio DX Association (SWODXA) will hold its 23^rd annual DX dinner on Friday, May 16, 2008. Each year our dinner is attended by approximately 450 of the top DXers from all over the world. Our attendees are the very DXers who create, plan, and travel to the Dxpeditions you read about, and hear, on the air.

Each year, thanks to our sponsors, SWODXA has had a drawing with prizes awarded being top-of-the-line radios, antennas, software, subscriptions, switches, and more. _We are requesting that you help support this event, with a donation of your choice._ We have a captive audience of devoted DXers, and this is a great opportunity for you to promote your product.

Each sponsor will receive a short introduction by our Master of Ceremonies before the price is awarded. The logo of each donor will be on our website for 30 days before, and 30 days after, the dinner. The website link will bring the viewer directly to your donated products web page.

In addition, we will have the logos of the donating companies scrolling continuously on three large-screen TVs while the attendees are enjoying dinner. This will enhance the generosity of your donation.

As in the past, we are offering advertising space in the dinner program. This is another excellent opportunity for you to promote your products. If you are interested in placing an ad, please contact Jay Slough, K4ZLE @ gungho@....

Advertising prices for the program are as follows:

1/3 page $ 25.00

1/2 page $ 50.00

Full page $ 75.00

The publicity at our dinner is a great opportunity for you to focus your advertising to the hams that are most interested in your products. We sincerely appreciate your donation to the SWODXA DX Dinner, and I look forward to hearing from you soon.

Hi friends
Syria:

YK9G will be active in Damascus from April 9th - 15th. Two stations + amplifiers will be QRV full-time, CW only. We will have antennas for nine bands 160 - 10 metres but 40 - 17 metres will provide most openings. We will transmit on frequencies ending in '3' and always listen split, up 1-2+ KHz. According to the DX Magazine Survey YK is 18th Most Wanted Country in W6/7 so we will maximise these brief openings - however, Damascus is partly blocked in that direction.

The YK9G operators are Roger G3SXW, Nigel G3TXF, Fred G4BWP, Lionel G5LP, Rob GM3YTS. QSL via G3TXF direct, bureau, e-mail for bureau reply and LotW. See: www.yk9g.com for more details. Queries to _g3sxw@btinternet.g3s_ (mailto:g3sxw@btinternet.com) or _Nigel@..._ (mailto:Nigel@...) .

USA:

Esther Frost, _KA4IFF - Silent Key _ (http://groups.yahoo.com/group/fistscw/message/4547;_ylc=X3oDMTJyN3RzajZvBF9TAzk3MzU5NzE1BGdycElkAzE2ODAwNzM5BGdycHNwSWQDMTcwNTA2MzEwOARtc2dJZAM0NTQ3BHNlYwNkbXNnBHNsawN2bXNnBHN0aW1lAzEyMDY4NzMyNjc-)

Esther Frost, was 91 years old and had a great CW life.

I always enjoyed hearing Esther reply to me when I was a new Ham in the 88’ies. She was so kind to suffer my bad CW transmissions. She was evern tempered and she was always encouraging me.
I, to day, miss a great friendly and the CW community a great CW lady.

Contest and DX stuffs by Bill, NG3K:

UNO, VIENNA:

Hello Bill,

On 24-25 may during the CQWPX CW contest shall we try to activate 4U1VIC from United Nations Vienna. It depends on the presence of an UN radio operator to escort us in the UN building for 48 hours. That man is on mission presently and it depends on how long he is on that mission. But he was very optimistic to be in Vienna that time.

Seven operators on a multi-2 station(ON4ACA, ON4FG, ON4IA, ON5TN, ON6QR, ON6UQ and JH4RHF) info mailto:on6uq@...
We have no Qsl info yet but will inform you as soon we have all the correct information.

73,
Thanks in advance

Marcel ON6UQ / OP1A

US VIRGIN Islands:

Just wanted to drop you a note and alert you to an expedition I am going on. From April 23 to April 30 2008, I will be operating as KP2/W5IF from the beautiful island of St. Croix, USVI (NA-106). I will operating from the super station of WP2Z. I will be working all bands with special emphasis on WARC and RTTY. QSL via home call, LOTW and bureau.

Thanks for all you do

73

Glen W5IF

NED ANTILLEN:
,Andy, W9NJY will be operating as PJ4/W9NJY from March 31 thru April 10th. He will operate 10-40 including the WARC bands. QSL to WD9DZV

73 TIm, WD9DZV

SAINT BARTHELEMY:

I would inform you about my expedition to FJ St.Barthelemy island.
Ariving : April 18, qrv one day later.

Equipement : Icom IC 706 MK 2G, 100 Watt, 10 meter vertical ant. with 24 radials and smart tuner.

Only CW 80 to 10 meter. Call FJ/DJ2VO.

Departure : May 9, qrt one day earlier.
* *

Best regards Jürgen DJ2VO

From: Ron, K5XK _qrzthedx@gmail.com_ (mailto:qrzthedx@...)

NEWS RELEASE #1
3B6 - Agalega Isl. Activated 12-18 April '08
Belle Rose, Quatre Bornes, Mauritius
1 April 2008

Rachid, 3B8FQ, has received a license for 3B6, and will activate Agalega Island, single op, for 48-72 hours, 14-17 April. The callsign will be 3B6FQ.
This will be a working trip. Time will be shared with maintenance duties on
the island, but Rachid will be as active as possible when not on duty. Operations will primarily be on SSB, with some CW, all bands 80-10M.

After two days transportation by boat, operations are expected to begin around 1830utc on 14/4/08. Equipment will be battery powered at 70W, with simple antennas. Suggested frequencies & last minute details will be announced prior to departure.

QSL via K5XK, 3B8FQ/3B6FQ QSL manager.

73,

Ron Evans, K5XK
k5xk@...

FRANCE - CASTLES

Bjr Maurice,

On next Saturday, April 5th, look for François, F5JNE, along with Gérard, F6ICG, to be active as F5JNE/p, from the Castle of Ouzouer DFCF 45045, in the city of Ouzouer des Champs zip code 45290 and canton of Lorris DDCF 45-16
.
Starting around 0600 ut, 80 and 40m, both CW and SSB.

QSL bureau preferred, SWL cards welcome.

Amitiés François

***United Kingdom:

Special call GB1SUN will be active from 5 April until the end of the year, promoting the use of solar energy in amateur radio.
The station will be powered by solar panels and will operate on the HF and VHF bands. The location is Ossett, West Yorkshire, the QTH of Mary and Robert Brown, M3XMW and M0JRB.

Forwarded with 73 by

By the way , delete J5 and 6W operation by HA3AUI. He didnt went
there. He is at home because of ill doghter and lot of work. He will
go in Oct. agn.

73 Hans

NICARAGUA

Hello Bill

I'll be back at YN2N place near Granada, Nicaragua for the CQ WW CW
contest 2008. I arrive the evening of Sat Nov 22nd and depart the
afternoon of Monday, Dec 1st.

[I hope by then I will have acquired the call sign YN2M for myself,
but for now list it as H7/K9GY.]

QSL via LoTW or direct to CBA.

I'll be a SOAB-LP entry.

73, Eric K9GY

WORLDBEAT - AFRICA: NEW FOUR BEACON ON 70 MHZ FROM GUNIA BISSAU

The SV2DCD blog carries a report that J5FOUR is a new 70 MHz 4 meter beacon
is now operational from Guinea-Bissau. According to CT1FFU, the J5FOUR beacon
came to life on March 10th using 20 watts out to a 4 element yagi designed
by YU7EF specifically for this project. The antenna is beaming 20º to cover
all Europe.

NICARAGUA

Hello Bill

Je serai à nouveau chez YN2N , près de Granada, Nicaragua pour le CQ WW CW 2008. Mono-opérateur, toutes bandes, basse puissance.
J’arriverai le 22 nov et je repartirai le lundi après midi.

J’ai demandé YN2M, mais il n’est pas encore là, donc pour le moment je suis H7/K9GY.]

QSL via LoTW oudirect to CBA.

73, Eric K9GY

Merci Bill, NG3K
---

4 mètres.

De SV2DCD :
J5FOUR est une nouvelle balise sur 70 MHz 4 m, active de puis la Guinee-Bissau.
Selon CT1FFU, J5FOUR , en place depuis le 10 mars, a une puissance de 20 watts dans une yagi calculée spécialement par YU7EF pour ce projet.
Beam : 20 degrés couverture Europe.
Merci Amateur Radio Newsline

I.C.P.O. Bulletin (April 03 - 11, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

03/04/2008: Andy, W9NJY is currently operating as PJ4/W9NJY from the island of Bonaire (SA-006, WLOTA LH-1279) until April 10th. He is active on 10-40m, including the WARC bands. QSL to WD9DZV. [NG3K]

03/04/2008: Oscar, CO2OJ reports that their VHF Group will activate a special station T42UJC from April 3rd to April 5th. The station will be here in Habana, Cuba (NA-015, WLOTA LH-0032) on the 12 floor of the building, just in front of Ave. Malecon, a little more than 50 meters from the shore with more than 120 degrees free view over the Gulf. T42UJC will be active on 6m, 2m and 70 cms SSB. 100 watts on 6 and 2m and 25w on 70cms. Vertical antenna for 6m, a 12 elements yagi for 2m and a 17 elements yagi for 70 cms. They will also be QRV on 40 and 20 meters. The 20 meter activity will be mainly RTTY and PSK31. Send your QSL requests to T42UJC Post Office Box One, Havana, Cuba. [MMMonVHF]

03/04/2008: Retu, OH4MDY will be active as XU7MDY from Sihanouk Ville (Kompong Som), Cambodia, April 3-14th. Activity will be on the HF bands using CW, SSB and various digital modes. QSL via OH4MDY, direct only. [OPDX Bulletin]

04/04/2008: TI6/K9KEJ COSTA RICA -
Orrin, K9KEJ will be active again from the jungle in eastern Costa Rica from April 4-11th. He will operate as TI6/K9KEJ mostly on 20 meters, with some 17 and 15m activity at scattered times. QSL via home call. [425 DX News]

04/04/2008: Kirk (ITAYA, WE8A, JF3MYU) will be QRV as WE8A/KH2 April 4-5th from the island of Guam (OC-026, USi GU-003S, LH-0064) on 80-12m SSB with some CW. QSL direct only to his JA address: Kirk Itaya, 5-1-35, Daikaidori, Hyogo-ku, Kobe, 652-0803, JAPAN. [NG3K]

05/04/2008: Look for Jean Michel, F5PRR/p to be active April 5th from the Castle of Fontvielle (DFCF 13-033) and the Mills of Tissot-Avon (DMF 13-008) and Ribet (DMF 13-004). This activation is weather permitting. QSL via home call, direct or bureau. [F5PRR]

05/04/2008: Freddy, F8CKS/p will be active April 5th, weather permitting, from the Castle Poujade (DFCF 24-095) and Mill Coudon ou Gourdon (DMF 24-066), located in the commune D'Urval (CP 24480), canton of Le Buisson de Cadouin (DDCF 24-07), Department Dordogne/24, Province of Aquitaine (DPF 02). QRV on 80 and 40 meter SSB. QSL via home call, direct or bureau. [F8CKS]

05/04/2008: Look for Rick, KI4QFE/p to be active April 5th from Dauphin Island (NA-213, USi AL-002S, Mobile County), Alabama. QRV 20 meters only from 1400 UTC. QSL via home call. [RSGB IOTA]

05/04/2008: Bob, K3UL will be active April 5-12th as ZF2UL from Grand Cayman (NA-016, WLOTA LH-1042). He plans to operate CW and SSB holiday style, with an emphasis on 80 and 160 metres. QSL direct to K3UL. [425 DX News]

06/04/2008: Six members of SSRA, Southwest Scania Radioamateurs (namely Ronnie/SM7DKF, Goran/SM7DLK, Mats/SM7DXQ, Christer/SM7KJH, Tore/SM7MPM and Michael/SM7TGA) will be active as 6V7I from Senegal, April 6-12th. They will operate from the QTH of 6W7RV located in Somone, Senegal, with activity planned for 10-160 meter SSB and CW with two stations equipped with one amplifier, monoband yagis for 10, 15 and 20 meters and a Titanex vertical for the other bands. QSL via SM7DXQ. [425 DX News]

09/04/2008: Slavo, SP2JMB reports he will operate mostly CW as 3B9/SP2JMB from Mauritius Island (AF-049) between April 9-24th. QSL via home call. [425 DX News]

09/04/2008: Members of the Yamato Club (JA1ZEK) will be active from Yap Island (OC-012) between April 9-16th. Look for the following operators to sign: Sasi/JA1KJW (V63JQ), Mat/JA1JQY (V63JY) and Kuni/JA8VE (V63VE). The group will then move to Palau (OC-009) and be active from April 16-19th as T88KJ (JA1KJW), T88VE (JA8VE) and T88JY (JA1JQY). Activity will be on the HF bands, CW, SSB and RTTY. QSL V63VE and T88VE via JF1OCQ. QSL all others to their home call sign, direct or by the bureau. [OPDX Bulletin]

09/04/2008: Wim ON6NP will be active again in Sihanouk Ville (Kompong Som), Cambodia, now as XU7ADV from April 9th until April 28th. QRV on all HF bands SSB and digimodes (PSK31 and RTTY). Equipment: FT857D, bandpass filter, automatic antenna tuner CG-5000 and SB-1000 interface. [UBA HF News]

09/04/2008: Roger/G3SXW, Nigel/G3TXF, Fred/G4BWP, Lionel/G5LP and Rob/GM3YTS will operate CW only as YK9G from Damascus, Syria between April 9-15th. Two stations with amplifiers will be QRV full-time. The team will have antennas for all bands (160-10m), but 40-17 metres are likely to provide most openings. They will transmit on frequencies ending in '3' (always listen up 1-2+ KHz) and will concentrate on the US West Coast whenever propagation permits, even though Damascus is somewhat blocked in that direction. QSL via G3TXF (direct, bureau, LotW and e-mail for bureau reply). The web page for the expedition is at www.yk9g.com/ [425 DX News]

11/04/2008: Special call sign OT7G will be aired April 11-13th, starting Friday 1400 UTC non stop until Sunday 1400 UTC from the Castle De Ghellinck (BCA reference OV-032, WW Loc. JO10ST), Elsegem, Belgium. QRV using CW, SSB and some digital modes on 20, 15 and 10m with 3 element fritzel, 40m with vertical and 100 radials, 80m with vertical and 100 radials, dipole inverted V for 40m and 80m. Perhaps 160m dipole,

2m FM and ATV. QSL via ON4MRX, bureau or direct (P.O. Box 15, Anzegem 8570 WV, Belgium) with SAE and 1 IRC. For Belgium members SAE and stamp. SWL cards welcome. [F5NQL]

==========

LOOKING AHEAD -

14/04/2008: Rachid, 3B8FQ, has received a license for 3B6, and will activate Agalega Island (AF-001), single op, for 48-72 hours, April 14-17th. The call sign will be 3B6FQ. This will be a working trip. Time will be shared with maintenance duties on the island, but Rachid will be as active as possible when not on duty. Operations will primarily be on SSB, with some CW, all bands 80-10M. After two days transportation by boat, operations are expected to begin around 1830 UTC on April 14th. Equipment will be battery powered at 70W, with simple antennas. Suggested frequencies and last minute details will be announced prior to departure. QSL via K5XK, 3B8FQ/3B6FQ QSL manager. [NG3K]

19/04/2008: Jurgen, DJ2VO will be QRV April 19th to May 8th as FJ/DJ2VO from St. Barthelemey Island (NA-146, WLOTA LH-0377). Activity will be on 80-10m using IC706MK2G at 100W, 10 meter vertical antenna with 24 radials and smart tuner. QSL via home call, direct or bureau. [NG3K]

21/04/2008: Gavin, W9EYE will be going back to Pago Pago, Tutuila Island (OC-045), to do some missionary eye surgery from April 21-27, and hopes to be active as AH8/W9EYE in spare time. He will try to be QRV 80-10m, high power, as propagation allows, using SSB and hopefully RTTY. QSL via home call as instructed on QRZ.com for W9EYE. [NG3K]

23/04/2008: Glen, W5IF will be active from the Island Villa Contest Club (WP2Z), Windwood Estates, island of St. Croix (NA-106, WLOTA LH-2477) from April 23-30th. He will be QRV as KP2/W5IF, working all bands with special emphasis on WARC and RTTY. QSL via home call, LoTW and bureau.

24/05/2008: Operators Jef/ON4ACA, Stefaan/ON4FG, Luc/ON4IA, Karel/ON5TN, Fred/ON6QR, Marcel/ON6UQ and Jun/JH4RHF plan to be active as 4U1VIC from United Nations, Vienna during the CQ WW WPX CW Contest (May 24-25th) as a Multi-2 entry. They have no QSL route yet, but will update the information when they have a QSL manager. [NG3K]

24/05/2008: A Mini Dxpedition to Piel Island (EU-005) by members of the CQ CQ Portable Group, UK, will take place May 24th and 25th using the special call sign GB0PIA. Operators include John/M0JFE, Ian/2E0EDX, Brian/2E0OYG, Nathan/2E0OCC, Greg/2E0RXX, Sean/2E0BAX and Liam/M3ZRY. They plan to be QRV 160m-70cm (no 30m). Of course band conditions will determine which will be used. Equipment will consist of FT817 rigs with 80w linear for HF and various antenna systems. Various radios for 2m, 6m and 70cm, with beams and verticals. On 6m they will monitor 50.150 USB and 51.500 USB. On 2m the frequencies will be 145.500 and 144.300 USB. The 70cm frequency will be 433.500 MHz. Piel Island lies half a mile (1 km) off the southern tip of the Furness Peninsula in the administrative county of Cumbria (WW Loc. IO84JB, WAB square SD26). This operation will

also count for the Piel Island 14th Century Castle (CASHOTA reference G/151/C). Further information and updates, can be found at: www.hamuniverse.com/pielislanddxpedition.html [M0JFE]

24/05/2008: Special event station GB3GEO will be on the air from The Prehistoric Caves, of 'Kent's Cavern', England's oldest home in Britain. GB3GEO will be situated in The English Riviera (Torbay), that is recognised as having Geo Park status. There are six in the UK, and fifty three in the world. We hope GB3GEO will help to promote geological heritage to the general public. There will be a special open day at the caves on Sunday 25th, and GB3GEO will be on the air during the weekend of May 24/25th, operation on 80m-2m. There will be a special qsl card sent for all qso's made with GB3GEO via the bureau. The station will be run by Martin/G3VOF, with help from John/G7HIK, Paddy/M1EIW, and Roger/2E0GHR. [Southgate ARC]

24/05/2008: Dick, G3URA will be signing J49XF from the island of Crete (EU-015, WLOTA LH-1400) for the CQ WPX CW Contest (May 24-25th) as a Single-Op/All-Band/Low-Power entry. QSL via home call. [NG3K]

24/05/2008: Look for Ari, OH5DX to be active from the Aland Islands (EU-002, LH-1373) as OH0Z during the CQ WPX CW Contest (May 24-25th) as a Single-Op/All-Band (or Single-Band 20m)/High-Power entry. QSL via W0MM. [NG3K]

28/06/2008: Dennis, K7BV will be QRV as 5J0M from San Andres Island (NA-033, WLOTA LH-2990, WW Loc EK92DM) between June 28th and July 6th. This will be a 6 meter only DXpedition. He will use a FT-450 with ACOM-1000 amplifier, running 1KW into a 7 element and 3 element beam. The main frequency will be 50.106.2 MHz USB and /B. The pilot station will be Pat, W5OZI. QSL direct only to W1JJ (QRZ.com). Further information can be found at: www.qth.com/k7bv/caribe2008 [N8OFS]

06/11/2008: Look for J3/DL7CM (Hans) and J3/DM2AYO (Sid) to be QRV from the island of Grenada (NA-024, WLOTA LH-0718), November 6-25th. Activity will be on 160-6m using CW, SSB, RTTY and PSK with 2 stations, both running 750 Watts to a yagi and groundplane. QSL via home calls. [NG3K]

22/11/2008: Eric, K9GY will once again be QRV from the QTH of YN2N near Granada, Nicaragua for the CQ WW DX CW Contest (November 29-30th) as a Single-Op/All-Band/Low-Power entry. He will arrive the evening of Saturday, November 22nd and depart the afternoon of Monday, December 1st. Eric hopes by then he can aquire the call sign YN2M for himself, but for now he will sign H7/K9GY. QSL via LoTW or direct to CBA. [NG3K]
==========
SPECIAL EVENTS -

03/04/2008: The Radio Club of Raismes Arthur Musmeaux (F5KAZ) will animate a holiday for the students and staff of the University of Valenciennes on April 3, 2008. Club members will be active using the special call sign TM0FAC on HF on 20, 40 and 80 meters and on VHF on the adjoining repeaters. For each QSO special QSL card will be sent. [UBA HF

News]

03/04/2008: Special call GB1SUN will be active from April 5th until the end of the year, promoting the use of solar energy in amateur radio. The station will be powered by solar panels and will operate on the HF and VHF bands. The location is Ossett, West Yorkshire, the QTH of Mary and Robert Brown, M3XMW and M0JRB. Equipment will consist of a Yaesu FT897 for both portable and main station, running 100 watts on HF, 50 watts on 144Mhz and 20 watts on 70cms. Aerials, a four element beam on 20-15-10-6, trapped dipoles on 160-80-40-17, with verticals for 144/70. Modes, SSB and FM. Further information and QSL instructions can be found on QRZ.com under GB1SUN. [MMMonVHF]

12/04/2008: Special event station W0S will be aired April 12th and 13th to commemorate the 96th Anniversary of the Titanic Disaster. Operators Dave "SAP" Beckler/WA0SAP, Rich Vogt/KB9YZE, Al Gallo/W0ERE, and Rod Kittleman/K0ADI organized this Special Event Station along with Mary Kellogg, part owner of the World's Largest Titanic Museum in Branson, Missouri. They will be QRV HF, SSB/CW, packet, Dstar and 2m. QSL via operator's instructions. You can visit the website of the museum at www.titanicbranson.com/ [F5NQL]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html
==========
U.S. COUNTY HUNTING - USA-CA -

05/04/2008: Ron, AF5Q will be out mobile for the Missouri QSO party (April 5-6th). QRV primarily on 20m, 40m, and 75m, but will occasionally check 15m. Look for him SSB and CW Counties for Saturday April 5, 2008: Grundy, Linn, Sullivan, Adair, Macon, and Randolph, and Boone. Ron has to cut this day short due to family engagement that evening. Counties for Sunday April 6, 2008: Chariton, Carroll Saline, Howard, Cooper, Moniteau, Morgan and if time Benton. QSL via home call. [County Hunter Web]

05/04/2008: Rob, K0IYA/m will be active between April 5th and May 3rd. On April 5th he will run Missouri Counties: Jefferson, Ste. Genevieve, Perry, Bollinger, Madison and St. Francois. April 19: St. Charles, Warren, Montgomery and Gasconade, Missouri. A trip to run Lincoln, Pike, Ralls, Shelby and Knox, Missouri, is also planned for around the first part of May. QRV 7.188 and 14.336 MHz SSB only. QSL via home call. Updates to follow. [County Hunter Web]

05/04/2008: Bob/W0BH and Steve/K0OU will be active in the Missouri QSO Party (April 5-6th) using the call W0BH/m. They plan to activate 34 counties in the Missouri QSO Party on Saturday, April 5 from 1800 UTC to 0500 UTC and Sunday, April 6 from 1800 UTC to 2400 UTC. They will run both CW and SSB on 20 and 40 with 80 CW, 15, and 10 also on the roof. Primary operation will be CW, but they will go SSB on the half hour and on the hour starting at 1830 UTC, whenever CW slows down, or at county line stops when we'll try operating both modes at the same time.

Saturday (22 counties): Jackson/JAC, Clay/CLA, Clinton/CLN, Ray/RAY, Caldwell/CAL, back in CLN, DeKalb/DEK, Daviess/DVS, Harrison/HAR, Gentry/GEN, Worth/WOR, back in HAR, Mercer/MER, Putnam/PUT, Sullivan/SUL, Grundy/GRU, Linn/LIN, Chariton/CHN, Livingston/LIV, Carrol/CRL, Saline/SAL, Pettis/PET, Johnson/JON, Lafayette/LAF, back in JAC.
Sunday (12 counties): Cass/CAS, Henry/HEN, St Clair/SCL, Bates/BAT, Vernon/VRN, Cedar/CED, Dade/DAD, Lawrence/LAW, Barry/BAR, Newton/NWT, Jasper/JAS, Barton/BTN, back in VRN.
More info and last minute updates on qrz.com/w0bh. [County Hunter Web]

SIX METERS & UP -

* WSPR (pronounced "whisper") stands for "Weak Signal Propagation Reporter". This program implements transmitting and receiving for a digital soundcard mode called "MEPT_JT", an acronym for "Manned Experimental Propagation Tests, by K1JT". This is the initial release of a GUI-based version of the program. Have a look at: http://physics.princeton.edu/pulsar/K1JT/ . There will be an nice Chat with several of these users of WSPR all over the World: http://www.electroblog.com/drsked/index.html - after getting familiar with the program you might have auto upload your results and can view the Condx at: http://www.electroblog.com/drsked/stats.php?hours=1 . Lot VHF are tested and lets hope we can run these at 2m as well...

SILENT KEYS -

* Kjell Rasmusson, SM7BAE has been reported as Silent Key. Kjell passed away one month before his 80'th birthday. [MMMonVHF]

* Tony Colaguori, W2GUM has been reported as Silent Key. He was 91. [W2DEC]

* Vladimir Ivanovich Chalapko, UT5EU of Dnepropetrovsk, Ukraine, has been reported a Silent Key. [UR5MGW]

Received March 29, 2008 -

Fellow FISTS Members:

Telephone call today from John Frost telling me his mother, Esther Frost (KA4IFF) became a Silent Key.

I also talked with Elmer, her husband and he said she was 91 years old and had a great life.

Esther was FISTS # 11 - which was the first number issued to anyone on this side of the Atlantic.

George, G3ZQS had stayed with Esther and Elmer often when visiting America. During one of his trips he presented Esther with her # 11.

I always enjoyed hearing Esther reply to someone who asked her to repeat her FISTS number. She would send "FISTS 11 - that is ELEVEN"

Esther and Elmer travelled around the country for many years in their big motor home. Generally leaving Florida in April and not returning until November. One year they drove the motor home to Alaska and when they were in Fairbanks, Elmer said lets go on up to Prudoe Bay and so they did.

Most every year they stopped by our place on their way home and visited us. In March for the past ten years we would stop by and visit them in Lakeland, FL.

Esther was a WAVE during WW2 and copied code in five letter groups and gave her copy to the fellow who would translate the message. Elmer always said he got a kick out of seeing Esther writing down her copy of incoming CW in five letter groups even though it was sent in plain text.

Esther was a First Class operator sending smooth CW and a real joy to chat with on the air and in person.

In addition to FISTS she was an active member of the RNARS, INORC, MARAC, OOTC, SOWP.

If you'd like to send a card to Elmer, his address is:

Elmer Frost
1954 Bruce St
Lakeland, FL 33801-2438

I will sorely miss her !

73, Stan - K4UK

CQ DX Marathon Kosovo Update
The CQ DX Marathon uses the same country list as the CQ WW contests. ARRL DXCC plus WAE plus African Italy. Thus, until Kosovo is added by WAE or ARRL, it does NOT count for the DX Marathon. Once it is accepted, the effective date will be 17 February 2008, so keep track of those Kosovo QSO's! http://dxmarathon.com/ [MMMonVHF]

WARD Award 2008 (World Amateur Radio Day 2006 Award). The WARD Award is designed to commemorate the World Amateur Radio Day celebrated by IARU on April 18th each year. It is issued by the MK QTC, Polish Radio Amateur's Journal, with the support of PZK, Polish Amateur Radio Union. The WARD will be granted for at least the following numbers of contacts: either 10 QSOs on the HF bands, or either 10 QSOs on the VHF bands. For more please do read at the WARD Web page http://www.ward.pzk.pl

ZS8 Mission Control: the Red Taxi has landed -

Posted: 31 Mar 2008 11:25 AM CDT

Petrus, ZS8T has reached Marion Island on March 31, 2008 (zs8t.net/wp-content/uploads/petrusarrival.jpg) Good news for the last day of March. Thanks to suitable weather conditions, SA Agulhas (aka "Red Taxi") reached Marion Island today in the early hours without any difficulties. This means Petrus ZS8T is now at Marion Island, where this will be his QTH for at least 12 months.

We'd like to remind the current research team scheduled for 2008/2009 inc. its leader - Petrus ZS8T) is overloaded with work which has to be

completed in the next few weeks. This is why *ZS8T's activity won't start earlier than end of April*.

With regards the above, please keep in mind, especially on April 1st, when false spots may hit dx-clusters leading to chaos and misunderstandings (as it already happened with previous Petrus' activity from Bouvet isl).

The beginning of ZS8T's activity will be announced only at ZS8T.net website as a confirmation you may start chasing one of the most wanted DXCC entities - Marion Island.

*We hope to have the first pictures of Marion Island (from Petrus) as soon as possible.

UPDATE: ZS8T spotted today at 16:49z on 14.255.00 was a fake of course... [K1XN & GoList]

6946. St Barthelemy DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-03 19:16:06 UTC
From: K1XN
Topic: 6946 Message: 6946

In follow up to the January 21, 2008 DXCC blog entry regarding St Barthelemy, DXCC has completed processing 2007 applications and St Barthelemy has now been added to the DXCC computer system, and, Logbook of The World.

This moves the #1 Honor Roll position to 338 current entities making entry level Honor Roll 329.

While DXCC has completed 2007 applications there are a number of application returns still being mailed so it may be another 2-3 weeks before applicants receive their 2007 return.

Lastly, Logbook of The World is now accepting certificate requests for St Barthelemy, and once those logs are submitted the matches should occur and applicants can claim DXCC credit.

For programmers who use the DXCC entity numbering system, the entity code for St Barthelemy is 516.

73 es DX!

From: K1XN
Topic: 5889 Message: 6951

*The April 2008 Issue #804-A files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file update and on the top bar click on FILES/CLEANUP FILES and run this routine to clear all the old update files from the program folder. This will prevent
any lookup problems for you.

If you don't know what a prefix is, and you're connected to a DX Cluster node, generally you can type the command:

SH/H prefix

which will show you the name of the entity, as well as the heading to it.

T4 had been assigned to Cuba for a long time.

6956. RAC CALL BOOK UPDATE

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-05 15:10:51 UTC
From: K1XN
Topic: 5275 Message: 6956

Hi folks,
The Summer 2009 RAC call book cd will be shipped to me
mid-May, just as soon as the production run has completed. I
have sent in the order from the RAC List and requested just a few
copies more for stock.
The RAC LIST remains open for orders for the Winter 2009 issue
to be produced late November. If you know of someone that wants
a call book, they need to get on the list so that I will have a copy
for them on the order.
I will start invoicing for the Summer 2009 cd early May. When the
cd's arrive I will be ready to package and mail out immediately.

6960. ZD9X DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-09 09:21:25 UTC
From: K1XN
Topic: 6960 Message: 6960

Hello all,

I will be departing St. Helena island in late June & travel to my next DX location of Tristan da Cunha island. My callsign on Tristan will be ZD9X. The Tristan will last 4 - 6 months, maybe longer. A home has been secured for myself with a backyard measuring one acre. Plenty of room for antennas as ZD7X.

Operating from St. Helena has been rather fun. I will be excited for a new DX location after all is said & done though. Full story to come out someday!!!

With almost 35,000 QSO's now, the radio & vertical antenna have been doing a good job. I DO NOT want to have to break out the spare radios of a Kenwood TS-2000 & a Yaesu 100D if something should go wrong with my main "good" radio.

Once on Tristan, my plan is to explore a way of getting to Bouvet island & to operate from there before a TENATIVE operation to the three islands of South Sanswich, South Orkney & South Georgia via the Falkland islands.

According to the 100 Most Needed List, (2006) Bouvet is ranked at 8th in the world. It would be a crying shame to be less than 1400 miles from Bouvet and not to give a 100% effort to try to put Bouvet on the air. Bouvet is located nearest to Tristan than any other island.

Still no plans of any RTTY/PSK activity as either ZD7X or ZD9X. My MicroHam unit that should allow Digi operation has not worked since I got here. Personal interest the Digi modes is also not that great.

Good DX,
Tom ZD7X

6961. FM, LU/LH canceled, East-Timor

Hi friends
MARTINIQUE – NA-107, DIFO FM-001, WLOTA LH 1041
Gérard F2VX (The French DXCC cards chcecker), is going to Martinique
island between, April 25th to May 8th.
Callsign : FM/F2VX
HF, SSB
QSL via HC, direct or bureau.
Tnx Jerôme F5ASD and Lucien, FM5WD

ARGENTINA:
LU8XW/X-P, Isla de Los Estados-WAP ARG-23- Cancelled
Posted by Pablo LU6XV
Unfortunately the Ship ALFEREZ SOBRAL (ex-ATA-187 USS Salish) expecting to go
to Isla de los Estados, had failures to one of its engines just before
crossing the Strait of Le Maire, and it was forced to return to the Port of
Ushuaia. The planned operation to San Juan de Salvamento Lighthouse is therefore
cancelled
LU2XT, reported that all the material loaded on board, necessary to
complete the maintenance at the Lighthouse was downloaded from M/V Alférez Sobral .
No date is known for next attempt.
Tnx Gianni, I1HYW

East Timor
The Union de Radioaficionados Españoles, URE, (The Spanish Amateur Radio
League) is proud to announce a project in East Timor to take place in June 2008.
URE´s Radiosolidarity Department will organize an Amateur Radio DXpedition,
combined with activities to promote Amateur Radio including the donation and
setting up of a complete amateur radio station at the University of Dili. It
is hoped that by operating alongside students and teachers of the Electrical
Engineering and other departments it will be possible to sow the seeds of
future amateur radio activity of a permanent nature in East Timor.
Team : EA1QF, CW/Digit, EA5BWR, CW/SSB/Digit, EA4KA CW, EA3CUU, CW, CT1ERC,
SSB/Digit , EA4DB, CW/SSB/Digit
CW, SSB, RTTY, on HF bands.

ARGENTINE:
LU8XW/X-P, Ile de Los Estados-WAP ARG-23-, annulé
Posted by Pablo LU6XV
Malheureusement le bateau ALFEREZ SOBRAL (ex-ATA-187 USS Salish), qui devait emmener l'équipe a subi une très grave avarie de machine, juste avant de passer le Strait of Le Maire, et a du faire demi tour à Ushuaia.
L'opération depuis l'île et le phare de San Juan de Salvamento , a du être annulée.
LU2XT a indiqué que le matériel avait été débarqué.
Pas de date pour une nouvelle tentative.
Tnx Gianni, I1HYW

East Timor
L' Union de Radioaficionados Españoles, URE, annonce un projet qui ddevrait se finaliser en juin 2008.
Le département de Radio Solidérité, envoie une équipe qui installera un radio club permanent à l' University de Dili.
Des étudiants et futurs radioamateurs de Est Timor de même que des professeurs de l'Institut d' Electrical Engineering. ce seront les prémices du développement du radioamateurisme dans ce pays émergeant.
Equipe : EA1QF, CW/Digit, EA5BWR, CW/SSB/Digit, EA4KA CW, EA3CUU, CW, CT1ERC, SSB/Digit , EA4DB, CW/SSB/Digit
CW, SSB, RTTY, on HF bands.

I.C.P.O. Bulletin (April 10 - 18, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

Just received this mail from Pablo LU8XV
LU8XW/X-P Isla de Los Estados (WAP ARG-23) - Cancelled
Posted by Pablo LU6XV
Unfortunately the Ship ALFEREZ SOBRAL (ex-ATA-187 USS Salish) expecting to go to Isla de los Estados, had failures to one of its engines just before crossing the Strait of Le Maire, and it was forced to return to the Port of Ushuaia. The planned operation to San Juan de Salvamento Lighthouse is therefore cancelled.
LU2XT reported that all the material loaded on board, necessary to complete the maintenance at the Lighthouse was downloaded from M/V Alf?rez Sobral. No date is known for next attempt. [LU6XV]

11/04/2008: Operators Afif/7X2RO, Reda/7X2EB, Sayo/7X2HF, Azziz/7X2CF, Mohamed/7X2DD, Ahmed/7X2DF, Mokhtar/7X5JF, Amar/7X5RS, Saad/7X5ST, Enrique/7X0AD and Franta/7X0RY are going to the Mount Assekrem (Wilaya de Tamanrasset) [Hoggar Mountains], Algeria between the afternoon of April 11th to the end of the morning April 14th. They will be QRV, using the special call sign 7Y3HM, from the International Weather Station at 2710m asl, using CW, SSB and digital modes on as many bands as possible. They will use the same call sign on April 15th and 16th, from the Youth Club, in Tamanrasset. QSL via 7X2ARA. [F5NQL]

11/04/2008: Martin/G3ZAY and Michael/G7VJR will operate SSB and CW on the HF bands as GJ3ZAY/p and GJ7VJR/p from Jersey (EU-013, WLOTA LH-0818), April 11-13th. QSL via G7VJR. Logs will be uploaded to LoTW. [425 DX News]

11/04/2008: Special call sign OT7G will be aired April 11-13th, starting Friday 1400 UTC non stop until Sunday 1400 UTC from the Castle De Ghellinck (BCA reference OV-032, WW Loc. JO10ST), Elsegem, Belgium. QRV using CW, SSB and some digital modes on 20, 15 and 10m with 3 element fritzel, 40m with vertical and 100 radials, 80m with vertical and 100 radials, dipole inverted V for 40m and 80m. Perhaps 160m dipole, 2m FM and ATV. QSL via ON4MRX, bureau or direct (P.O. Box 15, Anzegem 8570 WV, Belgium) with SAE and 1 IRC. For Belgium members SAE and stamp. SWL cards welcome. [F5NQL]

12/04/2008: Paul, 2E1EUB, will be active again as 2M1EUB from Cairngorms National Park near Aberdeen (IO87RJ) beginning April 12th for 7 days. Activity will be on all satellites (but mainly AO7 SSB), 160/80 meters and some other HF SSB. QSL via his home call sign. Also, visit the QRZ.com Web page under 2M1EUB to see a picture of the location and

QSL info. [OPDX Bulletin]

12/04/2008: Maarten, PA3GZU will be active from Mindanao Island (OC-130, LH-2803, WW Loc. PJ27UH) between April 12th and May 12th using the call sign DU9/PA3GZU. QRV mainly 20m 14.260 MHz USB, 14.070 MHz BPSK31. Maarten is on holiday so he will be QRV when time and conditions let him. Most activity is expected end of April and first week of May. QSL via home call, bureau preferred. [RSGB IOTA]

12/04/2008: Fran?ois/F5JNE along with Claude/F5MCC will activate his 300th Castle activity on April 12th. QRV from the Castle of Fleurigny, built for the most ancient part in the 16th Century (DFCF 89-300), located in the City of Thorigny sur Oreuse (CP 89260), in the Canton of Sergines (DDCF 89-31 new one!), Department Yonne/89, Province of Burgundy (DPF 05). They will start around 0600 UTC on 80 meters, then QSY to 40 meters. QSL via F5JNE, bureau preferred and SWL cards are welcome [F5NQL]

12/04/2008: The Radio Club Varennois, F5KEK will be QRV during the morning of April 12th as F5KEK/p from the Castle Guichardeaux (DFCF 03-070), located in the commune of St. Gerand de Vaux (CP 03340), Department Allier/03, Province of Auvergne (DPF 03). Activity will be on 3703 and 7060 (+/-) kHz. QSL via home call, direct or bureau. [F1SVV]

12/04/2008: Weather permitting Freddy, F8CKS/p will activate the Castle la Bourlie (DFCF 24-096) on April 12th. The castle is located in the Commune D'urval (CP 24007), canton Le Buisson de Cadouin (DDCF 24-07), Department Dordogne/24, Province of Aquitaine (DPF 02). QRV on 80 and 40 meter SSB. QSL via home call, direct or bureau. [F8CKS]

13/04/2008: Alfio/IT9EJW and Giovanni/IT9GAC will be active April 13th as homecall/p from I Faraglioni dei Ciclopi (IIA CT-003, MIA MI-334, first time activation), Sicily Coastal Islands (EU-025). In case of bad weather condition the activity will be postponed to April 20th. QSL via home calls, direct or bureau. Further info can be found at www.mdxc.org/ciclopi/index.htm [F5NQL]

14/04/2008: Rachid, 3B8FQ, has received a license for 3B6, and will activate Agalega Island (AF-001), single op, for 48-72 hours, April 14-17th. The call sign will be 3B6FQ. This will be a working trip. Time will be shared with maintenance duties on the island, but Rachid will be as active as possible when not on duty. Operations will primarily be on SSB, with some CW, all bands 80-10M. After two days transportation by boat, operations are expected to begin around 1830 UTC on April 14th. Equipment will be battery powered at 70W, with simple antennas. Suggested frequencies and last minute details will be announced prior to departure. QSL via K5XK, 3B8FQ/3B6FQ QSL manager. [NG3K]

14/04/2008: Stefan, DF8HS will be active from Langeland Island (EU-172, DIA FY-019, WLOTA LH-0590) as OZ/DF8HS from April 14-26th. QRV 80-10m using SSB, RTTY and PSK. QSL via home call. [RSGB IOTA]

15/04/2008: Nick, VK1AA plans to activate the rare entity of Montague Island (OC-223, also count for WLOTA LH-0722) as VK1AA/2 from April 15-18th. He has obtained permission from the NSW Parks and Wildlife Group to operate from the island. The operation is provisionally planned to start on April 15th for 3 nights, but factors such as weather conditions may change the dates. He will be using 100W and a vertical antenna. If we hear any updates we'll post them here ASAP. [RSGB IOTA]

16/04/2008: Klaus, DK6AO will be back in Costa Rica from April 16th to May 17th signing TI/DK6AO. He will try to activate IOTA islands in the NA-191 and NA-117 groups. Main activity will be on weekends. Klaus prefers 17 (+ 20) meter band. QSL via home call after he returns home. Check at QRZ.com. [DK6AO]

17/04/2008: Witek/SP9MRO and Marian/SP9CTT will be active as 6V7K and 6V7J (requested calls) from Senegal, April 17th to May 5th. They will operate CW, SSB, PSK31 and RTTY on 160-10 meters, with an emphasis on 160-30 meters. QSL 6V7K via SP9SX, QSL 6V7J via SP9CTT. [425 DX News]

17/04/2008: Ray/K9DUR and Pam/KC9JMA will be homecall/p from Dauphin Island (NA-213, USi AL-002S, Mobile County), Alabama, from April 17-22nd. Look for activity on the usual island and IOTA frequencies. QSL via home call, direct or bureau. [RSGB IOTA]

18/04/2008: Halvard/LA7XK, Just/LA9DL and Erling/LA6VM will be active as 9M6/homecall from Layang Layang Island, Spratly Islands (AS-051), April 18-25th. They will be their testing a new remote station. No bands or modes were given. QSL via home calls. [NG3K]

18/04/2008: Yoshi, JE2EHP will be active from Guam Island (OC-026, USi GU-003S, also count for WLOTA LH-0064) as K1HP/KH2 between April 18th and 21st, using SSB and CW on all HF bands plus 6m. QSL via JE2EHP, bureau preferred. [JE2EHP]

18/04/2008: U.S.A., 6 Meter ROVER Trip by Al, WA4EWV. The following is a tentative schedule for 6 Meter operation as a "rover". April 18: Depart home for Ozark, AL - Grid:EM71; April 19: Head for Troy, AL - Grid:EM61; April 20: Head for Montgomery, AL - Grid:EM62; April 21: Head for Opelika, AL - Grid:EM72; April 22: Head for Chattanooga - Grid:EM74. Al will stay in Chattanooga until the 25th. April 25: Depart Chattanooga early for Macon, GA - Grid:EM82; April 26: Head for Tifton, GA - Grid:EM81; April 27: Head for Apalachicola, FL [area] - Grid:EL79 most likely stay 2 or 3 days. Depends on weather. Al will do his best to operate in the PM after arrival, then the AM before they leave. Some of the legs are quite short, so he will be able to operate longer. All operation will be on 6 meters using the TS-2000, TE Systems 0510G and the Diamond A502HB two element beam. QSL via his home call. [N8OFS]

==========

LOOKING AHEAD -

22/04/2008: Helmut, DL1ECU/p and Rolf, DK1DN/p, will work with two stations from Hallig Langeness (EU-042, N-19 for the German Islands Award, WLOTA LH-1245) between April 22nd and May 3rd. Look for activity

on ll HF bands. QSLs via home calls. [DX Newsletter]

24/04/2008: Noantri DX & Contest team members Andy/IZ0EHO (CW/SSB), Vincenzo/IZ0FKE (Digital/SSB), Alberto/IZ0FMA (Digital/SSB) and Claudio/IZ0GKX (Digital) will be active as IE9N from Ustica Island (EU-051, IIA PA-001, MIA MI-116, WLOTA LH-0848) between April 24th and May 1st. QRV on all HF bands, plus 6 meters, using all modes. Operators will focus their attention to low and WARC bands (especially 80 and 160m). Also a 50MHz beacon will be on air as IE9N/B. QSL via IZ0FKE, direct or bureau. [MMMonVHF]

03/05/2008: Amateur Station 8ZU and Broadcast Station WRK. Special event station W8H will be aired May 3-11th to commemorate Hamilton Ohios first amateur and broadcast station (circa 1915). This event will use the original transmitter building and a still standing WRK tower. Activity will be on 1875, 3975, 7275 and 14275 kHz, using SSB, CW and AM (operators preference). Please mark your calendar in order to contact this special event on the air. A certificate will be issued to all who are logged and QSL with a SASE to W8KJ. More information is available at: w8h-wrk.blogspot.com/ [QRZ.com]

05/05/2008: Kazik/DL2SBY and Georg/DF1SR (ex DD0SB) plan to go to Liechtenstein. The trip will be from May 5-12th, including the EU-EME Contest on the 23cm band. QTH will be on 1200 meters about Sea-Level. They will be QRV on HF-Bands 80-6m using CW, SSB and RTTY with about 600 Watts to a Butternut HF9V-Antenna. They plan to be QRV via EME on 1296.080 Mhz (500 Watts / 3m Dish) and 2320.080 Mhz (200 Watts / 3m Dish). More info at: home.arcor.de/dl2sby/ [NG3K & HA0HW]

09/05/2008: Sei, JA7LU along with his friend Yohji, JH1AWN will be active from the island of Guam (OC-026, USi GU-003S, WLOTA LH-0064) as JA7LU/KH2 from May 9-11th. Activity will be on HF and 6 meter SSB. QSL via JA7LU, direct (Sei Suzuki JA7LU, 2-5-9 Kaga, Kashiwa-shi, 277-001 Japan) or bureau. [NG3K]

10/05/2008: Geoff, G4ICD will be active again from the Isle of Jersey (EU-013, WLOTA LH-0818) as GJ4ICD from May 10th for 7/10 days. He will have a couple of FT897s and other equipment and will run a beacon on 50.140 MHz (WW Loc. IN89WF). Look for activity on HF, with focus on 6 meters. QSL via home call. [MMMonVHF]

24/05/2008: Lars, DF1LON will be active from the isle of Jersey (EU-013, WLOTA LH-0818) as MJ0LON during the CQ WW WPX CW Contest (May 24-25th) as a Single-Op/All-Band/High-Power entry. QSL via DF1LON. [NG3K]

15/06/2008: Bernd, DL8AAV will activate Tjorn Island (EU-043), Sweden, as SD1B/6 from June 15-28th. Look for activity on the HF bands, on or near the usual island and IOTA frequencies. QSL via home call, direct or by the bureau. [RSGB IOTA]

21/06/2008: Gianfranco, I6GFX plans an IOCA (Islands of Croatia Award) activity as 9A/I6GFX from June 21-27th. All islands are in the IOTA EU-170 group. He will spend 6 days on Dugi Otok Island (IOCA CI-018, ACIA-367, CIA-10, MIA MC-074, CLHA-178, TWLHD WLH 9A-077) in Veli Rat, locality Verunic, and will set up his base there. The others islands that he will activate will be: Zverinac (IOCA CI-150, ACIA-259, CIA-59, MIA MC-479), Brscak (IOCA CI-299, ACIA-365, MIA MC-045), Magarcic (IOCA CI-305, ACIA-383, MIA MC-220), Rava (IOCA CI-099, ACIA-392, CIA-39, MIA MC-337) and Luski (IOCA CI-304, ACIA-382, MIA MC-216). Depending on weather and landing, other possible islands that Gianfranco is looking to activate are: Lagnici (IOCA CI-419, ACIA-379, MIA MC-195), Mezanj (IOCA CI-307, ACIA-387, MIA MC-242), Silo (IOCA CI-406, ACIA-250, WLOTA LH-2529), Planatak Veli (IOCA CI-308, ACIA-399, MIA MC-298) and Utra (IOCA CI-298, ACIA-397, MIA MC-443). QSL via home call. [9A6AA]

20/06/2008: Dennis, K7BV will be QRV as V36M from Caye Caulker Island (NA-073, WW Loc. EK57XR), Belize, from June 20-26th. This will be a 6 meter only DXpedition. He will use a FT-450 with ACOM-1000 amplifier, running 1KW into a 7 element and 3 element beam. The main frequency will be 50.106.2 MHz USB and /B. The pilot station will be Pat, W5OZI. QSL direct only to W1JJ (QRZ.com). Further information can be found at: www.qth.com/k7bv/caribe2008 [N8OFS]

11/07/2008: Six operators will be active from Market Reef (EU-053) July 11-14th, including a Multi-Single entry in the IARU HF World Championship (July 12-13th) with three stations, 160-6m. The operators will be Olaf/SM0CKV, Seppo/OH1VR, Markus/OH3RM, Bob/W6RGG, Vicky/AE9YL and Carl/K9LA. They will sign OJ0/homecall before and after the IARU event, except for OH1VR who will use OJ0VR. Send for the OJ0/ cards to the individual operators home call and OJ0VR via OH1VR. The special call for the contest has been applied for and is as yet not known. This operation also counts for the Market Reef lighthouse (ARLHS MAR-001, TWLHD WLH OJ0-001, WLOTA LH-0542, Admiralty C4472). [MMMonVHF]

18/07/2008: Michael, DL6MHW will be active July 18th to August 4th from Bornholm Island (EU-030, BO-001 for the Danish Islands Award, WLOTA LH-2203) using the call sign OZ/DL6MHW. Look for activity on all bands 80-10m, with peak activity during the RSGB IOTA Contest (July 26-27th). QSL via home call, direct or bureau. [RSGB IOTA]

26/07/2008: Look for Lars, DF1LON to be QRV as CT3/DF1LON from Madeira Island (AF-014, DIP MA-001, WLOTA LH-0053) during the RSGB IOTA Contest (July 26-27th). QSL to home call, direct or bureau. [NG3K]

26/07/2008: The Association des Radioamateurs et Ecouteurs du Toulois, F8KGZ plan to activate the Fort of Dongermain (DFCF reference 54-004) on July 26th using the call sign F8KGZ/p on 80 and 40 meter SSB. QSL direct or by the bureau. [F5LHJ]

26/07/2008: Charlie/M0OXO and Nigel/M0NJW will be active as MJ0X from Les Minquiers Islands (EU-099) for the RSGB IOTA Contest (July 26-27th). QSL via M3ZYZ. [NG3K]

03/08/2008: Look for Jens, DL8WOW to be active August 3-15th as OZ/homecall from Bornholm Island (EU-030, BO-001 for the Danish Islands Award, WLOTA LH-2203). QSL via home call, direct or bureau. [RSGB IOTA]

==========

SPECIAL EVENTS -

03/04/2008: Special call GB1SUN will be active from April 5th until the end of the year, promoting the use of solar energy in amateur radio. The station will be powered by solar panels and will operate on the HF and VHF bands. The location is Ossett, West Yorkshire, the QTH of Mary and Robert Brown, M3XMW and M0JRB. Equipment will consist of a Yaesu FT897 for both portable and main station, running 100 watts on HF, 50 watts on 144Mhz and 20 watts on 70cms. Aerials, a four element beam on 20-15-10-6, trapped dipoles on 160-80-40-17, with verticals for 144/70. Modes, SSB and FM. Further information and QSL instructions can be found on QRZ.com under GB1SUN. [MMMonVHF]

11/04/2008: Special callsign LN2G will be aired April 11-13th for the Norwegian Hammeeting. Activity will be mostly on 40 and 20 meter SSB, PSK31 and RTTY. QSL via LA2G. [425 DX News]

12/04/2008: Operators Robert/G8ATE and John/G7HIA will be using the special callsign GB0CD to celebrate "Cosmonautics Day" on April 12th between 0800-2200z on AO7, AO16, AO27, SO50, AO51 and VO52. Some other activites may take place over the following 4 weeks with operations possibly on SSTV and other Digital modes. Cosmonautics Day is a Russian holiday celebrated in honor of the historic first manned space flight made on April 12, 1961, by 27 year old Russian cosmonaut Yuri Alekseevich Gagarin of the USSR, who made one complete orbit around the Earth (lasting 1 hour 48 min.) aboard the spacecraft Vostok 1. [OPDX Bulletin]

12/04/2008: Special event station W0S will be aired April 12th and 13th to commemorate the 96th Anniversary of the Titanic Disaster. Operators Dave "SAP" Beckler/WA0SAP, Rich Vogt/KB9YZE, Al Gallo/W0ERE, and Rod Kittleman/K0ADI organized this Special Event Station along with Mary Kellogg, part owner of the World's Largest Titanic Museum in Branson, Missouri. They will be QRV HF, SSB/CW, packet, Dstar and 2m. QSL via operator's instructions. You can visit the website of the museum at www.titanicbranson.com/ [F5NQL]

18/04/2008: World Ham Radio Day will be held on April 18th and the French IARU Society the REF-Union, and their Associated members will sponsor a lot of activities like traffic, Shows on the air, elmering and how to do and so on. Keep an ear on the bands. Announced stations that will be on the air are: F5REF (Ref-Union), F8UFT (French CW Society) and F8AFH (French Ham Society for disabled). [F5NQL]

18/04/2008: Special callsign TM2MP will be aired from April 18th to May 1st to celebrate the 150th anniversary of the birth of Max Planck, father of the quantum theory and Nobel Prize in physics (1918). QSL via F6KTN. [425 DX News]

QSL NEWS -

Mac W3HC is retiring from being a QSL Manager.
The QSL Manager's Society is acquiring the logs and cards from Mac.
All calls will be assigned to new managers from the QSL Manager's Society.
It will take some time to sort and reassign most of these calls.
However, these currently ACTIVE calls ONLY will be handled by Kim Larsen (dad Steve Larsen) via N3SL.

CO6AP
7X5VRK
PY2KC**
YL2EC
TU2XZ
PT5T
PS2T
Also: ZY100SCOUT (previous special event)
I ask everyone with any QSL's for Mac W3HC to hold off sending them
until we announce new managers.
Please be patient while we organize this project. It could take a few
weeks to sort it all out.
See ya' in the Pileups!
73!

==========
The Union de Radioaficionados Espa?oles, URE, (The Spanish Amateur Radio League) is proud to announce a project in East Timor to take place in June 2008. URE?s Radiosolidarity Department will organize an Amateur Radio DXpedition, combined with activities to promote Amateur Radio including the donation and setting up of a complete amateur radio station at the University of Dili. Operators include Angel/EA1QF (CW/Digital), Txema/EA5BWR (CW/SSB/Digital), Eugene/EA4KA (CW), Pere/EA3CUU (CW), Jose/CT1ERC (SSB/Digital) and Jose/EA4DB (CW/SSB/Digital) will be active from Dili, Timor Leste (OC-148, WLOTA LH-0019) for two weeks in June. They plan to operate CW, SSB and other modes using two stations, and to pay special attention to 6 meters. The call sign is not known at the moment - it might be a special call (hopefully 4W6R), or the call sign of the University (4W6UTL) or the call sign of one of the operators (4W6ERC). QSLs will be via EA4URE, direct (EA4URE, P.O. Box 220, 28080 Madrid - SPAIN) or by the bureau. Further information and updates can be found at: www.ure.es/hf/eadx/expediciones/4w2008/home.php?lang=en [MMMonVHF & URE]
==========
International Marconi Day 2008
The 21st International Marconi Day event takes place on the 26th of April next.
Among the stations taking part will be EI0MAR, from the Vintage Radio Museum, located in the Martello tower in Howth, Ireland.
An experimental Marconi wireless telegraphy station was set up at the same location in 1905. The HMS Monarch, with wireless telegraphy equipment aboard, transmitted from various locations in the Irish Sea each time relaying its distance from the receiving station in Howth where signal strengths were logged.
Though not a contest, EI0MAR, as an award station will be eagerly sought

for QSO?s during the event. Visitors are invited to come along and
operate on the day.
The EI0MAR website is: ei5em.110mb.com/ei0mar.html. If you follow links
from that page to the museum page, you can download a free booklet that
chronicles the history of the Martello tower and gives greater details
of the 1905 Marconi tests.
The International Marconi Day event is organised by the Cornish Radio
Amateur Club. Further details and a list of participating award stations
is available at the club's web site: www.gb4imd.org.uk. [Southgate ARC]

Hi friends
On the News page of _www.J5C.EU_ (http://www.j5c.eu/) website, Pascal, F5JSD has put a link to a lot of Souvenir pics from a great Dxpedition to Guinée Bissau.
Enjoy them.
Tks Pascal, J5JSD.

On April 18th, will happen the International Amateur Radio Day
This day, look for Pierre, F5JFU, to be active as HC/p, from the Leucate Lighthouse (DPLF - PB 147) between 1000 to 1600
80, 40 and 20m SSB
All the QSO will be confirmed automatically.
If the weather will be too bad new attempts are scheduled on Apr 19 or 20th.
Tks Pierre, F5JFU
Also will be active this day in HF/SSB and maybe CW, the French Association for Disabled Amateurs, the AFRAH, using his callsign F8AFH/p, from the City of Toucy, in Burgundy (loc JN17)
QSL via F4ABC
Tks Patrick, F4ABC

JAPAN, AS-117

JA2ZLF/2 will be active from Oki Is AS-117
JA2 Aichi pref Look for on the HF bands Aprli 13

QSL to direct or JARL bureau.

This QRV is operation once in six years. It is very rare Island

Tks Yuki JI6KVR IOTA-JA

FALKLANDS and DEEP South:

Glenn Wakefield , VA7MLW is actually about 950 miles to the Falkland islands on
board of his Sailing Yacht Kim Chow. He's solitary sailor, and being an optimal
Ham radio operator, he's been busy on radio the past few weeks making new contacts on 14250 SSB. As soon as the yacht ill cross the Falklands he will head
to Cape Horn.
From that area, when on the Sub Antarctic waters, contacts with VA7MLW/MM will count for both WAP Awards: WAP-WACA and WAP-PSA (Polar Ship Antarctica). Pay a visit to his web site at:

http://www.kimchowahttp://www.kimhttp://www.http://www
(http://www.kimchowaroundtheworld.com/public/index.html)

BENGLADESH

Hi Bill,

I just got an email from John, KX7YT that he will be active again as S21YV from 4/14 to 4/21 from Dhaka, Bangladesh. He was able to secure a second 7 day license for this trip, but is having difficulty securing anything longer term. He will be there until 5/1, and I believe he is returning in late spring or early summer, but I don't have dates for the next trip. It is a spare time operation, and QSL is to the home call.

I was lucky enough to work John for a new one two weeks ago, after maintaining contact with him for several months before the trip. Thank God for email and Instant Messanger for the coordination. We each popped all the way up to 339 on 20M CW for a minute or so get a good one and that was it - he was gone. The path to NA is very tough this time on the cycle and he has significant noise issues where he is.

73,

Don, K2DC
Tks Bill, NG3K

DANEMARK
At Sat. 19.th April OZ5FM / Flemming plan to activate the LH of Roesnaes DEN-034 and Asnaes DEN-121 (Both placed on Sjaelland Island EU-029 and DIA SJ-001).
He will work as OZ5FM/P only on 20m ssb and QSL is via bureau or direct via www.qrz.com

Pse respect He is a novice activator.

A specific time-schedule will be updated a day before the activity at _http://oz7aei.http:/_ (http://oz7aei.qrz.dk/)

Vy 73 de OZ7AEI / Jakob
Tks MDX Club

ARUBA
K9WZB and XYL SharonK7WZB, will be active as P40ZB, between April 16 to 24. 40, 20, 17, 15, 10 , 6M modes CW, SSB yand RTTY. QSL direct to K9WZB.

Hi Bill,

Je viens de recevoir cette lettre de John, KX7YT, qui m'indique qu'il sera
actif de nouveau S21YV du 14 au 21 avril, depuis Dhaka, Bangladesh.
Il a pu obtenir une icence pour 7 jours à l'occasion de ce déplacement, il n'
a pu obtenir une ériode plus longue.
Il sera sur place jusqu'au 1er mai, et je pense qu'il y retournera à la
fin du printemps ou au début de l'été. Ces dernières dates ne sont pas encore
fixées.
C'est une opération à son temps libre.
QSL via KX7YT.
Essayez de le trouver et en particulier en CW sur 20m.
73,

Don, K2DC
Merci Bill, NG3K

DANEMARK
Le samedi 19 avril, OZ5FM / Flemming activera le phare de Roesnaes
DEN-034 et celui d'Asnaes DEN-121 (tous les deux situés sur l'île de

6964. YK1BA DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-11 10:50:32 UTC
From: K1XN
Topic: 6964 Message: 6964

Update on my 2008 YK trip

I will be arriving Damascus on 4/20 evening and should be QRV as YK1BA again from 4/21 till 5/2, returning home to Texas on 5/3. As usual, the purpose of the trip is not a DXpedition, so my operating will be spotty. However, I hope to be able to operate at least 3 - 4 hours a day.

With the current band conditions and my typical operating times, I suspect that I will spend most of my radio time on 30, 40, and 80 Meters. However, I will operate on whatever band (10 -- 80) and mode that have the best propagation at the time. Most probable operating times are between 20:00 - 23:00 UTC or between 02:00 - 05:00 UTC and possibly some occasional activities between 12:00 -14:00 UTC. I will be active on SSB, CW, and TTY.

QSL via N5FF

Please share with the DX community.

6965. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-11 11:34:44 UTC
From: K1XN
Topic: 5889 Message: 6965

*The April 2008 Issue #804-B files have been uploaded to the Golist web
site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder. This
will prevent
any lookup problems for you.

Hallo friends,

just got mail about an special event in july 2008 from several
SV and TA stations on HF , 50 , 144 and 432MHz!

On 13 of July 2008 and after 3200 years we will be climbing up the same
mountaintops with Turkish Hams and will transmit through the hamradio
frequencies a message from Troy – located in N.W Turkey up to Mikines
that is in Southern Greece using a special call on every mountaintop
that the original message passed through...

Folks,
I received a message from Buzz, NI5DX, the Qsl Manager for
YI9WV. Kitch became active on 4/9/08 from Iraq, suing a verticle
antenna and low power radio. He is making a few contacts as his
off time will permit. Look for Kitch on the bands. He is using
CW and SSB. I do not know if he will /does have any digital mode
capibility now or in the future. Would be nice to hear him on RTTY.
Kitch is expected to be active until late November 2008 unless he
is extended.

YI9WV via NI5DX - Direct+SASE <1$/1irc>; Bureau

A correction to the previous post

Buzz let me know that I made some errors in the first post about
YI9WV. Here is the correct info.

YI9WV is operating currently low power using a dipole antenna.
Is operating CW and PSK31. Kitch is expecting his rig to arrive
anytime now and then he will be using 100 watts. Buzz says he will
be using SSB at that time and "hopes" that Kitch will be on RTTY as
well. All contacts thus far have been with Europe and Russia stations.

With the upcoming increase in postage prices, and the increase in
costs of IRCs, now is a good time to stock up on the new style IRCs.
I have 50 of the IRCs for sale at $1.50 each. If all 50 are purchased
at one time, the price is $1.45 each.
Please email me at n5ftr@... for further information.
Thanks for reading.

Hi,
Yes these records are correct. 4D75D is me..DV8AIK.
4D75D is a diamond anniversary callsigh given to an amateur here in
celebration of the Philippine Amateur Radio Assoc. (75 years) Diamond
Anniversary. Start date of 4D75D is from Jan.2008 to Dec.2008.
QSL Direct is preferred but for those stations who are comfortable to
send by the Bureau is ok.
International postage from my QTH cost around $0.75.
Thank you for the communication
Tnx and 73

Hi Friends
CLIPPERTON DX CLUB , 30th Convention :
This year the Poitou Charente région will host the Clipperton DX Club 30th Convention,near the European Picture Center the Futuroscope, in the city of Chasseneuil du Poitou.
Dates : Sept 2008, 19 and 20.
By the speakers , will be taught upon the past 2008 dxpêditions, J5C, VP8DX, TX5C, 9X0R, and many more by some of the hams who went there.
TM8CDX 2008 :

At the occasion _TM8CDX_ (http://www.cdxc.org/dxp/tm8cdx2006/tm8cdx2006.htm) will be activated, this year from September 6th to 20th.
If possible a station will be installed at the site of the convention during Saturday.
HF and may be 144, all modes, CW, SSB and digitals.

QSL manager: Rafik _F5CQ_ (javascript:emailclick(email24())) , either direct or via bureau .
More information : _http://www.cdxc.org/index-e.htm_ (http://www.cdxc.org/index-e.htm)

Tks Rafik, F5CQ

News from 9Q Land

Philippe 9Q1TB (F5LTB) as been appointed to A6
After almost five years in Democratic Republic of Congo, Philippe will leave the region in the coming months and will keep you informed of his last Ham activity day before final departure.
He hope to obtain from authorities an callsign in a reasonable delay and, as a first step, be authorized to use A6/F5LTB.
SM7DJZ remain his qsl manager.

Best 73's
http://www.qrz.com/callsign/9Q1TB
http://www.qrz.com/callsign/F5LTB
Tks Philippe

TAJIKISTAN
F4EOH Jean Bernard will be active on 20 meters SSB, from DUSHAMBE/ DAJIKISTAN, between April 17th to the end of August 2008.
Calsign :EY8/F4EOH
QSL direct (http://nomenclature.ref-union.org/) or according to other instructions.

Tks Jean F4EXA, F5CWU and Ref-Union weekly Bulletin.

TUNISIA:
Tunisia will commemorate the International Ham Radio day between April 18 to 24th.
Callsign: TS78WARD.
The 3V8 Hams hope a lot of you joining them .
QSL via tbe 3V8 bureau, and Please no green stamps strictly forbidden in Tunisia.
Tks Mustapha DL1BDF.

French CASTLES:
On next Saturday, April 19th, look for François, F5JNE along with Gerard, F6ICG, to be active as F5JNE/p, from the Tower Vauban DFCF 58091, in the city of Epiry CP 58800 and Canton of Corbigny DDCF 58-06 .
Othe references : Province Burgundy and Department Nievre/58.
As usually, starting around 0600 utc, 80 then 40m, CW*/SSB.
QSL bureau preferred and SWL cards welcome.
Amitiés François
Tks François, F5JNE.

IOTA JAPAN :

JA4ZKI/4,JE4QIG will be active from No Is AS-117 , JA4 Yamaguchi pref .
Look for on the HF bands May 10-11

QSL to direct or JARL bureau.

Tks Yuki JI6KVR IOTA-JA

NEPAL

JA8MWU Kazu will be stay in Katmandu, Nepal between April 27th and May 5th for his vacation.
He hopes to operate at his free time with 9N7WU on SSB. Look him on 14180, 18120, 21280 and 28480.
QSL via home call.
Tks Toshi, JA1ELY

SCOTLAND:

Hi Bill,

My Name is Kevin Redmond, G6FKE. I am currently the chairman of Sands contest group (M0SCG) over here in the UK. We will be running a small DX-pedition to the Isle of Jura, one of the Inner Hebrides islands off the west coast of Scotland between the 22nd - 29th of September 2008.

We are working in collaboration with Workington ARS and will have a minimum of 10 operators.

We hope to run 3-4 stations , 1 on 20 and/or 15M SSB, 1 on 17M DIGI /
CW, 1-2 on 80/40/160M and 1 on 6M.

We are hoping to get 10K QSO's. We are praying for no solar flares...

I may be barking up the wrong tree but you appear to have access to the
N0HR website and I was wondering if you would be good enough to put our
small DX-pedition on the 'map' for us nearer the time of our departure.

If you have any questions then please mail me.

73. Kev, the hat. G6FKE.
Tks Bill, NG3K.

WORLD LIGHTHOUSE ON THE AIR - WLOTA
Press release
2008 Convention.
The WLOTA (World Light house On The Air) and AAR29 (Association des Amis de la Radio du 29), are hosting the 2008 WLOTA Convention which will be held in Brest West France between April 25-27.
Videos and films will be projected about :
- Mocha Island WLOTA 0684 , Chile, by CE6AMN
- Ouessant island , WLOTA 0208 by F0ELI, F4ELJ and F0ELK
- CHALAUROVA WLOTA 1982, ASIA, elected as the best WLOTA dxpedition 2005.
- CHILOE WLOTA 0750 , Chile, by CA6UTF
- Tenerife (Anaga lighthouse, which is very difficult to reach) WLOTA 1276, by EA8AY
Out the Convention, the well known Electrans ARC, F6KHM, will organize a visit of its facilities especially the EME one’s)
Some other visits to some Britons lighthouses could be scheduled too.

INTERNATIONAL MARCONI DAY, UK
GX8LED, will be active from Daventry Borough Hill, Marconi site from 0000 Sat 26th July till 2400 hrs for International Marconi Day . Frst time from this location for imd _http://www.gb4imd.org.uk_ (http://www.gb4imd.org.uk/) by Northampton radio club and M0DOL, M0DOL, Chris
73s and good luck
Tks Chris, M0DOL

FISTS FAR EAST, CAMBODIA
Fellow FISTS members

I had sent an Email to Harry, JL3AMK concerning sending QSL card for N3VO to
him.
That call is one of the "Other Calls" of Masumi, JA3AVO - # 15029.

Harry confirmed that I could send the card to him and went on to advise that:

Masumi looks like be active from overseas these days.

He'll QRV from Cambodia as XU7AVO from April 17th to 21st.

So, give a listen for XU7AVO.

73, Stan - K4UK
Tks Stan, K4UK

Forwarded with 73 by

Hi Friends

NEW CALEDONIA

From August 12th to 29th, look for Jean-Louis, F5NHJ, to be active as
FK/F5NHJ, from New Caledonia, main island (Grande Terre - OC-032, DIFO FK-001,
WLOTA LH1280)

Mainly on CW and Digital modes on 10 MHz.

During the stay, Jean Louis will try to be active also from one or several
other FK islands. If these QSY happen, information will be given in due time.

The logbook will be uploaded on line while the stay -
http://www.f5nhj.fr/logsearch (http://www.f5nhj.fr/logsearch) - and will be uploaded on LOTW,
when beeing back home.

QSL according to the instructions.

(QRZ , Bukmaster and French callbook F5NHJ's addresses are beeing to be
changed)

More information to follow.

Tks Jean Louis, F5NHJ.

BRUNEI:

(http://groups.yahoo.com/group/GOLIST/message/6987;_ylc=X3oDMTJxa2puNTExBF9TAzk3MzU5NzE1BGdycElkAzkwMjY4NjYEZ3Jwc3BJZAMxNzA1MDYzMTA4BG1zZ0lkAzY5ODcEc2VjA2Rtc2cEc2xrA3Ztc2cEc3RpbWUDMTIwODQ0NDY3Mw--)
HI
I am going to Brunei to morrow and I have just had confirmation of my
callsign - it will be V8FRO.

73 - John - 9M6XRO (ISWL 9M6-6982 - RNARS 0437)

Tks John, K1XN and the Golist

PUERTO RICO

RADIO OPERATORS COMMEMORATE WORLD AMATEUR RADIO DAY APRIL 18th
ACTIVATING ISLAS DE CABRAS (GOATS ISLAND) IN TOA BAJA PUERTO RICO

The callsign used will be KP4DJ and will operate in CW, SSB and possibly digital
modes. QSL info via WP4F - Daniel Ponce (_www.qrz.com/callsign/wp4f_ (http://www.qrz.com/callsign/wp4f)).

6992. I.C.P.O. Bulletin (April 17 - 25, 2008)

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-17 19:26:55 UTC
From: Dave Raycroft
Topic: 6992 Message: 6992

I.C.P.O. Bulletin (April 17 - 25, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

15/04/2008: Michael, PA5M will be active starting April 15th from Uganda as 5X1DX. The main reason for his stay is his work for the UN World Food Program. Operations will be in spare time only, most likely during his local evenings or weekends. QSL via PA7FM. [WTDXA]

17/04/2008: Witek/SP9MRO and Marian/SP9CTT will be active as 6V7K and 6V7J (requested calls) from Senegal, April 17th to May 5th. They will operate CW, SSB, PSK31 and RTTY on 160-10 meters, with an emphasis on 160-30 meters. QSL 6V7K via SP9SX, QSL 6V7J via SP9CTT. [425 DX News]

17/04/2008: Jean Bernard, F4EOH will be active as EY8/F4EOH, on 20 meters SSB, from Dushanbe, Tajikistan, between April 17th and the end of August 2008. QSL direct (http://nomenclature.ref-union.org/) or according to other instructions. [F5NQL]

17/04/2008: Ray/K9DUR and Pam/KC9JMA will be homecall/p from Dauphin Island (NA-213, USi AL-002S, Mobile County), Alabama, from April 17-22nd. Look for activity on the usual island and IOTA frequencies. QSL via home call, direct or bureau. [RSGB IOTA]

17/04/2008: In a combined effort, John/9M6XRO (ISWL 9M6-6982 - RNARS 0437) and Gerben/PG5M will be active from the lodge of Ambran V85SS in Brunei (OC-088). They will be active as follows: from April 17-23rd John, 9M6XRO using the call sign V8FRO; from April 18-21st Gerben, PG5M using the call sign V8FGM. Equipment will be JRC 245 and antennas are Mosley TA-53-M, a full wave dipole for top band as well as 2 verticals covering all bands including WARC. QSL cards for the operation by 9M6XRO will go via his manager M3SDE (note that his previous manager passed away (SK) just three weeks ago) and QSL's for the operation by PG5M to the home call. Further info and updates at: www.dx.to/ [PG5M]

17/04/2008: Masumi, JA3AVO (FIRST Far East member #15029) will be QRV from Cambodia as XU7AVO from April 17th to 21st. QSL via home call (QRZ.com) [K4UK]

18/04/2008: Halvard/LA7XK, Just/LA9DL and Erling/LA6VM will be active as 9M6/homecall from Layang Layang Island, Spratly Islands (AS-051), April 18-25th. Expect 9M6/LA6VM to concentrate on CW, while 9M6/LA7XK and 9M6/LA9DL will operate SSB, RTTY and BPSK. They will be their testing a new remote station. QSL via home calls, direct or bureau. [NG3K & 425 DX News]

18/04/2008: Operators BD7MB, BD1FJP, BG7KEB, BA7IN, BD7IXG, BD7OE, BG7LDM, BG7LVL, BG7KEH, BG7IOE, BG7IFJ, BG7IEF, BG7IJS, BG7IIC, BG7IEU, BD8GD and BG7LRJ will be QRV April 18-20th from Miaowan Island (AS-129) using the call sign BY7KP. They expect to work on 7, 14, 21 and 28 MHz using SSB, RTTY, PSK31 and SSTV. QSL direct (Zhuhai Amateur Radio Club Station, P.O.Box 08, Jintang, Zhuhai, Guangdong, 519080 CHINA) or bureau to BY7KP. Website: http://www.zhcq.net/ [RSGB IOTA]

18/04/2008: On April 18th, look for Pierre, F5JFU to be active as homecall/p, from the Cape Leucate Lighthouse (DPLF PB-147, ARLHS FRA-230, WW Loc. JN12MU) between 1000 to 1600 UTC on 80, 40 and 20 meter SSB. All the QSO will be confirmed automatically. If the weather is bad new attempts are scheduled on April 19th or 20th. [F5NQL]

18/04/2008: Yoshi, JE2EHP will be active from Guam Island (OC-026, USi GU-003S, also count for WLOTA LH-0064) as K1HP/KH2 between April 18th and 21st, using SSB and CW on all HF bands plus 6m. QSL via JE2EHP, bureau preferred. [JE2EHP]

18/04/2008: For World Amateur Radio Day (April 18th) KP4DJ will be active from Isla de Cabras (USi PR-012, Not IOTA, Cata?o county), Puerto Rico. They will be trying to qualify this island for the US Islands Award Program. Activity will be on the HF bands, using CW and SSB. QSL via WP4F. [USi]

18/04/2008: U.S.A., 6 Meter ROVER Trip by Al, WA4EWV. The following is a tentative schedule for 6 Meter operation as a "rover". April 18: Depart home for Ozark, AL - Grid:EM71; April 19: Head for Troy, AL - Grid:EM61; April 20: Head for Montgomery, AL - Grid:EM62; April 21: Head for Opelika, AL - Grid:EM72; April 22: Head for Chattanooga - Grid:EM74. Al will stay in Chattanooga until the 25th. April 25: Depart Chattanooga early for Macon, GA - Grid:EM82; April 26: Head for Tifton, GA - Grid:EM81; April 27: Head for Apalachicola, FL [area] - Grid:EL79 most likely stay 2 or 3 days. Depends on weather. Al will do his best to operate in the PM after arrival, then the AM before they leave. Some of the legs are quite short, so he will be able to operate longer. All operation will be on 6 meters using the TS-2000, TE Systems 0510G and the Diamond A502HB two element beam. QSL via his home call. [N8OFS]

19/04/2008: Look for Dov, 4Z4DX to be QRV in the Holyland Contest (April 19th, as 4Z4DX/p from Pesach-Passover, Mamshit, Isreal (Holyland Grid H26BS). QSL via home call. Details of his location can be found at www.mamshit.co.il/ [4Z4DX]

19/04/2008: Fran?ois/F5JNE along with Gerard/F6ICG will be active as F5JNE/p from the Tower Vauban (DFCF 58-091), in the City of Epiry (CP 58800), canton [county] of Corbigny (DDCF 58-06), Department Nievre/58 and Province of Burgundy (DPF 05). As usual, starting around 0600 UTC on 80m then 40m, CW and SSB. QSL via F5JNE, direct or by the bureau. SWL cards are welcome. [F5NQL]

19/04/2008: Freddy, F8CKS/p will be QRV April 19th from the Castle La Bourlie (DFCF 24-096), located in the commune of D'Urval (CP 24480),

canton [county] of Buisson De Cadouin (DDCF 24-07), Department Dordogne/24 and Province of Aquitaine (DPF 02). Activity will be on 80 and 40m SSB. QSL via home call, direct or bureau. [F8CKS]

19/04/2008: Jurgen, DJ2VO will be QRV April 19th to May 8th as FJ/DJ2VO from St. Barthelemey Island (NA-146, WLOTA LH-0377). Activity will be on 80-10m using IC706MK2G at 100W, 10 meter vertical antenna with 24 radials and smart tuner. QSL via home call, direct or bureau. [NG3K]

19/04/2008: Members of the Barry Amateur Radio Society (GW4BRS) will activate from the isle of Guernsey (EU-114, LH-0013) using the special call GB0U on a number of bands and modes from April 19-25th. The team so far includes club members from Wales and Germany, Glyn/GW0ANA, Curtis/MW0USK, Markus/DL9RCF, Alois/DL8RBL and Franz/DJ9ZB. QSL route is direct via manager GW0ANA or RSGB bureau. [OPDX]

19/04/2008: Jean-Pierre, ON4LBI/p will be QRV April 19th from the Castle of Taravis?e (BCA NM-040, for the Belgium Casltes Award), located at Fosses-la-Ville. Planned activity will be on 80 and 40m SSB. QSL via home call, direct or bureau. [ON4LBN]

19/04/2008: Look for Flemming, OZ5FM/p to be active April 19th from the lighthouse of Roesnaes (ARLHS DEN-034) and Asnaes (ARLHS DEN-121), both located on Sjaelland Island (EU-029, DIA SJ-001 for the Danish Islands Award). QRV only on 20 meter SSB. QSL via home call, direct or bureau. A specific time schedule will be updated a day before the activity at oz7aei.qrz.dk/ [F5NQL]

19/04/2008: Alex Barski/VE3KF, Igor Slakva/VE3ZF and Igor Mordik/VE3KAO will be active April 19-20th as VE3KF from Manitoulin Island (CIsA ON-001) during the Ontario QSO Party. QSL direct to VE3KF. [425 DX News]

20/04/2008: Kevan, 2E0WMG and Mark, M0MJH will be active from the Isle of Jersey (EU-013, LH-0818) as 2J0WMG and MJ0MJH, respectively, between April 20th and 26th. They also hope to activate Les Minquiers Reef (EU-099) during their trip. Note: If heard or worked, 2J0WMG is valid for the ISWL's Monitor Award. The QSL route will be via our home calls as on QRZ.com. [Pete's-DX-Newsdesk]

20/04/2008: Martin, G3ZAY (NU2L) and Dominic, M0BLF (W6/M0BLF) plan to be QRV from Santa Catalina (NA-066, USi CA-016S, Los Angeles County) from 2300 UTC April 20th to 2000 UTC April 21st, and from Santa Cruz (NA-144, USi CA-012S, WLOTA LH-0813, Santa Barbara County) from 2000 UTC April 22nd to 2200 UTC April 23rd, State of California. QSL via home calls. [425 DX News]

21/04/2008: Gavin, W9EYE will be going back to Pago Pago, Tutuila Island (OC-045), to do some missionary eye surgery from April 21-27, and hopes to be active as AH8/W9EYE in spare time. He will try to be QRV 80-10m, high power, as propagation allows, using SSB and hopefully RTTY. QSL via home call as instructed on QRZ.com for W9EYE. [NG3K]

21/04/2008: Saad, N5FF will be arriving in Damascus, Syria, the evening of April 20th and should be QRV as YK1BA again from April 21st to May 2nd, returning home to Texas on May 3rd. As usual, the purpose of the trip is not a DXpedition, so his operating will be spotty. However, Saad hopes to be able to operate at least 3 - 4 hours a day. With the current band conditions and his typical operating times, he suspects that he will spend most of his radio time on 30, 40, and 80 meters. However, Saad will operate on whatever band (10-80m) and mode that has the best propagation at the time. Most probable operating times are between 2000-2300 UTC or between 0200-0500 UTC and possibly some occasional activities between 1200-1400 UTC, using SSB, CW and RTTY. QSL via N5FF. [WTDXA]

22/04/2008: Helmut, DL1ECU/p and Rolf, DK1DN/p, will work with two stations from Hallig Langeness (EU-042, N-19 for the German Islands Award, WLOTA LH-1245) between April 22nd and May 3rd. Look for activity on all HF bands. QSLs via home calls. [DX Newsletter]

22/04/2008: Bob, N9QGU, will be active from the island of St. Martin (FS, NA-105, WLOTA LH-0383) for about two weeks starting April 22nd. He reports that he will be operational on 20-10 meter SSB, early mornings and late afternoon. Bob states, "Last year during a two week period in May, I made over 1000 contacts from St. Martin. I worked most of them on 17 meters. It had the best band conditions." [OPDX Bulletin]

23/04/2008: Glen, W5IF will be active from the Island Villa Contest Club (WP2Z), Windwood Estates, island of St. Croix (NA-106, WLOTA LH-2477) from April 23-30th. He will be QRV as KP2/W5IF, working all bands with special emphasis on WARC and RTTY. QSL via home call, LoTW and bureau. [NG3K]

24/04/2008: John, K9EL will be in French St. Martin Island (NA-105, WLOTA LH-0937) April 24th through May 4th on a family vacation and will operate as FS/K9EL whenever possible. He will be using an IC7000 and verticals for 10-80m, mainly CW and SSB. RTTY is possible as well. Please QSL to his home call, Bureau cards OK. [WTDXA]

24/04/2008: Members of the Ukrainian DXpeditioners Team (UDXT) have announced plans for a DXpedition to the Galapagos Islands (SA-004). Team members include Sergey/UX0HX (HC8/UX0HX), Max/UZ1HZ (HC8/UZ1HZ), Len/UR3HR (HC8/UR3HR) and Alex/UT5UY (HC8/UT5UY). Plans are for activity to be on 6 through 160 meters, using CW, SSB, PSK and RTTY from April 24th to 29th. They will be emphasizing the low bands as well as 12, 17 and 30 meters. Two stations will be used. The UXDT has a Web page at: www.dxer.com.ua/. This expedition is being made possible due to financial support of UX0HX and UZ1HZ. QSL via the operator's home call either direct or through the Ukrainian bureau. [50MHz Notebook]

24/04/2008: Noantri DX & Contest team members Andy/IZ0EHO (CW/SSB), Vincenzo/IZ0FKE (Digital/SSB), Alberto/IZ0FMA (Digital/SSB) and Claudio/IZ0GKX (Digital) will be active as IE9N from Ustica Island (EU-051, IIA PA-001, MIA MI-116, WLOTA LH-0848) between April 24th and May 1st. QRV on all HF bands, plus 6 meters, using all modes. Operators

will focus their attention to low and WARC bands (especially 80 and 160m). Also a 50MHz beacon will be on air as IE9N/B. QSL via IZ0FKE, direct or bureau. [MMMonVHF]

24/04/2008: Lazaro/CO2WL, Gamboa/CO3VK, Jorge/CO3LF, Sandor/CO7SF, Josue/CO7RR and Gerardo/CO7GG will be active as T47C from Cayo Romano (NA-086), April 24-27th. They plan to operate CW (1830, 3505, 7010, 10110, 14020, 18070, 21010, 24895 and 28020 kHz), SSB (1850, 3720, 7050, 14200, 18145, 21250, 24940 and 28490 kHz) and RTTY (7035, 14080, 18100 and 21080). QSL direct to IZ8EBI (www.qslman.eu). [425 DX News]

24/04/2008: Franck, F4DTO along with his father Patrick, will be active from Elbassan, Central Albania, using the call sign ZA/F4DTO between April 24th and May 4th. QRV 20, 17m and emphasis on 10m SSB, with FT-100 into a 1/2 wave vertical on 10m and dipole on the other bands. QSL only direct (bureau cards are not delivered to Frank). See address on QRZ.com. Please enclose SAE + postage (1$ or 1 valid IRC for Europe, 2$ or 1 valid IRC for elsewhere). [F5NQL]

25/04/2008: Gerard, F2VX is going to the island of Martinique (NA-107, DIFO FM-001, WLOTA LH-1041) between, April 25th and May 8th. He will be QRV as FM/F2VX on all HF bands, using SSB. QSL via home call, direct or bureau. [F5NQL]

==========

LOOKING AHEAD -

26/04/2008: On the occasion of Viry Radio 2008, Radio Club F5KEE/p will activate the Castle of l'Arbalete (DFCF 91-046) located in Department Essonne/91, Province of Ile-de-France (DPF 21) on April 26th. Look for activity mainly on 40 meter SSB. QSL via home call, direct or bureau. [F5PRR]

27/04/2008: JA8MWU, Kazu will be stay in Katmandu, Nepal between April 27th and May 5th for his vacation. He hopes to operate in his free time as 9N7WU on SSB. Look him on 14180, 18120, 21280 and 28480 kHz. QSL via home call. [NG3K]

01/05/2008: Frank/DL2SWW and YL Gabi/DF9TM will be QRV May 1-6th as 5B/homecall from the island of Cyprus (AS-004, MIA MCI-002, WLOTA LH-0051). Activity will be on 80-10m, mainly CW and SSB. QSL via home calls, direct or bureau. [RSGB IOTA]

01/05/2008: The Lighthouse of Punta Piedras (ARLHS ARG-058, Grid GF14) will be on the air from May 1-4th on 80 and 40 meter SSB, by the operators of the Group Mistongo of DX of R.C. Tandil, namely Santos/LW7DAF, Jos? Antoine/LU4EHP and Anibal/LU3ES. This lighthouse was inaugurated in 1917; it has a 31 metre height. QSL via Radio Tandil LU2EE club, C. C. 184, 7000 Tandil, BA, Argentina. [F5NQL]

01/05/2008: Members of the The Nanaimo Amateur Radio Association (VE7NA) will air the special call sign VE7NARA from May 1-30th to celebrate the clubs 60th Anniversary. The Nanaimo Amateur Radio

Association is made up of members of the community stretching from Courtenay to Duncan on Vancouver Island (NA-036, CIsA BC-001, also count for WLOTA LH-0858). QSL via VE7FCO. [RAC]

05/05/2008: Tom, W4JKC will be QRV May 5-10th as HP4/W4JKC from Colon Island (NA-088, Bocas Del Toro Province), Panama, on 40-10 meter CW and SSB. QSL via home call, direct or bureau. [RSGB IOTA]

05/05/2008: Fred/SM7DAY and Jan/SM7NGH will be QRV May 5-12th from Oland Island (EU-037, WLOTA LH-0588) as SM7DAY/p. Look for activity on most HF bands, CW and SSB. QSL via home call, direct or bureau. Website: sm7day.ah.to/ [RSGB IOTA]

10/05/2008: JA4ZKI/4, JE4QIG/p will be active from No Island (AS-117, JIIA AS-117-106), JA4 Yamaguchi prefecture, on the HF bands May 10-11th. QSL via home calls, direct or bureau. [JI6KVR]

24/05/2008: Look for TF3CW to be QRV May 24-25 during the CQWW WPX CW Contest as a Single-Op/Single-Band (20m) entry. QSL via LX1NO. [NG3K]

24/05/2008: Look for Ron, VA3RVK to air special call sign VB3E during the CQ World Wide CW WPX Contest (May 24-25th). QSL via VA3RVK, direct (Ron Vander Kraats, 9 Jopling Avenue South, Islington, ON M9B 3P4, Canada) or via the VE3 QSL bureau. [RAC]

24/05/2008: Gilles, VE2TZT will be active as VC2M from Ile Bizard (QC-027 for the Canadian Islands Award), Quebec, during the CQ WPX CW Contest (May 24-25th). QSL via VE2TZT direct or bureau. [RAC]

31/05/2008: Ben, OZ6B will be QRV May 31st to June 7th as SV5/OZ6B from Ialyssos village on Rodos Island [aka Rhodes] (MIA MGD-028, WLOTA LH-0045), Dodecanese Islands (EU-001). He plans to focus on 20 meter SSB. QSL via home call. [NG3K]

01/06/2008: Maurice-Andre, VE3VIG will air special event call sign VC3C between June 1st and July 30th to celebrate the 400th anniversary of the Founding of Quebec City and the Champlain Trail. QSL via VE3VIG direct (Maurice-Andre Vigneault, PH2-400 Montfort Street, Ottawa, ON, K1L 8G6 Canada) or by the bureau. [RAC]

03/06/2008: John, VE6JDD, will air special event call VC6CTCU from June 3-8th to celebrate the anniversary of the arrival of the First Portuguese Immigrants to the City of Edmonton, Alberta. Activity will be on 14.195 to 14.205 MHz, as well as 7.155 (+/-). He will also try to cover CW on 14.020 MHz. QSL via VE6JDD (John S. Melo, 5236-157 Ave NW, Edmonton, Alberta T5Y 2X6, Canada). Contacts are asked to send a QSL card and an IRC to help offset the cost of printing and sending the Certificate which will be awarded. Further information can be found at: www.melo.ca/ [VE6JDD]

04/06/2008: Look for Gordon, G3USR to be QRV June 4-8th from the isle of Yell (EU-012, IOSA SH-03, SCOTIA SI-20), Shetland and Fair Isles, using the call sign GM3USR/p. Operating 100W SSB only on 40-6m. Locator

will be IP90JM or nearby. 40m antenna will be a vertical or dipole, HF a 5 band Spiderbeam and 50Mhz a 3 element yagi. QSL via G3USR, direct preferred but bureau ok. [RSGB IOTA]

14/06/2008: Special call sign SX2MT (Makedonian Tombs), will be active in the International museums week end (June 21-22nd). They will also be active June 14-15th . Activity from the Museum of Vergina - Royal Tombs. Hellas-Greece. Operators include Kostas/SV2CWV, Diana/SV2HRV (DL2HRV), Archelaos/SV2KBB and Kostas/SV2LBB Kostas. Museum number I.M.W. #5178. EPC Nr. #3701 (WW Loc. KN10DL). QSL via SV2KBB, direct only or eQSL. [F5NQL]

08/07/2008: The 'DXciting' team will activate Christmas Island (OC-002) from July 8-20th. Operators mentioned are Marq/VK9XWW (CT1BWW), John/VK9XHZ (EA3GHZ), Henry/VK9XOR (EA5EOR) and Dina/VK9XME (EC5BME). They will operate with 3 stations (1 high-power and 2 barefoot at 100W) on 160-6 meters using CW, SSB, RTTY, PSK31 and SSTV. Pilot sations: Africa - ZS1AU, Asia -JA8BMK, Europe - EA4TD, Ocenia - ZL2AL and VK2CZ, and North America - K4SV. QSL card goes via EA4URE direct or by the bureau. The official web site is at: www.dxciting.com/vk9x/ . The team is looking for help, contributions and SPONSORS to cover the big costs of this DX-pedition. [ZL2AL]

11/07/2008: A Greek ancient system of communication with fire from torches above mountaintops is called fryktories from fryktos that means "the torch" in Greek. On July 13th and after 3200 years we will be climbing up the same mountaintops with Turkish Hams and will transmit through the hamradio frequencies a message from Troy - located in N.W Turkey up to Mykines that is in Southern Greece using a special call on every mountaintop that the original message passed through. The same mountaintops are mentioned from Aeshylus in his drama "Agamemnon" and they are the ones that brought back to the Mikines city the message that Troy has fallen into the hands of the ancient siege army. The transmitted message will be passing along the nodes on the 2m band from one station to another. The special calls that will be used through this campaign will be: Turkey - Mountain Ida (Troy) to be announced; Greece - SX8FRA Lemnos Island; SX2FRB/A Athos mountain; SX8FRC Kandili Evia, SX1FRD Mesapio, Biotia; SX1FRE Kitheronas; SX1FRF Gerania; SX3FRG Arachneon, Peloponisos; and SX3FRH Mikines. Every Station will have at least 2m SSB/FM capability with yagi antennas. Before and after the event every station will be trying to make as many QSO's as possible with the special calls. Also that day we expect that many other hilltops will be activated in 2m band from other Greek and Foreign hams that will be joining this event. Nik, SV1EEX will be QRV from Kitheronas mountain with the call SX1FRE. Along with him will be SV1EOS, SV1JGX and SW1JGW. GRID Loc: KM18OE. They will be active July 11-14th on 80-2m + 70 cm. Modes will be SSB/FM/SSTV/RTTY/PSK and will try MS + JT6M. Also will try FM LEO SATS. QSL will be via the bureau. Further information can be found at: sx1fre.blogspot.com/ [SV1EEX]

24/07/2008: Look for Lars, DF1LON to be QRV July 24-31st as CT3/DF1LON from Madeira Island (AF-014, DIP MA-001, WLOTA LH-0053), with an entry in the RSGB IOTA Contest (July 26-27th) included. QSL to home call, direct or bureau. [NG3K]

25/07/2008: Operators Hans-J?rg/DO3HJW, Andreas/DD8ZJ, Michael/DG5LAC, Petra/DB1LPS, Georg/DK7LX and Olaf/DL4HG will be active as DA0T/p from Neuwerk Island (EU-127, N-12 for the German Islands Award, WLOTA LH-2311) between July 25th and 27th, RSGB IOTA contest included. Activity will be on 10-80m, including WARC bands, using CW and SSB with 100W and two Stations, verticals and dipoles. QSL via the DARC bureau. [RSGB IOTA]

26/07/2008: GX8LED, will be active from Daventry Borough Hill, Marconi site from 0000-2400z Saturday, July 26th for International Marconi Day. Frst time from this location for IMD (www.gb4imd.org.uk/) by the Northampton Radio Club (G8LED) and Chris, M0DOL. QSL via M0DOL, direct or bureau. [F5NQL]

22/09/2008: The Sands Contest Group (M0SCG) will be operational as MS0SCG from the Isle of Jura (IOSA NH21, SCOTIA CS28), Inner Hebrides (EU-008), September 22-29th. The location will be Jura House on the edge of the island. They are working in collaboration with Workington ARS and will have a minimum of 10 operators. The group hopes to run 3-4 stations: 1 on 20 and/or 15m SSB, 1 on 17m DIGI/CW, 1-2 on 80/40/160m and 1 on 6m. Further information at: m0scg.blogspot.com/ [M0SCG]
==========
SPECIAL EVENTS -

01/04/2008: The FISTS CW Club's special call GX0IPX (FISTS #1) will be active during the month of April from the QTH of G3VVP located in Plymouth, England. For members working towards awards/participating in EU sponsored activities etc., the call is worth 5 points. (Exception the WARC activity where its worth 3 points). QSL via M0CDL. [M0BPT]

18/04/2008: World Ham Radio Day will be held on April 18th and the French IARU Society the REF-Union, and their Associated members will sponsor a lot of activities like traffic, Shows on the air, elmering and how to do and so on. Keep an ear on the bands. Announced stations that will be on the air are: F5REF (Ref-Union), F8UFT (French CW Society) and F8AFH (French Ham Society for disabled). [F5NQL]

18/04/2008: Special callsign TM2MP will be aired from April 18th to May 1st to celebrate the 150th anniversary of the birth of Max Planck, father of the quantum theory and Nobel Prize in physics (1918). QSL via F6KTN. [425 DX News]

18/04/2008: Tunisia will commemorate the International Ham Radio day between April 18 to 24th using the special call sign TS78WARD. QSL via tbe 3V8 bureau, and please no green stamps as they are strictly forbidden in Tunisia. [F5NQL]

20/04/2008: Special callsign OL76CAV will be aired April 20th from the Czech Republic to mark the 76th anniversary of the founding of Ceskomoravsti Amateri Vysilaci (Czech-Moravian Transmitting Amateurs, www.c-a-v.com/). QSL via OK1UU. [425 DX News]

22/04/2008: TA1HZ and the "TC Special Wireless Activity Team" (tcswat.tripod.com/) will operate as TC57A from April 22-26th in remembrance of the role played by the 57th Infantry Regiment of the Turkish Fifth Army during the Dardanelles Campaign (Canakkale Savaslari) in 1915. Expect activity on 15, 17, 20 and 40 meters. QSL via TA1HZ. [425 DX News]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

6993. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-17 22:33:16 UTC
From: K1XN
Topic: 5889 Message: 6993

*The April 2008 Issue #804-C files have been uploaded to the Golist web
site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder. This
will prevent
any lookup problems for you.

From: Dave Raycroft
Topic: 6994 Message: 6994

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
From Didier F5OGL...

"The operation for Glorioso 2008 must be delayed for some weeks. The commandement of the south zone of the Indian ocean announced us due to the fact that important works of facilities will take place on the island. During two and a half months, at the beginning of June, shelters anti cyclonic will be build to protect the military personnals and some equipment for the weather station.

Due to the number of persons who will be on the island during the same period, we decided with the military commandement of force of the south zone of the Indian ocean to do this DXp?dition when these works will be ended.

The exact dates will be define according to the operational occupation of the military transport in this region but we hope to accomplish this operation to the end of September or the beginning of October.

This leaves us the time to improve our preparations and, we thank you all those who contribute to the realization of this plan and firstly the military authorities of the Reunion island and our financial and equipment sponsors."

6996. Gloriosos 2008

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-19 07:53:39 UTC
From: F5nql@aol.com
Topic: 6996 Message: 6996

Hi friends

This is the only one OFFICIAL PRESS RELEASE for GLORIOSOS 2008.

Didier, F5OGL, team leader communicates to the DX list managed by Maurice, F5NQL:

The Glorieuses 2008 dxpedition has to be postponed for some weeks.
The High Commandment for the Indian Ocean south zone (French Forces) announced us that important works of infrastructure have to be built on the island.
During two and a half months, starting at the beginning of June, anti-cyclonic shelters will be built to protect, if necessary, in the future, the military crews working there and some other important pieces of gear, used for the meteorological and forecast activities.
Because of the important number of persons who will stay at the same time, on the island, we decided in agreement with the Commandment of the Indian Ocean south zone Forces, to postpone this Dxpedition after the end of these works.
The exact dates always remain to be defined according to the operational plannings of the military transport in this region.
We hope some good news allowing us to go to the Glorieuses at the end September or the beginning of October.
This new delay will be used by the crew to perfect the preparations.
We already thank all of you who contribute to the realization of this project, and first the Military Authorities of the Reunion island, as well as the financial and material sponsors.
The authorisations are not cancelled at all.
I'll give you any new information, as soon as possible.
73 de F5OGL Didier - team leader for Glorieuses 2008

Forwarded with 73 by

Don't forget to inform us about any change in your e-mail address.

Voici le communiqué officiel concernant l'expédition Glorieuses 2008, transmis pas Didier, F5OGL, team leader, à Maurice, F5NQL, Liste DX de l'UFT:

L'opération Glorieuses 2008 doit être repoussée de quelques semaines. En effet, le commandement de la zone sud de l'océan indien nous a fait part du fait que d'importants travaux d'infrastructure devaient avoir lieu sur l'île. Pendant deux mois et demi, à compter du début du mois de juin, des abris anti cycloniques sont réalisés pour protéger les membres des détachements militaires et certains types de matériel météo.

En raison du nombre important de personnes qui se trouveront sur l'île pendant la même période, nous avons décidé en accord avec le commandement des forces de la zone sud de l'océan indien de réaliser cette DXpédition après la fin de ces travaux. Les dates exactes restent toujours à définir en fonction de l'occupation opérationnelle du transport militaire dans cette région mais nous espérons réaliser l'opération fin septembre ou début octobre.

Ceci nous laisse le temps de parfaire nos préparatifs et à ce titre, nous remercions d'ors et déjà tous ceux qui contribuent à la réalisation de ce projet et en tout premier lieu les autorités militaires de l'île de la Réunion ainsi que les sponsors financiers et matériels.

Les autorisations ne sont pas remises en question et je donnerai tout renseignement complémentaire dès que possible.

73's de F5OGL Didier - team leader de Glorieuses 2008

Retransmis avec ses amitiés par :

6998. DAYTON HAMVENTION INFO - MUST READ!!!!

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-19 21:37:57 UTC
From: K1XN
Topic: 6998 Message: 6998

FYI:

HAMVENTION ATTENDEES NEED THIS WEB SITE IN YOUR INTERNET BROWSER

To all amateurs radio operator's attending May's Dayton Hamvention

All hams, especially if you live in Ohio, are well aware of the Yellow Barrel Plague which infects Ohio's highways and byways this time of year. The Dayton Hamvention committee is warning everyone that the 2008 Show may become a traffic nightmare if you do not have the right traffic route information.

Thus the Committee has on it's web site the alternate routes and possible tie up traffic problems to make your Hamvention experience as much as enjoyable one as always.

Check now and check often, between now and May 16th -Hamvention's first day, the following URL to avoid traffic tie ups:

http://www.hamvention.org/hv2008/media/trafficnews.html.

And enjoy the show.

Bill,
Sri for the delay.
The correct call is ''MJØX'' (Its my Contest Call 'MØX' with the regional locator included of 'J' for 'Jersey'.

Hope thats clear so just to confirm.....

'GB8LMI' (GB8 Les Minquiers Islands) 23 to 29 July (outside IOTA Test)
'MJØX' (Les Minquiers islands) 26-27 July ONLY for IOTA Test.

Thanks Bill. I have checked my outgoing 'information' and it is
correct, it must have got mixed up somewhere along the line!

Regards,

Charles

Date: 2008-04-22 20:08:39 UTC
From: F5nql@aol.com
Topic: 7002 Message: 7002

Hi friends:
KH9 - WAKE ISLAND, OC-053
K2PF who is the QSL manager of Colin,WA2YUN/K2PF who is the QSL manager
active mainly on 60m, but also on 20m, 17m and 30m. He might be louder
in EU when he has beams and a power amplifier available in a few weeks.
Tnx DXNL
ZF2 - CAYMAN ISLANDS, NA-016
Gerd,DL7VOG, is informing us about his upcoming trip to the Caymans:
"I will be QRV as ZF2GU from Grand Cayman Island (NA-016) between
Apr 28 and May 14. As usual I will work on all open bands with my
minimal machinery IC-706MK2G, HF9V for 80m-6m and Inverted L for 160m.
I prefer operating in CW and RTTY - SSB upon request. There is a good
internet access so I will update my log daily. You can find it at:
http://www.qslnet.http://w (http://www.qslnet.de/zf2gu) QSLs should be
sent via DL7VOG preferably
in this order: via buro, via e-mail request to _qsl@..._
(mailto:qsl@dl7vog.de) or direct.
The QTH looks promising, only a few neighbours and only little distance
to the sea. I hope there will be only little QRM/QRN. 73, Gerd/DL7VOG.
Tnx DXNL

73, Bill/NG3K

QSL information
1st) needed :
Hi !

Any news about VP8DJJ QSL's Manager ?
QRZ.com = Nothing for the moment...

Vy 73's.
Seb. HB9ICC (_ham2@..._ (mailto:ham1@...)))
Please info also to F5NQL (_f5nql@..._ (mailto:f5nql@...)) Mehdi,
F5PFP (_f5pfp@..._ (mailto:f5pfp@...)), Gianni I1HYW
(_varettos@..._ (mailto:varettos@...)) and Massimo, IK1GPG (
ik1gpg@virgilio.it (mailto:ik1gpg@...) .)
2nd)
To answer some of you who asked for Phil, TT8PK/F4EGS' address :
The correct one is :
KOCH Phillipe
Le Cottereau
37320 SAINT BRANCHS
Know that Philippe works is in the French Army. He hasn't any QSL manager;
he manages himself his cards, when he is at home between two assignments, the
most of then beeing out of Metropolitan France.
So be a little bit patient.
Phil works either direct or via the French Bureau as he says on his QRZ.Com
pages (F4EGS, TT8Pk and so on)
Those who sent their card at the old address haven't to send an other card.
All of the cards received in the city of ESVRE, are regularly forwarded to
Phil, by his parents in law.
Thanks Flo, F5CWU

Italian and Swiss Castles activities :
Dear Friends,
This is a short description of our activities for the next week end 25th to
26 April 2008, with our HB9 callsigns and a special one for the EU 2008
Football Championship HB2008RL , of our Radio Club Locarno HB9RL . The rules are
on the web pages of the latter.(_http://www.hb9rl.ch/_ (http://www.hb9rl.ch/)
)
1) Friday the 25th of April: Before to leave for HB9 Luciano will use his
italian callsign IK2QPO together with Carlo IK2FOE and Tino IK2EXH from the
DCI-PV051 Carpignanbo Castle, new one, bands from 80 to 2m, phone, Luciano will
be first on the air, after reaching the Quorum with his call he will leave
for HB9, while Tino and Carlo will go on activating all day long with their
own callsign.
2) Saturday 26th of April we will use our HB9 callsigns HB9TZXA and HB9FBI,
and also the club callsign HB2008RL/p from DCS-ZH021, the Castle of
Regensburg, new one ; we will also be activating Swiss Lakes, WASL-ZH005 and maybe
the WASL-ZH006 too; the QSOs will also be valid for the H26 , Canton ZH.
3) same day on the afternoon with the same callsigns we will be operating
from DCS-SO010 Falkenstein Castle, also valid for H26 Canton SO.
Hope to meet you on the air, 73 de Augusto HB9TZA / I2JJR
EVERY HELP WITH THE CLUSTER WILL BE WELCOME!
Tks Augusto, HB9TZA / I2JJR

Bonjour à tous :
KH9 - WAKE, OC-053
K2PF qsl manager de Colin,WA2YUN/K2PF qsl manager de Colin,WA2YUN/<WBR>KH9, indique que bien que Colin soit très souvent sur 60m, il est
Ses signaux pourront sans doute être meilleurs dans quelques semaines. Il attend en effet, des beams et un amplificateur.
Merci DXNL
ZF2 - CAYMAN , NA-016
Gerd,DL7VOG, annonce son prochain déplacement aux îles Caymans:
"je serai QRV sous indicatif ZF2GU depuis la Grande Cayman (NA-016), du 28 avril au 14 mai.
Comme d'habitude, vous me trouverez sur les bandes ouvertes, avec mon matériel minimum - IC-706MK2G, HF9V pour 80m-6m et V inversé pour 160 m.
Je serai en priorité en CW et RTTY ; pour la SSB ce sera fonction des demandes.
Mon carnet de trafic en ligne sera actualisé chaque jour à :
http://www.qslnet.http://w (http://www.qslnet.de/zf2gu)
Les QSL, seront envoyées via DL7VOG, de préférence dans cet ordre :
via buro, via demande e-mail à _qsl@dl7vog.de_ (mailto:qsl@...) ou en direct..
Le QTH semble assez isolé et proche de la mer. J'espère en conséquence un minimum de QRM/QRN.
73, Gerd/DL7VOG.
Tnx DXNL

IOTA FRANCE:

) Mehdi, F5PFP (_f5pfp@..._ (mailto:f5pfp@...)), Gianni
I1HYW (_varettos@..._ (mailto:varettos@...)) et Massimo, IK1GPG (
ik1gpg@... (mailto:ik1gpg@virgilio.it) .)
2)
Pour répondre à ceux qui s'taient enquis de l'adresse correcte de Phil,
TT8PK/F4EGS.
L'adresse exacte est :
KOCH Phillipe
Le Cottereau
37320 SAINT BRANCHS
Philippe est militaire. Il n'a pas de QSL manager, il s'occupe lui-même de
ses cartes entre deux assignations, qui sont pour la plupart hors métropole
ou à l'étranger.
Merci d'être patients.
Phil est QSL aussi bien via le bureau qu'en direct.
Poiur ceux qui ont envoyé des cartes à l'ancienne adresse de ESVRE, il n'y
a pas à renvoyer de nouvelles cartes. Elles ont toutes été adressées à
Philippe par ses beaux parents.
Flo, F5CWU

Châteaux Italiens et Suisses :
Voici quelque nouvelle sur notre prochaine activité DCS-SSD et WASL de HB9
:
1) Avant de quitter l' Italie vers la Suisse, le 25 Avril Luciano
IK2QPO/HB9FBI avec Tino IK2EXH, Carlo IK2FOE; seront actifs depuis le DCI-PV051 Château
de Carpignago , bandes 80...2m, . Première activation (new one) ; les trois
indicatifs sur l'air toute la journée.
2) Le samedi 26 le matin avec moi, Augusto HB9TZA, et Luciano HB9FBI nous
serons actifs depuis le DCS-ZH021 Ruine du Château Regensburg, et dans le
même temps on donnera le lac suisse WASL-ZH005 Unterkatzensee et si possible on
fera de même avec WASL-ZH006 Oberkatzensee.
Nous aurons l' indicatif spécial HB2008RL/P , Radio Club Locarno, Indicatif
délivré à l'occasion du Championnat d'Europe de Football 008 (Règlement sur
le site du HB9RL Radio Club Locarno - _http://www.hb9rl.ch/_
(http://www.hb9rl.ch/)) (Référence pour le diplôme H26: Cantone ZH)
3) Le même Samedi 26 Avril dans l'après-midi on sera actifs depuis la
référence Chateau Suisses: DCS-SO010 Chateau Falkenstein près de Niedergoesgen,
avec même indicatif.
73 amicales, Augusto HB9TZA / I2JJR
Nous signaler sur les clusters sera très apprécié.
Merci Augusto, HB9TZA / I2JJR

John

Just for your info

I am normally qrv on Rtty in the evening locally,that is after 10:00 UTC an to around 14:00 utc dependent on the conds. They are very bad at the moment. On 20 I am normally TX 14079,5 to avoid the EU qrm above 14080 and are RX 1 - 3 up
I have also worked on 30m tranceive or split above 10.140MHz I am also QRV in the morning here, around 22:00 to 00:00 UTC but I worked only 4 contacts this morning.
I hane also only worked 5 US stations, one two on 20m rtty and the rest on my a little rusty CW.

We are leaving friday morning so only two nights left.

Please spread this info around.

WX: 100F an parly cloudy. Most enjoyable since it snowed when we left LA on the 14.

73 de Halvard 9M6/la7xk

7004. J39BS QSL INFORMATION

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-23 21:07:44 UTC
From: K1XN
Topic: 7004 Message: 7004

Hello John,
I thank you very much for asking. WB2LCH used to be my
QSL manager but I lost all contact with him around 1999-2000 and then I
came across a clipping of a DX bulletin (see attached) which in effect
said that he was not collecting cards destined for him. I have tried to
establish contact with him without any luck. So for all intents and
purposes I have no manager at present.
I qsl 100% to all the cards I receive. At present there is no
functioning bureau here, so direct is the way to go.
Address as follows :-
Derek Steele
P.O.Box 536
St.George's
Grenada
West Indies

I am always open to queries as to QSL's received via E-mail as I do not
know who has sent cards. Case in point was a statement made by of all
persons Paul- F6EXV, (see attached) which he put on the cluster saying
that I do not QSL. I sent him an E-mail asking him why was such a
statement made. He said that he sent me 2 cards and he never got a
reply. The truth is that I never received anything from him. Maybe it
was lost in mail. Anyway I rectified that situation by sending him the
cards via registered mail. Even with all the high costs associated with
QSLing, I will always answer a card even if no postage or SAE is
enclosed because I am from the old school of ham radio where gentlemen
are gentlemen and should not have to BUY a qsl.

I also use LOtw and upload regularly. I will be uploading my old logs
from 1990 and 1991 to LOTW shortly as now in the process of converting
them from PAPER to electronic format. I do also use E-QSL and
confirmations can be had that way also.

Once again, thank you for your interest in the matter.

With my best regards

Derek - J39BS

*The MAY 2008 Issue #805 files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder. This
will prevent
any lookup problems for you.

I.C.P.O. Bulletin (April 24 - May 02, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

24/04/2008: John, K9EL will be in French St. Martin Island (NA-105, WLOTA LH-0937) April 24th through May 4th on a family vacation and will operate as FS/K9EL whenever possible. He will be using an IC7000 and verticals for 10-80m, mainly CW and SSB. RTTY is possible as well. Please QSL to his home call, Bureau cards OK. [WTDXA]

24/04/2008: Members of the Ukrainian DXpeditioners Team (UDXT) have announced plans for a DXpedition to the Galapagos Islands (SA-004). Team members include Sergey/UX0HX (HC8/UX0HX), Max/UZ1HZ (HC8/UZ1HZ), Len/UR3HR (HC8/UR3HR) and Alex/UT5UY (HC8/UT5UY). Plans are for activity to be on 6 through 160 meters, using CW, SSB, PSK and RTTY from April 24th to 29th. They will be emphasizing the low bands as well as 12, 17 and 30 meters. Two stations will be used. The UXDT has a Web page at: www.dxer.com.ua/. This expedition is being made possible due to financial support of UX0HX and UZ1HZ. QSL via the operator's home call either direct or through the Ukrainian bureau. [50MHz Notebook]

24/04/2008: Noantri DX & Contest team members Andy/IZ0EHO (CW/SSB), Vincenzo/IZ0FKE (Digital/SSB), Alberto/IZ0FMA (Digital/SSB) and Claudio/IZ0GKX (Digital) will be active as IE9N from Ustica Island (EU-051, IIA PA-001, MIA MI-116, WLOTA LH-0848) between April 24th and May 1st. QRV on all HF bands, plus 6 meters, using all modes. Operators will focus their attention to low and WARC bands (especially 80 and 160m). Also a 50MHz beacon will be on air as IE9N/B. QSL via IZ0FKE, direct or bureau. [MMMonVHF]

24/04/2008: Lazaro/CO2WL, Gamboa/CO3VK, Jorge/CO3LF, Sandor/CO7SF, Josue/CO7RR and Gerardo/CO7GG will be active as T47C from Cayo Romano (NA-086), April 24-27th. They plan to operate CW (1830, 3505, 7010, 10110, 14020, 18070, 21010, 24895 and 28020 kHz), SSB (1850, 3720, 7050, 14200, 18145, 21250, 24940 and 28490 kHz) and RTTY (7035, 14080, 18100 and 21080). QSL direct to IZ8EBI (www.qslman.eu). [425 DX News]

25/04/2008: Gerard, F2VX is going to the island of Martinique (NA-107, DIFO FM-001, WLOTA LH-1041) between, April 25th and May 8th. He will be QRV as FM/F2VX on all HF bands, using SSB. QSL via home call, direct or bureau. [F5NQL]

25/04/2008: On April 25th Luciano IK2QPO/HB9FBI, Tino IK2EXH, and Carlo IK2FOE will operate all day long from the Castel of Carpignano (DCI-PV051 new one!), good for Italian Castle Award. QRV 80-2m, SSB only. QSL via home calls. [HB9FBI]

25/04/2008: A group of operators from ARI Civitavecchia will be active as IY0TC/P from Il Pirgo (IIA RM-002, not IOTA) on April 25th. Then, on April 26-27 (International Marconi Day included), they will operate from Santa Marinella, where Marconi conducted his first experiements on radar systems. [425 DX News]

25/04/2008: Flemming/OZ5FM and Jakob/OZ7AEI plan to activate the Island of Jegindoe (EU-171, DIA reference NJ-006 for the Danish Islands Award) on April 25th. They will work with 2 stations on 20m and 40m SSB. Starting around 0800 UTC. QSL via home calls, direct or bureau. [OZ7AEI]

25/04/2008: Vladislav, RA3DH/m3 will be QRV April 25-27th from the following areas for the Russian Districts Award, located in Tverskaya oblast (TV, #126): TV-01, TV-34. TV-48, TV-14, TV-46, TV-07, TV-21, TV-51, TV-39, TV-12, TV-40, TV-16, TV-37, TV-11, TV-38, TV-13, TV-42, TV-24 and TV-47. Activity will be on 40 and 20 meter CW. QSL via home call, direct or bureau. [QRZ.ru]

25/04/2008: Franck, F4DTO along with his father Patrick, will be active from Elbassan, Central Albania, using the call sign ZA/F4DTO between April 25th and May 4th. QRV 20, 17m and emphasis on 10m SSB, with FT-100 into a 1/2 wave vertical on 10m and dipole on the other bands. QSL only direct (bureau cards are not delivered to Frank). See address on QRZ.com. Please enclose SAE + postage (1$ or 1 valid IRC for Europe, 2$ or 1 valid IRC for elsewhere). [F5NQL]

26/04/2008: Didier F4EEJ/p will be QRV April 26th from the Castle Saint Martial (DFCF 16-044, WW Loc. IN95VQ), canton [county] of Jarnac (DDCF 16-17, CP 16200), Department Charente/16, Province of Poitou-Charentes (DPF 19). Starting 0630 UTC on 80m, then QSY to 40 meter SSB. QSL via home call, direct or bureau. [F5PRR]

26/04/2008: Jean Claude, F5IL/p will be active April 26th from the Tower of Goodwill (DFCF 61-005), Department Orne/61, Province of Basse-Normandie (DPF 04). QRV 80 and 40 meter CW, also 30 and 20m propagation permitting. QSL via home call, direct or bureau. [F6FNA]

26/04/2008: On the occasion of Viry Radio 2008, Radio Club F5KEE/p will activate the Castle of l'Arbalete (DFCF 91-046) located in Department Essonne/91, Province of Ile-de-France (DPF 21) on April 26th. Look for activity mainly on 40 meter SSB. QSL via home call, direct or bureau. [F5PRR]

26/04/2008: The Radio Club Varennois, F5KEK will be active April 26th from the Castle of Poncenat (DFCF 03-071), located in the commune of Montaigu-Le-Blin (CP 03150), Department Allier/03, Province of Auvergne (DPF 03). QRV 3.703 and 7.060 MHz (+/-). QSL via home call, direct or bureau. [F1SVV & F4EFL]

26/04/2008: Look for Patrick, F8DYD/p and Bernard, F5LMW/p to be active April 26th from the Castle of Mont Corbin (DFCF 86-042, WW Loc. JN06CN) and Mill of Cruchet (DMF 86-022), located in the commune B?ruges (CP 86190), canton of Vouill? (DDCF 86-30), Department Vienne/86 and

Province of Poitou-Charentes (DPF 19). QRV on 80 and 40 meters, mainly SSB. QSL via home calls, direct or bureau. [F8DYD]

26/04/2008: The Camb-Hams will be active from the Isle of Mull (EU-008, IOSA NH15, SCOTIA CN10) from April 26th to May 3rd. They plan to operate on most HF bands (with two stations CW, SSB plus some RTTY, PSK31 and SSTV), 6 and 2 meters. The main call sign to be used from base camp at Carsaig, on the south coast of the island (IO76), is GS3PYE/p. SOTA, WAB and VHF operation from IO66 will be under the operators own call sign. Confirmed operators are Gavin/M1BXF, Bob/G1SAA, Neil/G4HUN, Daryl/G0ANV, Allan/MM1BJP, Dave/M0VMC, Voi/G0BOE, Geoff/G0DDX and Rob/M1XZG. They also plan a brief side trip to the Treshnish Islands (EU-108, IOSA NH17, SCOTIA DI09), on April 30th for 6 hours. Further information can be found at www.camb-hams.com/camb-hams-mull-dx-pedition [425 DX News]

26/04/2008: Members of Macclesfield and District Radio Society, namely Keith/G3VKF, Ray/M1REK, Adrian/2E0DOD, Andy/G1DDU and Alan/G0JNJ, will be active from the Isle of Jura (IOSA NH21, SCOTIA CS28), Inner Hebrides (EU-008) as GS4MWS/P between April 26th and May 3rd. QRV on, or near, the usual island and IOTA frequencies. The main IOTA meeting frequency is 14.260MHz. Other ones on SSB are 28.560, 28.460, 24.950, 21.260, 18.128, 7.055 and 3.755MHz. The CW frequencies are 28.040, 24.920, 21.040, 18.098, 14.040, 10.115 and 3.530MHz. No specific frequency has been nominated for 7MHz CW but it is recommended that operations should include a frequency above 7.025 when the band is open to North America. QSL via 2E0DOD, direct or bureau. Further info at: www.gx4mws.com/ [RSGB IOTA]

26/04/2008: On the morning of April 26th, Luciano/HB9FBI and Augusto/HB9TZA will operate from the Castle of Regensberg (DCS-ZH021), good for the Swiss Castle Award, QSOs are also good for WASL HB-H005 Unterekatzensee good for the Swiss Lake award, using the special call HB2008RL/p. This call is good for the 2008 european football championship award. In the afternoon they will operate from the Castle of Falkenstein (DCS-SO010), good for the Swiss Castle Award. QRV 80-20m, SSB only. QSL via operator instructions. [HB9FBI]

27/04/2008: JA8MWU, Kazu will be stay in Katmandu, Nepal between April 27th and May 5th for his vacation. He hopes to operate in his free time as 9N7WU on SSB. Look him on 14180, 18120, 21280 and 28480 kHz. QSL via home call. [NG3K]

27/04/2008: Didier, F4ELJ/p will be active April 27th from the Pointe de St. Mathieu lighthouse (DPLF PB-100 for the French Lighthouse Award, ARLHS FRA-056, WW Loc. IN78OH), located in Department Finistere/29, Province of Brittany (DPF 06). Look for activity around the usual island and lighthouse frequencies. QSL via home call, direct or bureau. Further info at: dydkelt.free.fr/articles.php?lng=en&pg=337 [F4ELJ]

27/04/2008: Look for Jean Claude, F5IL/p April 27th to activate the Castle of Tesse (DFCF 61-004), commune of Tesse la Madeleine (CP 61140), Department Orne/61, Province of Basse-Normandie (DPF 04). Activity will

be on 80 and 40 meter CW. He will also try 30 and 20 meters, propagation permitting. QSL via home call, direct or bureau. [F6FNA]

28/04/2008: Al, LA9SN will be active around the usual IOTA frequencies from the Faroe Islands (OY, EU-018) on April 28th. He will operate CW and SSB from his car, using a vertical antenna and high power. QSL via home call, direct or bureau. SWL cards are welcome. [425 DX News]

28/04/2008: Gerd/DL7VOG and XYL Erika will be vacationing on the Cayman Islands from April 28th to May 14th. He will be QRV as ZF2GU from Grand Cayman Island (NA-016, WLOTA LH-1042). As usual he will work on all open bands with his minimal machinery IC-706MK2G, HF9V for 80m-6m and Inverted L for 160m. Gerd prefers operating CW and RTTY, with SSB upon request. There is good internet access so his log will be updated daily. You can find it at: www.qslnet.de/zf2gu/ . QSLs should be sent via DL7VOG preferably in this order: via bureau, via Email request to qsl@... or direct. [DX Newsletter]

30/04/2008: Operators Metin/TA1ED (SSB), Nuri/TA3BN (CW) and Arif/TA1EE (digital) will be operating as YM0TA from Bogsak Adasi (AS-123) from 0000z April 30th to 2359z May 5th. The expedition will be working CW, SSB and Digital modes with 3 stations. There is also the possibility that they might activate other Turkish islands, such as Dana or K?srelik, in the same IOTA group. QSL direct to TA1ED (P.Box 27, Tekirdag, Turkey). Further information and updates can be found at: www.ym0tadxpedition.net.tc/ [RSGB IOTA]

01/05/2008: Frank/DL2SWW and YL Gabi/DF9TM will be QRV May 1-6th as 5B/homecall from the island of Cyprus (AS-004, MIA MCI-002, WLOTA LH-0051). Activity will be on 80-10m, mainly CW and SSB. QSL via home calls, direct or bureau. [RSGB IOTA]

01/05/2008: Michael, DL1YMK reports that everything is settled now for this year's EME DXpedition to Uruguay. Monika and myself will be operating from May 1-12th from Uruguay using the callsign DL1YMK/CX, as licensed by the Uruguayan telecom authority URSEC. We have been struggling for nearly a year to get a fully legal high power permit for operating from CX on 70 cm, 23 cm and 13 cm moonbounce. Further info at: www.mmmonvhf.de/latest.php?id=1176 [F5NQL]

01/05/2008: The Lighthouse of Punta Piedras (ARLHS ARG-058, Grid GF14) will be on the air from May 1-4th on 80 and 40 meter SSB, by the operators of the Group Mistongo of DX of R.C. Tandil, namely Santos/LW7DAF, Jos? Antoine/LU4EHP and Anibal/LU3ES. This lighthouse was inaugurated in 1917; it has a 31 metre height. QSL via Radio Tandil LU2EE club, C. C. 184, 7000 Tandil, BA, Argentina. [F5NQL]

01/05/2008: Al, LA9SN will be active around the usual IOTA frequencies from the Westman Islands (TF7, EU-071, LH-0976) on May 1-8th. He will operate CW and SSB from his car, using a vertical antenna and high power. QSL via home call, direct or bureau. SWL cards are welcome. [425 DX News]

01/05/2008: Petrus, ZS6GCM will be active as ZS8T from Marion Island (AF-021) between May 1, 2008 and May 1, 2009. Look for activity on all bands and modes. Complete information can be found at zs8t.net/ . QSL via LZ3HI, direct or bureau. Logs will be uploaded to LoTW after the DXpedition. [425 DX News]

02/05/2008: Torben, OZ1TL reports - "I wish to inform you, that I have received my license to operate from Bhutan during the month of May, 2008. My license to operate as A52TL is valid for the duration of the visit to Bhutan ending May 30, 2008. I shall take off from Copenhagen mid April to Nepal (Kathmandu) and go from there to Bhutan arriving May 2, 2008, attending some of the inauguration ceremonies of the new King of Bhutan. I shall be QRV May 2-23rd in the CW mode mainly (almost exclusively) on most bands including 160, 80 and 40 meters. I will notify ARRL and aim at setting up an account with LoTW for alternative QSLing. Otherwise QSL through my home call". [NG3K]

02/05/2008: Some of members of the IOCA Group: 9A2WJ/p (Daki), 9A3KB/p (Boki), 9A6AA/p (Emir), 9A/DF9MV (Sven), 9A/DK1ROB (Robert) and 9A/DL5MFL (Mathias), probably will activate Korcula Island (EU-016 IOCA CI-041, ACIA-767, CIA-19, MIA MC-163) and Velo Dance lighthouse (ARLHS CRO-186, CLHA 047, WLH 9A-079, LH-1315, WW Loc. JN82HW) on May 2nd during their wait for good weather for transfer to Susac Island and Kanula lighthouse. QSL via home calls. [9A6AA & DE0MST]

02/05/2008: Steve, G3ZVW will be active May 2-13th as ZD8N from Ascension Island (AF-003). He plans to operate SSB, CW and RTTY mainly in the evenings and during the weekends. QSL via G3ZVW, direct or bureau. [425 DX News]

==========

LOOKING AHEAD -

03/05/2008: The Bittern DX Group are putting on special event station (in conjunction with Holt Town Council) GB0GFH to celebrate the 300th anniversary of the Great Fire of Holt, in Norfolk. The dates for the event will be May 3rd, 4th, and 5th. Operation planned is on all bands 160m to 10m, and 2m. QSL direct to M0CNP. Further information at QRZ.com under GB0GFH. [MMMonVHF]

06/05/2008: Special event station 8J4BARA will be aired between May 6-19th to celebrate the Fukuyama Bara (or Rose) Festival. Look for activity on all bands. QSL via the JARL bureau. [JJ1WTL/AC6IM]

10/05/2008: David, VK2CZ will be QRV May 10-11th from Chatham Island (OC-038) as ZL7M. QSL via home call, direct only. [NG3K]

17/05/2008: Craig, K0CMH/p plans to activate Howell Island (USi MO-002R), St. Charles County, Missouri, either May 17th, or May 31st, or June 7th, or June 14th between the hours of 1300-2330 UTC. Because of the access difficulties due to river stages, Craig has obtained four dates from the Missouri Conservation Commission to perform this activity (it required a special use permit). QRV on 40 meters, 30 meters, 20 meters and IRLP via IRLP node 3453 (St. Louis and Suburban Radio Club

repeater 146.085 MHz). QSL via home call (QRZ.com). [USi]

19/05/2008: Shoji, JA7HMZ will make his regular trip to Pohnpei Island (OC-010, WW Loc. QJ96CX), Micronesia, in May using the call sign V63DX. QRV May 19-24th on all bands and all modes, including 6 meters. QSL via his home call, direct or by the JARL bureau. [NG3K]

27/05/2008: Haru, JA1XGI will be QRV May 27th to June 3rd from Kiritimati (Christmas) Island (OC-024), East Kiribati, as T32XG. He plans to operate 40, 30, 20, 17 and 15 meter CW, SSB and digital modes. QSL via his home call, direct or by the bureau. [NG3K]

31/05/2008: CT7LH Algarve Lighthouses Activity: The ADXG - Algarve DX Group will avtivate seven (7) lighthouses simultaneously on May 31 and June 1, 2008. 28 operators will be distributed by special calls and lighthouses as follows: CT7LHR from Lighthouse of Vila Real de Santo Antonio (ARLHS POR-057, DFP FAL-07, WW Loc. IM67HE) with operators CT1AUO, EA7TV and EA7AC. CT7LHF from Lighthouse Torre da Igreja da Fuzeta (ARLHS POR-074, WW Loc. IM67DB) with operators CT1EVE, CT1EUB and CT1ETX. CT1LHM from Lighthouse Cabo de Santa Maria (WLOTA LH-0144, ARLHS POR-013, DFP FAL-06, WW Loc. IM66BX) with operators CT1GPQ, CT1EHX, CT1EPS, EA7AH, CT2FPE and CT2IPG. CT7LHZ from Lighthouse of Alfanzina (ARLHS POR-001, DFP FAL-05, WW Loc. IM57SC) with operators CT2IHP, CT1FNT, CT1EWX and CT1FDU. CT7LHA from Lighthouse Ponta do Altar (ARLHS POR-044, DFP FAL-04, WW Loc. IM57RC) with operators CT1GFK, CT5JJY, CT2FZY and CT2HTN. CT7LHP from Lighthouse Ponta da Piedade (ARLHS POR-042, DFP FAL-03, WW Loc. IM57QC) with operators CT1IUA, CT2IOV and CT2JBK. CT7LHV from Lighthouse Cabo de Sao Vicente (ARLHS POR-012, DFP FAL-01, WW Loc. IM57MA) with operators CT1DVG, CT1ERY, CT2GFJ, CT1ASU and CT1GZL. QRV 40m, 30m, 20m, 17m, 15m, 6m (St Maria LH) using CW, SSB and RTTY. There will be a free Award to all who contact all 7 special calls during activity. QSL via CT1GFK or via email. All information can be found at: ct7lh.no.sapo.pt/ or by email ct7lh@... [DE0MST]

14/06/2008: Special call sign SX2MT (Makedonian Tombs), will be active in the International museums week end (June 21-22nd). They will also be active June 14-15th . Activity from the Museum of Vergina - Royal Tombs. Hellas-Greece. Operators include Kostas/SV2CWV, Diana/SV2HRV (DL2HRV), Archelaos/SV2KBB and Kostas/SV2LBB Kostas. Museum number I.M.W. #5178. EPC Nr. #3701, WW Loc. KN10DL. QSL via SV2KBB, direct only or eQSL. [F5NQL]

18/07/2008: Charlie, M0OXO will be active as GB0LMI from Holy Island/Lindisfarne (EU-120, WW Loc. IO95CQ, WAB NU14) from July 18-20th. This operation will also count for Lindisfarne Castle (CASHOTA reference G-142). Look for activity on the HF bands. QSL via home call. [F5NQL]

23/07/2008: Charlie, M0OXO will be active as GB8LMI from Les Minquiers Islands (EU-099) between July 23-29th. Look for activity on the HF bands. During the RSBG IOTA Contest (July 26-27th) he will use the call sign MJ0X. QSL via home call. [F5NQL]

24/07/2008: Charlie, M0OXO plans to be active as MJ0JX from Les Minquiers Islands (EU-099) between July 24-29th. Look for activity on the HF bands. QSL via home call. [F5NQL]

15/08/2008: The Radio Club EME Phoc?en, F5KDK will be active from Frioul Archipelago (EU-095) as TM5F from August 15-18th. QRV HF 80-10m using SSB, CW, PSK and RTTY. Team members mentioned are: Jean Michel/F1IKA (SSB and QSL Manager), Michel/F5IVP (CW/SSB/Digi), Eric/F5ODA (CW/SSB), Dave/F5SDD (CW/SSB) and Chris/F6DHI (SSB/Digi). QSL via F1IKA, direct or bureau. Further information and updates will be available at http://tm5f.free.fr/ [NG3K]

07/10/2008: Ulli, DL2AH will be active holiday style from the South Pacific between October 7th and November 9th. His first stop will be the Manua Islands (OC-077) and will sign KH8/DL2AH from October 7-27th. He will then head to Tonga (OC-049) and will sign A35? (call sign pending) between October 29th and November 9th. He will be QRV 40-10 meters, mainly SSB with some RTTY, using an FT897 and Windom antenna. QSL via home call, direct or bureau. [NG3K]

25/10/2008: Jim, W7EJ will be active from Casablanca, Morocco, as CN2R during the CQWW DX SSB Contest (October 25-26th) as a Single-Op/Single-Band (160m) entry. QSL via W7EJ. [NG3K]
==========
SPECIAL EVENTS -

PY100JA - PAPA YANQUE ONE HUNDRED JAPAN ALPHA - Special callsign will be aired from April to December 2008 to commemorate the 100th anniversary of 1st Japanese immigration to Brazil. The special call will be used by a group of PY2 stations from 6 to 160 meters, all mode. QSLs will be available after September 2008, via Bureau or direct via PY2PA. [NG3K]

24/04/2008: Special event station 8J3NT is currently active until September 28th to celebrate the 400th Anniversary of the Birth of Toju Nakae, a Japanese Confucian philosopher. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

24/04/2008: Look for special event station 8J5OLIVE to be active until March 31, 2009 to celebrate the 'Olive Centurial Festival'. QRV on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

24/04/2008: Special event station 8J120CHR is currently active until January 31, 2009 to celebrate the 20th Anniversary of Chiharadai-town, in Ichihara-city, Chiba-prefecture. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

24/04/2008: Special event call DR700LH is currently active until December 31st to celebrate the 700th anniversary of city-foundation in

Luedinghausen (DARC OV N29 special DOK 700LH) - The city of L?dinghausen is celebrating its 700th anniversary of city-foundation in 1308. The old Manor of L?dinghausen, home of our club-station, was first mentioned in the year 1271. QSL direct to DJ7YB. Further details can be found on their home page at: www.darc.de/n29/ [MMMonVHF]

25/04/2008: A group of operators from ARI Civitavecchia will be active as IY0TC/P from Il Pirgo (IIA RM-002, not IOTA) on April 25th. Then, on April 26-27th (International Marconi Day included), they will operate from Torre Chiaruccia, Capo Linaro, Santa Marinella, where Marconi conducted his first experiements on radar systems. Activity will be on all HF bands, plus VHF and UHF. QSL via IQ0CV. [425 DX News]

25/04/2008: Marq, CT1BWW will operate again as CQ4IPY from April 25th to May 1st, June 10-16th, September 1-7th and November 1-7th to celebrate the 4th International Polar Year. Expect him to be active on 10-80 meter SSB, CW, PSK31, RTTY and SSTV. QSL via home call, direct or bureau. Further information on the activity and the relevant award can be found at cq4ipy.bravehost.com/ [425 DX News]

26/04/2008: To celebrate the Football European Championship 2008, the Austrian Radio League (OVSV) and the Union of Swiss Short Wave Amateurs (USKA), are inviting all radio amateurs and SWLs world wide to participate and obtain this limited time Award. As of April 26th until June 30th special stations (Sonderstationen) in Austria with a special call sign OE2008AAA to OE2008ZZZ and special stations in Switzerland HB2008AA to HB2008ZZ will be QRV on all bands. Depending on the Award Class, (Bronze, Silver, Gold) a predetermined number of contacts with these special stations (Sonderstationen) must be made. Only one contact per band with the same station will be accepted. All Amateur Radio Bands are permissible. All transmitting modes, SSB, CW, Digital, Mixed and QRP (max 10 Watt) are permitted with the exception of Packet Radio and Echo Link. QSL Manager is: HB9DTE (Pirmin Kuehne, Postfach 159, CH-3210 Kerzers, Switzerland). Further information can be found at: eurodiplom2008.oevsv.at/ [OE1HMC]

26/04/2008: The club station of the Documentary Archives Radio Communications (dokufunk.org/) will operate on all bands and modes as OE2008XQC on April 26th during the International Marconi Day. Contacts count for the IMD award and also for the EURO2008 award. QSL via OE1WHC, direct or bureau. [425 DX News]

27/04/2008: Special event stations 8J4P and 8J6P will be active between April 27th and June 30th to celebrate the World QRP Day. Activity will be on all bands/modes. QSL via JARL bureau. [JJ1WTL/AC6IM]

27/04/2008: Look for special event station 8J6DON to be active between April 27th and May 5th to celebrate the 47th Fukuoka Citizen's Festival: Hakata "Dontaku" Port Festival. Activity will be on all bands and modes. QSL via JARL bureau. [JJ1WTL/AC6IM]

01/05/2008: Look for 8J1EME to be active from May 1, 2008 to March 31, 2009 for Project KDES 2008 (KDES: Katsuura Dish Experimental Station). QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/05/2008: Look for special event station 8J1ITU to be aired during the entire month of May to celebrate the 40th ITU Day. QRV on all bands/modes and QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/05/2008: Special event station 8J63OITA will be active between May 1st and October 13th to celebrate the 63rd National Sports Festival in Oita. Look for activity on all bands and modes. QSL via the JARL QSL bureau. [JJ1WTL/AC6IM]

01/05/2008: Look for special event station 8J750N to be active from May 1st to November 30th to celebrate the 50th anniversary of Natori-city. Activity will be on all bands and modes. QSL via the JARL QSL bureau. [JJ1WTL/AC6IM]

02/05/2008: Special event station 8J8YF will be aired May 1-6th for the "Activating Amateur Radio among Our Juniors 2008 (YF: Young Festival?)". Activity will be on all bands/modes to encourage the youngsters to take part in this wonderful hobby of amateur radio. QSL via JARL bureau. [JJ1WTL/AC6IM]

02/05/2008: John/M0XIG, John/G4POF and Tony/2E0SBS will operate special event station GB2BST on May 2nd and 3rd from the site of the optical telegraph at Bramshaw in the New Forest, Hampshire. Expect them to be active mainly on 20 and 40 meters. The Bramshaw Shutter Telegraph was one of a number that operated as a communication link for the Admiralty between London and Plymouth. QSL via M0XIG, direct or bureau. [425 DX News]

U.S.A. Special event station information can be found at:

SILENT KEYS -

The wellknown German DXer Uli Adelung, DK2OC passed away being only 63 years old on April 6, 2008. Uli was holder of the DXCC Honor Roll and was also very active as EA8/DK2OC. The international DX family will keep him in an honorable memory. [DX Newsletter]

L. B. Cebik, W4RNL, ARRL Technical Adviser and antenna authority, passed away last week. He was 68. An ARRL Life Member, Cebik was known to many hams for the numerous articles he wrote on antennas and antenna modeling. [ARRL]

==========

4S7DXG no PIRATE!

Mario, 4S7BRG (HB9BRM) writes following: "If you read the latest DX bulletins and comments on the web many OMs get eliglible doubts about 4S7DXG. Even in one one the last DXNLs I read "4S7DXG - Pirate" again. I have visited him today on Apr 17,2008, and while dicussing I asked him also to show his license. Ivans transmitting license for Sri Lanka (4S7DXG) is valid from Jan 1, 2008, until May 1, 2008. The time before Jan 1, 2008, where he operated from Sri Lanka is a grey area but Ivan, UR9IDX filed his application to extend his licence in Colombo already in November or December. The regulation authority TRCSL is only an executive office but the OK (Yes or No) originally comes from the defence ministry which takes some time. Ivan, 4S7DXG (UR9IDX) says he will go back to the Ukraine during the next one or two weeks but but still wants to recover from his broken leg. I hope I have helped out with my little contribution. Vy 73 de Mario, 4S7BRG." [DX Newsletter]

7010. 4W6R - TIMOR-LISTE DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-25 00:51:24 UTC
From: K1XN
Topic: 7010 Message: 7010

Finally we have reached our goal, obtaining the callsign 4W6R for the operation, thanks to the hard word of our local team (TKS Pascoela de Carvalho) and to the kindly procedures of Mr. Celestino Nicolau and Mr. Jose M? de Araujo from ARCOM.
Also the renting of the house that we will use for accommodation and operation is OK.

We have "incorporated" to our local team a compatriot displaced there in Dili. That is resulting of an incalculable value for the pending management. A lot of thanks Agust?n.

The solidarity and interest of organizations and particulars is remaining patent in the numerous donations and contributions that we are receiving for the project. Many thanks for your generosity!

The thick of the materials to employ already has gone out in a container --by air-, by kindness of the FUP, to destination.
Finally say that the operators go fulfilling the calendar of vaccination and that, step to step, everything approaches us to the achievement of our aims.

4W6R
Looking for SPONSORS

The majority of this project`s funding is provided by the Alicante Provincial Government and by URE. The rest of the budget, at this time, will be down to the operators although we have already received news of some small but useful donations.

We would be very grateful if individuals and organisations could consider making contributions to this project at any time, including after the operation. Please bear in mind the following two considerations.

7011. HP, CN, Sporadic E 2m, 5B, FS, LU

Hi friends
PANAMA:

HP4/JA6REX will be active from BOCAS DEL TORO IOTA:NA-088
Look for on the HF bands CW,SSB April 27-28
HP8/JA6REX Penonome May 1-4
HP2/JA6REX SAN BLAS ISLANDS IOTA: NA-170 May 6-7

QSL via JA6REX (see his QRZ.COM listing).

Tks Yuki JI6KVR IOTA-JA

Morocco:
MOROCCO:
Andre, HB9HLM, will be qrv as CN2DX from IM63BM on 50 and 144 MHz btw
26th july to 8th of august 2008.
I would be this year QRV mainly on 144 and 50MHz.
On 6m I will have the usual conditions with 100 Watt
and out of 2 m 500w with 2x7 elements.
I do not take sked.
QSL via EA7FTR.
73,
Andre HB9HLM CN2DX
http://www.mmmonvhf.de/latest.php?id=1475

---

144 MHz SPORADIC E Summary (http://www.mmmonvhf.de/es.php)
As well as in past years, also in 2008 there will be again an over-
view of the big SPORADIC E openings on 144 MHz. We thank Steffen,
DM2SR and Udo, DK5YA, for their fabulous work which have been done
in the past years and also for the agreement to take the job now
over to the VHF-DX-Portal Make More Miles on VHF. Responsible team
member for these new section will be Frank, PA4EME, who will collect
daily infos and spread these at our new Propagation Section: "ES"
http://www.mmmonvhf.de/es.php
Each logged in person is able to upload his SPORADIC E Log here!
So please do welcome these new tool at MMMonVHF and hope there will
be soon the first good Sporadic E openings to report about...

THANKS a lot!!! 73 de Guy DL8EBW for the Team of MMMonVHF
Mit freundlichem Gruß / best regards

Tks Guy (Guido) D L 8 E B W
http://www.MMMonVHF.de (http://www.mmmonvhf.de/)

CYPRUS:
Frank/DL2SWW and his XYL Gabi/DF9TM will be 5B/DL2SWW and 5B/DF9TM from Cyprus, between May 1st to 6th.
80-10m CW/SSB.
QSL via HC, direct (QRZ.com) or Bureau DARC.

FRANCE – SAINT MARTIN:
John, K9EL, is FS/HC, until May 4th.
80-10 m CW/SSB , a little RTTY.
QSL via home call, directe or bureau ou via VA3CDX, if it's cheaper for you.

ARGENTINA:
The radio Club Argentina issues the Train Stations Award (Diploma Estaciones Ferroviarias)
Station "El Moro" DEF-106D
On April 26th 2008, , El próximo sábado 26 de abril de 2008, LU6DTB – Martín, LU8EHV – Mauricio, LU8EHS – Mariano, LW8EAG – Andrés, LU7DSS – Susana, LU5DLH – Facundo, LW4ETG - Juan Carlos, LW7EDH – Eduardo, LU7DDB – Damián LW1DAL – Alberto, LU1DHO – Horacio, LU4DBB – Beto, will be active as HC/D from the Former Railway station "El Moro" , reference DEF-106D –
This station is disused . It's located between the cities of San Agustín and Lobería.
S 38º 06', W 58º 34', o the Gral Line, in . Roca.
40, 80 and 2m, SSB and PSK.
QSL direct 'SAE + postage) to :
Radio Club Miramar, Casilla de Correo Nº 102, C. P. (7607) – Miramar.-
Provincia de Buenos Aires > http://www.lu7dzl.8m.com <
Agradeciendo vuestra atención y a la espera de encontrarnos en frecuencia, los saluda
Eduardo Rodriguez,LW7EDH
Station Buchanan –DEF -105D
The Quilmes Radio Club -LU4DQ , will be active on May 3rd, from the disused since 1991, Railway station Buchanan DEF 105 D, between, González Catán and La Plata. This
activity is valid for the "Train Stations Award" (Diploma Estaciones Ferroviarias)

7012. EM5HQ in 2008 IARU HF Contest

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-25 21:01:06 UTC
From: Dave Raycroft
Topic: 7012 Message: 7012

In 2008 IARU HF contest Ukrainian National Team will work call-sign
EM5HQ. QSL manager in this year appointed UR5EAW (Alexander Shevchenko).
All QSL will be 100% sent via QSL bureau. For conducting more of 4-QSO
with the station EM5HQ the special certificate is sent.

73 ! Best regards!
Yours sincerely,
de UR5EAW Alexander Shevchenko
Member UARL, BSCC, DIG, RRC, RCC, KDR, SRARS, UCWC, AGB.
Worked in EM0HQ 2000-2002, EM7HQ, EM7J, EM11E, UU7J, UR2E.

7015. SCOTISH ISLANDS DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-26 16:34:25 UTC
From: K1XN
Topic: 7015 Message: 7015

On *3-4 May 2008* a few guys from Glasgow are going on a speedy boat to activate a few islands in the Firth of Clyde, all of them are IOTA EU-123. This is a good opportunity to work some rare islands for IOSA and SCOTIA awards. Team is MM0DFV, GM0WRR, MM0GDL and hopefully GM4TOQ. We are not sure yet which islands will be activated, it depends on the weather condition and other circumstances. Callsign *MS0EPC* will be used for PSK contacts, and *MS0DGR* - for other modes. Each island would be visited for about 2 - 3 hours. Separate full colour QSL-card will be printed for each island. Hopefully they will be - Horse Island (SC21), Lady Island (SC28), Ailsa Craig Island (SC28), Pladda Island (SC21), Inchmarnock Island (SC04) and Little Cumbrae Island (SC21). Some of them are OK for lighthouse chasers - ARLHS and WLOTA. All QSL-cards should be sent via MM0DFV (both Bureau and Direct are accepted). We are taking quite light portable antennas and radios, nothing fancy, 100 Watts output power. Boat captain is Davie MM0GDL, PSK and CW "working horse" is myself MM0DFV, PSK and SSB - John GM0WRR, and our "Papa" is Alan GM4TOQ - SSB, most wise man and Chief of the Tribe.

See you guys, 73! de MS0EPC

7017. Lost My GoWin

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-27 17:09:36 UTC
From: NA9A
Topic: 7017 Message: 7017

Due to a recent computer crash and faulty backup scheme, I've lost my GOWIN program, plus lots of other software jewels. My login and password is fine to download the GOLIST updates, but I no longer have a place to use them. Does anyone know where the GOWIN file is available for downloading (if it is)? I've sent email to John twice over the past two weeks, but he must not be getting them, because normally he responds immediately to mail.

7018. ACCESS TO GOWEB PAGES

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-27 18:01:57 UTC
From: K1XN
Topic: 7018 Message: 7018

For several days, there have been many Non-Golisters coming
to the Golist web site and trying to lookup a call sign. As this page
is for registered Golisters, they are unable to access the lookup page.
The web will respond to their lookup with the message: "** Enter your
Call Sign
for the UserID and your Email address for the Password
so that we can email you the activation codes.
I use your call sign to set up a trial subscription for you and the email
address is used to send you the access information so you can use the
web lookup. Without either of the two pieces of information, I can not
get back in touch with you to give you access.
Guest users have an approximate 30 day ONE TIME trial subscription
to find out if this service is a useful tool to you in your quest for the
confirmation Qsl card from the DX you work.
I wanted everyone that wants to try the data to do so, but you have
to share the required information with me to do so.

SPAIN
To commemorate at the same moment the Day of Communication of Madrid and the Bicentenary of the War for independence, the sections URE of Leganés etMadrid, will be on the air, with the callsign EG4DCM, until May 4th, 2008.

During the activity, the QSO’s will be affected by a progressive number .
You can repeat the contacts on different bands only.
10, 12, 15, 17, 20, 40 and 80 metres.
The obtained serial numbers will allow to participate in the commemorative
Trophy.
On May 5th, a drawing lots made with the ONCE, will allow to
indicate(appoint) between the progressive numbers, the winner of the Trophy and his
seconds.
The rewards will be sent free of charge to the winners.
Special QSL, direct in 30 days or via the bureau to EA4CT.
Spent on June 4th the QSL will be quite handed to the Bureau.
73 Sección URE Leganés there Madrid.
Tks EA4AAA

Sweden:

Hi !
Good news...
From Hans SM0BYD:

"we (club SK0QO) are proud and honoured to once again be on board
the S/S Sankt Erik, (the first swedish high seas icebreaker, launched in
1915 and decommissioned in 1977. Since 1980, she is moored in
Stockholm as a museum vessel, adjacent to the Vasa, as well
as the lightship FINNGRUNDET (7S0SFJ)/built in 1903,
decommissioned in 1969 and a museum ship since 1970/) and be QRV
as 8S0HRA, during this years Museum Ships Weekend, from Friday
afternoon of June 6 until Sunday, early afternoon, June 8 2008.

Yours truly, SM0BYD Hans"

Tks Mehdi F5PFP and Antarctic group

Bonjour à Tous

ECOSSE :
Les 3 et 4 mai quelques amis de Glasgow disposeront d'une vedette rapide pour aller activer plusieurs îles du Firth of Clyde, toutes référencées IOTA EU-123.
Ce sera aussi une bonne opportunité pour améliorer les scores des diplômes IOSA et SCOTIA .
MM0DFV, GM0WRR, MM0GDL et sans doute GM4TOQ activeront l'indicatif *MS0EPC* en PSK et *MS0DGR* dans les autres modes.
We are not sure yet which islands will be activated, it depends on the Les îles activées seront fonction de la météo.
Chaque île sera active pour environ 2 à 3 heures à chaque fois.
Des QSL différentes seront imprimées pour chaque île.
Nous espérons pouvoir aller sur : Horse (SC21), Lady (SC28), Ailsa Craig (SC28), Pladda (SC21),
Inchmarnock (SC04) et Little Cumbrae (SC21).
Quelques unes comptent également pour les phares des WLOTA et ARLHS.
Toutes les QSL, sont via MM0DFV (Bureau ou Directe).
Le Capitaine du bateau est Davie MM0GDL, PSK et le cheval de trait CW , moi même MM0DFV, PSK et SSB – aussi par John GM0WRR, et notre "Papa" Alan GM4TOQ – sera en SSB ; C'est notre vieux sage et le Chef de Tribu.
See you guys, 73! de MS0EPC
Tks John, K1XN et Golist.

ESPAGNE
Pour commémorer à la fois le Jour de Communication de Madrid et le Bicentenaire de la Guerre d'indépendance, les sections URE de Leganés etMadrid, seront sur l'air avec l'indicatif EG4DCM, jusqu'au 4 mai 2008.
Pendant l'activité, l'indicatif notera un numéro progressif pour chaque contact. Vous pourrez répéter les contacts sur des bandes différentes uniquement.
10, 12, 15, 17, 20, 40 et 80 mètres .
Les numéros d'ordre obtenus permettront de participer au Trophée commémoratif.
Le 5 mai, un tirage au sort effectué avec la ONCE, permettra de désigner entre les numéros progressifs, le vainqueur du Trophée et des deux plaques . Les récompenses seront envoyées gratuitement aux vainqueurs.
QSL spéciale, directe dans les 30 jours ou via bureau, EA4CT.
Passé le 4 juin les QSL seront toutes remises au Bureau.
73 Sección URE Leganés y Madrid

Merci EA3AAA.

FIDJI
A partir du 17 mai, 3D2A , sera QRV depuis le QTH: Ile Malolo Lailai , Groupen Mamanuca IOTA: OC-121.

Opérateurs : VK4AN (Eddie, 66 ans) et VK4FRAJ, Raj (13 ans) fils de VK4AN.
3 transceivers : 2 FT-450AT + ALS-500M amps & FT-100 for 6-m (QSO et balise).

QSL: via VK4AN, directe ou bureau.

CW: split + 2 à 5KHz
SSB: 3795 7095 14195 18145 21295 24925 28495

ESPAÑA
Con motivo de la celebración el próximo día 2 de Mayo, Día de la Comunidad de Madrid, que coincide con el Bicentenario de la Guerra de la Independencia, las Secciones de URE de Leganés y Madrid, activarán el indicativo especial EG4DCM, desde el día 26 de abril al 4 de mayo 2008.
Durante los citados días, la estación especial EG4DCM, entregará un número progresivo en cada contacto. Se puede repetir el contacto cada día en distinta banda.
La estación especial EG4DCM, saldrá en 10, 12, 15, 17, 20, 40 y 80 metros,

en la modalidad de SSB, desde el día 26 de abril hasta el 4 de mayo inclusive, en cada contacto pasará, RST y número progresivo. Las estaciones que contacten con ella, enviarán RST, y MATRICULA, la hora no se pasará, pero se apuntará en el log.
Todos los números otorgados por la EG4DCM, entrarán en un sorteo para un Trofeo Especial Conmemorativo de la actividad y tres placas confeccionadas para este evento.
El sorteo se celebrará el día 5 de mayo 2008, con las cinco últimas cifras del número del sorteo de la O.N.C.E., el número que coincida con dicho sorteo, tendrá el premio del Trofeo y Placa Conmemorativa, y el número anterior y posterior al premiado tendrán el premio de la Placa Conmemorativa. Los trofeos y placas, serán enviados gratuitamente a los ganadores.
En el caso de que quede desierto el número, se pasaría el sorteo al día siguiente de la O.N.C.E. y así sucesivamente hasta que salga un número coincidente con los otorgados.
Los contactos con EG4DCM, serán confirmados con una QSL especial para el evento y se puede confirmar, vía asociación o vía directa, al manager EA4CT, con sobre auto dirigido y franqueado. Pasados 30 días después que finalice la actividad, (4 de junio), las qsl's que no hayan llegado vía directa, serán enviadas vía asociación.

7020. ARI International DX Contest 2008

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-27 19:10:38 UTC
From: K1XN
Topic: 7020 Message: 7020

Hello!

This email is to invite all contesters to have a go in
the ARI International DX Contest 2008 that will take
place on May 3/4.

It's a world wide type competition and the allowed
operating modes will be SSB, CW and RTTY.
ARI DX Contest is fully supported by WriteLog for
Windows, SuperDuper by EI5DI, TRLog by N6TR, N1MM
Contest Logger, RTTY by WF1B, RCKLog by DL4RCK,
OH2GI Ham System, GenLog32 by W3KM, UA1AAF,
WinTest, QARTest, and many other softwares.
Take a visit to ARI DX Contest webpages and download
a FREE program at the following URL: www.qsl.net/contest_ari

We hope you will give the ARI DX a try in the incoming
first full weekend of May and then send your logs to
aricontest@... .We are able to convert any
kind of file's format, but Cabrillo or others ASCII
files are preferred and welcome. The full ARI DX
rules are shown below.

73 and see you in contest
de IT9BLB - A.R.I. HF Contest Manager

A.R.I. International DX Contest 2008
Rules for DX entrants (outside of I & IS0)

The Associazione Radioamatori Italiani (A.R.I.) has
the honour of inviting radio amateurs all over the
world to participate in the 2008 A.R.I. International
DX Contest.

AIM. Its a world-wide competition: everybody can work
everybody.

DATE and TIME. The contest will be held on each first
full week-end of May from 2000z Saturday till 1959z
Sunday. In 2008 it will be on May 3/4.

CATEGORIES:
1. Single Operator - CW
2. Single Operator - SSB
3. Single Operator - RTTY

4. Single Operator - Mixed
5. Multi Operator - Single TX - Mixed
6. SWL - Single Operator - Mixed

BANDS. 10m thru 160m (RTTY: 10m thru 80m), except WARC bands, are allowed according to IARU Band Plans. Band AND MODE can be changed only after 10 minutes you have been on it (Multi Operators only).

EXCHANGE. Italian stations will send RST and two letters to identify their province. Other stations will send RST and a serial number from 001. The serial number will NOT restart from 001 on each band/mode.

MULTIPLIERS:
1. each Italian province (110) count 1 (one) multiplier,
2. each DXCC country (except I & IS0) count 1 (one) multiplier.
The same multiplier (country/province) can be counted once and only once for band.
The 110 Italian provinces (by call-area) are:
I1: AL, AT, BI, CN, GE, IM, NO, SP, SV, TO, VB, VC.
IX1: AO.
I2: BG, BS, CO, CR, LC, LO, MB, MI, MN, PV, SO, VA.
I3: BL, PD, RO, TV, VE, VR, VI.
IN3: BZ, TN.
IV3: GO, PN, TS, UD.
I4: BO, FE, FC, MO, PR, PC, RA, RE, RN.
I5: AR, FI, GR, LI, LU, MS, PI, PO, PT, SI.
I6: AN, AP, AQ, CH, FM, MC, PS (or PU), PE, TE.
I7: BA, BR, BT, FG, LE, MT, TA.
I8: AV, BN, CB, CE, CZ, CS, IS, KR, NA, PZ, RC, SA, VV.
I0: FR, LT, PG, RI, RM (or ROMA), TR, VT.
IT9: CL, CT, EN, ME, PA, RG, SR, TP, AG.
IS0: CA, CI, NU, OG, OR, OT, SS, VS.

QSO/POINTS:
1. QSO/HRD with own country counts 0 (zero) point but is good for the multipliers credit.
2. QSO/HRD with own continent counts 1 (one) point,
3. QSO/HRD with different continent counts 3 (three) points,
4. QSO/HRD with any Italian (I & IS0) station counts 10 (ten) points.
The same station can be contacted on the same band once on SSB/CW/RTTY but only the first QSO is good for multipliers credit. PLEASE REMEMBER that I (Italy) and IS0 (Sardinia Island) are NOT country-multipliers.

FINAL SCORE. The sum of QSO/points from all bands times the sum of multipliers from all bands.

SWL. Listeners are required to log the callsigns of both the station heard and the correspondent station. Score is calculated based only upon the station heard using the same rules as transmitting stations. A callsign may not appear more than 3 (three) times as a correspondent regardless of mode. SWLs MUST log no more than 1 (one) QSO on each line of their log.

LOGS and SUMMARY SHEET. Separate logs are necessary for each band. Logs must show all the QSOs data. A summary sheet is required showing all the scoring details, class of entry, name, callsign, full address of the applicant, callsign of other operators and a signed declaration. Logs must be mailed within 30 days from the end of the contest and addressed to: ARI DX Contest, c/o ARI, Via Scarlatti 31, 20124 Milano, Italy.
Logs on diskette are really very welcome and accepted in substitution of paperlogs. Please send us your log on diskette. Accepted formats are: N6TR, K1EA, EI5DI, UA1AAF, WF1B,Writelog, Cabrillo. A printed summary sheet must always be enclosed.
Alternatively, logs in ASCII format (or as attached files) may be sent via e-mail addressed to <aricontest@...>.
You will receive an acknowledgement of receipt of your log within 48 hours.

PENALTIES and DISQUALIFICATIONS. Logs will be carefully checked by the Contest Committee and mistakes may cause a score reduction. Disqualification may apply for: excessive number of unmarked duplicates (more than 2%), violation of the "10 minutes rule" (either for band and mode), excessive declared score, log without the summary sheet. instead to disqualify a log, the Committee may decide to penalize it by erasing a percentage of its score.

AWARDS. A plaque with a certificate will be awarded to the top scoring station in each class. Special plaques can be awarded by the Contest Committee if country/continental/call-area participation will justify the decision. A certificate will be awarded to No. 2, 3, 4, 5 top scoring stations in each class as well as to the top scoring stations in each country in each class.

FREE SOFTWARE and PAST RESULTS. Many free software are able to handle ARI DX Contest. Take a visit to ARI DX Contest webpages for downloads and past results: www.qsl.net/contest_ari

THANKS IN ADVANCE FOR YOUR ENTRY !

Bob, this site is being done by the factory.
The other site you used was provided by the
US distributor and we all know how that worked out.

I think you will see some good changes from this time
forward. I am now dealing with the head man at the
company and my service is great at this point. I made him
aware that I expected nothing less that excellent service
for my users and clients.

I am looking toward a much different business experience from
them than I had with the US distributor.

They are still working on this web site, but give it a try and
we will see if the update makes the May production run.

7026. RAC CALL BOOK INVOICING

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-04-28 21:52:45 UTC
From: K1XN
Topic: 7026 Message: 7026

Hi folks.
Sometime during the first weeks of May, I will start invoicing
for the Summer 2009 RAC call book cd. This way I will have
everything done and waiting for the delivery of the cds from the
factory.
If you requested to be on the May/June list and you do not receive
an invoice by mid month, write me so I can find and fix the problem.
Thanks to all of you for your continued support.

Do you have any information on an OH0/OH8FQ?

I qso'd this operation just after the first of the year but I can't seem to find a good qsl mgr.

Thanks in advance,

Dave

HI friends
De Bill, NG3K:

Contest: CQWW WPX Contest, SSB (Mar 28-29, 2009)
Submitter's callsign: VK4AN
Contest callsign: 3D2A
DXCC entity: 3D2
Operation class: M/2
CQ zone: 32
QSL route: VK4AN
Operators: VK4AN, VK4FRAJ[age 13]

Notes: QSL DIRECT or BUREAU. IOTA:OC-121.

Contest: CQWW WPX Contest, CW (May 24-25, 2008)
Submitter's callsign: IK2NCJ
Contest callsign: D4C
DXCC entity: Cape Verde
Operation class: SOAB HP
CQ zone: 35
QSL route: IZ4DPV
Operators: LY2CY

Notes: _www.d4c.cc_ (http://www.d4c.cc/)

Japan in ARI Contest:
Dear OM's

I will be QRV for ARI International DX Contest.
Categories is Single Operator - CW.

I will operate from 160m to 10m.
If you fun, I would like to see members and exchange the number.

Hope to see you in the contest!

73's

Andy K. Yamakita/JN4MMO

ADDR; 5-1-12,TSUKAGUCHI-CHO,AMAGASAKI-C,661-0002,JAPAN

Special callsign in ARI Contest:
see you on the contest we are present as IQ8CS

73's Ant iz8ccw

Arctica and Antarctica
KINNVIKA base
HI !

1-Mika OH2FFP(OJ1ABOA) will be operating from Kinnvika
base,Nordaustlandet island EU-063,Spitzberg archipelago in July
during 20 days.
The scientific station at Kinnvika was erected and taken into
service during the third polar year, also called the International
Geophysical Year 1957-58 by Swedish-Finnish-Swiss expeditions.
Kinnvika hosted overwintering teams over two prosecutive years, and was the
base for three Swedish expeditions during the 1960-1990s.
Today, the Norwegian authorities have the major responsibility of
the station.

2- Kinnvika home page
http://www.kinnvika.net/ (http://www.kinnvika.net/)

3-Also Mika could be active from the research vessel "RV Horizont-2"
which supply Kinnvika from Longyearbyen.
http://www.kinnvika.net/?Deptid=19622
(http://www.kinnvika.net/?Deptid=19622)

4-Please note:
That base was unknown for us and will be added to the next
arctic bases list as multinational station.

That's all and let's have fun together with Arctic challenge.
73
Tks Mehdi F5PFP

HI

1-An amateur radio expedition will be opearting from the following
antarctic bases.
The main goal of the expedition is to operate about 5 to 7 hours
per a base BUT also adventure,sailing,trekking,photos etc...

2-Dates: Departure 18/02/09 from Ushuaia
Arrival to Ushuaia 17/3/08

3-Program:
Our plan is very extensive and several bases could be cancelled
due to weather and sailing conditions but each area will be visited.

ANTARCTICA (Mainland) AN-016
Videla station,Danco coast
Almirante Brown station,Danco coast

PALMER Archipelago AN-012
Yelcho station,Doumer island

Port Lockroy,Wiencke island

SOUTH SHETLAND Archipelago AN-010
Macchu Picchu station,King George island
Republica del Ecuador refuge,King George isl
Gurruchaga refuge,Nelson isl
Maldonado station,Greenwich isl
Juan Carlos station,Livingston isl
Station B,Deception island
Risopatron station,Robert island

4-Yacht "Le Boulard"
Boulard home page in french language
http://www.croisieres-boulard.com/index.php?page=antarctique
(http://www.croisieres-boulard.com/index.php?page=antarctique)
The french skipper Jean Monzo who lives in Ushuaia speaks english
spanish is probably one of the most experienced sailor of the
antarctic penninsula sailing every summer season in that zone since
1992 with the same yacht.
"Le Boulard" is 14 meters long and can take away 6 passengers + 1 or
2 crew members.
Of course last technologies are utilizable on board like GPS,phone
sat,automatic pilot.

5-It is possible to take part to this expedition as operator
but also as tourist.
Price 6000 euros from Ushuaia to Ushuaia without extra charge.

GERMANY
German Castles on the air
Due to the huge activity, in Europe, each week end, all the year long, from
Castkes, Forts, Settlements houses and so on, Germany has now its own castle
programm German Castles on the Air.
To support it, a group of several hams , Sten, DL1ATR (L16), Hartmut
DL2HRT (W24) Gerhard DL5AWI (X11), Jürgen DL8GG (X20), and Hans DK8RE (Y43),
have organized the COTA Team Germany –
http://www.cota-team-germany.com/home.html (http://www.cota-team-germany.com/home.html)
Their first important activity will be held on May 17th, but also on May
2008, May 18th,., for the European Castles day, which for years is held on the
3rd Sunday of May, and shows a lot activities from castles in France, Spain,
Portugal, Italy, United Kingdom, Switzerland, Belgium, now Germany, and may
be further in Poland..
All information and ECD rules on Jean Pierre, F6FNA web page at :
http://f6fna.club.fr/jecruleanglais.html (http://f6fna.club.fr/jecruleanglais.html)
Merci Jean Pierre, F6FNA

JAPON
8J50JARL

SPECIAL EVENT

The 50th JARL general Meeting in Kochi, special event station 8J50JARL will be aired March 1th to May 25
They will be active on the HF bands through 1200Mhz SSB,AM,CW,FM

QSL via the JARL bureau

Indicatif spécial dans le concours ARI:

IQ8CS, par Ant iz8ccw
Merci Andy et Ant (SRT)

Arctique :
Base KINNVIKA
HI !

1-Mika OH2FFP(OJ1ABOA), sera actif depuis la base Kinnvika
sur l'île Nordaustlandet, EU-063,Spitzberg, pendant une vingtaine de jours
en juillet 2008.
La station scientifique a été créée et est entrée en service pendant la
troisième année géophysique internationale 1957-58 par les expéditions menées par
les Suédois, finlandais et Suisses.

Kinnvika a accueilli des équipes hivernantes et a été leur base poiur trois
expéditions suédoises dans les années 960-1990.
Aujourd'hui ce sont les Autorités Norvégiennes qui en assurent la principale
responsabilité.
2- Kinnvika : _http://www.kinnvika.net/_ (http://www.kinnvika.net/)

3- Mika, pourrait également, en route, être actif à bord du "RV Horizont-2"
, le bateau qui assure le ravitaillement de Kinnvika depuis Longyearbyen.
http://www.kinnvika.net/?Deptid=19622
(http://www.kinnvika.net/?Deptid=19622)

4-Veuiller noter:
Cette base sera ajoutés à la liste des bases arctiques ne tant que station
multinationales pour les divers diplômes.
Amusez vous dans le Challenge Arctique.
73 Mehdi F5PFP

HI

1- Une expédition radioamateur sera active depuis les bases antarctiques suivantes :
Le but principal sera de réaliser à l'occasion d'une croisière environ 5 à 7 heures de trafic, à chaque fois . C'est aussi une aventure comprenant en plus de la radio, navigation, trekking, photo etc ...

2-Dates: Depart 18/02/09 d'Ushuaia, retour à Ushuaia 17/3/09

3-Programme:

Notre planning est très ambitieux, aussi quelques bases pourront ne pas être visitées, en fonction notamment de la météo et des conditions de mer.

ANTARCTICA (Mainland) AN-016
Videla, Danco
Almirante Brown, côte Danco

Archipel PALMER AN-012
Yelcho sur l'île ,Doumer
Port Lockroy, sur l'île Wiencke

Archipel des SOUTH SHETLAND - AN-010
Macchu Picchu , île King George
refuge Republica del Ecuador, île King George
refuge Gurruchaga,, île Nelson
Maldonado , île Greenwich
Juan Carlos , île Livingston
Station B, île Deception
Risopatron , île Robert

4-Yacht "Le Boulard"
http://www.croisieres-boulard.com/index.php?page=antarctique (http://www.croisieres-boulard.com/index.php?page=antarctique)
Le skipper français Jean Monzo, qui habite Ushuaia, parle anglais et espagnol. C'est sans doute l'un des plus expérimentés de la péninsule antarctique, où il navigue chaque année 1992 avec ce bateau.
"Le Boulard" est un 14 mètres capable d'emmener 6 passagers + un ou deux membres d'équipage.
Il est équipé des dernières technologies en matière de communications, telles que GPS, téléphone satellite, pilote automatique etc .

5- Il est possible de participer à cette croisière en tant qu'opérateur ou touriste.
Le prix Ushuaïa – Ushuaïa est de 6000 euros sans charges supplémentaires.

Allemagne et Journée Européenne des Châteaux.
German Castles on the air
Considérant l'importante activité en Europe, chaque week end depuis les

Châteaux,n forteresses et autres Manoirs , l’Allemagne a désormais son Diplôme des Châteaux allemands.
Pour aider au développement de cette activité, Sten, DL1ATR (L16), Hartmut DL2HRT (W24) Gerhard DL5AWI (X11), Jürgen DL8GG (X20), et Hans DK8RE (Y43), ont organisé le COTA Team Germany –
http://www.cota-team-germany.com/home.html (http://www.cota-team-germany.com/home.html)
Leur première importanta ctivité aura lieu le 17 mai mais également pendant la Journée Européenne des Châteaux le 18.
Pour cette Journée Européenne des Châteaux, de nombreuses activités sont révues en France, Royaume Uni, Italie, Belgique, Espagne, Portugal, , Suisse, et maintenant en Allemagne et peut être pus tard en Pologne.
Toute information sur la journée Européenne des Châteaux , sur le site de Jean-Pierre, F6FNA à :
http://f6fna.club.fr/jecregle.html (http://f6fna.club.fr/jecregle.html)
Merci Jean Pierre, F6FNA

Japon :
A l'occasion de la 50ème Assemblée Générale de la JARL, l'indicatif spécial 8J50JARL sera sur l'air jusqu'au 25 mai.
Des bandes HF au 1200 MHZ en CW, SSB, AM et FM.
QSL via le bureau JARL.
Merci Yuki, JI6KVR et Strange-Radio-Team

ZS8T ? Marion Island <http://zs8t.net>

Press Release #2 <http://feeds.feedburner.com/%7Er/ZS8T/%7E3/279866779/>

Posted: 28 Apr 2008 04:17 PM CDT

It has been little over a month since Petrus ZS6GCM started his journey to Marion Island and we are glad to report that the staff takeover period is completed and the SA Agulhas is making its journey back to Cape Town.

Petrus and Rhy ZS6DXB have been in contact and are happy to report on the following.

* Petrus has already undergone a full circle walk around the Island with one of the research scientists, and has been out of base camp for the past week.

* The team is currently on cleaning duty since the takeover and is now cleaning the entire camp - furthermore it is business as usual and all is well.

* Petrus is planning on starting construction of the antennas this week and will be *QRV as ZS8T by May 9th, 2008.*

* Petrus has also confirmed that the newly installed satellite internet system on Marion Island is working beyond expectations to date, so correspondence between Petrus and the ZS8T team are a lot easier than during the Bouvet Island 3Y0E operation.

We hereby say good luck to all in working ZS8T and we look forward to seeing your callsign in the ZS8T logbook. We will, of course, notify you all on the first lucky contacts that make it into the log and of any further developments.

73 and good hunting
Rhynhardt Louw ZS6DXB

Dave,
The information I received from OH8FQ was
to send Qsl requests to his home call Direct
or Bureau.
Hope this helps.
John K1XN

From: K1XN
Topic: 7033 Message: 7033

Here is advance notice of a planned DX-pedition for next year. Steve released it today and copied to various DX Bulletins :

John, 9M6XRO, and Steve, 9M6DXX, will lead a team of six operators to Pulau Layang Layang, Spratly Islands (IOTA AS-051), between 1 and 14 March 2009. Activity will be on all bands 10 to 80m CW, SSB and RTTY using three stations, two with full legal limit linear amplifiers. Callsign to be confirmed and QSL information via M3SDE (direct or bureau).

Spratly is, of course, "local" to us so it is too good a chance to pass up! Let's hope the band condx are on the up by then.

73 - all the best - John - 9M6XRO / ISWL 9M6-6982

IARU

Look for K9ZO/VP9 during the IARU contest in July.
It will be a vacation with the XYL,
but I'll monitor 6 meters, WARC bands,
and get on a bit during the contest.

Ralph

From: Ed Gray W0SD <w0sd@triotel.net>

St. Barthelemy: A SIX METER Dx-pedition to St. Barthelemy will take
place between June 28th through July 6th GMT 2008 by W7XU Arliss and
W0SD Ed. A TO5 call sign has been applied for. QSL via W7XU.

Please do not give us your grid square. We are not interested in
your grid square and it just wastes time. Our grid square will be
FK87nv for those wanting to confirm this as a new grid square. There
may be some night time HF RTTY and CW operation on 30 and 40 meters
when six meters sporadic E is over for the day.

Please check the on-line logs on our web site which will be uploaded
nightly to www.w0sd.com/stbart/bart.htm (Available starting May 15th)

HONG KONG -
Hello every one,
I am pleased to announce that I have received official notification from the
Office of the Telecommunications Authority (OFTA) here that they have
granted our club permission and issued a special permit to operate the Station
VR2008O to commemorate the 2008 Beijing Olympics. Copy of the special permit
issued is attached for your reference.
We have placed preliminary information and a preliminary QSL card design
onto QRZ.com as follows:

http://www.qrz.com/vr2008o (http://www.qrz.com/vr2008o)
Special Event Station Commemorating 2008 Beijing Olympics
The Hong Kong Amateur Radio DX Association (HARDXA) is pleased to announce
that it has received official permission from The Office Of The
Telecommunications Authority authorizing it to use a special event callsign VR2008O for the
period from 15th July to 31st August, 2008 to celebrate the 2008 Beijing
Olympics.
Operations will be primarily HF from 7MHz through to 28MHz and VHF on 50MHz,
modes operated shall be primarily SSB ,RTTY and PSK31.
Direct QSL only. No e-qsl or LOTW
Please pass on the information to fellow hams and to clubs and societies.

---

A.R.I. International DX Contest 2008
Rules for DX entrants (outside I & IS0)

The Associazione Radioamatori Italiani (A.R.I.) has the honour of inviting radio amateurs all over the world to participate in the 2008 A.R.I. International DX Contest.

AIM
Its a world-wide competition: everybody can work everybody.

DATE AND TIME
The contest will be held on each first full week-end of May from 2000z Saturday till 1959z Sunday. In 2008 it will be on May 3/4.

CATEGORIES:
1. Single Operator - CW
2. Single Operator - SSB
3. Single Operator - RTTY
4. Single Operator - Mixed
5. Multi Operator - Single TX - Mixed
6. SWL - Single Operator - Mixed

BANDS
10m thru 160m (RTTY: 10m thru 80m), except WARC bands, are allowed according to IARU Band Plans. Band AND MODE can be changed only after 10 minutes you have been on it (Multi Operators only).

EXCHANGE
Italian stations will send RST and two letters to identify their province. Other stations will send RST and a serial number from 001. The serial number will NOT restart from 001 on each band/mode.

MULTIPLIERS:
1. each Italian province (110) count 1 (one) multiplier,
2. each DXCC country (except I & IS0) count 1 (one) multiplier.

The same multiplier (country/province) can be counted once and only once for band. The 110 Italian provinces (by call-area) are:

I1: AL, AT, BI, CN, GE, IM, NO, SP, SV, TO, VB, VC.
IX1: AO.
I2: BG, BS, CO, CR, LC, LO, MB, MI, MN, PV, SO, VA.

I3: BL, PD, RO, TV, VE, VR, VI.
IN3: BZ, TN.
IV3: GO, PN, TS, UD.
I4: BO, FE, FC, MO, PR, PC, RA, RE, RN.
I5: AR, FI, GR, LI, LU, MS, PI, PO, PT, SI.
I6: AN, AP, AQ, CH, FM, MC, PS (or PU), PE, TE.
I7: BA, BR, BT, FG, LE, MT, TA.
I8: AV, BN, CB, CE, CZ, CS, IS, KR, NA, PZ, RC, SA, VV.
I0: FR, LT, PG, RI, RM (or ROMA), TR, VT.
IT9: CL, CT, EN, ME, PA, RG, SR, TP, AG.
IS0: CA, CI, NU, OG, OR, OT, SS, VS.

QSO/POINTS:
1. QSO/HRD with own country counts 0 (zero) point but is good for the multipliers credit.
2. QSO/HRD with own continent counts 1 (one) point,
3. QSO/HRD with different continent counts 3 (three) points,
4. QSO/HRD with any Italian (I & IS0) station counts 10 (ten) points.

The same station can be contacted on the same band once on SSB/CW/RTTY but only the first QSO is good for multipliers credit.

PLEASE REMEMBER that I (Italy) and IS0 (Sardinia Island) are NOT country-multipliers.

FINAL SCORE
The sum of QSO/points from all bands times the sum of multipliers from all bands.

SWL
Listeners are required to log the callsigns of both the station heard and the correspondent station. Score is calculated based only upon the station heard using the same rules as transmitting stations. A callsign may not appear more than 3 (three) times as a correspondent regardless of mode. SWLs MUST log no more than 1 (one) QSO on each line of their log.

LOGS AND SUMMARY SHEET
Separate logs are necessary for each band. Logs must show all the QSOs data. A summary sheet is required showing all the scoring details, class of entry, name, callsign, full address of the applicant, callsign of other operators and a signed declaration.

Logs must be mailed within 30 days from the end of the contest and addressed to: ARI DX Contest, c/o ARI, Via Scarlatti 31, 20124 Milano, Italy.

Logs on diskette are really very welcome and accepted in substitution of paperlogs. Please send us your log on diskette.
Accepted formats are: N6TR, K1EA, EI5DI, UA1AAF, WF1B,Writelog, Cabrillo. A printed summary sheet must always be enclosed.

Alternatively, logs in ASCII format (or as attached files) may be sent via e-mail addressed to aricontest@...

You will receive an acknowledgement of receipt of your log within 48 hours.

PENALTIES AND DISQUALIFICATIONS
Logs will be carefully checked by the Contest Committee and mistakes may cause a score reduction. Disqualification may apply for:
excessive number of unmarked duplicates (more than 2%),
violation of the "10 minutes rule" (either for band and mode),
excessive declared score,
log without the summary sheet.

Instead to disqualify a log, the Committee may decide to penalize it by erasing a percentage of its score.

AWARDS
A plaque with a certificate will be awarded to the top scoring station in each class. Special plaques can be awarded by the Contest Committee if country/continental/call-area participation will justify the decision. A certificate will be awarded to No. 2, 3, 4, 5 top scoring stations in each class as well as to the top scoring stations in each country in each class.

FREE SOFTWARE AND PAST RESULTS
Many free software are able to handle ARI DX Contest. Take a visit to ARI DX Contest webpages for downloads and past results: www.qsl.net/contest_ari

7040. SUMMER 2008 RAC CALL BOOK ORDER

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-01 21:07:43 UTC
From: K1XN
Topic: 7040 Message: 7040

Hi folks,
In working the first two orders on the RAC list for May, I have run into a
problem. Credit card numbers have expired or not in my database.
If you have not ordered an update to Golist or a RAC cd this year, then your
credit card on file has probably expired.
To make sure no one is missed, those of your who want the Summer 2008 cd,
please go to the Golist web site and fill out the order form for the call book. I
will then have the current credit card info and expiration date plus the address
you wish to have cd mail to. Please don't forget the security code from the back
of the card.
Thank you for your help.

I.C.P.O. Bulletin (May 01 - 09, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

01/05/2008: Frank/DL2SWW and YL Gabi/DF9TM will be QRV May 1-6th as 5B/homecall from the island of Cyprus (AS-004, MIA MCI-002, WLOTA LH-0051). Activity will be on 80-10m, mainly CW and SSB. QSL via home calls, direct or bureau. [RSGB IOTA]

01/05/2008: Michael, DL1YMK reports that everything is settled now for this year's EME DXpedition to Uruguay. Monika and myself will be operating from May 1-12th from Uruguay using the callsign DL1YMK/CX, as licensed by the Uruguayan telecom authority URSEC. We have been struggling for nearly a year to get a fully legal high power permit for operating from CX on 70 cm, 23 cm and 13 cm moonbounce. Further info at: www.mmmonvhf.de/latest.php?id=1176 [F5NQL]

01/05/2008: Koji, JI1LET will be active May 1-5th as JI1LET/JD1 from Chichijima (AS-031), Ogasawara. He plans to operate SSB, CW and RTTY on 40, 30, 17, 15, 12, 10 and 6 meters. QSL via home call, direct or bureau. [425 DX News]

01/05/2008: The Lighthouse of Punta Piedras (ARLHS ARG-058, Grid GF14) will be on the air from May 1-4th on 80 and 40 meter SSB, by the operators of the Group Mistongo of DX of R.C. Tandil, namely Santos/LW7DAF, Jos? Antoine/LU4EHP and Anibal/LU3ES. This lighthouse was inaugurated in 1917; it has a 31 meter height. QSL via Radio Tandil LU2EE club, C. C. 184, 7000 Tandil, BA, Argentina. [F5NQL]

01/05/2008: Daniel/DL5YWM will stay in Lima from May 1-12th. He will be joined by Ren?/DL2JRM and Jens/DL3ALF. In their spare time they will be active using CW and SSB as OA4/homecall from 10m-160m. QSL via their homecalls (QRZ.com). [DL5YWM]

01/05/2008: Alex, RW3CW will be active May 1-10th as RW3CW/3 from the following reference for the Russian Districts Award (RDA): VR-31 (Ostrogozhsky), Voronezh oblast (VR for Rossija award, #121). QSL via home call, direct or bureau. [RX3RC]

01/05/2008: Al, LA9SN will be active around the usual IOTA frequencies from the Westman Islands (TF7, EU-071, LH-0976) on May 1-8th. He will operate CW and SSB from his car, using a vertical antenna and high power. QSL via home call, direct or bureau. SWL cards are welcome. [425 DX News]

01/05/2008: Team RK9QWW will be active May 1-3rd as UE9RDA from the following Districts for the Russian Districts Award (RDA): KN-08

(Kargapol'sky), KN-22 (Shatrovsky), KN-26 (Shadrinsky), Kurgan oblast (KN for Rossija award, #134). QSL via RK9QWW, direct or bureau. [RX3RC]

02/05/2008: Some of members of the IOCA Group: 9A2WJ/p (Daki), 9A3KB/p (Boki), 9A6AA/p (Emir), 9A/DF9MV (Sven), 9A/DK1ROB (Robert) and 9A/DL5MFL (Mathias), probably will activate Korcula Island (EU-016 IOCA CI-041, ACIA-767, CIA-19, MIA MC-163) and Velo Dance lighthouse (ARLHS CRO-186, CLHA 047, WLH 9A-079, LH-1315, WW Loc. JN82HW) on May 2nd during their wait for good weather for transfer to Susac Island and Kanula lighthouse. QSL via home calls. [9A6AA & DE0MST]

02/05/2008: Torben, OZ1TL reports - "I shall take off from Copenhagen mid April to Nepal (Kathmandu) and go from there to Bhutan arriving May 2, 2008, attending some of the inauguration ceremonies of the new King of Bhutan. I shall be QRV May 2-15th in the CW mode mainly (almost exclusively) on most bands including 160, 80 and 40 meters". QSL via OZ1TL. [NG3K]

02/05/2008: Demons DXer's Team (www.demondsdxers.es/) will be QRV as EE1TR May 2-4th from the Tazones lighthouse [Villaviciosa] (FEA D-1592, ARLHS SPA-137, DME 33076, WW Loc. IN73HN). Activity will be on 80-6 meter SSB, CW and RTTY. QSL via EA1YG, direct or bureau. [F5NQL]

02/05/2008: Team UE3EDA will be active May 2nd as UE3EDA/3 and /3/m from the following Districts for the Russian Districts Award (RDA): TV-22 (Zharkovsky), TV-18 (Bel'sky), Tversk oblast (TV for Rossija award, #126); SM-11 (Duhovshchinsky), SM-29 (Jartsevsky), SM-10 (Dorogobuzhsky), SM-25 (Ugransky), Smolensk oblast (SM for Rossija award, #155); KG-30 (Juhnovsky), KG-07 (Babyninsky), KG-23 (Peremyshl'sky) Kaluga oblast (KG for Rossija award, #127). QSL via RZ3EC, direct or bureau. [RX3RC]

02/05/2008: Steve, G3ZVW will be active May 2-13th as ZD8N from Ascension Island (AF-003). He plans to operate SSB, CW and RTTY mainly in the evenings and during the weekends. QSL via G3ZVW, direct or bureau. [425 DX News]

03/05/2008: After 6 years, the members of IOCA Group will once again activate the Island of Susac (EU-016, IOCA CI-109, ACIA-890, CIA-46, MIA MC-400) and Kanula lighthouse (ARLHS CRO-064, CLHA 047, WLH 9A-025, LH-1430, WW Loc. JN82FS) from May 3-10th. Operators Daki/9A2WJ, Boki/9A3KB, Emir/9A6AA, Fredy/DE0MST, Sven/DF9MV, Robert/DK1ROB and Mathias/DL5MFL will be active using the call sign 9A0CI on HF + 50MHz, all modes. Also, during this activity some of them will use their home calls (9A6AA/p, 9A/DF9MV, ...). QSL 9A0CI via DE0MST, DARC bureau or direct to P. O. Box 1406, 83657 Lenggries, GERMANY. QSL others via their home calls. [9A6AA & DE0MST]

03/05/2008: Steve, G0UIH (RSGB IOTA Website manager) will be active as G0UIH/m from Walney Island (EU-005) between 1300z May 3rd and 2359z May 4th. Mainly on 20/17/15m, but also 40m using a IC706mk2G, 400w and an Outbacker Perth Vertical. QSL via home call. [RSGB IOTA]

03/05/2008: The A.R.I. section Coseanza, IQ8CS will be active during the ARI International DX contest (May 3-4th). QSL via the bureau is preferred. [IZ8CCW]

03/05/2008: Andy, JN4MMO will be active in the ARI International DX Contest (May 3-4th) from Amagasaki, Japan. He will plans to be a Single-Op/All-Band/CW-Only entry. QSL via the JARL bureau. [F5NQL]

03/05/2008: On May 3-4, 2008, a few guys from Glasgow are going on a speedy boat to activate a few islands in the Firth of Clyde, all of them are IOTA EU-123. This is a good opportunity to work some rare islands for IOSA and SCOTIA awards. Team is MM0DFV, GM0WRR, MM0GDL and hopefully GM4TOQ. We are not sure yet which islands will be activated, it depends on the weather condition and other circumstances. Call sign MS0EPC will be used for PSK contacts, and MS0DGR - for other modes. Each island would be visited for about 2 - 3 hours. Separate full colour QSL card will be printed for each island. Hopefully they will be - Horse Island (IOSA CL12, SCOTIA CS15), Lady Isle (IOSA CL11, SCOTIA DI03), Ailsa Craig Island (IOSA CL05, SCOTIA DI01, WLOTA LH-0411), Pladda Island (IOSA CL07, SCOTIA CS12, WLOTA LH-0702), Inchmarnock Island (IOSA CL10, SCOTIA CS18) and Little Cumbrae Island (IOSA CL04, SCOTIA CS16). Some of them are OK for lighthouse chasers - ARLHS and WLOTA. All QSL cards should be sent via MM0DFV (both Bureau and Direct are accepted). We are taking quite light portable antennas and radios, nothing fancy, 100 Watts output power. Boat captain is Davie MM0GDL, PSK and CW "working horse" is myself MM0DFV, PSK and SSB - John GM0WRR, and our "Papa" is Alan GM4TOQ - SSB, most wise man and Chief of the Tribe. [MS0EPC]

03/05/2008: From May 3-5th Ren?/DL2JRM, Jens/DL3ALF and Daniel/DL5YWM plan to activate, together with Jorge/OA4BHY, Isla Blanca which belongs to the rare IOTA-group SA-074. It also counts for ARLHS PER-040, TWLHD WLH OA-001 and WLOTA LH-0907. They plan to be active with 2 stations CW/SSB simultanly on the well known IOTA frequencies. A call sign and the QSL infomation will be announced later. [DL5YWM]

03/05/2008: Alexey/RA3PME and Toly/RW3PN will operate as homecall/p on May 3rd from the following Districts for the Russian Districts Award (RDA): TL-21 (Efremovsky), TL-23 (Kamensky), TL-32 (Teplo-Ogarevsky), TL-35 (Shchekinsky) and TL-19 (Volovsky), Tula oblast (TL, #160). QSL via home calls, bureau preferred. [RW3PN]

03/05/2008: Vladimir/RA6YJ, Vladimir/RU6YJ, Aslan/UA6YC will be active May 3rd as homecall/p from the following Districts for the Russian Districts Award (RDA): AD-04 (Koshehabl'sky), AD-09 (Shovgenovsky), Republic of Adygeya (AD for Rossija award, #102). QSL via home calls, direct or bureau. [RX3RC]

03/05/2008: Look for Provins ARS (F6KOP) crew members to be active from Corsica (EU-014, DIFM TK-001, MIA MCO-001, LH-1390), May 3-10th. Operators mentioned are Thierry/F4TTR, Bruno/F5AGB, Bernard/F9IE, Jean Paul/F8BJI and Jean-Luc/F6BIV. They will use the call sign TK7C and be QRV 80-10m using CW, SSB and digital modes, with 3 stations and Acom 1010, spiderbeams, dipoles and verticals. QSL via F9IE, direct or

bureau. Further info at: tk7c.free.fr/ [F5NQL]

05/05/2008: Nao, JK1FNL will be active as FK/JK1FNL from Noumea, New Caledonia (OC-032, DIFO FK-001, WLOTA LH-1280), May 5-10th. He plans to operate on 40-6 meters with 100 watts and wire antennas. QSL via home call. [425 DX News]

05/05/2008: Kazik/DL2SBY and Georg/DF1SR (ex DD0SB) plan to go to Liechtenstein. The trip will be from May 5-12th, including the EU-EME Contest on the 23cm band. QTH will be on 1200 meters about Sea-Level. They will be QRV on HF-Bands 80-6m using CW, SSB and RTTY with about 600 Watts to a Butternut HF9V-Antenna. They plan to be QRV via EME on 1296.080 Mhz (500 Watts / 3m Dish) and 2320.080 Mhz (200 Watts / 3m Dish). More info at: home.arcor.de/dl2sby/ [NG3K & HA0HW]

05/05/2008: Tom, W4JKC will be QRV May 5-10th as HP4/W4JKC from Colon Island (NA-088, Bocas Del Toro Province), Panama, on 40-10 meter CW and SSB. QSL via home call, direct or bureau. [RSGB IOTA]

05/05/2008: Fred/SM7DAY and Jan/SM7NGH will be QRV May 5-12th from Oland Island (EU-037, WLOTA LH-0588) as SM7DAY/p. Look for activity on most HF bands, CW and SSB. QSL via home call, direct or bureau. Website: sm7day.ah.to/ [RSGB IOTA]

06/05/2008: Garry/K9WZB and his wife Sharon/K7WZB will be active from the island of Aruba (SA-036, LH-0033) as P40ZB from May 6-15th. Activity will be on 40/20/17/15/10/6 meters, CW, SSB and RTTY. QRV 6m on 50.125 MHz USB, using 100W and vertical/dipole. Gary mentions that they "will be using a Yaesu FT-897 and Icom IC-7000. One or the other will be on 6 meters at all times". QSL via K9WZB, direct only. [OPDX Bulletin & N8OFS]

06/05/2008: Team UE4CMS will be active May 6-7th from the following district for the Russian Districts Award (RDA): SA-34 (Krasnoarmejsky), Saratov oblast (SA for Rossija award, #152). QSL via RW4CM, direct or bureau. [RX3RC]

07/05/2008: Nicola, I0SNY says he will be active from Mongolia as either JT1SNY and - when in Bayankhongor - starting May 7th, and as BY1PK/I0SNY from Beijing, China, May 19-28th. QSL via home call. [425 DX News]

08/05/2008: The Amateur Association Culture and Loisirs Radio Club F8KOI will be portable on May 8th and will activate the castle Bambesch (DFCF 57-027), the Maginot line, commune of Bambiderstrof (CP 57690). F8KOI/p to be QRV in the morning by Nicolas/F4AFE starting from 0700 UTC on 80m and 40 meters. In the afternoon they will be active on 20, 17, 15 and 10 meters. QSL via F8KOI (QRZ.com). [F4AFE]

09/05/2008: Sei, JA7LU along with his friend Yohji, JH1AWN will be active from the island of Guam (OC-026, USi GU-003S, WLOTA LH-0064) as JA7LU/KH2 from May 9-11th. Activity will be on HF and 6 meter SSB. QSL

via JA7LU, direct (Sei Suzuki JA7LU, 2-5-9 Kaga, Kashiwa-shi, 277-001 Japan) or bureau. [NG3K]

09/05/2008: Al, LA9SN will be active around the usual IOTA frequencies from the main island of Iceland (TF, EU-021, LH-2975) on May 9-13th. He will operate CW and SSB from his car, using a vertical antenna and high power. QSL via home call, direct or bureau. SWL cards are welcome. [425 DX News]

09/05/2008: Petrus, ZS6GCM will be active as ZS8T from Marion Island (AF-021) between May 9, 2008 and May 1, 2009. Look for activity on all bands and modes. Complete information can be found at zs8t.net/ . QSL via LZ3HI, direct or bureau. Logs will be uploaded to LoTW after the DXpedition. [425 DX News]

==========

LOOKING AHEAD -

14/05/2008: Steffen, 5Z4DX will be active from Shanzu beach, Kenya, between May 14th and June 11th. Expect activity on all bands and modes. He also plans to activate Wasini Island (AF-067) May 25th and 26th. QSL direct to his Iceland address (Frank Steffen Gast, Eskifirdi, 735 Eskifjoedur, ICELAND). [RSGB IOTA]

17/05/2008: Eddie/VK4AN, his son Raj/VK4FRAJ and others (pending) plan to be active from Malolo Lailai Island, Mamanuca Group (OC-121) as 3D2A from May 17-31st. QRV 160-6m using CW, PSK31, RTTY and SSB. They will use 3 rigs - 2 FT-450AT + ALS-500M amps and FT-100 for 6-m beacon/QSOs. Suggested frequencies are - CW: band edge + 2 to 5KHz; SSB: 3795 7095 14195 18145 21295 24925 28495; RTTY: 7042 10112 14082 18102 21082 28082; PSK31: 7042 10112 14072 18102 21072 28072; 6-m Beacon: 50105, also CW/SSB QSO)'s. Focus will be on digital modes and the WARC bands, plus a Multi-2 entry in the CQWW WPX CW Contest (May 24-25th). QSL via VK4AN, direct/bureau/LoTW. Logs will be uploaded daily to: http://hosenose.com/logic/logcheck/default.aspx [NG3K]

24/05/2008: Jurgis, LY2CY will be active from S?o Vicente Island (AF-086, WLOTA LH-1976), Cape Verde, as D4C during the CQ WPX CW Contest (May 24-25th), as a Single-Op/All-Band/High-Power entry. QSL via IZ4DPV, direct or by the bureau. [NG3K]

24/05/2008: John, K6AM will be active from Grand Cayman Island (NA-016, also count for WLOTA LH-1042) as ZF2AM for the CQ WPX CW Contest (May 24-25th), as a Single-Op/All-Band entry. QSL via K6AM, direct or bureau or LoTW. [NG3K]

08/06/2008: The Radio Club Guadeloupe FG5KC (acra-radioclub.site.voila.fr/) will operate portable from Terre de Bas (DIFO FG-009), Iles de Petite-Terre (NA-102) on June 8th. If you have trouble finding it on the map, look halfway between La Desirade and Marie Galante. As a bonus, the island has a lighhouse valid for the WLOTA program (LH-0339), also ARLHS GUA-006 and TWLHD WLH FG-005. [WC6DX]

25/06/2008: Juergen, NF6J will be QRV June 25-30th from Battle Island (NA-044, CIsA NF-049), Newfoundland & Labrador, using the call sign VO2/NF6J. Look for activity on or near the usual island and IOTA frequencies. QSL via DL7RV (QRZ.com). [RSGB IOTA]

28/06/2008: A SIX METER DX-pedition to St. Barthelemy (NA-146, DIFO FJ-001, WLOTA LH-0377) will take place between June 28th through July 6th GMT 2008 by W7XU Arliss and W0SD Ed. A TO5 call sign has been applied for and they plan to operate on 50.103 CW and SSB, listening up. They will have high power and a long boom Yagi. They plan to operate the daylight hours and into the evening. When they are not working people they will be in beacon mode to discover openings. They have chosen this time of year to coincide with the highest probability of Sporadic E openings to North and South America, Europe, and Africa. QSL via W7XU. Please do not give us your grid square. We are not interested in your grid square and it just wastes time. Our grid square will be FK87nv for those wanting to confirm this as a new grid square. There may be some night time HF RTTY and CW operation on 30 and 40 meters when six meters sporadic E is over for the day. Please check the on-line logs on our web site which will be uploaded nightly to www.w0sd.com/stbart/bart.htm (Available starting May 15th). [NG3K]

10/07/2008: Ralph, K9ZO will be on vacation, with his xyl, to the island of Bermuda (NA-005, WLOTA LH-0201) from approximately July 10-15th. He will sign K9ZO/VP9 (holiday style operation) with focus on the WARC bands and 6 meters, including an entry in the IARU HF Championship (July 12-13th). QSL via home call, direct or bureau. [NG3K]

12/07/2008: The Ukrainian National Team will be active as EM5HQ for the IARU International HF contest (July 12-13th). No entry category was mentioned, but expect Multi-?. QSL manager this year will be UR5EAW (Alexander Shevchenko). All QSLs will be 100% sent via QSL bureau. For conducting 4 or more QSOs with EM5HQ as special certificate will be awarded. [UR5EAW]

15/07/2008: Special Event Station Commemorating 2008 Beijing Olympics - The Hong Kong Amateur Radio DX Association (HARDXA) is pleased to announce that it has received official permission from The Office Of The Telecommunications Authority authorizing it to use a special event callsign VR2008O for the period from 15th July to 31st August, 2008 to celebrate the 2008 Beijing Olympics. Operations will be primarily HF from 7MHz through to 28MHz and VHF on 50MHz, modes operated shall be primarily SSB, RTTY and PSK31. Direct QSL only. No e-qsl or LOTW. [VR2XMQ]

26/07/2008: Paul, M3KBU will be active from the isle of Skye (EU-008, IOSA NH-07, SCOTIA CN-14) using the call sign MM3KBU/p on July 26th and 27th, during the RSGB IOTA Contest. QSL via M3KBU, direct is preferred, but bureau is ok. [RSGB IOTA]

01/09/2008: Operators Benoit/F8PDR, Jean-Jacques/F5NKX, Denis/F5RJM, Rolf/F9ZG, Alain/F5HVI, Rene/F6CMC and Alain/F6ACH will be active as F5KAQ/p from Brehat Island (EU-074, DIFM MA-012, WLOTA LH-2010) from

September 1-8th. Look for activity on all bands and modes. QSL via F5RJM, direct or bureau. [RSGB IOTA]

29/11/2008: Look for Tack, JE1CKA (also KH0AM) to be active as AH0BT from the Aquarius Beach Tower Contest Club, Saipan, Northern Mariana Islands (OC-086) during the CQWW DX CW Contest (November 29-30th), as a Single-Op/All-Band/High-Power entry. QSL via 7L1FPU. [NG3K]

21/02/2009: Eric, K9GY plans to be active from Guatemala as TG/K9GY (call sign tentative) for the ARRL DX CW Contest (February 21-22nd), as a Single-Op/All-Band/Low-Power entry. QSL via LoTW. [NG3K]

01/03/2009: John/9M6XRO (ISWL 9M6-6982), and Steve/9M6DXX, will lead a team of six operators to Pulau Layang Layang, Spratly Islands (IOTA AS-051), between March 1st and 14th, 2009. Activity will be on all bands 10 to 80m CW, SSB and RTTY using three stations, two with full legal limit linear amplifiers. Call sign to be confirmed and QSL information via M3SDE (direct or bureau). [Pete's-DX-Newsdesk]
==========
SPECIAL EVENTS -

The ISWL Club Callsigns in use during May 2008 will be:
GX4BJC /A and GX4BJC /P - Operated from Hartford, in Cambridgeshire, by Tom - G3RPV. (WAB Square = TL27-CBE & IOTA = EU-005).
MX1SWL /A - Operated from Norwich, in Norfolk, by Alan - M0LSX. (WAB Square = TG21-NOR & IOTA = EU-005).
The ISWL's WAB Book numbers are: 16316 and 16724.
All QSL Info is on www.iswl.org.uk or www.qrz.com or via www.eQSL.cc
NO LOTW!
ISWL Awards are available to all Hams and SWL's - see www.iswl.org.uk for full details.
eQSL.cc cards ARE accepted for our awards. [Pete's-DX-Newsdesk]

30/04/2008: Special call DM152ZYA from Dresden QRV April 30th to December 31st on HF to 432 MHz is dedicated to the roll out and maidenflight of the first german passenger aircraft with jet propulsion, build in Dresden, 1958. Special DOK: 50ZYA will used. QSL via DJ7AL direct or bureau. [MMMonVHF]

01/05/2008: Special event station EG4DCM is currently active until May 4th to celebrate Madrid community day. During the activity, the QSO?s will be affected by a progressive number. You can repeat the contacts on different bands only. 10, 12, 15, 17, 20, 40 and 80 metres. The obtained serial numbers will allow to participate in the commemorative Trophy. On May 5th, a drawing lots made with the ONCE, will allow to indicate(appoint) between the progressive numbers, the winner of the Trophy and his seconds. The rewards will be sent free of charge to the winners. Special QSL, direct in 30 days or via the bureau to EA4CT. [F5NQL]

01/05/2008: A special event call sign LZ08KM (LZ Zero Eight KM) will be activated from May 1st till 31st, to commemorate St. Cyril (Kiril) and

Methodius, the creators of the cyrillic alphabet, as well as the Day of Cyrillic alphabet and Bulgarian Culture - May 24th, which is one of the most important holidays in Bulgaria. This will be a team operation and they will try to activate as many bands and modes as possible. QSL via LZ1PJ (Direct, Bureau and Email requests, LoTW). NO eQSL! More information and QSL card preview can be found on www.qrz.com/callsign/LZ08KM [LZ1PJ]

01/05/2008: Look for 8J1EME to be active from May 1, 2008 to March 31, 2009 for Project KDES 2008 (KDES: Katsuura Dish Experimental Station). QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/05/2008: Look for special event station 8J1ITU to be aired during the entire month of May to celebrate the 40th ITU Day. QRV on all bands/modes and QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/05/2008: Special event station 8J63OITA will be active between May 1st and October 13th to celebrate the 63rd National Sports Festival in Oita. Look for activity on all bands and modes. QSL via the JARL QSL bureau. [JJ1WTL/AC6IM]

01/05/2008: Look for special event station 8J750N to be active from May 1st to November 30th to celebrate the 50th anniversary of Natori-city. Activity will be on all bands and modes. QSL via the JARL QSL bureau. [JJ1WTL/AC6IM]

02/05/2008: Special event station 8J8YF will be aired May 1-6th for the "Activating Amateur Radio among Our Juniors 2008 (YF: Young Festival?)". Activity will be on all bands/modes to encourage the youngsters to take part in amateur radio. QSL via JARL bureau. [JJ1WTL/AC6IM]

02/05/2008: John/M0XIG, John/G4POF and Tony/2E0SBS will operate special event station GB2BST on May 2nd and 3rd from the site of the optical telegraph at Bramshaw in the New Forest, Hampshire. Expect them to be active mainly on 20 and 40 meters. The Bramshaw Shutter Telegraph was one of a number that operated as a communication link for the Admiralty between London and Plymouth. QSL via M0XIG, direct or bureau. [425 DX News]

03/05/2008: The Quilmes Radio Club LU4DQ, will be active on May 3rd from the disused since 1991 Railway station Buchanan DEF 105 D, that runs between Gonz?lez Cat?n and La Plata, Argentina. This activity is valid for the "Train Stations Award" (Diploma Estaciones Ferroviarias). QRV 80, 40 and 2 meter SSB and CW. QSL with SAE + postage to: Radio Club Quilmes, Casilla de Correo No 6, C. P. 1878, Quilmes, Provincia de Buenos Aires. In case of bad weather, the operation will be made on May 10th. [LW4DAF]

03/05/2008: CQ5MGP is the special callsign used by the Portuguese Navy amateur radio group (Nucleo de Radioamadores da Armada, CS5NRA) during the Portuguese Navy Day Contest. This year's event will be held on May 3-4th (rules can be found at www.nra.pt/). [425 DX News]

03/05/2008: The Bittern DX Group are putting on special event station (in conjunction with Holt Town Council) GB0GFH to celebrate the 300th anniversary of the Great Fire of Holt, in Norfolk. On 1st May 1708 the town of Holt in Norfolk, was devastated by a fire which destroyed most of the medieval town in the matter of just 3 hours. The dates for the event will be May 3rd, 4th, and 5th. Operation planned is on all bands 160m to 10m, and 2m. QSL direct to M0CNP. Further information at QRZ.com under GB0GFH. [MMMonVHF]

03/05/2008: Amateur Station 8ZU and Broadcast Station WRK. Special event station W8H will be aired May 3-11th to commemorate Hamilton Ohios first amateur and broadcast station (circa 1915). This event will use the original transmitter building and a still standing WRK tower. Activity will be on 1875, 3975, 7275 and 14275 kHz, using SSB, CW and AM (operators preference). Please mark your calendar in order to contact this special event on the air. A certificate will be issued to all who are logged and QSL with a SASE to W8KJ. More information is available at: w8h-wrk.blogspot.com/ [QRZ.com]

06/05/2008: Special event station 8J4BARA will be aired between May 6-19th to celebrate the Fukuyama Bara (or Rose) Festival. Look for activity on all bands. QSL via the JARL bureau. [JJ1WTL/AC6IM]

09/05/2008: Gian Paolo, IW0EFA with several other Military Hams will be activate from the Military Airport of Viterbo using the call sign II0ALE (Italy Italy Zero Aviation Light Army) on May 9th and 10th. Look for them to be active on all HF bands 80-10m, propagation permitting. QSL via the bureau. Direct requests can be sent to IW0EFA (QRZ.com). [IW1DQS]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html
==========
SIX METERS & UP -

* 144 MHz Meteorscatter Sprint Contest will take place each year on the day of the from IMO (International Meteor Organization) announced maximum of the Perseid shower 0000z UT to 2359z UT on August 12th, 2008. You can find the rules for this new activity contest at: http://www.mmmonvhf.de/img/pdf/MMMonVHF_Sprint_E.pdf [MMMonVHF]

* Japy DX Group will be QRV as ZV2T at Japm Mountains, GG66ms, May 3rd and 4th); the Araucaria DX Group will lead one interesting contest on 144 MHz and 50 MHz called AVHFC - ARAUCARIA VHF CONTEST - look: http://www.mmmonvhf.de/latest.php?id=1448 . Many PY stations made announcements of their participation on the event included portable conditions inside interesting grids. Here some of then: FJ92, GF49, GG40, GG42, GG46, GG48, GG51, GG52, GG53, GG54, GG55, GG58, GG66, GG67, GG68, GG76, GG78, GG87, GG88, GG89, GH40, GH52, GH96, GI64, HI21, HI36. The basis are almost the same of CQWW VHF Contest, so no mysteries on QSO traffic, scoring method or even software management. The English translation of the rules is avaiable on the Contest Website. I will be active with Japy DX Group as ZV2T at Japm Mountains, GG66ms, 1200 meters

ASL, 100 Watts, 12 elements for 144 MHz and 6 elements for 50 MHz. I hope found you on the bands. Flavio Archangelo PY2ZX. As well ZW2J will be operation for Araucaria VHF Contest. Rare grid square in the State of Goi?s (PP2)! Expedition of Japy DX Group. [MMMonVHF]

* Henrik, OZ8ZS, QRV from KM15WM 50 MHz SSB/CW during holiday trip! Hi all. Iam going on holiday to SV9 from May 8-22nd, and will be active on 50mhz. If we have sporadic on 144mhz, I can be QRV, but only with 50w and mobile ant. My loc will be KM15WM in the western part of Crete Island, and 100m from the sea, good takeoff to NW, N and NE. Due to overload in hardware, I am not QRV on ON4KST, but will be in contact with OZ1BNN via SMS. [MMMonVHF]

* St. Barthelemy DXpedition - W0SD and W7XU will be operating from St. Barth's (FK87) 28 June through 6 July, concentrating on 6 meters. We have applied for a special call sign and are working on having an online log (with the hope of reducing dupes). We will be on 50.103 MHz. Keep your fingers crossed for a great summer Es season. [MMMonVHF]

SILENT KEYS -

Lesiv Ivan Mikhaylovich, JW0HS (ex-UR5MVM, UX1MS) has been reported Silent Key on April 17, 2008.

Iwan, PY2AH has been reported Silent Key (April 28, 2008). He was one of the pioneers of VHF in Brazil and also wrote "Handbook of the Radioamador" in Portuguese language.
==========
From Bill, NG3K -

"Your readers may be interested in a functional improvement I have recently made to Announced DX Operations (ADXO):

http://www.ng3k.com/Misc/adxo.html

Beginning April 25, 2008 active DX operations now include a link to the DX Watch spot database. The link takes the form:

[spots]

and is located beneath the call sign in the Call field for most active DX operations listed in ADXO. A user clicking on this link will view a real-time list of recent DX Cluster spots for the call in question. Users can, if they choose, open the link in a new tab or window. This enhancement lets users immediately see whether or not an announced DX operation has actually been spotted, which bands and modes the operator is using, and where his signal is being heard.

For the present, links are not provided for additional operators at some multi-op operations. But, if ADXO users find the new capability useful, I may try to expand its coverage to multi-op expeditions. I am also considering using this capability as a tool for weeding out announced operations that, for whatever reason, never took place. Comments and suggestions will be welcome and may be addressed to:

Bill@...

My thanks go to Felipe, PY1NB and DX Watch for making this possible. While you're visiting DX Watch, be sure to take the time to look around. Felipe has created a remarkable and innovative 2nd generation DX spotting application that integrates data from packet cluster, qrz.com, and 425DXN".

73, Bill/NG3K

ZS8T ? Marion Island <http://zs8t.net>
Press Release #2
Posted: 28 Apr 2008 04:17 PM CDT

It has been little over a month since Petrus ZS6GCM started his journey to Marion Island and we are glad to report that the staff takeover period is completed and the SA Agulhas is making its journey back to Cape Town.

Petrus and Rhy ZS6DXB have been in contact and are happy to report on the following.

* Petrus has already undergone a full circle walk around the Island with one of the research scientists, and has been out of base camp for the past week.

* The team is currently on cleaning duty since the takeover and is now cleaning the entire camp - furthermore it is business as usual and all is well.

* Petrus is planning on starting construction of the antennas this week and will be *QRV as ZS8T by May 9th, 2008.*

* Petrus has also confirmed that the newly installed satellite internet system on Marion Island is working beyond expectations to date, so correspondence between Petrus and the ZS8T team are a lot easier than during the Bouvet Island 3Y0E operation.

We hereby say good luck to all in working ZS8T and we look forward to seeing your callsign in the ZS8T logbook. We will, of course, notify you all on the first lucky contacts that make it into the log and of any further developments.

73 and good hunting
Rhynhardt Louw ZS6DXB

ZS8T Press Officer/Logistical Support

** FURTHER UPDATE -
ZS8T QRV on May 9, 2008!!!
73s,
Col MM0NDX

==========
Montague Island OC-223 -
Nick, VK1AA reports that his mini IOTA expedition to Montague Island (OC-223) from April 15-18th was a great success. He managed to log 1,716 QSOs, mainly with EUs on 40/30m running 75 watts into home made vertical. You can find the video and sound recording on Youtube (http://www.youtube.com/watch?v=ia6EAoJbSMs) and a few more photos at www.vk1aa.com/oc-223 [VK1AA]

German Castles on the air -
Due to the huge activity, in Europe, each week end, all the year long, from Castles, Forts, Settlement houses and so on, Germany has now its own castle programm "German Castles on the Air".
To support it, a group of several hams, Sten/DL1ATR (L16), Hartmut/DL2HRT (W24) Gerhard/DL5AWI (X11), J?rgen/DL8GG (X20), and Hans/DK8RE (Y43), have organized the COTA Team.
Germany - http://www.cota-team-germany.com/home.html
Their first important activity will be held on May 17th, but also on May 18th for the European Castles day, which for years is held on the 3rd Sunday of May, and shows a lot of activities from castles in France, Spain, Portugal, Italy, United Kingdom, Switzerland, Belgium, now Germany, and may be further in Poland.
All information and ECD rules on Jean Pierre, F6FNA web page at:
http://f6fna.club.fr/jecruleanglais.html [F5NQL]

Radio Club Rio de la Plata www.lu5da.org.ar issues from 2nd April 2008 the WAAB Award (Worked Argentine Antarctic Bases). Technical Check point has been nominated LU4DXU Horacio. Rule and a sample of the Award are loaded on Worldwide Antarctic Awards session, available at WAP web site, where you can also get more details. Check "News & Information" page. 73

7044. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-02 08:17:33 UTC
From: K1XN
Topic: 5889 Message: 7044

*The MAY 2008 Issue #805-A files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder. This
will prevent
any lookup problems for you.

Notes: SSB only 6 to 160 meters.

Please avoid asking for band changes, schedules and other
interruptions especially if I am running well. Exceptions would be if
12, 10 or 6 meters are open to nearby islands.

QSLs from Stateside SASE only. Others SASE or bureau OK. Do not send
cards to FJ bureau. A week or so after return home I hope to have log
posted to LOTW.

CAYMANS:

I will be operating from Grand Cayman as ZF2LJ from May 17-22 in holiday
operations only (from the beach). We will emphasize WARC bands as
propagation permits. QSLs via buro or SASE to W6NRJ per QRZ.com.

Dennis, N6KD, will also join me. But I will let him submit his entry and
ZF call via e-mail to make it official.
Thanks much. Jim W6NRJ

UGANDA:

QUEBEC :
CG2I
IOTA : NA-128 C.IS.A. : PQ-010 GRID : FN47
CG2I will be only the second operation from Grosse-Ile, QC (PQ-010). The first operation was CI0GI in July 1990. During the 72 hours of activities, 4 operators and 2 stations, CI0GI made 7 300 QSO on CW and SSB. No 6 meters,WARC, 160 meters and digital mode contact was made during this operation. At this time also, NA-128 was not created not more than C.IS.A. PQ-010. The only PQ-010 activation was made by CI0GI. The complete SSB and a partial CW logs are still in hand. If somebody need a confirmation for this IOTA, C.IS.A, a new prefix or had never received is QSL at this time, send your request to the QSL manager (email) and we'll try to response to your request.
This time, all modes and bands (6-160 m), if propagation is there, will be worked by the 4 operators. The members of the team will be VA2RC François (VO2/VA2RC Zone 2, NA-077), VE2QRA Guy (NA-128, NA-077), VE2TKH Steve (CY9SS NA-094, VO2ZT Zone 2 , VY0ICE NA-047) and VE2EBK Dany (CI0GI, NA-128).The 2 stations (KW, beams and dipoles) should be active at the same time. The operations should start around 16:00Z July 25 to finished around 14:00 July 27 due to transportation schedule on the island. During the IOTA Contest, a station will be dedicated to the contest exclusively. The operators are invited by the administration of the National Park but they have some restrictions to follow. We like to thank in advance the administration of the national site of Grosse-Ile for their hospitality and cooperation in this activity.
NOTE: For the Government of Canada, Grosse-Ile has the same status than St-Paul Is. (CY9) and Sable Is. (CY0) but not for ARRL.

GIBRALTAR par OM DL annulé:

Hello All,

C’est avec tristesse que Frank DH7FB et moi même DF2ZC devons vous informer de l’annulation de notre déplacement VHF à Gibramtar.
Pourquoi ?
Les changements dans la réciprocité ZB2/DL, intervenus depuis juillet 2007 ont considérblement limité la puissance des émetteurs à 100 watts ERP; interdiction formelle d’utiliser un quelconque ampli linéaire.
Nous mettrons nos prochains projets sur ::
http://www.mmmonvhf.de/latest.php?id=906
Merci Guy, DL8EBW

I.C.P.O. Bulletin (May 08 - 16, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

* Hello All, Sadly Frank DH7FB and me DF2ZC have to inform you that our planned ZB dxpedition end of this month is now cancelled. Why? There are changes in reciprocal licensing in ZB land effective as of July 2007 (oh how we were lucky that we went there in April 2007). The main changes are that there is NO HF reciprocal license granted any more and that on 2m and 6m the maximum radiated power is limited to 100 watts ERP (!). Use of linear amps is forbidden altogether. Read more details and the new plans at: http://www.mmmonvhf.de/latest.php?id=906 [MMMonVHF]

08/05/2008: Franz, DC7NF is currently active from Uganda as 5X7FN until the end of June. QRV on 40 and 20 meter SSB. QSL via home call when he returns home. [DX Newsletter]

08/05/2008: Francois, F5JNE will be active as F5JNE/p from Belle Ile en Mer (EU-048, DIFM AT-015, also count for WLOTA LH-0872) from May 8-21st. He plans to operate mainly CW during his evenings. QSL via home call, bureau preferred. [425 DX News]

08/05/2008: The Amateur Association Culture and Loisirs Radio Club F8KOI will be portable on May 8th and will activate the castle Bambesch (DFCF 57-027), the Maginot line, commune of Bambiderstrof (CP 57690). F8KOI/p to be QRV in the morning by Nicolas/F4AFE starting from 0700 UTC on 80m and 40 meters. In the afternoon they will be active on 20, 17, 15 and 10 meters. QSL via F8KOI (QRZ.com). [F4AFE]

09/05/2008: Sei, JA7LU along with his friend Yohji, JH1AWN will be active from the island of Guam (OC-026, USi GU-003S, WLOTA LH-0064) as JA7LU/KH2 from May 9-11th. Activity will be on HF and 6 meter SSB. QSL via JA7LU, direct (Sei Suzuki JA7LU, 2-5-9 Kaga, Kashiwa-shi, 277-001 Japan) or bureau. [NG3K]

09/05/2008: Bill, ON5JE and Luk, ON4BB will be active May 9-12th from Schouwen Duiveland Duiveland (EU-146) as PA/homecall. QSL via home calls. [425 DX News]

09/05/2008: Al, LA9SN will be active around the usual IOTA frequencies from the main island of Iceland (TF, EU-021, LH-2975) on May 9-13th. He will operate CW and SSB from his car, using a vertical antenna and high power. QSL via home call, direct or bureau. SWL cards are welcome. [425 DX News]

09/05/2008: Operators Thomas/F4BCG, Patrick/F4FCS, Tony/F5RAB, Christian/F6AXN and Francis/F6DPD will be active May 9-11th as TM5EL

from the Fort of Moines Island [Sept-Iles] (EU-107, DIFM MA-015, DPLF PB-044, WLOTA LH-0349, ARLHS FRA-042, WLH F-046, Fort aux Moines DFCF 22-007, WW Loc. IN88GV). QRV all HF bands using CW and SSB, maybe some Digital modes, and VHF. Activity depends on tide hours and the weather. QSL via F6KHI, direct or by the bureau. [RSGB IOTA]

09/05/2008: Petrus, ZS6GCM will be active as ZS8T from Marion Island (AF-021) between May 9, 2008 and May 1, 2009. Look for activity on all bands and modes. Complete information can be found at zs8t.net/ . QSL via LZ3HI, direct or bureau. Logs will be uploaded to LoTW after the DXpedition. [425 DX News]

10/05/2008: Alex, DL1MAJ (with his family) plan to visit Korcula Island (9A, EU-016 IOCA CI-041, ACIA-767, CIA-19, MIA MC-163, LH-1315) for one week between May 10-24th. The IOCA Group hope Alex will find free time for ham-activity. QSL via home call. [9A6AA & DE0MST]

10/05/2008: Geoff, G4ICD will be active again from the Isle of Jersey (EU-013, WLOTA LH-0818) as GJ4ICD from May 10th for 7/10 days. He will have a couple of FT897s and other equipment and will run a beacon on 50.140 MHz (WW Loc. IN89WF). Look for activity on HF, with focus on 6 meters. QSL via home call. [MMMonVHF]

10/05/2008: JA4ZKI/4, JE4QIG/p will be active from No Island (AS-117, JIIA AS-117-106), JA4 Yamaguchi prefecture, on the HF bands May 10-11th. QSL via home calls, direct or bureau. [JI6KVR]

10/05/2008: Ron, KJ5XX will be active as KJ5XX/KH6 from Kauai Island (USi HI-003S, WLOTA LH-1761), Kauai County, Hawaii (OC-019) from May 10-16th. QRV primarily on 20m. Also may be on 17, 15 and 10m depending on band conditions. QSL via eQSL.cc to KJ5XX/KH6 or direct to KJ5XX (QRZ.com) [RSGB IOTA]

10/05/2008: David, VK2CZ will be QRV May 10-11th from Chatham Island (OC-038) as ZL7M. QSL via home call, direct only. [NG3K]

11/05/2008: Bruno, F5JYD/p will activate Longue Raies Island (DIFI 51006R, for the French Inland Islands Award), on the River Marne, May 11th. QRV 20 and 40 meters. QSL via home call, direct or bureau. [F5NQL]

11/05/2008: Alfio/IT9EJW and Giovanni/IT9GAC will be active as homecall/p from Faraglioni dei Ciclopi (EU-025, IIA CT-003, MIA MI-334) on May 11th. QSL via home calls, direct or bureau. A web page can be found at: www.mdxc.org/ciclopi/ [425 DX News]

12/05/2008: Frans, ON6KN will be active holiday style as 9A/OO6N from Losinj Island (EU-136, ACIA-116, CIA-25, IOCA CI-058, MIA MC-204, WLOTA LH-4295) between May 12th and 24th. QSL via ON6KN, direct or bureau. [425 DX News]

13/05/2008: A group of operators will be commemorating the Puerto Rico Amateur Radio Operator Day, May 13th, on San Juan Antiguo [Old San Juan] Island (USi PR-013, San Juan County) to also qualify the island for the

US Islands program. They will use the call sign WP3GW and will be QRV on 20 meter CW and SSB, from 1400 to 2300z. QSL via WP3GW. [USi

14/05/2008: Steffen, 5Z4DX will be active from Shanzu beach, Kenya, between May 14th and June 11th. Expect activity on all bands and modes. He also plans to activate Wasini Island (AF-067) May 25th and 26th. QSL direct to his Iceland address (Frank Steffen Gast, Eskifirdi, 735 Eskifjoedur, Iceland). [RSGB IOTA]

14/05/2008: Pasi, OH3WS/OG3A will be active as OJ0/OG3A from Market Reef (EU-053, also count for WLOTA LH-0542, ARLHS MAR-001, WLH OJ0-001) between May 14th and 17th. QRV 7-14 MHz, in his spare time. QSL via OH3WS. [NG3K]

15/05/2008: Operators Zoki/Z33F and Momo/Z31MM will be active from Sousse at the 3V8SS Tunisian Scout Club Station between May 15-26th. Activity will be on all bands, including 30/17/12 meters and on all modes (RTTY/PSK/CW/SSB/SSTV). There will also be activity on 2 meters. Also, Zoki, Z33F, plans to be a Single-Op/Single-Band (80m) entry in CQ WW WPX CW Contest (May 24-25th), and Momo, Z31MM, will be in the EU PSK Contest (May 17-18th). QSL 3V8SS via IZ8FWN. For more info, please visit the following web page: www.mdxc.org/3v8ss [OPDX Bulletin]

15/05/2008: Alessandro, IK4ALM and Sergio, IZ4BBF will be active as 9A/homecall from the island of Sveti Nikola (EU-110, ACIA-16, IOCA CI-118, MIA MC-414, WLOTA LH-3152) from May 15-19th. QSL via home call, direct or bureau. [425 DX News]

15/05/2008: Starting on May 15th in the afternoon until May 23rd, a French team led by Tony, F8ATS, will go to St Mary's, Isles of Scilly (EU-011, WW Loc. IN69UV). On May 15th (2000z-2230z) they plan to be QRV from Penzance (WW Loc. IN79JX), and the Lizard Point (Cornwall) lighthouse (ARLHS ENG-068), both on 144 MHz (50W and 2x4el) and 40m (50W with battery and mobile vertical antenna). They will board a boat May 16th which will take them to St. Mary's Island, Isles of Scilly (EU-011) and they hope to be active the same day, in the evening. Between May 15th until May 18th, focus will be on VHF and up, using CW and SSB. On the other days the traffic will be shared HF and VHF and up, from St. Mary's Island (EU-011), and the Scilly Lighthouse (ARLHS ENG-146, LH-0408, WW Loc. IN69UV). End of the expedition on May 23rd, in the morning. On the way they will be either F5KEE/p or /m and M/F5KEE/p or /m from mainland England (EU-005, WLOTA LH-1841). Frequencies will be given closer to the expedition. QSL via the bureau or direct to Tony, F8ATS (see QRZ.com). Dont forget SAE + 1 valid new IRC or 1 USD for CEE and 1 valid new IRC or 2 USD for elsewhere. [F5NQL]

16/05/2008: The Egadi DX Team and ARI di Trapani are organizing an operation to take place from Levanzo Island (IIA TP-009, MIA MI-050, WLOTA LH-1918) in the Egadi group (EU-054) from May 16-18th. The operators (Rino/IT9FXY, Momo/IT9GNG, Enzo/IT9ECQ, Sal/IW9FRA, Mimmo/IW9GTD, Pippo/IW9GNV and possibily Gastone/I4GAS) will be active as IF9LI on 80, 40, 20, 15 and 10 meters using SSB, PSK31 and RTTY, and

they will also give 6m a try. A side trip to Il Faraglione (EU-054, IIA TP-013, MIA MI-277) is being planned. QSL direct to IT9FXY. [425 DX News]

16/05/2008: JA1UNS/1, JI1PLF/1, 7N1GMK/1, 7L4PVR/1, 7N4VPS/1 plan to be active from Hachijo Island (IOTA AS-043, JIIA AS-043-003, WLOTA LH-0436), JA1 South Izu group, from May 16-19th. QRV 1.9 to 28 MHz and 50 MHz using CW, SSB and RTTY. QSL via their home calls, direct or bureau. JIIA Award information at: www3.ocn.ne.jp/~iota/newpage61.htm [JI6KVR]

==========

LOOKING AHEAD -

17/05/2008: Craig, K0CMH/p plans to activate Howell Island (USi MO-002R), St. Charles County, Missouri, either May 17th, or May 31st, or June 7th, or June 14th between the hours of 1300-2330 UTC. Because of the access difficulties due to river stages, Craig has obtained four dates from the Missouri Conservation Commission to perform this activity (it required a special use permit). QRV on 40 meters, 30 meters, 20 meters and IRLP via IRLP node 3453 (St. Louis and Suburban Radio Club repeater 146.085 MHz). QSL via home call (QRZ.com). [USi]

17/05/2008: The Bryan, Texas, Amateur Radio Club W5BCS will be qualifing three new Texas islands for the US Islands Award program on May 17th from 1300-2000 UTC. Operators Garland/K5VY and Don/WB5CKO will be QRV from Snake Island (USi TX-055, Burleson County), Rock Island (USi TX-056, Washington County) and Deer Island (USi TX-057, Washington County). All three islands are located in Somerville Lake. Main activity will be on 40 and 20 meters, on or near the usual island and IOTA frequencies. QSL via W5BCS (QRZ.com) [USi]

17/05/2008: Jim, W6NRJ will be on vacation to Grand Cayman Island (NA-016, also count for WLOTA LH-1042) from May 17-22nd. He will be active holiday style (from the beach) as ZF2LJ, with emphasis on the WARC bands as propagation permits. Dennis, N6KD will also join Jim during this time slot; his ZF call and QSL info to follow. QSL ZF2LJ via W6NRJ, bureau or direct (QRZ.com). [NG3K]

22/05/2008: Look for Harry, AC8G to be active as FJ/AC8G from St. Barthelemey Island (NA-146, WLOTA LH-0377) from May 22-27th. QRV SSB only 160 to 6 meters. Please avoid asking for band changes, schedules and other interruptions especially if he is running well. Exceptions would be if 12, 10 or 6 meters are open to nearby islands. QSLs from Stateside SASE ony. Others SASE or bureau OK. Do not send cards to FJ bureau. A week or so after return home Harry hopes to have the log posted to LOTW. [NG3K]

24/05/2008: A team of operators will be active from Luxembourg as LX7I for the CQWW WPX CW Contest (May 24-25th), as a Multi-2 entry. QSL via LX2A. [NG3K]

24/05/2008: Look for Bruce, XW1B to be active from Vientiane, Laos, during the CQ WPX CW Contest (May 24-25th), as a Single-Op/Single-Band (20m) entry. QSL via E21EIC [NG3K]

25/05/2008: Lars, LA5LJA will be active JW5LJA and JW7FJA from Spitsbergen Island (EU-026, WLOTA LH-0125) from May 25th to June 1st. Look for activity on all HF bands, using CW, SSB and digital modes. QSL both calls via LA5LJA, bureau preferred and also direct. [RSGB IOTA]

25/05/2008: Reiner, DL2AAZ will be active from the island of Nevis (NA-104) as V4/9H3TI from May 25th to June 15th. QRV 80-10m, using CW and SSB, with 100 Watts to gp and dipole antennas. QSL via DL2AAZ, direct or bureau. [RSGB IOTA]

31/05/2008: Steve, G0UIH will once again attempt to activate Walney Island (EU-005) between May 31st and June 2nd using the call sign G0UIH/M. QRV mainly on 20/17/15m, but also 40m using a IC706mk2G, 400Watts and an Outbacker Perth Vertical. This activation is a reschedule from May 3rd. QSL direct to home call. [RSGB IOTA]

06/06/2008: Operators 6K5AQY, 6K5AYC , 6K5BHZ, 6K5ALT, DS5AJT and HL5BMX will be active as 6M0W/4 from Paegya Island (AS-060), South Korea, from June 6-8th. QRV 80-10m, using CW, SSB and Digital modes. This operation also counts for Paekya Do lighthouse (ARLHS SKR-022, WLOTA LH-3386). QSL via HL5BMX, direct or bureau. [RSGB IOTA]

15/06/2008: Matthias, DD9HK will be active as EA6/DD9HK from Mallorca Island (EU-004, DIE E-021, MIA MB-004, WLOTA LH-1902) from June 15-19th. QRV holiday style on 160-6 meter SSB, with Icom IC7000 100 Watt and dipole. QSL via home call. [NG3K]

25/06/2008: Nick, G3RWF will be QRV again from Uganda as 5X1NH from June 25th to August 15th. This time he will also be active from Fort Portal in Western Uganda. QSL via home call. [NG3K]

26/07/2008: Ray, WQ7R will be active from Roatan Island (NA-057, also count for WLOTA LH-1671) as HQ9R during the RSGB IOTA Contest (July 26-27th). QSL via K5WW. [NG3K]

03/08/2008: Paul, M3KBU will be active as MM3KBU/p from the island of Scalpay (EU-010, IOSA OH-25, SCOTIA HI-19) from 1100-1600 UTC, August 3rd. QSL via M3KBU, direct or bureau. [RSGB IOTA]

02/09/2008: Operators Ian/G1JCC, Dick/G4LBH, Don/G4LOO, David/G4MVU, Terry/G4UEM, Andy/G8ATD and Bryan/M0BIK will be active from Caldey Island (EU-124, also count for WLOTA LH-4056) using the call sign GB2CI. QRV from 1800 UTC September 2nd to 1100 UTC September 8th, holiday style operation on all bands 160 to 2 meters. GW3SVJ/P will be operational over the weekend of September 6-7th for SSB and 2m contests. QSL direct or bureau to G8ATD. QSL manager G4UEM. Further information can be found on their Website at: vhfcomm.co.uk/lvg/ [RSGB IOTA]

15/09/2008: Look for Michael, K6UMO/KL7 to be active from several Alaskan islands between September 15-20th. He will be on a cruise ship

that stops at all of these islands. He will take an ICOM IC-703+ with me and will try to transmit from each island for as long as the ship is in harbor (and it isn't dinner time). Michael will try to activate the following: Kodiak Island (NA-019, USi AK-004S, 3rd S. Central County); Unga Island (Not IOTA, USI AK099, 3rd S. Central County); Unalaska Island (NA-059, USi AK005S, 3rd S. Central County); Kiska (NA-070, USi AK197, 3rd S. Central County [Aleutians West]); and Attu Island (NA-064, USi AK009S, 3rd S. Central County). Please note: AL099 and AK197 are unqualified. Accept QSL's via: USI eQSL, Callbook Address. [USi]

25/02/2009: Willi, DJ7RJ will be active as SV9/DJ7RJ from the island of Crete (EU-015, MIA MGC-005, WLOTA LH-1400) between February 25th to March 15th. QRV 160 to 10 meters, using CW and SSB. QSL via home call, direct or bureau. [NG3K]

==========

SPECIAL EVENTS -

09/05/2008: Gian Paolo, IW0EFA with several other Military Hams will be activate from the Military Airport of Viterbo using the call sign II0ALE (Italy Italy Zero Aviation Light Army) on May 9th and 10th. Look for them to be active on all HF bands 80-10m, propagation permitting. QSL via the bureau. Direct requests can be sent to IW0EFA (QRZ.com). [IW1DQS]

10/05/2008: Special event station W3S will be operating from the grounds of the Piney Point Lighthouse (ARLHS USA-601, St. Mary's County), Maryland, during their annual Waterfront Festival on May 10th. Plans are to have three stations (SSB, CW and BPSK-31) active on 80, 40, 20 and 17 meters from 1300 UTC to 2000 UTC. QSL via KA3UNQ. [425 DX News]

15/05/2008: On the occasion of the European soccer competition 2008, special event stations OE2008A-Z and HB2008A-Z will be QRV May 15th up to June 30th. A relevant award is also available for working these stations. For more information visit: www.uska.ch/ [UBA HF News]

15/05/2008: Special event station 8N5S will be active May 15th to June 15th for the 2008 Shikoku Joho Tsushin Gekkan (or Information Telecommunication Month). Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

16/05/2008: Dieter/DK5PZ, Volker/DL1WH, Peter/DL2RPS and Rene/DL7WR will operate from the Council of Europe Radio Club (TP2CE) from May 16-18th. They will concentrate on the low bands CW, SSB and digital modes. QSL via F5LGF. [425 DX News]

16/05/2008: Special event station 8N1JCS will be active May 16th to July 15th to celebrate the 100th anniversary of Choshi Radio (JCS). QRV all bands/modes and QSL via JARL bureau. [JJ1WTL/AC6IM]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

CONTEST FOR 4- AND 6-METER OPERATORS.
The 70-MHz and Cross-band Contest, Sunday, June 15th 2008. The Rome branch ("Sezione di Roma") of the Italian Amateur Radio League - ARI institutes a new Contest with the main aim to promote the utilization of the 70-MHz band that is getting available in a growing number of countries, including Italy. The Contest rules (which can be downloaded at http://www.ariroma.it/) have been devised so as to also allow participation to stations not having 70-MHz transmit equipment or located in countries where the 70-MHz band is not yet authorized. As a matter of fact the Contest is also open to stations working cross-band (50-MHz transmit, 70-MHz receive) and to 70-MHz SWLs. The selected date falls in the mid of the sporadic-E propagation period, and there are then good chances that a great number of long-distance contacts will be possible. With the aim to encourage participation, numerous prizes will be given, including a plaque for the high-scorer of each nation. Due to the short notice, you are kindly requested to spread the word about this event as much as possible so as to make the Contest a success. For any question on the Contest please ask the Contest Sponsor Representative: Antonio Vernucci I0JX, e-mail: vernucci@... or the Contest Manager: Stefano Castriotta IW0CZC, e-mail: stefano.castriotta@... [N8OFS]

QSL NEWS -

As many of you know the RSGB have contracted out their QSL Bureau.

Richard G3UGF, the new QSL Bureau Manager for the RSGB, has announced
the address and telephone number of the new central QSL operation...

RSGB QSL Bureau
P.O. Box 5
Halifax
HX1 9JR
England

Tel : 01422 359362

All outgoing cards should now be sent to this address.

World-wide Managers may also wish to note this new address, as cards
sent to the RSGB HQ address may be delayed. [Pete's-DX-Newsdesk]

S52X, Ted, is the latest addition to the NI5DX stable of DX stations.
Buzz, NI5DX will be handling his cards from 5/1/08 forward. [K1XN &
GoList]

==========
QUEBEC: CG2I

IOTA: NA-128, C.IS.A.: PQ-010, GRID: FN47

CG2I will be only the second operation from Grosse-Ile, QC (PQ-010). The first operation was CI0GI in July 1990. During the 72 hours of activities, 4 operators and 2 stations, CI0GI made 7,300 QSO on CW and SSB. No 6 meters, WARC, 160 meters and digital mode contact was made during this operation. At this time also, NA-128 was not created not more than C.IS.A. PQ-010. The only PQ-010 activation was made by CI0GI. The complete SSB and a partial CW logs are still in hand. If somebody need a confirmation for this IOTA, C.IS.A, a new prefix or had never received is QSL at this time, send your request to the QSL manager (email) and we?ll try to response to your request.

This time, all modes and bands (6-160 m), if propagation is there, will be worked by the 4 operators. The members of the team will be VA2RC Fran?ois (VO2/VA2RC Zone 2, NA-077), VE2QRA Guy (NA-128, NA-077), VE2TKH Steve (CY9SS NA-094, VO2ZT Zone 2, VY0ICE NA-047) and VE2EBK Dany (CI0GI, NA-128). The 2 stations (KW, beams and dipoles) should be active at the same time. The operations should start around 16:00z July 25 to finished around 14:00z July 27 due to transportation schedule on the island. During the IOTA Contest, a station will be dedicated to the contest exclusively. The operators are invited by the administration of the National Park but they have some restrictions to follow. We like to thank in advance the administration of the national site of Grosse-Ile for their hospitality and cooperation in this activity.

NOTE: For the Government of Canada, Grosse-Ile has the same status than St-Paul Is. (CY9) and Sable Is. (CY0) but not for ARRL.

7059. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-09 12:32:36 UTC
From: K1XN
Topic: 5889 Message: 7059

*The MAY 2008 Issue #805-B files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder. This
will prevent
any lookup problems for you.

*

7060. 8J4P and 8J6P DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-10 10:55:51 UTC
From: K1XN
Topic: 7060 Message: 7060

My thanks to FISTS EAST ASIA for this news:

Special QRP Stations in Japan

8J4P and 8J6P are now active until June 30. These are

special event stations for the "QRP Day" (June 17).

They run less than five watts output.

7061. EU-058, VP9, Argentina

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-11 07:23:58 UTC
From: F5nql@aol.com
Topic: 7061 Message: 7061

Hi friends
France – Lerins Isl, Saint Honorat – EU-058
The Italian crew , led by Giovanni/IK1WEG, (with Davide/IW1DQS, Gerry/IZ1DSH, Giorgio/IZ1DXS, Riccardo/IZ1GDB, Willy/IZ1HGM and Claudio/IZ1JMV) will be active , airing three stations from St. Honorat, Lerins Islands (EU-058) on 17-18 May.
The special callsign asked is TM0IL, but at the moment the authorisation is always pending.
Maurice, F5NQL has been asked by Davide/IW1DQS, to contact the French authorities, but because of the Pentecost week end, no more information can be expected before next tuesday
If this special call sign will not be authorized, they will traffic using their own callsigns as F/HC.
All the QSO willbe confirmed automatically via the bureau. For direct one's go to IZ1HGM.
Note : Maurice F5NQL on last Wednesday has contacted the French Agence Nationale des Frequences (ANFR) service, in charge of the special callsigns issuing, but unfortunately, on thisday there was a very important meeting, between the ANFR and the French IARU Society, REF-Union, about the future of Amateur Radio, in France; so nobody could say him, anything about this asked TM0IL callsign. He will made a new attempt on next Tuesday.

BERNUDA :

Contest: CQWW WPX Contest, CW (May 24-25, 2008)

of Contest.

ARGENTINA
The Grupo Mistongo de DX Tandil, (LU2EE), has issued for its 50th
anniversary the “Faros del Cincuentenario” award.
Goal : having QSO’s with at last 5 lighthouses, activated by the club
members :
This award is full part of the 50th anniversary Club activities.
For all activities : 80 & 40m i SSB, CW, RTTY.
Last week end happened the first activity from the PUNTA PIEDRAS (ARG 058)
lighthouse.
The other lighthouses will be on the aire as scheduled:
as follow :
- SAN JOSE (ARG 063)
Aug 16 to 18 by LU1EJ and LU6EC.
- CABO ARISTIZABAL (ARG 023)
Aug 16 to 18 2008. by LU5DIT and other.
- Beacon NECOCHEA SUR (ARG 097)
Aug 16 to 18 2008. by LU8EXJ and LU9EY.
- Beacon CABO CORRIENTES (ARG 098)
Dates and operators to be announced.
- Beacon CAMINO (ARG 084)
Aug 16 to 18 by LU3ES, LU4EHP and LW7DAF.
- New beacon to be confirmed:
Aug 16 to 18, by LU3DR and other.
We thanks all of you you will attend the events to make them successes.
Radio Club Tandil .

Bonjour à tous :
France – Iles de Lerins, Saint Honorat – EU-058

L’équipe italienne conduite par Giovanni/IK1WEG, (avec Davide/IW1DQS, Gerry/IZ1DSH, Giorgio/IZ1DXS, Riccardo/IZ1GDB, Willy/IZ1HGM et Claudio/IZ1JMV) sera active avec trois stations depuis St. Honorat, Lerins (EU-058) les 17 et 18 mai.
L’indicatif spécial demandé, TM0IL, n’est toujours pas confirmé.
Maurice , F5NQL, a été approché par Davide/IW1DQS, afin de prendre contact avec l’ANFR, mais à cause du week end de Pentecôte, il ne peut y avoir de nouveau avant mardi.
Si cet indicatif spécial n’est pas confirmé, ils trafiqueront avec F/HC.
Tous les QSO seront confirmés automatiquement par le bureau.
Pour les direct, voir via IZ1HGM.
Note : Maurice F5NQL , mercredi dernier a appelé l’ Agence Nationale des Fréquences (ANFR). Malheureusement et aussi à cause de la réunion Administration/REF-Union, sur le devenir du radio amateurisme français, il n’a pu avoir aucun interlocuteur susceptible de l’informer, à propos de l’indicatif demandé TM0IL. Il réessaiera mardi prochain.

BERMUDES :

Concours : CQWW WPX, CW (24-2 Mai, 2008)
Origine : VE3DZ
indicatif : VP9/VE3DZ
DXCC: Bermudes
Catégorie : mono opérateur toutes bandes, basse puissance.
zone CQ: 5
QSL via : VE3DZ
Operateur : VE3DZ

Début : 22 mai 2008
Fin : 28 mai 2008.
Origine : VE3DZ
Indicatif : VP9/VE3DZ
DXCC : Bermuda
QSL via : VE3DZ
Operateur : VE3DZ

Notes: RTTY, PSK et SSB en dehors du concours
Merci Bill, NG3K

ARGENTINE
Le Grupo Mistongo de DX Tandil, (LU2EE), édite pour spon 50ème anniversaire le diplôme “Phares du Cinquantenaire.
But : contacter au moins cinq phares, activés par les membres du club.
Cette activité s’intègre dans toues les autres manifestations du cinquantenaire.
80 & 40m i SSB, CW, RTTY.
Le week end drnier a eu la première activité depuis le phare de PUNTA PIEDRAS (ARG 058.

Les autres phares seront activés comme suit:
- SAN JOSE (ARG 063)
16 au 18 août, par : LU1EJ et LU6EC.
- CABO ARISTIZABAL (ARG 023)
16 au 18 août, par LU5DIT and other.
- Balise NECOCHEA SUR (ARG 097)
16 au 18 août, par LU8EXJ and LU9EY.
- Balise CABO CORRIENTES (ARG 098)
Dates et opérateurs annoncés plus tard.
- Balise CAMINO (ARG 084)
Aug 16 to 18 2008 par LU3ES, LU4EHP et LW7DAF.

- Nouvelle Balise à confirmer:
Aug 16 to 18 2008 par LU3DR et autres .
Nous remercions tous ceux qui nous aident à faire de ces évènements un succès.
Radio Club Tandil .

ZS8T ? Marion Island

Quick Update

Posted: 11 May 2008 06:06 AM CDT

Over the past 24 hours numerous spots have been appearing on DX clusters mentioning Petrus is on air.

As yet, we have no confirmation from Petrus. It's becoming apparent there are internet/phone problems on the island, so news is currently scarce.

In the meantime, be aware of bogus ZS8T stations appearing on the bands. If you'd like to familiarize yourself with Petrus' voice please visit previous recordings during 3Y0E

As soon as we hear again from Petrus, all news will be updated.

DL6KAC / MM0NDX on behalf of ZS8T team

ZS8T ? Marion Island

Latest from Marion Island

Posted: 13 May 2008 02:31 PM CDT

We have confirmation from the authorities in charge of Marion Island
that there is infact communications issues on the Island.

We did get a brief update that Petrus is very aware the world is waiting
for him to be QRV, but important matters in running the camp (he is in
charge of the operation down there) are taking up his waking hours.
Petrus is there for 11 more months and there will be plenty of time for
dx-ing once these issues are resolved.

The webmaster said he will have the servers back up in a couple
of hours. He is heading to his building now to get it going.

Larry, I will check on your problem when I have access this
afternoon.

Thanks for the info everyone.

7080. Rockall DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-14 21:03:57 UTC
From: K1XN
Topic: 7080 Message: 7080

425 DX News is available in the following languages:
English * Italian * Japanese * Portuguese * Russian * Spanish

---

The following update has just been released by Col McGowan, MM0NDX:

At 17.45 UTC, Mike (K9AJ) phoned Col from the yacht anchored near to Rockall, and asked him to convey this news to the waiting world.

Mike said there was a problem - no radio operation would occur due to the height of the swell. He quoted 15-20ft around the rock. Although the sea state itself was slight to moderate, the incoming swell kept battering off Rockall making it impossible to land.

The climbers tried a few times to land, but the inflatable dinghy they were in kept being lifted up 20ft, making landing impossible. Mike said they would

possibly try tomorrow, but was not optimistic at all. More than likely they will now return to St. Kilda. It was unknown if Mike would operate from there.

I.C.P.O. Bulletin (May 15 - 23, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========
ZS8T - Marion Island
Latest from Marion Island
Posted: 13 May 2008 02:31 PM CDT
We have confirmation from the authorities in charge of Marion Island that there is infact communications issues on the Island.
We did get a brief update that Petrus is very aware the world is waiting for him to be QRV, but important matters in running the camp (he is in charge of the operation down there) are taking up his waking hours.
Petrus is there for 11 more months and there will be plenty of time for dx-ing once these issues are resolved.

==========
15/05/2008: Operators Zoki/Z33F and Momo/Z31MM will be active from Sousse at the 3V8SS Tunisian Scout Club Station between May 15-26th. Activity will be on all bands, including 30/17/12 meters and on all modes (RTTY/PSK/CW/SSB/SSTV). There will also be activity on 2 meters. Also, Zoki, Z33F, plans to be a Single-Op/Single-Band (80m) entry in CQ WW WPX CW Contest (May 24-25th), and Momo, Z31MM, will be in the EU PSK Contest (May 17-18th). QSL 3V8SS via IZ8FWN. For more info, please visit the following web page: www.mdxc.org/3v8ss and www.z33f.blog.com.mk/ [OPDX Bulletin]

15/05/2008: Alessandro, IK4ALM and Sergio, IZ4BBF will be active as 9A/homecall from the island of Sveti Nikola (EU-110, ACIA-16, IOCA CI-118, MIA MC-414, WLOTA LH-3152) from May 15-19th. QSL via home call, direct or bureau. [425 DX News]

15/05/2008: Rich, WA3FPK will be in Rwanda for three weeks starting May 15th. He has been issued the call 9X0A and he plans to be active in his spare time, mainly on 20 metres SSB, especially during his last week in the country. QSL via KA1CRP. [425 DX News]

15/05/2008: Starting the afternoon of May 15th until May 23rd a French team led by Tony, F8ATS will go to St Mary's, Isles of Scilly. On May 15th (2000z-2230z) they plan to be QRV from Penzance (WW Loc. IN79JX), and the Lizard Point (Cornwall) lighthouse (ARLHS ENG-068, WLOTA LH-1841), both on 144 MHz (50W and 2x4el) and 40m (50W with battery and mobile vertical antenna). On May 16th they will take the boat to St.

Mary's Island, Isles of Scilly and they hope to be active the same day, in the evening. Between May 15th until May 18th, focus will be on VHF and up, using CW and SSB. On the other days the traffic will be shared HF and VHF and up, from St. Mary's Island (EU-011), and the Scilly Lighthouse (ARLHS ENG-146, WLOTA LH-0408, WW Loc. IN69UV). End of the expedition on May 23rd, in the morning. On the way they will be either F5KEE/p or /m and M/F5KEE/p or /m from mainland England (EU-005, WLOTA LH-1841). Working frequencies: CW - 1.811, 3.511, 7.011, 10.111, 14.011, 18.071, 21.011, 24.891, 28.011, 50.201, 144.091 and 432.051 MHz; SSB - 1.845, 3.781, 7.081, 14.251, 18.151, 21.251, 24.951, 28.491, 50.211, 144.281 and 432.191 MHz. QSL via the bureau or direct to Tony, F8ATS (see QRZ.com). [F5NQL]

15/05/2008: Hellmuth, DF7XE will be active from the island of Kos (EU-001, MIA MGD-016, WLOTA LH-1730) as SV5/DF7XE from May 15-28th. He hopes to be able to set up a good antenna in the hotel area. QSL via home call, bureau preferred. [rsgbiota.org]

16/05/2008: The Egadi DX Team and ARI di Trapani are organizing an operation to take place from Levanzo Island (IIA TP-009, MIA MI-050, WLOTA LH-1918) in the Egadi group (EU-054) from May 16-18th. The operators (Rino/IT9FXY, Momo/IT9GNG, Enzo/IT9ECQ, Sal/IW9FRA, Mimmo/IW9GTD, Pippo/IW9GNV and possibily Gastone/I4GAS) will be active as IF9LI on 80, 40, 20, 15 and 10 meters using SSB, PSK31 and RTTY, and they will also give 6m a try. A side trip to Il Faraglione (EU-054, IIA TP-013, MIA MI-277) is being planned. QSL direct to IT9FXY. [425 DX News]

16/05/2008: JA1UNS/1, JI1PLF/1, 7N1GMK/1, 7L4PVR/1, 7N4VPS/1 plan to be active from Hachijo Island (IOTA AS-043, JIIA AS-043-003, WLOTA LH-0436), JA1 South Izu group, from May 16-19th. QRV 1.9 to 28 MHz and 50 MHz using CW, SSB and RTTY. QSL via their home calls, direct or bureau. JIIA Award information at: www3.ocn.ne.jp/~iota/newpage61.htm [JI6KVR]

17/05/2008: Eddie/VK4AN, his son Raj/VK4FRAJ and others (pending) plan to be active from Malolo Lailai Island, Mamanuca Group (OC-121) as 3D2A from May 17-31st. QRV 160-6m using CW, PSK31, RTTY and SSB. They will use 3 rigs - 2 FT-450AT + ALS-500M amps and FT-100 for 6-m beacon/QSOs. Suggested frequencies are - CW: band edge + 2 to 5KHz; SSB: 3795 7095 14195 18145 21295 24925 28495; RTTY: 7042 10112 14082 18102 21082 28082; PSK31: 7042 10112 14072 18102 21072 28072; 6-m Beacon: 50105, also CW/SSB QSO)'s. Focus will be on digital modes and the WARC bands, plus a Multi-2 entry in the CQWW WPX CW Contest (May 24-25th). QSL via VK4AN, direct/bureau/LoTW. Logs will be uploaded daily to: http://hosenose.com/logic/logcheck/default.aspx [NG3K]

17/05/2008: Pascal, F1UGK/p will be active for European Castles Weekend (May 17-18th) from the Castle of Gazeau (DFCF 79-150), located in the commune of Sainte Ouenne (CP 79220), canton of Champdeniers St Denis (DDCF 79-08), Department Deux S?vres/79, Province of Poitou Charentes

(DPF 19). QSL via home call, direct or bureau. [F1UGK]

17/05/2008: Christophe, F4AQG/p will be active for European Castles Weekend (May 17-18th) from the Castle of Vieux Vern?gues (DFCF 13-038, WW Loc. JN23OQ), commune of Vern?gues (CP 13116), canton of Eyguieres (DDCF 13-09), Department Bouches-du-Rhone/13, Province of Cote-d'Azur (DPF 20). Look for activity on 40 and 20 meters. QSL via home call, direct or bureau. [F4AQG]

17/05/2008: Look for J.Louis, F4EWU/p to be active May 17-18th from the Castle musee of Tournon Sur Rhone (first time activation), Department Ardeche/07, Province of Rhone-Alps (DPF 22). QRV in HF and VHF. QSL via home call, direct or bureau. [F4EWU]

17/05/2008: Look for Bruno, F4FIU/p to be active May 17th from the Mill of Diable (DMF 59-060), Department Nord/59, Province of Nord Pas de Calais (DPF 16). Main activity on 40 and 20 meters. QSL via home call, direct or bureau. [Radioamateur.org]

17/05/2008: Pascal, F8BUO/p will be active May 17-18th from the Castle du Herrenflueh (DFCF 68-036), Department Haut-Rhin/68, Province of Alsace (DPF 01). Activity on 80 and 40 meter SSB, with some CW. QSL via home call, direct or bureau. [Radioamateur.org]

17/05/2008: Craig, K0CMH/p plans to activate Howell Island (USi MO-002R), St. Charles County, Missouri, either May 17th, or May 31st, or June 7th, or June 14th between the hours of 1300-2330 UTC. Because of the access difficulties due to river stages, Craig has obtained four dates from the Missouri Conservation Commission to perform this activity (it required a special use permit). QRV on 40 meters, 30 meters, 20 meters and IRLP via IRLP node 3453 (St. Louis and Suburban Radio Club repeater 146.085 MHz). QSL via home call (QRZ.com). [USi]

17/05/2008: Giovanni/IK1WEG, Davide/IW1DQS, Gerry/IZ1DSH, Giorgio/IZ1DXS, Riccardo/IZ1GDB, Willy/IZ1HGM and Claudio/IZ1JMV will be active May 17-18th with three stations from St. Honorat, Lerins Islands (EU-058, DIFM ME-014 for the French Islands Award). Should their requested call (TM0IL, QSL via IZ1HGM) not be issued in time, they will operate as F/homecall. All of the QSOs will be confirmed automatically via the bureau. [425 DX News]

17/05/2008: The Bryan, Texas, Amateur Radio Club W5BCS will be qualifing three new Texas islands for the US Islands Award program on May 17th from 1300-2000 UTC. Operators Garland/K5VY and Don/WB5CKO will be QRV from Snake Island (USi TX-055, Burleson County), Rock Island (USi TX-056, Washington County) and Deer Island (USi TX-057, Washington County). All three islands are located in Somerville Lake. Main activity will be on 40 and 20 meters, on or near the usual island and IOTA frequencies. QSL via W5BCS (QRZ.com) [USi]

17/05/2008: Jim, W6NRJ will be on vacation to Grand Cayman Island (NA-016, also count for WLOTA LH-1042) from May 17-22nd. He will be

active holiday style (from the beach) as ZF2LJ, with emphasis on the WARC bands as propagation permits. Dennis, N6KD will also join Jim during this time slot; his ZF call and QSL info to follow. QSL ZF2LJ via W6NRJ, bureau or direct (QRZ.com). [NG3K]

18/05/2008: Juan, F5IRC/p will be active for the European Castles Day on May 18th from the Castle of Bois Himont (DFCF 76-071), commune of le Bois Himont (CP 76190), canton of Yvetot (DDCF 76-5) Department Seine-Maritime/76, Province of Haute-Normandie (DPF 11). Activity will be mainly 40 and 20 meter SSB. QSL via home call, direct or bureau. [Radioamateur.org]

18/05/2008: The Radio Club F5KEM will active May 18th as F5KEM/p from the Castle of Campagnac (DFCF 24-014), located in the commune of Sarlat, Department Dordogne/24, Province of Aquitaine (DPF 02). QSL via home call, direct or bureau. [F5OVZ]

18/05/2008: The Radio Club of Sevran, F5KKD/p will be active May 18th from the Castle of la Foss?e (DFCF 93-013), commune of Sevran (CP 93270), canton of Sevran (DDCF 93-31), Department Seine Saint Denis/93, Province of Ile de France (DPF 21). Operators mentioned are Fred/F5OZK, Jean/F6AOD and Jean-Louis/F1AGW. Main activity will be on 40 and 20 meters. QSL via home call, direct or bureau. [F1AGW]

18/05/2008: The radio-club of St-Etienne (F5KRY) will be active from the Ch?teau des Cornes d'Urf?, Department Loire/42, Province of Rh?ne-Alpes (DPF 22) on European day, May 18th. It has never been activated on HF or VHF; it will be a first time activation. They invite you to come to discover the history and some photographs on the web site at: radioamateur42.over-blog.com/ [F0EXF]

18/05/2008: Jean-Marie, F5NLX/p will be active for the European Castles Day on May 18th from the Castle of la P?rouse (DFCF 73-131), Department Savoie/73, Province of Rh?ne-Alpes (DPF 22). QRV starting 0730z on 40 meter SSB, then QSY to CW in the afternoon. QSL via home call, direct or bureau. [Radioamateur.org]

18/05/2008: The Radio Club of Mainvilliers, F6KHI will be active for the European Castles Day on May 18th as homecall/p from the Castle of Senonches (DFCF 28-081, WW Loc. JN08MN), located in the city of Senonches (CP 28250), canton of Senonches (DDCF 28-22), Department Eure-et-Loir/28, Province Centre (DPF 07). QRV on 80, 40, 20, 15, 10 and 2 meters. Operators include Tony/F5RAB, Thomas/F4BCG, Christian/F6AXN and others. QSL via home call, direct or bureau. [Radioamateur.org]

18/05/2008: Jean-Fran?ois, F8BMN/p will be active for the European Castles Day on May 18th from the Castle Gillet (DFCF 59-047), commune of Hautmont (CP 59330), canton of Hautmont (DDCF 59-69), Department Nord/59, Province of Nord Pas de Calais (DPF 16). Look for activity on 40 and 20 meters. QSL via home call, direct or bureau. [Radioamateur.org]

18/05/2008: Freddy, F8CKS/p will be active May 18th from the Castle La Bourgonie (DFCF 24-098), Department Dordogne/24, Province of Aquitaine (DPF 02). QSL via home call, direct or bureau. [F8CKS]

18/05/2008: The Radio Club F5KFF will be active for the European Castles Day on May 18th using the special call sign TM4DGJ, in memory of their friend Alain (F4DGJ). They plan to activate the Fort of Villiers sur Marne (DFCF 93-002). Each QSO will be confirmed with a special QSL card. The QSL will be dispatched via F5KFF. [Radioamateur.org]

19/05/2008: Shoji, JA7HMZ will make his regular trip to Pohnpei Island (OC-010, WW Loc. QJ96CX), Micronesia, in May using the call sign V63DX. QRV May 19-24th on all bands and all modes, including 6 meters. QSL via his home call, direct or by the JARL bureau. [NG3K]

20/05/2008: Thomas, DH1TS will be active as homecall/p from Amrum Island (EU-042, N-18 for the German Islands Award, WLOTA LH-2464) from May 20-30th. Look for activity on 80-10 meters. QSL via home call, direct or bureau. [rsgbiota.org]

20/05/2008: Look for Kent, SM5ELV to be QRV May 20-21st from Kuuskajaskari (EU-173) using the call sign OH1/SM5ELV. He is there on a business tour, so activity will be in his spare time. QSL via home call, direct or bureau. [rsgbiota.org]

21/05/2008: Darren, G0TSM will be on holiday to the island of Barbados (NA-021, WLOTA LH-0999) from May 21st to June 1st. He will be active as 8P9TS; his operating time will be limited and he will focus on 6 meters and CW, with 100 watts into a 5-element yagi for 6m and wires for the HF bands. He also plans to be active as 8P2T during the CQ WW WPX CW Contest. QSL via G0TSM (e-mail requests for bureau cards can be sent to qsl@...). [425 DX News]

21/05/2008: Look for Eric, K9GY to be active May 21-26th as C6AYM from New Providence Island [Nassau] (NA-001, LH-1115, WW Loc. FL15HB), Bahamas. QRV on 80-10m CW and 6m SSB/CW, including a Single-Op/All-Band/Low-Power entry in the CQ WPX CW Contest (May 24-25th). QSL via K9GY. [NG3K]

21/05/2008: Rudo/OM5FM, Vlado/OM7CA and Robert/GI0NCA will be active from Rathlin Island (EU-122, also count for WLOTA LH-0283), Ireland, using the call sign GB1SRI from May 21-25th. QRV 80-10 meter CW and SSB, depending on conditions. They expect to run two stations with some VHF for local QSOs. QSL via OM5FM, direct of via the OM bureau. [rsgbiota.org]

21/05/2008: Bob, K0OK will be active May 21-28th as VP5/K0OK from Providenciales Island [aka Provo] (NA-002). He will also participate in the CQ WPX CW Contest (May 24-25th) using the call sign VP5E. Outside the contest look for activity on all bands, including 6m (100w into M2-7el at 30ft). QSL VP5/K0OK via home call, direct (Robert D Novak, 26502 Esteban Mission, Viejo, CA 92692-3355 USA) or LoTW. QSL VP5E via K0OK either direct, bureau or LoTW. [rsgbiota.org]

22/05/2008: Look for Harry, AC8G to be active as FJ/AC8G from St. Barthelemey Island (NA-146, WLOTA LH-0377) from May 22-27th. QRV SSB only 160 to 6 meters. Please avoid asking for band changes, schedules and other interruptions especially if he is running well. Exceptions would be if 12, 10 or 6 meters are open to nearby islands. QSLs from Stateside SASE ony. Others SASE or bureau OK. Do not send cards to FJ bureau. A week or so after return home Harry hopes to have the log posted to LOTW. [NG3K]

22/05/2008: Yuri, VE3DZ will be active as VP9/VE3DZ from the island of Bermuda (NA-005, also count for WLOTA LH-0201) from May 22-28th, including a Single-Op/All-Band/Low-Power entry in the CQWW WPX CW Contest (May 24-25th). Outside of the contest, look for Yuri on RTTY, PSK and SSB. QSL via home call, direct or bureau. [NG3K]

23/05/2008: Mike, DF3IS will be active May 23-28th from Thasos Island (EU-174, MIA MG-124, LH-4186 [Nisos Thasos]), Greece, using the call sign J48IS. He will also participate in the CQWW WPX CW Contest (May 24-25th) using the same call. QSL via his home call, direct or bureau - NO E-QSL !!! [NG3K]

23/05/2008: Lee, HL1IWD (as KH2/K1IWD) and and Harry, WX8C (as KH2/WX8C) will be operating from the island of Guam (OC-026, USi GU-003S, WLOTA LH-0064) from May 23-26th, including a Multi-Single entry in the CQWW WPX CW Contest as KH2/WX8C. QSL via home calls. [425 DX News]

==========

LOOKING AHEAD -

24/05/2008: Operators OM3GI, OM3NA, OM3LA, OM3RM and OM7JG will be active from Madeira Island (AF-014, DIP MA-001, WLOTA LH-0053) as CT9M for the CQ WPX CW Contest (May 24-25th), as a Multi-Single entry. QSL via CT3EE. [NG3K]

24/05/2008: Operators E74IW, E75DX, E77EY, E77DX, T90R and T98U will be active from Bosnia & Herzegovina as E77DX during the CQ WPX CW Contest (May 24-25th), as a Multi-2 entry. QSL via OE1EMS or T98U. [NG3K]

24/05/2008: Operators Joz/YD1JZ, Terry/YC1KAF, Yon/YB1CCF, Hery/YB1KAR and Arif/YE1AA will activate the Bekasi DX Contest Club station YE1ZAT during the CQ WPX CW Contest (May 24-25th), as a Multi-Single entry. The club station is located in Bekasi, West Java (OC-021, also count for WLOTA LH-1660), Indonesia. QSL via YE1ZAT (QRZ.com). [NG3K]

27/05/2008: Look for Rolf, DL6ZFG to be active as IS0/DL6ZFG from the island of Sardinia (EU-024, IIA SD-001, MIA MIS-035, WLOTA LH-1608) between May 27th and June 9th. Activity will be all bands and modes, but he will use mostly 40 and 20 meters. QSL via home call, direct or bureau. [rsgbiota.org]

29/05/2008: Look for Tomas/SM6XMY, Sten/SM6MIS, Magnus/SM6WET, Janne/SM6YOF, Bengt/SM6UQL, Pierre/SA6AOA and Rick/SM6U to be active from Nord Koster Island (EU-043) using the call sign 8S6KOS between May

29th to June 1st. QRV all bands and modes. QSL via SM6WET. Further information can be found at: sector7.nu/8s6kos/ [rsgbiota.org]

29/05/2008: Mario/DL5ME and Guenter/DG3HWO will be active as SD20 from Holm?n Island (EU-135, also count for WLOTA LH-0613) from May 29th to June 2nd. QRV using CW and SSB on 40, 30, 20 and 17 meters, with Butternut-Vertical and Spiderbeam. QSL via SD2O, QRZ.com address only. [DL5ME]

30/05/2008: The Grupo DX Teide (GDXT) will be active as EG8FOR from El Hierro Island (AF-004, DIE S-015 for the Spanish Islands Award) and Orchilla Lighthouse (FEA D-2836, ARLHS CAI-066, WLOTA 2005, WW Loc. IL07WR, DME 38901) from May 30th to June 1st. The group will dedicate this activation of Orchilla Lighthouse to Don Carmelo Heredia D.E.P. who was the first lightkeeper in 1933. Operators include Angel/EA8BFH (SSB/VHF), Jose/EA8ARG (SSB/Digital) and Luis/EA8AY (CW). QRV 40-2 meter CW, SSB and PSK31, using TS-480 at 100 Watts for CW, FT-897 and FT-840 at 100 Watts for SSB and Digital. Antennas will be Spiderbeam portable 5 bands, Moxon for 20m and 30m, Delta Loop Array for 40m and G5RV. Suggested frequencies: CW - 7015, 10106, 14028, 18073, 21028 kHz; SSB - 7095, 14185, 18165, 21290 kHz; 6m 50.145 MHz USB and 2m 145.245MHz SSB. QSL via EA8NQ, direct (QRZ.com) or by the bureau. Further information can be found at: introfor.grupodxteide.com/ [EA8NQ]

31/05/2008: Dan, IK2UWA will be active as TK/IK2UWA from Cavallo Island (EU-164, DIFM TK-003, MIA MCO-004) between May 31st and June 6th. QRV using CW and SSB on 40-10 meters. QSL via home call, direct or bureau. [NG3K]

05/06/2008: SFDXAG would like to announce the commemoration of the 64th anniversary of the D-Day landing in Normandy at Ranville on June 06 1944. Members of the South Flanders DX Activity Group will be active as F/ON6JUN/P from June 5-9th nearby Pegasis Bridge memorial museum. Operators include Willy/ON4LBV, Hugo/ON4AAA, Xavier/ON4ALY, Nic/ON4MGY, Fernand/ON6UF and Jos/ON5SD. QRV on all HF bands (especially WARC), using CW, SSB, RTTY and PSK. Every QSO will be confirmed with a special QSL-card (QSL via ON5SD). Further information can be found at: users.skynet.be/on6jun/sfdxag.htm [ON5SD]

05/06/2008: Mario, DL5ME will be active from Emsal? Island (EU-135) as OH2/DL5ME from June 5-8th. QRV using CW and SSB on 40, 30, 20 and 15 meters. He will be running 100 Watts to a Butternut-Vertical, if possible Spiderbeam too. QSL via DH5MM (QRZ.com address only). [DL5ME]

07/06/2008: Graham, M0AEP will be active from the island of Montserrat (NA-103) as VP2MDD from June 7-19th. QRV 80-10 meters with 200W and Carolina Windom. Also on 6M with 5 element yagi and 100W. QSL via M0AEP, direct or bureau. [rsgbiota.org]

09/06/2008: Ric, DL2VFR plans to be active from various locations of Iceland (EU-021, WLOTA LH-2975) using the call signs TF1/, TF5/ and TF6/homecall between June 9-19th. He also plans to activate Hrisey

Island (EU-168) from 1800z June 10th to 1200z June 12th. QRV 80-10m using CW, SSB and RTTY. QSL via DARC bureau to home call. Further information at: www.iota-expedition.com/ice08/ice08.html [DL2VFR]

15/06/2008: Matthias, DD9HK will be active as EA6/DD9HK from Mallorca Island (EU-004, DIE E-021, MIA MB-004, WLOTA LH-1902) from June 15-19th. QRV holiday style on 160-6 meter SSB, with Icom IC7000 100 Watt and dipole. QSL via home call. Further information can be found at: www.dd9hk.de/ea6-dd9hk.htm [NG3K]

25/07/2008: Operators Fran?ois/VA2RC, Guy/VE2QRA, Steve/VE2TKH and Dany/VE2EBK will be active as CG2I from La Grosse Ile, Quebec (NA-128, CIsA QC-010, Grid FN47) from 1600z July 25th to 1400z July 27th. QRV all modes and bands 160-6 meters, with two stations. The 2 stations (KW, beams and dipoles) should be active at the same time. QSL via VA2BK, direct or bureau or Email request. This activity is also in celebration of the 400th Anniversary of Qu?bec City.

25/07/2008: Dennis, M0LSB plans to be active holiday style as MM0LSB/p from Great Bernera (EU-010, IOSA OH-12, SCOTIA HI-27) from July 25-27th, RSGB IOTA Contest included. QSL via M0LSB, direct or by the bureau. [rsgbiota.org]

25/07/2008: A new SX5C DXpedition from the Radio Amateur Association of Greece in end of July 2008 - The following Greek hams: Cliff/SV1JG, Spiros/SV1RC, George/SV1RP, Nikiforos/SV1EEX, Theodoros/SV1GRM, Sotirios/SV1HER and Daniel/SV1JCZ will activate the rocky islet Strogili (EU-001, GIOTA DKS 001) with lighthouse ham activation of the islet. Lighthouse named Ipsili (ARLHS GRE-123, TWLHD WLH WLH SV-058, WLOTA LH-1653, Admiralty E5848). Timeline July 25th to August 4th. All the above hams are also members of the Radio Amateur Association of Greece. Also they will issue an expanded list of equipment that we will bring along but this will be announced soon! A ham friend who would operate on 2m EME as long as he/she would carry along his/her equipment will be very welcome! Up to then the team is looking for donation for the time of mission like 2m power amplifiers/longer beams etc. Please contact Sotirios, SV1HER in this case. [MMMonVHF]

28/09/2008: Rob, DK1ROB will be active from the isle of Barra (EU-010, IOSA OH-11, SCOTIA HI-02, WW Loc. IO66GX) as MM/DK1ROB between September 28th and October 3rd. QRV SSB, RTTY, maybe PSK63 - sorry, no CW! Antennas planned: Inverted Vee for 40m; 5-band Spiderbeam for 20m-10m at 15m AG; 3-El beam for 6m at 5m AG; Vertical for 2m/70cm. QSL via home call, direct or bureau. [rsgbiota.org]
==========
SPECIAL EVENTS -

15/05/2008: On the occasion of the European soccer competition 2008, special event stations OE2008A-Z and HB2008A-Z will be QRV May 15th up to June 30th. A relevant award is also available for working these stations. For more information visit: www.uska.ch/ [UBA HF News]

15/05/2008: Special event station 8N5S will be active May 15th to June 15th for the 2008 Shikoku Joho Tsushin Gekkan (or Information Telecommunication Month). Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

15/05/2008: Special callsign PA143ITU will be aired May 15-30th celebrating the 143th anniversary of ITU and the World Telecommunication Day (May 17th). Expect activity on 80, 40, 20, 17, 15, 12 and 10 meter CW and SSB, with some RTTY. PA143ITU will also participate in the CQ WW WPX CW Contest. QSL via PA3CAL. [425 DX News]

16/05/2008: Dieter/DK5PZ, Volker/DL1WH, Peter/DL2RPS and Rene/DL7WR will operate from the Council of Europe Radio Club (TP2CE) from May 16-18th. They will concentrate on the low bands CW, SSB and digital modes. QSL via F5LGF. [425 DX News]

16/05/2008: Special event station 8N1JCS will be active May 16th to July 15th to celebrate the 100th anniversary of Choshi Radio (JCS). QRV all bands/modes and QSL via JARL bureau. [JJ1WTL/AC6IM]

17/05/2008: The fourth edition of the Mediterraneo DX Club's Members Trophy will take place May 17-18th. The MDXC HQ station IQ8MD plus several special event stations are expected to participate in the event: 3G1MDC, II0MDC, II1MDC, II5MDC, II8MDC, IO1MDC, IO3MDC, IO8MDC, IO9MDC, IR0MDC, IR1MDC, IR2MDC, IR3MDC, IR5MDC, IR7MDC, IR8MDC, IR9MDC, SX1MDC. All of the QSOs made with these stations will be confirmed automatically via the bureau. Direct requests should be sent to the Members Trophy Manager, Giuliano Mondini (IK2VUC). Information on the event and the relevant award can be found at www.mdxc.org/trophy.asp [425 DX News]

17/05/2008: Special call sign R90LPU will be aired May 17-31st for the 90th anniversary of the Leningrad Infantry School (Leningradskoe Pehotnoe Uchilische). QSL via RX1CQ. [425 DX News]

18/05/2008: Starting May 18th the 2008 Beijing Olympic Games Special Event Amateur Radio Stations will begin activity. Five special calls, representing the five rings of the Olympic flag, will be QRV. The calls will be BT1OB, BT1OJ, BT1OH, BT1OY and BT1ON. The last letter of the call sign corresponds to the color of each of the rings of the Olympic flag - Beibei (Blue), Jingjing (Black), Huanhuan (Red), Yingying (Yellow) and Nini (Green). BA4EG will be the QSL manager for all stations. QSLs can be sent either direct or via the bureau and will begin to be answered in October. There will be a website set up at www.bj2008ses.com.cn which should be up and running by May 16th. The website will include an on-line log search, and QSL card receive and sent status, along with other information. There will also be award criteria posted soon. Look for these five Olympic special event stations to be QRV through September 17th. [ZL4PW]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html

==========
SILENT KEYS -

* Dr Ronald A. Parise, PhD, WA4SIR, passed away Friday May 9, 2008 after a very long and courageous battle with cancer. He was 57.
Parise flew as a payload specialist on two space shuttle missions: STS-35 on Columbia in December 1990 and STS-67 on the Endeavour in March 1995. These two missions, ASTRO-1 and ASTRO-2 respectively, carried out ultraviolet and x-ray astronomical observations, logging more than 614 hours and 10.6 million miles in space.
Parise was one of the first astronomers to operate a telescope from space, making hundreds of observations during the mission. Amateur Radio on the International Space Station (ARISS) Chairman Frank H. Bauer, KA3HDO, said Parise's personal contributions to these two missions provided scientists with "an unprecedented view of our universe, expanding our understanding of the birth, life and death of stars and galaxies."
First licensed when he was 11, Parise kept Amateur Radio at the forefront of everything he did, including his operations from space. During his two shuttle flights, he spoke with hundreds of hams on the ground. He was instrumental in guiding the development of a simple ham radio system that could be used in multiple configurations on the space shuttle; as a result, his first flight on Columbia ushered in what Bauer called the "frequent flyer era" of the Shuttle Amateur Radio Experiment (SAREX) payload.
Parise was the first ham in space to operate packet radio. "His flight pioneered the telebridge ground station concept to enable more schools to talk to shuttle crew members despite time and orbit constraints," Bauer said. "In his two shuttle flights, he inspired countless students to seek technical careers and he created memories at the schools and communities that will never be forgotten. Ron was also the ultimate ham radio operator -- in space and on the ground."
Bauer said that Parise's love for Amateur Radio and his love of inspiring students continued well beyond his two shuttle flights: "During the formation of the ARISS program, Ron was a tremendous resource to the newly forming international team. I know of many instances where Ron's wisdom and sage advice was instrumental in helping our international team resolve issues when we reached critical technical or political roadblocks. He was a key volunteer in the development of the ham radio hardware systems that are now on-board ISS. The ARISS team is deeply indebted to WA4SIR for his leadership, technical advice and tremendous vision."
Parise worked hand-in-hand with the students at the US Naval Academy and Embry-Riddle Aeronautical University on the development of their student satellites. He helped develop Radio Jove, a student educational project to listen to the radio signals emanating from Jupiter. Parise spoke at numerous schools over the years, inspiring students to pursue careers in science, math and technology.
"Ron Parise was--and continues to be--an inspiration to countless students, ham radio operators, and friends the world over. His

accomplishments were many, including space explorer, pioneer, astrophysicist, pilot, ham radio operator, avionics and software expert, inspirational speaker and motivator, student satellite mentor, husband, father and friend. While he certainly did some truly extraordinary things in his lifetime, Ron Parise is best known and cherished for keeping family and friends first, and for this, we will miss him most," Bauer said. [ARRL SB SPCL ARL ARLX004]

ALBANIA - Frank, F4DTO, has put some pictures and a movie, on his web pages (http://monsite.orange.fr/f4dto), following his trip to Albania (ZA/F4DTO). [F5NQL]

COTA "CASTLES ON THE AIR" - The COTA Team Germany reminds us that the International COTA Activity Weekend takes place on May 17/18. Activities from castles and palaces have been announced from: DL, EA, F, G, HA, HB, I, OK, ON, SP and more. [DX Newsletter]

ITALY GAINS NEW FREQUENCIES - Effective 13 May 2008, Italian amateur radio operators are authorized to use 7100-7200 kHz (for the time being on a secondary basis), using a total radiated power not exceeding 24 dbW. [I1JQJ]

==========

From the CQ Newsroom...

Amateurs in China are asking that 14.270 MHz be kept clear as an emergency frequency in the wake of yesterday's devastating earthquake there. Please remember that even if you cannot hear a station on the frequency, you might interfere with reception of transmissions by a station within range of both your signals and theirs.

Michael Chen, BD5RV, reports in a post on qrz.com that "a group of radio amateurs is now transmitting from Wenchuan, the center of quake. Its signal is reported to be very weak. They tried to keep communication with BY8AA in Chengdu, seeking for all resources needed. During a contact finished a few minutes ago, they were asking for raincoats, water, tents, and outdoor living facilities." Michael also asked that this request be forwarded as widely as possible.

In nearby Myanmar (Burma), where tens of thousands of people were killed by a typhoon last week, CQ Public Service Editor Bob Josuweit, WA3PZO, passes on a report from G4HPE of the International Radio Emergency Support Coalition (IRESC) that there currently is no amateur radio activity there; and that while the UN has been permitted to set up both HF and VHF communications based in the capital city of Yangon (Rangoon) "for use by the entire humanitarian community," none of the frequencies in use are in the amateur bands.

Further Information ...

Hams in China are also using 7.050 and 7.060 MHz for emergency communications following this week's earthquake, according to a post on QRZ.com by Jinxing Xincun, BG6BAU. This is in addition to the 14.270 MHz frequency reported yesterday.

Obviously, most North American hams will not be able to hear or reach
China on 40 meters, but please try to avoid these frequencies at night
to prevent interference to stations working with the Chinese amateurs
who may be able to hear your signals as well as theirs. Plus, of course,
if you live in Asia, these frequencies, as well as 14.270, should be
kept clear at all times for emergency communications.

7084. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-15 23:59:43 UTC
From: K1XN
Topic: 5889 Message: 7084

*The MAY 2008 Issue #805-C files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder. This
will prevent
any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin if your
subscirption is
about to expire.

*

7085. WANTED: EXPIRED IRC'S

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-16 20:42:49 UTC
From: K1XN
Topic: 7085 Message: 7085

Hello John,
I'm interested in expired IRCs. Do you have any available?
I could also use some current ones for QSLing.
tnx
Richard W1TSP
rmf011@...

Can any of our readers give Richard a hand with his
request? Please contact him direct via email

Topic: 7086 Message: 7086

Gently used (unused) 4-1000 rig with all parts plus extra power supply still available.

Anyone interested?

Check it out at K3CQ.com

Am moving on June 2. Rig must go.

From: K1XN
Topic: 7088 Message: 7088

From: "Bob Stewart" <rstewart@...>

Hi All,

The Wellington Amateur Radio Club is celebrating the 80th anniversary of its
foundation in 1928. Club members have each been allocated a week to operate
using the special callsign ZM80WB. A special QSL card will be sent to all
contacts via the Bureau, or direct requests to ZL2AOH QTHR.

I will be on-air next week from 0000Z 19 May to 2400 26 May on RTTY and
PSK31 please look out for me and help to demonstrate how great the Digi
modes are!

Bob

K3IXD

7090. VP2VI QSL route - December 2001

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-19 13:53:44 UTC
From: Paul M Dunphy
Topic: 7090 Message: 7090

Does anyone know who was operating from VP2VI in December 2001? That call was assigned to Bob Denniston - SK. It seems to me Bob rented out his station from time to time, but I'm not 100% sure. Either way, if anyone has a QSL route for that station, be it a visitor or someone who has Bob's logs, I'd really appreciate it. Looking to confirm a 6M QSO.

From: ragnar otterstad
Topic: 7090 Message: 7091

I knew Bob and never heard that he rented out the station.

There is a W6-er who kept his logs. Have you tried qrz.com ?

>73 Rag LA5HE

Hi Rag,

Yes, QRZ still has Bob listed. There is no mention of a W6 as
the log custodian there -- just Bob's original address. However
after receiving your email, I did a search on Google for "VP2VI logs"
and it appears W6RKC was/is the manager, so I'll try that route. It
is also listed here:

http://www.ng3k.com/Dxnl/qsl2001.html

Thanks for pointing me in the right direction!

7095. contest

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-20 11:59:49 UTC
From: F5nql@aol.com
Topic: 7095 Message: 7095

Hi friends
A try had been conducted to put these information also on a blog , under
aol.com
Unfortunately, AOL allows only 25000 signs or spaces by sending, which is
not enough and not easy to use.
This attempt will not be continued.
A new try is under test as an under-domain on the _WWW.UFT.net_
(http://www.uft.net/) web page.
More information will be given in time.

Bonjour à tous
Nous avons essayé de maintenir en ligne sur un blog, hébergé par AOL , les informations DX. Cet essai n’a pas été concluant, car chaque envoi est limité à 25000 signes ou espaces, ce qui n’est vraiment pas commode à utiliser.
De nouveaux essais sont en cours avec un sous-domaine du site UFT - _WWW.UFT.net_ (http://www.uft.net/) -
Plus d’informations seront données ultérieurement.

Hi friends

FRANCE, CORSICA

Chris, F8DZY, will sign TK/HC from Corsica, EU-014, DIFM TK-001, WLOTA 1390.

QTH : Furiani - Province Corsica, Department 2B (Bastia) and locator : JN42QP

It's first a job trip, between July 9th and August 3rd, 2008.

At spare time, 40m to 10m, CW/SSB, with ICOM 706MKII and G5RV JUNIOR .

QSL via HC direct or bureau.

Vy 73 de Chris F8DZY.
http://f8 (http://presence.webmail.aol.com/IM/?sn=f8dzy&locale=fr-fr&pd=0)
dzy.e3b.org
http://www.youtube.com/f8dzy (http://www.youtube.com/f8dzy)

Tks Christophe.

FRANCE,

French castles and Lighthouses:

Between Mai 23rd to June 7th, look for Gilles, F4FGJ/P, along with his XYL Evelyne, to be active from several castles and lighthouses in South Finistère, French Brittany,

On May 25th, from the Castle of KERLOUARNEC , castle reference is pending; (other references : canton ddcf 29-13 / zip code 29100)
On may 31st, from the PB 063/LH 1557 TRISTAN lighthouse (other references canton ddcf 2913 / zip code 29100)

Watch also the clusters for possible other lighthouses activities from the :
- PB 105 MILLET Point lighthouse, (other references canton ddcf 2933 / zip code 29122 city of Beuzec cap Sizun)
- PB 114 , ECKMÜHL Lighthouse, (other references canton ddcf 2949 / zip code 29760, city of Penmarch Saint Pierre)

SSB 80/40/20 metres.

QSL via HC,direct or bureau.

Tks Gilles/F4FCJ and Evelyne.

Dx from Bill/NG3K

KIRIBATI

Tom, NY0V and Rod, K0DAS will be heading to Christmas Isd (Kiritimati),
Eastern Kiribati in October.
Operation from Oct 23rd-28th will be as T32CXX and T32DAS.
We plan to operate CQWW SSB as T32CXX as M/S Zone 31 over the weekend.
QSL to T32CXX via W0CXX.
QSL for T32DAS to K0DAS.

73/ Tom, NY0V

Tks Bill, NG3K

FRANCE,

French castles and Lighthouses:

Between Mai 23rd to June 7th, look for Gilles, F4FGJ/P, along with his XYL
Evelyne, to be active from several castles and lighthouses in South Finistère,
French Brittany,

On May 25th, from the Castle of KERLOUARNEC , castle reference is pending;
(other references : canton ddcf 29-13 / zip code 29100)
On may 31st, from the PB 063/LH 1557 TRISTAN lighthouse (other references
canton ddcf 2913 / zip code 29100)

Watch also the clusters for possible other lighthouses activities from the :
- PB 105 MILLET Point lighthouse, (other references canton ddcf 2933 / zip code 29122 city of Beuzec cap Sizun)
- PB 114 , ECKMÜHL Lighthouse, (other references canton ddcf 2949 / zip code 29760, city of Penmarch Saint Pierre)

SSB 80/40/20 metres.

QSL via HC,direct or bureau.

Tks Gilles/F4FCJ and Evelyne.

Dx from Bill/NG3K

KIRIBATI

Tom, NY0V and Rod, K0DAS will be heading to Christmas Isd (Kiritimati), Eastern Kiribati in October.
Operation from Oct 23rd-28th will be as T32CXX and T32DAS.
We plan to operate CQWW SSB as T32CXX as M/S Zone 31 over the weekend.
QSL to T32CXX via W0CXX.
QSL for T32DAS to K0DAS.

73/ Tom, NY0V

Tks Bill, NG3K

7099. SUMMER 2008 RAC CALL BOOK CD UPDATE

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-21 01:32:51 UTC
From: K1XN
Topic: 7099 Message: 7099

I just received word that my order of the new issue
of RAC should arrive here in 4 to 5 days.
I will begin putting them in the mailers (which I have
ready) and get them in the mail just as soon as I can.
I will let everyone know when they ship.
John K1XN

Hi friends
Guadeloupe and Martinique
F5IRO Freddy and F8CRS David will stay in Martinique and Guadeloupe
islands between August 4th and 21st.
Between Aug 4 to 17, they will sign TO8S from Les Saintes Isl, NA-114, with
2 HF stations , mainly CW from 80 to 10 m (a little SSB and RTTY too).
Whilst the same period, they will try to be active as FG/Hc , from the
Guadeloupe Isl NA-102 for 3 or 4 days with one station, and FM/HC from the
Martinique Isl , NA-107, for 3 or 4 days . Stay tuned and watch the clusters!
At the end of the stay (Aug 18 to 21st) they will be FM/HomeCall from the
Martinique NA-107, with 1 station.
Holiday style traffic at their spare time.
QSL via F8CRS Bureau or Direct (with SAE+ postage)
Thanks Rafik, F5CQ

JAPANESE IOTA’s

JE3NJZ/JA6,JA0KNM/JA6 plan to be active from Kuro Island (IOTA AS-024)
JA6 Yaeyama Is group from June 6-9
7Mhz to 28 Mhz and 50 MHz on CW, SSB
QSL via their home call. You can go direct or via the bureau

FINLAND
WPX Contest

From: "Jarmo J. Jaakola OH2BN" <_oh2bn@..._
(mailto:oh2bn@...) >

SIGNALS FROM FAR NORTH IN THE WPX CONTEST

The station OG8X, located within the aurora oval, is signed up for M2
category entry in the CQ WPX Contest from the small village of Arcala
at 65 degrees North where temperatures still run below
freezing.

Arcala Extremes is an alliance of serious contesters typically
heading South but now they have made plans to face an ultimate
challenge. Change North and South and hit the pot over the
next few years when new Cycle 24 makes signals travel that

far North. OG8X signals will be fluttery, coming with the
sound of Northern Lights.

Here's the gang behind Arcala Extremes; OH1WZ, OH2BH, OH2IW, OH2MM,
OH2UA, OH4JFN, OH6KN, OH7EA and OH8NC.

7101. YI9WV DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-21 15:15:26 UTC
From: K1XN
Topic: 7101 Message: 7101

YI9WV, "Kitch", update from QSL manager, Buzz - NI5DX:

The rest of "Kitch's" radio equipment has arrived in Iraq. He is now QRV running 100 watts with an FT-857. He has lengthened his wire antenna to 130' on each leg, raised it to 35', and is using an external tuner. "Kitch" sent his log for May 18 and it contained 335 QSOs for that day alone. Most of the contacts were with Europe, with a good number of Asian stations making the log as well. There were no North American stations in the log for 5/18.

Of the 335 QSOs, 318 were on CW, 16 were PSK31 contacts, and there was one European SSB entry in the log. Almost all of the stations received a 599 report from YI9WV.

"Kitch" is new to being on the DX side of a pileup and asks that stations please comply to his requests concerning how he wants to manage the crowd, such as working split if the pileup gets too large.

Buzz - NI5DX, "Kitch's" manager, received the YI9WV cards from the printer Tuesday and has already answered all requests that were on hand.

7102. RAC SUMMER 2008 CALL BOOK CD

France
A Science related Old Heritage Building jeopardy.
The future of the French “Palais de la Découverte” in Paris is
jeopardized.
In this building for years was and is always popularized all of the faces of
the Scientific world.
During more 35 years, the F8DEC Ham radio station was in activity in the
building itself.
Now, from time to time , French hams use to show there some parts of the
Ham activities.
In the past were shown Balloons with beacons, QRP CW transceivers by F9RP,
ATV home brew gear, and so on.
Now hams are not allowed no more to settle antennas on this building, but
activities around the public lanes are always possible with authorisations.
Hams have still a meeting room in the Palais de la Découverte.
More information : _http://www.palais-http://www.http_
(http://www.palais-decouverte.fr/_)

Sign the petition to save this Heritage building :
__http://www.sauvonslhttp://www.sauvohttp://wwh_
(http://www.sauvonslepalaisdeladecouverte.fr/_)

73's de Jacques F5URS (also IARU REF-UNION secretary)
Tks Jacques .
No doubt Hams interested in the Palais de la Decouverte surviving, will sign
the petition, mentionning their Ham radio quality.

Salutations
Bob K4MZU."

73 Mehdi F5PFP

Du bulletin hebdomadaire du REF-Union du 21/05/2008.

Palais de la Découverte de Paris

Nous avons étés alertés par plusieurs adhérents au sujet du devenir du Palais de la Découverte de Paris. Ce haut lieu de la vulgarisation scientifique a
très longtemps abrité une station radioamateur qui opérait sous l'indicatif F8DEC.
En 97 nous avions un ballon Bulle d'orage dans le hall du Palais en plus d'une station ATV, d'un émetteur QRP CW réalisé par F9RP, et d'un stand de présentation du REF-Union.
En 98 j'ai installé mon camion dehors avec des stations décamétrique et VHF/UHF en plus du stand toujours dans le hall d'entrée (nous ne pouvions pas
avoir d'antennes dans le palais) après cette date nous avons conservé une salle
de réunion que nous utilisions une fois par mois.
Pour en savoir plus sur le palais de la découverte :
__http://www.palais-http://www.http_ (http://www.palais-decouverte.fr/_)
(_http://www.palais-http://www.htt_ (http://www.palais-decouverte.fr/))
Pour l'avenir du palais de la découverte :
__http://www.sauvonslhttp://www.sauvohttp://wwh_
(http://www.sauvonslepalaisdeladecouverte.fr/_)
(_http://www.sauvonslhttp://www.sauvohttp://ww_
(http://www.sauvonslepalaisdeladecouverte.fr/))
73's de Jacques F5URS
Merci Jacques.
Nous ne doutons pas que de nombreux OM signeront cette pétition sans oublier de signaler leur qualité de radioamateur.

Hi friends,
ITALY
I2ROQ, IF9ZWA, IK8SHL, IT9AHI, IT9TFX, IT9YMM, IT9ZHS, IW9RFO and
IZ1HVD will be active as IF9Z from Favignana Island (EU-054, IIA
TP-011) on 23-25 May. They plan to operate SSB and digital modes on
the HF bands and 6 metres. QSL via IT9YMM, direct or bureau.
Tks Guy, DL8EBW and MMM VHF
GRAND CAYMAN

Dates for our Grand Cayman 6M effort are now firmed up. Friday, June 27
thru Sunday, July 6. We implore everyone....please, please....don't send
or expect to receive grid square information in the exchanges. We'll be
in EK99gi and it will be on our QSLs. If you work ZF2ZD, QSL via K2ZD.
If you work ZF2BI, QSL via K4BI, both direct w/SAE and sufficient funds for
postage. Beacon & CW QSO's will be on 50.095. We'll move into the US 'phone
band for SSB. Frequency to be determined by possible QRM to other active
stations. We're of course optimistic and look forward to lots of log entries.
73, Jim Holt, K4BI / ZF2BI
Tks Guy, DL8EBW and MMM VHF

ARRL DXCC Desk Approves TI9KK Operation (May 21, 2008) --
ARRL DXCC Manager Bill Moore, NC1L, reports that the 2008 TI9KK DXpedition
to Cocos Island has been approved for DXCC credit.
"If you had cards rejected for this operation, please send an e-mail to the
ARRL DXCC Desk to have your DXCC record updated," Moore said.
Tks Rafik, F5CQ

PRESS RELEASE
The WAE Marathon

August 9 - September 14, 2008

In order to allow the entire world to participate in this event, it is not
enough to hold a party over the radio on the actual birthday. Therefore, the
two contests that are closely related to the WAE award, the WAEDC CW and the
WAEDC SSB, will form the timing cornerstones of our Marathon. Especially for
our friends outside of Europe is this competition a good possibility to
receive lots of band points for the WAE Marathon.

We invite you

The DARC Committee for DX and HF Contesting is the ideal host to invite the
radio amateurs of the world to hold many contacts with their European
partners. Participate as well, and maybe you will even go on a WAE
expedition!

We are celebrating the anniversary with the issuance of an achievement certificate similar to the WAE Award in accordance with the current award rules.

Soon we will have all information here: http://wae60.de <http://wae60.de/>
You will find information about the WAE in general also here: : <http://www.dxhf.darc.de/> http://www.dxhf.darc.de

In the 21st century, there are already many different electronic log and internet applications in use in amateur radio. This fact will be used for applying for the WAE60 Marathon as well as for the award. In addition, all participants will be eligible for the drawing for attractive prizes.

What interests the birthday guest

- Marathon timing: Begin: Aug. 9, 2008 0000 UTC (Begin of WAEDC CW)

End: Sept. 14, 2008 23:59 UTC (End of WAEDC SSB)

- Modes all legal Amateur Radio operating modes

(Note for contest participants i.e. in RTTY contests: during this time frame the competition logs for the WAE Marathon can be counted)

- Bands all legal Amateur Radio operating bands

- Log deadline latest on Oct. 15, 2008 (deadline WAEDC SSB) per e-mail

- Log formats ADIF, Cabrillo

- Certificates after fulfilling of the conditions for the WAE60 (analogous to the WAE requirements) a notice will be sent to allow you the possibility to print out the certificate over the internet

- Award points to the extent that a QSO from both partners is confirmed, it will be entered into the DCL (DARC Contest Logbook) and can be claimed for all WAE, EUROPA awards, EUDX und DLD.

- Fees none

We highly appreciate DXpeditions to WAE-countries during that period.

Please inform us about your plans.
Annoncements to: dl2vfr@...

Bonjour à tous
ITALIE:
I2ROQ, IF9ZWA, IK8SHL, IT9AHI, IT9TFX, IT9YMM, IT9ZHS, IW9RFO et IZ1HVD seront actifs sous IF9Z depuis Favignana (EU-054, IIA TP-011) du 23 au 25 mai.
HF+6m en SSB et numériques.
QSL via IT9YMM, directe ou bureau.
Merci Guy DL8EBW et MMMVHF

Grand Cayman
Les dates pour notre expédition 6m sont arrêtées :
Du vendredi 27 juin au dimanche 6 juillet.
Nous serons en EK99gi, ce sera écrit sur la QSL.
Merci de ne pas ralentir le trafic en demandant le locator ou en nous envoyant le vôtre.
QSL :
ZF2ZD, QSL via K2ZD.
ZF2BI, QSL via K4BI, pour les deux direct avec SAE et frais de retour.
Balise et QSO CW 50.095. SSB en bande US.

73, Jim Holt, K4BI / ZF2BI
Merci Guy DL8EBW et MMMVHF

DXCC :

Approuvé au DXCC : TI9KK 2008 .
Si votre carte a été rejetée, envoyer un mail à l'ARRL pour mise à jour de votre score.
Merci Rafik, F5CQ

COMMUNIQUÉ

A tous les YL et OM.
Ainsi qu'annoncé à Dayton, nous célébrons les 60 ans du Worked all Europe WAE, célébrez le avec nous.
Le 26 août 1948, W2IOP recevait le premier diplôme WAE.
60 ans plus tard

"L'esprit de l'époque" et les avancées technologiques acquises grâce aux radioamateurs, n’ont pas disparu.
Continuité dans le concept ayant motivé la création du WAE, sont toujours d’ actualité.
Les règlements ont été adaptés au fur et à mesure des années conférant au WAE une toujours plus grande popularité
Les changements dans la liste des contrées WAE, intervenues depuis des années sont le reflet des modifications politiques.
D’autres choses ont bien changé.
Que ce soit en matière d’ordinateurs, téléphones cellulaires ou portables et l’arrivée d’Internet, le radioamateurisme avec l’aide de ces nouveaux moyens de communication a atteint un niveau que nos anciens, même les plus imaginatifs, n’auraient osé rêver.
Aujourd’hui en 2008, nous invitons le monde à fêter avec nous cet anniversaire sur les bandes. Simultanément nous souhaitons en profiter pour apporter quelques innovations dans cette célébration.
En premier lieu sur le mode opératoire, avec tous les éléments qui ont constitué les prémices à l’existence de notre enfant :
Le Marathon WAE

Cet évènement se tiendra du 89 août au 14 septembre 2008.

Pour permettre au monde entier de participer à cet événement, il ne sera pas obligatoire d’être là le jour de l’anniversaire ; à côté les deux concours WAE CW et SSB seront les événements majeurs de cette période.
particulièrement pour nos amis hors d’Europe, cette compétition sera une bonne occasion d’engranger des points pour le Marathon.
Le comité du DARC pour les concours HF et le DX sera l’hôte idéal et il vous invite , tous dans le monde, à faire un maximum de contacts avec vos amis européens.

Participez, et peut être serez vous partie prenante d’une expédition WAE.

Un diplôme spécial sera édité, similaire au Diplôme WAE, mais selon les règles spécifiques qui seront accessibles sur les sites Internet :
http://wae60.de <http://wae60.de/>
Les autres informations générales sur le WAE se trouvent à :
<http://www.dxhf.darc.de/> http://www.dxhf.darc.de

Au 21ème siècle les carnets de trafic électroniques sont souvent de mise dans les stations. Ils seront utilisables aussi bien pour les concours WAE, que pour le Marathon WAE60.
Tout le monde peut prétendre à une récompense intéressante.

En résumé voici qui intéresse nos invités :

- Dates : du 9 août , 2008 0000 UTC (début du WAEDC CW), au 14 septembre 2008 23:59 UTC (fin du WAE SSB)
- Modes : Tous ceux autorisés aux radioamateurs. (Note pour les participants aux concours WAE, les CR de concours peuvent être ajoutés)
- Bandes : Toutes celles autorisées aux radioamateurs.
- Limite d’envoi des comptes rendus : la même que pour le WAE SSB soit le

15//10/2008, par e-mail.
- Format des Comptes rendus : ADIF, Cabrillo

- Certificats : Après contrôle, les gagnants recevront un mail avec les informations, adresses et codes permettant d’imprimer leur diplôme via Internet.

- Points Diplôme : Dans la mesure ou un QSO entre deux stations sera confirmé, il sera entré dans DCL (DARC Contest Logbook) et êrmettra de prétendre à tous les diplômes tels WAE, EUROPA, EUDX et DLD.

- Prix : Gratuit.

Les expéditions organisées à cette occasion dans les contrées WAE seront tès appréciées., ne manquez pas de nous en tenir informés - _dl2vfr@..._ (mailto:dl2vfr@darc.de) -, merci d’avance.

NEW DX SUMMIT HITS THE STREETS ON FRIDAY, MAY 23, 2008 AT 16.00 UTC

The original OH2AQ DX Summit was launched in 1998. It represented something that changed the entire DX hunt. Spinning the dial became old history that would never return.

Yasme Foundation President Wayne Mills, N7NG put it as follows; "Jukka Salomaa, OH2BUA and Antti Kantola, OH5TB were awarded the Yasme Excellence Award for conceiving, operating, and maintaining the DX Summit, the first widely used Web-based spotting network portal. They created a tool that fundamentally changed the nature of HF operating, a true advancement of the radio art."

The OH2AQ Summit has been a reliable tool for DX spotting for ten years. It was based on a concept and the computing power of those other days. Today marks the 10th anniversary of this innovation.

The New DX Summit, operated by Arcala Extremes, OH8X and supported by Yasme Foundation Inc., boasts a dramatic increase in computing power with the latest available equipment providing easy access to configure a Microsoft Server 2003 platform. State-of-the-art multiple servers are located in California, USA for fast information throughput and massive data storage. A huge amount of data will be retrieved for potential future applications. The system has been developed by Admino Technologies Ltd. located in Oulu, Northern Finland. <http://www.adminotech.com>

Traffic congestion should be a thing of the past. You can sample the speed and functionality during this coming weekend's WPX Contest. You should reconfigure your setup to <http://www.dxsummit.fi> (please update your browser bookmarks) because the original OH2AQ DX Summit will close down soon.

While the new system begins as a stepped-up carbon copy of the original system, it will provide an advanced technical platform for many new features that are on the drawing board as we speak.

Arcala Extremes, OH8X is a group of serious hams seeking technical innovations, experimenting with advanced radio and antenna concepts to further the evolution of amateur radio by using the competitive spirit as their trademark to attract young people. Their stations, OH8X and CU2A, are located in Oulu, Northern Finland and Azores Islands respectfully.

Yasme Foundation <http://www.yasme.org> is a non-profit corporation undertaking scientific and educational projects related to amateur radio, including DXing and the introduction and promotion of amateur

radio in developing countries.

Hi friends
Contest information by Bill, NG3K

Contest: CQWW WPX Contest, CW (May 24-25, 2008)
Submitter's callsign: UU4JMG
Contest callsign: 4L0A
DXCC entity: Georgia
Operation class: SO AB HP
CQ zone: 21
QSL route: via UU4JMG
Operators: UU4JMG

Contest: CQWW WPX Contest, CW (May 24-25, 2008)
Submitter's callsign: ra3auu
Contest callsign: P33W
DXCC entity: Cyprus
Operation class: M/S
CQ zone: 20
QSL route: RA3AUU
Operators: RA6LBS, RK3AD, RU4HP, RW4WR, RA3AUU

FRANCE Special event :
64th anniversary of the 6th of June 1944 landing in Normandy, WWII:
The Caen, F6KCZ ARC, will be on the air , using the special callsign TM5BBC,
in HF and VHF bands,to commemorate especially this 6th of June 2008, the
64th anniversary of the landing in Normandy, (WWII)
Around this date, Both CW and SSB , in HF and VHF, will be active at the
same time, from May 30th to June 6th (daily between 0700 and 1600 UTC)
The stations location will be as usually in the Creully Castle (DFCF 14020)
Grid JN99RG
Those who will visit the ARC team in operation , will be able to visit the
Radio Museum.
QSL either via F2UW or F6KCZ.
Thanks André F1BKM and Jean Pierre, F6FNA.

FRANCE - BREHAT ISLAND EU 074

From June 6th to 8th, 2008,the Association des RadioAmateurs des Côtes
d'Armor ARC (French Brittany) F6KBO, will be active from Brehat Island .

Hello Guys;

I am EA1DR, manager of TI9KK, and to tell you that I have already begun confirmations of QSL's, please ask you a little patience, many QSL's where I have to respond, but not to worry I will try to confirm them as quickly as possible to my job and my family I permit.

I think that in 15 or 20 days for all confirmations received direct channel will be confirmed.

Thank you

EA1DR Óscar Luis

7111. ICPO Bulletin (May 22 - 30, 2008)

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-22 22:23:16 UTC
From: Dave Raycroft
Topic: 7111 Message: 7111

I.C.P.O. Bulletin (May 22 - 30, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

* The V63DX operation from Pohnpei (OC-010) scheduled for May 19-24th has been cancelled because of airport closing in Pohnpei. A fish carrier made over run in his landing and still in the sea at the end of runway. Shoji JA7HMZ has been waiting in Guam but decided to return home. [NG3K]

* In the next few months Boyan, LZ1BJ will be active from Kosovo using the call sign YU8/LZ1BJ. QSL via LZ QSL Bureau. [LZ1BJ]

21/05/2008: Jim, WI9WI is currently active as PJ2T from the superstation at Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) until May 28th, including a Single-Op/All-Band/High-Power entry in the CQ WPX CW Contest. Outside of the contest look for activity on all bands and modes, including 6 meters which is monitored 24/7 on 50.110 MHz USB. QSL via N9AG. [NG3K]

22/05/2008: Daniel, DF8UO (F5VMO) will sign 5R8UO from Antananarivo, the capital of Madagascar (AF-013, also count for WLOTA LH-2455) from May 22-28th, including an entry in the CQWW WPX CW Contest. Before and after the contest you will find him using CW and SSB on all bands, especially 30 meters producing a loud signal with his LogPeriodic. QSL via bureau to DF8UO. The logs will be uploaded to LoTW and eQSL. [DX Newsletter]

22/05/2008: Look for Harry, AC8G to be active as FJ/AC8G from St. Barthelemey Island (NA-146, WLOTA LH-0377) from May 22-27th. QRV SSB only 160 to 6 meters. Please avoid asking for band changes, schedules and other interruptions especially if he is running well. Exceptions would be if 12, 10 or 6 meters are open to nearby islands. QSLs from Stateside SASE ony. Others SASE or bureau OK. Do not send cards to FJ bureau. A week or so after return home Harry hopes to have the log posted to LOTW. [NG3K]

22/05/2008: Look for IA5/IZ5FDD and IA5/IW5ELA to be active from Elba Island (EU-028, IIA LI-001, MIA MI-022, also count for WLOTA LH-0609), May 22-25th. They will operate SSB and slow CW on 40-10 meters, plus 6 and 2 meters. QSL via home calls, direct or bureau. [425 DX News]

22/05/2008: Once again the "Castres DX Gang" will be active May 22-26th as TM5B from Fort Brescou (EU-148, DIFM ME-001, MIA MF-005, DFCF 34-001), Department Herault/34, Province of Languedoc-Rousillon (DPF 12). Look for them to operate on all bands and modes. QSL via F5XX. [425 DX News]

22/05/2008: Yuri, VE3DZ will be active as VP9/VE3DZ from the island of Bermuda (NA-005, also count for WLOTA LH-0201) from May 22-28th, including a Single-Op/All-Band/Low-Power entry in the CQWW WPX CW Contest. Outside of the contest, look for Yuri on RTTY, PSK and SSB. QSL via home call, direct or bureau. [NG3K]

23/05/2008: Look for Gilles, F4FGJ/p, along with his XYL Evelyne, to be active from several castles and lighthouses in South Finist?re (DDFM 29), French Brittany (DPF 06), between May 23rd and June 7th. On May 25th, from the Castle of Kerlouarnec (DFCF reference pending), canton of Douarnenez (DDCF 29-13), city of Douarnenez (CP 29100). On May 31st, from the Tristan Island [?le Tristan] (DIFM AT-056, Not IOTA) and lighthouse (DPLF PB-063, ARLHS FRA-063, TWLHD WLH F-073, WLOTA LH-1557, Admiralty D0830), canton of Douarnenez (DDCF 29-13), city of Douarnenez (CP 29100). Watch the clusters for possible other lighthouses activities from - Pointe du Millier lighthouse (DPLF PB-105, ARLHS FRA-256, Admiralty D0836), canton of Pont Croix (DDCF 29-33), city of Beuzec cap Sizun CP 29122); d'Eckm?hl lighthouse (DPLF PB-114, ARLHS FRA-256, Admiralty D0890), canton of Guilvinec (DDCF 29-49), city of Penmarch Saint Pierre CP 29760). Activity will be on 80, 40 and 20 meter SSB. QSL via home call, direct or bureau. [F5NQL]

23/05/2008: I2ROQ, IF9ZWA, IK8SHL, IT9AHI, IT9TFX, IT9YMM, IT9ZHS, IW9RFO and IZ1HVD will be active as IF9Z from Favignana Island (EU-054, IIA TP-011, MIA MI-024, also count for WLOTA LH-1545), May 23-25th. They plan to operate SSB and digital modes on the HF bands and 6 meters. QSL via IT9YMM, direct or bureau. [425 DX News]

23/05/2008: Mike, DF3IS will be active May 23-28th from Thasos Island (EU-174, MIA MG-124, LH-4186 [Nisos Thasos]), Greece, using the call sign J48IS. He will also participate in the CQWW WPX CW Contest using the same call. QSL via his home call, direct or bureau - NO E-QSL !!! [NG3K]

23/05/2008: Lee, HL1IWD (as KH2/K1IWD) and and Harry, WX8C (as KH2/WX8C) will be operating from the island of Guam (OC-026, USi GU-003S, WLOTA LH-0064) from May 23-26th, including a Multi-Single entry in the CQWW WPX CW Contest as KH2/WX8C. QSL via home calls. [425 DX News]

23/05/2008: Dom, F5SJB will again be active as TM5CW on CW, RTTY and PSK between May 23rd and June 5th, CQ WW WPX CW Contest included. QSL via home call, direct or bureau. [425 DX News]

24/05/2008: Andy, UU4JMG will be active from Georgia (CQ zone 21) as 4L0A for the CQ WW WPX CW Contest, as a Single-Op/All-Band/High-Power entry. QSL via UU4JMG. [NG3K]

24/05/2008: Operators Jef/ON4ACA, Stefaan/ON4FG, Luc/ON4IA, Karel/ON5TN, Fred/ON6QR, Marcel/ON6UQ and Jun/JH4RHF plan to be active as 4U1VIC from the Vienna International Centre during the CQ WW WPX CW Contest, as a Multi-2 entry (this is a separate multiplier for the contest, but it is not a separate DXCC Entity). They have no QSL route

yet, but will update the information when they have a QSL manager. [NG3K & 425 DX News]

24/05/2008: Operators John/K4BAI, David/KY1V, Guy/N7ZG and Ismael/XE1AY will be active from the 6Y1V contest station in Hopewell, Hanover Parish, Jamaica (NA-097, WLOTA LH-0214) for the CQ WW WPX CW Contest, as a Multi-Two entry. QSL via OH3RB (QRZ.com). [NG3K]

24/05/2008: Frank, DL8WAA will be active from Madeira Island (AF-014, DIP MA-001, WLOTA LH-0053) as CS9L during the CQWW WPX CW Contest, as a Single-Op/All-Band/High-Power (TB Wire) entry. QSL via DJ6QT. [NG3K]

24/05/2008: Operators OM3GI, OM3NA, OM3LA, OM3RM and OM7JG will be active from Madeira Island (AF-014, DIP MA-001, WLOTA LH-0053) as CT9M for the CQWW WPX CW Contest, as a Multi-Single entry. QSL via CT3EE. [NG3K]

24/05/2008: Jurgis, LY2CY will be active from S?o Vicente Island (AF-086, WLOTA LH-1976), Cape Verde, as D4C during the CQ WPX CW Contest, as a Single-Op/All-Band/High-Power entry. QSL via IZ4DPV, direct or by the bureau. [NG3K]

24/05/2008: Operators E74IW, E75DX, E77EY, E77DX, T90R and T98U will be active from Bosnia & Herzegovina as E77DX during the CQ WPX CW Contest, as a Multi-2 entry. QSL via OE1EMS or T98U. [NG3K]

24/05/2008: Jim, N6TJ will be active from the Canary Islands (AF-004) as EE8Z during the CQ WPX CW Contest, as a Single-Op/All-Band entry. QSL via VE3HO. [NG3K]

24/05/2008: Valery, RD3AF will be QRV as EF8M from Las Palmas Gran Canaria (DIE S-005 for the Spanish Islands Award, LH-0969) Canary Islands (AF-004) during the CQ WPX CW Contest, as a Single-Op/All-Band/High-Power entry. QSL via RX3DU. [NG3K]

24/05/2008: The Blagnac Amateur Radio Club, F5KKJ will be active May 24th starting around 0700 UTC as F5KKJ/p from the Castle of Maniban (DCFC 31-031), city of Blagnac (CP 31700), canton [county] of Blagnac (DDCF 31-51), Department Haute-Garonne/31, Province of Midi-Pyr?n?es (DPF 15). Operators mentioned are Fabrice/F5LCU, Bernard/F6GUS, Robert/F4DQG and SWL Robert. QSL via F5KKJ, direct or bureau. [F5PRR]

24/05/2008: A Mini Dxpedition to Piel Island (EU-005) by members of the CQ CQ Portable Group, UK, will take place May 24th and 25th using the special call sign GB0PIA. Operators include John/M0JFE, Ian/2E0EDX, Brian/2E0OYG, Nathan/2E0OCC, Greg/2E0RXX, Sean/2E0BAX and Liam/M3ZRY. They plan to be QRV 160m-70cm (no 30m). Of course band conditions will determine which will be used. Equipment will consist of FT817 rigs with 80w linear for HF and various antenna systems. Various radios for 2m, 6m and 70cm, with beams and verticals. On 6m they will monitor 50.150 USB and 51.500 USB. On 2m the frequencies will be 145.500 and 144.300 USB. The 70cm frequency will be 433.500 MHz. Piel Island lies half a mile (1

km) off the southern tip of the Furness Peninsula in the administrative county of Cumbria (WW Loc. IO84JB, WAB square SD26). This operation will also count for the Piel Island 14th Century Castle (CASHOTA reference G/151/C). Further information and updates, can be found at: www.hamuniverse.com/pielislanddxpedition.html [M0JFE]

24/05/2008: Operators Marcello/IT9ABY, John/IT9DQM, Sal/IT9HUV and Joe/IT9RBW will be active as IR9Y from Sicily (EU-025, IIA SC-001, MIA MI-107, WLOTA LH-1362) during the CQ WPX CW Contest as a Multi-Single entry. QSL via IT9ABY. [OPDX Bulletin]

24/05/2008: Dick, G3URA will be signing J49XF from the island of Crete (EU-015, WLOTA LH-1400) for the CQ WPX CW Contest, as a Single-Op/All-Band/Low-Power entry. QSL via home call, direct or bureau. [NG3K]

24/05/2008: Naran, JT1BV pans to be active from Ulaanbaatar, Mongolia, in the CQ WPX CW Contest, as a Single-Op/All-Band/High-Power entry. QSL direct only (QRZ.com). [NG3K]

24/05/2008: Tim, LW9EOC will be active from Buenos Aires, Argentina, as LS1D for the CQ WPX CW Contest, as a Single-Op/High-Power entry. QSL via LW9EOC (QRZ.com). [LW9EOC]

24/05/2008: Operators Manfred/DK2OY, Sandy/DL1QQ, Holger/DL5KUT and Ron/PA3BPC will be active from Luxembourg using the call sign LX0RL during the CQ WPX CW Contest, as a Multi-Two entry. QSL via LX1KQ, direct or bureau. [NG3K]

24/05/2008: A team of operators will be active from Luxembourg as LX7I for the CQWW WPX CW Contest, as a Multi-2 entry. QSL via LX2A. [NG3K]

24/05/2008: Members of the Bulgaria Contest Team will be active from Bulgaria as LZ9W during the CQ WW WPX CW Contest as a Multi-Multi entry. QSL via LZ9W by the bureau. [OPDX Bulletin]

24/05/2008: Operators Mindaugas/LY4L and Jay/LY4Y will be active from England (EU-005, WLOTA LH-1841) as M7A during the CQ WW WPX CW Contest, as a Multi-Single entry. QSL via M0NRC. [OPDX Bulletin]

24/05/2008: Lars, DF1LON will be active from the isle of Jersey (EU-013, WLOTA LH-0818) as MJ0LON during the CQ WW WPX CW Contest, as a Single-Op/All-Band/High-Power entry. QSL via DF1LON. [NG3K]

24/05/2008: The station OG8X, located within the aurora oval, is signed up for M2 category entry in the CQ WPX Contest from the small village of Arcala at 65 degrees North where temperatures still run below freezing. Arcala Extremes is an alliance of serious contesters typically heading South but now they have made plans to face an ultimate challenge. Change North and South and hit the pot over the next few years when new Cycle 24 makes signals travel that far North. OG8X signals will be fluttery, coming with the sound of Northern Lights. Here's the gang behind Arcala Extremes; OH1WZ, OH2BH, OH2IW, OH2MM, OH2UA, OH4JFN, OH6KN, OH7EA and

OH8NC. [OH2BN]

24/05/2008: Operators OH0/PA2A (Steve), OH0/PA2AM (Wim), OH0/PA0VHA (Hans), OH0/PA3BAG (Jack), OH0/PA3ALK (Wil) and OH0/PB5A (Teun) will be active May 24th to June 6th from Aland Island (EU-002, also count for LH-1373). Activity will be on 160-2m, with three stations running at the same time, using SSB, CW, RTTY and PSK31, including an entry in the CQ WPX CW Contest. They will also be on 6m and 2m during aurora, tropo or ES. QSL via home calls, or direct only, with SAE, to PA0VHA (H. Vernhout, Ph. de Goedestraat 54, 3132 XR Vlaardingen, The Netherlands). Further info can be found at: www.pa2am.nl/aland/index.htm [PA2AM]

24/05/2008: Look for Ari, OH5DX to be active from the Aland Islands (EU-002, LH-1373) as OH0Z during the CQ WPX CW Contest, as a Single-Op/All-Band (or Single-Band 20m)/High-Power entry. QSL via W0MM. [NG3K]

24/05/2008: Operators Andrei/RA6LBS, Eugene/RK3AD, Alex/RU4HP, Sandy/RW4WR and Harry/RA3AUU will be active as P33W from the island of Cyprus (AS-004, MIA MCI-002, WLOTA LH-0051) for the CQ WPX CW Contest, as a Multi-Single entry. QSL via RA3AUU. [NG3K]

24/05/2008: Look for Siggi, TF3CW to be QRV from Iceland (EU-021, WLOTA LH-2975) during the CQ WPX CW Contest, as a Single-Op/Single-Band (20m) entry. QSL via LX1NO. [NG3K]

24/05/2008: Charente DX Group members Joel/F1BLQ, Bertrand/F6HKA, Eric/F5LOW, Laurent/F5MNK, Fabrice/F5NBQ and Leon/ON4ZD will be active as TM0G from Groix Island (EU-048, DIFM AT-012, WLOTA LH-0050), May 24-31st. They will operate SSB, CW, RTTY and PSK on 80-10 meters with three stations. QSL via F6ANA, direct or bureau. [425 DX News]

24/05/2008: Look for Ron, VA3RVK to air special call sign VB3E during the CQ World Wide CW WPX Contest. QSL via VA3RVK, direct (Ron Vander Kraats, 9 Jopling Avenue South, Islington, ON M9B 3P4, Canada) or via the VE3 QSL bureau. [RAC]

24/05/2008: Gilles, VE2TZT will be active as VC2M from Ile Bizard (QC-027 for the Canadian Islands Award), Quebec, during the CQ WPX CW Contest. QSL via VE2TZT direct or bureau. [RAC]

24/05/2008: Alfredo, WP3C will be active during the CQ WPX CW Contest from Puerto Rico (NA-099, WLOTA LH-2802), as a Single-Op/All-Band/Low-Power entry. QSL via W3HNK. [NG3K]

24/05/2008: Look for Bruce, XW1B to be active from Vientiane, Laos, during the CQ WPX CW Contest, as a Single-Op/Single-Band (20m) entry. QSL via E21EIC. [NG3K]

24/05/2008: Operators Joz/YD1JZ, Terry/YC1KAF, Yon/YB1CCF, Hery/YB1KAR and Arif/YE1AA will activate the Bekasi DX Contest Club station YE1ZAT during the CQ WPX CW Contest, as a Multi-Single entry. The club station is located in Bekasi, West Java (OC-021, also count for WLOTA LH-1660),

Indonesia. QSL via YE1ZAT (QRZ.com). [NG3K]

24/05/2008: Tom, KC0W will be active from St. Helena Island (AF-022) as ZD7X during the CQ WPX CW Contest, as a Single-Op/Low Power entry. QSL via W0MM (see QRZ.com). [NG3K]

24/05/2008: Look for Bob, G4DBW to be active from Ascension Island (AF-003) as ZD8RH for the CQ WPX CW Contest, as a Single-Op/Low-Power entry. QSL via home call. [NG3K]

24/05/2008: John, K6AM will be active from Grand Cayman Island (NA-016, also count for WLOTA LH-1042) as ZF2AM for the CQ WPX CW Contest, as a Single-Op/All-Band entry. QSL via K6AM, direct or bureau or LoTW. [NG3K]

24/05/2008: Operators Lee/ZL2AL, Stan/ZL2ST, Mike/ZL2FAR and Peter/ZL2LF will be active from New Zealand [North Island] (OC-036, WLOTA LH-0069) as ZM2M during the CQWW WPX CW Contest, as a Multi-2 entry. QSL via ZL2AL. [OPDX Bulletin]

25/05/2008: Lars, LA5LJA will be active JW5LJA and JW7FJA from Spitsbergen Island (EU-026, WLOTA LH-0125) from May 25th to June 1st. Look for activity on all HF bands, using CW, SSB and digital modes. QSL both calls via LA5LJA, bureau preferred and also direct. [rsgbiota.org]

25/05/2008: Flemming, OZ5FM will be active May 25th from both lighthouses on Vensyssel-Thy Island [Nordjylland] (EU-171, NJ-001 for Danish Island Award) as OZ5FM/p. He will activate Agger Tange Forfyr - Range Front (ARLHS DEN-190, Admiralty B1894) and Agger Tange Bagfyr - Range Rear (ARLHS DEN-191). Starting around 1100 UTC and will work about 1 hour from each lighthouse on 20 meter SSB only. QSL via home call, direct or bureau. [OZ7AEI]

25/05/2008: Reiner, DL2AAZ will be active from the island of Nevis (NA-104) as V4/9H3TI from May 25th to June 15th. QRV 80-10m, using CW and SSB, with 100 Watts to gp and dipole antennas. QSL via DL2AAZ, direct or bureau. [rsgbiota.org]

27/05/2008: Look for Rolf, DL6ZFG to be active as IS0/DL6ZFG from the island of Sardinia (EU-024, IIA SD-001, MIA MIS-035, WLOTA LH-1608) between May 27th and June 9th. Activity will be all bands and modes, but he will use mostly 40 and 20 meters. QSL via home call, direct or bureau. [rsgbiota.org]

27/05/2008: Hugh, K6HFA plans to be active as K7A from Hinchinbrook Island (NA-042, USi AK088, WLOTA LH-1036, WW Loc. BP60SL), Alaska, from May 27th to June 2nd. He will use these suggested frequencies: CW - 7016, 7041, 14018, 14041, 10112, 18082 kHz (all +/-); SSB - 7078 Split per operator, 14153, 18122 kHz. Equipment will be IC 7000s + Amp + Vertical Dipole Array. QSL to K6HFA, Hubert "Hugh" Clark, 545 West Vassar Ave., Fresno, CA 93705 USA. For direct QSL reply, include Self Addressed Stamped Envelope or Self Addressed Envelope and IRC or green stamps. If no return postage is sent, QSL will be via bureau. Bureau

cards answered via bureau. Your donations now will make possible more rare Alaskan island activations sooner in the future. [K6HFA/K6HTM]

27/05/2008: Haru, JA1XGI will be QRV May 27th to June 3rd from Kiritimati (Christmas) Island (OC-024), East Kiribati, as T32XG. He plans to operate 40, 30, 20, 17 and 15 meter CW, SSB and digital modes. Also Haru will be on the air from T30 & T31 as his 2nd trip this coming November, 2008. QSL via his home call, direct or by the bureau. [NG3K]

27/05/2008: Tomas, LY1F will be QRV May 27-29th from Macau as XX9xx (TBA). This will be irregular holiday style operation, mainly CW on the higher bands. QSL route to be confirmed later. [NG3K]

29/05/2008: Look for Tomas/SM6XMY, Sten/SM6MIS, Magnus/SM6WET, Janne/SM6YOF, Bengt/SM6UQL, Pierre/SA6AOA and Rick/SM6U to be active from Nord Koster Island (EU-043) using the call sign 8S6KOS between May 29th to June 1st. QRV all bands and modes. QSL via SM6WET. Further information can be found at: sector7.nu/8s6kos/ [rsgbiota.org]

29/05/2008: Mario/DL5ME and Guenter/DG3HWO will be active as SD20 from Holm?n Island (EU-135, also count for WLOTA LH-0613) from May 29th to June 2nd. QRV using CW and SSB on 40, 30, 20 and 17 meters, with Butternut-Vertical and Spiderbeam. QSL via SD2O, QRZ.com address only. [DL5ME]

30/05/2008: Joska, HA9RT will be active as 4O/HA9RT from Budva, Montenegro, between May 30th and June 6th. He plans to operate mainly CW on the HF bands. QSL via home call. [425 DX News]

30/05/2008: The Grupo DX Teide (GDXT) will be active as EG8FOR from El Hierro Island (AF-004, DIE S-015 for the Spanish Islands Award) and Orchilla Lighthouse (FEA D-2836, ARLHS CAI-066, WLOTA 2005, WW Loc. IL07WR, DME 38901) from May 30th to June 1st. The group will dedicate this activation of Orchilla Lighthouse to Don Carmelo Heredia D.E.P. who was the first lightkeeper in 1933. Operators include Angel/EA8BFH (SSB/VHF), Jose/EA8ARG (SSB/Digital) and Luis/EA8AY (CW). QRV 40-2 meter CW, SSB and PSK31, using TS-480 at 100 Watts for CW, FT-897 and FT-840 at 100 Watts for SSB and Digital. Antennas will be Spiderbeam portable 5 bands, Moxon for 20m and 30m, Delta Loop Array for 40m and G5RV. Suggested frequencies: CW - 7015, 10106, 14028, 18073, 21028 kHz; SSB - 7095, 14185, 18165, 21290 kHz; 6m 50.145 MHz USB and 2m 145.245MHz SSB. QSL via EA8NQ, direct (QRZ.com) or by the bureau. Further information can be found at: introfor.grupodxteide.com/ [EA8NQ]

Be sure to check Bill's (NG3K) Web site for updated CQ WW WPX CW Contest activity at: ng3k.com/Misc/wpxc2008.html
==========
LOOKING AHEAD -

01/06/2008: Special event station 4U1WED will be operated on June 1-30th by the Vienna International Amateur Radio Club, 4U1VIC at United Nations, Vienna, celebrating the World Envirnment Day (WED), which is

held on June 5th. QSL via 4U1VIC. For information on World Environment Day visit www.unep.org/wed/ [4U1VIC]

03/06/2008: Hugh, K6HFA plans to be active as K7A from the Shumagin Group (IOTA NA-087, WW Loc. AO95SI), Alaska, from June 3-10th. He will use these suggested frequencies: CW - 7016, 7041, 14018, 14041, 10112, 18082 kHz (all +/-); SSB - 7078 Split per operator, 14153, 18122 kHz. Equipment will be IC 7000s + Amp + Vertical Dipole Array. QSL to K6HFA, Hubert "Hugh" Clark, 545 West Vassar Ave., Fresno, CA 93705 USA. For direct QSL reply, include Self Addressed Stamped Envelope or Self Addressed Envelope and IRC or green stamps. If no return postage is sent, QSL will be via bureau. Bureau cards answered via bureau. Your donations now will make possible more rare Alaskan island activations sooner in the future. [K6HFA/K6HTM]

02/06/2008: Jay, NS4J/p will be on Emerald Isle [Bogue Banks/Emerald Isle] (NA-112, USi NC-010S, Carteret county), North Carolina between June 2nd and 7th. He will operate on 20 and 40 meters from the beach house. Jay is planning a kayak trip at least one afternoon. Several options including the Dudleys (West Dudley Island [USi NC041, Not IOTA, Onslow county] and East Dudley Island [USi NC042, Not IOTA, Onslow county]) and a possible NC-new. If you hear him on the air, please post to the DX reflectors. QSL via home call, direct or bureau or USi eQSL. [USi]

04/06/2008: Look for Doug, KF4VTT to be active as homecall/p from Key West (NA-062, USi FL-040S, Monroe county), Florida, between June 4th and 10th. Activity on, or near, the usual island and IOTA frequencies. QSL via home call. [USi]

06/06/2008: DX-pedition to McEwens Island in the Province of Prince Edward Island from June 6-8th, celebrating the centenary of "Anne of Green Gables".
From the group that activated Grand Manan Island as CG1FO in May 2005, and Janvrin Island as VE1FO/1 in May 2006, six Radio Amateurs from the Halifax Amateur Radio Club and their wives will be travelling to McEwens Island off the north shore of the Canadian island province of Prince Edward Island over the weekend of June 6 - 8, 2008. McEwens Island is part of IOTA NA-029, but is also CIsA PE-013. The New London Lighthouse ARLHS CAN-341 is across the New London Bay from our planned operating location and plans are to activate it as well. They will be using a special Industry Canada approved ANNE anniversary callsign - CI2PEI.
A special QSL card will be produced to commemorate this, our 2008 spring DX-pedition ritual.
QSLing - they will respond to all QSLs 100%, either by way of the bureau or direct as you prefer. If you wish them to QSL direct, they need at the very least to cover the cost of postage. That means international stations - i.e. any stations outside of North America - we will require $2 US or one IRC. For US stations, they can QSL direct for $1 US although with the Canadian dollar being close to par these days it may not quite cover our postage costs - correct Canadian postage ($0.96

Canadian stamp) on the return envelope would be preferred.
Bureau QSL for CI2PEI by way of VE1FQ (Halifax Amateur Radio Club).
Direct QSL for CI2PEI send to: D. Howard Dickson - VE1DHD, 11346 Peggy's Cove Rd., Seabright, Nova Scotia B3Z 3A7 CANADA.
DX-pedition team members include - Ken/VY2RU, Dick/VE1AI, Gary/VE1RGB Scott/VE1QD, and Howard/VE1DHD, and XYLs Ella VE1PEI (Ken), Sandra (Dick), Bev (Gary), Sue (Scott), and Jean (Howard). They will be operating from a cottage at coordinates 46?29'44.60" N and 63?28'55.50" W - check them out on Google Earth.
This 2008 spring island DX-pedition will celebrate the 100th anniversary of the writing of the first book in the "Anne of Green Gables" series by Lucy Maude Montgomery in 1908.
"Anne" is Anne Shirley, a fictitious character created by the vivid imagination of Prince Edward Island author L.M. Montgomery. An orphan since her parents died of fever when she was an infant, Anne has long dreamed of finding a real home and a real family. Sent by mistake to Matthew and Marilla Cuthbert - an elderly brother and sister living in Prince Edward Island - Anne is sure that she has found her place in the world once and for all. Known for her braids of fiery red hair, un-ending chatter, limitless imagination and unshakeable optimism, Anne has been a beloved friend for readers of all ages since the first novel in the series, Anne of Green Gables, was published in 1908. [VE1DHD]

06/06/2008: JE3NJZ/JA6 and JA0KNM/JA6 plan to be active from Kuro Island (IOTA AS-024, JIIA AS-024-009), JA6 Yaeyama Island group, from June 6-9th. QRV 7Mhz to 28 Mhz and 50 MHz on CW and SSB. QSL via their home calls, direct or bureau. (JIIA Award: www3.ocn.ne.jp/~iota/newpage61.htm) [JI6KVR]

06/06/2008: The Association des RadioAmateurs des C?tes d'Armor ARC (French Brittany) F6KBO, will be active using the special call sign TM6BRE from Brehat Island (EU-074, DIFM MA-012 for the Metropolitan French Islands Award, WLOTA LH-2010) between June 6-8th. Other references: Canton of Paimpol (DDCF 22-28), commune ?le de Br?hat (Zip code 22870), Department C?tes d'Armor/22, Province French Brittany (DPF 06). QRV 80-2m (no WARC) using SSB, CW, RTTY and PSK31. QSL via F6KBO. [F5NQL]

07/06/2008: Roland, HB9DPO will be active as EA8/HB9DPO from La Palma Island IOTA AF-004, DIE S-013, WLOTA LH-1648, WW Loc. IL18CP) on 144,50 MHz and HF between June 7th and 14th. Preferred 2 meter and 6 meters. Rig is IC706 and FT900 with 4 element beam for 6m and 9 element bean for 2m. QSL via home call. [F5NQL]

07/06/2008: Look for special event station TM3O (Tango Mike 3 Oscar) to be aired on June 7th and 8th for the 30th anniversary of the Vend?e, Mont des Alouettes repeater (West France). It will be aired too during the French VHF Championship. Schedule - On Saturday June 7th, 40m between 1000 until 1400 UTC; starting 1400 UTC same day, until Sunday 8th 1400 UTC, on 144 Mhz, 432 Mhz, 1.20 Ghz in and post contest. Operators mentioned are Patrice/F8BON, Jean-Claude/F6AQI, Denis/F6DBA,

Patrick/F6GAF, Jean-Francois/F5BCB, Lucien/F5RFS, Christian/F5SVO, Philippe/F5TRO, Yvonnick/F4BYF, Bruno/F4DXX, Maxime/F4FEY and Eric/F4LJW. QSL via F5KEQ. [F5NQL]

08/06/2008: Doug, KF4VTT will be active June 8th as homecall/p from Boca Grande Key (NA-062, USi FL-478 - new one!, Monroe county), Florida. He will operate QRP on 40/20m CW/SSB. Doug will be heading out by boat to Boca Grande for the afternoon. This is an uninhabited island about 10 miles west of Key West. QSL via home call. [USi]

12/06/2008: Operators JA1EJK/JD1, JA1JQY/JD1, JA1NND/JD1, JA1XEQ/JD1, JA1KJW/JD1, JK1EBA/JD1, JJ1JGI/JD1, JI1FPO/JD1, JR1LYL/JD1 and 7N4AGB/JD1 plan to be active from Chichi Island (JIIA AS-031-003) between June 12-18th and Haha Island (JIIA AS-031-005) between June 19-22nd, JD1 Ogasawara Island group (AS-031). QRV 1.8 to 28 Mhz and 50 MHz, using CW and SSB. QSL via their home calls. You can go direct or via the bureau. For JIIA Award: www3.ocn.ne.jp/~iota/newpage61.htm [JI6KVR]

12/06/2008: Hugh, K6HFA plans to be active as K7A from the Neragon Island (NA-241, USi AK194S, WW Loc. AP71AU), Alaska, from June 12-18th. He will use these suggested frequencies: CW - 7016, 7041, 14018, 14041, 10112, 18082 kHz (all +/-); SSB - 7078 Split per operator, 14153, 18122 kHz. Equipment will be IC 7000s + Amp + Vertical Dipole Array. QSL to K6HFA, Hubert "Hugh" Clark, 545 West Vassar Ave., Fresno, CA 93705 USA. For direct QSL reply, include Self Addressed Stamped Envelope or Self Addressed Envelope and IRC or green stamps. If no return postage is sent, QSL will be via bureau. Bureau cards answered via bureau. Your donations now will make possible more rare Alaskan island activations sooner in the future. [K6HFA/K6HTM]

28/06/2008: Look for special event station VE2008QC to be aired between June 28th and July 27th to commemorate the 400th anniversary of the founding of the city of Qu?bec. QSL via VE2AWR. [RAC]

03/07/2008: Wayne, W5KDJ will be active as YN2KDJ from YN2N's station in Granada, Nicaragua, from July 3-14th. Priority will be 160m (1808 / 1842.0 kHz) and 80m (3585.0 kHz) RTTY, with CW and RTTY on other bands and a entry in the IARU HF Championship (July 12-13th). QSL via W5KDJ, eQSL and/or LoTW. [NG3K]

09/07/2008: Chris, F8DZY, will sign TK/F8DZY from Corsica (EU-014, DIFM TK-001, MIA MCO-001, WLOTA LH-1390). His QTH will be in Furiani, Corsica - Province of Corsica (DPF 09), Department Bastia (Haute Corse)/2B and WW Loc. JN42QP. It's his first working trip, between July 9th and August 3rd. QRV in his spare time on 40-10 meter CW and SSB, with ICOM 706MKII and G5RV junior. QSL via home call, direct or bureau. [F5NQL]

10/07/2008: Marco, N5ZO (OH6DO) will be active from the superstation at Signla Point, island of Curacao (SA-006, WLOTA LH-0942) from July 10-16th, including a Single-Op/All-Band/High-Power entry in the IARU HF

World Championship (July 12-13th). Outside of the contest look for activity on all bands and modes, including 6 meters which is monitored 24/7 on 50.110 MHz USB. QSL via N5ZO. [CCC]

19/07/2008: Alain, F5LMJ will be on vacation with his family and plans to be QRV from S?o Miguel Island (EU-003, DIP AZ-002 for the Portuguese Islands Award, WLOTA LH-2016) from July 19-26th. He will have a FT-857 and half-size G5RV and will be active maily on CW and digital modes. QSL via home call, direct or bureau. [NG3K]

25/07/2008: Operators Pete/W2GJ, Ed/K3IXD, Dallas/W3PP will be active July 25-28th as C6APR from Crooked Island (NA-113), Bahamas, including an entry in the RSGB IOTA contest. Before and after the contest C6APR will be on 80m thru 6m including the WARC bands, CW, SSB, and RTTY. QSL to K3IXD. This activity is also good for Bird Rock Lighthouse (ARLHS BAH-005, TWLHD WLH C6-002, WLOTA LH-0118, Admiralty J4792). QSL to K3IXD, direct or bureau. [K3IXD]

26/07/2008: Alain, F5LMJ will be on vacation with his family and plans to be QRV from Terceira Island (EU-175, DIP AZ-003 for the Portuguese Islands Award, WLOTA LH--0524) from July 26th to August 1st, RSGB IOTA Contest included. He will have a FT-857 and half-size G5RV and will be active maily on CW and digital modes. QSL via home call, direct or bureau. [NG3K]

04/08/2008: Freddy/F5IRO and David/F8CRS will stay in Martinique and Guadeloupe islands between August 4th and 21st. Between August 4 -17th they will sign TO8S from Les Saintes Islands (NA-114, WLOTA LH-3998) with 2 HF stations, mainly CW from 80 to 10m (a little SSB and RTTY too). During the same period they will try to be active as FG/homecall from Guadeloupe Island (NA-102, DIFO FG-001, WLOTA LH-0644) for 3 or 4 days with one station, and FM/homecall from Martinique Island (NA-107, DIFO FM-001, WLOTA LH-1041) for 3 or 4 days. Stay tuned and watch the clusters! At the end of the stay (August 18-21st) they will be FM/homecall from Martinique Island with 1 station. Holiday style operation in their spare time. QSL via F8CRS Bureau or Direct (with SAE+postage). [F5NQL]

05/08/2008: Dirk, ON4IMM will be on a holiday DXpedtion August 5-16th to a location new L'Epine, Ile de Noirmoutier (EU-064, DIFM AT-020 for the French Islands Award, WLOTA LH-1224, WW Loc. IN86UX) using the call sign F/ON4IMM. Focus will be on 144MHz meteor scatter, using IC-746 and RF Solutions 10 element yagi. Mode will be FSK441 - CQ with QSY frequency, main frequency will be 144.370MHz. Outside the meteor shower Dirk will be QRV on the HF bands, plus 6 meters using 5 Watts and 4 element yagi (licence OK). QSL via home call, direct or bureau. [MMMonVHF]

23/10/2008: Tom/NY0V (T32CXX) and Rod/K0DAS (T32DAS) will be active from Christmas Island [Kiritimati] (OC-024), Eastern Kiribati, from October 23rd-28th. They plan to operate the CQWW SSB DX Contest (October 25-26th) as T32CXX, a Multi-Single (Zone 31) entry. QSL to T32CXX via

W0CXX. QSL for T32DAS to K0DAS. [NG3K]

25/10/2008: Operators Keith/K0RAY, Frank/K4EJ, Gene/K5GS, John/K6AM, Kelly/N0VD, Kyle/WA4PGM, and Roy/WK4Y will be active from the island of Bonaire (SA-006, also count for WLOTA LH-1279), Netherlands Antilles, as PJ4E during the CQWW DX SSB Contest (October 25-26th), as a Multi-? entry. QSL direct only to WA4PGM. [NG3K]

==========

SPECIAL EVENTS -

19/05/2008: The Wellington Amateur Radio Club is celebrating the 80th anniversary of its foundation in 1928. Club members have each been allocated a week to operate using the special callsign ZM80WB. A special QSL card will be sent to all contacts via the Bureau, or direct requests to ZL2AOH QTHR. Bob, ZL2AMI/ZM2A will be on-air next week from 0000Z 19 May to 2400 26 May on RTTY and PSK31. Please look out for him and help to demonstrate how great the Digi modes are! [Pete's-DX-Newsdesk]

19/05/2008: Horndean and District Amateur Radio Club (G4FBS) are operating GB50RMM from May 19th until June 15th. They plan to use HF (SSB and CW) and FM Voice Satellite where possible from the Royal Marines Museum, Eastney, Portsmouth (WAB SZ69). QSL: via the RSGB bureau, or direct (with SAE/postage) to G0FYX. [F5NQL]

24/05/2008: The French Department "Ville de Paris" was created on January 1, 1968. To celebrate the 40th anniversary, the Radio-Club de Paris (F6KVP) will be active as TM7S between May 24th and June 7th. QSL via F6KVP. Information on the relevant award can be found at: arp75.free.fr/ [425 DX News]

24/05/2008: Special event station GB3GEO will be on the air from The Prehistoric Caves, of 'Kent's Cavern', England's oldest home in Britain. GB3GEO will be situated in The English Riviera (Torbay), that is recognised as having Geo Park status. There are six in the UK, and fifty three in the world. We hope GB3GEO will help to promote geological heritage to the general public. There will be a special open day at the caves on Sunday 25th, and GB3GEO will be on the air during the weekend of May 24/25th, operation on 80m-2m. There will be a special qsl card sent for all qso's made with GB3GEO via the bureau. The station will be run by Martin/G3VOF, with help from John/G7HIK, Paddy/M1EIW, and Roger/2E0GHR. [Southgate ARC]

24/05/2008: The Strange Antenna Challenge, k0s, takes place over the entire Memorial Day Weekend. Starting at 1000 UTC May 24th and running to 2400 UTC May 25th. OUR antennas are NOT permitted to be constructed of wire or metal pipe. Past antennas have included such items as metal folding chairs, chicken wire, fences, trampolines, ladders, and trucks. We intend to remain in the general class portion of all bands used. In the past, we have spent the most time on 20 or 40 meters. NON-k0s stations may use any antenna they wish. Additional info and updates may be found at www.n0ew.org/k0s/ [QRZ.com]

30/05/2008: The Caen ARC (F6KCZ) will be on the air using the special call sign TM5BBC to commemorate the 64th anniversary of the 6th of June 1944 landing in Normandy, WWII. QRV May 30th to June 6th (daily between 0700 and 1600 UTC) on HF and VHF using CW and SSB. The station will be located in the Creully Castle (DFCF 14-020), WW Loc. JN99RG. QSL either via F2UW or F6KCZ. [F5NQL]

31/05/2008: Celebrating the 100th National Awakening Day, special event station YE100K wil be active on all bands and modes from Jakarta between May 31st and June 1st. QSL via YB0KYM. [425 DX News]

31/05/2008: Tevfik, TA1HZ will be active as TC40TRT on May 31st, to celebrate the 40th anniversary of the Turkish Radio and Television Corporation (Turkiye Radyo ve Televizyon Kurumu). Expect activity on 40, 20 and 17 meters. QSL via TA1HZ. A special TRT 40th Year postage stamp will be affixed on the envelopes for the first 40 direct QSLs. [425 DX News]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html
==========
SIX METERS & UP -

IA5 - ELBA ISLAND
Look for IA5/IZ5FDD and IA5/IW5ELA to be active from Elba Island (EU-028, IIA LI-002) on 22-25 May. They will operate SSB and slow CW on 40-10 metres, plus 6 and 2 metres on 24-25 May. QSL via home calls, direct or bureau. [MMMonVHF]

IF9 - AFRICAN ITALY
I2ROQ, IF9ZWA, IK8SHL, IT9AHI, IT9TFX, IT9YMM, IT9ZHS, IW9RFO and IZ1HVD will be active as IF9Z from Favignana Island (EU-054, IIA TP-011) on 23-25 May. They plan to operate SSB and digital modes on the HF bands and 6 metres. QSL via IT9YMM, direct or bureau. [MMMonVHF]

OH? - ALAND ISLANDS
Jussi, OH6ZZ, will be trying to be active from OH0 (KO09CX) in advance of the JP91-Gig next weekend. Jussi OH6ZZ makes short visit to Aland KO09cx. QRV: 2008-May-24 1300z - 2008-May-25 0300z 144.398 MHz 1st FSK441. RIG: TS2000-GS35-2x8el Telnet Cluster/KST chat [MMMonVHF]

OJ? - MARKET REEF
Lasse/OH0RJ, Rami/OH3BHL, and Pertti/OH2PM are heading to Market Reef Wednesday morning, May 21. They will first stop in the Aland Islands, OH0, and assuming the weather permits, will go to Market on Wednesday morning with their three-man team. They will start their work on Market by doing major maintenance on the diesel generator, hoping to get on the air by Thursday night at the latest. They will have antennas for all bands, 160-6M and will use the calls OJ0J and OJ0B... [MMMonVHF]

PJ2 - CURACAO
Jim, WI9WI will be active as PJ2T from the superstation at Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942, WW Loc. FK52KG)

from May 21-28. Look for him to be QRV on 6 meters (50.110 MHz USB), during band openings, using a FT-100 at 100 watts into a CushCraft 5 element yeagi at 85 feet. QSL via N9AG. [NG3K]

VE - CANADA (RARE GRID)
VUCC grid hunters who need Canadian grid EO40 may want to listen for WB8BZK / VE3 who will activate EO40ud for seven days from Seseganaga Lake in Ontario between May 21 and May 27. Band: 50 MHz SSB & CW - Frequencies: 50.145 MHz (starting on the calling freq, 50.125 MHz if I do not hear an opening) Equipment: FT100D with 100W into a Loop up 30 feet, Battery powered Activity times: I'll check for activity each morning at 1230Z and then again between 2230Z and 2300 each evening. I'll also give it a try if the WX is too nasty to go out fishing. Looking forward to a few band openings or maybe some aurora action. I will QSL to all who need the grid. 73 Mike [MMMonVHF]

VP5 - PROVIDENCIALES
Bob, K0OK will be active May 21-28th as VP5/K0OK from Providenciales Island [aka Provo] (NA-002). Look for Bob to be active on 6 meters, during band openings, using 100 watts into a M2 7 element yagi at 30ft. QSL via home call, direct or LoTW. [rsgbiota.org]

ZF - CAYMAN ISLANDS
Look for Jim/K4BI (SMIRK #4850), Mario/K2ZD (SMIRK #3316), Meredith/K8BBN and Daphne/N2TIN to be active from Grand Cayman Island (NA-016, WLOTA LH-1042) on 6 meters from June 28th to July 6th. Jim will sign ZF2BI, while Mario will sign ZF2ZD. They will use a FT-100D, ACOM-1000 at 1KW into a M2 5 element yagi at 48FT. Their main frequency will be 50.105 MHz USB, with a beacon frequency of 50.095 MHz. QSL via their respective home calls. [N8OFS]

The WAE Marathon

August 9 - September 14, 2008

In order to allow the entire world to participate in this event, it is not enough to hold a party over the radio on the actual birthday. Therefore, the two contests that are closely related to the WAE award, the WAEDC CW and the WAEDC SSB, will form the timing cornerstones of our Marathon. Especially for our friends outside of Europe is this competition a good possibility to receive lots of band points for the WAE Marathon.

We invite you

The DARC Committee for DX and HF Contesting is the ideal host to invite the radio amateurs of the world to hold many contacts with their European partners. Participate as well, and maybe you will even go on a WAE expedition!

We are celebrating the anniversary with the issuance of an achievement certificate similar to the WAE Award in accordance with the current award rules.

Soon we will have all information here: http://wae60.de <http://wae60.de/>

You will find information about the WAE in general also here: <http://www.dxhf.darc.de/> http://www.dxhf.darc.de

In the 21st century, there are already many different electronic log and internet applications in use in amateur radio. This fact will be used for applying for the WAE60 Marathon as well as for the award. In addition, all participants will be eligible for the drawing for attractive prizes.

What interests the birthday guest
Marathon timing -
Begin: Aug. 9, 2008 0000 UTC (Begin of WAEDC CW).
End: Sept. 14, 2008 23:59 UTC (End of WAEDC SSB).
Modes - all legal Amateur Radio operating modes.
(Note for contest participants i.e. in RTTY contests: during this time frame the competition logs for the WAE Marathon can be counted).
Bands - all legal Amateur Radio operating bands.
Log deadline - latest on Oct. 15, 2008 (deadline WAEDC SSB) per e-mail
Log formats - ADIF, Cabrillo.
Certificates - after fulfilling of the conditions for the WAE60 (analogous to the WAE requirements) a notice will be sent to allow you the possibility to print out the certificate over the internet.
Award points - to the extent that a QSO from both partners is confirmed, it will be entered into the DCL (DARC Contest Logbook) and can be claimed for all WAE, EUROPA awards, EUDX und DLD.
Fees - none
We highly appreciate DXpeditions to WAE-countries during that period. Please inform us about your plans.
Annoncements to: dl2vfr@...

73! -
Enrico (Ric) Stumpf-Siering, DL2VFR
Member of the WAE-Committee

NEW DX SUMMIT HITS THE STREETS ON FRIDAY, MAY 23, 2008 AT 16.00 UTC

The original OH2AQ DX Summit was launched in 1998. It represented something that changed the entire DX hunt. Spinning the dial became old history that would never return.

Yasme Foundation President Wayne Mills, N7NG put it as follows; "Jukka Salomaa, OH2BUA and Antti Kantola, OH5TB were awarded the Yasme Excellence Award for conceiving, operating, and maintaining the DX Summit, the first widely used Web-based spotting network portal. They created a tool that fundamentally changed the nature of HF operating, a true advancement of the radio art."

The OH2AQ Summit has been a reliable tool for DX spotting for ten years. It was based on a concept and the computing power of those other days. Today marks the 10th anniversary of this innovation.

The New DX Summit, operated by Arcala Extremes, OH8X and supported by Yasme Foundation Inc., boasts a dramatic increase in computing power with the latest available equipment providing easy access to configure a Microsoft Server 2003 platform. State-of-the-art multiple servers are located in California, USA for fast information throughput and massive data storage. A huge amount of data will be retrieved for potential future applications. The system has been developed by Admino Technologies Ltd. located in Oulu, Northern Finland. <http://www.adminotech.com>

Traffic congestion should be a thing of the past. You can sample the speed and functionality during this coming weekend's WPX Contest. You should reconfigure your setup to <http://www.dxsummit.fi> (please update your browser bookmarks) because the original OH2AQ DX Summit will close down soon.

While the new system begins as a stepped-up carbon copy of the original system, it will provide an advanced technical platform for many new features that are on the drawing board as we speak.

Arcala Extremes, OH8X is a group of serious hams seeking technical innovations, experimenting with advanced radio and antenna concepts to further the evolution of amateur radio by using the competitive spirit as their trademark to attract young people. Their stations, OH8X and CU2A, are located in Oulu, Northern Finland and Azores Islands respectfully.

Yasme Foundation <www.yasme.org/> is a non-profit corporation undertaking scientific and educational projects related to amateur radio, including DXing and the introduction and promotion of amateur radio in developing countries. [Jarmo OH2BN]

Tks Bill, NG3K

France – EU-048, Groix island – TM0G
The crew takes the boat to day in Lorient at 1130 utc .
The groupe has not yet decided if they will enter the WPX Contest CW as
Multi op class.
If no, Leon, ON4ZD, will do as mono-op .
Tks Léon, on4zd-os0s

ALBANIA :
Franck, F4DTO has received his 2008 ZA/F4DTO activity QSL cards from
Ottavio, IK1PML, the printer.
The first batch of answers is expected to be mailed next week.
Franck can inform about the cards receiving by request to :
franck.m@mschumacher.com (mailto:franck.m@...)
Additionnally, the documentation is at F2VX's to be checked before DXCC Desk
submitting, Franck F4DTO said.
Tks Franck, F4DTO.

France :
French Castles :
On next Saturday, May 24th, along with Claude, F5MCC, François, F5JNE will
be active as HC/p from the castle of Lacour d'Arcenay DFCF 21069, in the city
of Lacour d'Arcenay, zip code 21210 and canton dofPrecy sous Thil DDCF
21-27 .
As usually, starting 0600 utc, 80 then 40m, cw/ssb.
QSL bureau preferred, SWL cards welcome.
Amitiés François

GUAM, KH2.
Lee, KH2/K1IWD and Harry, KH2/WX8C will be QRV from May
23 to 26. Look for KH2/WX8C to be a Single Op entry in the CQ WPX
CW contest. QSL to home calls.
BARBADOS, 8P.
Darren, G0TSM is QRV as 8P9TS until June 1 while on
holiday. Activity is on the HF bands, including 6 meters, using
mostly CW. He will be active as 8P2T in the CQ WPX CW contest. QSL
both calls via G0TSM.

EAST MALAYSIA, 9M6.

Lee, DS4NMJ is QRV as 9M6/KE5CNK from Kota
Kinabalu, IOTA OC-088, for three months while on a short business
trip. Activity is on 80 to 10 meters during his spare time. QSL to
home call.

Tks ARRL dx

If you don't want to receive these message anymore, please ask to be removed
of the mailing list, same way.

Don't forget to inform us about any change in your e-mail address.

Bonjour à tous

Grâce à Bill, NH3K, voir en section anglophone la liste des opérations
annoncées pour le CQ WPX CW Contest (24 & 25 mai, 2008)

France – EU-048, Groix– TM0G
L'équipe embarque ce jour à Lorient à 1130 utc.
Ils n'ont pas encore décidé de participation en multi op au WPX CW.
S'il n'y a pas de participation en multi opérateurs, Léon, ON4ZD,
participera en catégorie mono-opérateur.
Merci Léon, on4zd-os0s

ALBANIE :
Franck, F4DTO a reçu d'Ottavio, IK1PML, imprimeur, ses cartes pour son
opération 2008 2008 ZA/F4DTO.
Le premier paquet de réponse doit être posté la semaine prochaine, à partir
du 26/05.
Vous pouvez vous enquérir de l'arrivée e votre carte vers Franck à :
franck.m@... (mailto:franck.m@...)
En complément la documentation a été collectée et soumise à F2VX, avant
envoi au bureau du DXCC pour approbation.
Merci Franck, F4DTO.

France :
Châteaux
Samedi 24 mai, en compagnie de Claude, F5MCC François, F5JNE sera HC/p
depuis le château de Lacour d'Arcenay DFCF 21069, commune du même nom, CP 21210
et canton de Precy sous Thil DDCF 21-27 .
A partir de 0600 utc, 80 puis 40m, cw/ssb.
QSL bureau de préférence, QSL écouteurs bienvenues.
Amitiés François

GUAM, KH2.
Lee, KH2/K1IWD et Harry, KH2/WX8C sont qrv jusqu’au 26 mai. Participation sous KH2/WX8C, d’Harry CQ WPX CW en monoopérateur.
QSL to home calls.
BARBADE, 8P.
Darren, G0TSM es QRV (8P9TS) jusqu’au 1er juin.
HF + 6m.
CW en priorité.
8P2T dans le CQ WPX CW.
QSL pour les deux indicatifs à G0TSM.

MALAISIE Est , 9M6.

Lee, DS4NMJ est QRV (9M6/KE5CNK) depuis Kota Kinabalu, IOTA OC-088, pour trois mois (séjour professionnel) .
80 à 10m à son temps libre.
QSL via home call.

7114. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-23 08:49:25 UTC
From: K1XN
Topic: 5889 Message: 7114

*The MAY 2008 Issue #805-D files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder. This
will prevent
any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin if your
subscription is
about to expire.

*

7115. RAC CALL BOOK REVIEW

Yahoo group: GOLIST (2007 — 2010)

From: K1XN
Topic: 7115 Message: 7115

I would like to encourage those of you who ordered the RAC call book, which you should be getting in the next couple of days, please write a review on eham.net about your shopping experience.

I am trying to overcome the negative experiences we all have had in the years past, by providing good service and price to you.

Please post a review on eham.net.

*_FOR SALE_*
**
Up for sale is a complete Round Emblem Collins S-Line.
Transmitter recently aligned and brought up to Collins
specifications by Bill Noonan (W6AAA) in California.
**
Receiver: Collins 75S-3C with all crystals for HF operation
including 10 Meter CW and Phone. Has 500 Hz CW filter installed.
*Per Collins criteria, this **receiver is in EXCELLENT condition.*
* Includes original Collins Manual*
**
*Transmitter: Collins 32S-3 with all crystals for HF **operation *
including 10 Meter CW and Phone. Full power output on all
bands 80-10 Meters.
Includes original Collins Manual.
**
*Station Console: Collins 312B-4 including power meter, *
phone patch, and Type "N" adapter for PL-259
**
Power Supply: Collins 516F-2 AC power supply in cabinet
with speaker included.
312B4 and 516F-2 Original Collins Manual
**
Prefer local pickup in St Johns County, FL in town of
Fruit Cove, FL.
**
Asking price $2,300.00
**

7119. WILLIS ISLAND UPDATE

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-25 09:39:44 UTC
From: K1XN
Topic: 7119 Message: 7119

The DXpedition Team was rather active during the last couple of month. Here the latest news:

Local support

We are happy to have found substantial support in VK-Land through Dale, VK4DMC who lives near Cairns, Queensland. Dale is a very valuable help in talking to our local partners like ship-owner, authorities and logistic companies.

Team Update

We are also very happy to welcome Robert, SP5XVY, as a new team-member. Robert was part of the very successful VP6DX-operation and will strengthen our SSB and RTTY positions. We also want to welcome Gerd, DJ5IW, as a new team member.

QSL manager

And we are very pleased to announce that QSL-Service will be again in the hands of Mario, DJ2MX, who did a very reliable job after our VK9DNX-DXpedition.

Technical issues

Planning of antenna- and station-concepts is going on and not yet finished. Joerg, DL8WPX, is still working on this very intensively. So far, we evaluated our concept of four stations with full legal power, operating at the same time and also on the same band in different modes, if situation is requiring. As our location will be very close to the beach, antennas will be vertical-antennas on all bands, with arrays from 80m to 10m. We will have beverages for better receiving possibilities on the low bands.

6m operations

Right now we have not yet decided, whether it will be meaningful to operate 6m, because it will require more costs and time and we are not sure if the (probably only small) results are worth the efforts. Maybe we will hear more on this in our guestbook soon. Let us know, how strong you would support a 6m operation.

Website

Our website is now available under http://www.vk9dwx.de.

Donations Update

Raising funds to cover the considerable costs of this expedition is a crucial factor in our planning. Therefore your contribution and financial support is welcome and helpful to relieve the tight DXpedition budget.

We are very happy that Uli, KK8I, offered his services to help us with donations in US dollars. Now available on our website is an additional Paypal button for donations in US dollars. Also cheques are welcome which should be made payable to Ulrich Ann. For further information please visit http://willis2008.dl1mgb.com/howtohelp/index.php.

We are also proud to announce that the Northern California DX Foundation supports our DXpedition with a notable contribution. The NCDXF also offered that donations of $100 or above from the US can be made to NCDXF and obtain Tax Deductibility (consult your advisor). Make the check payable to NCDXF and on the check memo line write: "directed contribution - VK9DWX Willis Island Expedition 2008".

Mail the NCDXF check to:

Bruce Butler, W6OSP
4220 Chardonnay Court
Napa, CA 94558

We want to say thank you to the first financial contributors. So far following clubs have promised their support or are already supporting us:

* Northern California DX Foundation (NCDXF)
* European DX Foundation (EUDXF)
* German DX Foundation (GDXF)
* Clipperton DX Club (CDXC)
* GM DX Group (GMDXG)
* Swiss DX Foundation (SDXF)
* Danish DX Group (DDXG)
* Central Virginia Contest Club (CVCC)
* Chiltern DX Club (CDXC)
* The Twin City DX Association (TCDXA)
* DARC OV Schkeuditz S41 (DL0XM)
* Northern Illinois DX Association (NIDXA)

Many thanks also to our individual contributors so far.

A special thanks to Spiderbeam with Con (DF4SA) who supported us with material for most of the vertical antennas!

Hi folks
I have received a new shipment of RAC Summer 2008 cd's.
If you missed the first pre-order list, you can now place your order on the Golist web order form. If you have friends that are wanting the call book cd, please tell them the Golist has them in stock ready to ship.
http://golist.net/tord.cfm
The link above takes you directly to the order page.
Thank you.

7126. 6th of June 1944 memory, OY

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-27 07:49:37 UTC
From: F5nql@aol.com
Topic: 7126 Message: 7126

Hi friends
6th anniversary of the WWII landing in Normandy – 6th June of 1944 – 6th June of 2008.
ANNOUNCED: F/ON6JUN/P

Like past year we would like to announce the commemoration of the 64 anniversary of D-Day landing in Normandy at Ranville on June 06 1944.
For the history have a look
http://www.normandie44lamemoire.com/versionanglaise/fichesvillesus/ranvilleus2.html
(http://www.normandie44lamemoire.com/versionanglaise/fichesvillesus/ranvilleus2.html)
_http://www.pegasusbridge.fr/index_english.htm_
(http://www.pegasusbridge.fr/index_english.htm)
http://www.pegasusarchive.org/normandy/frames.htm

Members of the South Flanders DX Activity Group will be active as F/ON6JUN/P from 05 June till 09 June nearby PEGASUS BRIDGE memorial museum.

We will be active on all HF bands (especially WARC bands); modes: CW, SSB, RTTY and PSK

Operators are ON4AAA; ON4LBV; ON4ALY; ON6UF, ON4MGY and ON5SD they are members of section's of the UBA; GBN - NNV -ATH and DNZ.

QSL direct or buro via ON5SD see our web site:
http://users.skynet.be/on6jun/sfdxag.htm

With 73 from SFDXAG ON4LBV/OS5T

7127. C91 DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-28 11:29:49 UTC
From: K1XN
Topic: 7127 Message: 7127

With thanks to Frosty, K5LBU:

A group of 4 from the US, 1 from 9M6 and 3 or 4 from ZS going to C91 this July. This is also a African DX Safari team with each one using their on call. We will be there from the 16th till the 30th of July operating from the Blue Anchor Inn <http://www.blueanchorinn.com/>. Will have 3 stations set up one CW one Phone and one RTTY/PSK.

We will also be on EME and Sat. Hope to do EME from 6 meters through 70cm.

7129. DX NEWS from F6AJA

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-29 12:36:05 UTC
From: K1XN
Topic: 7129 Message: 7129

Alain F6BFH will be FH/F6BFH from mayotte from July 9 to
August 9. He will in CW and SSB on all bands with a
particular attention for the lower bands

Freddy F6IRO and David F8CRS will be TO8S from Les saintes
(IOTA NA114) from August 4 to 17. They will have 2 stations
mainly in CW, with some some SSB and RTTY, from 80 to 10m.
They will probably active also as FG/hc from Guadeloupe
island. On the way back they will be FM/hc from Martinique
from August 18 to 21.

Alain F5LMJ cill be CU2/F6HMJ from Sao Miguel island (IOTA
EU003) from July 19 to 26 and CU3/hc from Terceira
island (IOTA EU175) from July 26 to August 1st. He will be
active in CW abd digital and will participate to the
IOTA contest from CU3.

For the 30 years anniversary for R7 VHF repeater, F8BON, F6AQI,
F6DBA, F6GAF, F5BCB, F5RFS, F5SVO, F5TRO, F4BYF, F4DXX, F4FEY
F4LJW will use the special callsign TM3O from June 7 to 8.
They will be on 40m on June 7th.

Best wishes

Jean-Michel F6AJA

A good question . . . they already posted selected ones from
those who donated. My donation went to them by snail mail, and since
the haven't opened it yet, I have no paper QSL . . . and no LoTW
QSL. Seems to me there has to be a better way.

*The JUNE 2008 Issue #806 files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder. This
will prevent
any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin if your
subscription is
about to expire.

*

Wink, I thought that the PayPal donations were to be the first of
the ones answered both via mail and LOTW. I think that any request
containing a donation deserves the first responses and surprised that
this course was not used. I know several who sent donation via mail
and PayPal that have not received their cards or LOTW credit.

It appears that the Qsl function is the only weak link in an otherwise
perfect DXpedition.

I sent my paypal donation in 5-6 weeks ago and have had no response
nor received credit for Q's on LOTW.

A bit disappointing but I figured there was a backlog.

Yes, Glenn, and do did a lot of others. Therein lies the only flaw in an otherwise *perfect* DXpedition (as John K1XN has pointed out.) It wasn't clear to me (and a lot of others) what criteria they used to decide which ones to upload. I believe there was a communications problem in that we didn't understand exactly what they meant when this was all described on their web site.

I'm told that they received many, many more traditional QSLs than they expected, and that this is one of the holdups. Sacks and sacks of mail are to be expected when you make ~184,000 QSOs. That is a lot of envelopes to sort through and a lot of QSLs to have printed, etc. As a late comer to LoTW (in the past several weeks) I didn't participate in, nor fully understand, the logistics of their intentions with respect to electronic confirmations.

I am sure it will all sort itself out, and those of us who did not get either a paper or LoTW QSL yet will have everything confirmed eventually. This was a huge operation, and they are promoting a good idea; minimise the paperwork and try to do as much as possible electronically. It's just not going a smoothly as anticipated, at least as far as I can tell.

Strange.

I had 20 contacts with them and 19 of them are confirmed when I did a search on LOTW after seeing your inquiry. There was a 10 meters contact that wasn't confirmed, even though they did give me a TU after the report. They may have entered my call incorrectly.

In LOTW I went to Your QSOs, entered VP6DX, my call, and checked "Show confirmed QSOs only". All 19 confirmed showed up. They were all uploaded on April 22, 2008, Bob.

Dick,
They may have someone like me in charge of the Qsl's.
With all the mistakes I make, it takes days to figure out what
I am doing and fix the problems. You know that, I have done it
to you, hi!!
I think they will get it all worked out over time. I am sure that
operation produced many more contacts than was expected and that
always causes delays.
None of my contacts have been posted to LOTW either. I did not
expect them to be as I worked them on the last days of the operation.
I did not need them for a new except on RTTY. Since I am not a
chaser of awards, it does not really matter if I receive a card or LOTW
confirmation other than for just personal reasons.
This was by far the best DXpedition I have heard in my 50 years of
chasing DX and they broke new ground with the PayPal and LOTW
methods of confirmations. Now the problems are recognized and future
operations should be more effective in the Qsl confirmation process.

Dick,

I got fooled on that too. I *believe* when you do a search on
Your QSOs you see what you uploaded. I was all excited too as I
found all of mine that way. "Wow! There they are," I said. Then I
tried to apply them as DXCC credits and they were nowhere else.

To make a long story short, I ended up emailing the LoTW help
guys, and they explained all I was seeing were the QSLs I'd uploaded
myself, and that there were no matches uploaded by the other
station. They said I should take it up with the VP6DX guys. I've
been just sitting on it and waiting until the actual matches show up.

Hi John,

hat you say may be the answer. With the number of contacts they made, it may take a while to get all of them uploaded to LotW. All in due time I guess.

I guess those that don't have the LotW confirmations yet will have it eventually. I hope to get a paper card and if I recall, they said to NOT send a QSL card to them. I believe all that made donations through Paypal will eventually get a card from them. I did, so I live in hopes. If not, well, I tried.

73,

Dick

7149. Re: [GOLIST] VP6DX

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-05-30 16:55:46 UTC
From: Dick-w0raa
Topic: 7135 Message: 7149

If you do a search on Your QSOs, Paul, and there are confirmations, there is a column to the far right that is headed QSL. Under that column is the name of the entity that is confirmed. In my case I did it two different ways. One way was to type in VP6DX and NOT check the "Show confirmed QSOs only" box. It listed 20 QSOs with VP6DX but the 10 meter one that was not confirmed had nothing listed in the QSL column. All the others has DUCIE ISLAND listed under that column heading.

I then tried TX5C and there were no confirmations from them.

If there is an entity listed under the QSL column when you search for "Your QSOs" it's not going to be a fool you thing. There is a confirmation there. If not, there isn't anything.

When I went to Awards and chose DXCC, Ducie Island had VP6DX listed as the station worked to confirm that entity. VP6DX had submitted the confirmation and it shows VP6DX as the Call and Station worked as W0RAA.

Dick,

I got fooled on that too. I *believe* when you do a search on
Your QSOs you see what you uploaded. I was all excited too as I
found all of mine that way. "Wow! There they are," I said. Then I
tried to apply them as DXCC credits and they were nowhere else.

To make a long story short, I ended up emailing the LoTW help guys, and they explained all I was seeing were the QSLs I'd uploaded myself, and that there were no matches uploaded by the other station. They said I should take it up with the VP6DX guys. I've been just sitting on it and waiting until the actual matches show up.

I had the same questions, and then went back to the web site nosed around.
I found the data base that
showed a list of donations with and without call signs. I apparently messed
up on the paypal donation
and did not tie my call to it. The have a FAQ that covers the situation. I
sent an E-mail to add my call
to my donation and had a reply within a day. They will update on the next
download to LOTW.
At least they tried to make it painless. A good effort.

Thanks, Dick! If I check the "Show Confirmed QSOs" box I get
nothing. That indicates they haven't uploaded mine, and makes 100%
perfect sense now. I'm still learning how to use all of this LoTW
and other electronic logging/confirmation stuff.

I also want to reiterate that outside of the this minor glitch
with not all of us understanding their QSL policy/procedure, this was
the best DXpedition I can ever recall. Any comments I've made on the
QSLs should not be taken, in any way, as a criticism of the VP6DX
operation. It is a DXpedition by which all others will be measured
for decades to come.

Bob,

I did the same and had the same results, my contacts showed up a day or so later once I tied my callsign into my paypal information. I did not do that on my initial "donation".

Well I guess if you don't donate you won't ever see your QSLs. I don't do paypal and since they said they were going to load to LoTW I couldn't see sending them QSL cards. If I sent cards then I would send a donation, but again because they were supposed to load to LoTW I couldn't see the reasoning in it.

Bob, as a suggestion, Paypal is a great way to go. It's a secure sight, and you can use a checking account or a credit card or both. Just go to www.paypal.com and sign up. It's not a hassle, and you will find it very helpful if you buy from eBay or from some guys online.

Dick
W0RAA

PS: Any transcation you make on Paypal is secure and they will stop fraud in its tracks. I've used Paypal for several years and it works. Like you (maybe) I was a little skeptical at first, but I have found them to be a very legitimate company and your info is secure.

Paul,

It's a shame that the League had to make the LotW such a mess to understand and use. If they would get over the paranoia, there would be hundreds of thousands of hams using it, worldwide. They tout how many uploads they have and QSL confirmations, but those figures could triple, even quadriple if they made it easier to use and we all didn't have to go through all the El Toro PooPoo they require before we can upload our logs.

It's a mess. The people who designed it should run for office in this country. They couldn't screw up this country anymore than it already is, and they'd fit right in.

>the confirmation and it shows VP6DX as the Call and Station worked as W0RAA.
>
>Dick
>W0RAA

Thanks, Dick! If I check the "Show Confirmed QSOs" box I get
nothing. That indicates they haven't uploaded mine, and makes 100%
perfect sense now. I'm still learning how to use all of this LoTW

and other electronic logging/confirmation stuff.

I also want to reiterate that outside of the this minor glitch with not all of us understanding their QSL policy/procedure, this was the best DXpedition I can ever recall. Any comments I've made on the QSLs should not be taken, in any way, as a criticism of the VP6DX operation. It is a DXpedition by which all others will be measured for decades to come.

73, Paul VE1DX

Hi folks,
I visit and read the various DXpedition web sites, searching for
new updates to share with you, but there are no current updates
from them.
I find this to be rather disturbing as I am sure it causes the people
who would be donating or sending support for the operation, to think
about giving their donations to a group that is active and posting
regular updates to the web site and dx bulletins. The Bovet and Ducie
operations did a great job of keeping the dx community informed.
A litte PR would produce a greater amount of interest that could generate
a source of income for the dxpedition. The absence of news, sometimes
kills the desire to donate.

Sure wish the 3D2AG/P site would do what they say at least once. He was going to post the logs on-line back in February. Then the first of April he was going to post them mid-May. They still aren't there. I have already mail him the card, but I would at least like to know if I should expect a card in return.

Bob,
I feel much as you do. Why can't people and organizations just
do what they say they will or at least give an explanation as to why
they can not. It is really much easier to tell the truth than tell a lie.
The older one gets the harder to remember how to tell the lie, the
truth is always the same.

7166. FH/DK7LX from Mayotte Island

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-01 13:25:48 UTC
From: K1XN
Topic: 7166 Message: 7166

I will be active as FH/DK7LX from Mayotte Island from 11. 06. 2008 - 23. 06. 2008.

References: IOTA AF-027, WLOTA L 0376

Operation will be HOLIDAY-STYLE, in mainly CW, focus on 30, 40, 80 m. All other bands according to conditions.

The equipment is going to be an Icom IC-706 MKIIG and a HF9V-Multiband-Vertical that might be placed next to the sea.

****

QSL-Info:

You can send your QSL either via bureau or direct.

Special full-color/photo-QSL?s will be available as soon as possible afterwards.

If QSL via direct, please make sure to include a SAE, self-adhesive, as well as sufficient return-postage:

If sending green-stamps, please be advised about the fact that Germany is vy expensive:
---
1 letter to outside EU costs 1,70 EUR.
---
1 letter to inside EU costs 0,70 EUR.

For those who can:
You can also send me VALID GERMAN postal stamps of the above amount.

If you are not in a hurry, go ahead and use your QSL-bureaus, it keeps them alive.
Turn around-time might be up to 1-3 years as a minimum, depending on the destination.

Insufficient postage contribution will result in "QSL via buro".

****

QSL-Address:

Georg Knoess
Am Weiderweg, 12
D-35510 Kirch-Goens/Butzbach
GERMANY

or via DARC QSL-Bureau

****
UPDATE 22 APRIL: WWW.LOGSEARCH.DE does now contain FH/DK7LX! To get there, just follow the link at the top of this page.
****
If there is reliable internet-access, I?ll upload logfiles in regular terms. Please check occasionally.

An online-log will certainly be there afterwards.

****
Hope to hear you in the pile-up!

Please be patient that I won?t be QRV 24/7 or that I won?t be there when the band seems open to especially your part of the world, keep in mind that I go there for holiday. Anyway, I?ll try to do my best.

PLEASE NO DUPES!!! And please no e-mails of any kind since I?m not going to spend time on reading them at all whilst my stay on Mayotte.

Please check here again for further details and updates.

Vy 73!

Georg

I sure hope the USPS can find you this time Chuck.
I sure thought we had one day service to your area, two days
at the most. It took them 10 days to return the first cd.

The more we pay in postage, the worst the service becomes.
Sounds just like the Congress doesn't it.

At least they HAVE a system. Just try to get QSL's for IOTA counted. There are only about 4 authorized IOTA card checkers in all of North America. The card checkers do not go to Visalia, Dayton, or any ARRL or other ham conventions that I know of.

There were some Brits from RSGB at last years convention in Visalia giving a talk on IOTA (They were some honchos of the IOTA program). Since the Visalia website mentioned them giving a talk on IOTA I brought my cards for a possible credit check. I was told they were not prepared to do any card checking while they were in town.

What the program calls for is that you send your cards to the IOTA card checker for your call area zone. In my case it is a W9. That means I am to send my BS7H, VU7, 3B6, FT5, D68C, 3B8, 3B9, TX6A, FR, FR/T, FH, 5H1HD, 3C0M, etc, etc, etc, to someone I don't know and is not an officer in the ARRL or CQ award programs, just a volunteer representive of the IOTA. Some of these are once in a life time contacts and I am not about to send the original QSL cards to someone I don't know anything about. I have 364 islands confirmed, some are VERY rare. You would think the least they could do is allow an ARRL card checker to check IOTA cards at a convention such as CQ allows them to check cards for CQ WAZ. Or, if they send RSGB IOTA people to a convention allow them to check cards or supervise the card checking by an ARRL card checker. Right now, it really sucks.

Hi folks,
There have been many negative posting about RAC service on
the eham.net review board. Most of this is true, but most posting
fail to identify with whom they are purchasing from.
I would appreciate very much, those of you who have ordered
the RAC cd from me this time to post a review indicating where
you purchased the product, what it cost, and if you were happy
with the service.
I would also appreciate a review on Golist if you use it.
Here is the link to the RAC reviews:
http://www.eham.net/reviews/detail/4849
Thank you

From: K1XN
Topic: 7177 Message: 7177

Hi folks,
As most of you know, the Golist web site has been having
certificate issues. The web master could not get the new Secure
certificate to install correctly. As of a few minutes ago,
a new Secure certificate is now in place and working correctly.
I apologize for the problems this has caused for you in renewing,
ordering new products and downloading your weekly update this
weekend. I believe that all is fixed and operating correctly now.
If you have a problem with any of the functions of the web site,
please report them to me ASAP.
Thank you.

Date: 2008-06-03 20:55:02 UTC
From: Alan Zack
Topic: 7180 Message: 7180

Why can't the IOTA program work something like LOTW?
If I submit my IOTA claimed contacts via your website as per your instructions, and if the IOTA operation I am claiming does the same and there is a match then why do I still need to mail in my paper QSL?
Example, I worked BS7H on 5 bands/modes. If the BS7H ops download their logs to your web site and I download my contacts and there is a match then why is a paper QSL still needed to be submitted? Makes no sense.

I believe you would have much more participation if you made the confirmation process more user friendly.

Alan

I'm sorry you are dissatisfied with the IOTA checking system. Believe me, it is not designed to be inconvenient for users and the rules are as they are for good reasons.

The IOTA checkpoints are never appointed until we are quite sure of their reliability and integrity. I don't think we have ever had complaints in this regard - which is probably more than could be said of some officers in the ARRL - or even the RSGB. The number appointed in North America is proportional to the number of active IOTA chasers. As that increases we will look for more. We have often been asked about checking at conventions etc and it has been discussed frequently. Up to now, we have concluded that it is not feasible. The criteria are such that it is much more complex than checking DXCC cards and any checker has to be fully familiar with the IOTA system and operations background. The people who run IOTA are, as you say, all volunteers and cannot be expected to spend hours of their vacation time checking cards, especially when they have paid a lot of money to attend events like Visalia or Dayton.

We realise that some people are reluctant to entrust their valued cards to the mail systems. However, the number of losses reported is virtually zero, so I don't think the risk is great.

Having said all that, we hope that our new on-line software will make it possible for the labour of checking to be reduced such that we can offer a service at conventions some time in the future. However, this will still mean that we need appropriate volunteers to do the job. Sadly, there are people out there who are quite prepared to cheat and forge cards etc and we must retain the integrity of the programme for everyone's benefit.

Rest assured that we accept the desirability of such checking procedures and we will implement it as soon as we feel able.

73, John Butcher, G3LAS
Chairman, RSGB IOTA Committee

At least they HAVE a system. Just try to get QSL's for IOTA counted. There are only about 4 authorized IOTA card checkers in all of North America. The card checkers do not go to Visalia, Dayton, or any ARRL or other ham conventions that I know of.

There were some Brits from RSGB at last years convention in Visalia giving a talk on IOTA (They were some honchos of the IOTA program). Since the Visalia website mentioned them giving a talk on IOTA I brought my cards for a possible credit check. I was told they were not prepared to do any card checking while they were in town.

What the program calls for is that you send your cards to the IOTA card checker for your call area zone. In my case it is a W9. That means I am to send my BS7H, VU7, 3B6, FT5, D68C, 3B8, 3B9, TX6A, FR, FR/T, FH, 5H1HD, 3C0M, etc, etc, etc, to someone I don't know and is not an officer in the ARRL or CQ award programs, just a volunteer representive of the IOTA. Some of these are once in a life time contacts and I am not about to send the original QSL cards to someone I don't know anything about. I have 364 islands confirmed, some are VERY rare. You would think the least they could do is allow an ARRL card checker to check IOTA cards at a convention such as CQ allows them to check cards for CQ WAZ. Or, if they send RSGB IOTA people to a convention allow them to check cards or supervise the card checking by an ARRL card checker. Right now, it really sucks.

From: K1XN
Topic: 7181 Message: 7181

I see statement like this on below all the time on other reflectors
/*"Also had A52AM on 1& & 20 & 5T5JA denied...I really wish there was a
list somewhere for CALLs/Dates that are going to be denied.*//*"*/
You folks that subscribe to GoWin or GoWeb have it much better than
others. Although the Golist does not tell what call will be denied by
DXCC, it does let you know what calls are accepted by DXCC as the
info comes directly from the DXCC desk via Bill Moore, NC1L.
I guess the little extras in Golist are worth the added effort to
bring them
to you.

Hi John,

Why not include a piece of info in listings for known-unacceptable entries like A52AM, etc. ("Entire operation not valid for DXCC as of <date>") or if a date snafu messed caused a problem ("Operations from January 1st 2008 only are accepted"), etc?

I'd sure like to have someone start a list of known 'bad' operations.
I've wasted lots of $$ and time over the years chasing down QSLs that
were later rejected for DXCC. This list should also include date ranges
that are known to be 'bad'. A common problem with TT8 calls.

Hi friends

From: Jack Wagoner

I will be vacationing in Qingdao, China again this June. From June 10 to June 30. This will be my fifth trip to China. I will operate as "WB8FSV/BA4IT" in my spare time. My XYL Lily is from Qingdao and we will be staying with her family. On the way home we will stop at Hong Kong to check out Hong Kong Disneyland, we are Disney nuts, and to see my friend Charlie, VR2XMT. Don't plan to operate from Hong Kong. QSLs direct or via the bureau are fine. BA4IT has 100 watts to an inverted vee up 80 feet, one block from the Yellow Sea, but I will be surprised to work many North Americans.

HAM RADIO IN SPACE:

CHINA TO LAUNCH NEW HAMSAT IN 2009

AMSAT says that China will likely launch a new ham radio satellite in
2009. The ham radio space agency says that it has received a report
from Michael Chen, BD5RV, that indicates the CAS-1 amateur radio bird
has completed its IARU frequency coordination and the hardware has been
finished.

The payload of CAS-1 will likely include a CW telemetry beacon, a
linear transponder, an FM repeater and a digital store and forward
transponder. These operations will use 2 meters for uplinks and 70
centimeters for downlinks at 500mW output power.

The satellite is expected to be launched from China into a sun
synchronous orbit with a 670 km apogee. According to Chen the CAS-1
team is waiting for another payload to be finished before launch date
is officially set. (ANS)
Tnx Amateur Radio Newsline Report 1607 - May 30, 2008
New Russian satellite RS30
On May 23rd had been launched with success the "Yubileiny" satellite, named
RS30, by rocket, from the Plesetsk, base, along with three other
communication birds.
This launching was a mean to celebrate the50th anniversary of the first
artificial bird "Sputnik-1"

The beacon is sending on 435.315 MHz.
This is an educative bird. It will be able to transmit SSTV and vocal, in
the 435 MHz band (see 435.215 MHz)
It seems too that a digital transponder is aboard to the Russian
Universities students use, to make simulations of works to be made in the future on
bigger satellites.
See the RS30 page : _La page consacrée à RS30_

Peter,
I sure don't mind trying to do this. The database has
some field limitations so space for NOTES is at a premium.
The other problem is, where will the info for bad operations,
come from? The ARRL will not publish that info like they
do the accepted operations. Also they change positions on
dxpeditions depending on who is doing the operation. Then
there are the operations that are "bad" today and "good" next
week. A dating nightmare to try and keep accurate.
If the majority of users want me to try and come up with the
data, I will make a record in the db for a "not valid for DXCC"
entry like I do for "accepted" records.
Folks, let me know YES or NO on doing this. I have time, just
not sure I can find the info. User input will be a great starting point.
If you can send me your rejected call sign, I will do what I can to
find the "official unoffical reason/dates" the record does not count.
We will see what works out.

Understood, though I would think publishing known non-valid info is one of the most important parts of QSL address listings. If it's not accepted I really don't care *what* the route is as I'm not going to send my $$ down a bad path. What Bill will do is say <callsign> is now accepted for DXCC credit, so anytime that announcement is made, take a look at older listings and if there's a "not valid" comment in there, maybe change it to "Accepted for credit by DXCC as of <date>.

> The other problem is, where will the info for bad operations,
> come from?

How did you find out that A52AM was not valid? Comments on the cluster, this and other DX-related reflectors, etc. News travels fast. The big news was that last year YA/LY1Y was kicked back by Newington, but a couple of months ago the documentation in fact came through at it was approved. That was big news when it happened.

> there are the operations that are "bad" today and "good" next
> week. A dating nightmare to try and keep accurate.

See above. How about a standard disclaimer:

A52AM
Reported not valid for DXCC as of <date>. Check ARRL's DXCC blog for updates.

>>
How did you find out that A52AM was not valid? Comments on the
cluster, this and other DX-related reflectors, etc. News travels fast.
The big news was that last year YA/LY1Y was kicked back by Newington,
but a couple of months ago the documentation in fact came through at
it was approved. That was big news when it happened.

*I received info about A52AM directly from contacts in Bhutan. I have
contacts in many places, but not all are in a position to get this type of
information. The ARRL should announce dxpeditions that are not accepted
when they know of them, but they do not always do so. There will never be
an "official" source. The dxer is going to have to be the main source
of the
rejects and in some cases acceptance after a rejection. Sometimes the Qsl
Manager will alert me to this info, but not often. The dx clusters are very
unreliable sources of any kind of info. I see this on a daily basis
while doing
my database random checks. Also remember not all dxpeditions require
paperwork to be accepted. I do not know why, but that is what Bill told me.
Then there are pirate contacts. I list these when known.
There is going to be a lot of work here, but I am going to give it a
good try.
If I can not keep it up to date with decent accuracy, I will give the
project up.
I have entered a few known "bad" calls into the database and will be in
this weeks update.

> contacts in many places, but not all are in a position to get this
type of information. The ARRL should announce dxpeditions that are
not accepted when they know of them, but they do not always do so.
There will never be an "official" source. The dxer is going to have
to be the main source rejects and in some cases acceptance after a
rejection. Sometimes the Qsl Manager will alert me to this info, but
not often.

One great source is the DXCC Blog that Bill Moore puts out. It can be
found either at http://www.arrl.org/blog/DXCC%20Dialog or if you're
into RSS feeds, there's a little orange button to add that feed to
your aggregator.

The DX Chat and DX QSL reflectors maintained by the NJDXA are also
excellent sources for info on applications getting approved or
rejected for credit.

> Also remember not all dxpeditions require paperwork to be accepted.
I do not know why, but that is what Bill told me.

DXpeditions to places that have relatively unrestricted access and are
known to be amateur radio friendly usually pose no problems. Bahamas,
South Africa, Namibia, Peru, etc, wouldn't require paperwork. Chad,
Central African Republic, Rwanda and Libya, on the other hand, not to
mention North Korea and Yemen can be traveled to or have native
populations, but aren't ham-friendly, thus proof of permission to
operate must be in writing.

Islands that are more or less accessible without paperwork but are
just very hard to get to will need proof that you were physically
there (from the ship's master, etc).

Likewise, places like KP1/KP5 where you need permission to land AND
operate require the most scrutiny.

7194. PJ6 & PJ7, S7, ON Castle, IOTA Test, GJ or GU EME, IOTA Ukraine

Hi friends
Neth Antilles
Kenny K2KW and XYL Stephanie KD8GKM will be vacationing on Saba from July 1-7. Casual operation signing PJ6/K2KW with focus on 6m, and activity on 17-40m.
100w, 2 ele 6m yagi, and dipole for HF. QTH is 370m high, looking over the ocean just 900m away. Great water shot to North-East and Mid-West USA, EU and AF. IOTA is NA-145 and grid square is FK87.
Possible operation from PJ7 on Dutch St Maarten July 8-10. QSL via WA4WTG.

Seychelles:

Begin date: 20080614
End date: 20080704
Submitter's callsign: DH3NB
Submitter's e-mail: peter@...
Callsign(s): S79GB
DXCC entity: Seychelles
QSL route: DH3NB
Operators: Peter S79GB

Notes: QSL via DARC Bureau or direct; 6-40m; IOTA AF-024;

Belgian Castles
On next Saturday, look for Philippe ON5PV and Bruno, ON7ZB, to be active as ON5PV/p, from the Castle of " Kasteel van Gelinden" province of Limbourg.
Location : 05.16.32 E 50.45.42 N
Castle Reference for the Belgian Castles Award : LB014
80, 40 and 20m, mainly SSB
QSL via bureau preferred.
73' Bruno
ON7ZB
Tks Bruno, ON7ZB.

IOTA Contest
The next IOTA contest 2008 will take place on July 26 & 27, 2008.
As usually, Bill, NG3K has begun to publish the announced IOTA contest operations scheduled on his website at : _http://www.ng3k.com/Misc/iota2008.html_ (http://www.ng3k.com/Misc/iota2008.html)
If you intend to enter the IOTA contest, as dxpeditionner or using a special callsign or with your club, etc.. please don’t forget to inform Bill

(_Bill@..._ (mailto:Bill@...))
All on the IOTA contest could be found at
http://www.vhfcc.org/hfcc/iota.shtml (http://www.vhfcc.org/hfcc/iota.shtml)

Ukraine :
EU-182. Operators Medvedev/UT9IO and Igor/UX3IW will be active as homecall/p from Zmeiniy Island, Ukraine, betweem July 20th and August 5th. They will both be active in the RSGB IOTA Contest (July 26-27th). Operations outside of the contest will be on 80-2 meters using CW, SSB, RTTY and PSK31. QSL via their home callsigns, direct or by the Bureau.
VHF and more
Frank DH7FB and Bernd DF2ZC are currently looking for a suitable QTH either on Guernsey or Jersey (with priority Guernsey). We are planning for a 2m EME dxpedition from 11 to 18 October 2008 since our planned ZB activity had to be cancelled due to circumstances beyond our control. We are looking for a detached holiday cottage, preferably with few or no neighbours. So if you know a QTH with good tropo takeoff (but not 100% necessary as we will cocentrate on EME, so only usual moon QTF definetly needs to be open). Maybe some fellow hams from GU/GJ read this, or somebody who already was there on holiday?
Any suggestions are welcome. vy 73 Bernd DF2ZC"at"gmx.de

Source: MMMonVHF - Tnx Bernd, DF2ZC
Tks Guy, DL8EBW and MMMVHF

Don't forget to inform us about any change in your e-mail address.

Bonjour à tous
Antilles Néerlandaises
Kenny K2KW, et son XYL Stéphanie KD8GKM, seront sur Saba du 1er au 7 juillet.
Indicatif : PJ6/K2KW , avec insistance sur le 6M. Autre activité sur 17-40m,

avec
100w, 2 ele 6m yagi, et dipôle pour HF. QTH à 370m d'altitude, à 900m de l
'océan. Meilleur dégagement Nord Est et Middle Ouest USA, EU et AF. IOTA
NA-145 et locator FK87.
Opération possible depuis St Marteen PJ7les 8, 9 et 10 juillet.
QSL via WA4WTG.

Seychelles:

Du 14 juin au 4 juillet, DH3NB actif sous S79GB, depuis les Seychelles (IOTA
AF-024).
40 à 6m.
QSL via Bureau DARC ou direct.

Châteaux Belges
Samedi 7 juin, Philippe ON5PV et Bruno, ON7ZB seront ON5PV/p, depuis le
Château " Kasteel van Gelinden" province de Limbourg.
Coordonnées : 05.16.32 E 50.45.42 N
Référence pour le Diplôme des Châteaux Belges : LB014
80, 40 et 20m, principalement en SSB
QSL via bureau de préférence
73' Bruno
ON7ZB
Merci Bruno, ON7ZB.

IOTA
Le Concours IOTA 2008 se déroulera les 26 et 27 juillet.
Comme chaque année, Bill, NG3K a commencé à recencer les deiverses activités
prévues dans ce cadre. Voir sa page à
http://www.ng3k.com/Misc/iota2008.html (http://www.ng3k.com/Misc/iota2008.html)
Si vous avez l'intention de participer à ce concours – expédition,
indicatif spécial, avec votre club etc … - ne manquez pas d'informer Bill
(_Bill@..._ (mailto:Bill@...))
Tout sur le IOTA : _http://www.vhfcc.org/hfcc/iota.shtml_
(http://www.vhfcc.org/hfcc/iota.shtml)

HF + VHF et plus:
UKRAINE
EU-182. Medvedev/UT9IO et Igor/UX3IW seront HC/p depuis Zmeiniy EU-182,
Ukraine, du 20 juillet au 5 août .
Activité de 80m à 2m en CW, SSB, RTTY et PSK31.
Ils participeront au concours IOTA.
QSL via HC, direct ou bureau.
Aide souhaitée :
Frank DH7FB et Bernd DF2ZC sont à la recherche d'une location de QTH
(cottage avec peu de voisins ou totalement isolé, sur Jersey ou Guernesey (
préférence Guernesey).

Il s’agit de conduire une expédition 2m EME, en remplacement de celle de juin prévue à Gibraltar et qui a du être annulée suite à changement de réglementation.
Si quelqu’un connaît un QTH avec un excellent dégagement pour le tropo (EME ne sera qu’une partie du trafic) merci de faire toute suggestion ou offre.

vy 73 Bernd, DF2ZC"at"gmx.de

Merci Bernd, DF2ZC et Guy, DL8EBW/MMMVHF

/One great source is the DXCC Blog that Bill Moore puts out. It can be
found either at http://www.arrl.org/blog/DXCC%20Dialog or if you're
into RSS feeds, there's a little orange button to add that feed to
your aggregator.

/*I read and use the info from the DXCC Blog, however, most of the time
it is "old" news when it is posted to this site. I subscribe to most all the
reflectors that deal with DX. Still the best source is the DXer who has
the rejected card in hand and most of the time also has the reason why it
was rejected. This is why I encourage DX info from the users and readers of
this reflector and others. I can never get to much info about DX, Qsl
Managers
and routes, even if I have gotten it before, I can weed out the dupes.
I had one person recently tell me because the list of DXCC approved
operations
that I keep in the db was not an "official" list prepared by the DXCC
list, it was
of no use to anyone. There will always be those that do not want to
believe in some
type of information, they could be right, but I have a different view of
that.
John K1XN

7196. ICPO Bulletin (June 05 - 13, 2008)

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-05 21:57:17 UTC
From: Dave Raycroft
Topic: 7196 Message: 7196

I.C.P.O. Bulletin (June 05 - 13, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

01/06/2008: Don, N1DG is currently travelling until June 13th in A6 and A7. He will be installing new antennas at A61AD (United Arab Emirates) and hopes to be active June 3rd and 4th, concentrating on 6 meters when open. While in A7 he hopes to get to A71A (Qatar ARS, Doha, Qatar)and operate as business allows. QSL via home call. [K1XN]

05/06/2008: Mario, DL5ME will be active from Emsal? Island (EU-135) as OH2/DL5ME from June 5-8th. QRV using CW and SSB on 40, 30, 20 and 15 meters. He will be running 100 Watts to a Butternut-Vertical, if possible Spiderbeam too. QSL via DH5MM (QRZ.com address only). [DL5ME]

06/06/2008: Operators 6K5AQY, 6K5AYC , 6K5BHZ, 6K5ALT, DS5AJT and HL5BMX will be active as 6M0W/4 from Paegya Island (AS-060), South Korea, from June 6-8th. QRV 80-10m, using CW, SSB and Digital modes. This operation also counts for Paekya Do lighthouse (ARLHS SKR-022, WLOTA LH-3386). QSL via HL5BMX, direct or bureau. [rsgbiota.org]

06/06/2008: Patrick, ON7ARQ will spend his holidays on the Island of Elba (EU-028, IIA LI-001, MIA MI-022 WLOTA LH-0609), June 6-16th, using the call sign IA5/ON7ARQ. QRV on HF-20m/50W/dipole + 6m/10W/Vertical + 2M/20W/4ele + 0.7m/5W/Vert. + 0,23m/2W/16ele, ATV/23cm/2W or 20W/16ele, with TS50 kenwood HF+ITU FT817+FT290+FT690. The weekend QRV in VHF Contests. QSL via home call, direct of bureau. [F5NQL]

06/06/2008: JE3NJZ/JA6 and JA0KNM/JA6 plan to be active from Kuro Island (IOTA AS-024, JIIA AS-024-009), JA6 Yaeyama Island group, from June 6-9th. QRV 7Mhz to 28 Mhz and 50 MHz on CW and SSB. QSL via their home calls, direct or bureau. (JIIA Award: www3.ocn.ne.jp/~iota/newpage61.htm) [JI6KVR]

06/06/2008: Ricardo/PY2EL and Waldir/PY2WC are going to participate in the CB144 VHF contest from the island of Comprida (SA-024, DIB reference SP-03 for the Diploma Islands Brazil). The main station as PY2EL on 2 meters and the second station will be HF operation as PY2EL/P and PY2WC/P. QSL via home calls, direct or bureau. [rsgbiota.org]

06/06/2008: Barry, G4BUD will be active from Samos Island (EU-049, MIA MG-099, WLOTA LH-0609) as SV8/G4BUD/P between June 6th and 11th. Activity will be holiday-style, operating 20 meter QRP (5 Watts) with a dipole, CW, PSK31, RTTY and SSB. He will try to get on most evenings around 1600 and again at 2000 UTC. QSL via home call, direct only (QRZ.com). [rsgbiota.org]

06/06/2008: The Association des RadioAmateurs des C?tes d'Armor ARC (French Brittany) F6KBO, will be active using the special call sign TM6BRE from Brehat Island (EU-074, DIFM MA-012 for the Metropolitan French Islands Award, WLOTA LH-2010) between June 6-8th. Other references: Canton of Paimpol (DDCF 22-28), commune ?le de Br?hat (Zip code 22870), Department C?tes d'Armor/22, Province French Brittany (DPF 06). QRV 80-2m (no WARC) using SSB, CW, RTTY and PSK31. QSL via F6KBO. [F5NQL]

07/06/2008: Operators BA4DR, BG4AJU, BG4CHO, BG4CJX, BG4CNB and BG4EIH will be active as homecall/5 from Daqu Shan Island (AS-137), June 7-8th. Activity will be on 160-6 meters SSB and also 2 meters. QSL via their home calls, direct or by the bureau. [OPDX Bulletin]

07/06/2008: Roland, HB9DPO will be active as EA8/HB9DPO from La Palma Island IOTA AF-004, DIE S-013, WLOTA LH-1648, WW Loc. IL18CP) on 144,50 MHz and HF between June 7th and 14th. Preferred 2 meter and 6 meters. Rig is IC706 and FT900 with 4 element beam for 6m and 9 element bean for 2m. QSL via home call. [F5NQL]

07/06/2008: F4AFE/Nicolas and Florent/F4EJL will be active June 7th as F4EJL/p from the Castle of Malbrouck (DFCF 57-003), city of Manderen (CP 57480), Department Moselle/57, Province Lorraine (DPF 14). QRV between 0700 and 1100 UTC on 40 meters. QSL via home call, direct or bureau. [F4EJL]

07/06/2008: Look for Fran?ois, F5JNE to be active June 7th along with Claude, F5MCC as F5JNE/p from the Castle of Le Bois de Vassy (DFCF 89-301), in the city of Etaules (Zip code 89200) and Canton of Avallon (DDCF 89-05). Other reference Department Yonne/89 and Province Burgundy (DPF 05). As usual starting around 0600 UTC, 80 then 40 and may be 20m, CW and SSB. QSL via the bureau preferred and SWL cards are welcome. [F5NQL]

07/06/2008: Tony/IT9NCO, Nunzio/IT9DTU, Paolo/IT9DCE and possibly others will operate on 80-10 meter CW, SSB and digital modes from the lighthouse at Cape Rasocolmo (WAIL SI-034, ARLHS ITA-032, EF-3276, Admiralty E2046), Island of Sicily (EU-025, IIA SC-001, MIA MI-107), on June 7th and 8th. QSL via home calls, bureau preferred. [425 DX News]

07/06/2008: JF6OID/6 and JK6IJE/6 plan to be active June 7-8th from O Island (AS-036, JIIA AS-036-016) and Naga Island (AS-036, JIIA AS-036-012), JA6 Iki/Tsushima group. Activity will be on the HF bands, SSB only. QSL via home calls, direct or bureau. [JI6KVR]

07/06/2008: Philippe/ON5PV and Bruno/ON7ZB will activate the Castle Kasteel van Gelinden (BCA reference LB014, WW Loc. JO20PS), province of Limbourg, using the call sign ON5PV/p on June 7th. Activity will be on 80, 40 and 20 meters. QSL via home call, direct or bureau. [ON7ZB]

07/06/2008: Nick/RA1QQ, Alexey/RA1QY and Dmitriy/RN3GM will be active as homecall/p from Krasny Bor Island (RRA RR 22-New, RDA VO-29), Lake Rybinsk group, June 7-8th. They plan to operate on 40-17 meter SSB and

CW. QSL via home calls. [425 DX News]

07/06/2008: Operators Pavel/TA2ZAF (OK1MU), Slavek/OK1TN and Dan/OK1HRA will activate the special call sign TC0W on the Turkish Island of Kefken in the Black Sea, June 7-11th. Activity will be on 40-10 meters using CW and SSB. Antennas will be a SteppIR for 20-10m and loops for 40/30m. Also, there may be possible activity on the VHF bands (locator KN51DF). Thanks for BIG support from Ozer/TA2RC. QSL via OK2GZ, either direct, by the Bureau or via the Web (no E-mail requests). For more info, photo gallery, daily news, team bios, please visit: www.okdxf.eu/expedice/tc0w/ [OPDX Bulletin]

07/06/2008: Graham, M0AEP will be active from the island of Montserrat (NA-103) as VP2MDD from June 7-19th. QRV 80-10 meters with 200W and Carolina Windom. Also on 6M with 5 element yagi and 100W. QSL via M0AEP, direct or bureau. [rsgbiota.org]

08/06/2008: Weather permitting Helmut, DL5DSM plans to be active from Great Blasket Island (EU-007), Ireland, on June 8th between 1000 and 1530 UTC. He will sign EJ/DL5DSM as a 1-man field day style operation with generator, 100 watts and simple antennas. QSL via home call, direct or bureau. [DL5DSM]

08/06/2008: The Radio Club Guadeloupe FG5KC (acra-radioclub.site.voila.fr/) will operate portable from Terre de Bas (DIFO FG-009), Iles de Petite-Terre (NA-102) on June 8th. If you have trouble finding it on the map, look halfway between La Desirade and Marie Galante. As a bonus, the island has a lighhouse valid for the WLOTA program (LH-0339), also ARLHS GUA-006 and TWLHD WLH FG-005. [WC6DX]

08/06/2008: Doug, KF4VTT will be active June 8th as homecall/p from Boca Grande Key (NA-062, USi FL-478 - new one!, Monroe county), Florida. He will operate QRP on 40/20m CW/SSB. Doug will be heading out by boat to Boca Grande for the afternoon. This is an uninhabited island about 10 miles west of Key West. QSL via home call. [USi]

09/06/2008: Ric, DL2VFR plans to be active from various locations of Iceland (EU-021, WLOTA LH-2975) using the call signs TF1/, TF5/ and TF6/homecall between June 9-19th. He also plans to activate Hrisey Island (EU-168) from 1800z June 10th to 1200z June 12th. QRV 80-10m using CW, SSB and RTTY. QSL via DARC bureau to home call. Further information at: www.iota-expedition.com/ice08/ice08.html [DL2VFR]

10/06/2008: The Union de Radioaficionados Espa?oles, URE, (The Spanish Amateur Radio League) is proud to announce a project in East Timor to take place June 10-24th using the call sign 4W6R. URE's Radiosolidarity Department will organize an Amateur Radio DXpedition, combined with activities to promote Amateur Radio including the donation and setting up of a complete amateur radio station at the University of Dili. Operators include Angel/EA1QF (CW/Digital), Txema/EA5BWR (CW/SSB/Digital), Eugene/EA4KA (CW), Pere/EA3CUU (CW), Jose/CT1ERC

(SSB/Digital) and Jose/EA4DB (CW/SSB/Digital) will be active from Dili, Timor Leste (OC-148, WLOTA LH-0019) for two weeks in June. They plan to operate CW, SSB and other modes using two stations, and to pay special attention to 6 meters. QSLs will be via EA4URE, direct (EA4URE, P.O. Box 220, 28080 Madrid - SPAIN) or by the bureau. Further info, frequencies and updates at: www.ure.es/hf/eadx/expediciones/4w2008/home.php?lang=en [MMMonVHF & URE]

10/06/2008: Heinz, DL4AO will be active as DL4AO/p from Ruegen Island (EU-057, O-07 for the German Islands Award) and as OZ/DL4AO from Bornholm Island (EU-030, BO-001 for the Danish Islands Award, WLOTA LH-2203) between June 10th and 26th. He will operate in his early morning and late afternoon hours, mostly on 20 meters. While on Bornoholm he will also operate on 6 meters, using CW and SSB. All of the QSOs will be confirmed automatically via the bureau. [425 DX News]

10/06/2008: Jack, WB8FSV will be vacationing in Qingdao, China, again from June 10-30th. This will be his fifth trip to China. He will operate as WB8FSV/BA4IT in his spare time. Jack's XYL Lily is from Qingdao and they will be staying with her family. On the way home they plan to stop at Hong Kong to check out Hong Kong Disneyland, they are Disney nuts, and to see Jack's friend Charlie, VR2XMT. However, he does not plan to operate from Hong Kong. QSLs direct or via the bureau are fine. BA4IT has 100 watts to an inverted vee up 80 feet, one block from the Yellow Sea, but Jack will be surprised to work many North Americans. [NG3K]

11/06/2008: Georg, DK7LX will be active holiday-style as FH/DK7LX from Mayotte Island (AF-027, DIFO FH-001, WLOTA LH-0376) between June 11-23rd. He will be QRV mostly using CW, on all bands with an emphasis on 30/40/80m. All other bands according to conditions. The equipment is going to be an Icom IC-706 MKIIG and a HF9V-Multiband-Vertical that might be placed next to the sea. QSL via home call, bureau or direct (SASE and/or SAE + sufficient postage) to Georg Knoess, Am Weiderweg, 12, D-35510 Kirch-Goens/Butzbach, GERMANY. PLEASE NO DUPES!!! Further information at: www.dk7lx.mayotte.2008.ms/ [NG3K]

12/06/2008: Toshi, JA8BMK will be QRV from Vietnam as 3W2BMK from June 12-17th and from Cambodia as XU7BMK from June 18-20th. Activity will be on 160-10m CW, SSB and RTTY. Note this is spare time operation. QSL direct to JA8UWT (Kimiko Saitoh, 4-16-2-22 Kamui, Asahikawa, 070-8014 Japan). [NG3K]

12/06/2008: Operators JA1EJK/JD1, JA1JQY/JD1, JA1NND/JD1, JA1XEQ/JD1, JA1KJW/JD1, JK1EBA/JD1, JJ1JGI/JD1, JI1FPO/JD1, JR1LYL/JD1 and 7N4AGB/JD1 plan to be active from Chichi Island (JIIA AS-031-003) between June 12-18th and Haha Island (JIIA AS-031-005) between June 19-22nd, JD1 Ogasawara Island group (AS-031). QRV 1.8 to 28 Mhz and 50 MHz, using CW and SSB. QSL via their home calls. You can go direct or via the bureau. For JIIA Award: www3.ocn.ne.jp/~iota/newpage61.htm [JI6KVR]

12/06/2008: Hugh, K6HFA plans to be active as K7A from the Neragon Island (NA-241, USi AK194S, WW Loc. AP71AU), Alaska, from June 12-18th. He will use these suggested frequencies: CW - 7016, 7041, 14018, 14041, 10112, 18082 kHz (all +/-); SSB - 7078 Split per operator, 14153, 18122 kHz. Equipment will be IC 7000s + Amp + Vertical Dipole Array. QSL to K6HFA, Hubert "Hugh" Clark, 545 West Vassar Ave., Fresno, CA 93705 USA. For direct QSL reply, include Self Addressed Stamped Envelope or Self Addressed Envelope and IRC or green stamps. If no return postage is sent, QSL will be via bureau. Bureau cards answered via bureau. Your donations now will make possible more rare Alaskan island activations sooner in the future. [K6HFA/K6HTM]

==========

LOOKING AHEAD -

14/06/2008: The IARC is planning intensive Mobile activity, for the Holyland award program, to commemorate its 60 years. The plan for the coming 2 months (June - July) includes the following: June 14th - 4Z5PN will activate F-19-AS, F-20-AS, G-19-AS, G-20-AS; 4Z5FI / 4Z4BS will activate in BS region L-27, K-28, (L-28), K-29, K-30, J-30, J-31, J-32, J-33. June 21st - 4Z5PN will activate E-18-AS, F-18-AS, G-18-JS, G-19-AS; 4Z5FL will activate F-17-RH, F-17-RM, G-17-RM, G-17-JS. June 28th - 4Z5FL will activate F-17-JS, F-17-AS, F-18-RH, E-18-RH. July 5th - 4X1VF/4X4DZ will activate K-09-JN, J-09-YZ, J-08-YZ, H-08-YZ, H-09-YZ, H-07-YZ, H-07-HF, H-07-HD, G-07-HD, G-08-HD, F-09-HD, F-10-HS; 4Z5LA/4X6HP will activate from regions: TK, SM and (YN) - more details to follow. July 19th 4Z4KX and others - more details will follow. Activity will be on 14265 kHz.+/-QRM or split between 2 mobiles. Operation will start in the morning around 0400 UTC. Please send me list of Regions or Areas required, and we shall try to activate it if possible. (Region AZ and some other areas are at this moment impossible to enter due to security reasons). More information will follow ! [4X4JU]

14/06/2008: Peter, DH3NB will be active from the Seychelles (AF-024) as S79GB from June 14th to July 4th. QRV on 40-6 meters. QSL via home call, DARC bureau or direct. [NG3K]

14/06/2008: Wolfgang, DL6NBR will be active from the Seychelles (AF-024) as S79WF between June 14th and July 4th. He will run 200W from 40-10m and 100W on 6m SSB. QSL via DL6NBR, bureau or direct. [NG3K]

15/06/2008: Yasuko JF1IZM/1, Youichi JO1IRO/1 and Noboru JR1WEB/1 plan to be active from Mikura Island (AS-008, JIIA AS-008-005), JA1 North Izu group, from June 15-17th on the HF bands. They will look for Es openings on VHF. QSL via their home call. You can go direct or via the bureau. JIIA Award: www3.ocn.ne.jp/~iota/newpage61.htm [JI6KVR]

21/06/2008: Celebrating the 50 aniversary of Radio Club de Honduras (www.hr2rch.org/), the RCH DX Team will be on the air with the special call sign HQ50RCH from June 21st until July 31st. Please give us a call on the pile-ups. QSL: RADIO CLUB DE HONDURAS, HR Amateur Radio, Apartado Postal 273, San Pedro Sula, Cort?s Honduras, Centroam?rica. [F5NQL]

27/06/2008: Look for Peter, DJ2OS to be active from the island of Ustica (EU-051, IIA PA-001, MI-116, WLOTA LH-0848) as IE9/DJ2OS from June 27-30th. Look for activity on 80-10m. QSL via home call, direct (QRZ.com) or bureau. [rsgbiota.org]

01/07/2008: Special activity from Algeria during the complete month of July, with the call sign 7Y46ND, activated by stations from the city of Djelfa. QRV July 1-31st, 80-10 meters, all modes. QSL route will be via 7X2DD (Mohamed Djaballah, P.O. Box 467, 17000 Djelfa, Algeria). A special certificate will be available for a fee of 5 Euro/US$7, if requested beside the normal QSL card. [NG3K]

01/07/2008: Look for special event station 8J6ARDF to be active on all bands and modes from July 1st through October 26th to commemorate the All Japan ARDF Athletic Meet. Expect activity on all bands and modes. QSL via JARL bureau. [JJ1WTL/AC6IM]

01/07/2008: Special event station 8N150IH will be aired from July 1st to August 3rd to celebrate the 50th Itabashi Hanabi (or Fireworks) Festival. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/07/2008: Kenny/K2KW and XYL Stephanie/KD8GKM will be vacationing on Saba (NA-145, also count for WLOTA LH-2043, Grid FK87), Netherlands Antilles, from July 1-7th. Casual operation signing PJ6/K2KW with focus on 6m, and activity on 17-40m. 100w, 2 ele 6m yagi, and dipole for HF. QTH is 370m high, looking over the ocean just 900m away. Great water shot to North-East and Mid-West USA, EU and AF. Possible operation from PJ7 on Dutch St Maarten July 8-10. QSL via WA4WTG. [NG3K]

12/07/2008: Look for Massimo, IZ4DPV to be active as D4C during the IARU HF Championship Contest (July 12-13th) from Mindelo, Ilha do S?o Vicente (AF-086, WLOTA LH-1976), Cape Verde, as a Single-Op/All-Band/High-Power/SSB entry. QSL via home call. [NG3K]

19/07/2008: Andy, DL7AT plans to be active from Bomlo Island (EU-055) as LA/DL7AT between July 19th and August 3rd. QRV from 40-10m with 100 Watts and vertical GP, including an entry in the RSGB IOTA Contest. QSL via home call, direct or bureau. [rsgbiota.org]

20/07/2008: Mike/UT9IO and Harry/UX3IW will be active as homecall/p from Zmeiniy Island (EU-182, UIA BS-07, Odesa Region/oblast OD, also count for WLOTA LH-0725) from July 20th to August 5th. They will operate SSB, CW, RTTY and BPSK31 on 80-2 meters, and will take part in the RSGB IOTA Contest (July 26-27th). QSL via home call, direct or bureau. [425 DX News]

25/07/2008: Operators Jeroen/PD5CW, Will/PE1OPM and Manfred/PE1OXV will be on a holyday weekend to the Island of Schouwenduiveland and Goeree Overflakkee (EU-146). They will be QRV SSB only 80-10m from Zonnemaire, Zeeland (WW Loc. JO11XQ), RSGB IOTA Contest included, using the call signs PD5CW and PE1OPM/p. QSL all calls via PD5CW, direct or bureau. More information at: home.versatel.nl/eu-146/ [rsgbiota.org]

26/07/2008: The 40th anniversary of Noto Peninsula Quasi-National Park special call 8J9HGR plans to be active from Hegura-jima [jima in Japanese means Island] (AS-117, JIIA AS-117-039, JA9 Ishikawa Prefecture, WLOTA LH-0056) from July 26-30th, including one station in the RSGB IOTA Contest. QRV all HF bands, using CW and SSB. QSL via the JARL bureau, or direct to JH9UYZ (QRZ.com). [JI6KVR]

26/07/2008: Look for Jon, M0OVL/p to be active July 26-27th from Longstone (EU-109, WLOTA LH-0234) for the RSGB IOTA Contest. He will be joined by Harold/G8JUZ and Charles/M0GAX operating under their own calls. Jon will also use another call 2E0OVL/p during his non contest operating times to give as many stations as possible a chance to work the island, but NO contest serial number will be given. In the event of bad weather on the morning of the contest an alternative operation will take place from Lindisfarne (EU-120). QSL via home call, direct or by the RSGB bureau. Further information at: www.2e0ovl.com/ [rsgbiota.org]

26/07/2008: Paul, M3KBU will be active for the RSGB IOTA Contest from the isle of Skye (IOSA NH-07, SCOTIA CN-14), Inner Hebrides (EU-008), using the call sign MM3KBU/p on July 26th and 27th. QSL via M3KBU, direct (QRZ.com) or bureau. [rsgbiota.org]

26/07/2008: Douglas, GM0ELP will be active as MM3T from the isle of Islay (IOSA NH22, SCOTIA CS25, WLOTA LH-1826), Inner Hebrides (EU-008). IOTA contest the category will be Single-Op, All-Band, Low-Power, Expedition and period of operation will be 12 hrs. QSL via MM3T at eQSL. [rsgbiota.org]

26/07/2008: Look for Netti/DO6XX and Rene/DL2JRM to be active as OZ/homecall/p from Vendsyssel-Thy/Nordjylland (EU-171, NJ-001 for the Danish Islands Award) between July 26th and August 9th. QSL via home calls, bureau preferred. [rsgbiota.org]

30/07/2008: Matt, IK2SGC plans to be QRV as IA5/IK2SGC from the island of Elba (EU-028, IIA LI-001, MIA MI-022, WLOTA LH-0609) between July 30th and August 29th. Look for activity on all bands. QSL via LoTW is preferred. [rsgbiota.org]

02/08/2008: Look for Paul, M3KBU to be QRV August 2nd from the island of Great Bernera (IOSA OH12, SCOTIA HI27), Outer Hebrides (EU-010). Look for activity on the ususual island and IOTA frequencies. QSL via home call, direct (QRZ.com) or bureau. [rsgbiota.org]

03/08/2008: Paul, M3KBU will be active August 3rd (1100-1600 UTC) as MM3KBU/p from the island of Scalpay (IOSA OH-25, SCOTIA HI-19), Outer Hebrides (EU-010). QSL via M3KBU, direct or bureau. [rsgbiota.org]

31/08/2008: Fred, PA1FJ will be signing SV5/PA1FJ/p from the island of Kos (MIA MGD-016, WLOTA LH-1730), Dodecanese (EU-001), between August 31st and September 7th. He will be running QRP with 5 watts, using a Yaesu FT817 and Buddistick antenna or 2x5m dipole. QSL via home call either direct (QRZ.com), eQSL or bureau. [rsgbiota.org]

18/10/2008: Joe/W8GEX, Joe/AA4NN, Janet/W8CAA, Jay/K4ZLE and Jim/K0RH will be active as TO5DX from Saint Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377) from October 16-28th, including a Multi-Single entry in the CQWW DX SSB Contest (October 25-26th). They plan to have three stations, on all HF bands, SSB and CW. The QSL route will be announced at a later date. [NG3K]

25/10/2008: Operators Hal/W8HC, Jerry/K8OQL and Ruben/4Z5FI will be active from the historic Masada at the Dead Sea as special event station for Israel's 2008 60-year Anniversary using the special call sign 4X0C, as a Multi-Single entry in the CQWW DX SSB Contest (October 25-26th). They have been granted permission to operate as 4X0C as a special event/contest station from atop Israel's historical Masada National Park. Masada was built during 37 BC to 31 BC by Herod the Great and served as a "nearly" impenetrable stone fortress and palace.
QSL via W8HC, bureau preferred. Logs will also be uploaded to LoTW. Further information can be found at: www.w8hc.com/ [NG3K]

29/11/2008: Look for John, W2GD to be active from the island of Aruba (SA-036, also count for WLOTA LH-0033) as P40W for the CQWW DX CW Contest (November 29-30th), a Single-Op/All-Band entry. QSL via N2MM. Logs will be uploaded to LoTW. [NG3K]

25/01/2009: Operators Alfeo/I1HJT, Silvano/I2YSB, Carlo/IK1AOD, Vinicio/IK2CIO, Angelo/IK2CKR, Marcello/IK2DIA and Stefano/IK2HKT will be active as 9L3 from Sherbro Island (AF-056), Sierra Leone, between January 25th and February 13th. Look for activity on all bands and modes. QSL either direct to I2YSB or via the bureau to G6MBY. Further information at: www.i2ysb.com/ [NG3K]
==========
SPECIAL EVENTS -

01/06/2008: Special event station 8J0MYOKO will be aired between June 1, 2008 and January 3, 2009 to celebrate the 3rd Anniversary of Myoko-city and JARL Niigata branch meeting in Myoko. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/06/2008: Look for special event station 8J0YMA to be QRV on all bands and modes from June 1st through August 31st to celebrate the 50th Anniversary of JARL Joetsu Club - JA0YMA. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/06/2008: Special event station 8J4626H will be aired June 1-30th for the 22nd Yuhara Rotenburo no Hi (or Yuhara-town Outdoor Hot Spring Bath's Day). (A play on words: First, in Japanese, "2 = ni," "2 things = futatsu," "6 = roku," and "6 things = muttsu." So - "June 26th" -> "626" -> "roku-futatsu-roku" -> "ro(ku)-ten-fu(tatsu)-ro(ku)" -> "ro-ten-fu-ro" -> "rotenburo." "4" is the call area number to which Yuhara-town belongs.). QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/06/2008: Look for special event station 8N1E40A to be active from June 1st to July 10th for the Opening of National Radio Astronomical Observatory and the 40th Anniversary of Engai Amateur Radio Club. QSL

via the JARL bureau. [JJ1WTL/AC6IM]

01/06/2008: Special event station 8N6RARC will be aired June 1st to July 30th to celebrate 2008 Okinawa Amateur Radio Day (RARC: Ryukyu Amateur Radio Club). Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

05/06/2008: SFDXAG would like to announce the commemoration of the 64th anniversary of the D-Day landing in Normandy at Ranville on June 06 1944. Members of the South Flanders DX Activity Group will be active as F/ON6JUN/P from June 5-9th nearby Pegasis Bridge memorial museum. Operators include Willy/ON4LBV, Hugo/ON4AAA, Xavier/ON4ALY, Nic/ON4MGY, Fernand/ON6UF and Jos/ON5SD. QRV on all HF bands (especially WARC), using CW, SSB, RTTY and PSK. Every QSO will be confirmed with a special QSL-card (QSL via ON5SD). Further information can be found at: users.skynet.be/on6jun/sfdxag.htm [ON5SD]

05/06/2008: Celebrating the Italian Navy Day (10 June) and the 90th anniversary of the battle of Premuda, special stations II0MM, II9LR and II1GA will be active June 5-14th. QSL for all via IZ0INU, direct or bureau. Information on the relevant award can be found at www.assoradiomarinai.tk/ [425 DX News]

06/06/2008: As every year since 1982, the 50th division of the Ref-Union (Manche Area) will air the special call sign TM6JUN, from Utah Beach, on June 6, 7 and 8th on all of the possible bands allowed by the propagation, using CW and SSB. For the souvenir see also: www.utah-beach.com/ [F5NQL]

06/06/2008: Michel F6IPS, as usual over several years, will sign TM6SME to commemorate the 64th anniversary of the landing in Normandy, from his QTH located near Saint M?re l'Eglise between June 6th and 15th. Sainte M?re l'Eglise owns now for years the Airborne Museum which was organized around the souvenir and the glory of the American 82nd and 101st airborne Divisions, dropped there in the night of 5th to 6th of June 1944. Look for activity on all bands, using CW and SSB. QSL via the REF QSL bureau. [F5NQL]

06/06/2008: Several members of the club SK0QO plan to hit the airwaves during the "Museum Ships Weekend" on June 6-8th. Listen for 7S0SFJ and 8S0HRA from the ships "Finngrundet" from and the first Swedish offshore icebreaker "S/S Sankt Erik". QSLs for both calls via bureau to SK0QO. [DX Newsletter]

07/06/2008: Members of Bulgarian Federation of Radio Amateurs will activate special event station LZ17EXPO between June 7-30th. Activity will be on all bands and modes. Operations are to commemorate the 17th anniversary of the "HOBBY RADIO EXPO" held at the "Culture House ARSENAL" in Kazanlak on June 14-15th. QSL via LZ1YE. [OPDX Bulletin]

07/06/2008: Special event station TM0GP will be active June 7-20th for the French Formula 1 Grand Prix that will be held at Nevers Magny-Cours

on 22 June. QSL via F1HWL (all QSOs will be confirmed automatically via the bureau. [425 DX News]

07/06/2008: Look for special event station TM3O (Tango Mike 3 Oscar) to be aired on June 7th and 8th for the 30th anniversary of the Vend?e, Mont des Alouettes repeater (West France). It will be aired too during the French VHF Championship. Schedule - On Saturday June 7th, 40m between 1000 until 1400 UTC; starting 1400 UTC same day, until Sunday 8th 1400 UTC, on 144 Mhz, 432 Mhz, 1.20 Ghz in and post contest. Operators mentioned are Patrice/F8BON, Jean-Claude/F6AQI, Denis/F6DBA, Patrick/F6GAF, Jean-Francois/F5BCB, Lucien/F5RFS, Christian/F5SVO, Philippe/F5TRO, Yvonnick/F4BYF, Bruno/F4DXX, Maxime/F4FEY and Eric/F4LJW. QSL via F5KEQ. [F5NQL]

07/06/2008: Participating in the June 7-8th Museum Ships Weekend, operators from ARMI will be active as II2IGTO from the submarine "Toti" at the National Museum of Science and Technology in Milan. Expect activity on the HF bands SSB and CW from 0930 to 1830 UTC. QSL via I2AZ, direct or bureau. Information on the relevant award can be found at www.assoradiomarinai.tk/ [425 DX News]

07/06/2008: Operators from ARMI and INORC will be active June 7-10th as IY1SP from the Naval Museum at La Spezia, for the Museum Ships Weekend and the Italian Navy Day. Look for activity on the HF bands SSB and CW. QSL via I1SAF, direct or bureau. [425 DX News]

07/06/2008: Special event station 8J8S will be aired between June 7th and July 9th for the G8 Hokkaido Toyako Summit. This activity will be from inside the area of JARL Iburi-Hidaka-branch, which includes Toyako. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

07/06/2008: On 7 June there are also a number of special stations will be active from the U.K. - GB0CFN, Candy Farm Naturally, near Doncaster; GB0NOP, Nil Obstare Potest, from Cambridge and GB0SRG, Saint Robert Gargrave, from Gargrave, North Yorkshire. QSL via the RSGB bureau. [GB2RS]

09/06/2008: Jose, CT2FFC will be active with special call sign CS2008FFC from Caldas da Rainha, Portugal, between June 9th and 14th, including participation in the Portugal Day Contest (June 14th). QSL via CT2FFC, direct or bureau. [CT1END]

10/06/2008: Marq, CT1BWW will operate again as CQ4IPY from June 10-16th, September 1-7th and November 1-7th to celebrate the 4th International Polar Year. Expect him to be active on 10-80 meter SSB, CW, PSK31, RTTY and SSTV. QSL via home call, direct or bureau. Further information on the activity and the relevant award can be found at cq4ipy.bravehost.com/ [425 DX News]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

PJ2, PJ4, PJ5, PJ7 and PJ????
From the Balkan DX reflector....
New DXCC-Entities to come: As found on the homepage of EUDXF, President of EUDXF Hans, PB2T, visited ARRL HQ in Newington July 24th. There was discussion about the DXCC status of Netherland's Antilles after December 15th, 2008. It looks like four new entities for Curacao, Sint Maarten, Saba, Sint Eustatius and Bonaire for future DXCC. (DJ5AV: I remember there should be no further Deleted Entities added to the existing ARRL-DXCC list - compare DXCC Rules, Removal Criteria.) Political Background: The association "Netherland's Antilles" will finish with "Kingdom's Day", December 15th, 2008. Until late 2008 status of a new system will be set up. Bonaire, Saba and Sint Eustatius voted for closer connection with the Netherlands, while Curacao and Sint Maarten want an autonomous status like Aruba. [YT3W via ZL2AL]

---

40 METER DX NET -
John, VK6JB, is the moderator of a 40m DX Net that presently runs on Wednesday, Friday and Saturday at 1200-1330z. The frequency is 7077.5 kHz, but if this is unusable for some reason, they will move the net to 7092 kHz +/- QRM. John states that this net may be quite early in the morning for some stations and is interested in starting another net possibly between 7.125-7.200 MHz if a clear frequency could be found for the duration of the net. He adds, "As the seasons change, so do the broadcast stations, but it is worth a try to find a frequency so we can all join in on the DX net together. There are many VK stations from the west to the east coast that would like to work you. If you can join the present net or assist in finding a clear net frequency, please send any frequency reports to vk6jb@... and I will collate them. I would also like to offer an open invitation to any amateur interested in 40m DX, to join our YAHOO group. Address details are as follows:
Subscribe: 40m-DX-net-subscribe@yahoogroups.com
Post message: 40m-DX-net@yahoogroups.com
Unsubscribe: 40m-DX-net-unsubscribe@yahoogroups.com
List owner: 40m-DX-net-owner@yahoogroups.com
There are many hams already on the list server, so please come and join them. Please deseminate this to as many news or nets as possible." [OPDX Bulletin]

WORLD WIDE DX-PEDITION TROPHY
-powered by Strange Radio Team-
As you probably know, we have made a survey on website for the WWDXT 2008.
We have received several replies concerning 48 different DXpedition that have been considered interesting by our readers.

Among those 48 different expeditions 16 have received much more positive comments and we will ask you to vote between them.
www.strangeradioteam.com/wwdxt/index.asp [SRT]

HAM RADIO IN SPACE -
CHINA TO LAUNCH NEW HAMSAT IN 2009
AMSAT says that China will likely launch a new ham radio satellite in 2009. The ham radio space agency says that it has received a report from Michael Chen, BD5RV, that indicates the CAS-1 amateur radio bird has completed its IARU frequency coordination and the hardware has been finished.
The payload of CAS-1 will likely include a CW telemetry beacon, a linear transponder, an FM repeater and a digital store and forward transponder. These operations will use 2 meters for uplinks and 70 centimeters for downlinks at 500mW output power. The satellite is expected to be launched from China into a sun synchronous orbit with a 670 km apogee. According to Chen the CAS-1 team is waiting for another payload to be finished before launch date is officially set. (ANS)

New Russian satellite RS30
On May 23rd had been launched with success the "Yubileiny" satellite, named RS30, by rocket, from the Plesetsk, base, along with three other communication birds. This launching was a mean to celebrate the50th anniversary of the first artificial bird "Sputnik-1" The beacon is sending on 435.315 MHz.
This is an educative bird. It will be able to transmit SSTV and vocal, in the 435 MHz band (see 435.215 MHz). It seems too that a digital transponder is aboard to the Russian Universities students use, to make simulations of works to be made in the future on bigger satellites.

7198. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-05 23:54:28 UTC
From: K1XN
Topic: 5889 Message: 7198

*The JUNE 2008 Issue #806-A files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

*

Hi all
BURKINA FASO :
Once again, look for Michaël,F1IQH, to be active as XT2WC, from
BoboDioulasso, starting on June 9th.
The length of the stay is two weeks, may be three.
Contacts according skeds arrangements preferred (_f1iqh@..._
(mailto:f1iqh@...)), , mainly on 14 MHz (100 Watts and G5RV.)
I'm looking to knowif 6m is allowed. If yes, I will use too 50 watts in a
dipole.
QSL via op's indications
Tks Michaël, F1IQH.

ARGENTINA :
Activity for the Railway stations award (Radio Club Azul)
On June 7th by the Grupo Callvu Leovu,:
Estación "Aorosteguy", FCGR, Activa, DEF-112D.
Estación"Miramonte", FCGR, Activa, DEF -113D
40/80 m, according to propagación., QSL as op's instructions.
Tks LU5FF (Escuchas y Comentarios LUDX 368)

ALGERIA:
All July long (1st to 31st) look for 7Y46ND, to be active from DJELFA

bands:
10 - 80 mtr

qsl route via

7X2DD, Mohamed Djaballah
P.O.Box 467
17000 DJELFA
Algeria

a special certificate will be available for an extra fee of 5,- Euro /
US$ 7, if requested beside the normal qsl card

Tks Mike, 7X/DB1JAW (9K2/DB1JAW) and Bill/NG3K

SAINT BARTH':
Between Oct Du 16 to 28 , 2008.
Callsign : TO5DX
Opérators : W8GEX. AA4NN, W8CAA, K4ZLE, K0RH
QSL via : TBA

Three stations all SSB & CW. They will enter CQWW SSB (October 25&26)
Class : Multi/one.

Tks Bill, NG3K.

7200. RAC SUMMER 2008 CALL BOOK CD

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-06 10:53:25 UTC
From: K1XN
Topic: 7102 Message: 7200

Folks,
Has anyone that ordered the Summer 2008 cd NOT received
it yet? I would think that all mailings should have reached their
designation now.
Tell your friends that I have the Summer 2008 cd in stock and
ready for immediate delivery.
The next release will not be until late Nov or early Dec.
John K1XN

7201. PRICE INCREASE: WINTER 2009 RAC CALL BOOK CD

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-08 00:20:56 UTC
From: K1XN
Topic: 7201 Message: 7201

Hi folks,
All good things do eventually come to and end.
I received my invoice for the current RAC issues today
and it was not pretty :-) . The unit price has increased,
but the major problem is the cost of shipping. Shipping
costs have increased greatly and this is going to force me
to have to raise the price of the Winter 2009 cd. Of course,
if I could order the maximum number of cd's on each order
then I could hold the prices as they are and absorb the increased
shipping charges. Can't happen this year, maybe the next. Trying
to overcome to much negative attitudes right at the present time.
Those of you who are on the pre order list for the Winter 2009,
this means the cost will increase from 37.50 to 39.00 w/free shipping
in USA. If you wish to be removed from the pre order list, please
drop me a note at golist@... and I will modify the list.
Those of you that wish to be added, please send me an email telling
me so. As always, I will not start billing until the month that the cds
are to be produced and will send out the invoices at that time.
Sorry for the price increase, as it is the first one in 8 years. If
something changes to lower my cost, I will pass the savings on to you.
Thank you for your support of RAC and Golist.
John K1XN

Keep me on the list, John. With fuel prices as they are, I'm surprised you only went up a $1.50. If the costs go out of site, I'll just not care about any addresses and use LotW.

Dick

The USPS sells a mailer which is very stiff cardboard and will only hold a nude CD. I think you can get the same thing at Staples.

7219. Re: [GOLIST] NEED SOME OPINIONS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-10 20:17:53 UTC
From: K1XN
Topic: 7211 Message: 7219

I learned that when using the cardboard or bubble mailers
that they must be sent as a parcel and not a large envelope.
I have mailed thousands of these things over the last 12 years
and this was the first time this ever came up. I had one returned
to me today for more postage and that is how I learned of it.
I find the bubble mailer is one ounce lighter than the cardboard
mailer and therefore cheaper to mail threw the system.
Of course it is more expensive to send a parcel than a large envelope.
I think the post office must be a division of the IRS!!!

I used the bubble mailer in the past and had a very high number of CDs that were damaged. The primary consideration in my mind is getting to the product safely, not the cost of postage. But, then, that's only me.

I could live with it, as long as a replacement would be guaranteed in the
even of damage to the original.

it wouls sure make shipping costs cheaper.

Jerry,
I have never lost a cd due to either a cardboard or bubble mailer,
so in my experience the safety factor is the same, but the economic
factors are not. This could all change without notice, I must add.
Just searching for ways to keep pricing low for you guys.

What about no bubble mailer? I did that with hundreds of disks
without a single loss.

Here are the rules about thickness:

<.25" letter
<.75" large envelope (higher rate than letter)
>.75" parcel

My mailers are way thinner than .25", less that .25" with 2 disks in them.

Just like the IRS it's a game. You have to learn their rules and
play by them.

It's pretty easy, and they will even help you (the IRS and the USPS).

Dave NE5EE who just survived a NO CHANGE IRS audit!

7226. FRANCE Special event and Mayotte, Antarctica;

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-11 09:09:50 UTC
From: F5nql@aol.com
Topic: 7226 Message: 7226

Hi all
FRANCE special event:
TM8CEC, will be aired on Sunday June 29tth, by a both French and Belgian opérators, deaded by XYL Claudine, F5JER.
Actovty is part of the open doors at the French Army Training Commandoes in Givet (Ardennes North of France).
QTH : the Charlemont Fortress (DFCF 08006)
Team : Ardennes area Hams (ED08), and friends, Bruno, ON7ZD, Philippe, ON7PV and may be Eric, ON7RN.
HF CW & SSB and VHF
QSL via F5JER either direct or bureau
More information : http://www.radioamateurardennais.org
Tks Claudine, F5JER.

France French Mill Day (June 15th)
The 89th division of the IARU Society he REF Union will be on the air for the French Mills Day as Follow :
DMF-89037 – The Jariat Mill – City of Rogny les Sept Ecluses, op F5MCC/p
DMF-89038 – The La Brenellerie Mill – City of Rogny les Sept Ecluses op F5IYU/p
DMF-89039 – The Cotard Mill , City of Rogny les Sept Ecluses, op F5JNE/p
For all of these mills, the other réferences are :
City of Rogny les Sept Ecluses, Zip code 89220
Canton of Bleneau, DDCF 89-05
Department Yonne/89
Province Burgundy.
CW and SSB, 80 to 10 m.
QSL bureau p^referred via HC and SWL cards welcome.
Tks François, F5JNE

FRANCE overseas Territories : MAYOTTE
For immediate release:

FH/DK7LX, active from Mayotte Island, AF-027 has just been assigend the special callsign* TX7LX* to be used from the 11 JUN - 23 JUN.

All further details can be found at: http://www.dk7lx.mayotte.2008.ms/

Please be so kind to distribute this Info throughout the DX world since I will leave for Mayotte tomorrow.

Thank you very much for your attention and keep up the good work!

Tks Bill, NG3K

ANTARCTICA/
Following the last VP8/MM0TJR/P from Caboose Hut activity, this a
clarifying received from
Alan "VKØLD" vk0ld@...
Sun Jun 8, 2008 11:37 pm (PDT)
Politically, the British Antarctic Territory is 'administered' from the Fal
kland Islands (at least as far as the United Kingdom is concerned) and as
employees of the British government, members of the British Antarctic Survey are
subject to this administration. Amateur radio licences for use within BAT are
issued by the Falkland Islands Government. The United Kingdom (unlike
Argentina, USA, Russia, Australia etc.) does not issue amateur radio licences for
use in Antarctica.

The only licence and authority to operate that is legal(and therefore valid
for amateur radio recognition purposes) is issued by the Post Office in
Stanley, Falkland Islands and the callsigns issued are VP8xxx, not VP8/homecall.

Someone who was not a UK citizen might be able to get away with using
'VP8/homecall' at locations within BAT because 'VP8' is really just being used to
indicate QTH (e.g. VP8/EM1KU). As a foreign national in 'British' Antarctica,
they do not need any permission from the Falkland Islands anyway, but a
British national does!

A British Antarctic Survey employee operating from a British base (or hut,
caboose, tent or whatever) is obliged to use a VP8 callsign. This is what
myself, my successor VP8SB, VP8QI, VP8ANT and others were required to do.

As far as I know, there is no precedent of VP8/ G homecall and I doubt that
it would pass the ARRL's DXCC / QSL validity criteria.

Maybe Tristan simply didn't want to pay the twenty pounds life-time licence
fee to the Falkland Islands Post Office in order to get a legitimate VP8
callsign. However, unilaterally prefixing a homecall with VP8/ does not
automatically transform a valid homecall into a valid Antarctic call.

Even if a dubious VP8/homecall callsign is deemed acceptable for Antarctic
challenge purposes, the correct suffix would be /A and not /P in this instance.

Antarctique
VP8/MM0TJR/P depuis Caboose Hut
Posted by: "VKØLD" _vk0ld@... _ (mailto:vk0ld@...?Subject=%20Re:%20VP8/MM0TJR/P%20from%20Caboose%20Hut) _VK0LD _

(http://profiles.yahoo.com/VK0LD)
Sun Jun 8, 2008 11:37 pm (PDT)
Politiquement les territoires antarctiques britanniques sont gérés par les îles Falkland (autant que le Gouvernement britannique y soit concerné) et e, tant qu'employés du Gouvernement britannique , les membres du programme antarctique britannique sont soumis à cette administration.
Les licences radioamateur utilisées sur ces territoires sont délivrées par le Gouvernement des Falkland. Le Royaume uni (à la différence de l'Argentine, des Etats-Unis , de la Russie, Australie etc...), ne délivre pas de licence radioamateur, utilisables en Antarctique britannique.
Les seules licences valides sont celles délivrées par la seule autorité admise légalement à le faire, l'Administration des Postes à Stanley, Falkland.
Toutes les licences sont de forme VP8xxx, en en aucun cas VP8/homecall.

Quelques uns , non citoyens britanniques, ont pu utiliser des indicatifs de forme 'VP8/homecall' sur le territoire britannique antarctique, ils utilisaient VP8 uniquement pour indiquer le QTH (e.g. VP8/EM1KU). En tant que non britanniques, ils sont autorisés à le faire mais c'est formellement interdit aux Britanniques !
Un employé du Programme britannique antarctique depuis une base ,hutte, refuge ou ailleurs est obligé d'utiliser un indicatif VP8. Cefut mon cas et celui de mes successeurs tels VP8SB, VP8QI, VP8ANT aet d'autres.
Autant que je sage et aussi loin qu'il me souvienne, il n'y a pas eu de précédent à VP8/ G homecall , et je doute que cela soit compatible avec les règles du DXCC.
Peut être que Tristan n'a tout simplement pas voulu payer les 20 livres à la Poste de Stanley Falkland, pour une licence très temporaire, et obtenir un indicatif VP8.*
VP8/HC indicatif valide n'est pas transformable automatiquement en indicatif antactique légal.
Même si ce VP8/homecall est jugé acceptable par le Règlement du Challenge Antarctique, le suffixe correct en ce cas aurait été /*A et non pas /P.

It's rather simple really.

Go to:

http://www.3d2ag.fr.tc/

Look for the yellow button near the top-right that says "Online Logs".

If you hover your mouse over the button, you'll see a drop-down menu
immediately below the button that says, "3D2AG/p 2007 Log Online
Search". Click on that.

4W6R -- TIMOR LESTE
It seems the team is having a problem with power. A press release yesterday reported they lost power just as they began operation. They have a generator enroute but it wasn't expected to arrive until sometime today. They were able to make a few contacts before the power was cutoff. Look for activity to begin at any time.

C9 MOZAMBIQUE
Frosty, K5LBU tells me this morning that several have been added to the "team" going to C9 next month. There are now seven (7) who will operate the two stations starting July 16th and running to the 30th. Frosty added, "I just hope that we get some sunspots so that we can work folks on 15/12/10."

Until next week, enjoy the chase and HAVE FUN!

Carl, N4AA

7230. GOOD NEWS: RAC PRICING

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-11 15:51:41 UTC
From: K1XN
Topic: 7230 Message: 7230

Folks,
I have some good news about RAC call book cd pricing. After
talking with the people at RAC, we worked out a plan that will
allow me to keep my old pricing structure. The Winter 2009
call book cd will be discounted from the $49.95 retail price to
$37.50 with Free shipping to any USA address. Foreign customers
will continue to pay the discounted price plus a $5.00 shipping charge
as in the past.
I am very happy that the arrangement was made where I could keep a
low price for the Golist family.
I will continue to work from a Pre-sell list as this will help me
keep the
pricing low for us all.
Thanks to all of you for the encouragement and support.
John K1XN

I did that and even entered my call. I got something back in french that
said I needed to register on hamlog.com or something like that. Went there
and that was also in french so I was loss after that.

Bob

It's rather simple really.

Go to:

http://www.3d2ag.fr.tc/

Look for the yellow button near the top-right that says "Online Logs".

If you hover your mouse over the button, you'll see a drop-down menu
immediately below the button that says, "3D2AG/p 2007 Log Online

Search". Click on that.

Hi John:

For me that would just be fine.
I don't need a jewel case at all.

Thanks

John Passaneau W3JXP
PS keep me signed up the the call book.

7237. TX5C, IOTA W&GD, VHF Contest, DXCC 70cm

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-12 08:24:48 UTC
From: F5nql@aol.com
Topic: 7237 Message: 7237

Hi Friends
FRANCE – Clipperton
The TX5C log has been uploaded on LOTW.
Thanks Gerard, F2JD (_http://f2jd.free.fr_ (http://f2jd.free.fr/))
.

Next IOTA Contest (July 26-27, 2008), announced operations
Submitter's callsign: N4YDU

Contest callsign: N4A
DXCC entity: USA
Operation class: M/S LP Island Dxpedition
CQ zone: 5
QSL route: N4YDU (DIRECT ONLY)
Operators: K4CZ, W4KAZ, N4YDU

Notes: Core Banks, NC IOTA NA067
Active on all bands SSB and CW

Submitter's callsign: G4XUM
Contest callsign: MD4K
DXCC entity: Isle of Man
Operation class: Multi
CQ zone: 14
QSL route: G3NKC
Operators: G3NKC G4MJS G4XUM & Others

Notes: Isle of Man EU116
Tks Bill, NG3K

TURKEY:

Kadri, TA1D did send us following Info to spread out again:
The 5'the TA VHF-UHF Contest will take place on July 6'th 2008,
0700-1500 UTC. Although the primary task is to encourage multimode
and dx operations in the national scope, international participation
is welcomed. More details, rules, infos you be able to get at:
http://www.mmmonvhf.de/latest.php?id=1606
Tks DL8EBW and MMMonVHF, (tnx Kadri, TA1D)
---
70 cm DXCC:
Congratulations to Jan DL9KR, who reached his 100th DXCC entity contacted
on 70cm, on June 7th.
It seems he’s the first ham to accomplish this record.
Tks Didier, F5NZO.

Forwarded with 73 by
Maurice, F5NQL

I.C.P.O. Bulletin (June 12 - 20, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

4W6R -- TIMOR LESTE
It seems the team is having a problem with power. A press release yesterday reported they lost power just as they began operation. They have a generator enroute but it wasn't expected to arrive until sometime today. They were able to make a few contacts before the power was cutoff. Look for activity to begin at any time. [K1XN & Golist]

12/06/2008: Toshi, JA8BMK will be QRV from Vietnam as 3W2BMK from June 12-17th and from Cambodia as XU7BMK from June 18-20th. Activity will be on 160-10m CW, SSB and RTTY. Note this is spare time operation. QSL direct to JA8UWT (Kimiko Saitoh, 4-16-2-22 Kamui, Asahikawa, 070-8014 Japan). [NG3K]

12/06/2008: Antonello/IK2DUW and Giorgio/IK2UVT will be active as IM0/homecall from Sant'Antioco Island (EU-024, IIA CA-014, MIA MIS-032, WLOTA LH-1388) from June 12-23rd. They will concentrate on the 6 meter band. [425 DX News]

12/06/2008: Operators JA1EJK/JD1, JA1JQY/JD1, JA1NND/JD1, JA1XEQ/JD1, JA1KJW/JD1, JK1EBA/JD1, JJ1JGI/JD1, JI1FPO/JD1, JR1LYL/JD1 and 7N4AGB/JD1 plan to be active from Chichi Island (JIIA AS-031-003) between June 12-18th and Haha Island (JIIA AS-031-005) between June 19-22nd, JD1 Ogasawara Island group (AS-031). QRV 1.8 to 28 Mhz and 50 MHz, using CW and SSB. QSL via their home calls. You can go direct or via the bureau. For JIIA Award: www3.ocn.ne.jp/~iota/newpage61.htm [JI6KVR]

12/06/2008: Hugh, K6HFA plans to be active as K7A from the Neragon Island (NA-241, USi AK194S, WW Loc. AP71AU), Alaska, from June 12-18th. He will use these suggested frequencies: CW - 7016, 7041, 14018, 14041, 10112, 18082 kHz (all +/-); SSB - 7078 Split per operator, 14153, 18122 kHz. Equipment will be IC 7000s + Amp + Vertical Dipole Array. QSL to K6HFA, Hubert "Hugh" Clark, 545 West Vassar Ave., Fresno, CA 93705 USA. For direct QSL reply, include Self Addressed Stamped Envelope or Self Addressed Envelope and IRC or green stamps. If no return postage is sent, QSL will be via bureau. Bureau cards answered via bureau. Your donations now will make possible more rare Alaskan island activations sooner in the future. [K6HFA/K6HTM]

12/06/2008: Keith, G3TTC plans to tour Denmark, Sweden and Norway between June 12th and July 14th, activating various islands. This will be a holiday style operation and the dates may change by one or two

days. His schedule is as follows: June 12-13th as OZ/G3TTC/p from Romo [aka Roemoe] (EU-125, DIA NS-001); June 15-16th as OZ/G3TTC/p from Mors (EU-171, DIA NJ-002); June 19-20th as SM6/G3TTC/p from Hono (EU-043); June 25-26th as LA/G3TTC/p from Spjaeroy (EU-061); July 5-6th as LA/G3TTC/p from Averoya (EU-036); July 6-7th as LA/G3TTC/p from Godoya (EU-056); July 7-8th as LA/G3TTC/p from Runde (EU-079, also count for WLOTA LH-0074); and July 14th as LA/G3TTC/p from Toftoy (EU-055). QSL via home call, direct or by the RSGB bureau. [rsgbiota.org]

12/06/2008: Operators RK3DZJ, RV3DPM, RW3FS, RX3AKL, RW3ATL and UA3DNR will be active from Borodavkin Island (RRA RR-22-09), Lake Rybinsk, located on the territory [Darvinskogo] state biospheric natural preserve (RFF-033, RDA VO-29) from June 12-15th. CW and SSB on 40, 30 and 20 meters. All QSO's for this activity will be confirmed automatically, through bureau. Direct QSL requests can be sent to Alexander, RV3DPM. [UA3DNR]

12/06/2008: Oleg, RN3QN will be active June 12-16th as RN3QN/p from RDA District VR-28 (Novousmansky), Voronezh oblast (#121, VR for the Rossija Award). QSL via home call, direct or bureau. [RX3RC]

13/06/2008: Team UE3WDA will be active June 13-14th from RDA Districts KU-11 (Gorshechensky), KU-15 (Kastorensky), KU-28 (Sovietsky), KU-29 (Solntsevsky), KU-31 (Timsky) and KU-35 (Shchigrovsky), Kursk oblast (#135, KU for the Rossija Award). QSL via home call, direct or bureau. [RX3RC]

14/06/2008: The IARC is planning intensive Mobile activity, for the Holyland award program, to commemorate its 60 years. The plan for the coming 2 months (June - July) includes the following: June 14th - 4Z5PN will activate F-19-AS, F-20-AS, G-19-AS, G-20-AS; 4Z5FI / 4Z4BS will activate in BS region L-27, K-28, (L-28), K-29, K-30, J-30, J-31, J-32, J-33. June 21st - 4Z5PN will activate E-18-AS, F-18-AS, G-18-JS, G-19-AS; 4Z5FL will activate F-17-RH, F-17-RM, G-17-RM, G-17-JS. June 28th - 4Z5FL will activate F-17-JS, F-17-AS, F-18-RH, E-18-RH. July 5th - 4X1VF/4X4DZ will activate K-09-JN, J-09-YZ, J-08-YZ, H-08-YZ, H-09-YZ, H-07-YZ, H-07-HF, H-07-HD, G-07-HD, G-08-HD, F-09-HD, F-10-HS; 4Z5LA/4X6HP will activate from regions: TK, SM and (YN) - more details to follow. July 19th 4Z4KX and others - more details will follow. Activity will be on 14265 kHz.+/-QRM or split between 2 mobiles. Operation will start in the morning around 0400 UTC. Please send me list of Regions or Areas required, and we shall try to activate it if possible. (Region AZ and some other areas are at this moment impossible to enter due to security reasons). More information will follow ! [4X4JU]

14/06/2008: The Associa??o de Radioamadores da Vila de Moscavide (A.R.V.M. - CT1RVM) will be active June 14-15th as CS2FD for the Portugal Field Day, from Montemor Park near the city of Loures (WW Loc. IM58JT). They will be active for 24 hours, on all bands, using Phone, CW, RTTY and TVA. QSL via CT1RVM. Further information can be found at:

www.arvm.org/index_fd2008.html [F5NQL]

14/06/2008: Look for Kang, DS4DRE/4 and possibly others to be active on all bands CW and SSB from Och'ong Island [Och'ong Do] (AS-148) and lighthouse (ARLHS SKR-017, WLOTA LH-1863, Admiralty F4188, WW Loc. PM26XD), South Korea, June 14-16th. QSL via home call, direct or bureau. [425 DX News]

14/06/2008: The Grantham ARC (www.garc.org.uk/) have changed the destination of their trip. The Treshnish Islands (EU-108) have been replaced by Tanera Mor, Summer Isles (EU-092, IOSA SC-10, SCOTIA CN-32). Look for GB0SI to be active from June 14-21st. All of the QSOs will be confirmed automatically via bureau (your return cards are not required). The QSL manager for those who need a direct card is G0RCI. [425 DX News]

14/06/2008: Peter/DH3NB (S79GB) and Wolfgang/DL6NBR (S79WF) will be active from the Seychelles (AF-024) between June 14th and July 4th. They will run 200W from 40-10m and 100W on 6m SSB. QSL via home calls, bureau or direct. [NG3K]

15/06/2008: Matthias, DD9HK will be active as EA6/DD9HK from Mallorca Island (EU-004, DIE E-021, MIA MB-004, WLOTA LH-1902) from June 15-19th. QRV holiday style on 160-6 meter SSB, with Icom IC7000 100 Watt and dipole. QSL via home call. Further information can be found at: www.dd9hk.de/ea6-dd9hk.htm [NG3K]

15/06/2008: Weather permitting, Bruno F5JYD/p will be QRV June 15th from Les Ilots (DIFI 51009R, for the French Inland Islands Award), commune of Aulnay-sur-Marne (CP 51150), Department Marne/51, Province Champagne-Ardennes (DPF 08). QSL via home call, direct or bureau. [F6AXP]

15/06/2008: The 89th division of the IARU Society he REF Union will be on the air for the French Mills Day as follows: The Jariat Mill (DMF 89-037), city of Rogny les Sept Ecluses, Op F5MCC/p; the La Brenellerie Mill (DMF 89-038), city of Rogny les Sept Ecluses, Op F5IYU/p; and the Cotard Mill (DMF 89-039), city of Rogny les Sept Ecluses, Op F5JNE/p. For all of these mills, the other references are: City of Rogny les Sept Ecluses (CP 89220), Canton of Bleneau (DDCF 89-05), Department Yonne/89, Province Burgundy (DPF 05). Activity will be on 80-10 meter CW and SSB. QSL bureau preferred via home call and SWL cards welcome. [F5NQL]

15/06/2008: Yasuko JF1IZM/1, Youichi JO1IRO/1 and Noboru JR1WEB/1 plan to be active from Mikura Island (AS-008, JIIA AS-008-005), JA1 North Izu group, from June 15-17th on the HF bands. They will look for Es openings on VHF. QSL via their home call. You can go direct or via the bureau. JIIA Award: www3.ocn.ne.jp/~iota/newpage61.htm [JI6KVR]

15/06/2008: Serge, RZ3AMW will be active as RZ3AMW/1 from Kandalaksha city, Ryashkov Island (EU-162, RRA RR-02-07, RDA MU-05, WLOTA LH-1803) from June 15th to July 5th. He plans to operate daily between 1700 and 2100 UTC, on 40 and 20 meter CW and SSB. Other award references:

Kandalakshsky Nature Reverse (RFFA RFF-043), Murmansk oblast (#143, MU for the Rossija Award). [425 DX News]

15/06/2008: Bernd, DL8AAV will activate Tjorn Island (EU-043), Sweden, as SD1B/6 from June 15-28th. Look for activity on the HF bands, on or near the usual island and IOTA frequencies. QSL via home call, direct or by the bureau. [rsgbiota.org]

15/06/2008: Larry, K5JYD reports that he will be able to activate the Point Bolivar lighthouse (ARLHS USA-069), Texas, for 3 or 4 days in June after Ham-Com (June 13-14th), using an OHR 20m QRP rig and an end fed wire for 20m, CW of course. He is not a member of ARLHS, but will be there. QSL via home call, direct or bureau. [K5JYD]

18/06/2008: A group OM's from the UBA sections GNT, WLD, TRA and DNZ will be QRV June 6th to July 5th from the Chalet Bars?la and the campground Mittagsspitze in Triesen (WW Loc. JN47TC), Liechtenstein, with the call HB0/ON4IPA using SSB, CW and RTTY on all HF bands 160m-10m. Operators mentioned are Eddy/ON6ZV, Martin/ON4PO, Jose/ON5SD, Fernand/ON6UF, Peter/ON4TO, Noel/ON4APU, Rene/ON6OM, Bart/ON3BA, Michel/ON3SMS and Matihieu/ON8DB. The catering will be done by Carine/ON6ZV's XYL and Micheline/ON6OM's XYL. QSL via ON6ZV, direct or bureau. Other IPA calls to look for during the first week of July as ON4IPA and OO6P (QSL ON6ZV, direct or bureau). Detailed information about the DXpediton and associated award can be found at: www.on6om.be/hb0-on4ipa/ [UBA HF News]

18/06/2008: Jimmy, W6JKV (SMIRK #4353)will be operating on 6 meters only from Alaska as KL7/W6JKV between June 18-30th. Location is from a mountain top 30 miles NE of Fairbanks with outstanding view in all directions (Grid Loc. BP64). Altitude 2500 feet. Distance to London is 4200 miles, 4000 to Frankfurt, 4100 miles to Tokoyo. Will have 700 watts and M2-7ele. QSL via home call. [F5NQL]

18/06/2008: Toshi, JA8BMK will be QRV from Cambodia as XU7BMK from June 18-20th. Activity will be on 160-10m CW, SSB and RTTY. Note this is spare time operation. QSL direct to JA8UWT (Kimiko Saitoh, 4-16-2-22 Kamui, Asahikawa, 070-8014 Japan). [NG3K]

19/06/2008: Tomas, LY1F will be QRV June 19-21st from Hong Kong as VR2/VK2CCC. This will be irregular holiday style operation, mainly CW on the higher bands. QSL route to be confirmed later. [NG3K]

20/06/2008: Dennis, K7BV will be QRV as V36M from Caye Caulker Island (NA-073, WW Loc. EK57XR), Belize, from June 20-26th. This will be a 6 meter only DXpedition. He will use a FT-450 with ACOM-1000 amplifier, running 1KW into a 7 element and 3 element beam. The main frequency will be 50.106.2 MHz USB and /B. The pilot station will be Pat, W5OZI. QSL direct only to W1JJ (QRZ.com). Further information can be found at: www.qth.com/k7bv/caribe2008 [N8OFS]

20/06/2008: Operators Jim/K4BI, Mario/K2ZD, Meredith/K8BBN and Daphne/N2TIN will be on a 6 meter only DXpedition to Grand Cayman Island (NA-016, WLOTA LH-1042), June 20-July 8th. QRV with 50.095/B beacon and listening on 50.105 USB. Equipment will be FT-100D, Acom-1000 1KW amplifier and M2-5 element yagi at 48 feet. They will be using the call sign ZF2BI or ZF2ZD (still undecided). QSL via operator's instructions. [N8OFS]

==========

LOOKING AHEAD -

21/06/2008: Look for Emir/9A6AA and Toni/9A7PJT to be active on June 21st only from Jabuka Island (Rare!, EU-016, ACIA 807, IOCA CI-032, MIA MC-136). QRV early in the morning on 20 and 40 meters. QSL via 9A6AA (QRZ.com). More info at: www.hamradio.hr/9a6aa/Jabuka/index.htm [rsgbiota.org]

27/06/2008: An expedition to Tyrke mountain, Crimea, Ukraine, will take place between June 27th and July 8th. This mountain is located in the mountainous area of Demerdzhi, with a height of 1296m above sea level (WW Loc. KN74FT), Simferopol' district (URDA KR-22), southern coast of the Crimean peninsula. Operators mentioned are: Alexander/UR5FIR, Vladimir/US5ID, Aleksey/UU1JJ, Anatoliy/UU5JA, Alexander/UU5JDX, Alexander/UU5JJ and Roman/UY7IQ. Look for them to be signing homecall/p on 160, 80, 40, 20 and 17 meters, using SSB and CW. It is planned they will operate in the field at the bottom of the mountain, while the expedition takes place with the support of the rescue service of the Crimea to the summit. QSL via operators instructions. [UZ1RR]

29/06/2008: Special event station TM8CEC will be aired on Sunday June 29th, by a both French and Belgian operators, headed by XYL Claudine, F5JER. Activty is part of the open doors at the French Army Training Commandoes in Givet (Ardennes North of France). QRV on all HF bands, using CW and SSB, from the Charlemont Fortress (DFCF 08-006) by Ardennes area Hams (ED08), and friends, Bruno/ON7ZD, Philippe/ON7PV and may be Eric/ON7RN. QSL via F5JER either direct or bureau. Further information can be found at: www.radioamateurardennais.org/ [F5NQL]

01/07/2008: Look for special event station 8J6ARDF to be active on all bands and modes from July 1st through October 26th to commemorate the All Japan ARDF Athletic Meet. Expect activity on all bands and modes. QSL via JARL bureau. [JJ1WTL/AC6IM]

01/07/2008: Special event station 8N150IH will be aired from July 1st to August 3rd to celebrate the 50th Itabashi Hanabi (or Fireworks) Festival. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/07/2008: Jim, KH6JIM (ex WH6JP) reports that he will be portable for most of the summer from Warren Island (USi ID-019L, Not IOTA), located in Lake Pend Oreille, Bonner county, Idaho. If anyone wants ID019L send an email to Jim and he will try to set something up (kh6jim at yahoo.com). [USi]

06/07/2008: Jon, WB8YJF, will make his yearly trip to Ocracoke Island (NA-067, USi NC-001S, WLOTA LH-0466, Hyde County) North Carolina, this year earlier than most times due to a scheduling conflict. He reports that he will not be in the IOTA Contest from there this year, but will be active as WB8YJF/4 from July 6-13th. Activity will be on 40-10 meters, using CW, SSB and RTTY. Please QSL direct for a FASTer QSL; Bureau is OK but takes a lot longer. His address is on QRZ.com. [OPDX Bulletin]

08/07/2008: Frank, DL1FT plans to be active as ES0FTZ from Kuressaare, Saaremaa Island (EU-034, WLOTA LH-1401, WW Loc. KO18FG) between July 8-18th. QRV on 80, 40 and 20 meter SSB. QSL via home call, direct or by the bureau. Further info at: www.funkexpedition.de/estland [rsgbiota.org]

23/07/2008: Klaus/OZ7KDJ and Erik/OZ9V will be active as OZ8MW/p from Anholt Island (EU-088, DIA NK-001) between July 23-28th. QRV on 80-40-20-15-10M before the contest, QRV in the IOTA contest. They will be active on 6M, equipment FT920, 5-el tonna, with height of about 15M. [rsgbiota.org]

24/07/2008: Cris, PY7GK will be active as ZW6GK during July 24-27th from Morro de S?o Paulo, Tinhar? Island (SA-080, DIB #60, for the Brazil Islands Award), Bahia State, Brazil, as ZW6GK. 7239. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-13 01:49:59 UTC
From: K1XN
Topic: 5889 Message: 7239

*The JUNE 2008 Issue #806-B files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

*

Hi Friends
FRANCE:
French Mills day (June 15th, 2008):
Juan, F5IRC/p from the Two mills, DMF 76-010, in the city of Grainville la Teinturière, zip code 76450. QSL via bureau+SWL
Tks Juan, F5IRC

The AA Valley ARC, HF&VHF from the Lugy Mill, DMF 62-101.
HF & VHF.
QSL via : F8DKG to Michel DEFOSSEZ - Bureau or Direct.
Tks Jean-François F-11606

FRANCE :

WLOTA Contest (July 5 to 6th :
This week end, look for Juan to be active as F5IRC/p from the Chausey Lighthouse WLOTA 0424 , on the Main island of the Chausey archipelago, EU-039.
QSL via bureau+SWL
Cordiales 73 Juan f5irc
Tks Juan, F5IRC.

REPUBLIC OF KOREA, HL. Kang, DS4DRE/4 and possibly others will be QRV from Och'ong Island, IOTA AS-148, and the Lighthouse ARLHS SKR-017, from June 14 to 16. Activity is on the HF bands using CW and SSB. QSL via DS4DRE.
GREECE, SV. In commemoration of the birth of Alexander the Great 24 centuries ago, 20 stations will be QRV with the prefix SX24 from June 14 to 22. Activity will be on 160 to 6 meters using CW, SSB, RTTY and PSK. QSL all calls via SV2GWY.
Tks ARRL DX sheet

Jan Mayen JX, last :
Finally the trip will begin on June 24th for a landing expected on June 28th. There untill July the 4th which will be the last day of traffic.
- transceiver Elecraft K2/100 and YAESU FT-857D
- two 10m verticales for 40M, 30M, 20M, 17M, 15M, 12M bands and yagi for 6M band
- 18m vertical for 40M, 30M bands
- power amplifier 500W.
- definitaly we will focus on 30M, 20, 17M bands. Because of propagation we not expect to be active on 160M, 80M band. We will do our best to get any propagation on 15M, 12M, 10M bands.
- Michael will be active mostly on CW and I will work on CW/SSB and a bit of RTTY.
On 6m, 50.105MHz CW, plus or minus QRM.

Pilot station : Chris, GM4FAM,
The QSL Manager of the expedition is Michael G7VJR. Please send all QSL
cards via G7VJR buro or direct at :
Michael Wells
Belvoir Cottage
The Avenue
Madingley
Cambridgeshire
CB23 8AD
UNITED KINGDOM

I am hearing 4W6R on 14.185 working several stations.
Get into the pile up. Good luck.

Folks.
I am still collecting data for those dx call sign that are
rejected by the DXCC desk for their awards.
If you have a submission rejected, please send me the
info on the dx callsign and dates for the rejection. If you
have a rejected contact recently confirmed by the DXCC
desk, I would like to have that info also.
Thanks.

7245. WINTER 2009 RAC CALL BOOK CD

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-16 21:06:28 UTC
From: K1XN
Topic: 7245 Message: 7245

The RAC Winter 2009 Call Book pre-order list is still open
for orders. You can send me an email or use the Secure Online
web order form to make the order.
This release will be made either late November or first weeks
of December.
The price will remain the same $37.50 with free shipping to USA.
All other countries will have a $5.00 shipping fee. By using the
pre-order system, it helps to keep costs down and the saving provide
the discounted price for the cd.
Thank you for the continued support.

OH0B - Midsummer in Aland Islands, June 19-22

Not many people have probably thought about the meaning of Midsummer for the folks up in Northern Europe and specifically those rituals that are related to Aland Islands. Maybe not even about the reason why OH0 ranks as another DXCC counter. Simply, Aland is a highly modern society of some 27.000 people and a dozen or so active hams. Also, it is home to three super stations stuck away at different points of the archipelago.

To reach Aland Islands one needs to take a ferry from mainland Finland. See more details at http://en.wikipedia.org/wiki/%C3%85land_Islands

It was 28 years ago when Martti, OH2BH and Leena, OH2BE visited the easternmost island of the Aland group - Brando - and fell in love with its beauty and remoteness plus the instant pileups always created from there. And that marked the beginning of what is now one of the well-known super stations frequently active with several callsigns. In terms of hardware, the latest addition there was an 80M beam that was put up last autumn.

That particular occasion almost thirty years ago was the Midsummer celebration which is very special to these islands. This weekend Martti and Leena will be on that same mission, and you will hear OH0B activated mostly on 20M SSB. QSL via OH2BH.

Hi friends
These are the last F5NQL's news you'll receive until the next June 29th.
Off home for this time without any Internet connexion, but active in HF, mainly in CW, from French Britanny , in the city of Pemnmarch. Possible activity from the Sanint Gueneole mill weather permitting on June 22nd.
From Andrew, G7COD, through QRZ.COM:
I will be qrv from Harts Gap in Barbados from Saturday 28th June to Friday 4th July.
Working conditions will be an Icom IC 7000, MFJ 929 Auto ATU with a Rybakov multiband homebrew vertical and an Inverted V for 20 metres.
Bands used will be 40m, 30m, 20, 17 and 15m using SSB and CW.
Times of operation will be everyday from 21:00 UTC to 23:00 UTC.
QSL Information:
Please send QSLs' to G7COD.
For direct QSLs' from WITHIN Europe, please include either 1 IRC or 1 Green Stamp and a self-addressed envelope.
For direct QSLs' OUTSIDE Europe, please include either 1 IRC or 2 Green Stamps and a self-addressed envelope.
Note: all qsls' received without sufficient postage will be returned via the buro.
For qsls' through the buro please mark your card "via G7COD."

Hi Jim,

Seems to me ZD9BV (Andy Repetto) has been direct only for 3-4
years or more. Slow as heck because there are only a few ships per
year that visit Tristan. In the 1990s he used managers, but the last
two cards I exchanged were direct and the turn around time was close to a year.

Don't know if this is any help . . .

73, Paul VE1DX

As far as I know, it's via Callbook address (listed in QRZ.COM)

I hope it helps

I.C.P.O. Bulletin (June 19 - 27, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

19/06/2008: Tony, JA6CNL will be QRV as KH0N from Saipan, Northern Mariana Islands (OC-086) from June 19 to 24. Activity will be on the HF bands. QSL via home call, direct (Tony Furumi, PO Box 11, Yawata 805-8691, Japan) or JARL bureau. [ARRL DX News]

19/06/2008: Keith, G3TTC plans to tour Denmark, Sweden and Norway between June 12th and July 14th, activating various islands. This will be a holiday style operation and the dates may change by one or two days. His schedule is as follows: June 19-20th as SM6/G3TTC/p from Hono (EU-043); June 25-26th as LA/G3TTC/p from Spjaeroy (EU-061); July 5-6th as LA/G3TTC/p from Averoya (EU-036); July 6-7th as LA/G3TTC/p from Godoya (EU-056); July 7-8th as LA/G3TTC/p from Runde (EU-079, also count for WLOTA LH-0074); and July 14th as LA/G3TTC/p from Toftoy (EU-055). QSL via home call, direct or by the RSGB bureau. [rsgbiota.org]

19/06/2008: Tomas, LY1F will be QRV June 19-21st from Hong Kong as VR2/VK2CCC. This will be irregular holiday style operation, mainly CW on the higher bands. QSL via operator's information. [NG3K]

20/06/2008: Operators from ARI Vigevano will be active as II1PI from Palmaria Island (not IOTA, IIA SP-001, also count for WLOTA LH-2363), Region of Liguria, Province of La Spezia, from June 20-22nd. QSL via IW2NOH. [425 DX News]

20/06/2008: Look for David, IW1DQS to be QRV as homecall/p on June 20th from the Church of Sant' Andrew to the Ramat (DAI reference PM-0688, for the Italian Abbeys Award). Information and rules for the diploma can be found at: //www.aribusto.it/ (DAI Award). [IW1DQS]

20/06/2008: Jorgen, SM3CXS will be active from Grimskar Island (EU-176) using the call sign SG3U. Spare time operation from June 20-22nd on the HF bands. QSL via home call, direct or bureau. [rsgbiota.org]

20/06/2008: Piero, IZ1CRA reports he will be active from Corsica Island (EU-014, DIFM TK-001, MIA MCO-001, also count for WLOTA LH-1390) from June 20-29th. He expects to operate mainly SSB on 20 metres. QSL via home call. [425 DX News]

20/06/2008: Dennis, K7BV will be QRV as V36M from Caye Caulker Island (NA-073, WW Loc. EK57XR), Belize, from June 20-26th. This will be a 6 meter only DXpedition. He will use a FT-450 with ACOM-1000 amplifier, running 1KW into a 7 element and 3 element beam. The main frequency will be 50.106.2 MHz USB and /B. The pilot station will be Pat, W5OZI. QSL

direct only to W1JJ (QRZ.com). Further information can be found at: www.qth.com/k7bv/caribe2008 [N8OFS]

20/06/2008: Operators Jim/K4BI, Mario/K2ZD, Meredith/K8BBN and Daphne/N2TIN will be on a 6 meter only DXpedition to Grand Cayman Island (NA-016, WLOTA LH-1042), June 20-July 8th. QRV with 50.095/B beacon and listening on 50.105 USB. Equipment will be FT-100D, Acom-1000 1KW amplifier and M2-5 element yagi at 48 feet. They will be using the call sign ZF2BI or ZF2ZD (still undecided). QSL via operator's instructions. [N8OFS]

21/06/2008: Look for Emir/9A6AA and Toni/9A7PJT to be active on June 21st only from Jabuka Island (Rare!, EU-016, ACIA 807, IOCA CI-032, MIA MC-136). QRV early in the morning on 20 and 40 meters. QSL via 9A6AA (QRZ.com). More info at: www.hamradio.hr/9a6aa/Jabuka/index.htm [rsgbiota.org]

21/06/2008: Gianfranco, I6GFX plans an IOCA (Islands of Croatia Award) activity as 9A/I6GFX from June 21-27th. All islands are in the IOTA EU-170 group. He will spend 6 days on Dugi Otok Island (IOCA CI-018, ACIA-367, CIA-10, MIA MC-074, CLHA-178, TWLHD WLH 9A-077) in Veli Rat, locality Verunic, and will set up his base there. The others islands that he will activate will be: Zverinac (IOCA CI-150, ACIA-259, CIA-59, MIA MC-479), Brscak (IOCA CI-299, ACIA-365, MIA MC-045), Magarcic (IOCA CI-305, ACIA-383, MIA MC-220), Rava (IOCA CI-099, ACIA-392, CIA-39, MIA MC-337) and Luski (IOCA CI-304, ACIA-382, MIA MC-216). Depending on weather and landing, other possible islands that Gianfranco is looking to activate are: Lagnici (IOCA CI-419, ACIA-379, MIA MC-195), Mezanj (IOCA CI-307, ACIA-387, MIA MC-242), Silo (IOCA CI-406, ACIA-250, WLOTA LH-2529), Planatak Veli (IOCA CI-308, ACIA-399, MIA MC-298) and Utra (IOCA CI-298, ACIA-397, MIA MC-443). QSL via home call, direct or bureau. Logs will be available at: www.gianfrancogervasi.it/search.html [9A6AA]

21/06/2008: Bill, ON5JE will be active as 9A/ON5JE from Pag Island (EU-170, ACIA 188, CIA-32, IOCA CI-082, MIA MC-282, WLOTA LH-1796) from June 21st to July 5th. Look for activity on, or near, the ususual island and IOTA frequencies. QSL via home call. [425 DX News]

21/06/2008: The HB9LH Lighthouse Group will be active June 21-22nd from the Swiss lighthouse of Rorschach (ARLHS SWI-006, WW Loc. JN47RL), located on Lake Constance (APL-WASL reference HB-SG001). This operation will also count for the Swiss Castles Award, with Wartensee Castle (DCS SG-021) being activated. The team members mentioned are Michel/HB9DLO, Pascal/HB9DWR, Pierre-Yves/HB9OMI, Marc/HB9ONN and Judith/HE9UUY. Look for them around the usual island, lighthouse and IOTA frequencies. QSL via the information for HB9LH on QRZ.com. [HB9DLO]

21/06/2008: Operaters by Bob/IK8BIZ, Sal/IZ8CLM and Alfredo/IZ8DEP will be on a VHF/UHF expedition to Ventotene Island (EU-045, IIA LT-011, MIA MI-118, WLOTA LH-1403, WW Loc. JN60RS) from June 21-23rd. They will be QRV using the call sign IB0CW on HF, but mainly on 50-144 MHz, using

SSB, CW, and MS/WSJT (on 144). QSL via IZ8CLM, direct or bureau. [DL8EBW]

22/06/2008: Jan, PA4JJ, will be active as 9A/PA4JJ between June 22nd and July 12. He will be camping at Ulika in Porec on the mainland, so no IOTA. He will try to use the JT6M mode on 6 meters, but he has no beam with him only the G5RV (which tunes ok on 6) and his FT897. Grid is JN65sg. Also, there will be activity on other bands, of course. [OPDX Bulletin]

23/06/2008: Slavo, SP2JMB says he will be active as 3A/SP2JMB from Monaco between June 23-27th. He will operate mainly CW on all bands. QSL via home call, direct or bureau. [425 DX News]

23/06/2008: The members of "The Hungarian Traveling Amateur RadioTeam" to be active from Liechtenstein again between June 23-29th. Operators will be Laci/HA0HW, Tomi/HA4DX and Jozsi/HG4GBE. They will operate from Masescha (JN47SD, 1350 m ASL) as HB0/homecall. Activity will be on the 40 - 6m bands, CW, SSB, maybe some digital modes. The rig: TS-450SAT, FT-840, IC-706 and a small FET amplifier. They will use DunaX gps. QSL via HA Bureau is "OK" or direct via the operator's QRZ.com address. [HA0HW]

24/06/2008: Colin, G3VCQ will be active as 5B/G3VCQ from Paphos, Cyprus (AS-004, MIA MCI-002, also count for WLOTA LH-0051) from June 24th to July 5th. He will operate SSB and CW holiday style. QSL via home call, direct or bureau. [425 DX News]

25/06/2008: Nick, G3RWF will be QRV again from Uganda as 5X1NH from June 25th to August 15th. This time he will also be active from Fort Portal in Western Uganda. QSL via home call. [NG3K]

25/06/2008: A six meter DXpediton is planned for June 25 - July 7, 2008, to Sable Island (NA-063, CIsA NS-004) by Pete/VE3IKV, Dick/K5AND and Chris/W3CMP. The fixed 6m station in FN93 will use the call sign CY0X and have 800W to an M2 8 element beam (courtesy of VY2SS) up 40 ft and will be used for CW and SSB (50.117 MHz USB). A portable 6m station in GN03 will us the call sign CY0RA and will have 100W to an 5 element M2 6M5X yagi up 30 ft (50.155 MHz USB). Other references are: Sable Island - East Lighthouse (ARLHS SAB-001, TWLHD WLH CY0-001, WLOTA LH-0758, Admiralty H3584, WW Loc. GN03CX) and Sable Island - West Lighthouse (ARLHS SAB-002, TWLHD WLH CY0-002, WW Loc. FN93XW). Although this is primarily a 6m DXpedition, they will also be active on 20m and 40m CW/SSB in case anyone needs either of those two lighthouses. On 6m "Please do NOT send your grid square as it consumes valuable time during an opening." QSL via VE3IKV (please include two green stamps). Added Note: Pete, VE3IKV reports that he will be operating 6m from a couple of ultra-rare USA grids on the way to and from Halifax and Sable Island. The grids are FN45 and FN56, and they straddle the Maine/Quebec border. He will be using the call sign VE3IKV/VE2. The dates are June 22nd or 23rd on the way down, and July 8th (approx) on the way back. [F5NQL & N8OFS]

25/06/2008: Rag/LA6FJA and Arne/LA7WCA plan to be active as OY/homecalls from Elduvik (WW Loc. IP62NG) on Eysturoy Island, Faroe Islands (EU-018), between June 25th and 30th. QRV 80-6m using CW, SSB, RTTY and PSK31. Rag reports they will be on 6m if they have the chance, with maybe 1kW and 5el F9FT yagi. QSL via home calls, direct or bureau. Logs will also be uploaded to LoTW. Further information, including frequencies, can be found at: www.la6fja.eu/dx/oy.html [LA6FJA]

25/06/2008: Juergen, NF6J will be QRV June 25-30th from Battle Island (NA-044, CIsA NF-049), Newfoundland & Labrador, using the call sign VO2/NF6J. Look for activity on or near the usual island and IOTA frequencies. QSL via DL7RV (QRZ.com). [rsgbiota.org]

26/06/2008: Randy/WS4C and Ben/AI4SK will be on a father-son domestic DXpedition to Middle Hooper Island (NA-140, USi MD-016S, Dorchester county), State of Maryland, June 26th and 27th. There is a good chance of having two stations on the air, CW and SSB, near the following frequencies: 14.260, 14.040, 7.180 (also listening near 7.075 if band open), 7.030, 3.820 and 3.530 MHz. QSL via AI4SK, direct or bureau. [rsgbiota.org]

27/06/2008: Look for Peter, DJ2OS to be active from the island of Ustica (EU-051, IIA PA-001, MI-116, WLOTA LH-0848) as IE9/DJ2OS from June 27-30th. Look for activity on 80-10m. QSL via home call, direct (QRZ.com) or bureau. [rsgbiota.org]

27/06/2008: Tony, LA9VDA will be QRV from Vagsoy Island (EU-055) between June 27th and July 4th. Look for activity on all HF bands. QSL via the information on QRZ.com for LA9VDA. [rsgbiota.org]

27/06/2008: An expedition to Tyrke mountain, Crimea, Ukraine, will take place between June 27th and July 8th. This mountain is located in the mountainous area of Demerdzhi, with a height of 1296m above sea level (WW Loc. KN74FT), Simferopol' district (URDA KR-22), southern coast of the Crimean peninsula. Operators mentioned are: Alexander/UR5FIR, Vladimir/US5ID, Aleksey/UU1JJ, Anatoliy/UU5JA, Alexander/UU5JDX, Alexander/UU5JJ and Roman/UY7IQ. Look for them to be signing homecall/p on 160, 80, 40, 20 and 17 meters, using SSB and CW. It is planned they will operate in the field at the bottom of the mountain, while the expedition takes place with the support of the rescue service of the Crimea to the summit. QSL via operators instructions. [UZ1RR]

==========

LOOKING AHEAD -

28/06/2008: A SIX METER DX-pedition to St. Barthelemy (NA-146, DIFO FJ-001, WLOTA LH-0377, WW Loc. FK87OV) will take place between June 28th through July 6th GMT 2008 by Arliss/W7XU, Holly/N0QJM and Ed/W0SD. They plan to operate on 50.103 CW and SSB, listening up. They will have high power (Acom 1000) and a 7 element yagi on a 30 foot boom. They plan to operate the daylight hours and into the evening. When they are not working people they will be in beacon mode to discover openings. They have chosen this time of year to coincide with the highest probability of Sporadic E openings to North and South America, Europe, and Africa.

QSL via W7XU. There may be some night time HF RTTY and CW operation on 30 and 40 meters when six meters sporadic E is over for the day. Please check the on-line logs on our web site which will be uploaded nightly to www.w0sd.com/stbart/bart.htm [NG3K]

28/06/2008: Special event station VE2008VQ will be active from June 28th to July 27th on 80 to 6 meters to celebrate the 400th anniversary of Quebec City, founded in 1608 by Samuel de Champlain. Operators will be Gaston/VE2HO, Serge/VE2AWR, Rollande/VA2RIO, Steve/VE2TKH and others from Quebec City. QSL card via VE2AWR, direct or bureau. [VE2TKH]

28/06/2008: Andrew, G7COD, will be operational as 8P9KA from Harts Gap, Christchurch, Barbados (NA-021, also count for WLOTA LH-0999) between June 28th and July 4th. He will focus on 40m, 30m, 20, 17 and 15m using CW and SSB. Times of operation will be everyday from 2100z to 2300z. Andrew will be using a Icom IC 7000, MFJ 929 Auto ATU with a Rybakov multiband homebrew vertical and an Inverted V for 20 meters. QSL via home call, direct or bureau. [Pete's-DX-Newsdesk]

29/06/2008: The White Tower DX Team plus SV1ENG and SV2GNQ will air special event call sign SY75NW between June 29th and July 6th to celebrate 75 years of Hellenic Naval Week. They will be located at the Megalou Emvolou lighthouse (ARLHS GRE-096, Admiralty E4498), mainland Greece, Province of Macedonia (WW Loc. KN10JL). Activity will be on all HF bands, plus 6 meters. QSL via SV2HPP. Further information can be found at www.whitetowerdxt.com/ [SV2FPU]

30/06/2008: Gabriele, IK3GES will be active during holidays starting June 30th (ending around August 12th) from the following islands: Fehmarn Island (DL, EU-128, O-01 for the German Islands Award) and Fl?gge lightouse (#19 for the German Lighthouse Award, ARLHS FED-085, WLOTA LH-0637, Admiralty C1288.1); Alnon Island (SM3, EU-087); Hinnoya Island (LA, EU-033); Moskenesoy Island (LA, EU-076); Andoya Island (LA, EU-033); Kvaloya Island (LA, EU-044); Finland Zone OH9; Seskaro Island (SM2, EU-139); Hailuoto Island (OH, EU-184) and Marjaniemi lighthouse (ARLHS FIN-028, WLOTA LH-0580, Admiralty C4142.1); Bjorkon Island (OH6, EU-101); Reposaari Rafso Island (OH1, EU-173); Kustavi Island (OH1, EU-096); Aland Islands (OH0, WLOTA LH-1373); Armno Island (SM5, EU-177); Oland Island (SM7, EU-037) and Bogsk?r lighthouse (ARLHS SWE-098, WLOTA LH-0588, Admiralty C4486); Hasslo Island (SM7, EU-138); and Mon Island (OZ, EU-029, SJ-017 for the Danish Islands Award). Look for activity on 14.260 MHz SSB mornings and afternoons, 14.085 MHz RTTY/PSK31 after 19:00 local time. Gabriele will be looking especially for North America during his evening time. QSL via home call (QRZ.com). [DE0MST]

01/07/2008: Anders/SM5EFX, Johan/SM5XZB and Per/SM5XZC will be active as SM5EFX/2 from Ledskar Island (EU-135) for the entire month of July (July 1-31st). Sporadic activations during July and participation in the RSGB IOTA Contest (July 26-27th). QSL via SM5EFX. [rsgbiota.org]

07/07/2008: Look for Colin/KU5B (V31UB) and Eddy/K5WQG (V31MR) to be QRV from Placencia, Belize, July 7-21st. Operation will be mostly CW,

with some SSB and RTTY, including a Multi-Single entry in the IARU HF Championship (July 12-13th). QSL V31MR via N5ET, direct or bureau. QSL V31UB via KU5B, direct only. Both logs will be uploaded to LoTW. [NG3K]

15/07/2008: Look for Jan/DL7JAN and Mathias/DJ2HD to be active as HB0/homecall from Liechtenstein between July 15-19th. QRV 80-6m, using CW, SSB and RTTY. QSL via home calls, direct or bureau. [NG3K]

19/07/2008: Andy, DL7AT plans to be active from Bomlo Island (EU-055) as LA/DL7AT between July 19th and August 3rd. QRV from 40-10m with 100 Watts and vertical GP, including an entry in the RSGB IOTA Contest. QSL via home call, direct or bureau. [rsgbiota.org]

26/07/2008: Edwin, HI3K plans to be active during the RSGB IOTA Contest (July 26-27th) from Puerto Plata, Dominican Republic (NA-096, also count for WLOTA LH-2974) as a Sinle-Op/All-Band/Low-Power entry. QSL via KB2MS. [NG3K]

11/08/2008: Gerhard, OE3GEA will be active from Rodos [a.k.a. Rhodes] (EU-001, MIA MGD-028, WLOTA LH-0045) as SV5/OE3GEA from August 11-17th. Activity is planned for 40-10 meter CW, using 30 Watts. QSL via home call, direct or bureau. [rsgbiota.org]

30/08/2008: The White Tower DX Team (SV0XAW, SV1ENG, SV2FPU, SV2GNQ, SV2HNZ, SV2HOB, SV2HPP, SV2HPY SV2HRT and SV2HSV) will be active on all bands and modes as SX8WT from Alonnisos Island (EU-072, GIOTA NAS-065, MIA MG-008, also count for WLOTA LH-4091) from 30 August to 5 September. QSL via SV2HPP. The team's website is at: www.whitetowerdxt.com/ [425 DX News]

23/09/2008: Sigi DL7DF and Crew will be QRV from the Sedia Riverside Hotel in Maun, Botswana, between September 23rd and October 6th. The call sign will be A25/DL7DF. They will be active with several stations on 160m through 10m on CW, SSB. One station will be exclusively dedicated to RTTY, PSK31 and SSTV. The team members mentioned are Manfred/DK1BT, Wolf/DL4WK, Andy/DL5CW, Sigi/DL7DF and xyl Sabine, Frank/DL7UFR and Leszek/SP3DOI. Equipment will consist of 4 transceivers (2 x K2, 1 x IC-735, 1 x IC-7000), 3 x kW linears, 3 x 18m Lowband Vertical, a 4 square for 40m, a 4 square for 30m, a Hexbeam for 20/17/15/12/10m, a Spiderbeam for 20/17/15/12/10m, some Beverage antennas as well as some laptop computers. Pilots for this DXpedition are Bernd, DF3CB and Floyd, N5FG. QSL via DL7DF, direct or by the bureau. [DJ7UC]

29/11/2008: Dave, WJ2O will be active from St. Barthelemy Island (NA-146, DIFO FJ-001, also count for WLOTA LH-0377) during the CQWW DX CW Contest (November 29-30th), as a Single-Op/All-Band/Low-Power entry. He plans on only running low power and using wire antennas. QSL via home call. [NG3K]

==========

SPECIAL EVENTS -

- Special event station ZW50I will be aired during June and July to celebrate the 50th anniversary of the City of Imbituba, Santa Catarina state, Brazil. A station will be set up at the Municipal City hall and will be active on all HF bands in SSB, CW and also in FM (144 MHz), from GG51PS in Imbituba. The station will also participate in the All Asia Contest CW and IARU HF Championship. QSL via PP5BZ, direct preferred but bureau OK. [PP5BZ]

14/06/2008: The following twenty special call signs will be aired from Greece between June 14th and 22nd to celebrate the (nearly) 24 centuries elapsed since the birth of Alexander the Great (356 B.C.): SX24DRM, SX24ELI, SX24EVI, SX24EVR, SX24FLR, SX24HLK, SX24IMA, SX24KLK, SX24KVL, SX24KYK, SX24KZN, SX24LRS, SX24MGN, SX24PEL, SX24PIE, SX24RDP, SX24SRS, SX24TSL, SX24VIO and SX24XAN. Expect activity on 160-6 meter CW, SSB, RTTY and BPSK. The QSL route for all of the call signs is via SV2GWY. Further information, including the relevant awards, can be found at: www.sx24macedonia.gr/ [425 DX News]

14/06/2008: Various special event stations and call signs will be aired from June 14th through September 15th to celebrate the International Expo of Zaragoza. AO2008EXPO will be the call reserved for the official ham radio station located in the facilities of the Exhibition International of Zaragoza. AO0EXPO will be the call reserved to be used from the official ham radio station located in the Exhibition solely in the dates in which he is present His Majesty the King, or some member of the Casa Real. EH2O will be the call reserved to be used from the official ham radio station located in EXPO 2008 in case of some very special event as the day of Spain, Aragon or Zaragoza. The radio hams of the Independent Community of Aragon will be able to use special prefixes according to the following conditions: EA = AO08, EB = AM08, EC = AN08; with own suffix of each radio ham and a letter that it identifies the province to which it belongs according to the following distribution: H - Huesca, Z - Zaragoza and T - Teruel. The radio hams, generally, will be able to use these special prefixes so that the same are formed by the corresponding prefix, according to the authorization class, the number from the district that it belongs to and the own suffix of each holder (EA = AO, EB = AM and EC = AN). Full info at www.ure.es/noticias/16-noticias-generales/789-indicativos-especiales-expo-zaragoza.html (in Spanish language). [MMMonVHF]

16/06/2008: Special event station TM5TFV will be active June 16-29th from Dunkerque, where the "Tour de France a la voile" (the annual yachting race around the coast of France) is due to start on the 28th. QSL via F6KMB. [425 DX News]

16/06/2008: On 16 June 1963 Valentina V. Tereshkova was the first woman to fly in space, aboard Vostok 6. To commemorate the 45th anniversary of that event, special event station R45VT will be activated June 16-20th from Yaroslavl, where Tereshkova was born in 1937. QSL via RD3MA. [425 DX News]

19/06/2008: Several German museum lightships and other nautical ships are meeting in Hamburg/Germany from June 19-23rd. Three of them will be activated by radio amateurs in SSB and CW during that time. Lightships mentioned are: Lightship Amrumbank II [alias Deutsche Bucht] (Emden) ARLHS FED-012; Lightship Ausseneider [alias Fehmarnbelt] (L?beck-Holstenhafen) ARLHS FED-141; Lightship Borkumriff IV [alias Borkumriff] (Borkum) ARLHS FED-002; Lightship B?rgermeister O'Swald II [alias Elbe 1] (Cuxhaven) ARLHS FED-014; and Lightship Weser I [alias Elbe 3] (Hamburg) ARLHS FED-079. Further information at: tinyurl.com/6f3cma/ [DX Newsletter]

21/06/2008: Special event station ZW50I will be aired from June 21st to July 21st to celebrate the 50th anniversary of the City of Imbituba, Santa Catarina state, Brazil. A station will be set up at the Municipal City hall and will be active on all HF bands in SSB, CW and also in FM (144 MHz), from GG51PS in Imbituba. The station will also participate in the All Asia Contest CW and IARU HF Championship. QSL via PP5BZ, direct preferred but bureau OK. [PP5BZ]

21/06/2008: Special call sign SX2MT (Makedonian Tombs), will be active June 21-22nd. Activity from the Museum of Vergina - Royal Tombs. Hellas-Greece. Operators include Kostas/SV2CWV, Diana/SV2HRV (DL2HRV), Archelaos/SV2KBB and Kostas/SV2LBB Kostas. Museum number I.M.W. #5178. EPC Nr. #3701, WW Loc. KN10DL. QSL via SV2KBB, direct only or eQSL. [F5NQL]

21/06/2008: Celebrating the 50 aniversary of Radio Club de Honduras (www.hr2rch.org/), the RCH DX Team will be on the air with the special call sign HQ50RCH from June 21st until July 31st. Please give us a call on the pile-ups. QSL: RADIO CLUB DE HONDURAS, HR Amateur Radio, Apartado Postal 273, San Pedro Sula, Cort?s Honduras, Centroam?rica [F5NQL]

23/06/2008: The HS91LIONS special event station marks the 91st Lions Clubs International Convention held in Bangkok, Thailand, between June 23-27th. Lions are an international network of 1.3 million men and women in 202 countries and geographic areas who work together to answer the needs that challenge communities around the world; it was established in 1917. Since then the association of Lions clubs has provided millions of people with the opportunity to give something back to their communities. The station is managed by officers and members of the Radio Amateur of Thailand under the royal patronage of "His Majesty the King" and is located in the convention's exhibit hall at the IMPACT Convention Center, Muang Thong Thani. QSL information is via HS1CHB: P.O. Box 73, Bangkok, 10900, Thailand. [OPDX Bulletin]

23/06/2008: From June, 23rd at 0000 UTC to July 22nd, 2008 at 2400 UTC the regional club stations of Borj-Cedria (3V8CB) start a special call sign TS1ASC before 30 days of the events (August 6-15th). The radio station will be activated on 15, 17, 20, 40 and 80 meters, using SSB, PSK31, RTTY, SSTV and CW. Do not hesitate to be on the scouts frequencies and reply on this call. QSL via DL1BDF. [3V8ST]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html

OH0B - Midsummer in Aland Islands, June 19-22

Not many people have probably thought about the meaning of Midsummer for the folks up in Northern Europe and specifically those rituals that are related to Aland Islands. Maybe not even about the reason why OH0 ranks as another DXCC counter. Simply, Aland is a highly modern society of some 27.000 people and a dozen or so active hams. Also, it is home to three super stations stuck away at different points of the archipelago. To reach Aland Islands one needs to take a ferry from mainland Finland. See more details at http://en.wikipedia.org/wiki/%C3%85land_Islands

It was 28 years ago when Martti, OH2BH and Leena, OH2BE visited the easternmost island of the Aland group - Brando - and fell in love with its beauty and remoteness plus the instant pileups always created from there. And that marked the beginning of what is now one of the well-known super stations frequently active with several callsigns. In terms of hardware, the latest addition there was an 80M beam that was put up last autumn.

That particular occasion almost thirty years ago was the Midsummer celebration which is very special to these islands. This weekend Martti and Leena will be on that same mission, and you will hear OH0B activated mostly on 20M SSB. QSL via OH2BH.

7263. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-19 23:44:12 UTC
From: K1XN
Topic: 5889 Message: 7263

*The JUNE 2008 Issue #806-C files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

*

7264. NEW DATA FILES AND REPORTS UPLOADED TO WEB

7265. THANKS FOR THE REVIEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-21 18:42:07 UTC
From: K1XN
Topic: 7265 Message: 7265

Thank you to all of you that have posted your experiences
with Golist, RAC call book and Win EQF on the
eham.net web site.

By posting reviews on the software, equipment that you use,
it give the ham community some feedback on the usefulness and
features that are being used. This makes it easier for you and the
providers to make judgment on what is wanted and needed.

Thanks again.

Hi Jim,
Just checked the web sites for both companies but do not
find any mention of an interface unit with ON BOARD sound card
like the signalink unit. I may have missed it as I do this quite often
while reading.

----- Original Message -----
From: "Darryl Wagoner" <darryl@...>

On the ARRL-LoTW a question was ask.

Is there any DX/WAS nets for chasing TrustedQSLs?

I thought to myself, someone should really start a DX net for
LoTW TrustedQSLs. Then it hit me. I am someone. So I started
the list below today and announced to the ARRL-LoTW group and
I had about 5 in the first 30 mins. I think this is an idea which time
has come.

I will put up a web site in the next few weeks for the LoTW nets.

If you are interesting in DX nets to exchange TrustedQSL(LoTW) please
support the group and lets get these nets on the air.

LoTW-Nets-subscribe@yahoogroups.com or

http://groups.yahoo.com/group/LoTW-Nets/join

Please join and lets get the ball rolling on setting up a LoTW
DX/WAS nets.

With this we can set up polls for when and where nets should be held.

Still selling items from the estate of WA6PUP who lived in
Marietta.

Cushcraft R7 vertical antenna, 40 thru 10 meters. Set up a
my QTH and resonates on all 7 bands, while testing worked
CP4BT in Bolivia on 30 meters, one call. It's a
half-wave vertical, requires no radials. Its in two pieces
at the moment, could be disassembled further. Instruction
manual for the R7000 vertical included, appears to be
essentially same antenna. Pick up in Dunwoody, GA - $125

Yaesu NC29 battery charger - $25 Good for FT411

Yaesu MH19A2B microphone/earpiece.

4 5/8th wave 2 mtr. antennas with NMO basecoil - $10 each

Numerous Larsen basecoils and other mobile items, brand new in original packaging, 1/2 retail price - let me know what you need, I see if I've got it.

Email: K2UFT@..., K2UFT@... or cell phone
678-371-1153.

Hello John,

As of June 21, NI5DX, Buzz, is the QSL manager for Eric, Z21BC. Buzz has Eric's logs and can answer any QSLs from the beginning of his activity, which was January of 2007. When QSLing to NI5DX from outside the US, please include a self-addressed envelope and a minimum of $1 or IRC. US requests should include a SASE at a minimum.

NI5DX reports an increase in foreign requests with only a SAE and nothing included for return postage. Buzz tries to contact the requesting station via email to see if they want to send postage or if they want the requested card put in the bureau. Buzz only sends cards to the outgoing bureau one time a year, usually in January, so a bureau request could take a very long time to reach the station requesting a card from any of the DX stations managed by NI5DX.

73,

Buzz

From: EA3BHK, Xavier ea3bhk@...

Hi all!

Translate and edited from the spanish URE forum:

"The 4W6R team are flying back home: Dili (4W) - Darwin (VK) - Singapore (9V) - Par?s (F) and finally Madrid (EA, 30 hours later).
They wish to thanks to the ham radio community for the help and sponsor.
They have made almost 16.000 QSO but the propagation were not enough good, but they found to many times the bands closed.
The 4W6R Radiosolidarity Project has become a big success, now there is a full equiped ham radio station in the University of Dili, so they hope this is a seed for having 4W on the air soon and regulary, beacause the electronic students where very interested on this project."

Apologize for my english :/

7276. March 2009 Spratly Islands DXpedition

Topic: 4780 Message: 7279

I routinely check the DXpedition web sites for news on the upcoming operations, but they are not putting out any information. It would seem that the various dxpeditions would want to keep the dx community informed to keep up some excitement, assist in getting sponsor and support, but it is not happening. It is all being kept Secret!!!
It proves that the Ducie dxpedition was really on the ball. Lots of daily info,
before, during and after the event. Even the ZS8 has gone silent with no updates
or news being sent out.
Sure will be glad when this cycle comes to an end. Dead radios are not my
idea of fun. Wish I was younger, I would take up chasing women again instead.
John K1XN

CQ9U - Selvagens Island Dexpedition (AF-047)
Just to inform about the 2008 Selvagens Island Dexpedition (AF-047). All data on www.cq9u.com/ [CT1DSV]

26/06/2008: Randy/WS4C and Ben/AI4SK will be on a father-son domestic DXpedition to Middle Hooper Island (NA-140, USi MD-016S, Dorchester county), State of Maryland, June 26th and 27th. There is a good chance of having two stations on the air, CW and SSB, near the following frequencies: 14.260, 14.040, 7.180 (also listening near 7.075 if band open), 7.030, 3.820 and 3.530 MHz. QSL via AI4SK, direct or bureau. [rsgbiota.org]

27/06/2008: Look for Peter, DJ2OS to be active from the island of Ustica (EU-051, IIA PA-001, MI-116, WLOTA LH-0848) as IE9/DJ2OS from June 27-30th. Look for activity on 80-10m. QSL via home call, direct (QRZ.com) or bureau. [rsgbiota.org]

27/06/2008: Tony, LA9VDA will be QRV from Vagsoy Island (EU-055) between June 27th and July 4th. Look for activity on all HF bands. QSL via the information on QRZ.com for LA9VDA. [rsgbiota.org]

27/06/2008: An expedition to Tyrke mountain, Crimea, Ukraine, will take place between June 27th and July 8th. This mountain is located in the mountainous area of Demerdzhi, with a height of 1296m above sea level (WW Loc. KN74FT), Simferopol' district (URDA KR-22), southern coast of the Crimean peninsula. Operators mentioned are: Alexander/UR5FIR, Vladimir/US5ID, Aleksey/UU1JJ, Anatoliy/UU5JA, Alexander/UU5JDX, Alexander/UU5JJ and Roman/UY7IQ. Look for them to be signing homecall/p on 160, 80, 40, 20 and 17 meters, using SSB and CW. It is planned they will operate in the field at the bottom of the mountain, while the expedition takes place with the support of the rescue service of the Crimea to the summit. QSL via operators instructions. [UZ1RR]

28/06/2008: Andrew, G7COD, will be operational as 8P9KA from Harts Gap, Christchurch, Barbados (NA-021, also count for WLOTA LH-0999) between June 28th and July 4th. He will focus on 40m, 30m, 20, 17 and 15m using CW and SSB. Times of operation will be everyday from 2100z to 2300z. Andrew will be using a Icom IC 7000, MFJ 929 Auto ATU with a Rybakov multiband homebrew vertical and an Inverted V for 20 meters. QSL via home call, direct or bureau. [Pete's-DX-Newsdesk]

28/06/2008: A group of German HAMs will try to become QRV as DL0EKO/p from Vilm Island (EU-057, O-08 for the German Islands Award) on Jun 28th from 0900-1300 UTC. More details at: www.sy-grid.de/ [DX Newsletter]

28/06/2008: Bernard, F5LMW will be active June 28th as homecall/p from the Tower of Guyenne (DFCF 86-044, WW Loc. JN06CN), commune of B?ruges (CP 86190), canton de Vouill? (DDCF 86-30), Department Vienne/86, Province Poitou-Charentes (DPF 19). QRV on 80 and 40 meters, starting around 0500 UTC. QSL via home call, direct or bureau. [Radioamateur.org]

28/06/2008: Look for Alain F6ENO/p to be active June 28th from L'Aiguille Rouge summit (SOTA F/AM-279, 2538m, 10 points, WW Loc. JN35HB), Alpes M?ridionales Region, France. QRV CW only on 7.013, 10.115 and 14.045 MHz, starting around 0900 UTC. QSL via home call, direct or bureau. [SOTA Alerts]

28/06/2008: Freddy, F8CKS/p will be active June 28th from the Castle of Cantegrel (DFCF 24-099), commune of Carves (CP 24170), canton of Belves (24-170), Department Dordogne/24, Province Aquitaine (DPF 02). QRV on 80 and 40 meters. QSL via home call, direct or bureau. [F8CKS]

28/06/2008: Michael/G7VJR and Wojtek/SQ4MP will be active as JX/homecall from Jan Mayen (EU-022) between June 28th and July 4th. Operating conditions will be 100W, vertical antennas, tents and generator. Main bands are likely to be 30, 20 and 17 meters, and a 6m station plus beacon will be operated (priority). On 6m, 50.105MHz CW, plus or minus QRM. The grid square will very likely be IQ51. QSL via G7VJR, direct (Michael Wells, Belvoir Cottage, The Avenue, Madingley, Cambridgeshire CB23 8AD UNITED KINGDOM) or bureau. For further details please visit www.jx08.eu/ [425 DX News]

28/06/2008: A SIX METER DX-pedition to St. Barthelemy (NA-146, DIFO FJ-001, WLOTA LH-0377, WW Loc. FK87OV) will take place between June 28th through July 6th GMT 2008 by Arliss/W7XU, Holly/N0QJM and Ed/W0SD. They plan to operate on 50.103 CW and SSB, listening up. They will have high power (Acom 1000) and a 7 element yagi on a 30 foot boom. They plan to operate the daylight hours and into the evening. When they are not working people they will be in beacon mode to discover openings. They have chosen this time of year to coincide with the highest probability of Sporadic E openings to North and South America, Europe, and Africa. QSL via W7XU. There may be some night time HF RTTY and CW operation on 30 and 40 meters when six meters sporadic E is over for the day. Please check the on-line logs on our web site which will be uploaded nightly to www.w0sd.com/stbart/bart.htm [NG3K]

28/06/2008: Look for Jim/K4BI (SMIRK #4850), Mario/K2ZD (SMIRK #3316), Meredith/K8BBN and Daphne/N2TIN to be active from Northwest Point, Grand Cayman Island (NA-016, WLOTA LH-1042, WW Loc. EK99GI) on 6 meters from June 28th to July 6th. Call sign will be ZF2ZD. They will use a FT-100D, ACOM-1000 at 1KW into a 6M5X yagi at 48FT. Their main frequency will be 50.105 MHz USB, with a beacon frequency of 50.095 MHz. QSL via their respective home calls. [N8OFS]

29/06/2008: Dennis, K7BV will be QRV as 5J0M from San Andr?s Island (NA-033, WLOTA LH-2990, WW Loc EK92DM) between June 29th and July 8th. This will be a 6 meter only DXpedition. He will use a FT-450 with ACOM-1000 amplifier, running 1KW into a 7 element and 3 element beam. The main frequency will be 50.106.2 MHz USB and /B. The pilot station will be Pat, W5OZI. QSL direct only to W1JJ (QRZ.com). Further information can be found at: www.qth.com/k7bv/caribe2008 [N8OFS]

29/06/2008: Matteo, IV3YNB will be active as IV3YNB/QRP from Grado Island (EU-130, IIA GO-001, MIA MI-039) from June 29th to July 12th. He plans to be QRV on CW during the evening and nightime hours. QSL via home call, direct or bureau. Further information at: www.iv3ynb.altervista.org/ [rsgbiota.org]

30/06/2008: Gabriele, IK3GES will be active during holidays starting June 30th (ending around August 12th) from the following islands: Fehmarn Island (DL, EU-128, O-01 for the German Islands Award) and Fl?gge lightouse (#19 for the German Lighthouse Award, ARLHS FED-085, WLOTA LH-0637, Admiralty C1288.1); Alnon Island (SM3, EU-087); Hinnoya Island (LA, EU-033); Moskenesoy Island (LA, EU-076); Andoya Island (LA, EU-033); Kvaloya Island (LA, EU-044); Finland Zone OH9; Seskaro Island (SM2, EU-139); Hailuoto Island (OH, EU-184) and Marjaniemi lighthouse (ARLHS FIN-028, WLOTA LH-0580, Admiralty C4142.1); Bjorkon Island (OH6, EU-101); Reposaari Rafso Island (OH1, EU-173); Kustavi Island (OH1, EU-096); Aland Islands (OH0, WLOTA LH-1373); Armno Island (SM5, EU-177); Oland Island (SM7, EU-037) and Bogsk?r lighthouse (ARLHS SWE-098, WLOTA LH-0588, Admiralty C4486); Hasslo Island (SM7, EU-138); and Mon Island (OZ, EU-029, SJ-017 for the Danish Islands Award). Look for activity on 14.260 MHz SSB mornings and afternoons, 14.085 MHz RTTY/PSK31 after 19:00 local time. Gabriele will be looking especially for North America during his evening time. QSL via home call (QRZ.com). [DE0MST]

01/07/2008: On behalf of the Amateur Radio Society of India (ARSI), Prasad VU2PTT will be active in the IARU Contest using his special call sign AT6T as the HQ station giving out the ARSI multiplier on 80-10m CW and SSB. Prasad has permission to use this call sign from July 1st until September 27th and you may work this special call in other contests as well. As usual, all QSOs will be uploaded to the ARRL Logbook of the World (LoTW) and QSL requests may be made to VU2PTT direct (QRZ.COM) or via the ARSI bureau. [NG3K]

01/07/2008: Jim, KH6JIM (ex WH6JP) reports that he will be portable for most of the summer from Warren Island (USi ID-019L, Not IOTA), located in Lake Pend Oreille, Bonner county, Idaho. If anyone wants ID019L send

an email to Jim and he will try to set something up (kh6jim at yahoo.com). [USi]

01/07/2008: Kenny/K2KW and XYL Stephanie/KD8GKM will be vacationing on Saba (NA-145, also count for WLOTA LH-2043), Netherlands Antilles, from July 1-7th. Casual operation signing PJ6/homecalls with focus on 6m, and activity on 17-40m. 100W, 2 ele 6m yagi, and dipole for HF. QTH will be Duchie Cottage, in the town of Upper Hells Gate (Grid FK87JP), which is 370m high looking over the ocean just 900m away. Great water shot to North-East and Mid-West USA, EU and AF. For 6M they suggest the following frequencies: 50.091 MHz CW and 50.121 MHz SSB. Kenny and Stephanie will then operate from PJ7 on Dutch Sint Maarten from July 8-10th. QSL via WA4WTG. [NG3K & N8OFS]

01/07/2008: Anders/SM5EFX, Johan/SM5XZB and Per/SM5XZC will be active as SM5EFX/2 from Ledskar Island (EU-135) for the entire month of July (July 1-31st). Sporadic activations during July and participation in the RSGB IOTA Contest (July 26-27th). QSL via SM5EFX. [rsgbiota.org]

02/07/2008: Jim, WB2REM and xyl Pamela will be visiting the VP5JM 'Hamlet' on Providenciales Island (NA-002, WW Loc. FL31VS), July 2-12th. Jim will sign VP5/WB2REM on all HF bands, plus 6m. He will be monitoring 50.110MHz USB on 6 meters with a IC-7000 (no amplifier), with M2 7 element at 30 feet. QSL via home call, direct or bureau. [N8OFS]

03/07/2008: Operators Axel/DL6KVA, Nick/RD4HM, Aleksey/RV6YZ, Aleksey/UA6JCC and Roman/UA6YGN will be active July 3-13th as RK6YYA/6 from the following Districts in the Republic of Daghestan (DA) for the Russian Districts Award: July 3 - DA-39,44,30,10,17,47,11,38,21/26; July 4 - DA-18,15,18/50; July 5 - DA-14,23,22,52,51; July 6 - DA-33,31,13,48; July 7 - DA-42,37,25,16; then DA-24,05,28,35,01,36,29,09. QSL via RX3RC direct or bureau. [RX3RC]

03/07/2008: Kurt, HB9XCL will be active from Kos Island (EU-001, MIA MGD-016, WLOTA LH-1730), July 3-9th. Expected activity on 80-10 meters, propagation permitting. QSL via home call, bureau preferred. [rsgbiota.org]

03/07/2008: Wayne, W5KDJ will be active as YN2KDJ from YN2N's station in Granada, Nicaragua, from July 3-14th. Priority will be 160m (1808 / 1842.0 kHz) and 80m (3585.0 kHz) RTTY, with CW and RTTY on other bands and a entry in the IARU HF Championship (July 12-13th). QSL via W5KDJ, eQSL and/or LoTW. [NG3K]

==========

LOOKING AHEAD -

06/07/2008: The Chelmsford Amateur Radio Society (CARS) will air special call sign GX0MWT from the 'Military Show' at the Museum of Power, Langford near Maldon in Essex, on July 6th from 10am and 5pm. The show will feature Military re-enactments, Classic military vehicles and tanks. QRV on all HF bands and modes. QSL via the information on QRZ.com. [Southgate ARC]

09/07/2008: Andrea, IZ2LSC will be active as CU2/homecall July 9-19th from Sao Miguel Island (EU-003, DIP AZ-002, WLOTA LH-2016). Holiday style operation on 20 meter SSB, with FT-857 and End-Fed Zepp. QSL via home call, direct or bureau. [NG3K]

13/07/2008: Look for Hans, PA2MRT to be active from Texel Island (EU-038, also count for WLOTA LH-0043), July 13-18th. He will be operating mobile from 80-10 meters with Henry SS-750 amplifier and HQ5-80 antenna. QSL via home call, direct or bureau. [rsgbiota.org]

20/07/2008: Bjoern, HB9DTV will be QRV as 9A/HB9DTV from Rab Island (EU-136, ACIA 168, CIA-38, IOCA CI-096, MIA MC-330, WLOTA LH-2198), July 20-26th. Look for activity on or around the usual island and IOTA frequencies. QSL via home call, bureau preferred. [rsgbiota.org]

26/07/2008: The 40th anniversary of Noto Peninsula Quasi-National Park special call 8J9HGR plans to be active from Hegura-jima [jima in Japanese means Island] (AS-117, JIIA AS-117-039, JA9 Ishikawa Prefecture, JCC-3004, WW Loc. PM87LU, WLOTA LH-0056) from July 26-30th, including one station in the RSGB IOTA Contest. QRV all HF bands, using CW and SSB. Operators include JA9FR, JA9SA, JA9ARC, JA9AYV, JA9DII, JA9LNB, JA9OVX, JA9RGU, JH9GRW, JH9UYZ, JR9NFC, JE9BGI, JO2SLZ, JF3MZP, JA9SZN, JO3DDD, JP1HCS, JH9GMW, JK1MVF, JA1AGS, JA8CCL, WB6Z, JN1ORA and others. QSL via the JARL bureau, or direct to JH9UYZ (QRZ.com). Further information at: hegura.hp.infoseek.co.jp/ [JI6KVR & JJ1WTL]

26/07/2008: Once again the OCV DX TEAM will be on another expedition for the RSGB IOTA Contest (July 26-27th) from the island of Sisarga Grande (EU-077, DIE O-137 for the Spanish Islands Award, WLOTA LH-0693). They will use their contest call sign AM1S, as a Multi-Op/Low-Power entry. Operators mentioned are Pepe/EA1DKV, Domingo/EA1DAX, Carlos/EA1US, Javier/EA1FDI, Luis/EA1NT, Amadeo/EA1CA, Jes/EA1JO, Pedro/EA1FCH, Manuel/EA1HP, Jose/EA1ADP, Augusto/EA4TG, Gerard/EA4ST and Jose/EA1OS. Look for possible activity before the contest with the operators using their personal homecall/p. QSL AM1S via EA1OS, direct or bureau. More info at: sisargas.calandraca.com/ [rsgbiota.org]

26/07/2008: Dom/M1KTA and Clive/M5CHH will be active as M1KTA July 26-27th on all HF bands using SSB and CW, QRP only, from mainland England (EU-005, also count for WLOTA LH-1841). They would like to contact as many other QRP stations as possible during the activation and will make every effort to have a high percentage of 2xQRP QSOs. QSL via M1KTA, direct or bureau. [rsgbiota.org]

26/07/2008: Steve, NY3A will be active as NY3A/p from Middle Hooper Island (NA-140, USi MD-016S, Dorchester County), Maryland, during the RSGB IOTA Contest (July 26-27th). QSL direct to home call. [rsgbiota.org]

30/07/2008: Cezar/VE3LYC and Ken/G3OCA will activate Finger Hill Island (NA-194) and Paul Island (NA-205), between July 30th and August 5th using the call sign VO2A. They intend to operate for three days from each island, with two stations on the air from 40-6m, CW and SSB. Rigs

will be ICOM 7000 (Cezar) and TS50 (Ken). Antenna will be wire GP capable to work 6 to 40 m. Power will be 100W top, but will likely run less in CW when propagation conditions will permit. These island groups have only been activated once, 14 and 13 years ago, respectively. Since only 6-7% of the IOTA members have them confirmed, both groups are on the most wanted list. Islands have been checked and confirmed to satisfy IOTA activation criteria by the IOTA Program Manager. Call signs will be VE3LYC/VO2 (Cezar) and VO2/G3OCA (Ken). QSL via VE3LYC, direct or by the bureau (G/GM/GW/GI stations can confirm via G3OCA). [VE3LYC]

01/08/2008: SCC DXpedition to Kosovo - YU8/S56M will be the call sign of Slovenia contest club team which will visit Kosovo in first part of August 2008. Main target is participation in WAE CW contest. Activity outside of the contest will be on all HF bands and modes, including 6 meters. QSL via S57U. More information will be available at: lea.hamradio.si/~scc/kosovo/kosovo.htm [S50XX]

10/08/2008: Johnathan/AB3FX, Jeanne/KB3PVA and Bob/KB3NVH plan to be active as AB3FX/4 from Ocracoke Island (NA-067, USi NC-001S, WLOTA LH-0466, Hyde County), North Carolina, from August 10-16th. Holiday style activity will be mainly on 20 meters. They also hope to take part in the later part of the Maryland-DC QSO party. QSL via the bureau to AB3FX. Direct is OK for US stations; there is no need to include an SASE unless you would like a card back in an envelope (otherwise it will come as a postcard). [rsgbiota.org]

16/10/2008: Bill, WB5ZAM plans to be active as J68WI from the island of St Lucia (NA-108, also count for WLOTA LH-1336) between October 16-30th. Bill says "no contesting but plan to be as active as the bands allow. HF 30-10m and 6m if open. No low bands". QSL via home call. [NG3K]

18/10/2008: For the CQ-WW-DX-Contest end of October 2008, a German group will start their 25th DXpedition to Triesenberg, Liechtenstein. The group constists of 12 HAMs and is member of the DX-club RRDXA, Rhine Ruhr DX Association. This venture will be something special. Not only the basic group, consisting of members of the DARC clubs W?lfrath (R29) and Neandertal (R09, Mettmann/Erkrath), will join this event, but also all guests, who helped and visited us in the contests. For the time being we got international announcements from European countries, the USA and the Asian part of the Soviet Union. Beside the participation in the SSB part of the contest, from which we plan to become the country winner, there will be some accompanying actions. We want to do excursions to the wonderful countryside around Vaduz, Triesenberg or Malbun. Operators include Diethelm/DJ2YE, Heinz Willi/DL8EAQ, Chris/DK8EY, Rolf/DL8DAW, Wenz/DK5EZ, Wilhelm/DG3EX and Karl/DL6EAQ. They will be QRV from October 18-31st and will also participate in the CQ WW DX SSB Contest using the call sign HB0/HB9AON. QSL via DJ2YE, others by their home calls. [NG3K]

01/03/2009: John/9M6XRO (ISWL 9M6-6982), and Steve/9M6DXX, will lead a team of six operators to Pulau Layang Layang, Spratly Islands (IOTA

AS-051), between March 1st and 14th. Operators include John/9M6XRO, Steve/9M6DXX, Pete/SM5GMZ, Jay/W5SL and James/9V1YC. A sixth team member will be confirmed later. Activity will be on all bands 10 to 80m CW, SSB and RTTY using three stations, two with full legal limit linear amplifiers. The call sign will be announced shortly before the operation. QSL manager for this operation is Tim, M3SDE (direct or bureau). Logs will be uploaded to LoTW. Further information at: www.spratly2009.com/ [Pete's-DX-Newsdesk]

The station will operated by members of Stockport radio society on all bands and modes. All QSO and SWL reports will receive a special QSL. QSL via bureau to G3VOU. Further information can be found at: www.g5o.co.uk/ [GB2RS]

28/06/2008: Special event station GB6WWW will be active June 28th to celebrate the Wickenby Wings and Wheels, from Langworth in Lincoln. QSL via the RSGB bureau. [GB2RS]

29/06/2008: Special event station TM8CEC will be aired on Sunday June 29th, by a both French and Belgian operators, headed by XYL Claudine, F5JER. Activty is part of the open doors at the French Army Training Commandoes in Givet (Ardennes North of France). QRV on all HF bands, using CW and SSB, from the Charlemont Fortress (DFCF 08-006) by Ardennes area Hams (ED08), and friends, Bruno/ON7ZD, Philippe/ON7PV and may be Eric/ON7RN. QSL via F5JER either direct or bureau. Further information can be found at: www.radioamateurardennais.org/ [F5NQL]

29/06/2008: The White Tower DX Team plus SV1ENG and SV2GNQ will air special event call sign SY75NW between June 29th and July 6th to celebrate 75 years of Hellenic Naval Week. They will be located at the Megalou Emvolou lighthouse (ARLHS GRE-096, Admiralty E4498), mainland Greece, Province of Macedonia (WW Loc. KN10JL). Activity will be on all HF bands, plus 6 meters. QSL via SV2HPP. Further information can be found at www.whitetowerdxt.com/ [SV2FPU]

01/07/2008: Special activity from Algeria during the complete month of July, with the call sign 7Y46ND, activated by stations from the city of Djelfa. QRV July 1-31st, 80-10 meters, all modes. QSL route will be via

7X2DD (Mohamed Djaballah, P.O. Box 467, 17000 Djelfa, Algeria). A special certificate will be available for a fee of 5 Euro/US$7, if requested beside the normal QSL card. [NG3K]

01/07/2008: Look for special event station 8J6ARDF to be active on all bands and modes from July 1st through October 26th to commemorate the All Japan ARDF Athletic Meet. Expect activity on all bands and modes. QSL via JARL bureau. [JJ1WTL/AC6IM]

01/07/2008: Special event station 8J7GINGA will be active from July 1st through August 31st to celebrate the Sendai (-city) Tanabata (or Star) Festival. QRV mainly SSB on 80-10 meters, but also PSK31, RTTY and SSTV. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/07/2008: From July 1st to August 31st, special call sign 8J7VENUS will be aired to celebrate the Sendai (-city) Tanabata (or Star) Festival. Activity will be mainly SSB on 80-10 meters, with some PSK31, RTTY and SSTV. QSL via JH7YES, direct or bureau. [JJ1WTL/AC6IM]

01/07/2008: Look for special event station 8N0ASTRO to be active between July 1st and September 7th to celebrate the 20th Sado Island (IOTA AS-117, JIIA AS-117-063, WLOTA LH-2204) long distance international triathlon (astro: iron man). QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/07/2008: Special event station 8N150IH will be aired from July 1st to August 3rd to celebrate the 50th Itabashi Hanabi (or Fireworks) Festival. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/07/2008: This summer, Icom U.K. is to sponsor a unique radio station on the outskirts of Kent. In fact this special station called Red Sands Radio will be 8.5 miles offshore from Whitstable on the North coast of Kent in an old WWII Army Sea Fort on the Red Sands. The radio station, which will be on-air from early July, will be broadcasting to 1,000's of listeners in Kent on 1278kHz and via the Internet at www.redsandonline.co.uk/ . As part of the sponsorship agreement, Icom UK are planning to operate an Amateur Radio special event station. Ofcom has issued GB0RSR the special call sign for this occasion. Icom will be broadcasting on HF using an IC-756PROIII in the evening and on VHF/UHF in the day. Icom UK also plan to conduct D-Star transmissions into a repeater system and the Internet. A vertical antenna will be affixed to the stanchions on the Southern Gun Tower roof to support the communications. For more details of this unique station including operating times and frequencies stay tuned to this website www.icomuk.co.uk/ or www.hamlife.co.uk/ [Southgate ARC]

U.S.A. Special event station information can be found at:

7281. YW5IOTA DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-26 22:03:42 UTC
From: K1XN
Topic: 7281 Message: 7281

The 4M5DXgroup is planning a forthcoming activation IOTA, in this case will Blanquilla Island SA-037 with the call YW5IOTA.
Alex/YV5SSB, as a leader of the group and operators will be YV5TX, YY4MP, YY4RN, YV1FM, YV5EU, OH0XX/YV5WW, YV5ANT, and YV5MSG.
The date will be between 4 to 9 August and will operate from 6 to 160 meters in SSB,
CW and Digital ..
The dates may undergo small changes, having to deal with possible changes in the programs
of the Navy of Venezuela, which will transport to the island.
Sponsors are welcome and Individual Donors, interested may contact the QSL Manager
Corrado IT9DAA. http://yw5iota.4m5dx.info/

7282. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-06-27 00:53:53 UTC
From: K1XN
Topic: 5889 Message: 7282

*The JULY 2008 Issue #807 files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

*

7283. Silent Key-W8CNL

I regret to report the passing of Ray McClure, W8CNL.

Ray was a well known DX'er, with #1 status. He was the QSL manager for Bob Furzer, 9K2ZZ (K4CY), the creator of the LOGGER32 logging program.

His funeral home is accepting Guestbook comments:

John - thanks for your email. Until the ITU comes up with an official prefix, we are using YU8 for Kosovo. As to effective date for CQ awards, please see the press release below.

Thanks!
John
K9EL

Subject: Update: Kosova (Kosovo) Added as Multiplier for CQWW DX Contests / CQ DX Marathon

>From the CQ Newsroom .

Update: Kosova (Kosovo) Added as Multiplier for CQWW DX Contests / CQ DX Marathon

The Worked All Europe (WAE) award committee of the Deutsche Amateur Radio Club (DARC) has voted to add Kosova (Kosovo) to the WAE country list. The CQ World Wide DX Contests and the CQ DX Marathon both use a combination of the DXCC and WAE lists as the basis for their country lists. Therefore, Kosova will now be considered a separate entity for both the CQ DX Marathon (effective February 17, 2008) and for the CQ WW DX Contests, beginning with the CQWW RTTY DX Contest on September 27-28, 2008.

CQ previously announced that it was accepting Kosova as a separate entity for award credit, as of February 17, 2008

Date: 2008-07-01 13:59:15 UTC
From: K1XN
Topic: 6971 Message: 7288

Hi guys,

I received an email from Kitch, YI9WV, this morning and am copying you on a section of it for publication.

You will see the CW 40 M contacts on the U.S. East coast & Fl plus many PSK31 contacts. I will make an effort to get on the radio from 0330 to 0600, which I think is evening time in the US. I will send "CQ" so if there is any chance, that will be it.I am not sure of the PSK31 40 M frequency but will try and find it so as too try for the US on that mode also.

Kitch's log updates show a lot of activity on 40 into the US at these times. Hopefully, he will continue to be able to make many contacts with US hams.
By the way, he has 4000 contacts in his log already from mid-April to the present. He is doing a great job and has learned to operate split and seems to have no problem controlling the pileups.

73,

Buzz

7289. YI9WV DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-01 19:27:48 UTC
From: K1XN
Topic: 6971 Message: 7289

I just had another email from Kitch, YI9WV, and he tells me the times he send previously are local time. He will be calling CQ on 40 meters from 0030-0300z time. He will not be on tonight (7/2) as he just made it to his outpost and has not had time to get the radio station set up. Look for Kitch to be on 7/3 on 40 meters. He mentioned that he thought the US stations on 40 would be fairly weak, but all were a true 599. That is an encouraging bit of information for those needing YI on 40 meters, like Kitch's QSL manager, hi hi.

73,

Buzz

Hi guys,

I received an email from Kitch, YI9WV, this morning and am copying you
on a section of it for publication.

You will see the CW 40 M contacts on the U.S. East coast & Fl plus many
PSK31 contacts. I will make an effort to get on the radio from 0330 to
0600, which I think is evening time in the US. I will send "CQ" so if

there is any chance, that will be it.I am not sure of the PSK31 40 M frequency but will try and find it so as too try for the US on that mode also.

Kitch's log updates show a lot of activity on 40 into the US at these times. Hopefully, he will continue to be able to make many contacts with US hams.
By the way, he has 4000 contacts in his log already from mid-April to the present. He is doing a great job and has learned to operate split and seems to have no problem controlling the pileups.

73,

Buzz
NI5DX
Tks John K1XN,

ARGENTINA:
Activities from Railway stations
- July 5th, Necochea DEF118D, 1600 to 2400 utc 40 & 80m by Radio Club Necochea LU9EV (LW4EM-Alfredo, LU9EJS- Ricardo, LU5DJB- Jorge, LU7EDZ-Eduardo, LW8DC- Guillermo LU3DSR- Ricardo) . QSL LU9EV - Radio Club Necochea, Domicilio: calle 58 N° 3030 CP 7630 – Necochea Buenos Aires

Nouvelles d’YI9WV
Salut à tous

Reçu de Kitch, YI9WV
Vous avez vu les spots sur 40m CW avec la Côte Est et Fl plus de nopmbreux contacts en PSK31.
Je vais tenter d’être actif de 0330 à 0600, ce qui doit correspondre à la matinée.
J’appellerai CQ mais je ne suis pas sur de réussir en PSK31/40m .
Il y a 4000 QSO dans le log depuis mi-avril

73,

Buzz

I.C.P.O. Bulletin (July 03 - 11, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

03/07/2008: Operators Axel/DL6KVA, Nick/RD4HM, Aleksey/RV6YZ, Aleksey/UA6JCC and Roman/UA6YGN will be active July 3-13th as RK6YYA/6 from the following Districts in the Republic of Daghestan (DA) for the Russian Districts Award: July 3 - DA-39,44,30,10,17,47,11,38,21/26; July 4 - DA-18,15,18/50; July 5 - DA-14,23,22,52,51; July 6 - DA-33,31,13,48; July 7 - DA-42,37,25,16; then DA-24,05,28,35,01,36,29,09. QSL via RX3RC direct or bureau. [RX3RC]

03/07/2008: Kurt, HB9XCL will be active from Kos Island (EU-001, MIA MGD-016, WLOTA LH-1730), July 3-9th. Expected activity on 80-10 meters, propagation permitting. QSL via home call, bureau preferred. [rsgbiota.org]

03/07/2008: Wayne, W5KDJ will be active as YN2KDJ from YN2N's station in Granada, Nicaragua, from July 3-14th. Priority will be 160m (1808 / 1842.0 kHz) and 80m (3585.0 kHz) RTTY, with CW and RTTY on other bands and a entry in the IARU HF Championship (July 12-13th). QSL via W5KDJ, eQSL and/or LoTW. [NG3K]

04/07/2008: Juan, F5IRC will be active as homecall/p from Chausey Grande Island (EU-039, DIFM MA-004, WLOTA LH-0424, WW Loc. IN98CU) between July 4th and 6th. QRV 80-10 meters, using SSB and digital modes. On Friday, July 4th he will reactivate the Castle Renault (DFCF 50-007), commune of Granville (CP 50400), canton of Granville (DDCF 50-15), Department Manche/50, Province Basse-Normandie (DPF 04), on 40, 20 and 15 meters between 1500-1900 UTC. QSL via home call, direct or bureau. [F5IRC]

04/07/2008: Look for George, KI4DSO/p to be active July 4-6th from Sea Island (NA-058, USI GA-001S, Glynn County), Georgia. He plans on being active mainly on 80 and 20 meter SSB. QSL direct only to his home call (QRZ.com). [rsgbiota.org]

04/07/2008: Rob, PE9PE will operate SSB and CW from SI9AM (King Chulalongkorn Memorial Amateur Radio Society) in Utanede from July 4-11th. QSL via SM3CVM, direct or bureau (e-mail requests for bureau cards can be sent to info-at-si9am.se). Further information can be found at www.si9am.se/ [425 DX News]

05/07/2008: Here are details for the Holyland award mobile activity for July 5th (14265 kHz): 1 - 4X1VF had a car accident. His activity will be delayed to another date. 2 - 4Z5LA with 4Z5HP will start around 0400 UTC

and will activate the following areas: K-13-TK, K-13-SM, K-14-SM, L-14-SM, L-14-YN, L-13-YN, M-13-YN and M-14-YN. Next activities will be on Saturday July 19th. QSL via home calls, direct or by the bureau. [4X4JU]

05/07/2008: Juan, F5IRC will be active as homecall/p for the WLOTA Contest (July 5-6th) from the Chausey Grand Ile lighthouse (DPLF PB-062, ARLHS FRA-005, WLH F-010, WLOTA LH-0424, Admiralty A1654, WW Loc. IN98CU), located on Grand Ile (DIFM MA-004), Chausey archipelago (EU-039), Department Manche/50, Province Basse-Normandie (DPF 04). Expect activity on all HF bands. QSL via home call, bureau preferred and SWL cards are welcome. [F5NQL]

05/07/2008: Look for Freddy, F8CKS/p to be active July 5th from the Castle Doissat (DFCF 24-100), commune of Doissat (CP 24170), canton of Belves (DDCF 24-02) Department Dordogne/24, Province Aquitaine (DPF 02). QSL via home call, direct or bureau. [F8CKS]

05/07/2008: Uli, LA0CX will be operating as homecall/p from Averoya Island (EU-036) between July 5-7th. Look for activity on, or near, the usual island and IOTA frequencies. QSL via home call, direct or by the bureau. [rsgbiota.org]

05/07/2008: A large group of SV4 operators will be active as SY4LH from Trikeri Lighthouse (ARLHS GRE-128, Admiralty E4442, WW Loc. KM19MC), located at Akra Kavoulia, Greece, on July 5th and 6th. QRV 160-2 meter CW, SSB, PSK, RTTY and SSTV. All of the QSOs will be confirmed automatically via the bureau; direct cards should be sent to SV4FFK. The webiste for the operation is at: www.sz4srm.gr/SY4LH [425 DX News]

05/07/2008: Victor, RU3GN and friends will be active as UE3GFF from Galichya Mountain (Galichya Gora) reserve (RFF-029) on July 5th and 6th. Activity will be on all HF bands QSL via RU3GN. [QRZ.ru]

05/07/2008: The Cofresi Radio Club (WP4NRT) will take part in the annual World Lighthouse On The Air Contest (WLOTA) as WP4NRT/L, July 5th (0600 UTC) to July 6th (1200 UTC), from Los Morrillos lighthouse (ARLHS PUR-002, TWLHD WLH KP4-004, WW Loc. FK67JW) located in Cabo Rojo at the southwest section of Puerto Rico Island (NA-099, also count for WLOTA LH-2802). QRV 10-80m, using SSB, PSK-31, AND RTTY. QSL via WP4NRX, with S.A.S.E. (Luis Montalvo WP4NRX, Parc Puerto Real House 606 1st St., Cabo Rojo, PR 00632 USA). Please NO E-QSLS! [QRZ.com]

06/07/2008: Peter, GM3OFT will be active from Arran Island (EU-123, IOSA CL01, SCOTIA CS14) Clyde Islands, July 6-11th. He plans to operate SSB and CW on 80-15 meters as GM3OFT/p. QSL via home call, direct or bureau. [425 DX News]

06/07/2008: Dick, AD7AF will be active as V63WWA from Kosrae Island (OC-059), Micronesia, from about July 6th until about the 24th. He will operate on 80-10 meters mostly CW, with some SSB, PSK31 and RTTY. QSL via AD7AF. [425 DX News]

06/07/2008: Jon, WB8YJF, will make his yearly trip to Ocracoke Island (NA-067, USi NC-001S, WLOTA LH-0466, Hyde County) North Carolina, this year earlier than most times due to a scheduling conflict. He reports that he will not be in the IOTA Contest from there this year, but will be active as WB8YJF/4 from July 6-13th. Activity will be on 40-10 meters, using CW, SSB and RTTY. Please QSL direct for a FASTer QSL; Bureau is OK but takes a lot longer. His address is on QRZ.com. [OPDX Bulletin]

07/07/2008: The JARL will establish 10 HQ stations in various regions of Japan during the 2008 IARU HF Championship (July 12-13th). Each station may be heard on other bands than specified below outside of the Contest during the week of July 7th. All QSOs will be QSLed automatically via the Bureau. Here are the details of the 10 stations: 8N1HQ 15m-SSB from Kimitsu City, Chiba. 8N1HQ 160m-CW/10m-SSB from Minato Ku, Tokyo. 8N2HQ 80m-CW from Chita Gun, Aichi. 8N2HQ 80m-SSB from Nakatsugawa City, Gifu. 8N2HQ 15m-CW from Susono City, Shizuoka. 8N3HQ 40m-CW from Kobe City, Hyogo. 8N3HQ 20m-CW from Miki City, Hyogo. 8N3HQ 10m-CW from Nara City, Nara. 8N4HQ 40m-SSB from Okayama City, Okayama. 8N8HQ 20m-SSB from Iwamizawa City, Hokkaido. [OPDX Bulletin]

07/07/2008: Look for Colin/KU5B (V31UB) and Eddy/K5WQG (V31MR) to be QRV from Placencia, Belize, July 7-21st. Operation will be mostly CW, with some SSB and RTTY, including a Multi-Single entry in the IARU HF Championship (July 12-13th). QSL V31MR via N5ET, direct or bureau. QSL V31UB via KU5B, direct only. Both logs will be uploaded to LoTW. [NG3K]

08/07/2008: Frank, DL1FT plans to be active as ES0FTZ from Kuressaare, Saaremaa Island (EU-034, WLOTA LH-1401, WW Loc. KO18FG) between July 8-18th. QRV on 80, 40 and 20 meter SSB. QSL via home call, direct or by the bureau. Further info at: www.funkexpedition.de/estland [rsgbiota.org]

08/07/2008: The 'DXciting Group' will activate Christmas Island (OC-002, WW Loc. OH29tn) from July 8-20th. Operators mentioned are Marq/VK9XWW (CT1BWW), John/VK9XHZ (EA3GHZ), Henry/VK9XOR (EA5EOR) and Dina/VK9XME (EC5BME). They will operate with 3 stations (1 high-power and 2 barefoot at 100W) on 160-6 meters using CW, SSB, RTTY, PSK31 and SSTV. Pilot sations: Africa - ZS1AU, Asia -JA8BMK, Europe - EA4TD, Ocenia - ZL2AL and VK2CZ, and North America - K4SV. QSL card goes via EA4URE direct or by the bureau. The official web site is at: www.dxciting.com/vk9x/ . The team is looking for help, contributions and SPONSORS to cover the big costs of this DX-pedition. [ZL2AL]

09/07/2008: Loof for Bill, ON5JE to be active from Budva, Montenegro, as 4O1/ON5JE from July 9-17th. Activity on HF bands, propagation permitting. QSL via home call. [425 DX News]

09/07/2008: Andrea, IZ2LSC will be active as CU2/homecall July 9-19th from Sao Miguel Island (EU-003, DIP AZ-002, WLOTA LH-2016). Holiday style operation on 20 meter SSB, with FT-857 and End-Fed Zepp. QSL via home call, direct or bureau. [NG3K]

09/07/2008: Alain F6BFH will be FH/F6BFH from Mayotte (AF-027, DIFO FH-001, WLOTA LH-0376) from July 9th to August 9th. He will be active on all bands, using CW and SSB, with a particular attention for the lower bands. QSL via home call. [F6AJA]

09/07/2008: Operators Eric/KV1J and his son Matthew/W1MAT, will be active from Miquelon Island (NA-032, DIFO FP-002, WLOTA LH-1417, WW Loc. GN17TC) as FP/KV1J and FP/W1MAT from July 9-14th. Activity will be on all bands 80-6 meters, SSB, CW and RTTY, using only 100 watts into verticals and a TW2010. During the IARU HF Contest (July 12-13th), look for FP/KV1J (running low power) and FP/W1MAT (running QRP) from Zone 9. QSL via their home call sign, direct or by the bureau or LoTW. For more details and up-to-date info, visit their Web page at: www.kv1j.com/fp/ [OPDX Bulletin]

09/07/2008: Chris, F8DZY, will sign TK/F8DZY from Corsica (EU-014, DIFM TK-001, MIA MCO-001, WLOTA LH-1390). His QTH will be in Furiani, Corsica - Province of Corsica (DPF 09), Department Bastia (Haute Corse)/2B and WW Loc. JN42QP. It's his first working trip, between July 9th and August 3rd. QRV in his spare time on 40-10 meter CW and SSB, with ICOM 706MKII and G5RV junior. QSL via home call, direct or bureau. [F5NQL]

10/07/2008: Ralph, K9ZO will be on vacation, with his xyl, to the island of Bermuda (NA-005, WLOTA LH-0201) from approximately July 10-15th. He will sign K9ZO/VP9 (holiday style operation) with focus on the WARC bands and 6 meters, including an entry in the IARU HF Championship (July 12-13th). On 6 meters Ralph will use FT-100D,FT-920 at 100 watts into a 5 element yagi (WW Loc. FM72PI - at VP9GE QTH). QSL via home call, direct or bureau. [NG3K]

10/07/2008: Marco, N5ZO (OH6DO) will be active from the superstation at Signla Point, island of Curacao (SA-006, WLOTA LH-0942) from July 10-16th, including a Single-Op/All-Band/High-Power entry in the IARU HF World Championship (July 12-13th). Outside of the contest look for activity on all bands and modes, including 6 meters which is monitored 24/7 on 50.110 MHz USB. Marco, PJ2/N5ZO will operate on 6m with FT-100, 100w and CC-5EL@85FT antenna (WW Loc.FK52KG). QSL via N5ZO. [CCC]

11/07/2008: Six operators will be active from Market Reef (EU-053) July 11-14th, including a Multi-Single entry in the IARU HF World Championship (July 12-13th) with three stations, 160-6m. The operators will be Olaf/SM0CKV, Seppo/OH1VR, Markus/OH3RM, Bob/W6RGG, Vicky/AE9YL and Carl/K9LA. They will sign OJ0/homecall before and after the IARU event, except for OH1VR who will use OJ0VR. Send for the OJ0/ cards to the individual operators home call and OJ0VR via OH1VR. The special call for the contest has been applied for and is as yet not known. This operation also counts for the Market Reef lighthouse (ARLHS MAR-001, TWLHD WLH OJ0-001, WLOTA LH-0542, Admiralty C4472). [MMMonVHF]

==========

LOOKING AHEAD -

12/07/2008: Jack, RW3QC will be active as 5B4AII from the island of Cyprus (AS-004, MIA MCI-002, WLOTA LH-0051) for the IARU HF Championship (July 12-13th) as a Single-Op/All-Band/Mixed-Mode/High-Power entry. QSL via RW3RN. [NG3K]

12/07/2008: Look for Massimo, IZ4DPV to be active as D4C during the IARU HF Championship Contest (July 12-13th) as a Single-Op/All-Band/High-Power/SSB entry from Mindelo, Ilha do S?o Vicente (AF-086, WLOTA LH-1976), Cape Verde. [NG3K]

12/07/2008: The Ukrainian National Team will be active as EM5HQ for the IARU International HF contest (July 12-13th). No entry category was mentioned, but expect Multi-?. QSL manager this year will be UR5EAW (Alexander Shevchenko). All QSLs will be 100% sent via QSL bureau. For conducting 4 or more QSOs with EM5HQ as special certificate will be awarded. [UR5EAW]

13/07/2008: Look for Hans, PA2MRT to be active from Texel Island (EU-038, also count for WLOTA LH-0043), July 13-18th. He will be operating mobile from 80-10 meters with Henry SS-750 amplifier and HQ5-80 antenna. QSL via home call, direct or bureau. [rsgbiota.org]

18/07/2008: Andrey, RW9WA and friends will be active as homecall/p from Aslykul National Park (RFF-153) from July 18-20th. Activity is planned for all bands, 160-10 meters. A QSL card will automatically be sent via the bureau to all contacts made (there is no need for you to send a QSL card). Further information can be found at wff44.com/ [QRZ.ru]

19/07/2008: Alain, F5LMJ will be on vacation with his family and plans to be QRV from S?o Miguel Island (EU-003, DIP AZ-002 for the Portuguese Islands Award, WLOTA LH-2016) from July 19-26th. He will have a FT-857 and half-size G5RV and will be active maily on CW and digital modes. QSL via home call, direct or bureau. [NG3K]

24/07/2008: GIRA - Grupo de Investiga??o de Radiocomunica??es e Ambiente, will operate from Selvagens Grande Island (AF-047, DIP MA-004, WW Loc. IM20BD, also count for WLOTA LH-0692) from July 24-27th, including an entry in the RSGB IOTA Contest (July 26-27th). They will simultaneously operate two stations on the HF bands and also expect to operate on VHF (145MHz). Operators mentioned are Jorge/CT1BOL, Jos?/CT1DSV, Paulo/CT1EFS, Ant?nio/CT1ENV, Paulo/CT1FEK and Rui/CT1HFS. QSL via CT1BOL, direct or bureau. [CT1DSV]

25/07/2008: Operators Fran?ois/VA2RC, Guy/VE2QRA, Steve/VE2TKH and Dany/VE2EBK will be active as CG2I from La Grosse Ile, Quebec (NA-128, CIsA QC-010, Grid FN47), from 1600z July 25th to 1400z July 27th. QRV all modes and bands 160-6 meters, with two stations. The 2 stations (KW, beams and dipoles) should be active at the same time. QSL via VA2BK, direct or bureau or Email request. This activity is also in celebration of the 400th Anniversary of Qu?bec City. [RAC]

15/08/2008: The Radio Club Grupo DX Bah?a Blanca - LU3DXG, Radio Club Tandil - LU2EE and Avellaneda Radio Club - LU7EO, will be QRV Aug 15th,

16th and 17th for International Lighthouse-Lightship Weekend as follows: Avellaneda Radio Club (LU7EO) from Punta M?danos lighthouse (ARLHS ARG-008, ILLW AR-0012, WW Loc. GF13PC). Grupo Miostongo DX Tandil (LU2EE) from San Jos? lighthouse (ARLHS ARG-063, ILLW AR-0025, WW Loc. FE76JV). Grupo DX Bah?a Blanca (LU3DXG) from San Gregorio lighthouse (ARLHS ARG-062, ILLW AR-0028, WW Loc. FE74EX), Cabo Aristizabal lighthouse (ARLHS ARG-023, ILLW AR-0027, WW Loc. FE64PX), Pueto Rosales beacon [Baliza Tr?pode] (ARLHS ARG-096, ILLW AR-0029, WW Loc. FD91AB), Morro Nuevo lighthouse (ARLHS ARG-049, ILLW AR-0031, WW Loc. FE77WC), Chica beacon [Baliza Chica] (ARLHS ARG-083, ILLW AR-0026, WW Loc. FF91AC), Atalaya beacon (ARLHS ARG-076, ILLW AR-0024, WW Loc. GF14FX) and Claromec? lighthouse (ARLHS ARG-014, ILLW AR-0008, WW Loc. FF91XD). Contacts are valid for the "Lighthouses del Litoral Atl?ntico Argentino - 2008". [F5NQL]

03/10/2008: Special event station PA08DWN will be aired October 3-4th on 40 and 20 meter CW from the original radio station of the sea tug "Elbe". Since 2002, 60 volunteers having been working to restore this 1959 tug boat to its original state. It was the strongest tugs from its time and will now become a sailing museum ship. The ship lies in the port of Maasluis, 20 km from the port city Rotterdam. QSL via operator's instructions. [UBA HF News]

18/12/2008: Peter, NO2R will be returning to Sihanoukville [a.k.a. Kampong Som], Cambodia on December 18th. He plans to be QRV as XU7ACY on 160-10 meters, using CW and SSB. Emphasis on 80 and 160 meters. No return date at this point in time. QSL via W2EN. [NG3K]

==========

SPECIAL EVENTS -

05/07/2008: To celebrate the 70th Anniversary of HMS Belfast on July 5th, members of the RNARS will be establishing a special CW contact using the HMS Belfast call sign, GB2RN. It will be between Ian Hopkins, G4WUH who will be on board HMS Chatham in the Arabian Golf and RNARS members in the Bridge Wireless Office of HMS Belfast moored on the River Thames in London. References for HMS Belfast are WW Loc. IO91XM and WAB TQ38 (no book number). QSL via the RSGB bureau. [GB2RS]

05/07/2008: On July 5th, there are several stations on the air. GB0FFL for Fight For Life in Oldbury, West Midlands and GB0NHS for the National Health Service from Hull. In Northants, GB1HWC will be on the air for the 100th Wellingboro Carnival. On the island of Guernsey, GB2FG is on the air at the start of the Summer Floral Festival Week. Finally, GB5BDS for Bishop David Sheppard School, is on the air from Southport in Lancashire. [GB2RS]

05/07/2008: GB2VET is likely to be operational on July 5th and 6th at the Veterans Event at RAF Shawbury with vintage RAF radio equipment in use on VHF and HF modes. A special QSL card will be available. [Pete's-DX-Newsdesk]

06/07/2008: Look for 8 special event stations with prefix LY755 from Lithuania to be active from July 6th to August 6th to celebrate State Day and the 755th anniversary Crowning of Lithuanian King Mindaugas. July 6th, The Lithuanian State's day (Mindaugas coronation day). The 6th of July is the State Day, Crowning of Lithuanian King Mindaugas. The state of Lithuania was created by King Mindaugas in the 13th century, namely building of political, economic and cultural bridges to modern Europe. After receiving Baptism from the Pope of Rome in 1253, King Mindaugas was the first leader of coutry to direct the nation to Western Europe. The following stations will be aired: LY755A (QSL via LY2ZZ), LY755BY (QSL via LY3BY), LY755BKK (QSL via LY2BKK), LY755DX (QSL via LY4DX), LY755Q (QSL via LY4Q), LY755QT (QSL via LY2QT), LY755W (QSL via LY5W) and LY755X (QSL via LY3X). Expect activity on all bands and modes. Information regarding the relevent award can be found at www.lrmd.lt/en/awards.htm [HA0HW]

06/07/2008: From July, 6th at 0000 UTC to August 5th, 2008 at 2400 UTC the regional club stations of Borj-Cedria (3V8CB) start a special call sign TS1MSC before 30 days of the events (August 6-15th). The radio station will be activated on 15, 17, 20, 40 and 80 meters, using SSB, PSK31, RTTY, SSTV and CW. Do not hesitate to be on the scouts frequencies and reply on this call. QSL via DL1BDF. [3V8ST]

06/07/2008: Walt, G3NYY will be active as GB50OT (GB-Fifty-OT) from July 6-13th to celebrate the fiftieth anniversary of RAOTA, the Radio Amateur Old Timers' Association. Activity will be on 80-6 meter CW, SSB and digital modes. QSL via bureau, or direct to G3VBE. [425 DX News]

06/07/2008: The Chelmsford Amateur Radio Society (CARS) will air special call sign GX0MWT from the 'Military Show' at the Museum of Power, Langford near Maldon in Essex, on July 6th from 10am and 5pm. The show will feature Military re-enactments, Classic military vehicles and tanks. QRV on all HF bands and modes. QSL via the information on QRZ.com. [Southgate ARC]

10/07/2008: The Association des Amis de la Radio du Finistere will be active as TM0BRZ from July 10-21st for the tall-ship Maritime Festivals at Brest and Douarnenez. All of the QSOs will be confirmed automatically via the bureau. [425 DX News]

11/07/2008: A Greek ancient system of communication with fire from torches above mountaintops is called fryktories from fryktos that means "the torch" in Greek. On July 13th and after 3200 years we will be climbing up the same mountaintops with Turkish Hams and will transmit through the hamradio frequencies a message from Troy - located in N.W Turkey up to Mykines that is in Southern Greece using a special call on every mountaintop that the original message passed through. The same mountaintops are mentioned from Aeshylus in his drama "Agamemnon" and they are the ones that brought back to the Mikines city the message that Troy has fallen into the hands of the ancient siege army. The transmitted message will be passing along the nodes on the 2m band from one station to another. The special calls that will be used through this

campaign will be: Turkey - Mountain Ida (Troy) to be announced; Greece - SX8FRA Lemnos Island; SX2FRB/A Athos mountain; SX8FRC Kandili Evia, SX1FRD Mesapio, Biotia; SX1FRE Kitheronas; SX1FRF Gerania; SX3FRG Arachneon, Peloponisos; and SX3FRH Mikines. Every Station will have at least 2m SSB/FM capability with yagi antennas. Before and after the event every station will be trying to make as many QSO's as possible with the special calls. Also that day we expect that many other hilltops will be activated in 2m band from other Greek and Foreign hams that will be joining this event. Nik, SV1EEX will be QRV from Kitheronas mountain with the call SX1FRE. Along with him will be SV1EOS, SV1JGX and SW1JGW. GRID Loc: KM18OE. They will be active July 11-14th on 80-2m + 70 cm. Modes will be SSB/FM/SSTV/RTTY/PSK and will try MS + JT6M. Also will try FM LEO SATS. QSL will be via the bureau. Further information can be found at: sx1fre.blogspot.com/ [SV1EEX]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

==========
SILENT KEYS -

Vladimir Ivanovich Lyapin UA2AW became a Silent Key on June 29, 2008, at the age of 82. He was the founder for the radio amateur's movement in the Kaliningrad region, champion and record holder of the USSR, also known contester and DXer.

Bill - K4CIA, QSL manager for Paul Bailey - VS6DO, former FOC member, reports that Paul became a silent key on 22 June 2008.

In the 60s, 70s, and 80s, Paul made a lot of people happy on 160 meters. Paul originally operated from the waterfront in Hong Kong, later moving a little higher in elevation, where he "borrowed" precious real estate from other apartment buildings. This was, of course, for his Top Band inverted vee.

Sad to see another legend pass on! RIP, Paul.

7292. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-04 00:44:01 UTC
From: K1XN
Topic: 5889 Message: 7292

*The JULY 2008 Issue #807-A files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

*

Hi friends
Sad new for Hamming :
Mustapha DL1BDF has forwarded this sad new from Algeria
According to OM Mokthar (7X5JF), the Algerian authorities have cancelled
for an inknown while, the use of the 80 and 17 meters bands and VHF and UHF
ones.
We all hope a quick return on these bands for our Algerian friends.
Tks Mustapha DL1BDF.

Bonjour à tous
De Mustapha, DL1BDF

Dommage pour les Amateurs Radio Algeriens.
OM Mokthar (7X5JF) just m'a informé que depuis quelques semaines , les
autorités Algériennes ont suspendu les Bandes des Amateurs Radio suivantes pour
un temps inconnu:
la bande de 80 mtr.
la bande de 17 mtr.
la bande du VHF.
La bande UHF.
Espérons que sa sera rectifier le plus proche possible.
VY 73.

RAROTONGA South COOK:

From n7ou (Bill Vanderheide)

Dear DX Friends,

This is to notify you that again I'll be operating from Rarotonga,
South Cooks, as E51NOU, Sept 15 to Oct 11, 2008, 40-10m, low power, cw
only. For most of my stay I'll be operating around a work schedule,
but I'll make a special effort to be on at grayline times to Europe.
QSL via N7OU.

73 Bill Vanderheide N7OU
Tks Bill, NG3K

VHF, MS, etc ; ITALY
I7/IK0BZY from JN90 & JM99
I will be QRV from JN90 & JM99 from 29th July morning until 5th August early
morning
Random 2m/4m MS/FSK/JT6M and 2m EME.
2m/4m MS/SSB and MS/HSCW only on sked.

I will be QRV mainly on WWConvers ch 14345 and
on the other VHF chats as well.

details:
CALL (all modes & bands): I7IK0BZY
Period: always 1st
---Meteor Scatter---

band: 2m

73 de IK0BZY Enrico

CURACAO – SA-006
PJ2LS (ex PJ9LS & PA3FNI), Loet van Sermondt, Andre PD1DRE, and PJ2GT, Mark de Hoo, (Ex. PD0RSR & PA3GTY) will activate PJ2LS/LH, during the International Lighthouse Weekend, - August 16th and 17th -, from “Light Punt Kanon”.

The lighthouse is solar powered, an electricity grid is not available in the area, therefore it will be a fully “self supporting” activation by using generator power. Just like the good old field days
QSL : To obtain a special lighthouse event QSL card please send your qsl to PJ2LS/LH via PD1DRE.

Please allow easy sorting of the cards by the Dutch QSL buro by writing PD1DRE’s QSL region number R23 on the backside of the card.

All QSL post will be handled via the Dutch QSL buro

PJ2LS/LH grid locator: FK52PB

SCOTLAND:
MM5PSL to be active as GB2ELH, from the Eshaness Lighthouse, Shetland Islands, EU-012.
Dates : IILW, August 16 & 17th, 2008.
QSL via MM5PSL.

SWEDEN
- 7S6LHT , will be again on the air , by SK6NL ARC members , from Vinga Island, EU-043, during the Lighthouse Weekend, August 16 & 17th, 2008

IRELAND – EU115
Preparations are under way for the club’s annual participation in International Lighthouse/Lightship Weekend. EI2JP has submitted the request to the Commissioners of Irish Lights for use of the Cromwell Point Lighthouse (IRE-077) on the weekend of August 16 & 17th.
Call sign : EI1KARG and QSL via EI9FVB or buro.

DANEMARK:
On the International Lighthouses Week end (Aug 16 and 17) , look for the folowing Danish stations :

- 5P0MF /lh, from Nordborg, Isle of Als (Not IOTA), JO45UC, JY-001, DK0006, QSL via DH1LAO direct or DARC buro or see QRZ.COM

- 5Q3R /lh, from Romsoe Old, Romsoe Island. EU-172, DK0008, QSL via OZ buro. Locator JO55JM

- OZ0MF from Nordborg, Isle of Als (not IOTA), JO45UC, JY-001,
QSL via DH1LAO direct or DARC buro or see QRZ.COM

Date: 2008-07-09 11:00:17 UTC
From: K1XN
Topic: 7300 Message: 7300

The first weekly Logbook of the World Net (LOTW-Nets) is now in
operation. Meeting each Monday evening at 2359Z (i.e. Monday evening
7:59pm. EDT), this net meets on 14.270 mhz. (increment +5 as required
if QRM). Additional frequencies and dates are proposed.
The LOTW DX and WAS nets are to help awards chasers find needed DX
and WAS stations that are willing to QSL via the ARRL Logbook of The
World system. This net and e-mail group are open to all amateur radio
operators that are willing to QSL via LOTW. Netlogger is used (optional).
"Work those needed band/entities and have confirmations usable
toward ARRL awards in hours, not months or years."

LOTW-Nets reflector: http://groups.yahoo.com/group/LoTW-Nets/messages
ARRL Logbook of the World: http://www.arrl.org/lotw/
Free Netlogger download: http://netlogger.org/download.html
LOTW-Nets website: -To be announced-

I.C.P.O. Bulletin (July 10 - 18, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

01/07/2008: Special Event station UE1RYR will be active July 1-16th from RDA district VO-12 (Vologodsky), Vologda oblast (#120, VO for Rossija award). QSL via UA1RJ, direct or bureau. [RX3RC]

10/07/2008: Terje, LA3OHA reports that he will be working in Georgia and touring in the Caucasus mountains from July 10th until the end of September. He plans to operate as 4L7OA in his spare time. Terje speaks Norwegian and also welcomes Scandinavian radio amateurs for a QSO in English or Norwegian. QSL direct to 4L7OA (Terje Hovde, PO Box 58, 0102 Tbilisi, Republic of Georgia). [NG3K]

10/07/2008: Ralph, K9ZO will be on vacation, with his xyl, to the island of Bermuda (NA-005, WLOTA LH-0201) from approximately July 10-15th. He will sign K9ZO/VP9 (holiday style operation) with focus on the WARC bands and 6 meters, including an entry in the IARU HF Championship (July 12-13th). On 6 meters Ralph will use FT-100D,FT-920 at 100 watts into a 5 element yagi (WW Loc. FM72PI - at VP9GE QTH). QSL via home call, direct or bureau. [NG3K]

10/07/2008: Marco, N5ZO (OH6DO) will be active from the superstation at Signla Point, island of Curacao (SA-006, WLOTA LH-0942) from July 10-16th, including a Single-Op/All-Band/High-Power entry in the IARU HF World Championship (July 12-13th). Outside of the contest look for activity on all bands and modes, including 6 meters which is monitored 24/7 on 50.110 MHz USB. Marco, PJ2/N5ZO will operate on 6m with FT-100, 100w and CC-5EL@85FT antenna (WW Loc.FK52KG). QSL via N5ZO. [CCC]

11/07/2008: IARU Vice President Tim Ellam, VE6SH will be active as 8Q7TM from the Maldives (AS-013) from July 11-20th, IARU HF World Championship included. QSL via home call. [425 DX News]

11/07/2008: Pertti, OH2PM and Martti, OH2BH will be taking a ferry to Aland Islands [Brando Island] (EU-002) and will be QRV in the IARU Contest, signing OG0A. QSL via OH2BH. Outside of the contest they will be using their own calls; OH0R (OH2PM) and OH0B (OH2BH). QSL to their home CBA. Please note that the Market Reef group will use OJ0A, and make sure that you realize the one-letter difference. Following the contest weekend, upon the Market Reef group's Monday return to OH0, Bob Vallio, W6RGG will stay in OH0 for another day and will be active as OH0/W6RGG. QSL via home call. These activities can produce several points for your Yasme Award (www.yasme.org/awards.html). [OH2BN]

11/07/2008: Six operators will be active from Market Reef (EU-053) July 11-14th, including a Multi-Single entry in the IARU HF World Championship (July 12-13th) with three stations, 160-6m. The operators will be Olaf/SM0CKV, Seppo/OH1VR, Markus/OH3RM, Bob/W6RGG, Vicky/AE9YL and Carl/K9LA. They will sign OJ0/homecall before and after the IARU event, except for OH1VR who will use OJ0VR. Send for the OJ0/ cards to the individual operators home call and OJ0VR via OH1VR. The special call for the contest will be OJ0A (QSL via OH3RM). This operation also counts for the Market Reef lighthouse (ARLHS MAR-001, TWLHD WLH OJ0-001, WLOTA LH-0542, Admiralty C4472). [MMMonVHF]

11/07/2008: Team RK0AZC will be active July 11-15th as RK0AZC/p from RDA districts KK-22, KK-26, KK-40, KK-54, KK-57 and KK-62. Krasnoyarsk Kraj (#103, KK for Rossija award). QSL via RK0AZC, direct or bureau. [RX3RC]

11/07/2008: John, 9M6XRO reports that he will be QRV from Africa as follows: July 11-13th from Johannesburg, South Africa; July 14-19th from the Blue Anchor Inn, 70Km north of Maputo (WW Loc. KG64IE); and July 19-25th from Swaziland. He plans to be active on 160-10 meter CW, RTTY and SSB. At each QTH John will be running a linear with beams for HF plus four-squares and verticals on the low bands. In Mozambique, for part of the time, he will be with the group who are operating from the 16th to 30th see www.tdxs.net/C9.html . QSL all calls via M3SDE, direct or bureau, see QRZ.com. [F5NQL]

12/07/2008: Jack, RW3QC will be active as 5B4AII from the island of Cyprus (AS-004, MIA MCI-002, WLOTA LH-0051) for the IARU HF Championship (July 12-13th) as a Single-Op/All-Band/Mixed-Mode/High-Power entry. QSL via RW3RN. [NG3K]

12/07/2008: CS8HQ will be the HQ station for the Rede dos Emissores Portugueses (REP) during the IARU HF World Championship (July 12-13th). QSL via CT1REP. [425 DX News]

12/07/2008: Look for Massimo, IZ4DPV to be active as D4C during the IARU HF Championship Contest (July 12-13th) as a Single-Op/All-Band/High-Power/SSB entry from Mindelo, Ilha do S?o Vicente (AF-086, WLOTA LH-1976), Cape Verde. Before and after the contest he will operate on 6 meters (beacon on 50034 kHz). QSL via IZ4DPV. [425 DX News]

12/07/2008: E7HQ will be the HQ station for Bosnia-Hercegovina during the IARU HF World Championship. Expect activity on all bands SSB and CW. Note that the multiplier will be BH (not ARABH, as it used to be in the past). [425 DX News]

12/07/2008: Operators EA8AH, EA8ZS, EA8BVX, EA8CMX, EA8KK, EA8CAC, EA2EA, EA5BM and others will be active as EF8U for the IARU International HF contest, as a URE HQ Station from the Canary Islands (AF-004). QSL via EA4URE, direct or bureau. [EA8CAC]

12/07/2008: The Ukrainian National Team will be active as EM5HQ for the IARU International HF contest. No entry category was mentioned, but expect Multi-?. QSL manager this year will be UR5EAW (Alexander Shevchenko). All QSLs will be 100% sent via QSL bureau. For conducting 4 or more QSOs with EM5HQ as special certificate will be awarded. [UR5EAW]

12/07/2008: Look for Bruno, F4FIU/p to be QRV July 12th to reactivate the mine of Arenberg (MAF-018 for the Diplome des Mines). Activity is planned for 80 and 40 meter SSB. QSL via home call, direct or by the bureau. [Radioamateur.org]

12/07/2008: Martin, F4UKP/p will be QRV July 12-19th from Ile de Re (EU-032, DIFM AT-022, also count for WLOTA LH-1407). Activity will be QRP operation, with a K2 running 15W, CW only. QSL via home call, bureau preferred. [rsgbiota.org]

12/07/2008: Fran?ois/F5JNE and Gerard/F6ICG will be active July 12th as F5JNE/p from the Bishops of Auxerre's Castle (DFCF 58-092), located in the city of Varzy (CP 58210), canton of Varzy (DDCF 58-25), Department of Nievre/58 and province Burgundy (DPF 05). As usual, starting around 0600 UTC, 80m, then 40m and finally 20m, CW/SSB. QSL bureau preferred and swl cards welcome. [F5NQL]

12/07/2008: Freddy, F8CKS/p will be QRV July 12th from the Castle Mondiol lieu dit Dieudet (DFCF 24-101) located in the commune of Doissat (CP 24170), Canton of Belves (DDCF 24-02), Department Dordogne/24, Province of Aquitaine (DPF 02). Activity will be on 80 and 40 meters. QSL via home call, direct or bureau. [F8CKS]

12/07/2008: The Radio Society of Great Britain (RSGB) will be represented by GB7HQ in this year's IARU HF World Championship. Expect a large group of operators to be active from three separate DXCC entities (England, Wales and Scotland) on all the HF contest bands on both CW and SSB. QSL via G3TXF (direct, bureau and LOTW). Further information, including the awards programme for contacting GB7HQ on various bands and modes, can be found at www.gb7hq.com/ [425 DX News]

12/07/2008: HL0HQ will represent the Korean Amateur Radio League (KARL) during the IARU HF World Championship. All of the QSOs will be confirmed automatically via the bureau. [425 DX News]

12/07/2008: Members of the Mongolian Amateur Radio Society (MARS) will activate HQ station JT1KAA and participate in the annual IARU HF World Championship (July 12-13th). All QSOs will be upload to LoTW. For direct QSLs (w/SASE): HQ Station Of The Mongolian Amateur Radio Society, P.O. Box 830, Ulaanbaatar-24, Mongolia. [OPDX Bulletin]

12/07/2008: Mike, RW1AI will participate in the IARU HF World Championship as R35NP from the drifting station "North Pole 35" (central Arctic, ITU Zone 75). QSL via home call, direct or bureau. [425 DX News]

12/07/2008: Team RU9UZM will be active 12-13.07.2008 as RU9UZM/p from RDA district KE-30 (Guryevsky), Kemerovo oblast (#130, KE for Rossija

award). QSL via RA9UT direct or bureau. [RX3RC]

12/07/2008: Members of the radio club Federacion Mexicana de Radio Experimentadores (FMRE) will activate XE1LM during the IARU HF Championship, as a HQ station giving out the FMRE multiplier on both CW and SSB. Operators will be Joaquin/XE1YJS, Masa/XE1MM and the Guanajuato University Radio Club Station XE1CXC. QSL via QRZ.com. [OPDX Bulletin]

13/07/2008: Bernd, DL6IAN and his wife, DO6IAN will be QRV holiday style from Liechtenstein between July 13-18th as HB0/DL6IAN and HB0Y/DO6IAN. Activity will be mostly SSB with some CW. QSL via home calls, direct or by the DARC bureau. [NG3K]

13/07/2008: Look for Hans, PA2MRT to be active from Texel Island (EU-038, also count for WLOTA LH-0043), July 13-18th. He will be operating mobile from 80-10 meters with Henry SS-750 amplifier and HQ5-80 antenna. QSL via home call, direct or bureau. [rsgbiota.org]

14/07/2008: The 'DXciting Group' will activate Christmas Island (OC-002, WW Loc. OH29TN) from July 14-21st. Operators mentioned are Marq/VK9XWW (CT1BWW), John/VK9XHZ (EA3GHZ), Henry/VK9XOR (EA5EOR) and Dina/VK9XME (EC5BME). They will operate with 3 stations (1 high-power and 2 barefoot at 100W) on 160-6 meters using CW, SSB, RTTY, PSK31 and SSTV. Pilot sations: Africa - ZS1AU, Asia -JA8BMK, Europe - EA4TD, Ocenia - ZL2AL and VK2CZ, and North America - K4SV. On 6 meters they will be QRV on 50.115 MHz using CW, SSB and FM. QSL card goes via EA4URE direct or by the bureau. The official web site is at: www.dxciting.com/vk9x/ [ZL2AL]

15/07/2008: Look for Jan/DL7JAN and Mathias/DJ2HD to be active as HB0/homecall from Liechtenstein between July 15-19th. QRV 80-6m, using CW, SSB and RTTY. QSL via home calls, direct or bureau. [NG3K]

15/07/2008: Stefan, ON6TI plans to be QRV from Spitsbergen Island (EU-026, WLOTA LH-0125) as JW/homecall from July 15-20th. Activity will be part-time operation, mostly evenings. QSL via home call, direct or bureau. [NG3K]

16/07/2008: From Frosy, K5LBU/C91CF - We have had one of our group drop out from the dxpedition to Mozambique this July. So we are looking for one or two that would like to join up with us. We plan on arriving in Maputo on July 16th where we will be picked up by the folks at the Blue Anchor Inn (WW Loc. KG64IE) where we will be operating from this July. They will take us back to the airport on July 31st for our return home. QRV 160-6 meters on CW, SSB, PSK and RTTY and also 2m EME. Operators mentioned are Frosty/K5LBU (C91CF - QSL via K5LBU), Tom/NQ7R (C91TK - QSL via NQ7R), Jay/W5SL (C91SL - QSL via W5SL), John/9M6XRO (C91XO - QSL via M3SDE), Bill/NZ5N (C91BD - QSL via WA4WTG), Bob/K0OK (C91OK - QSL via K0OK) and Ben/DJ0YI (C91YI - QSL via DJ0YI). Further information can be found on their website at: ww.tdxs.net/C9.html [K5LBU/C91CF]

17/07/2008: Look for Wes, MM/K6EIL to be active June 17-20th from Bressay Lighthouse (ARLHS SCO-021, TWLHD WLH GM-009, WLOTA LH-1079, WW Loc. IP90KC) on Bressay Island (IOSA SH06, SCOTIA SI08), Shetland & Fair Isle (EU-012). He will operate CW and SSB QRP on 20, 40 and 80 meters in his early mornings, evenings and occasional afternoons. QSL via home call. [425 DX News]

17/07/2008: Franz, DL3PS and others will be active from various sections of Iceland as TF/homecall and TF7/homecall between July 17th and August 5th. Their plan is to visit Heimaey Island, Vestmannaeyjar [Westman Islands] (EU-071, WLOTA LH-0976), the Coastal Islands (EU-168) and the main island (EU-021, WLOTA LH-2975). QSL via home call(s), by the bureau is preferred. Stay tuned... Web site for this activity can be found at: www.iceland-dxpedition.de/ [rsgbiota.org]

18/07/2008: Hideki, JA2IVK will active as 8Q7SH from the Maldive Islands (AS-013) from July 18-20th. He will be QRV using a FT-897 (100W) and HF7V-J antenna on the following frequencies: CW - 3505, 7004, 10104, 14024, 18074, 21024, 24894 and 28024 kHz; SSB 3795, 7065, 14195, 18145, 21295, 24945 and 28495 kHz. QSL via home call, direct or bureau. [NG3K]

18/07/2008: Charlie, M0OXO will be active as GB0LMI from Holy Island/Lindisfarne (EU-120, WW Loc. IO95CQ, WAB NU14) from July 18-20th. This operation will also count for Lindisfarne Castle (CASHOTA reference G-142). Look for activity on the HF bands. QSL via home call. [F5NQL]

18/07/2008: Michael, DL6MHW will be active July 18th to August 4th from Bornholm Island (EU-030, BO-001 for the Danish Islands Award, WLOTA LH-2203) using the call sign OZ/DL6MHW. Look for activity on all bands 80-10m, with peak activity during the RSGB IOTA Contest (July 26-27th). QSL via home call, direct or bureau. [rsgbiota.org]

18/07/2008: Look for operators RZ6AZZ/p, RA1QY/6, RW6AMP/p, RU6AX/p, RA6AU/p and possibly others to be active from the following islands located in the Azov Sea: July 18th from Eiskaya Kosa Island (RR-17-02, RDA KR-33); July 19th from Zeleny Island (RR-17-05, RDA KR-61) and July 20ht from Dolgie Island (RR-17-01, RDA KR-33). QSL via home calls, direct or bureau. [RX3RC]

18/07/2008: Andrey, RW9WA and friends will be active as homecall/p from Aslykul National Park (RFF-153) from July 18-20th. Activity is planned for all bands, 160-10 meters. A QSL card will automatically be sent via the bureau to all contacts made (there is no need for you to send a QSL card). Further information can be found at wff44.com/ [QRZ.ru]
==========
LOOKING AHEAD -

19/07/2008: Luc, OT6T will be active as SV8/OT6T/p from Kerkyra (a.k.a. Corfu) Island (EU-052, MIA MG-055, also count for WLOTA LH-4132) between July 19th and 28th. Activity will be holiday style on 80-10 meter SSB. QSL via home call, bureau or eQSL. [rsgbiota.org]

20/07/2008: Look for Okko, PH2CV to be active as SV8/PH2CV/p from the island of Ithaki (EU-052, MIA MG-045, also count for WLOTA LH-4124) from July 20th until August 8th. Check for activity on all HF bands. QSL via home call, direct or bureau. [rsgbiota.org]

22/07/2008: Some members of the Tokyo Dental College Amateur Radio Club (JA1YUC) will be active as JA1YUC/6 from Kuro Island (AS-024, JIIA AS-024-009), JA6 Yaeyama Island group, from July 22-27th, RSGB IOTA Contest included. They will be QRV 160-6 meters, using SSB and CW. QSL via home call, direct (Tokyo Dental College A.R.C., 1-2-2 Masago, Mihamaku, Chiba-city 261-8502 JAPAN) or bureau. JIIA Award: www3.ocn.ne.jp/~iota/newpage61.htm [JI6KVR]

25/07/2008: Special Event station UE1RYR/p will be active July 25-26th from RDA district VO-19 (Nikol'sky), Vologda oblast (#120, VO for Rossija award). QSL via UA1RJ, direct or bureau. [RX3RC]

26/07/2008: Edu, EA8AUW reports that a group of operators will be active as AN8L from Lobos Island (DIE S-008, WLOTA LH-0155), Canary Islands (AF-004), as a Multi-Op/High-Power entry in the RSGB IOTA Contest. Team members mentioned are EA8AUW, EA8BGO, EC8AMI, EC8ADW, DH1TW, DL5RMH, EC4DX, EC4JD, EA4DRV, EA4TD, EA4ATA, EA5FX, EA5KM and EA5AER. QSL via EC8AMI, direct or bureau. Further information can be found at: www.islotedelobos.com/ [NG3K]

26/07/2008: A team from the Kilmarnock and Loudoun ARC will be active as GM7A from Kerrera Island (EU-008, IOSA FL02, SCOTIA CN02, WAB: NM83 Argyle and Bute, WW Loc. IO76GK) for the RSGB IOTA Contest. QSL via GM7AAJ. [Southgate ARC]

26/07/2008: IA5K will be active for the RSGB IOTA Contest (July 26-27th) from Elba Island [Isola d'Elba] (EU-028, IIA LI-001, MIA MI-022, WLOTA LH-0564). QSL via IZ5BTC. [F5NQL]

26/07/2008: Jack, IZ3DBA will be active as IM0/IZ3DBA during the RSGB IOTA Contest (July 26-27th) from Maddalena Island [Isola Maddalena] (EU-041, IIA SS-001, MIA MIS-013). QSL via home call, direct or by the bureau. [F5NQL]

26/07/2008: Look for IO8OM/7 to be active from Sant'Andrea Island [Isola Sant'Andrea] (EU-091, IIA LE-001, MIA MI-100, WLOTA LH-0075) during the RSGB IOTA Contest (July 26-27th). QSL via IZ8EDJ. [F5NQL]

26/07/2008: The Cretan Amateur DX Team will be participating in RSGB IOTA Contest (July 26-27th) using the call sign J49A from Cape Sidero, the eastern part of Crete Island (EU-015, MIA MGC-005, WLOTA LH-1400, WW Loc. KM35DH). Operators mentioned are SV9JI Manos, SV9ANJ Manos, SV9BGE Nikos, SV9BKZ Kostas, SV9BMJ Manos, SV9CJO John, SV9COL Dimitris, SV9DJO George, SV9GPV George, SV9GPY Michalis, SV9IOI Manos and SV0LB/9 George. QSL via SV9GPV. [NG3K]

26/07/2008: Look for Jeroen, PD5CW to be active in the RSGB IOTA Contest (July 26-27th) from Schouweduivenland Island (EU-146). QSL via

home call, direct or bureau. [F5NQL]

26/07/2008: Hans, PB2T will be active as PJ2/PB2T from the island of Curacao (SA-006, WLOTA LH-0942) for the RSGB IOTA Contest, as a Single-Op entry. QSL via home call. [NG3K]

26/07/2008: The Provins ARC (F6KOP) team will be active as TM7C from Ile de Noirmoutier (EU-064, DIFM AT-020, WLOTA LH-1224) for the RSGB IOTA contest, as a IOTA FIX MS MIX 24H LP entry. Operators will include Bernard/F9IE, Frank/F4AJQ, Romain/F8BUI, Flo/F5CWU, Bruno/F5AGB and Maurice/F5NQL. QSL via F6KOP, bureau preferred. [F5NQL]

01/08/2008: Martin, G4XUM will once again be active as J49K from the island of Crete (EU-015, MIA MGC-005, WLOTA LH-1400) between August 1st and 15th. QRV on 6m, 4m and 2m from KM25CK and possibly from KM15. Sked requests (JT6 & SSB) to g4xum'at'md4k'dot'com. QSL via G4XUM. [DL8EBW]

09/08/2008: Nicolas, F5TGR will be active as TK/F5TGR from August 9-23rd from Porto Vecchio, island of Corsica (EU-014, DIFM TK-001, MIA MCO-001, WLOTA LH-1390). He will be QRV 40-10 meters, using SSB and CW. An activity from some coastal islands is possible. QSL via home call, direct or bureau. [F6AJA]

16/08/2008: SK6NL Amateur Radio Club members will once again be QRV as 7S6LHT from the Vinga Lighthouse (ILLW SE0028, WLOTA LH-1517), located on Vinga Island (EU-043), Sweden, during the International Lighthouse/Lightship Weekend (August 16-17th). QSL via SK6NL. [F5NQL]

16/08/2008: The Kerry Amateur Radio Group will be active as EI1KARG from the Cromwell Point Lighthouse (ARLHS IRE-077, ILLW IE0001, WLOTA LH-2484), Ireland (EU-115), for the International Lighthouse/Lightship Weekend (August 16-17th). QSL via EI9FVB, direct or bureau. [F5NQL]

16/08/2008: Look for Peter, MM5PSL to be active as GB2ELH, from the Eshaness Lighthouse (ARLHS SCO-075, ILLW UK0058, TWLHD WLH GM-026, WLOTA LH-0867, Admiralty A3838) during the International Lighthouse/Lightship Weekend (August 16-17th). Eshaness light is located on mainland Shetland Island (EU-012, IOSA SH01, SCOTIA SI11). QSL via home call (QRZ.com). [F5NQL]

16/08/2008: On the International Lighthouses Weekend (August 16-17th), look for the folowing Danish stations: 5P0MF /lh, MF-Klubstation im Marine-Luftschiffmuseum (OZ2CBA) from Nordborg Lighthouse (DEN-029, ILLW DK0006, WW Loc. JO45UC), Isle of Als (Not IOTA, DIA JY-001). QSL via DH1LAO direct or DARC bureau or see QRZ.com. 5Q3R /lh, Team Romsoe Lighthouse, from Romsoe Old (ILLW DK0008, WW Loc. JO55JM), Romsoe Island (EU-172, DIA FY-008). QSL via the OZ bureau. OZ0MF Clubstation der Marinefunker Runde (MF) (DH1LAO) from Nordborg Lighthouse (DEN-029, ILLW DK0006, WW Loc. JO45UC), Isle of Als (not IOTA, DIA JY-001). QSL via DH1LAO direct or DARC buro or see QRZ.COM [F5NQL]

16/08/2008: Operators Loet/PJ2LS (ex PJ9LS & PA3FNI), Andre/PD1DRE, and Mark/PJ2GT (Ex. PD0RSR & PA3GTY) will activate PJ2LS/LH, during the International Lighthouse Weekend (August 16-17th) from the Punt Kanon lighthouse (ARLHS NEA-009, WLOTA LH-0942, WW Loc. FK52PB), island of Curacao (SA-006). The lighthouse is solar powered, an electricity grid is not available in the area, therefore it will be a fully "self supporting" activation by using generator power. To obtain a special lighthouse event QSL card please send your QSL to PJ2LS/LH via PD1DRE, direct or bureau. [F5NQL]

15/09/2008: Bill, N7OU plans to be active as E51NOU from Rarotonga (OC-013), South Cook Islands, between September 15 and October 11th. He will be QRV 40-10m running low power, CW only. For most of his stay Bill will be operating around a work schedule, but will make a special effort to be on at grayline times to Europe. QSL via N7OU. [NG3K]

18/10/2008: Special event station N3G and N3G/AM will be aired October 18th to commemorate the 69th Anniversary of USCG Auxiliary. Frequencies to watch are 7.035 14.055 50.135 and 146.520 MHz. On six meters, N3G/AM will be QRV 1300z-2200z on 50.135 MHz USB, using a IC-706MKIIG and wire antenna. QSL via N3CJM (Robin M. Begley, 3 Pancoast Ave, Aston, PA 19014-2109). [N8OFS]

24/10/2008: David, N1EMC will be QRV October 24-31st from Niue Island (OC-040) as ZK2DF. Activity planned is mainly 40 meters and 20-6 meters, plus a Single-Op entry in the CQWW DX SSB Contest (October 25-26th). QSL via N1EMC. [NG3K]

25/10/2008: Zoli, HA5PP will be active as CT3/HA5PP from Madeira Island (AF-014, DIP MA-001, WLOTA LH-0053) during the CQWW DX SSB Contest (October 25-26th) as a Single-Op/All-Band entry. QSL via home call, direct or bureau. [NG3K]

25/10/2008: Sam, WT3Q will be active as V26B from the island of Antigua (NA-100, also count for WLOTA LH-1118) for the CQWW DX SSB Contest (October 25-26th). QSL via KA2AEV. Logs will be uploaded to LoTW after the operation. [NG3K]

05/12/2008: Art, N3DXX reports that he will be active from Prince Edward Island (NA-029, CIsA PE-00) for the ARRL 160-Meter Contest (December 5-7th) using the call sign VY2/N3DXX as a Single-Op entry. QSL via home call. [NG3K]

24/01/2009: Mike/K5UO and Cal/WF5W will be active as HK0CW from San Andres & Providencia for the CQWW 160-Meter CW Contest (January 24-25th) as a Multi-Single entry. QSL via W5PF. [NG3K]

24/01/2009: Peter, XU7ACY (NO2R) reports that he will be active from Cambodia during the CQWW 160-Meter CW Contest (January 24-25th) as a Single-Op entry. QSL via W2EN. [NG3K]

24/01/2009: Look for Verne/ZF1DX and Dick/K2UFT to be active as ZF1A from Savannah, Grand Cayman Island (NA-016, WLOTA LH-1042) in the CQWW

160-Meter CW Contest (January 24-25th). No entry category was given. QSL via W8BLA. [NG3K]

==========

SPECIAL EVENTS -

10/07/2008: The Association des Amis de la Radio du Finistere will be active as TM0BRZ from July 10-21st for the tall-ship Maritime Festivals at Brest and Douarnenez. All of the QSOs will be confirmed automatically via the bureau. [425 DX News]

11/07/2008: Special event call ON1708M will be on the air starting from July 11, 2008 until the end of the year, in order to commemorate the legendary battle held in the Oudenaarde region on July 11, 1708. This conflict is known as the War of the Spanish Succession, which lasted from 1701 till 1714. QSL via ON5TN. Further information can be found at: ode.uba.be/ [UBA HF News]

11/07/2008: A Greek ancient system of communication with fire from torches above mountaintops is called fryktories from fryktos that means "the torch" in Greek. On July 13th and after 3200 years we will be climbing up the same mountaintops with Turkish Hams and will transmit through the hamradio frequencies a message from Troy - located in N.W Turkey up to Mykines that is in Southern Greece using a special call on every mountaintop that the original message passed through. The same mountaintops are mentioned from Aeshylus in his drama "Agamemnon" and they are the ones that brought back to the Mikines city the message that Troy has fallen into the hands of the ancient siege army. The transmitted message will be passing along the nodes on the 2m band from one station to another. The special calls that will be used through this campaign will be: Turkey - Mountain Ida (Troy) to be announced; Greece - SX8FRA Lemnos Island; SX2FRB/A Athos mountain; SX8FRC Kandili Evia, SX1FRD Mesapio, Biotia; SX1FRE Kitheronas; SX1FRF Gerania; SX3FRG Arachneon, Peloponisos; and SX3FRH Mikines. Every Station will have at least 2m SSB/FM capability with yagi antennas. Before and after the event every station will be trying to make as many QSO's as possible with the special calls. Also that day we expect that many other hilltops will be activated in 2m band from other Greek and Foreign hams that will be joining this event. Nik, SV1EEX will be QRV from Kitheronas mountain with the call SX1FRE. Along with him will be SV1EOS, SV1JGX and SW1JGW. GRID Loc: KM18OE. They will be active July 11-14th on 80-2m + 70 cm. Modes will be SSB/FM/SSTV/RTTY/PSK and will try MS + JT6M. Also will try FM LEO SATS. QSL will be via the bureau. Further information can be found at: sx1fre.blogspot.com/ [SV1EEX]

11/07/2008: Special station GB0BWS will be aired July 11th for the 1st Bishop's Waltham Scouts from Shedfield in Hampshire (WAB = SU58). The station will be QRV on HF, 4m, 2m and 70cm. QSL via GB0BWS, bureau preferred. [GB2RS]

12/07/2008: GB4TMS is on air from Ty Mawr School in Anglesey (WAB = SH48) during a weekend of fun for children, parents and friends of the

school, July 12th and 13th. Interest in amateur radio comes from the visit of GB4FUN last year. Look for activity on all HF bands. Please QSL direct with Ty Mawr School Address (see QRZ.com under GB4TMS). [GB2RS]

12/07/2008: July 12th sees several special event stations on the air. GB0ACD is on the air from the Amersham Carnival Day in Buckinghamshire and GB2MKM is on the air from the Milton Keynes Museum in Wolverton. Also you could hear GB2RVS from the Rettendon Village Show in Chelmsford and GB4QES from the Queen Elizabeth Show in Horndean, Hampshire. Finally for July 12th, GB2SMW is on the air for St Mary's in Willingdon near Eastbourne. [GB2RS]

13/07/2008: Sunday July 13th sees two stations on the air. GB0CR for 'Castle Rising' in King's Lynn, Norfolk (WW Loc. JO02FT) and GB6MMR from the McMichael Rally. [GB2RS]

14/07/2008: Special event station CS27R will be aired between July 14-20th to celebrate the 27th International Motard Meeting of Faro (organization Moto Clube Faro). Operators include Jos?/CT1EHX, T?ze/CT1GFK, Gon?alo/CT1GPQ, Miguel/CT1IUA, Rui/CT2IHP, Jos?/CT1DVG, Jos?/CT1EPS, Arnaldo/CT2IOV and Moli/EA7AH. QRV on 160-6 meters, WARC included, using SSB, CW and RTTY. QSL via CT1EHX bureau or direct. [CT1END]

Come join the NAQCC and help us in our mission to preserve and encourage CW activity on our amateur bands. The NAQCC (North American QRP CW Club) is for ALL CW enthusiasts around the world.

Our members include "Big Gun" contesters, hard-core QRPers, experimenters, ragchewers and SWLers; young and old alike. As different as we may be, we all share one thing in common, and that is our love for CW.

We welcome all who want to help support CW and have at least some interest in using QRP from time-to-time. Our club runs monthly sprints and challenges. Plus we sponsor some additional special on-air activities during the year.

Membership is free and once you join you're automatically a lifetime member! So sign up today and help us keep CW alive and well.

Visit our web site at http://www.arm-tek.net/~yoel/. You'll find info on our various activities plus an online membership application.

We look forward to your support and hope to soon see your call added to our membership roster.

7306. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-11 02:11:57 UTC
From: K1XN
Topic: 5889 Message: 7306

*The JULY 2008 Issue #807-B files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

*

7307. Clipperton DX Club, VE, 9G, HB9, LX/MS, + Si tous les gars du monde

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-11 08:13:49 UTC
From: F5nql@aol.com
Topic: 7307 Message: 7307

30th CLIPPERTON DX Club Hamvention:
It is the Poitou-Charente area and more particularly the town of
Chasseneuil du Poitou which will accomodate this year the 30th annual meeting of the
Clipperton DX Club.
We will meet there on September 19th & 20th at the Campanile
Poitiers-Futuroscope Hotel for all the activities.
All the information about inluding dinners booking forms (- select French
version -) are available at
http://www.cdxc.org/index-f.htm (http://www.cdxc.org/index-f.htm)
Hotel rooms booking is each one’s matter.
During the Conventions, speakers will talk and project movies or pictures
about :
· 3B7C - Saint Brandon ;
· J5C - Guinée Bissau - by team F6KOP and CDXC ;
· TX5C - Clipperton Atoll ;
· VP6DX - Ducie Island ;
· 9XØR - Rwanda - by F9IE ;
· PJ/FS - Saint Martin ;
· J2ØMM - Djibouti ;
· C6ARI - Bahamas ;
· etc.
TM8CDX 2008 :

At this 30th convention occasion at Futuroscope, once again TM8CDX will be
activated, this year from September 6th to 20nd.
If possible a station will be installed saturday within the hotel.
For the 2008 edition the QSL manager is Rafik F5CQ.

pendant les maxima des Perséïdes .
Nous participerons au Concours MS-Sprin (_http://www.mmmonvhf.de/ctest.php_
(http://www.mmmonvhf.de/ctest.php)).
QRV via packet sur le Chat-KST, WW-convers et DX-cluster .
Info et maj futures à : http://www.mmmonvhf.de/latest.php?id=1726

Merci Guy" DL8EBW, on behalf of the MMMonVHF

TELEVISION –
Information à l’attention de ceux qui reçoivent la chaîne de télévision
13EME RUE;

Le 13 juillet à 1845 utc, cette chaîne diffusera le film de Christian Jacques, réalisé en 1956 :
« Si tous les gars du monde »
Ce film relate la solidarité et l’importance des OM dans les appels de détresse.
L’équipage du chalutier "Lutèce" étant malade, une chaîne de solidarité s’ organise afin de les sauver. Grâce au dévouement de tous et particulièrement des radioamateurs, l’équipage rentrera sain et sauf. Les radioamateurs de nos jours ont toujours cette solidarité en eux.

Retransmis avec ses amitiés par :
Maurice, F5NQL,

7308. C6APR DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-11 15:03:14 UTC
From: K1XN
Topic: 7089 Message: 7308

Update for publication:

Pete W2GJ, Ed K3IXD, Dallas W3PP will be active as C6APR from Crooked Island (NA-113), Bahamas, as a multi-operation, DXpediton in the RSGB IOTA contest.

Before and after the contest C6APR (July 25-28th) C6APR will be on 80m thru 10m including the WARC bands, CW and SSB.

Also before and after the IOTA contest the call C6AXD will be used on 6m and HF RTTY.

Both calls are good for Bird Rock Lighthouse (ARLHS BAH-005, TWLHD WLHC6-002, WLOTA LH-0118, Admiralty J4792) as well as IOTA NA-113 and Grid Locater FL22tt.

All QSLs to K3IXD, direct with SASE or SAE with US$1 or 1 new IRC; or via bureau.

73, Ed
K3IXD

7309. A QUESTION FOR USERS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-11 18:04:23 UTC
From: K1XN
Topic: 5820 Message: 7309

After looking at my credit card statement I just received, I have determined that
it must be afffected by the rising cost of oil aswell. I have not looked at thisstatement
that close in a long time and I find that it is costing 8% plus in service charges and
fees just to accept credit card orders.
How would you, the user, feel about renewing only by check or money order. If I
quit accepting credit cards for purchases would that be a show stopper for you?
Would paying an additional 8% for a product to use a credit card versus paying by
check be a negative? I quit PayPal for these same reasons and some others and now
the credit cards are getting to expensive toaccept. Now I know why many gas stations
have quit taking the plastic and accepting cash only for gas purchases.
Please help me out here and let me know what you think.
John K1XN

7310. Re: [GOLIST] A QUESTION FOR USERS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-11 18:20:33 UTC
From: Jerry Plemmons
Topic: 5820 Message: 7310

John:

I prefer the credit card re-order, just for the convenience, but would send a check.

If you send re-subscribe notices via US mail, keep in mind the cost of billing multiple times each year for those of us who have to be reminded numerous times and then wait until the very last minute to send a check. And, is there an added cost to subscribers who are not in the USA and have to do a money conversion to obtain a draft in US $$ from their national currency?

You could raise your subscription by $2.50. That would cover your 8%. I think the credit card companies get cranky when you offer 8% discounts for paying cash.

But I'm not canceling my subscription just because I have to send a check. 'course I live in the USofA.

Subject: [GOLIST] A QUESTION FOR USERS

After looking at my credit card statement I just received, I have determined that
it must be afffected by the rising cost of oil aswell. I have not looked at thisstatement
that close in a long time and I find that it is costing 8% plus in service charges and
fees just to accept credit card orders.
How would you, the user, feel about renewing only by check or money order. If I
quit accepting credit cards for purchases would that be a show stopper for you?
Would paying an additional 8% for a product to use a credit card versus paying by
check be a negative? I quit PayPal for these same reasons and some others and now
the credit cards are getting to expensive toaccept. Now I know why many gas stations
have quit taking the plastic and accepting cash only for gas purchases.
Please help me out here and let me know what you think.

Thanks Jerry and others that have given me their opinions
I may have to look at the PayPal option once again. When I
quit using them, their fees were starting to go up. One user mentioned
that it was possible to do a no fee transaction via PayPal, but I am
wondering how they would make money with that. The receiver of the
funds usually always pays a charge, at least that was that was the way
it was done in the past. I do not know how the "donate" button works,
but will look into it.
I do not like surcharges and do not plan to go that route. I also
like the
ability to assist my users in making reordering very easy. It is a problem
for sure.
There is one thing for sure, something has to give with the credit card
side of things. Many banks offer a FREE bill paying service to its
customers,
(I use one here). It saves stamps, gasoline, checks and is very
convenient to
use. I receive many of these checks for renewal. There are no costs
involved
for me either with these checks, only the stamp and envelope to mail them to
the bank for deposit.
As far as late "renewals", that is not a problem. An email to me to
let me know
the check is on the way is all that is needed. I manually renew each
one anyway,
so I can control that issue.
If it were not for money, life would be a piece of cake!!!

Hi John,

For years I've paid you by check, so you know where my vote is already.
That 8% is too much for a small business to lose. I'd think most all have checking accounts anyway. I don't think the postage will break anyone. Of course you may need to do a little arm twisting to get people to put the check in the mail. That's the plus side of credit cards.

Good luck.

Best 73,
Carl K8AV

Barry, is PayPal an option for you in Kiwi land?
Western Union is out of the question as their charges
are worst than oil prices.

Hi Carl,
Credit cards are a real convenience, that is for sure.
My users are a good bunch of folks and those that plan
to renew usually do in a timely manner. They know I will
take care of them if they just let me know what is going
on. I am sure I will figure something out. If I could just get
a few of the ZS boys to send me a Krugerrand a piece, this
would be a non issue.

Hi again John,

It appears the only way to be fair to you, and to your subscribers, is to charge so your profit is the same from all of us.

In order to do that a person that pays by check would pay one amount, while a person that pays by credit card
would pay another. Of course those that live in DXland would play another price. In other words give a discount
for manner of payment and cost of their postage.

We should all carry our fair share of your cost/profit.

No one group should subsidize another for your cost/profit, in all fairness!

Ya I know, it's a can of worms...but it would be fair to all with tiered discounts.

73,
Carl K8AV

I recently have used PayPal a couple of times prebooking accommodation in
Australia so presume there should be no problem John.
I would have no problem with a 'levy' of around $US5.00 being added to use a
credit card (for convenience) for my renewals

Barry, is PayPal an option for you in Kiwi land?
Western Union is out of the question as their charges
are worst than oil prices.

7325. Re: A QUESTION FOR USERS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-12 18:47:57 UTC
From: buffettcop@aol.com
Topic: 5820 Message: 7325

Hi John and list

I pay by check, still like a paper trail. PayPal is ok same with Credit Cards.

I'm webmaster for many different groups. One group had a fund raiser in the recent past 2 months. They asked about a Donate button on the website.

What I did was added the PayPal fee as "shipping" When they changed the fees from a straight fee to a screwy $.25 + 2.9% the figure does not always balance. So I averaged the anticipated donation and used that as the amount to figure the shipping.

When I'm dealing with a small business person, having been in business in the past and know the associated fees, I try to pay with cash so they can put food on the table for their family at the end of a day.

You provide a great service. Thanks for all your hard work!

Tony N2MFT

7326. NEW GOLIST AND RAC CALL BOOK PRICING

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-12 18:46:41 UTC
From: K1XN
Topic: 7326 Message: 7326

Hi folks,
I have received many messages via the group and direct expressing an opinion. All were valid and my of the solutions offered could have helped. The biggest problem
was in servicing orders from outside of the USA.
I have come to a decision (not good but not bad either).
Starting the 1st of August 2008, the price of Golist products, RAC call book products will increase $3.00 per item. If payment is made with a US Bank check or money order, you will receive a $3.00 discount on your order per item.
This price increase does NOT apply to WIN EQF or DX Telnet products as they belong to others and I do not control pricing for these items. I will have to address the expense issue with these folks.
So, beginning August 1st, if you purchase Golist or RAC products using a US Bank check or US Money Order a $3.00 discount per item applies.
This was the option most favored by users who expressed an opinion.
Thanks to everyone who sent messages to me about this issue.
John K1XN

7328. [Fwd: DXInfo user notification: Lobos Island AM8IL]

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-14 18:41:29 UTC
From: Xavier P.
Topic: 7328 Message: 7328

This is an enquiry e-mail via http://dxinfo.ea3bhk.com from:
EA8BGO - Juanjo <ea8bgoATgmail.com>

Once again we'll be active in the HF IOTA Contest after of 3V8SM Djerba Island 2005 and ED7SPI Sancti Petri Island 2006.

This year we'll be on air as AN8L from Lobos Island (IOTA AF-004) during the HF IOTA Contest 2008 (July 26th and 27th).

Between July 22th to 29th and outside the contest we'll use the calls AM8IL, EH8RDB and EH8VCL.

The Lobos Island is an island of the Atlantic Ocean, It is placed north of Fuerteventura Island and is uninhabited.

After several months of hard work, we got the permits thanks to the Canary Islands authorities.

We'll be active from 6 to 160 meters (include Warc bands) in CW, SSB and RTTY with at least 3 or 4 stations at the same time in two different camps and also a portable station for EH8RDB and EH8VCL.
The plans will be:

AM8IL - July 22th to 29th - Lobos Island and Punta Marti?o Lighthouse
IOTA: AF-004 - DIE: S-008 - ARLHS: CAI-005 - WLOTA: 0155 - FEA: D2786 - DME: 35014

AN8L - July 26th and 27th - Lobos Island - HF IOTA Contest 2008
IOTA: AF-004 - DIE: S-008 - ARLHS: CAI-005 - WLOTA: 0155 - FEA: D2786 - DME: 35014

EH8RDB - July 25th - Islote de Barrieto
DIE: S-117 - IOTA: AF-004 - DME: 35014

EH8VCL - July 24th and 27th - V?rtice Geod?sico Caldera de Lobos
DVGE: VGGC-035 - DME: 35014 - IOTA: AF-004 - DIE: S-008

The Team: EA8AUW,EA8BGO, EC8ADW EC8AMI, DH1TW, DL5RMH, EA4DRV, EA4TD, EA5AER, EA5FX, EA5KM, EC4DX

7330. NO CONVENIENCE WILL BE LOST!

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-14 18:53:20 UTC
From: K1XN
Topic: 7330 Message: 7330

I have had several emails with similar questions.
"If I use a check to renew my GoData or to order the next RAC cd,
will I lose the convenience of emailing you to take care of it like in
the past?"
Many of you do not like to fill out the web order form for various
reasons. The order form is a convenience for me for then I know I have
the most current info and shipping address for you. BUT, If you have
renewed or purchased RAC in the past year, I have the information
needed to complete an order For You. As long as the credit card info
is current or if you tell me your sending a check, I can make the order
for you.
All I ask of you is that you pay by US check when possible and you
let me know that you are sending a check. I can then renew your subscription
and prevent any loss of service. Remember paying by check will give you a
$3.00 discount on price (not in service, hi!). I am still accepting
credit cards
and can take care of you as in the past.
I hope this successfully addresses some of your concerns.

7333. PAYPAL

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-15 14:22:59 UTC
From: K1XN
Topic: 7333 Message: 7333

Hi folks,
Starting today, I have re-instated PayPal as a method of
sending funds to me for the GOLIST, WIN EQF, RAC and
DX TELNET products listed on my web site. You can send
funds to me at PayPal at this address: golist@...
Currently I am unable to modify my order form to accept
a PayPal button so you will have to use the PayPal web site
to send your order. http://paypal.com/
Checks or Money Orders drawn on US Banks is now the
preferred method of payment and a discount of $3.00 per item
will be given on GOLIST and RAC call book orders only.
Visa and Master Card will continue to be accepted in the near
future until alternative methods like PayPal are available to all my
users world wide.
Please continue to renew or order as you have in the past, via
the web site or by sending me an email note. If you wish to get the
discount then please consider using the Check payment method.
Thank you for your understanding and continued support.

John,

Minor question. When you say US Bank, do you mean the bank that is named US Bank, or are you referring to any bank in the US?

The reason I ask is that we have an account with US Bank, so a check I would send would be drawn on a US Bank Checking Account.

Dick,
I am referring to checks drawn on any bank in the USA or from
any country with a US bank affiliate.
I guess to say it simply, if you wish to send me money, I will find
a way to accept it. Ha, I am a capitalist, a bad one for sure. ha

In common usage this is ambiguous. Do you mean one minute after
Tuesday 2359 or one minute before Tuesday 0001???? It is much better
to avoid references to 0000 if possible, and in civil time to 12:00
AM or PM (which are undefined, use Noon and Midnight).

Hi friends
united Kingdom

From GB2RS
To mark the final closure of the London Air Traffic Control Centre at its site at the former RAF West Drayton in West London, the Air Traffic Control Engineers are holding a Closing Down Sale - All Engineers must go! event at the Park on 18 July. An amateur radio station will be operating for the day with special event callsign GB40BYE, reflecting goodBYE after 40 years. The intention is to operate all bands from top band to 70cm including 6 metres.
Thanks Jean Louis, F8LDX

Notes: Once again we'll be active in the HF IOTA
Contest after of 3V8SM Djerba Island 2005 and ED7SPI Sancti Petri
Island 2006.

This year we'll be on air as AN8L from Lobos Island (IOTA AF-004)
during the HF IOTA Contest 2008 (July 26th and 27th).

Between July 22th to 29th and outside the contest we'll use the calls
AM8IL, EH8RDB and EH8VCL.

The Lobos Island is an island of the Atlantic Ocean, It is placed
north of Fuerteventura Island and is uninhabited.

After several months of hard work, we got the permits thanks to the
Canary Islands authorities.

We'll be active from 6 to 160 meters (include Warc bands) in CW, SSB
and RTTY with at least 3 or 4 stations at the same time in two
different camps and also a portable station for EH8RDB and EH8VCL.
The plans will be:

AM8IL - July 22th to 29th - Lobos Island and Punta Martiño Lighthouse
IOTA: AF-004 - DIE: S-008 - ARLHS: CAI-005 - WLOTA: 0155 - FEA: D2786
- DME: 35014

AN8L - July 26th and 27th - Lobos Island - HF IOTA Contest 2008
IOTA: AF-004 - DIE: S-008 - ARLHS: CAI-005 - WLOTA: 0155 - FEA: D2786
- DME: 35014

EH8RDB - July 25th - Islote de Barrieto
DIE: S-117 - IOTA: AF-004 - DME: 35014

EH8VCL - July 24th and 27th - Vértice Geodésico Caldera de Lobos
DVGE: VGGC-035 - DME: 35014 - IOTA: AF-004 - DIE: S-008

Well I they say on their website that you fill out their on-line request and they will upload your QSLs the next time they do an upload. I guess they must only check to see who has filled out that form once a month. I sent them cards, donation, filled out their stupid form and still nothing. I guess they need you to send them a couple hundred in donations before they will QSL. What a joke!

I did the same, and a few weeks ago, checked their website, and they had my name on a list, with "missing" call signs. Not sure how that happened, but sent an email connecting name and call sign. About week later, all my Q's hit LoTW.

7347. DX NEWS FROM DL5XL

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-16 10:15:43 UTC
From: K1XN
Topic: 7347 Message: 7347

From: "Felix Riess" <felix@...>

During the RSGB IOTA Contest 2008 (July 26 to 27, 2008), I will once again be active as DL5XL/p from Helgoland Island, Germany's only off-shore island in the North Sea. Participation will be in the Single OP, CW only, 24 hours, High Power category of the contest. For those that collect counters for the various island and lighthouse awards, the reference numbers are as follows:

IOTA EU-127 (Schleswig-Holstein State South West group), DID N-14
DOK E20 (Insel Helgoland), Grid JO34WE, LDK PI, POAR DL-107
Helgoland Lighthouse (about 750m from my QTH): ARLHS FED-101, WLOTA 0518

QSL cards will be reliably sent via the bureau. For a quicker reply, direct requests with return postage (1 IRC) can be mailed to:

Felix Riess, Suederortsweg 3, 27628 Sandstedt, Germany

73 and CUAGN in the IOTA Contest!

Felix, DL5XL.

I wouldn't go that far Bob. I'm in exactly the same
situation. I sent a traditional donation in a traditional
envelope. As I read their latest press release, they do not have
paper QSLs in hand yet. We'll get them eventually. I expect that
they will upload our tier of LoTW logs contemporaneously with the
mail out of our paper QSLs.

The only issue I see with an otherwise super DXpedition was the
unclear communication on the donation/QSL procedure prior to the
DXpedition. We can't undo things now, so it's just a matter of time,
and we'll all get our cards. Some operations take over a year to get
cards out. They are not behind.

I.C.P.O. Bulletin (July 17 - 25, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

17/07/2008: Look for Wes, MM/K6EIL to be active June 17-20th from Bressay Lighthouse (ARLHS SCO-021, TWLHD WLH GM-009, WLOTA LH-1079, WW Loc. IP90KC) on Bressay Island (IOSA SH06, SCOTIA SI08), Shetland & Fair Isle (EU-012). He will operate CW and SSB QRP on 20, 40 and 80 meters in his early mornings, evenings and occasional afternoons. QSL via home call. [425 DX News]

17/07/2008: Leo, S50R will be active as SV5/S50R from the Dodecanese islands (EU-001) from July 17-24th. Activity is planned for 40 meters and WARC bands using CW, SSB and RTTY, with low power and wire antennas. QSL via home call and LoTW. [NG3K]

17/07/2008: Franz, DL3PS and others will be active from various sections of Iceland as TF/homecall and TF7/homecall between July 17th and August 5th. Their plan is to visit Heimaey Island, Vestmannaeyjar [Westman Islands] (EU-071, WLOTA LH-0976), the Coastal Islands (EU-168) and the main island (EU-021, WLOTA LH-2975). QSL via home call(s), by the bureau is preferred. Stay tuned... Web site for this activity can be found at: www.iceland-dxpedition.de/ [rsgbiota.org]

17/07/2008: Look for UE6EFF to be QRV July 17-20th from the Teberdinskiy Nature Reserve (WFF - RFF-086, RDA KC-02, RMA - RM-03-910 new of one!). QSL via RW6HKF. [russiandx]

18/07/2008: Hideki, JA2IVK will active as 8Q7SH from the Maldive Islands (AS-013) from July 18-20th. He will be QRV using a FT-897 (100W) and HF7V-J antenna on the following frequencies: CW - 3505, 7004, 10104, 14024, 18074, 21024, 24894 and 28024 kHz; SSB 3795, 7065, 14195, 18145, 21295, 24945 and 28495 kHz. QSL via home call, direct or bureau. [NG3K]

18/07/2008: Charlie, M0OXO will be active as GB0LMI from Holy Island/Lindisfarne (EU-120, WW Loc. IO95CQ, WAB NU14) from July 18-20th. This operation will also count for Lindisfarne Castle (CASHOTA reference G-142). Look for activity on the HF bands. QSL via home call. [F5NQL]

18/07/2008: Michael, DL6MHW will be active July 18th to August 4th from Bornholm Island (EU-030, BO-001 for the Danish Islands Award, WLOTA LH-2203) using the call sign OZ/DL6MHW. Look for activity on all bands 80-10m, with peak activity during the RSGB IOTA Contest (July 26-27th). QSL via home call, direct or bureau. [rsgbiota.org]

18/07/2008: Look for operators RZ6AZZ/p, RA1QY/6, RW6AMP/p, RU6AX/p, RA6AU/p and possibly others to be active from the following islands

located in the Azov Sea: July 18th from Eiskaya Kosa Island (RR-17-02, RDA KR-33); July 19th from Zeleny Island (RR-17-05, RDA KR-61) and July 20ht from Dolgie Island (RR-17-01, RDA KR-33). QSL via home calls, direct or bureau. [RX3RC]

18/07/2008: Andrey, RW9WA and friends will be active as homecall/p from Aslykul National Park (RFF-153) from July 18-20th. Activity is planned for all bands, 160-10 meters. A QSL card will automatically be sent via the bureau to all contacts made (there is no need for you to send a QSL card). Further information can be found at wff44.com/ [QRZ.ru]

19/07/2008: Alain, F5LMJ will be on vacation with his family and plans to be QRV from S?o Miguel Island (EU-003, DIP AZ-002 for the Portuguese Islands Award, WLOTA LH-2016) from July 19-26th. He will have a FT-857 and half-size G5RV and will be active maily on CW and digital modes. QSL via home call, direct or bureau. [NG3K]

19/07/2008: Didier, F4ELJ will be active as F4ELJ/p from Groix Island (EU-048, DIFM AT-012, also count for WLOTA LH-0050) from July 19-26th. QSL via home call. [425 DX News]

19/07/2008: Freddy, F8CKS/p will be QRV July 19th from the Castle Campagnac (DFCF 24-102), located in the commune of St Pardoux and Vielvic (CP 24170), canton of Belves (DDCF 24-01), Department Dordogne/24, Province Aquitaine (DPF 02). QRV 80 and 40 meters. QSL via home call, direct or bureau. [F8CKS]

19/07/2008: Andy, DL7AT plans to be active from Bomlo Island (EU-055) as LA/DL7AT between July 19th and August 3rd. QRV from 40-10m with 100 Watts and vertical GP, including an entry in the RSGB IOTA Contest. QSL via home call, direct or bureau. [rsgbiota.org]

19/07/2008: Santa Cruz Island (NA-144, USi CA-012S, WLOTA LH-0813, Santa Barbara County), California, will be on the air for a short time on July 19th while setting up equipment for the IOTA event at the end of the month. During the IOTA Contest, N6VR/p will be the CW station and NT6AA/p will be on SSB. They will have tribanders, verticals, wire antennas and small amplifiers for both stations. Before the contest the individual operators will be on the air with their own call signs. N6KZ/p will be on 30, 12 and 17 meters before and during the contest. QSLs N6VR/p via N6AWD; all others, QSL via home call. [425 DX News]

19/07/2008: Ian, G4FSU will be active as OH/G4FSU from Emasalo Emsalo Island (EU-097) from July 19th to August 10th. Expect activy on the HF bands on, or near, the usual island and IOTA frequencies. QSL via home call, direct or bureau. [rsgbiota.org]

19/07/2008: Pierre, ON4CQ/p will be QRV July 19th from the Castle of Blanmont (BCA reference BW030). Activity will be on 80, 40 and 20 meter SSB and CW. QSL via home call, direct or bureau. [ON7ZB]

19/07/2008: Luc, OT6T will be active as SV8/OT6T/p from Kerkyra (a.k.a. Corfu) Island (EU-052, MIA MG-055, also count for WLOTA LH-4132) between July 19th and 28th. Activity will be holiday style on 80-10 meter SSB. QSL via home call, bureau or eQSL. [rsgbiota.org]

19/07/2008: Some members of Tri-County Amateur Radio Club (WC5C) will be active as W5G from Greer Island (USi TX-058, not IOTA), Tarrant county, Texas, on July 19th from 1300 - 2100 UTC. Activity is planned for SSB and CW as follows: SSB - 3.760, 7.260, 14.260, 21.290, 28.460 MHz; CW - 3.535, 7.035, 14.035, 21.035, 28.035 MHz. All contacts recceive a commemorative QSL card. [USi]

19/07/2008: The Venturing Crew 9050 and Muskegon Area Amateur Radio Council will be active as W8M from South Manitou Island (USi MI-038L, Not IOTA) and lighthouse (ARLHS USA-773, WW Loc. EN65WA), Leelanau county, Michigan, from July 19-21st. Activity will be on the HF bands, on or near the usual island, IOTA and lighthouse frequencies. QSL via W8ZHO (Muskegon Area Amateur Radio Council, PO Box 691, Muskegon, MI 49443 USA). [USi]

20/07/2008: Bjoern, HB9DTV will be QRV as 9A/HB9DTV from Rab Island (EU-136, ACIA 168, CIA-38, IOCA CI-096, MIA MC-330, WLOTA LH-2198), July 20-26th. Look for activity on or around the usual island and IOTA frequencies. QSL via home call, bureau preferred. [rsgbiota.org]

20/07/2008: Alfredo, IK7JWX/p will be QRV July 20th from Isola Sant' Andrea (EU-091, IIA LE-01, MIA MI-100) and lighthouse (WAIL PU-023, ARLHS ITA 084, WLH I-037, WLOTA LH-0075, Admiralty E2168, WW Loc. JN80XB). QSL via home call, direct or bureau. [IW1DQS]

20/07/2008: Look for Okko, PH2CV to be active as SV8/PH2CV/p from the island of Ithaki (EU-052, MIA MG-045, also count for WLOTA LH-4124) from July 20th until August 8th. Check for activity on all HF bands. QSL via home call, direct or bureau. [rsgbiota.org]

20/07/2008: Mike/UT9IO and Harry/UX3IW will be active as homecall/p from Zmeiniy Island (EU-182, UIA BS-07, Odesa Region/oblast OD, also count for WLOTA LH-0725) from July 20th to August 5th. They will operate SSB, CW, RTTY and BPSK31 on 80-2 meters, and will take part in the RSGB IOTA Contest (July 26-27th). QSL via home call, direct or bureau. [425 DX News]

21/07/2008: Operators Arlindo/CT1EGW, Luis/CT1EEQ, Herm/CT3FN (HB9CRV), Tony/CU2HJA, Antonio/CU8AS, Lutz/DL9DAN and Rudi/HB9CQL will be active as CU1F (QSL via CT1GFK, direct or bureau) from the lighthouse Gon?alo Velho (DFP FAZ-013, ARLHS AZO-009, WLOTA LH-2978, Admiralty D2632) on Santa Maria Island (EU-003, DIP AZ-001), Azores, from July 21st to August 1st. Look for activity on 80-6 meter CW, SSB, RTTY and PSK31. 50 MHz Operation - A beacon will be operated on 50.113 MHz. CU1B call will be used on 6m. In case of openings SMS reports can be sent to a cellular telephone. Number will be communicated after arrival on Sta. Maria. They will also participate in the IOTA Contest (July 26-27th) as CU1T (QSL via CT1GFK, direct or bureau), as a Multi-Single/24hr entry. Further

information at: www.to-mk.com/azores/presentation/index.php [HB9CRV]

21/07/2008: The KL7DX IOTA DXpedition to Chuginadak Island (NA-234 New One!, Grid AO52) is planned to take place from July 21-27th. At the moment, team members include Yuri/N3QQ, John/KE7V and Yuri/UA9OBA. The team will try to make as many as possible 2-way radio contacts with IOTA Island Chasers on all HF bands including 6 meters. As of right now, they are in the final planning stages for Chuginadak Island (Islands of Four Mountains group) NA-234 Amateur Radio DX-pedition. Estimated Dates: Landing on or around July 21st, 2008, Departure on or around July 27th, 2008. QSL via AC7DX (QRZ.com). Further information can be found at na-234.com/index.html [na-234.com]

21/07/2008: Roald/OZ1BLO and Karl/LA8DW will be active from Bornholm Island (EU-030, DIA BO-001, WLOTA LH-2203), July 21-26th. Plans are to operate SSB, CW, RTTY and PSK31 on 80-10 meters. QSL via bureau. [425 DX News]

21/07/2008: Victor/RN1AW and Nick/RV1AQ will be active as RN1AW/p and RV1AQ/p from Krepysh Island (EU-133) from July 21-27th, RSGB IOTA Contest included. QSL via home calls. [425 DX News]

21/07/2008: Operators Laci/HA6NL, Al/HA7JJS, Laci/HA7PL and Zsolt/HA6PS will be active as SV8/homecalls July 21-31st from Skopelos Island (EU-072, MIA MG-113, also count WLOTA LH-2221), Greece. QRV all HF bands and 6 meters. For the RSGB IOTA Contest, they will have J48 calls as fellows: J48NL op HA6NL, J48JJ op HA7JJS, J48P op HA7PL and J48PS op HA6PS. QSL via HA QSL bureau or direct. [HA0HW]

21/07/2008: Dimistris, SV1JB will be active as SV9/SV1JB in his spare time from Kokini Hani, Crete (EU-015, MIA MGC-005, WLOTA LH-1400) between July 21st and August 7th. He will operate CW, SSB and PSK31 on 80-10 meters. QSL via home call, direct or bureau. [425 DX News]

21/07/2008: Laci, HA0NAR will be active as SX8R from Thasos Island (EU-174, MIA MG-124, WLOTA LH-4186) from July 21-29, RSGB IOTA Contest included. He plans to operate CW, SSB and FM on 160-2 meters. QSL via home call, direct or bureau. [425 DX News]

22/07/2008: Operators EA8AUW,EA8BGO, EC8ADW EC8AMI, DH1TW, DL5RMH, EA4DRV, EA4TD, EA5AER, EA5FX, EA5KM and EC4DX will be active as AM8IL, EH8RDB and EH8VCL between July 22-29th from Lobos Island (AF-004, DIE S-008) and the Punta Marti?o Lighthouse (FEA D2786, ARLHS CAI-005, TWLHD WLH EA8-009, WLOTA LH-0155, Admiralty D2786, ES-12140, DME 35014). Call sign AM8IL will be used from July 22-29th. On July 25th they will use the call sign EH8RDB from Islote de Barrieto (AF-004, DIE S-117, DME 35014). July 24th and 27th they will sign EH8VCL from V?rtice Geod?sico Caldera de Lobos (AF-004, DIE S-008, DVGE VGGC-035, DME 35014). Activity will be from 160-6 meters (WARC bands included), using CW, SSB and RTTY with at least 3 or 4 stations at the same time in two different camps and also a portable station for EH8RDB and EH8VCL. QSL all calls via EC8AMI. [NG3K]

22/07/2008: Some members of the Tokyo Dental College Amateur Radio Club (JA1YUC) will be active as JA1YUC/6 from Kuro Island (AS-024, JIIA AS-024-009), JA6 Yaeyama Island group, from July 22-27th, RSGB IOTA Contest included. They will be QRV 160-6 meters, using SSB and CW. QSL via home call, direct (Tokyo Dental College A.R.C., 1-2-2 Masago, Mihamaku, Chiba-city 261-8502 JAPAN) or bureau. JIIA Award: www3.ocn.ne.jp/~iota/newpage61.htm [JI6KVR]

23/07/2008: Zik, VE3ZIK/DO7ZZ will once again be active from Croatia with the call sign 9A/VE3ZIK between July 23rd and August 23rd. Activity will be on the HF bands only, CW, SSB, RTTY, PSK31, PSK63 and 10m FM if there are some CONDX. There is a chance to be active for one day from Bosnia-Herzegovina with the call sign E7/VE3ZIK (July 27th or 28th). QSL via DO7ZZ, bureau prefered. QSL request at: zik@... . All logs will be uploaded to: www.qslnet.de/ve3zik/ [OPDX Bulletin]

23/07/2008: Peter, YL2PN will be active as ES0/YL2PN from Ruhnu Island (EU-178, WLOTA LH-4244) from July 23-27th, RSGB IOTA Contest included. QSL via home call, direct or by the bureau. [rsgbiota.org]

23/07/2008: Charlie/M0OXO and Nigel/M0NJW will be active as GB8LMI from the Les Minquiers Islands (EU-099) between July 23-29th. They will be operating from Ma?trese Island (The largest island in Les Minquiers Group). Look for activity on the HF bands. During the RSBG IOTA Contest they will use the call sign MJ0X. QSL via M3ZYZ. Updates will be available at: www.gb8lmi.co.uk/ [F5NQL & 425 DX News]

23/07/2008: Klaus/OZ7KDJ and Erik/OZ9V will be active as OZ8MW/p from Anholt Island (EU-088, DIA NK-001) between July 23-28th. QRV on 80-40-20-15-10M before the contest, QRV in the IOTA contest. They will be active on 6M, equipment FT920, 5-el tonna, with height of about 15M. [rsgbiota.org]

24/07/2008: Look for Lars, DF1LON to be QRV July 24-31st as CT3/DF1LON from Madeira Island (AF-014, DIP MA-001, WLOTA LH-0053), with an entry in the RSGB IOTA Contest (July 26-27th) included. QSL to home call, direct or bureau. [NG3K]

24/07/2008: GIRA - Grupo de Investiga??o de Radiocomunica??es e Ambiente, will operate from Selvagens Grande Island (AF-047, DIP MA-004, WW Loc. IM20BD, also count for WLOTA LH-0692) from July 24-27th, including an entry in the RSGB IOTA Contest (July 26-27th). They will simultaneously operate two stations on the HF bands and also expect to operate on VHF (145MHz). Operators mentioned are Jorge/CT1BOL, Jos?/CT1DSV, Paulo/CT1EFS, Ant?nio/CT1ENV, Paulo/CT1FEK and Rui/CT1HFS. QSL via CT1BOL, direct or bureau. [CT1DSV]

24/07/2008: Operators Colin/G3VCQ, Peter/G3PHO, Andy/M0GAV, Tim/2E0TJX, Sharon/M3VCQ, Steve/M1ERS, Trevor/M0TWS and Jack/2E0JTL will be active as MM3M from the Isle of Arran (EU-123, IOSA CL-01, SCOTIA CS-14) from July 24-28th, IOTA Contest included (July 26-27th). This will be their fourth entry from Arran into the IOTA Contest. They will also be activating the Isle of Pladda (EU-123, IOSA CL-07, SCOTIA CS-12) July

25th and 26th. QSL via G3VCQ, direct (QRZ.com) or bureau. Further infomation will be posted at: www.sheffield-live.co.uk/ [rsgbiota.org]

24/07/2008: Operators Fred/VE1FA, Helen/VA1YL, Bill/VE1MR, Rich/VA1CHP, Howard/VE1DHD, Al/VO1NO, Lowell/VY2OX and Lynn/VE1ENT will be active as VC1T from Outer Island [a.k.a. Bon Portage] (NA-126, CIsA NS-128) and lighthouse (ARLHS CAN-360, Admiralty H3790, WW Loc. FN73DK) from July 24-30th. Their main goal is the RSGB IOTA Contest (July 26-27th) as a Multi-Op/DXpedition entry. Outside the contest they will be QRV 80-6 meters, using various modes. QSL via VE1RGB (QRZ.com). For direct QSLs, please enclose TWO "green stamps". All others can go via the bureau. [NG3K]

24/07/2008: A group of operators from the Radio Club Venezolano will be active as YW6AJ from Isla Piritu Adentro (SA-090, DIV-002 for the Venezuela Islands Award), Anzoalegui State, from July 24-27th. The team will participate in the IOTA Contest as YW6A, but YW6AJ will remain active on 12, 17 and 30 meters, as well as on the digital modes. QSL via YV5AJ, direct or bureau. [425 DX News]

24/07/2008: Cris, PY7GK will be active as ZW6GK during July 24-27th from Morro de S?o Paulo, Tinhar? Island (SA-080, DIB #60, for the Brazil Islands Award), Bahia State, Brazil, as ZW6GK. He will be active specially on CW, maybe SSB, on 20, 30 and 40 meters, using only 100 watts and G5RV antenna. QSL direct to PY7GK. [rsgbiota.org]

25/07/2008: Operators Pete/W2GJ, Ed/K3IXD and Dallas/W3PP will be active July 25-28th as C6APR from Crooked Island (NA-113), Bahamas, including a Multi-Op/DXpediton entry in the RSGB IOTA contest. Before and after the contest C6APR will be on 80m thru 10m, including the WARC bands, CW and SSB. Also before and after the IOTA contest the call C6AXD will be used on 6m and HF RTTY. Their initial calling frequency on 6 meters is 50.125 MHz SSB (WW Loc. FL22TT) using 100 watts and Moxon at 25 feet. All QSLs to K3IXD, direct with SASE or SAE with US$1 or 1 new IRC; or via bureau. Both calls are Bird Rock Lighthouse (ARLHS BAH-005, TWLHD WLH C6-002, WLOTA LH-0118, Admiralty J4792). [K3IXD]

25/07/2008: Operators Fran?ois/VA2RC, Guy/VE2QRA, Steve/VE2TKH and Dany/VE2EBK will be active as CG2I from La Grosse Ile, Quebec (NA-128, CIsA QC-010, Grid FN47), from 1600z July 25th to 1400z July 27th. QRV all modes and bands 160-6 meters, with two stations. The 2 stations (KW, beams and dipoles) should be active at the same time. QSL via VA2BK, direct or bureau or Email request. This activity is also in celebration of the 400th Anniversary of Qu?bec City. [RAC]

25/07/2008: Operators Hans-J?rg/DO3HJW, Andreas/DD8ZJ, Michael/DG5LAC, Petra/DB1LPS, Georg/DK7LX and Olaf/DL4HG will be active as DA0T/p from Neuwerk Island (EU-127, N-12 for the German Islands Award, WLOTA LH-2311) between July 25th and 27th, RSGB IOTA contest included. Activity will be on 10-80m, including WARC bands, using CW and SSB with 100W and two Stations, verticals and dipoles. QSL via the DARC bureau. [rsgbiota.org]

25/07/2008: Alfredo, IK7JWX/p will be QRV July 25-27th from Isola Grande (EU-091, IIA LE-02, MIA MI-040), RSGB IOTA Contest included. QSL via home call, direct or bureau. [IW1DQS]

25/07/2008: Dennis, M0LSB plans to be active holiday style as MM0LSB/p from Great Bernera (EU-010, IOSA OH-12, SCOTIA HI-27) from July 25-27th, RSGB IOTA Contest included. QSL via M0LSB, direct or by the bureau. [rsgbiota.org]

25/07/2008: A group of operators from the Delta DX Association and the Texas DX Society (namely Max/K5PP, Bob/N5ET, Buzz/N5UR, Don/W5FKX and Mike/W5ZPA) will be active as N5I from Grand Isle (NA-168, USi LA-003S, Jefferson County), Louisiana, from July 25-27th, RSGB IOTA Contest included. They will operate CW, SSB and RTTY/PSK with two stations covering 30-10 meters, depending upon propagation. QSL via N5UR, direct or bureau. Further information at: www.deltadx.net/N5I.htm [425 DX News]

25/07/2008: Operators Jeroen/PD5CW, Will/PE1OPM and Manfred/PE1OXV will be on a holyday weekend to the Island of Schouwenduiveland and Goeree Overflakkee (EU-146). They will be QRV SSB only 80-10m from Zonnemaire, Zeeland (WW Loc. JO11XQ), RSGB IOTA Contest included, using the call signs PD5CW and PE1OPM/p. QSL all calls via PD5CW, direct or bureau. More information at: home.versatel.nl/eu-146/ [rsgbiota.org]

25/07/2008: A new SX5C DXpedition from the Radio Amateur Association of Greece from July 25th to August 4th - The following Greek hams: Cliff/SV1JG, Spiros/SV1RC, George/SV1RP, Nikiforos/SV1EEX, Theodoros/SV1GRM, Sotirios/SV1HER and Daniel/SV1JCZ will activate the rocky islet Strogili (EU-001, GIOTA DKS 001, MIA MGD-022, WW Loc. KM46TC) and Ipsili lighthouse (ARLHS GRE-123, TWLHD WLH WLH SV-058, WLOTA LH-1653, Admiralty E5848). QSL via SV1HER. [MMMonVHF]

25/07/2008: Special Event station UE1RYR/p will be active July 25-26th from RDA district VO-19 (Nikol'sky), Vologda oblast (#120, VO for Rossija award). QSL via UA1RJ, direct or bureau. [RX3RC]
==========
LOOKING AHEAD -

26/07/2008: Felix, DL5XL/p will be QRV in the RSGB IOTA Contest as a Single-Op/CW-Only/24hr/High-Power entry from Helgoland Island (EU-127). For those that collect counters for the various island and lighthouse awards, the reference numbers are as follows: IOTA EU-127 (Schleswig-Holstein State South West group), DID N-14, DOK E20 (Insel Helgoland), Grid JO34WE, LDK PI, POAR DL-107. Helgoland Lighthouse (about 750m from my QTH): DLTD #26, ARLHS FED-101, TWLHD WLH DL-009, WLOTA LH-0518, Admiralty B1312. QSL via home call, direct or bureau. [DL5XL]

26/07/2008: The Bristol Contest Group will be active once again from the isle of Jersey (EU-013, also count for WLOTA LH-0818) during the RSGB IOTA Contest using the call sign GJ6YB. QSL via G3SWH. [NG3K]

26/07/2008: Dan, KF8Z/p will be QRV from Hunting Island NA-110, USi SC-003S, WLOTA LH-2265, Beaufort County), South Carolina, with his XYL for some vacationing and casual operation, slow CW and SSB on 7MHz and up from July 26-30th. QSL via home call, direct or bureau. [rsgbiota.org]

26/07/2008: Mark, KO1U will be active as KO1U/m from Conanicut Island (NA-031, USi RI-007S, WLOTA LH-1422, Newport County), Rhode Island, for the RSGB IOTA Contest. Activity will be sporatic on 7040, 14040 and 14260+ 50093.3+/- kHz. QSL via home call (QRZ.com). [rsgbiota.org]

26/07/2008: Look for Mek/SP7VC and Adam/SP8RX to be active as homecall/1 from Wolin Island (EU-132) during the RSGB IOTA Contest. No entry category was mentioned. QSL SP7VX/1 via home call. QSL SP8RX/1 via DJ0IF. [NG3K]

26/07/2008: Tomas, OK2PTZ will be active from the island of Crete (EU-015, MIA MGC-005, WLOTA LH-1400) as SV9/OK6Y during the RSGB IOTA Contest. QSL via OK2PTZ. [NG3K]

30/07/2008: Look for Ralph, NM5RC/p to be active July 30th from Antelope Island (USi AZ-023/UT-023), which borders Kane county, Utah and, Coconino county, Arizona. Short stay as the temperature of the red rock will rise to 120? F by noon and there is no shade. 20m mostly, but some 40m. Will also move to 40m upon relayed request. Will send QSL cards to all contacts by end of August. [USi]

31/07/2008: Jay, NS4J will be on a Buffalo, New York, road trip for a long weekend. He would really like to put on two new ones, Squaw NY032 and North NY044 for the US Islands Award. Plans are to activate any or all or none of the following US islands: Grand (NY-001R, Niagara County), Squaw (NY-032, Erie County), South (NY-037L, Erie County), North (NY-044, Erie County) on 40, 20 and 15 meters. Jay will use the call sign NS4J/p or K3USI. QSL via home call, direct or bureau or USi e-QSL. [USi]

12/08/2008: Joao, CU6AY plans to be QRV August 12 to September 4th as CU6AY/p from Pico Island (EU-175, DIP AS-006, WLOTA LH-1321). He will also activate for the first time the Natural reserve of Montanha do Pico for the World Flora Fauna - WFF Award (CTFF-045 CU). QSL direct to home call (see QRZ.com). [rsgbiota.org]

12/08/2008: Niels, OZ8KR plans to be QRV August 12-13th and August 16-17th as JW/OZ8KR from the club station in Longyearbyen, Spitsbergen Island (EU-026, also count for WLOTA LH-0125). Activity will be SSB only and Niels likes 14.220 NHz or 14.260 NHz. QSL via home call. [NG3K]

25/10/2008: HD2A and JA Team will be active as HD2A from Ecuador for the CQWW DX SSB Contest (October 25-26th), as either a Multi-Single or Multi-Multi entry. QSL via QRZ.com. [NG3K]

09/01/2009: Look for Niels, OZ8KR to be active as C56KR from Bakuto, The Gambia, between January 9-14th. QRV 40-10m SSB, using FT-857 and

wire antennas. After travling in Senegal he will be active again from January 23rd to February 4th. QSL via home call. [NG3K]
==========
SPECIAL EVENTS -

15/07/2008: Special Event Station Commemorating 2008 Beijing Olympics - The Hong Kong Amateur Radio DX Association (HARDXA) is pleased to announce that it has received official permission from The Office Of The Telecommunications Authority authorizing it to use a special event callsign VR2008O for the period from 15th July to 31st August, 2008 to celebrate the 2008 Beijing Olympics. Operations will be primarily HF from 7MHz through to 28MHz and VHF on 50MHz, modes operated shall be primarily SSB, RTTY and PSK31. Direct QSL only to VR2XMT (Charlie Ho, PO Box 900, Fanling Post Office, Hong Kong, PR China). No eQSL or LoTW. [VR2XMQ]

18/07/2008: To mark the final closure of the London Air Traffic Control Centre at its site at the former RAF West Drayton in West London, the Air Traffic Control Engineers are holding a Closing Down Sale - All Engineers must go! event at the Park on 18 July. An amateur radio station will be operating for the day with special event call sign GB40BYE, reflecting goodBYE after 40 years. The intention is to operate all bands from 160m-70cm including 6 metres. [GB2RS]

23/07/2008: From July, 23rd at 0000 UTC to August 2nd, 2008 at 2400 UTC the regional club stations of Borj-Cedria (3V8CB) start a special call sign TS28ASJ from the Mondial Centre of Formation and Camps of Borj-Cedria, near Tunis the capital city of Tunisia. Two radio stations will be centralized there to broadcast the scouts radio calls for all the world and transfer the Camp's days info. Activity will be on 15, 17, 20, 40 and 80 meters, using SSB, PSK31, RTTY, SSTV and CW. Do not hesitate to be on the scouts frequencies and reply on this call. QSL via DL1BDF. [3V8ST]

26/07/2008: The Nucleo de Radioamadores da Armada (the Portuguese Navy Amateur Radio Group) will be active as CS8DFG in late July to celebrate their 6th anniversary. This special activity will take place on 80, 40 and 20 meter SSB and CW from the restored fregate "Dom Fernando II e Gloria", from 0800 to 1900 UTC on July 26th and 27th. QSL via CT1DRB (direct) or EA4URE (bureau). Further information, including the relevant award, can be found at: www.nra.pt/ [425 DX News]

26/07/2008: GX8LED, will be active from Daventry Borough Hill, Marconi site from 0000-2400z Saturday, July 26th for International Marconi Day. Frst time from this location for IMD (www.gb4imd.org.uk/) by the Northampton Radio Club (G8LED) and Chris, M0DOL. QSL via M0DOL, direct or bureau. [F5NQL]

26/07/2008: W1AW/KL7 will be on the air (grid square BP56) July 26th to August 10th on all bands from 160-6 meters. This ARRL 2008 Alaska State Convention Special Event Station plans to run two HF stations operating CW, SSB and digital, one satellite station and one station devoted to

146.52 MHz. QSL via W1AW (QRZ.com). [MMMonVHF]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html

7356. ST BARTH DXped

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-17 21:39:45 UTC
From: K1XN
Topic: 7356 Message: 7356

From: EA3BHK, Xavier ea3bhk@...

ST BARTH DXped by Sam SAHAI, FG5ED.

Sam Sahai, FG5ED, ex-FG7AS, FKoAT, YJoKMS... plans to run
the St Barth Radio-Club station FJ5KH on July 21st to 30th,
mostly in CW.

The one and only QSL route, for THIS operation only, is direct via :

CH. GODEAU
13 avenue Buckeburg
F - 72300 SABLE
France.

As FS/FG7AS, Sam was a member of one of the very first St Barth
DXpeds in 1978 with F6EXV and the French gang.

More info will be on his blog soon
http://cqoj.typepad.com

7357. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-17 23:26:07 UTC
From: K1XN
Topic: 5889 Message: 7357

*The JULY 2008 Issue #807-C files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

*

7358. NIAR Silver Jubilee Contest

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-18 04:42:34 UTC
From: K1XN
Topic: 7358 Message: 7358

NIAR Silver Jubilee Contest

1. *Object*: To contact as many amateurs around the world as part of
NIAR Silver Jubilee

Celebrations.

2. *Eligibility*: All licensed amateurs & SWLs around the world.

3. *Contest Start*: Saturday 1200 UTC (5.30 pm IST), August 16, 2008.

4. *Contest End*: Sunday 1200 UTC (5.30 pm IST), August 17, 2008.

5. *Entry Categories*:

a.Single Operator (VU Stations): Using Home Brew rig

b.Single Operator (VU Stations): Using Commercial equipment

c.Foreign Class : High Power (Above 100 watts)

d. Foreign Class : Low Power (Below 100 watts)

e. SWL

6. *Bands*: 7 & 14 MHz. The same station may be contacted on both bands.

7. *Modes*: CW & Phone. The same station may be contacted on both modes.

8. *Contest exchange*: Signal Report and Serial Number of Contest Contact.

9. *QSO Points*:

* For VU Hams: *

QSOs with:

VU stations: 2 points

Asian stations: 3 points

Other DX stations: 5 points

VU Special station: 10 points

For DX Hams:

Asia ?C VU: 3 points

DX ?C VU: 5 points

Foreigners ?C VU special station: 10 points

Foreigners ?C Foreigners: 1 point.

Note: VU Special station is NIAR HQ Club station with the callsign VU2NRO or special callsign to be issued for NIAR Silver Jubilee.

For SWL category: 3 points for each contest QSO monitored.

SWLs must log the complete QSO consisting of the call including the Serial Number and the second call. Incomplete QSOs do not count. Every station counts once per band and mode for the SWLs.

10. *Final result*: Summery of QSO-points

11.* Reporting*:

Entries may be sent by post to:

Silver Jubilee Contest

National Institute of Amateur Radio

Raj Bhavan Road, Somajiguda

Hyderabad 500082, India

Computerized logs must be sent in adif; cabrillo format by email to: vu2nro@... <mailto:vu2nro@...>

The last date for receipt of entries is: September 17, 2008.

11. *Awards*:

1. A certificate will be awarded to 3 high scoring entries in each category.

2. The top scorer in Single Operator (VU Stations) using Home Brew rig.

will receive a trophy sponsored by Mr. Franz Berndt, DL9GFB, Germany.

3. General membership to NIAR will be given to 5 high scoring entries in each category.

4. Participation certificates will be awarded to all those who send entries.

5. The Awards will be given at the NIAR Silver Jubilee Celebrations to be held at

Hyderabad on October 18-20, 2008.

6. Staff members of NIAR are not eligible for Awards.

The entries shall be judged by a contest committee.

The decision of the Contest Committee shall be final.

Please publicize this contest.

Thank you.

7359. DMC RTTY CONTEST 2008

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-18 10:28:02 UTC
From: K1XN
Topic: 7359 Message: 7359

From: "Dimitry Slyusarenko UT5RP" <rtty@...>

DMC RTTY CONTEST 2008
R u l
e s

1.Date and time:

Start: 12:00 GMT -Saturday 19 July 2008
End: 12:00 GMT -Sunday 20 July 2008
(3-th weekend of July)

2.Call : CQ DMC Contest

3.Categories:

1. SOAB-QRP
2. SOAB-LP
3. SOAB-HP
3. MOABST-HP
4. SWL

*SOAB-QRP (Single operator, all bands, QRP station). Maximum power 10 watts.
Only one signal is allowed on any one time. SOAB-QRP operators may change the
band in any time. SOAB-QRP operators should perform all of the operating,
logging
and spotting functions.

*SOAB-LP(Single operator, all bands, low power). Maximum power 100 watts.
Only one signal is allowed on any one time. SOAB-LP operators may change the
band
in any time. SOAB-LP operators should perform all of the operating, logging and
spotting
functions.
*SOAB-HP(Single operator, all bands, high power). No output power limit on all
bands.
Only one signal is allowed on any one time. SOAB-HP operators should perform all
of the
operating, logging and spotting functions.
*MOABST-HP(Multi operators, all bands, single transmiter, high power). No output
power
limit on all bands. Only one transmiter and one signal on the band is allowed on
any one time.
MOABST-HP operators may change the band once in any 5 minute period.
*SWL Stations(Short Wave Listener Station).
SWLs are required to log the callsigns of both the heard and correspondent
station.

Scores are calculated based only upon the heard station, using the same rules as transmitting stations. A callsign may not appear more than three (3) times per band,
as a correspondent.

4.Bands:

80 meters band (3.5 MHz)
40 meters band (7 MHz)
20 meters band (14 MHz)
15 meters band (21 MHz)
10 meters band (28 MHz)

5.Exchange:

Signal report + serial number, starting 001
(Example: 599 001)

6.QSO points:

Each completed QSO scores 1 (one) point.

7.Multipliers:

1. All DXCC countries and JA, W, VE, and VK areas count as multiplier.
2. Continents.
*Multipliers and continents count only once in the contest regardless of band

8.Scoring:

QSO points x Continents (max.6) x Multipliers = TOTAL SCORE

9.Log instructions:

1) Logs must be submitted in CABRILO format by e-mail to:
dmcrtty@...

2) All logs must be received by 20 August 2008
3) All time must be in GMT
4) Logs should be sent as an attachment file
-The subject line of your e-mail should include your callsign and category
(Example: WA2XXX - SOAB-HP)
4) Your log can be sent by post to:
DMC Contest Commitee
P.O.Box 8
6000 Stara Zagora, Bulgaria

-Please send us a compatible PCI computer disc containing your cabrillo file.
Don't forget to label the disc with your callsign and your category.
5) All logs received after 20 August 2008 will be accepted as "CHECK LOG"
6) All discs received via post must be claimed no later than 20 August 2008.

What software I can use and how to make my CABRILO log?

1. For MixW users!
You can download the statistic DLL file for DMC RTTY Contest
(Special thanks to RA3BB for his kind help)

Explanation on how to setup your MixW Software
(Thanks to Pat-ON3AD)

2.You can use all contest software supported BARTG RTTY Sprint Contest as the points and multipliers are the same. You will have to correct only the header of the
cabrilo-changing the contest name with DMC RTTY.

10. Discqualification:

1) Violation of the rules; unsportsmanlike behavior.
2) Actions and decisions of the DMC Contest Committee are official and final.

11. Awards:

Trophies will be awarded to category winners
Certificates will be awarded top 5 (five) stations in each category
Additional prizes:
1. 1000 full color QSL cards (personal designed) will be awarded to the winners in
each category, sponsored by Gold Print Service - http://www.lz3hi.com

! If you are interesting in sponsoring special contest trophy for DMC RTTY CONTEST
please contact us by email: dmc@...
Your logo will be placed in our web site and your logo will be placed on the QSL cards
of the category winners .

All personal donors will see their callsign in our donors page and will be placed as personal
donors over the winners QSL cards.

Any donations are much welcome. If you are interesting to donate the support of DMC RTTY Contest you can do it by PAYPAL. Please feel free to contact us
for more details at: dmc@...

* Any contestant may claim DMC awards from contacts made during the contest.
More details for our awards can be found on the official web site of
Digital Modes Club http://www.digital-modes-club.org

12. Contact information:

Address: DMC Contest Committee
P.O.Box 8
6000 Stara Zagora
Bulgaria

E-mail: dmc@...
Web site: http://www.digital-modes-club.org

Good luck in the contest!
73, LZ3HI Emil

Cockenzie and Port Seton Amateur Radio Club GM2T

RSGB Islands on the Air Contest

Saturday 26th July to Sunday 27th July 2008.

CPSARC will once again operate from the Isle of Tiree (IOTA EU-008, IOSA NH04, WAB NM04), the most westerly of Scotland's Inner Hebridean Islands, during the RSGB IOTA (Islands on the Air) Contest which runs from 12:00 UTC 26th July until 12:00UTC 27th July 2008, using the clubs special contest call sign GM2T.

Pre contest activity will be as MM0CPS/P

GM2T heavily supports newcomers to our wonderful hobby and has a large number of newly licensed members who are actively encouraged to participate in our contest effort, whether experienced or not. This way, not only does our hobby benefit from new operators, but contesting benefits as they invariably become bitten by the contest bug.

This years team consists of :-

Cambell MM0DXC, Bob GM4UYZ, John MM0JXI, Brian M0RNR, Gary MM0FZV, Moe MM0MRM, Geoff MM5AHO, Ellis GM4GZW, Bob GM4IKT, Jim G3VOU, Jonno M5FUN and Duncan MM0GZZ

QSL route to GM2T via the Bureau, or our QSL Manager GM4UYZ, Bureau or direct, details at www.qrz.com/gm2t,

For Details about Cockenzie and Port Seton Amateur Radio Club visit our revamped website at www.cpsarc.com

This is the clubs 10th Anniversary on the Island and the team would like to express their gratitude to all the Islanders who have looked after us over the years but in particular to Elaine Hutchinson of Elephants End Restaurant (www.elephantsend.com) for her unrivalled support and hospitality over the last 10 years.

A group of operators from the West of Scotland ARS will be active
from the Isle of Colonsay (EU-008) during IOTA Contest on
26 - 27 July 2008. Two contest callsigns will be used - GM2Z (CW)
and GM4A (SSB). A separate station will be working PSK outside of the
contest,
callsign is MS0EPC (www.eu.srars.org <http://www.eu.srars.org>). At the
moment our team consists of MM0DFV,
GM0WRR, MM0GDL, GM4TOQ, GM7WED and MM3LKV. A couple of other operators
may join us. QSL cards for both contest stations and MS0EPC should be
sent to MM0DFV.

7364. TOP 5 QSL MANAGER or QSL CARD HANDLERS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-18 21:52:13 UTC
From: K1XN
Topic: 7364 Message: 7364

Hi folks,
With the bands in such sorry shape, I am sure everyone has been
busy catching up on your Qsl chores. You know, that job you put off
for reasons unknown by normal folks.
This might be a very good time to take a Top 5 Qsl Manager or Qsl
card hander survey. It has been several years now since I last conducted
the last survey and it will be interesting to see results during this "down"
period. There will be no plaques nor money, but there will be a lot of
bragging
rights to the most vote getters for Top 5.
The rules are simple. Send me the call sign of that Qsl Manager or card
handler that impressed you most this year in sending you a confirmation
card.
Don't base it on past years or popularity, but on the actual performance by
that person.
Send you vote to me via email at : golist@... In the subject
line
please put TOP 5 QSL MANAGERS, this will help me sort the mail.
The survey will run until the 20th of August and I will report the
results on
this reflector. This survey is open to all amateurs around the world.
I hope to hear from many of you soon.

7368. QSL MANAGER VOTE BY A SWL

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-21 11:48:31 UTC
From: K1XN
Topic: 7368 Message: 7368

Folks,
I received a vote and remarks from a Swedish SWL about his choice for Top Qsl Manager and he also had a remark as to how some qsl managers treat SWL requests.

Hello John:

My candidate as an SWL is Joe, W3HNK. He has sent me several QSLs during the last two years, promptly, and also appreciates e-mail comments and thank you-messages. His attitude towards SWLs is excellent.

This goes for nearly all QSL Managers, the negative example here is Martti, OH2BH, who keeps our dollars and throws our reports into the waste paper baskets... at least this is the conclusion of many SWLs. Logically this is not quite OK, if you are a QSL manager this gives special responsibilites and since most Ham radio societies accept SWLs for Awards, we are supposed to receive QSLs to apply for these awards. The individual ham is free to accept or reject, but I feel QSL managers who receive SAEs and payment is in another position. But, as I stated, the problems are few, most QSL managers are correct, friendly and deserve praise for their job, often a very heavy burden!

Hi John and Friends
Just to remind you and all the IOTA Charsers the Comming Expedition to
Selvagens Islands - AF047
The group composed by CT1DSV, CT1EFS, CT1ENV, CT1FEK, CT1HFS and CT1BOL
are making a big effort to be active as planned from 24 to 27 July in
theses Islands. They plan to use 2 HF Stations, and they will be active
as *CQ9U*, and *CT95S* Calsigns. The first one will be used
forparticipating in the RSGB IOTA Contest, the second one will be used
as a tribute to Funchal City 500 Years Foundation Commemoration. Funchal
Citybis the Capital City of Madeira Isl Arch. This group of
Expeditioners decided to help the Madeerian Radio CLub (ARRM) in
celebrating this event, and so this call is valid for the Funchal 500
Years Award.

*Folks,
After giving you a negative viewpoint from a SWL about a Qsl Manager,
I will share this note with you that I received today.
*

Hi John
,
I'd like to put in my vote for QSL Manager Corrado, IT9DAA who has
even gone as far as to drop me an e-mail alert about upcoming
expeditions after having answered some questions for me via e-mail. I'm
a newer DXer but still working long hours and it's easy to forget to
keep up on when they start. I'd say that is going the extra mile!

Cheers and 73

7375. CQ9U/CT95S DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-24 00:47:02 UTC
From: K1XN
Topic: 7375 Message: 7375

Hello all
Just to inform that the CQ9U/CT95S crew as departed from Funchal City in direction to Selvagens Islands - AF047 -shere they should arrive between 21 and 24.00 Local time (-1 zulu)on the 23rd of July. They will do their best to have at least one station working as soon as they can on the 24th. They will take more time than expected on the trip, because they had to change boats due to an unexpected breakdown on the engine of the main boat. This faillure delayed their departure, but they are very happy and ansious to get into the island and start to make some qso?s.

I.C.P.O. Bulletin (July 24 - August 01, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

24/07/2008: Look for Lars, DF1LON to be QRV July 24-31st as CT3/DF1LON from Madeira Island (AF-014, DIP MA-001, WLOTA LH-0053), with an entry in the RSGB IOTA Contest (July 26-27th) included. QSL to home call, direct or bureau. [NG3K]

24/07/2008: GIRA - Grupo de Investiga??o de Radiocomunica??es e Ambiente, will operate as CQ9U and CT95S from Selvagens Grande Island (AF-047, DIP MA-004, WW Loc. IM20BD, also count for WLOTA LH-0692) from July 24-27th, including an entry in the RSGB IOTA Contest. They will simultaneously operate two stations on the HF bands and also expect to operate on VHF (145MHz). Operators mentioned are Jorge/CT1BOL, Jos?/CT1DSV, Paulo/CT1EFS, Ant?nio/CT1ENV, Paulo/CT1FEK and Rui/CT1HFS. QSL via CT1BOL, direct or bureau. Further information can be found at: www.cq9u.com/ [CT1DSV]

24/07/2008: The South Dublin Radio Club Contest team EJ0GI will be participating in the RSGB IOTA Contest from Inis Oirr (EU-006, the smallest of the Aran Islands). The team comprises of members from SDR and Belfasts' COBRAS, several of whom are ISWL members (Gerry/GI0RTN, Alan/GI0PCU, Bill/GI3MMF and David/GI8SKN). They will be QRV before and after the contest 80-6 meters, CW and SSB. QSL via EI2SDR. [Pete's-DX-Newsdesk]

24/07/2008: Look for David, EI3GKB to be active from Inisheer (EU-006, also count for WLOTA LH-2314) as EJ3GKB from July 24th to 30th, IOTA Contest included. QRV 80-6 meters before and after the contest. QSL direct or Bureau to EI3GKB. [rsgbiota.org]

24/07/2008: Operators Tonu/ES2DW, Toivo/ES2RR, Tonno/ES5TV, Mart/ES3BM, Tiit/ES4BG, J?ri/ES5JR, Juhan/ES5QX, Viljar/ES3VL, ES7GM, Juri/ES5GP, Juha/OH1JT are currently active until July 28th as homecall/2 from Keri Islet (EU-149, WW Loc. KO29MQ) and lighthouse (ARLHS EST-027, WLOTA LH-1238, Admiralty C3844). They will also participate in the RSGB IOTA Contest as ES2Q, a Expedition/Multi-Op entry. QSL ES2Q via QSL. QSL others by their home calls. Further information at: www.es2q.com/ [NG3K]

24/07/2008: Operators Colin/G3VCQ, Peter/G3PHO, Andy/M0GAV, Tim/2E0TJX, Sharon/M3VCQ, Steve/M1ERS, Trevor/M0TWS and Jack/2E0JTL will be active as GS3RCM/p from the Isle of Arran (EU-123, IOSA CL-01, SCOTIA CS-14) from July 24-28th, IOTA Contest included (July 26-27th) using the call MM3M. This will be their fourth entry from Arran into the IOTA Contest. They will also be activating the Isle of Pladda (EU-123, IOSA CL-07,

SCOTIA CS-12) July 25th and 26th. QSL via G3VCQ, direct (QRZ.com) or bureau. Further infomation will be posted at: www.sheffield-live.co.uk/ [rsgbiota.org]

24/07/2008: The will once again operate from the Isle of Tiree (IOTA EU-008, IOSA NH04, SCOTIA DI10, WAB NM04) during the RSGB IOTA Contest (July 26-27th) using the clubs special contest call sign GM2T. Pre contest activity will be as MM0CPS/P. This years team consists of Cambell/MM0DXC, Bob/GM4UYZ, John/MM0JXI, Brian/M0RNR, Gary/MM0FZV, Moe/MM0MRM, Geoff/MM5AHO, Ellis/GM4GZW, Bob/GM4IKT, Jim/G3VOU, Jonno/M5FUN and Duncan/MM0GZZ. QSL route to GM2T via the bureau, or their QSL Manager GM4UYZ, bureau or direct, details at www.qrz.com/gm2t [Pete's-DX-Newsdesk]

24/07/2008: Elena/RA3ACC and Pavel/UA3AUG will be active as RK3AZY/1 from Pezhostrov Island (EU-147) from July 24-31st, IOTA Contest included. [425 DX News]

24/07/2008: John, G3LAS will be active July 24-29th as SM/G3LAS from Fogdo Island (EU-084), IOTA Contest included. QSL via home call. [rsgbiota.org]

24/07/2008: Operators Fred/VE1FA, Helen/VA1YL, Bill/VE1MR, Rich/VA1CHP, Howard/VE1DHD, Al/VO1NO, Lowell/VY2OX and Lynn/VE1ENT will be active as VC1T from Outer Island [a.k.a. Bon Portage] (NA-126, CIsA NS-128) and lighthouse (ARLHS CAN-360, Admiralty H3790, WW Loc. FN73DK) from July 24-30th. Their main goal is the RSGB IOTA Contest (July 26-27th) as a Multi-Op/DXpedition entry. Outside the contest they will be QRV 80-6 meters, using various modes. QSL via VE1RGB (QRZ.com). For direct QSLs, please enclose TWO "green stamps". All others can go via the bureau. [NG3K]

24/07/2008: A group of operators from the Radio Club Venezolano will be active as YW6AJ from Isla Piritu Adentro (SA-090, DIV-002 for the Venezuela Islands Award), Anzoalegui State, from July 24-27th. The team will participate in the IOTA Contest as YW6A, but YW6AJ will remain active on 12, 17 and 30 meters, as well as on the digital modes. QSL via YV5AJ, direct or bureau. [425 DX News]

24/07/2008: Cris, PY7GK will be active as ZW6GK during July 24-27th from Morro de S?o Paulo, Tinhar? Island (SA-080, DIB #60, for the Brazil Islands Award), Bahia State, Brazil, as ZW6GK. He will be active specially on CW, maybe SSB, on 20, 30 and 40 meters, using only 100 watts and G5RV antenna. QSL direct to PY7GK. [rsgbiota.org]

25/07/2008: Charlotte/OZ0CP, Jorgen/OZ1J and Jorgen/OZ2JBC will be active from Bornholm Island (EU-030, DIA BO-001, WLOTA LH-2203) using the call sign 5Q2T from July 25-28th, IOTA Contest included as a DX-pedition/Mixed entry. If possible they will work on digimode and on the WARC bands (also SSB and CW) before and after the contest. QSL 5Q2T via OZ0J, direct or Bureau or LoTW. [rsgbiota.org]

25/07/2008: Operators Pete/W2GJ, Ed/K3IXD and Dallas/W3PP will be active July 25-28th as C6APR from Crooked Island (NA-113), Bahamas, including a Multi-Op/DXpediton entry in the RSGB IOTA contest. Before and after the contest C6APR will be on 80m thru 10m, including the WARC bands, CW and SSB. Also before and after the IOTA contest the call C6AXD will be used on 6m and HF RTTY. Their initial calling frequency on 6 meters is 50.125 MHz SSB (WW Loc. FL22TT) using 100 watts and Moxon at 25 feet. All QSLs to K3IXD, direct with SASE or SAE with US$1 or 1 new IRC; or via bureau. Both calls are Bird Rock Lighthouse (ARLHS BAH-005, TWLHD WLH C6-002, WLOTA LH-0118, Admiralty J4792). [K3IXD]

25/07/2008: Operators Fran?ois/VA2RC, Guy/VE2QRA, Steve/VE2TKH and Dany/VE2EBK will be active as CG2I from La Grosse Ile, Quebec (NA-128, CIsA QC-010, Grid FN47), from 1600z July 25th to 1400z July 27th. QRV all modes and bands 160-6 meters, with two stations. The 2 stations (KW, beams and dipoles) should be active at the same time. QSL via VA2BK, direct or bureau or Email request. This activity is also in celebration of the 400th Anniversary of Qu?bec City. [RAC]

25/07/2008: Operators Hans-J?rg/DO3HJW, Andreas/DD8ZJ, Michael/DG5LAC, Petra/DB1LPS, Georg/DK7LX and Olaf/DL4HG will be active as DA0T/p from Neuwerk Island (EU-127, N-12 for the German Islands Award, WLOTA LH-2311) between July 25th and 27th, RSGB IOTA contest included. Activity will be on 10-80m, including WARC bands, using CW and SSB with 100W and two Stations, verticals and dipoles. QSL via the DARC bureau. [rsgbiota.org]

PM87LU, WLOTA LH-0056) from July 26-30th, including one station in the RSGB IOTA Contest. QRV all HF bands, using CW and SSB. Operators include JA9FR, JA9SA, JA9ARC, JA9AYV, JA9DII, JA9LNB, JA9OVX, JA9RGU, JH9GRW, JH9UYZ, JR9NFC, JE9BGI, JO2SLZ, JF3MZP, JA9SZN, JO3DDD, JP1HCS, JH9GMW, JK1MVF, JA1AGS, JA8CCL, WB6Z, JN1ORA and others. QSL via the JARL bureau, or direct to JH9UYZ (QRZ.com). Further information at: hegura.hp.infoseek.co.jp/ [JI6KVR & JJ1WTL]

26/07/2008: Once again the OCV DX TEAM will be on another expedition for the RSGB IOTA Contest from the island of Sisarga Grande (EU-077, DIE O-137 for the Spanish Islands Award, WLOTA LH-0693). They will use their contest call sign AM1S, as a Multi-Op/Low-Power entry. Operators mentioned are Pepe/EA1DKV, Domingo/EA1DAX, Carlos/EA1US, Javier/EA1FDI, Luis/EA1NT, Amadeo/EA1CA, Jes/EA1JO, Pedro/EA1FCH, Manuel/EA1HP, Jose/EA1ADP, Augusto/EA4TG, Gerard/EA4ST and Jose/EA1OS. Look for possible activity before the contest with the operators using their personal homecall/p. QSL AM1S via EA1OS, direct or bureau. More info at: sisargas.calandraca.com/ [rsgbiota.org]

26/07/2008: Edu, EA8AUW reports that a group of operators will be active as AN8L from Lobos Island (DIE S-008, WLOTA LH-0155), Canary Islands (AF-004), as a Multi-Op/High-Power entry in the RSGB IOTA Contest. Team members mentioned are EA8AUW, EA8BGO, EC8AMI, EC8ADW, DH1TW, DL5RMH, EC4DX, EC4JD, EA4DRV, EA4TD, EA4ATA, EA5FX, EA5KM and EA5AER. QSL via EC8AMI, direct or bureau. Further information can be found at: www.islotedelobos.com/ [NG3K]

26/07/2008: Jimmy, BX5AA will be active during the RSGB IOTA Contest from Taiwan (AS-020, also count for WLOTA LH-0022) as a Single-Op/All-Band/High-Power entry. [NG3K]

26/07/2008: Ed, CO7PH is planning to be active again, as either CO7PH/p or with a special call sign (possibly T47CF), from NA-086 (Camaguey Archipelago) for the IOTA Contest. He expects to be joined by two other operators, and they will try to run two stations to cover both CW and SSB at the same time. QSL via W3HNK. [425 DX News]

26/07/2008: Alain, F5LMJ will be on vacation with his family and plans to be QRV from Terceira Island (EU-175, DIP AZ-003 for the Portuguese Islands Award, WLOTA LH--0524) from July 26th to August 1st, RSGB IOTA Contest included. He will have a FT-857 and half-size G5RV and will be active maily on CW and digital modes. QSL via home call, direct or bureau. [NG3K]

26/07/2008: Felix, DL5XL/p will be QRV in the RSGB IOTA Contest as a Single-Op/CW-Only/24hr/High-Power entry from Helgoland Island (EU-127). For those that collect counters for the various island and lighthouse awards, the reference numbers are as follows: IOTA EU-127 (Schleswig-Holstein State South West group), DID N-14, DOK E20 (Insel Helgoland), Grid JO34WE, LDK PI, POAR DL-107. Helgoland Lighthouse (about 750m from my QTH): DLTD #26, ARLHS FED-101, TWLHD WLH DL-009, WLOTA LH-0518, Admiralty B1312. QSL via home call, direct or bureau. [DL5XL]

26/07/2008: EA1DR, EA1RC, EA2DCF, EA3NT, EC2ADN and DD1MAT will participate in the IOTA Contest as EE1MI from Mouro Island (EU-142, DIE N-016, WLOTA LH-2720). QSL via EA1DR. [425 DX News]

26/07/2008: Bodo, DL3OCH will be active from Ile Sainte Marguerite (EU-058, DIFM ME-020) as F/DL3OCH/p for the IOTA Contest. QRV 40-15 meter CW, running 100 Watts with IC-706 and vertical antenna. QSL via home call, direct or Bureau. [rsgbiota.org]

26/07/2008: Freddy, F8CKS/p will be active July 26th from the Castle Du Breuil (DFCF 24-103), commune of Grives, canton of Belves. QSL via home call, bureau preferred. [F8CKS]

26/07/2008: The Association des Radioamateurs et Ecouteurs du Toulois, F8KGZ plan to activate the Fort of Dongermain (DFCF reference 54-004) on July 26th using the call sign F8KGZ/p on 80 and 40 meter SSB. QSL direct or by the bureau. [F5LHJ]

26/07/2008: Declan/EI9HQ, Joe EI7GY (GI0MPG), Sean/EI4GK, Pete/EI4GZB and Peter/GI4VIV will participate in the IOTA Contest from Rathlin Island (EU-122). They will operate as GI0MPG from Rathlin East Lighthouse (ARLHS NTI-011, TWLHD WLH GI-001, WLOTA LH-0283). QSL via GI0MPG, direct or bureau. [425 DX News]

26/07/2008: The Kilmarnock and Loudoun Amateur Radio Club will be active during the RSGB IOTA Contest from Rathlin Island (EU-122, also count for WLOTA LH-0283), Northern Ireland, using the call sign GI3YS. Members of the team include Allan/GM3OZB, Barry/GM3YEH, Stephen/GM4OSS, John/GM0DJG and Gordon/MM0BIM. QSL via the bureau to MM0DHQ. [rsgbiota.org]

26/07/2008: The Bristol Contest Group will be active once again from the isle of Jersey (EU-013, also count for WLOTA LH-0818) during the RSGB IOTA Contest using the call sign GJ6YB. QSL via G3SWH. [NG3K]

26/07/2008: A group of operators from the West of Scotland ARS will be active from the Isle of Colonsay (EU-008, IOSA NH19, SCOTIA DI05) during IOTA Contest. Two contest call signs will be used - GM2Z (CW) and GM4A (SSB). A separate station will be working PSK outside of the contest, call sign is MS0EPC (www.eu.srars.org/). At the moment their team consists of MM0DFV, GM0WRR, MM0GDL, GM4TOQ, GM7WED and MM3LKV. A couple of other operators may join them. QSL cards for both contest stations and MS0EPC should be sent to MM0DFV. [MM0DFV]

26/07/2008: Members of the Crocodile Rock Amateur Group (CRAG) will be active as GM5C from the Isle of Great Cumbrae (EU-123, IOSA CL03, SCOTIA CS17) during the IOTA Contest. Operators mentioned are Bob/GM0DEQ, Robbie/GM0SEI and Jennifer/MM0JJV, with the support from Livia (SWL) and Corrie. QSL via GM0SEI. [OPDX Bulletin]

26/07/2008: A team from the Kilmarnock and Loudoun ARC will be active as GM7A from Kerrera Island (EU-008, IOSA FL02, SCOTIA CN02, WAB: NM83 Argyle and Bute, WW Loc. IO76GK) for the RSGB IOTA Contest. QSL via GM7AAJ, direct or bureau. [Southgate ARC]

26/07/2008: Edwin, HI3K plans to be active during the RSGB IOTA Contest from Puerto Plata, Dominican Republic (NA-096, also count for WLOTA LH-2974) as a Sinle-Op/All-Band/Low-Power entry. QSL via KB2MS. [NG3K]

26/07/2008: Ray, WQ7R will be active from Roatan Island (NA-057, also count for WLOTA LH-1671) as HQ9R during the RSGB IOTA Contest. QSL via K5WW. [NG3K]

26/07/2008: IA5K will be active for the RSGB IOTA Contest from Elba Island [Isola d'Elba] (EU-028, IIA LI-001, MIA MI-022, WLOTA LH-0564). QSL via IZ5BTC. [F5NQL]

26/07/2008: Jack, IZ3DBA will be active as IM0/IZ3DBA during the RSGB IOTA Contest from Maddalena Island [Isola Maddalena] (EU-041, IIA SS-001, MIA MIS-013). QSL via home call, direct or by the bureau. [F5NQL]

26/07/2008: The Strange Radio Team - Headquarters will be active as IQ8OM/7 from Sant'Andrea Island [Isola Sant'Andrea] (Gallipoli) (EU-091, IIA LE-001, MIA MI-100, ARLHS ITA-084, WAIL PU023, TWLHD WLH I-037, WLOTA LH-0075, Admiralty E2168, WW Loc. JN80XB) during the RSGB IOTA Contest. QSL via IZ8EDJ. [F5NQL]

26/07/2008: Operators Marcello/IT9ABY, John/IT9DQM, Sal/IT9HUV and Joe/IT9RBW will be active as IR9Y from Sicily (EU-025, IIA SC-001, MIA MI-107, WLOTA LH-1362) during the RSGB IOTA Contest as a Multi-Single entry. QSL via IT9ABY. [OPDX Bulletin]

26/07/2008: The Cretan Amateur DX Team will be participating in RSGB IOTA Contest using the call sign J49A from Cape Sidero, the eastern part of Crete Island (EU-015, MIA MGC-005, WLOTA LH-1400, WW Loc. KM35DH). Operators mentioned are SV9JI Manos, SV9ANJ Manos, SV9BGE Nikos, SV9BKZ Kostas, SV9BMJ Manos, SV9CJO John, SV9COL Dimitris, SV9DJO George, SV9GPV George, SV9GPY Michalis, SV9IOI Manos and SV0LB/9 George. QSL via SV9GPV. [NG3K]

26/07/2008: JW7QIA will be active for the IOTA Contest (SOAB SSB) from Sptsbergen Island (EU-026, WLOTA LH-0125). QSL direct or via the Bureau. [NG3K]

26/07/2008: Dan, KF8Z/p will be QRV from Hunting Island NA-110, USi SC-003S, WLOTA LH-2265, Beaufort County), South Carolina, with his XYL for some vacationing and casual operation, slow CW and SSB on 7MHz and

up from July 26-30th. QSL via home call, direct or bureau. [rsgbiota.org]

26/07/2008: Mark, KO1U will be active as KO1U/m from Conanicut Island (NA-031, USi RI-007S, WLOTA LH-1422, Newport County), Rhode Island, for the RSGB IOTA Contest. Activity will be sporatic on 7040, 14040 and 14260+ 50093.3+/- kHz. QSL via home call (QRZ.com). [rsgbiota.org]

26/07/2008: Operators Trond/LA9VDA and Bjorn/LA5UKA will be active as LA6Q from Vagsoy (WLOTA LH-2181) between July 26-30th. Look for them to be in the RSGB IOTA Contest (July 26-27th). They will also use the special call sign LA2008TSR (to celebrate the 2008 Tall Ships Race). QSL info for both call signs can be found on QRZ.com. [OPDX Bulletin]

26/07/2008: Look for Jon, M0OVL/p to be active July 26-27th from Longstone (EU-109, WLOTA LH-0234, Admiralty A2814), Farne Islands. He will be joined by Harold/G8JUZ and Charles/M0GAX operating under their own calls. Jon will also use another call 2E0OVL/p during his non contest operating times to give as many stations as possible a chance to work the island, but NO contest serial number will be given. In the event of bad weather on the morning of the contest an alternative operation will take place from Lindisfarne (EU-120). QSL via home call, direct or by the RSGB bureau. Further information at: www.2e0ovl.com/ [rsgbiota.org]

26/07/2008: Dom/M1KTA and Clive/M5CHH will be active as M1KTA for the RSGB IOTA Contest on all HF bands using SSB and CW, QRP only, from mainland England (EU-005, also count for WLOTA LH-1841). They would like to contact as many other QRP stations as possible during the activation and will make every effort to have a high percentage of 2xQRP QSOs. QSL via M1KTA, direct or bureau. [rsgbiota.org]

26/07/2008: Dave/G3NKC, Peter/G4MJS, Martin/G4XUM and others will be active as MD4K from the Isle of Man (EU-116, also count for WLOTA LH-0449) during the RSGB IOTA Contest as a Multi-? entry. QSL via G3NKC. [NG3K]

26/07/2008: Charlie/M0OXO and Nigel/M0NJW will be active as MJ0X from Les Minquiers Islands (EU-099) for the RSGB IOTA Contest. QSL via M3ZYZ. [NG3K]

26/07/2008: Colin, MM0NDX states that IOTA EU-008 will be on air for sure during the 2008 IOTA Contest. He will use the call sign MM0NDX/p. Tanera Mor (EU-092, IOSA SC10, SCOTIA CN32), Scotland. QSL direct only to his home call. [rsgbiota.org]

26/07/2008: Paul, M3KBU will be active for the RSGB IOTA Contest from the isle of Skye (IOSA NH-07, SCOTIA CN-14), Inner Hebrides (EU-008), using the call sign MM3KBU/p. QSL via M3KBU, direct (QRZ.com) or bureau. [rsgbiota.org]

26/07/2008: Douglas, GM0ELP will be active as MM3T from the isle of Islay (IOSA NH22, SCOTIA CS25, WLOTA LH-1826), Inner Hebrides (EU-008). IOTA contest the category will be Single-Op, All-Band, Low-Power, Expedition and period of operation will be 12 hrs. QSL via MM3T at eQSL. [rsgbiota.org]

26/07/2008: Operators Doug/K1DG, John/K1AR, Randy/K5ZD and possibly others will be active during the RSGB IOTA Contest from the Long Island DX Society club station (N1LI), located on Long Island (NA-137, USi ME-083S, Cumberland County), Maine, using the club call sign. Multi-Op/All-Band entry. QSL via N1LI. [rsgbiota.org]

26/07/2008: Stan, N2US will be active as N2US/p from Assateague Island (NA-139, USi VA-024S, WLOTA LH-4206, Accomack County), State of Virginia, for the IOTA Contest. He will operate CW and SSB. QSL direct or bureau. [425 DX News]

26/07/2008: Barry/K4CZ, Keith/W4KAZ and Nate/N4YDU will be active as N4A during the RSGB IOTA Contest from Core Banks Barrier Island - Cape Lookout (NA-067, USi NC033S, WLOTA LH-0596, Pamlico county), North Carolina. They plan to be a M/S Low-Power Island Dxpedition entry. Active on all bands SSB and CW. QSL direct only to N4YDU (QRZ.com). More details at: www.w4kaz.com/n4a/ [NG3K]

26/07/2008: Andrei, EW1AR will be active as NP3D/W2 from Long Island (NA-026, USi NY-003S, Queens County), New York, during the RSGB IOTA Contest as a Single-Op/Mixed/Low-Power enty. QSL via W3HNK, LoTW or direct. [NG3K]

26/07/2008: Steve, NY3A will be active as NY3A/p from Middle Hooper Island (NA-140, USi MD-016S, Dorchester County), Maryland, during the RSGB IOTA Contest. QSL direct to home call. [rsgbiota.org]

26/07/2008: DL2SWW, DF9TM and DL2VFR will participate in the IOTA Contest as OZ0FR from Romo Island (EU-125, NS-001 for the Danish Islands Award). QSL via DL2VFR, direct or bureau. [425 DX News]

26/07/2008: Bert, DK2BR will be active for the IOTA Contest as OZ/DK2BR from Moen [M?n] Island (EU-029, DIA SJ-017), Denmark. QRV 40 and 20 meter SSB only. QSL via home call, direct or bureau. [NG3K]

26/07/2008: Look for Netti/DO6XX and Rene/DL2JRM to be active as OZ/homecall/p from Vendsyssel-Thy/Nordjylland (EU-171, NJ-001 for the Danish Islands Award) between July 26th and August 9th. QSL via home calls, bureau preferred. [rsgbiota.org]

26/07/2008: Operators ON4ON, ON5SY, ON6CX, ON7PO, ON7PQ, ON7XT, ON8LW, ON4ASG and ON6JM will be active as PA/OQ1C/p from Schouwen Duivenland (EU-146) during the RSGB IOTA Contest. QSL via ON4ON. [OPDX Bulletin]

26/07/2008: Operators ON3DX, ON4ATW, ON4AHF, ON4AXU, ON4HIL, ON4IA, ON4TTT, ON6LEO, ON6NL, ON6ZG and ON8PH will participate in the IOTA Contest as PB2M/p with two high power stations from Stellendam, Goeree Island (EU-146). All of the QSOs will be confirmed automatically via the

bureau. [425 DX News]

26/07/2008: Look for Jeroen, PD5CW to be active in the RSGB IOTA Contest from Schouwen Duivenland Island (EU-146). QSL via home call, direct or bureau. [F5NQL]

26/07/2008: Hans, PB2T will be active as PJ2/PB2T from the island of Curacao (SA-006, WLOTA LH-0942) for the RSGB IOTA Contest, as a Single-Op entry. QSL via home call. [NG3K]

26/07/2008: Mel, SM0MPV will be active as SK0HS/0 from Blido Island (EU-084) for the RSGB IOTA Contest as a Single-Op/All-Band/Low-Power entry. QSL via home call, bureau preferred or via LoTW. [NG3K]

26/07/2008: Freddy/SM7WDG and Richard/SM7OHB will be QRV as SK7OA from Tjurko Island (EU-138) for the RSGB IOTA Contest. QSL via the Bureau. [rsgbiota.org]

26/07/2008: Look for Mek/SP7VC and Adam/SP8RX to be active as homecall/1 from Wolin Island (EU-132) during the RSGB IOTA Contest. No entry category was mentioned. QSL SP7VX/1 via home call. QSL SP8RX/1 via DJ0IF. [NG3K]

26/07/2008: Tomas, OK2PTZ will be active from the island of Crete (EU-015, MIA MGC-005, WLOTA LH-1400) as SV9/OK6Y during the RSGB IOTA Contest. QSL via OK2PTZ. [NG3K]

26/07/2008: Operators SV5AZP, SV5AZK, SV5DDP, SV5DKL, SV5DZR, SV5FRD, SV5KJC, SV5FRP, SV5CJK and SV5CJQ will be active as SX5P from Rhodes (aka Rodos) Island (MIA MGD-028, WLOTA LH-0045), Dodecanese Islands (EU-001) during the RSGB IOTA Contest as a Multi-Multi entry. QSL via SV5FRD. [NG3K]

26/07/2008: Mustafa, TA2MW, will be active as TA0GI from Giresun Island (AS-154) during the RSGB IOTA Contest as a DX/24h/SSB entry. QSL via TA2MW. [OPDX Bulletin]

26/07/2008: The Provins ARC (F6KOP) team will be active as TM7C from Ile de Noirmoutier (EU-064, DIFM AT-020, WLOTA LH-1224) for the RSGB IOTA contest, as a IOTA FIX MS MIX 24H LP entry. Operators will include Bernard/F9IE, Frank/F4AJQ, Romain/F8BUI, Flo/F5CWU, Bruno/F5AGB and Maurice/F5NQL. QSL via F6KOP, bureau preferred. [F5NQL]

26/07/2008: Ken, K6LA will be active for the RSGB IOTA Contest from the 'PEI DX Lodge' on Prince Edward Island (NA-029, CIsA PE-001), as a Single-Op/All-Band/High-Power/Mixed entry. QSL via K6LA. [NG3K]

26/07/2008: Adhi (Bimbo), YB3MM, will be active as YB3MM/5 from Sumatra Island (OC-143, also count for WLOTA LH-0458), Indonesia, during the RSGB IOTA Contest, as a Single-Op/Single-Band (15m)/Mixed-Mode entry. QSL via the LoTW. QSLs are also OK via IZ8CCW, by the bureau or direct. [OPDX Bulletin]

27/07/2008: Alex/IK8YFU and Giovanna/IZ8FEV will be active as either IG9/homecall and IG9/IQ8PP from Lampedusa Island (AF-019, IIA AG-001, MIA MI-126, also count for WLOTA LH-2312) from July 27th to August 2nd. QSL via home calls. [425 DX News]

27/07/2008: Swen, DL3YCF will be QRV holiday style from Santa Rosa Island (NA-142, USi FL003S, Okaloosa county), Florida, as W4/DL3YCF between July 27th and August 6th. QSL via home call, direct or bureau. [rsgbiota.org]

30/07/2008: Matt, IK2SGC plans to be QRV as IA5/IK2SGC from the island of Elba (EU-028, IIA LI-001, MIA MI-022, WLOTA LH-0609) between July 30th and August 29th. Look for activity on all bands. QSL via LoTW is preferred. [rsgbiota.org]

30/07/2008: Look for Ralph, NM5RC/p to be active July 30th from Antelope Island (USi AZ-023/UT-023), which borders Kane county, Utah and, Coconino county, Arizona. Short stay as the temperature of the red rock will rise to 120? F by noon and there is no shade. 20m mostly, but some 40m. Will also move to 40m upon relayed request. Will send QSL cards to all contacts by end of August. [USi]

31/07/2008: Jay, NS4J will be on a Buffalo, New York, road trip for a long weekend. He would really like to put on two new ones, Squaw NY032 and North NY044 for the US Islands Award. Plans are to activate any or all or none of the following US islands: Grand (NY-001R, Niagara County), Squaw (NY-032, Erie County), South (NY-037L, Erie County), North (NY-044, Erie County) on 40, 20 and 15 meters. Jay will use the call sign NS4J/p or K3USI. QSL via home call, direct or bureau or USi e-QSL. [USi]

30/07/2008: Cezar/VE3LYC and Ken/G3OCA will activate Finger Hill Island (NA-194) and Paul Island (NA-205), between July 30th and August 5th using the call sign VO2A. They intend to operate for three days from each island, with two stations on the air from 40-6m, CW and SSB. Rigs will be ICOM 7000 (Cezar) and TS50 (Ken). Antenna will be wire GP capable to work 6 to 40 m. Power will be 100W top, but will likely run less in CW when propagation conditions will permit. Call signs will be VE3LYC/VO2 (Cezar) and VO2/G3OCA (Ken). QSL via VE3LYC, direct or by the bureau (G/GM/GW/GI stations can confirm via G3OCA). [VE3LYC]

01/08/2008: Sal/IT9HUV and Joe/IT9RBW will be active as IG9/homecall from Lampedusa Island (AF-019, IIA AG-001, MIA MI-126, WLOTA LH-2312) from August 1-7th. They will be active holiday style on 10, 15, 20 and 40 meter SSB, possibly with some RTTY and CW. QSL via IT9DQM. [425 DX News]

01/08/2008: Martin, G4XUM will once again be active as J49K from the island of Crete (EU-015, MIA MGC-005, WLOTA LH-1400) between August 1st and 15th. QRV on 6m, 4m and 2m from KM25CK and possibly from KM15. Sked requests (JT6 & SSB) to g4xum'at'md4k'dot'com. QSL via G4XUM. [DL8EBW]

01/08/2008: SCC DXpedition to Kosovo - YU8/S56M will be the call sign of Slovenia contest club team which will visit Kosovo in first part of August 2008. Main target is participation in WAE CW contest. Activity outside of the contest will be on all HF bands and modes, including 6 meters. QSL via S57U. More information will be available at: lea.hamradio.si/~scc/kosovo/kosovo.htm [S50XX]

Be sure to check Bill's (NG3K) Web site for updated RSGB IOTA Contest activity at: ng3k.com/Misc/iota2008.html
==========
LOOKING AHEAD -

05/08/2008 Gino, IK2RZP will be active from the island of Bermuda (NA-005, WLOTA LH-0201) as VP9/IK2RZP from August 5-24th. QSL via home call, direct or bureau. [NG3K]

06/08/2008: Luca, IK2NCJ will be at the D4C Contest station on Sao Vicente Island (AF-086, WLOTA LH-1976, WW Loc. HK76MV), Cape Verde Islands, from August 6-18th. He will do a Multi-Single along with YL2KL in the Worked All Europe CW Contest (August 9-10th). Luca will then do the SARTG World Wide RTTY Contest (August 16-17th). He will be watching 6 meters while there. The six meter beacon runs 40 Watts on Beacon 50.034 MHz, with vertical antenna. QSL via IZ4DPV. [MMMonVHF]

15/08/2008: Tony will be active as 5Z4/IK8VRH from Malindi, Kenya, time permitting. He plans to activate two Africa IOTA's as follows: from August 15-17th AF-040 Coast Province North group; from August 20-22nd AF-076 Bayelsa/Rivers/Akwa Ibom etc States group. QRV 40, 20 and 17 meter SSB, CW and RTTY in the company of Enrico, 5Z4ES. Tony's equipment will consist of FT450AT, Sommerkamp 300Watt PA, Bubbledipole, Zx Minibeam, USB II MicroHAM and MiXW. QSL via home call. [IK8VRH]

02/09/2008: Operators Ian/G1JCC, Dick/G4LBH, Don/G4LOO, David/G4MVU, Terry/G4UEM, Andy/G8ATD and Bryan/M0BIK will be active from Caldey Island (EU-124, also count for WLOTA LH-4056) using the call sign GB2CI. QRV from 1800 UTC September 2nd to 1100 UTC September 8th, holiday style operation on all bands 160 to 2 meters. GW3SVJ/P will be operational over the weekend of September 6-7th for SSB and 2m contests. QSL direct or bureau to G8ATD. QSL manager G4UEM. Further information can be found on their Website at: vhfcomm.co.uk/lvg/ [rsgbiota.org]

21/09/2008: Gab, SU8BHI will be active with his new license from Morocco as CN2IPA between September 21st and October 5th, including an entry in the CQ WW RTTY DX Contest (September 27-28th). He will be QRV on the HF bands using CW, RTTY, PSK, SSTV and some SSB. The QSL card is valid for the I.P.A AWARD and DXCC. QSL via HA3JB (Gabor Kutasi, H-8601 Siofok, P.O. Box 243, Hungary, Europe). [NG3K]

27/09/2008: Members of the Tennessee Valley DX Association (TVDXA) will activate Hatteras Island (NA-067, USi NC-005S, WLOTA LH-3919, Dare County), North Carolina, using the call sign W4PL. W4PL plans on being QRV about 1900z on September 27th and will go QRT October 4th. The group will use 100 Watt transceivers and plan to be active on 80-10 meter HF

(SSB, CW with some PSK and RTTY), and 6 meter SSB and CW. Operators mentioned are Barbarra/WA4RMC, Kathy/W4KRY, Lynn/K0MAI, Tom/K4VCM, Greg/WA4NFO, Tommie/K4KWK, Kenny/AB4GG, Charlie/AD4F, Paul/WA4AA, Peter/KB3PGU, Larry/WA4IVO and Virginia/KI4MPK. Non licensed team members include Nancy, xyl of WA4AA and Halyna, xyl of KB3PGU. QSL via K4KWK direct (SASE) or via the Bureau. Further information at: www.tvdxa.com/ [NG3K]

25/10/2008 Look for Al, F5VHJ to be active as 6W1RY from Senegal for the CQWW DX SSB Contest (October 25-26th), a Single-Op/All-Band entry. QSL via F5VHJ. [NG3K]

21/02/2009: John/WC0W, Robert/K5PI and Alan/NS0B will be active from Belize as V31TP during the ARRL DX CW Contest (February 21-22nd) as a Multi-Single entry. QSL via WC0W. [NG3K]

==========

SPECIAL EVENTS -

24/07/2008 The UR-QRP-CLUB is celebrating their 10th anniversary and are currently active with the special callsign EM10QRP until August 4th. QSL via UT2AB, by the Bureau or direct. [UT2AB]

25/07/2008: Special event station ZW2FEN will be active during Fenarcom 2008, the National Fair of Amateur Radio and Communications to be held at Indaiatuba, Brazil, from July 25-27th (www.fenarcom.com.br/). [425 DX News]

26/07/2008: The Nucleo de Radioamadores da Armada (the Portuguese Navy Amateur Radio Group) will be active as CS8DFG in late July to celebrate their 6th anniversary. This special activity will take place on 80, 40 and 20 meter SSB and CW from the restored fregate "Dom Fernando II e Gloria", from 0800 to 1900 UTC on July 26th and 27th. QSL via CT1DRB (direct) or EA4URE (bureau). Further information, including the relevant award, can be found at: www.nra.pt/ [425 DX News]

26/07/2008: To celebrate the 15th anniversary of Russian Robinson Club foundation, the R15RRC call sign will be used in IOTA contest (July 26-27th). QSL cards will be sent to all stations in log automatically (please, provide your Logs to contest committee!) Special Award - 15 Years to RRC - will be released to everyone, who made 13 QSOs (with Russian Robinson Club Awards' programs www.hamradio.ru/rrc: RRA, RLHA, RMA, RFFA (WFF), including KL7DX and other special RRC expeditions) during 2008 year + 2 (obligatory!) QSOs with R15RRC station (different modes/bands/QTHs are possible). Totally - 15 QSOs. Application form with 3 IRCs should be sent to Eugene RZ3EC. [RZ2EM]

26/07/2008: GX8LED, will be active from Daventry Borough Hill, Marconi site from 0000-2400z Saturday, July 26th for International Marconi Day. Frst time from this location for IMD (www.gb4imd.org.uk/) by the Northampton Radio Club (G8LED) and Chris, M0DOL. QSL via M0DOL, direct or bureau. [F5NQL]

26/07/2008: W1AW/KL7 will be on the air (grid square BP56) July 26th to August 10th on all bands from 160-6 meters. This ARRL 2008 Alaska State Convention Special Event Station plans to run two HF stations operating CW, SSB and digital, one satellite station and one station devoted to 146.52 MHz. QSL via W1AW (QRZ.com). [MMMonVHF]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html

From: Dave Raycroft
Topic: 7379 Message: 7379

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
Bruce KD6WW/VY0 and Mike K9AJ/VY0 have changed plans for the
activation of Hearn Island (NA-229 New One!, CIsA NT-New One!) due to
landing problems on that island. They now plan to activate Diana Island
instead. Diana Island will also count for NA-229 (New!), Hudson Bay
Quebec Coast NE group, and CIsA NT-New! for the Canadian Islands Award.
Dates remain the same - between July 25th and 28th, RSGB IOTA Contest
included. QSL via home calls, direct or bureau. [VE3TPZ]

To celebrate the 15th anniversary of Russian Robinson Club foundation,
the R15RRC callsign will be used in IOTA contest.
QSL cards will be sent to all stations in log automatically (please,
provide your Logs to contest committee!)

Special Award -- 15 Years to RRC - will be released to everyone, who
made 13 QSOs (with Russian Robinson Club Awards' programs
www.hamradio.ru/rrc : RRA, RLHA, RMA, RFFA (WFF), including KL7DX and
other special RRC expeditions) during 2008 year + 2 (obligatory!) QSOs
with R15RRC station (different modes / bands / QTHs are possible).
Totally -- 15 QSOs.

Application form with 3 IRCs should be sent to Eugene RZ3EC

After about 23 hours of sailing trip the crew arrived safely to Selvagem Grande Island - AF047. They had to wai all night to get into the island on the first light this morning. then they had to climb to near the Lightouse to star the antena and station work.
First station is working since 1205 zulu as CQ9U. They are trying at this moment to erect a second station, and also the VHF Station

Good luck to them and wishes of lots of fun

Luis - CT3EE

Hi folks,
A user just alerted me to this weeks uploaded file being
incomplete. He was correct and I have produced and uploaded
just now, a new GoDat file. If you downloaded this file on
Thursday or Friday, that download is not complete. Please
download the new file placed on the web site just now.
Sorry for the mistake and thanks Jim for alerting me to this
problem.

The Selvagens Island Dxpedition 2008 has finish at 1306 Zulu on 18Mhz.
The crew finished the operation in order to travel again to Funchal in the Navy boat. They expect to arrive at Funchal on the first light hours from Monday 28/07. As soon as they can all the qso?s will be uploaded to the oficial site in www.cq9u.com <http://www.cq9u.com> and then you can check on the Log page for your qso?s.
Congratulations to this Team for the big effort in solving the big problems they had since the first moment.
On behalf of all the ARRM associates and myself, congratularions to all:
CREW: CT1BOL, CT1DSV, CT1EFS, CT1ENV, CT1FEK, CT1HFS

7392. Asia Pacific DX Convention

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-28 14:46:46 UTC
From: K1XN
Topic: 7392 Message: 7392

Dear Fellow DX-ers and Contesters,

You are cordially invited to the Asia Pacific DX Convention on November 7 through 9, 2008.

Please take a look at the website to see some photos and presentation videos from the first APDXC which was held in 2005. The many DX-ers from all over the world who attended enjoyed it very much.

In addition to the usual presentations of recent DX-peditions, technical sessions, etc., this convention offers something special. Since it's being held in the country from which most of the modern amateur radio equipment comes from, you'll have the opportunity to tour the Icom factory, participate in a Q&A session with Icom engineers, tour the electronics district, and more.

We would appreciate your introducing this convention to your DX/contest club members. Please see our website for more details at:

http://www.apdxc.org/

For convention updates, please visit the website and send an e-mail to subscribe to the APDXC newsletter.

We look forward to welcoming you at the APDXC in Osaka, Japan.

APDXC Committee / JA3USA

7393. SRT SPECIAL CALLS

7394. Grid Dip PSK/RTTY Shindig

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-29 16:02:53 UTC
From: K1XN
Topic: 7394 Message: 7394

TARA (Troy Amateur Radio Association) from Troy, NY is proud to announce the 6th annual running of the "Grid Dip PSK/RTTY Shindig" contest to be held on August 2, 2008 @ 00:00 UTC. This also serves as the first of four contests for the 2008/2009 TARA Tour'ney. Check out the Tour'ney info at: _http://www.n2ty.org/seasons/tara_tourney.html_ (http://www.n2ty.org/seasons/tara_tourney.html)

This is a really great mid summer contest that allows all of us to sharpen our skills for the really big events this coming fall/winter. Plus, I'm sure a few of you have been working on the antenna farm or making changes to the shack and this contest can serve as a shake down run for you.

We'd really like to see the participation from the RTTY op's to increase this time so we can get some RTTY verses PSK chatter happening. After all we don't want to see the PSK'ers having all this fun by themselves now, do we! Seriously, we really need to have more representation from the RTTY folks for this contest. I know it's not as challenging or action packed as the RTTY Roundup or some of the other major RTTY contests but that doesn't mean you still can't have some fun. So what do you say. How about dusting off the old 'green keys' for a little bit come this weekend.

If anyone needs any information feel free to contact TARA's "Grid Dip" Manager, Tony Heatwole, N3FX at _tony@..._ (mailto:tony@...) He'll be more than glad to assist you in any way that he can. If I can be of any service simply drop me an email at _ny2u@..._ (mailto:ny2u@...) and I too will be more than glad to assist you.

Also, keep in mind you DO NOT have to worry about paper logs and mailing them in. Nope! We have our very own online score submission system for all to use. Sending your score in has never been so easy. Although, you should ALWAYS save a copy of your contest log in case the contest committee ever needed to review it, should a problem arise.

Please see our web site now for the full details. Go to: _http://www.n2ty.org/seasons/tara_grid_rules.html_ (http://www.n2ty.org/seasons/tara_grid_rules.html)

Thanks for reading this message. Hope to print you this weekend!

73 de NY2U Bill Eddy

7395. Various from FRANCE and elsewhere

Yahoo group: GOLIST (2007 — 2010)

From: F5nql@aol.com
Topic: 7395 Message: 7395

Hi friends
From 9Q to A6:
Dear friends

After a 5 years long stay in 9Q, Democratic Republic of Congo, my moving to the United arab Emirates is now confirmed. I hope to be there in next September.
I've already apply for an A6 licence and, instead of the difficulties, I hope to get it.
Even if my traffic is made in French language, anyone can contact me from 40 to 10m and even 6, .
However and according this approximative schedule, I'm daily and mainly on 20m SSB between 0700 and 0800 utc , in the low part of the ssb bandplan and in the afternoon between 15:00 to 16:00 utc on 21.188,
In the evening I'm between 40-10m according to the propagation. Be patient, i've only 100w and no directive antenna.
No place now for 160 and 80 which antennas had been dismantled.
Sked are always pôssible (see QRZ.Com
No Internet at home oly at work so my private mail is read before Servie, while the lunch break, and after 16.30 utc. Answers as soon as possible, according my job timetable.
Au plaisir de se retrouver sur l'air

ITALY:

Special event station II5EME will be active on 1-15 August for
the 13th International EME Conference that will take place in
Florence on 8-10 August. QSL via IW5EIJ, direct or bureau.
Detailed information on the conference can be found at
http://www.ari-crt.it/eme2008/

HB9Q JN47CG will be QRV August 2nd and 3rd on 144 and 432, probably
1296 MHz EME. We plan to be QRV August 2nd and 3rd. The activity

times and bands will be announced here a few days before the activity.
Please e-mail us (dan@...) if you like to get our final activity
information by e-mail. During the activity we will be stand-by on
N0UK logger and on our 432 logger (see EME loggers www.hb9q.ch).
Hope to work you! vy 73! SOURCE: direkt to MMMonVHF Dan, HB9CRQ/KT6Q

Rare "IO67-Square" qrv on 144 MHz during PERSEIDS-MS-Shower by
GM4DHF/p: My OYL partner (Jan) and I have booked a holiday cottage
on the Isle of Skye near the village of Staffin (IO67VP) for the
Perseids. I shall be QRV on 2M with around 250W into 2x7ele yagi
with a good take-off towards EU. Activity will be part time (early
morning, early evenings) as this is primarily a family holiday. I
hope for 'phone Internet access and so should be on ON4KST. I'm
likely to call on 370 and announce my rx QRG when active. QSL Info
and more: http://www.mmmonvhf.de/latest.php?id=1800.
Looking forward to some FB MS activity.

Tks MMMonVHF - tnx David, G4DHF

***

Phil, N0PB, EM39wo is looking to set up skeds for the up coming
Perseids shower for 2 meters. Looking for in particular anyone in
Oregon or Washington. The eastern edge of Oregon is about 1310
miles, Spokane,WA is 1374 miles. Very doable distance. I will most
certainly run with anyone that is willing to try, at whatever
distance in those 2 states. Also interested in any other skeds.

Hi
9Q7 vers A6
Chers amis,

Apres 5ans passes dans ce beau pays, mon départ de République
Démocratique du Congo pour les Emirats se précise et devrait être
effectif début Septembre.

Une demande a déjà été déposée pour la licence A6.

Comme déjà indique dans un précèdent REF, j'essaye de favoriser les
stations Francophones pour ceux qui n'ont pas encore 9Q pour leur DXCC
et ce jusqu'a mon départ.

Je ne trafique plus sur les bandes basses, les antennes ayant été
démontées mais reste actif du 40 au 10m voire le 6m.

On peut me trouver le matin de ~07:00 a ~08:00 UTC sur le bas de bande
20m SSB, l'apres-midi de 15:00~15:15 à 16:00 UTC sur * 21.188, et le
soir de 40 ~10m en fonction de la propagation, n'ayant pas d'antenne
directive.
Des skeds sont possibles, m'écrire a l'adresse email indiquée sur
QRZ.com

N'ayant pas Internet a la maison je ne consulte ma boîte privée au pro
qu'avant ma prise de service, à la pause déjeuner et après 16:30 UTC.
J'essaierai de répondre favorablement a toute demande en fonction de
mon emploi du temps.

Au plaisir de se retrouver sur l'air

7398. C6APR DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-31 16:51:08 UTC
From: K1XN
Topic: 7398 Message: 7398

For Publication:

C6APR will be on from Crooked Island Lodge, Pittstown Point, Crooked Island, Bahamas, in the 2008 CQWW SSB contest.

Before and after the contest (October 23 - 26) C6APR will be on HF including the WARC bands, CW and SSB.

Also before and after the contest the call C6AXD will be used on HF RTTY.

Both calls are good for Bird Rock Lighthouse (ARLHS BAH-005, TWLHD WLHC6-002, WLOTA LH-0118, Admiralty J4792) as well as IOTA NA-113 and Grid FL22tt.

All QSLs to K3IXD.

73, Ed
K3IXD

I.C.P.O. Bulletin (July 31 - August 08, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

31/07/2008: Franz, TF/DL3PS will be active from the main island of Iceland (EU-021, also count for WLOTA LH-2975) between July 31st and August 5th. QSL via DL3PS, direct or bureau. [DX Newsletter]

01/08/2008: Sal/IT9HUV and Joe/IT9RBW will be active as IG9/homecall from Lampedusa Island (AF-019, IIA AG-001, MIA MI-126, WLOTA LH-2312) from August 1-7th. They will be active holiday style on 10, 15, 20 and 40 meter SSB, possibly with some RTTY and CW. QSL via IT9DQM. [425 DX News]

01/08/2008: Martin, G4XUM will once again be active as J49K from the island of Crete (EU-015, MIA MGC-005, WLOTA LH-1400) between August 1st and 15th. QRV on 6m, 4m and 2m from KM25CK and possibly from KM15. Sked requests (JT6 & SSB) to g4xum'at'md4k'dot'com. QSL via G4XUM. [DL8EBW]

01/08/2008: SCC DXpedition to Kosovo - YU8/S56M will be the call sign of Slovenia contest club team which will visit Kosovo in first part of August 2008. Main target is participation in WAE CW contest. Activity outside of the contest will be on all HF bands and modes, including 6 meters. QSL via S57U. More information will be available at: lea.hamradio.si/~scc/kosovo/kosovo.htm [S50XX]

02/08/2008: Look for Fran?ois/F5JNE and Claude/F5MCC to be active August 2nd as F5JNE/p from the Castle of Villars-Dompierre (DFCF 21-071), located in the City of Dompierre en Morvan (CP 21390), Canton of Precy sous Thil (DDCF 21-27), Department C?te-d'Or/21 and province Burgundy. As usual starting around 0600 UTC, 80m then 40m CW/SSB. QSL via F5JNE, bureau preferred. [F5NQL]

02/08/2008: Nicola, I0SNY will be active as I0SNY/7 and IO7Y between August 2-9th from the following locations:
Isola La Chianca I0SNY/7 (IIA FG-011, Not IOTA, WW Loc. JN81BW)
Scoglio di Portonuovo IO7Y (IIA FG-009, Not IOTA, WW Loc. JN81CU)
Scoglio Sant'Eufemia IO7Y (IIA FG-012, Not IOTA, WW Loc. JN81CV)
Mar Grande (Taranto) lighthouse (WAIL PU-019, ARLHS ITA-275, Admiralty E2150.1, WW Loc. JN80OK).
QRV on HF bands, plus 50 MHz and 144 MHz. QSL via home call. [MMMonVHF]

02/08/2008: Operators Doug/KD8CAO and John/K8YSE will activate the Grand Haven South Pierhead Inner (USA-1077) and Grand Haven South Pierhead Outer (USA-1078, WW Loc. EN63VB) Michigan Lighthouses during the ARLHS 2008 National Lighthouse-Lightship Week, August 2-9th.

Operation from Grand Haven will be on August 2nd. On August 3rd, they will try to activate other Lake Michigan lighthouses. Look for them on all HF bands. Satellite operations on AO-51, SO-50 and AO-27 are a possibility. QSL via K8YSE. [OPDX Bulletin]

02/08/2008: Look for Hiroshi/JJ1CCE (KH2/JJ1CCE), Shima/JH3AAZ (KH2/JH3AAZ) and Hiroshi/K6IAA (K6IAA/KH2) to be active holiday style from the island of Guam (OC-026, USi GU-003S, WLOTA LH-0064). QSL via the operators home call, direct or bureau. [NG3K]

02/08/2008: Look for Paul, M3KBU to be QRV August 2nd from the island of Great Bernera (IOSA OH12, SCOTIA HI27), Outer Hebrides (EU-010). Look for activity on the ususual island and IOTA frequencies. QSL via home call, direct (QRZ.com) or bureau. [rsgbiota.org]

02/08/2008: Members of the national club RAL are organizing a field day at a height of 2000m in the Cedar mountain range in the Lebanon on August 2nd and 3rd. The call sign will be OD5RAZ and QSLs via K3IRV (bureau ok). [DX Newsletter]

02/08/2008: TA0U will be QRV from European Turkey for the European HF Championship, a Low-Power/SSB entry. QSL via QRZ.com. [AD1C/0]

02/08/2008: Martin/G3ZAY, Dominic/M0BLF and Chris/M0SCH will be in Iceland from August 2-9th and plan to be QRV as TF/homecalls from Grimsey (EU-168) from the 4th to the 6th. There may be some other activity from the main island (EU-021). QSL via home calls. [425 DX News]

03/08/2008: Walter, HB9ZS will be active August 3rd as HB9ZS/p from the castle Schloss Herblingen (DSC-SH002, for the Swiss Castles Award, WW Loc. JN47HR). QRV on 40m (7053 - 7060 or 7130 - 7150 kHz) SSB, between 0700 and 0900 UTC. Rig: IC-7000 at 100W, Fishing rod 10m vertical and SG-230 Antenna Tuner. QSL via home call, direct or bureau. [I2JJR]

03/08/2008: Paul, M3KBU will be active August 3rd (1100-1600 UTC) as MM3KBU/p from the island of Scalpay (IOSA OH-25, SCOTIA HI-19), Outer Hebrides (EU-010). QSL via M3KBU, direct or bureau. [rsgbiota.org]

03/08/2008: Look for Jens, DL8WOW to be active August 3-15th as OZ/homecall from Bornholm Island (EU-030, BO-001 for the Danish Islands Award, WLOTA LH-2203). QSL via home call, direct or bureau. [rsgbiota.org]

04/08/2008: Freddy/F6IRO and David/F8CRS will stay in Martinique and Guadeloupe islands between August 4th and 21st. Between August 4 -17th they will sign TO8S from Les Saintes Islands (NA-114, WLOTA LH-3998) with 2 HF stations, mainly CW from 80 to 10m (a little SSB and RTTY too). During the same period they will try to be active as FG/homecall from Guadeloupe Island (NA-102, DIFO FG-001, WLOTA LH-0644) for 3 or 4 days with one station, and FM/homecall from Martinique Island (NA-107, DIFO FM-001, WLOTA LH-1041) for 3 or 4 days. Stay tuned and watch the

clusters! At the end of the stay (August 18-21st) they will be FM/homecall from Martinique Island with 1 station. Holiday style operation in their spare time. QSL via F8CRS Bureau or Direct (with SAE + postage). [F5NQL]

04/08/2008: The 4M5DXgroup will be active as YW5IOTA from Blanquilla Island (SA-037, DIV-039 for the Venezuela Islands Award, WLOTA LH-0894, Grid FK71QT) from August 4-7th. Activity will be on 160-6 meters using SSB, CW and Digital modes. Operators include Alex/YV5SSB (team leader), Jose/YV5TX, Manuel/YY4MP, Rafael/YY4RN, Franco/YV1FM, Rainer/YV5EU, Olli/YV5WW (OH0XX), Jose/YV5ANT, and Jesus/YV5MSG. The dates may undergo small changes, having to deal with possible changes in the programs of the Navy of Venezuela, which will transport to the island. QSL via IT9DAA. Further information at: yw5iota.4m5dx.info/ [K1XN]

05/08/2008: The 'Demons DXer's Team' will be active August 5th and 6th as EE1DD from Arosa Island (EU-080, DIE O-007) using SSB and CW on 80-6 meters. QSOs count for WLOTA LH-0368 and WLOL (ARLHS) SPA-222. QSLs via EA1YG, direct or bureau. More information on their web site at: www.demonsdxers.es/ [DX Newsletter]

05/08/2008: Dirk, ON4IMM will be on a holiday DXpedtion August 5-16th to a location new L'Epine, Ile de Noirmoutier (EU-064, DIFM AT-020 for the French Islands Award, WLOTA LH-1224, WW Loc. IN86UX) using the call sign F/ON4IMM. Focus will be on 144MHz meteor scatter, using IC-746 and RF Solutions 10 element yagi. Mode will be FSK441 - CQ with QSY frequency, main frequency will be 144.370MHz. Outside the meteor shower Dirk will be QRV on the HF bands, plus 6 meters using 5 Watts and 4 element yagi (licence OK). QSL via home call, direct or bureau. [MMMonVHF]

05/08/2008: Gino, IK2RZP will be active from the island of Bermuda (NA-005, WLOTA LH-0201) as VP9/IK2RZP from August 5-24th. QSL via home call, direct or bureau. [NG3K]

06/08/2008: Luca, IK2NCJ will be at the D4C Contest station on Sao Vicente Island (AF-086, WLOTA LH-1976, WW Loc. HK76MV), Cape Verde Islands, from August 6-18th. He will do a Multi-Single along with YL2KL in the Worked All Europe CW Contest (August 9-10th). Luca will then do the SARTG World Wide RTTY Contest (August 16-17th). He will be watching 6 meters while there. The six meter beacon runs 40 Watts on Beacon 50.034 MHz, with vertical antenna. QSL via IZ4DPV. [MMMonVHF]

08/08/2008: Laurent, F8ATM will be active as 6V7L from Senegal between August 8-22nd. He plans to operate SSB and RTTY on all HF bands. QSL via home call, direct or bureau. [425 DX News]

==========

LOOKING AHEAD -

09/08/2008: Several members of Radio Club F5KGR (F4EQZ, F1CMA, F4ECU and F4FLC) will be active August 9th as F5KGR/p from the Castle of Villequier [old Castle of Genlis] (DFCF 02-031), located in the canton

[county] of Chauny (DDCF 02-09), on the commune of Villequier Aumont (CP 02300), Department Aisne/02, province Picardy (DPF 18). QRV on all HF bands and also on VHF, propagation permitting. QSL via home call, direct or bureau. [Radioamateur.org]

09/08/2008: Gerry, IZ1DSH plans to be active August 9-17th as IM0/IZ1DSH from the island of Tavolara (EU-165, IIA OT-071 [ex SS-068], MIA MIS-040, also count for WLOTA LH-1839, WW Loc. JN40UV). Activity will be on 40-10 meter SSB, using TS-140 and 7 band portable vertical antenna. QSL via home call, bureau preferred. No eQSL! [rsgbiota.org]

11/08/2008: Gerhard, OE3GEA will be active from Rodos [a.k.a. Rhodes] (EU-001, MIA MGD-028, WLOTA LH-0045) as SV5/OE3GEA from August 11-17th. Activity is planned for 40-10 meter CW, using 30 Watts. QSL via home call, direct or bureau. [rsgbiota.org]

15/08/2008: Operators Arasu/VU2UR, Lakshman/VU2LX, Sampath/VU2YZ, Gururaj/VU2GUR, Inarappan/VU2INA, Depak/VU2CDP, Gajandran/VU3VGN, Hari/VU3VHK, Shekhar/VU2RDX, Vittal/VU2VIT, Venkataram/VU2BVM, Sharadha/VU2VTK, Ramesh/VU2LU, Ajoy/VU2JHM and SWL Yugadhi will be active August 15-24th from the Mahabalipuram lighthouse (ARLHS IND-016, Admiralty F0932, WW Loc. NK02CO) and the Mahabalipuram (Mamallapuram) temple (ARLHS IND-011, WW Loc. NK02CO). This activity is to commorate The Bangalore Amateur Radio Club (VU2ARC) celebrating its Golden Jubliee in 2009 and some HF equipment will be borrowed from the Lions Clubs International Amateur Radio Club Station (VU2LCI). QSL via VU2JHM Ajoy, Kshitija, # 9/1, 5-Cross, Mvm, BANGALORE-560003, INDIA. [VU2JHM]

15/08/2008: JI2TXU will once again be QRV as T88TX from the West Plaza Hotel By The Sea, Koror, Palau (OC-009), from August 15-20th. QRV on 40, 20, 15, 12, 10 and 6 meter SSB. QSL via JI2TXU. [MMMonVHF]

06/09/2008: This year the Poitou Charente region will host the Clipperton DX Club 30th Convention, near the European Picture Center the Futuroscope, in the city of Chasseneuil du Poitou. For this occasion TM8CDX will be activated this year from September 6th to 20th. If possible a station will be installed at the site of the convention during Saturday. Activity will be on HF and may be 144MHz, all modes, CW, SSB and digitals. QSL via F5CQ, direct or bureau. Further information can be found at: www.cdxc.org/index-e.htm [F5NQL]

16/09/2008: From July 16-29th - and in particular on July 23rd from 0830 up to 1700 UTC, from Tourcoing, TM8APJ will be activated within the framework of the humanitarian action "Aidons drawer Princesse Jasmine". QSL card for this occasion is in exchange of your QSL card, 2.00 Euro and an A4 SASE. QSOs on two different bands (80, 40, 20, 2 m and 70 cm and Echolink) qualify for the diploma, subject to your QSL card, 5.00 Euro and an A4 SASE to: TM8APJ, 87, Avenue Roger Salengro F-59170 CROIX - FRANCE. All gifts arrive at the association Aidons drawer Princesse Jasmine (www.aidonslaprincessejasmine.com/) by means of drawer Maison of the Associations, 100, rue the Lille ? Tourcoing. [UBA HF News]

04/10/2008: The Senegalese SNRASEC arc 6W7PCT will air the special call sign 6V7SPACE, during the Space Week between October 4th and 10th. A rendezvous is scheduled on October 4th for an air meeting between a class of the Grandcour school (Switzerland, Fribourg canton) and the Scientific club of the College IV of Mbour (Senegal). Radio and SSTV exchanges are planned. More information on the SNRASEC web page at: www.senrasec.org/ [F5NQL]

12/10/2008: Andrew, G7COD will be operational for the fifth time from the Island of Embudu in the Kaafu Atoll, Maldive Islands (AS-013) using the call 8Q7AK from 0800 UTC October 12th to 0800 UTC October 25th. Using SSB and CW, he will be operational every day from approximately 0730 to 0830, 0900 to 1030, 1300 to 1500 and 1730 to 1745 UTC. Spot frequencies to be used are: SSB - 7.063, 14.147, 18.133, 21.253 and 24.953 MHz +/- 10KHz to allow for QRM; CW - 7.003, 10.103, 14.003, 18.073, 21.003 and 24.893 MHz +/- to allow for QRM. For comprehensive details of operating times, spot frequencies, QSL information etc., please check 8Q7AK on QRZ.com. All QSL's should be sent via the bureau or direct to G7COD. Please note: 8Q7AK is approved for DXCC credits. [Pete's-DX-Newsdesk]

23/10/2008 Ed, K3IXD will be active as C6APR Crooked Island Lodge, Pittstown Point, Crooked Island, Bahamas, in the 2008 CQWW SSB contest. Before and after the contest (October 23 - 26) C6APR will be on HF including the WARC bands, CW and SSB. Also before and after the contest the call C6AXD will be used on HF RTTY. Both calls are good for Bird Rock Lighthouse (ARLHS BAH-005, TWLHD WLH C6-002, WLOTA LH-0118, Admiralty J4792) as well as IOTA NA-113 and Grid FL22TT. All QSLs to K3IXD. [K3IXD]

26/11/2008: Francesco/I0UZF, Andrea/IK0EFR, Luigi/IK0YUT and Lari/IZ0FWD will be active as J49I from the island of Crete (EU-015, MIA MGC-005, WLOTA LH-1400) between November 26th and December 1st. Look for activity before and during the CQ WW CW Contest (November 29-30th) on 160-10 meters, mainly CW. QSL via IK0EFR. [NG3K]

29/11/2008: Ari, OH5DX will be active from Mariehamn, Aland Island (EU-002, also count for WLOTA LH-1373, WW Loc. JP90XI) as OH0Z during the CQWW DX CW Contest (November 29-30th), as a Single-Op/Single-Band (15m) entry. QSL via W0MM. [NG3K]
==========
SPECIAL EVENTS -

Darek SP6NVK reports -
In service HAM in Google (www.hamatlas.eu/Gg/KML_en.htm) in www.hamatlas.eu I added new service QTH Locators Viewer. It's the whole World's locators grid as overlay in Google Earth. You can see where your antenna is. [SP6NVK]

From 9Q to A6:
Dear friends
After a 5 years long stay in 9Q, Democratic Republic of Congo, my moving to the United arab Emirates is now confirmed. I hope to be there in next September. I?ve already apply for an A6 licence and, instead of the difficulties, I hope to get it. Even if my traffic is made in French language, anyone can contact me from 40 to 10m and even 6m. However and according this approximative schedule, I?m daily and mainly on 20m SSB between 0700 and 0800 utc, in the low part of the ssb bandplan and in the afternoon between 15:00 to 16:00 utc on 21.188. In the evening I?m between 40-10m according to the propagation. Be patient, i?ve only 100w and no directive antenna. No place now for 160 and 80 which antennas had been dismantled. Sked are always possible (see QRZ.com). No Internet at home only at work so my private mail is read before Service, while the lunch break, and after 16.30 utc. Answers as soon as possible, according my job timetable.
Au plaisir de se retrouver sur l'air

7400. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-07-31 22:40:07 UTC
From: K1XN
Topic: 5889 Message: 7400

*The AUGUST 2008 Issue #808 files have been uploaded to the Golist web
site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

*

Hi friends

MADAGASCAR:

5R8
HF + EME Dxpedition from the Team around Jean-Marc, F1HDI
... So far so good, after having cancelled our 144 EME expe in
FY in May, we should be ready to activate Sainte Marie Island,
north east of Madagascar on HF and 144 EME.

EME activity should start September 20th and stop the 25th.

Call and frequency will come later.

Customs permitting ... The setup should be 4x8 horz. polar and 500w+.
We will be located on the western coast of Sainte-Marie.
The main trafic should be in JT65.
Tnx MMMonVHF and Jean-Marc F1HDI

BULGARIA

The Clubstation LZ9X will try to be active from 11 to 14 Aug from
KN32AS (1536m a.s.l.) with 2x DJ9BV 4 lambda and 2x GU74B PA
IC910 MGF 1302. The team consist LZ1RB, LZ1JH, LZ1DP, LZ1UK ...
Tnx MMMonVHF and Savi, LZ1UK

Remaining –
FRANCE – EU-064
Dirk, F/ON4IMM, will be a holiday DXpedition to Noirmoutier en
L'Ile IN86UX IOTA EU-064. During 10-11-12-13 august will be 24 h
qrv (minus sleepingtime HI). He did test the GPRS connection for
KST and the MMMonVHF DXBlog - keep an eye on KST-Chat and the
F/ON4IMM DXBlog: http://www.mmmonvhf.de/showblog.php?ca=F-ON4IMM
Tnx MMMonVHF and Dirk, ON4IMM

****

BOSNIA HERCEGOVINA
Gigi, IV3GTH, will operate during his family holiday from Banja
Luka, JN84OT, using his new bosnian call E77GS. His main target
is to partecipate in the MMMonVHF / DUBUS MS-SPRINT-Contest:
http://www.mmmonvhf.de/ctest.php
on 12th August with single antenna (probably 9 el dk7zb) and
150W PA. He hope to find a better place for contest in same QTH
to have a better take-off (to improve 0-125 deg QTF). QSL direct

or bureau via IV3GTH. 73 CU soon Gigi E77GS
Tks MMMonVHF and Gigi, E77GS (IV3GTH)

WALES
MW0OPS will be activating several lighthouses in IO60, IN69,and IO70
over the next few days on 6m.
Tks MMMonVHF and Steve, M5BXB on UKSMG

ALASKA
* W1AW/KL7 continue:
Special event station W1AW/KL7 is still on the air.
Bands 160-6 meters.
This ARRL 2008 Alaska State Convention Special Event Station
<http://www.akhamfest.com/arcticcirclespecial.php> plans to run two HF
stations operating CW, SSB and digital, one satellite station and one
station devoted to 146.52 MHz.
The Convention itself runs from August 1-4 in Anchorage.

FRANCE – Saint Martin

Hi Bill,

I'm going to be operating from French St Martin for the
CQ WW, both modes.

For SSB I'll be SOAB. I may go assisted, but I won't know
that until I know if the Internet connection will work.

For CW I'll be M/2 or maybe M/S with WA1S and KQ1F.

In both cases we'll probably use the callsign TO4X and
KQ1F will be the QSL manager.

Paul, K1XM

CAYMAN isl.

Begin date: 20080809
End date: 20080816
Submitter's callsign: K5SL
Callsign(s): ZF2SI
DXCC entity: Cayman Islands
QSL route: K5SL
Operators: ZF2SI

Notes: Randy K5SL will be qrv from Grand Caymans Aug
9-16 mainly on cw. Look for him on 18150ssb,18077cw. 7033 cw around
0400z. QsL via home call
Tks Bill/NG3K

For the Polar ship hunters:

If you wish to check how many ships are actually on the North Pole, just
check
http://www.sailwx.http://www.sailhttp://www.saihttp:
(http://www.sailwx.info/shiptrack/shiplocations.phtml) and you will be surprised.

On Antarctica there are actually 2 ships only reported: Lawrence M. Gould
and
Nathaniel B. Palmer.

Good hunting

7406. ASIAN TURKEY DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-04 11:01:35 UTC
From: K1XN
Topic: 7406 Message: 7406

*From: "Martti Laine" <martti.laine@...>

ASIAN TURKEY WILL BE QRV FROM AUGUST 5 THROUGH AUGUST 12, 2008

The special callsign TC4X will be activated on several occasions
during 2008. A new alliance between Turkish and Finnish hams
includes OH2BH, OH2PM, OH8NC, TA1HZ and others. The location is in the
city of Alanya, Southern Turkey, Asia.

Detailed info will be on www.qrz.com and http://tcswat.tripod.com

Their first activity from August 5 will coincide with the WAEDC Worked
All Europe DX Contest (CW).

07/08/2008: Look for HL0Y/3 to be active from Sapsi Island (AS-080) from August 7-11th. Activity wil be on 20 meter SSB. QSL via HL0Y. [425 DX News]

07/08/2008: Fabizio, IZ1DNQ will be active August 7-20th from the city of Sant'Agata to Militello (ME), Sicily Island (EU-025, IIA SC-001, MIA MI-107, WLOTA LH-1362), using the call sign IT9/IZ1DNQ, while on vacation. Activity will be on all HF bands, SSB only, and he will also activate the Castle of Sant'Agata to Militello (DCI reference ME-0091, for the Italian Castles Award). QSL via home call, direct or bureau. [IW1DQS]

08/08/2008: Laurent, F8ATM will be active as 6V7L from Senegal between August 8-22nd. He plans to operate SSB and RTTY on all HF bands. QSL via home call, direct or bureau. [425 DX News]

08/08/2008: Przemek "Mek" SP7VC will be active from Lofoten Islands (LA, EU-076, Grid JP67), Norway, from August 8-15th. He is going to be active on HF (80, 40 and 20 meters with dipole antennas and 700W PA) as well as on VHF 144355.0 (FSK441 Random on MS using 9el Yagi and 1kW PA). QSL via his home call. [SP5UAF]

09/08/2008: Matt, 9A/S53AU will be active from the island of Cres (EU-136, ACIA-90, CIA-06, IOCA CI-012, MIA MC-056, WLOTA LH-0553) from August 9-16th. He plans to operate holiday style, CW only, from 80 to 10 meters (incl. WARC) with TS-450SAT (100W) and windom antenna. QSL via home call, direct or by the bureau. [F5NQL]

09/08/2008: Fran?ois/F5JNE and G?rard/F6ICG will be active August 9th as F5JNE/p from the Castle of Praslins (DFCF 45-047), located in the city of Nogent sur Vernisson (CP 45290), canton of Chatillon Coligny (DDCF 45-08), Department Loiret/45, and province of Centre (DPF 07). As usual starting around 0600 UTC, 80 and 40m CW/SSB. QSL bureau preferred and SWL cards welcome. [F5NQL]

09/08/2008: Several members of Radio Club F5KGR (F4EQZ, F1CMA, F4ECU and F4FLC) will be active August 9th as F5KGR/p from the Castle of Villequier [old Castle of Genlis] (DFCF 02-031), located in the canton [county] of Chauny (DDCF 02-09), on the commune of Villequier Aumont (CP 02300), Department Aisne/02, province Picardy (DPF 18). QRV on all HF bands and also on VHF, propagation permitting. QSL via home call, direct or bureau. [Radioamateur.org]

09/08/2008: Hide, JM1LJS and Junichi JA3RAF will be active from Wallis Island (FW) and Samoa (5W) in August as follows: August 9-15th as FW1W (QSL via JM1LJS) and FW1Z (QSL via JA3RAF) from Wallis Island (OC-054); August 16-19th as 5W0HH (QSL via JM1LJS) and 5W0MJ (QSL via JA3RAF) from Samoa (OC-097). They plan to operate SSB, CW and possibly some digital mode (by JA3RAF) on 40-6 meters from both locations, plus 80 meters from Wallis Island. QSLs via home calls (direct only). Further information (on-line logs included) can be found at: radio-dream.com/mini_pedi_2008/ [425 DX News]

09/08/2008: Adriano, IK2GNW will be active August 9-22nd from Cayo Leventado, Dominican Republic's Coastal Islands (IOTA NA-122), using the call sign HI9/IK2GNW. QSL direct only to I2YSB. Further information at: www.i2ysb.com/ [NG3K]

09/08/2008: Gerry, IZ1DSH plans to be active August 9-17th as IM0/IZ1DSH from the island of Tavolara (EU-165, IIA OT-071, MIA MIS-040, also count for WLOTA LH-1839, WW Loc. JN40UV). Activity will be on 40-10 meter SSB, using TS-140 and 7 band portable vertical antenna. QSL via home call, bureau preferred. No eQSL! [rsgbiota.org]

09/08/2008: Koh, JH3LBD/6 will be active August 9-11th from Nishinoomote City (rare JCC 4614 for the Japan Century Cities Award) on Tanega-shima (AS-032, JIIA AS-032-007 [JA6 Osumi Islands], also count for WLOTA LH-0991). QSL via home call. [425 DX News]

09/08/2008: Nicolas, F5TGR will be active as TK/F5TGR from August 9-23rd from Porto Vecchio, island of Corsica (EU-014, DIFM TK-001, MIA MCO-001, WLOTA LH-1390). He will be QRV 40-10 meters, using SSB and CW. An activity from some coastal islands is possible. QSL via home call, direct or bureau. [F6AJA]

09/08/2008: Randy, K5SL will be QRV as ZF1SI from Grand Cayman Island (NA-016, WLOTA LH-1042) August 9-16th, mainly on CW. Look for him on 18150 kHz SSB, 18077 kHz CW. 7033 kHz CW around 0400z. QSL via home call. [NG3K

10/08/2008: Johnathan/AB3FX, Jeanne/KB3PVA and Bob/KB3NVH plan to be active as AB3FX/4 from Ocracoke Island (NA-067, USi NC-001S, WLOTA LH-0466, Hyde County), North Carolina, from August 10-16th. Holiday style activity will be mainly on 20 meters. They also hope to take part in the later part of the Maryland-DC QSO party. QSL via the bureau to AB3FX. Direct is OK for US stations; there is no need to include an SASE unless you would like a card back in an envelope (otherwise it will come as a postcard). [rsgbiota.org]

10/08/2008: Timm, DE3RPC will stay on Fehmarn Island (EU-128, O-01 for the German Islands Award, WLOTA LH-0637) from August 10-13th. He plans SWL operation as DE3RPC/LH from the lighthouse Fl?gge (DLTD #19, TWLHD WLH DL-006, WLOL FED-085, Admiralty C1288.1). All stations which are logged by him will receive a special SWL card with a lighthouse automatically via bureau. [DX Newsletter]

10/08/2008: Dirk, ON4IMM will be active August 10-13th as F/ON4IMM from Noirmoutier Island (EU-064, DIFM AT-020, WLOTA LH-1224). Focus will be on 144 MHz meteor scatter, but outside the meteor shower he will be QRV on the HF bands and 6 meters. QSL via home call. [425 DX News]

10/08/2008: Operators Toru/JI5USJ (JD1BLX) and Makoto/JI5RPT (JD1BLY) will be active from Chichijima Island (AS-031) in the Ogasawara Island group between Augsut 10-16th. Activity will be on 160-6 meters, using satellites, CW, SSB and the Digital modes. QSL via their home call signs. For updates, see: www.ji5rpt.com/jd1/ [OPDX Bulletin]

11/08/2008: Gerhard, OE3GEA will be active from Rodos [a.k.a. Rhodes] (EU-001, MIA MGD-028, WLOTA LH-0045) as SV5/OE3GEA from August 11-17th. Activity is planned for 40-10 meter CW, using 30 Watts. QSL via home call, direct or bureau. [rsgbiota.org]

12/08/2008: Joao, CU6AY plans to be QRV August 12 to September 4th as CU6AY/p from Pico Island (EU-175, DIP AS-006, WLOTA LH-1321). He will also activate for the first time the Natural reserve of Montanha do Pico for the World Flora Fauna - WFF Award (CTFF-045 CU). QSL direct to home call (see QRZ.com). [rsgbiota.org]

12/08/2008: Look for Jean-Louis, F5NHJ to be active as FK/F5NHJ, from New Caledonia, main island (Grande Terre - OC-032, DIFO FK-001, WLOTA LH-1280) from August 12th to 29th. QRV mainly on CW and digital modes on 10 MHz. During the stay, Jean-Louis will also try to be active from one or several other FK islands. If these QSY's happen, information will be given in due time. He will upload his log to his web site (www.f5nhj.fr/logsearch/) while in New Caledonia and will upload the log to LoTW when he returns home. QSL according to his instructions. [F5NQL]

12/08/2008: Niels, OZ8KR plans to be QRV August 12-13th and August 16-17th as JW/OZ8KR from the club station in Longyearbyen, Spitsbergen Island (EU-026, also count for WLOTA LH-0125). Activity will be SSB only and Niels likes 14.220 NHz or 14.260 NHz. QSL via home call. [NG3K]

12/08/2008: Members from the Radio Club Argentino will operate from Martin Garcia Island (SA-055), August 14-18th, and plan to activate its Lighthouse during the 2008 International Lighthouse and Lightship Weekend (ILLW). The call sign to be used will be LR5D and activity will be on both SSB and CW, on 80-6 meters. The operators are: LU1ARG, LU1BCE, LU7ADC, LU4BR, LU5ANL and LU1AMH. QSL via LU4AA. [OPDX Bulletin]

15/08/2008: Tony will be active as 5Z4/IK8VRH from Malindi, Kenya, time permitting. He plans to activate two Africa IOTA's as follows: from August 15-17th AF-040 Coast Province North group; from August 20-22nd AF-076 Bayelsa/Rivers/Akwa Ibom etc States group. QRV 40, 20 and 17 meter SSB, CW and RTTY in the company of Enrico, 5Z4ES. Tony's equipment will consist of FT450AT, Sommerkamp 300Watt PA, Bubbledipole, Zx Minibeam, USB II MicroHAM and MiXW. QSL via home call. [IK8VRH]

15/08/2008: Members of the Gwangju DX Club (6L0NJ) will be active August 15-18th as 6L0NJ/4 from the Huksan Islands (AS-093). Activity will be on all HF bands using SSB, CW and various digital modes. QSL via HL4XM. [425 DX News]

15/08/2008: Operators Arasu/VU2UR, Lakshman/VU2LX, Sampath/VU2YZ, Gururaj/VU2GUR, Inarappan/VU2INA, Depak/VU2CDP, Gajandran/VU3VGN, Hari/VU3VHK, Shekhar/VU2RDX, Vittal/VU2VIT, Venkataram/VU2BVM, Sharadha/VU2VTK, Ramesh/VU2LU, Ajoy/VU2JHM and SWL Yugadhi will be active August 15-24th from the Mahabalipuram lighthouse (ARLHS IND-016, Admiralty F0932, WW Loc. NK02CO) and the Mahabalipuram (Mamallapuram) temple (ARLHS IND-011, WW Loc. NK02CO). This activity is to commorate The Bangalore Amateur Radio Club (VU2ARC) celebrating its Golden Jubliee in 2009 and some HF equipment will be borrowed from the Lions Clubs International Amateur Radio Club Station (VU2LCI). QSL via VU2JHM Ajoy, Kshitija, # 9/1, 5-Cross, Mvm, BANGALORE-560003, INDIA. [VU2JHM]

15/08/2008: Members of the "RADIO CLUB URUGUAYO" will be active as CV1AA from "Faro Puerto del Buceo West Breakwater" lighthouse (ARLHS URU-014, ILLW UY0003) during the 2008 International Lighthouse and Lightship Weekend (ILLW), from 2000z Friday, August 15th, until 2359z Sunday, August 17th. Activity will be on 160-15 meters using CW and SSB with at least two stations on the air and VHF/UHF with one station. QSL for this activity go only DIRECT to Radio Club Uruguayo, P.O.Box 37, 11000, Montevideo, URUGUAY, SOUTH AMERICA, with SAE and IRC or 2 green stamps. [OPDX Bulletin]

15/08/2008: JI2TXU will once again be QRV as T88TX from the West Plaza Hotel By The Sea, Koror, Palau (OC-009), from August 15-20th. QRV on 40, 20, 15, 12, 10 and 6 meter SSB. QSL via JI2TXU. [MMMonVHF]

15/08/2008: The Radio Club EME Phoceen, F5KDK will be active from Frioul Archipelago (EU-095) as TM5F from August 15-18th. QRV HF 80-10m using SSB, CW, PSK and RTTY. Team members mentioned are: Jean Michel/F1IKA (SSB and QSL Manager), Michel/F5IVP (CW/SSB/Digi), Eric/F5ODA (CW/SSB), Dave/F5SDD (CW/SSB) and Chris/F6DHI (SSB/Digi). QSL via F1IKA, direct or bureau. Further information and updates will be available at http://tm5f.free.fr/ [NG3K]

15/08/2008: Operators Eric/VE5EL and Murray/VE5MC plan to be active this summer as VE5LGT from Cochin Lighthouse (ILLW CA0013, WW Loc. DO53RD), August 15-17th. They will have two stations on the air with 100 watts, SSB only, using dipoles and vertical antennas. QSL via the Bureau or direct to: COCHIN LIGHTHOUSE, c/o Murray Crandon, 1034 Henleaze Avenue, Moose Jaw, SK S6H 3V6, CANADA. See QRZ.com for more details. [OPDX Bulletin]

15/08/2008: Bob, VP8LP, will be active from Ascension Island (AF-003) as ZD8LP between August 15-16th and September 14th. Bob will only be using a vertical antenna, so don't expect to hear big signals, but he intends to be very active on 40-10 meters as propagation permits. QSL direct to his home call sign VP8LP only. [OPDX Bulletin]
==========
LOOKING AHEAD -

16/08/2008: SK6NL Amateur Radio Club members will once again be QRV as 7S6LHT from the Vinga Lighthouse (ILLW SE0028, WLOTA LH-1517), located on Vinga Island (EU-043), Sweden, during the International Lighthouse/Lightship Weekend (August 16-17th). QSL via SK6NL. [F5NQL]

16/08/2008: The Kerry Amateur Radio Group will be active as EI1KARG from the Cromwell Point Lighthouse (ARLHS IRE-077, ILLW IE0001, WLOTA LH-2484), Ireland (EU-115), for the International Lighthouse/Lightship Weekend (August 16-17th). QSL via EI9FVB, direct or bureau. [F5NQL]

16/08/2008: The Strumblehead DX and Contest Group will be on the air from Strumblehead Lighthouse (Loc:IO72LA - WAB: SM84PEM Pembrokeshire - Lighthouse No: A5274, or WAL-029, WLOTA 3811 - BARLS meber #458 - Lat 52:01N Long 5:04W) for the weekend 16th-17th August 2008 using the call GB0SH. Look out for the team a few days before and a few days following using the club call MC0SHL. The team will consist of Ant MW0JZE, Rob MW0RLJ, Tim M0URX, Oli MW3SDO, and Chris G1VDP. Tim (M0URX) will be active as MW0URX and Chris (G1VDP) will be active as GW1VDP before and after the weekend also. A special QSL will be available and the logs will be uploaded to LOTW after the operation. Activity will be on 80 to 10M SSB with some RTTY by Chris G1VDP if time permits.QSL for GB0SH via MW0JZE and MC0SHL via M0URX, all others via home call.
[Pete's-DX-Newsdesk]

16/08/2008: Look for Peter, MM5PSL to be active as GB2ELH, from the Eshaness Lighthouse (ARLHS SCO-075, ILLW UK0058, TWLHD WLH GM-026, WLOTA LH-0867, Admiralty A3838) during the International Lighthouse/Lightship Weekend (August 16-17th). Eshaness light is located on mainland Shetland Island (EU-012, IOSA SH01, SCOTIA SI11). QSL via home call (QRZ.com). [F5NQL]

16/08/2008: Members from the Panama Canal Amateur Association (PCARA) and Radio Club de Panama (HP1RCP) will be active using the special call sign H81L on August 16-17th, from the Panama Canal Miraflores Locks Lighthouse (PAN-030) located by the City of Knowledge (Ciudad del Saber) - (the old U.S. Army Fort Clayton). Activity will be CW, SSB and the Digital modes. QSL via HP1RCP. [OPDX Bulletin]

16/08/2008: The Radio Club Tandil, LU2EE has issued for its 50th anniversary the "Faros del Cincuentenario" award. Their goal is to have QSO's with at least 5 lighthouses, activated by the club members. This award is full part of the 50th anniversary Club activities. For all activities: 80 and 40m using SSB, CW and RTTY, using homecall/p. The following lighthouses will be on the air as scheduled: August 16-18th San Jose [Historic] (ARG 063, WW Loc. FE76JV) by Elsa/LU1EJ and Ricardo/LU6EC; August 16-18th Cabo Aristizabal [Historic] (ARG 023, WW Loc. FE64PX) by Juan/LU5DIT and other; August 16-18th Beacon Necochea Sur (ARG 097, WW Loc. GF01PK) by Cristian/LU8EXJ and Ra?l/LU9EY; August 16-18th Beacon Camino (ARG 084, WW Loc. FE79OF) by An?bal/LU3ES, Jos? Antonio/LU4EHP and Santos/LW7DAF; August 16-18th New beacon to be confirmed by Dar?o/LU3DR and other; Beacon Cabo Corrientes (ARG 098, WW Loc. GF11FX) dates and operators to be announced. QSL via LU2EE, direct with SASE or SAE + postage. Further information at: www.infotandil.com.ar/LU2EE/ [LU5CAB]

16/08/2008: On the International Lighthouses Weekend (August 16-17th), look for the folowing Danish stations: 5P0MF /lh, MF-Klubstation im Marine-Luftschiffmuseum (OZ2CBA) from Nordborg Lighthouse (DEN-029, ILLW DK0006, WW Loc. JO45UC), Isle of Als (Not IOTA, DIA JY-001). QSL via DH1LAO direct or DARC bureau or see QRZ.com. 5Q3R /lh, Team Romsoe Lighthouse, from Romsoe Old (ILLW DK0008, WW Loc. JO55JM), Romsoe Island (EU-172, DIA FY-008). QSL via the OZ bureau. OZ0MF Clubstation der Marinefunker Runde (MF) (DH1LAO) from Nordborg Lighthouse (DEN-029, ILLW DK0006, WW Loc. JO45UC), Isle of Als (not IOTA, DIA JY-001). QSL via DH1LAO direct or DARC buro or see QRZ.COM [F5NQL]

16/08/2008: Operators Loet/PJ2LS (ex PJ9LS & PA3FNI), Andre/PD1DRE, and Mark/PJ2GT (Ex. PD0RSR & PA3GTY) will activate PJ2LS/LH, during the International Lighthouse Weekend (August 16-17th) from the Punt Kanon lighthouse (ARLHS NEA-009, WLOTA LH-0942, WW Loc. FK52PB), island of Curacao (SA-006). The lighthouse is solar powered, an electricity grid is not available in the area, therefore it will be a fully "self supporting" activation by using generator power. To obtain a special lighthouse event QSL card please send your QSL to PJ2LS/LH via PD1DRE, direct or bureau. [F5NQL]

16/08/2008: Members of the Turkish group called TCSWAT will activate the special station TC1YLH from Yesilkoy Lighthouse (WLOL TUR-055) during the International Lighthouse/Lightship Weekend (August 16-17th). Operators will be TA1HZ and TA2RX. QRV mainly on 15/20/40 meters and 2 meters. QSL via TA1HZ, direct or bureau. Further info at: tcswat.tripod.com/ [F5NQL]

20/08/2008: The French Sevran F5KKD ARC Gulls team plans to visit the following IOTA's between August 20-24th. 1) Belle-Ile-en-Mer (EU-048, DIFM AT-015, WLOTA LH-0872). 2) Sein Island (EU-068, DIFM AT-007, WLOTA LH-2721). Team members include David/F4FDA, Dimitri/F0FLH and Bastien/F4EYQ. They will have three stations working at the same time, as long as possible. Activity will be SSB on 3755/3693 +-1K , 7055/7093 +-1K , 14260/14193, +-1K , 21260/21293,+-10K, 28460/28460, +-10K and

144300/144393, +-5K. QSL direct to F5KKD, IOTA2008, PO Box 27, F 93270 SEVRAN, France or via the French REF-Union bureau. The group has a page at: iota2008.crxcluster.com/ where logs, pictures will be posted after their return. [F5NQL]

25/10/2008: Operators TA3YE and TA3GO will be active from Turkey as TC3EC during the CQWW DX SSB Contest (October 25-26th) as a Multi-Op/All-Band entry. QSL via TA3GO. [NG3K]

25/10/2008: Paul, K1XM will be active as TO4X from the island of French Saint Martin (NA-105, DIFO FS-001, WLOTA LH-0383) during the CQWW DX SSB Contest (October 25-26th). He will also be joined by Ann/WA1S and Charlotte/KQ1F for a Multi-2 or Multi-Single entry. Look for activity before and after the contest. QSL via KQ1F. [NG3K]

29/11/2008: Paul, K1XM will be active as TO4X from the island of French Saint Martin (NA-105, DIFO FS-001, WLOTA LH-0383) during the CQWW DX CW Contest (November 29-30th), as a Single-Op/All-Band entry. Look for activity before and after the contest. QSL via KQ1F. [NG3K]
==========
SPECIAL EVENTS -

01/09/2008: Look for special event station 8J4HAM to be aired from September 1st through October 5th to celebrate the Hamfesta Kasaoka 2008. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/09/2008: Special call sign 8N0CLEAN will be aired from September 1st through October 31st to celebrate Clean Reception Atmosphere Month. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/09/2008: Special event station 8N3SR will be aired from September 1st through October 31st to celebrate the 21st National Sports and Recreation Festival. Activity is expected on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/09/2008: Marq, CT1BWW will operate again as CQ4IPY from September 1-7th and November 1-7th to celebrate the 4th International Polar Year. Expect him to be active on 10-80 meter SSB, CW, PSK31, RTTY and SSTV. QSL via home call, direct or bureau. Further information on the activity and the relevant award can be found at cq4ipy.bravehost.com/ [425 DX News]

18/10/2008: Special event station N3G and N3G/AM will be aired October 18th to commemorate the 69th Anniversary of USCG Auxiliary. Frequencies to watch are 7.035 14.055 50.135 and 146.520 MHz. On six meters, N3G/AM will be QRV 1300z-2200z on 50.135 MHz USB, using a IC-706MKIIG and wire antenna. QSL via N3CJM (Robin M. Begley, 3 Pancoast Ave, Aston, PA 19014-2109). [N8OFS]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

COME JOIN THE FUN AT NAQCC !!!

Come join the NAQCC and help us in our mission to preserve and encourage CW activity on our amateur bands. The NAQCC (North American QRP CW Club) is for ALL CW enthusiasts around the world.

Our members include "Big Gun" contesters, hard-core QRPers, experimenters, ragchewers and SWLers; young and old alike. As different as we may be, we all share one thing in common, and that is our love for CW.

We welcome all who want to help support CW and have at least some interest in using QRP from time-to-time. Our club runs monthly sprints and challenges. Plus we sponsor some additional special on-air activities during the year.

Membership is free and once you join you're automatically a lifetime member! So sign up today and help us keep CW alive and well.

Visit our web site at http://www.arm-tek.net/~yoel/. You'll find info on our various activities plus an online membership application.

We look forward to your support and hope to soon see your call added to our membership roster.

7418. IILW 2008, LA, Perseids .....

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-07 20:12:51 UTC
From: F5nql@aol.com
Topic: 7418 Message: 7418

Hi friends

Hi friends
International Lighthouses week end 2008 (16&17of August).
1st) Argentina:
First activity from Punta Tehuelche lighthouse for the IILW 2008
Reference : ILLW AR-0035, Reference ARLHS ARG-059 .
CQ 13 - ITU 16 - Loc.FE7
More information : _http://illw.net/2008_list.htm_
(http://illw.net/2008_list.htm)
Operators : LU4WG & LU7WW, from 160 to 10m , SSB, PSK31.
LU7WW will begin to traffic on Aug 11th.
QSL:
Non Argentin stations :
Direct with 2 IRC to :
Casilla de Correo 4 (P.O.Box 4), Puerto Madryn 9120, Prov.Chubut, Argentina
or via EA5KB.
Stations from Argentina rout their cards to Jorge Omar Gallego - LU4WG
,Trelew - Chubut - Argentina
Pages to see : _http://www.lu4wg.tk_ (http://www.lu4wg.tk/) ,
http://lu4wg.blogspot.com (http://lu4wg.blogspot.com/) ,
http://radioaficionadolu.myradiotoolbar.com/
(http://radioaficionadolu.myradiotoolbar.com/) z<
Tks Javier LU5FF
2nd) URUGUAY:
The Radio Club Uruguayo members will sugn CV1AA , from the Faro Puerto del
Buceo West Breakwater lighthouse (ARLHS URU-014, ILLW UY0003) from 15 to
17 of August for the IILW.
QSL via ; CX1AA, , P.O.Box 37, 11000 Montevideo URUGUAY with SAE plus IRCs
or US$ 2.

Tks Javier, LU5FF
3rd) Switzerland:
The Swiss Lighthouse Activity Group HB9LH will be active during the ILLW
(International LightHouse & Lightship Weekend) on 16 and 17 August 2008.
Callsign: HB9LH
QTH: Lighthouse of Romanshorn - ARLHS SWI-005
Lake of Contance: WASL HB-TG-001
Castle Romanshorn: DCS-TG057
LOCATOR: JN47QN.
OP: HB9DLO - Michel, HB9DWR - Pascal, HB9OMI - Pierre-Yves
QSL via bureau (USKA) and/or via HB9DLO.
Tks Augusto, I2JJR
4th) Great Britain:
GB0SH; The Strumblehead DX and Contest Group will be on the air from

Strumblehead Lighthouse (Loc:IO72LA - WAB: SM84PEM Pembrokeshire -
Lighthouse
No: A5274, or WAL-029, WLOTA 3811 - BARLS meber #458 - Lat 52:01N Long
5:04W)
for the weekend 16th-17th August 2008 using the call GB0SH. Look out for the
team a few days before and a few days following using the club call MC0SHL.
The
team will consist of Ant MW0JZE, Rob MW0RLJ, Tim M0URX, Oli MW3SDO, and
Chris
G1VDP. Tim (M0URX) will be active as MW0URX and Chris (G1VDP) will be active
as
GW1VDP before and after the weekend also. A special QSL will be available
and
the logs will be uploaded to LOTW after the operation. Activity will be on
80 to
10M SSB with some RTTY by Chris G1VDP if time permits.QSL for GB0SH via
MW0JZE
and MC0SHL via M0URX, all others via home call.
Many thanks

Chris Colclough
G1VDP

Tks Pete’s DX Desk

OTHER INFORMATION

NORWAY:
Just to let you know.... Przemek "Mek" SP7VC will be active from
Lofoten Islands (EU-076, grid JP67) on August 8 - 15.

He is going to be active on HF (80, 40 and 20 meters with dipole
antennas and PA=700W) as well as on VHF 144355.0 (FSK441 Random on MS
using 9el Yagi and PA=1kW). QSL via his home call.

Tks Golist and John, K1XN

Switzerland:
Hi Dear Friends,
Sunday Aug. 10th we will meet in CARI' (Ticino) HB9 for an Ham Radio Day .
You are welcome to visit us there, or to QSO with us; see
http://www.procari.ch/ (http://www.procari.ch/)

HB9TZA , Luciano HB9FBI, and a group of other OM, will operate in different
locations there and on different bands with their own callsign or with the
Club one.
Gery HB9TQF will trek to a mountain lake over there and operate his K2 from

that location at 2800m asl giving WASL reference.
The next day Monday 11th, HB9TZA and HB9FBI will QSY over the Alp to Canton GL, where some new Castle References will be activated for the DCS-SSD Award; if possible, there will be also some WASL Reference from there.
After two or three Castles in GL, the Tuesday 12th we will move to Appenzell, were we plan to activate there too some Castles, both from AI and from AR cantos ; I would like in particular to be able to activate the DCS-AI001 Clanx Ruine, near Appenzell.
We will use both qrp with K2 and FT817/Collins/OBP; and QRO with TS50, IC7000, TS450, and other. Bands HF 80 up, and some 6m possible . Antennas will be mostly fishing rod, dipoles, or car mount short ones if the wx will not help us .....
We hope to meet you on the Air from there, during our Swiss Mini-Tour; we thank for help with Clusters, and for patience with the QRP stations.
Have fun, 73 from DCS-SSD Management
Augusto HB9TZA (I2JJR) and Luciano HB9FBI (IK2QPO)
Tks Augusto, I2JJR

ITALY:
Pse, during all the week ends 2008 search :

PERSEIDS SHOWER
LA/PA2CHR/p QRV from JO37 square during Perseids.
The most southern part of Norway is in the square JO37,
I hope to find a good QTH for meteor scatter. If all goes well, I plan to be
QRV from Sunday 10, until Wednesday 13 of August.
2 mtr. rig: FT847 with a Beko HLV600 PA; MGF1801 preamp and 9el. ant.
70cm. rig: FT857 with 100W PA, preamp and 24el.
6 mtr. rig: FT857, 100W and dipole antenna.
Main activity will be 2 mtr. meteor scatter; QRG (if free) 144.358 MHz.
I will also try to work some stations in NAC on the 12th on 70cm..
Tks MMMVHF andGuy, DL8EBW

ANTIGUA:
Sam, WT3Q, will be on island from Oct 19 till the 28th.
Will give it a try for sure we'll have a kw amp for 6 and a K3 so if there is an opening we'll give it a shot except during the cqww ssb contest...

Merci Golist et John, K1XN

SUISSE
Salut tous
Le dimanche 10 août, nous organisons un Ham Radio Day à CARI' (Ticino).
Vous êtes tous les bienvenus soiut de visu soit sur l’air.
Voir : _http://www.procari.ch/_ (http://www.procari.ch/)
HB9TZA , Luciano HB9FBI, et d’autres OM opèreront depuis divers endroits et diver modes et bandes , soit avec leurs indicatifs soit avec celui du club.
Gery HB9TQF grimpera jusqu’à un lac de montagne sis à 2800m d’altitude pour donner une référence pour le diplôme des lacs.
Le lundi 11, HB9TZA et HB9FBI feront QSY par dessus les Alpes pour le canton de Glaris, d’où ils donneront quelques références valides pour le diplôme des châteaux suisses DCS-SSD . Quelques références « Lacs » seront également possibles.
Après deux ou trois châteaux dans me canton de Glaris, le mardi 12 il partiront Appenzell, d’où ils activeront des châteaux comptant à la fois pour les cantons d’ _Appenzell Rhodes-Extérieures_

(http://fr.wikipedia.org/wiki/Canton_d'Appenzell_Rhodes-Extérieures) (AI) et Appenzell Rhodes-Intérieures (AR).
Ils aimeraient en particulier donner la référence DCS-AI001 pour les Ruines de Clanx .
Ils utiliseront un K2 et un FT817 en QRP et des TS50, IC7000, TS450, et autres sur les bandes 80m et au dessus, essais jusqu'à 6m.
.
Les antennes seront le plus souvent des dipôles et des verticales cannes à pêche ou des antennes mobiles sur le véhicule.
Nous espérons vous contacter nombreux pendant ce minitour de Suisse. Merci de nous signaler sur les clusters et merci pour votre patience pendant les séances en QRP.
Have fun, 73 from DCS-SSD Management
Augusto HB9TZA (I2JJR) and Luciano HB9FBI (IK2QPO)

> Island (FW) and Samoa (5W) in August as follows: August 9-15th as FW1W
> (QSL via JM1LJS) and FW1Z (QSL via JA3RAF) from Wallis Island (OC-054);
> August 16-19th as 5W0HH (QSL via JM1LJS) and 5W0MJ (QSL via JA3RAF) from
> Samoa (OC-097). They plan to operate SSB, CW and possibly some digital
> mode (by JA3RAF) on 40-6 meters from both locations, plus 80 meters from
> Wallis Island. QSLs via home calls (direct only). Further information
> (on-line logs included) can be found at: radio-dream.com/mini_pedi_2008/
> [425 DX News]
>
> 09/08/2008: Adriano, IK2GNW will be active August 9-22nd from Cayo
> Leventado, Dominican Republic's Coastal Islands (IOTA NA-122), using the
> call sign HI9/IK2GNW. QSL direct only to I2YSB. Further information at:
> www.i2ysb.com/ [NG3K]
>
> 09/08/2008: Gerry, IZ1DSH plans to be active August 9-17th as

> IM0/IZ1DSH from the island of Tavolara (EU-165, IIA OT-071, MIA MIS-040,
> also count for WLOTA LH-1839, WW Loc. JN40UV). Activity will be on 40-10
> meter SSB, using TS-140 and 7 band portable vertical antenna. QSL via
> home call, bureau preferred. No eQSL! [rsgbiota.org]
>
> 09/08/2008: Koh, JH3LBD/6 will be active August 9-11th from
> Nishinoomote City (rare JCC 4614 for the Japan Century Cities Award) on
> Tanega-shima (AS-032, JIIA AS-032-007 [JA6 Osumi Islands], also count
> for WLOTA LH-0991). QSL via home call. [425 DX News]
>
> 09/08/2008: Nicolas, F5TGR will be active as TK/F5TGR from August
> 9-23rd from Porto Vecchio, island of Corsica (EU-014, DIFM TK-001, MIA
> MCO-001, WLOTA LH-1390). He will be QRV 40-10 meters, using SSB and CW.
> An activity from some coastal islands is possible. QSL via home call,
> direct or bureau. [F6AJA]
>
> 09/08/2008: Randy, K5SL will be QRV as ZF1SI from Grand Cayman Island
> (NA-016, WLOTA LH-1042) August 9-16th, mainly on CW. Look for him on
> 18150 kHz SSB, 18077 kHz CW. 7033 kHz CW around 0400z. QSL via home
> call. [NG3K
>
> 10/08/2008: Johnathan/AB3FX, Jeanne/KB3PVA and Bob/KB3NVH plan to be
> active as AB3FX/4 from Ocracoke Island (NA-067, USi NC-001S, WLOTA
> LH-0466, Hyde County), North Carolina, from August 10-16th. Holiday
> style activity will be mainly on 20 meters. They also hope to take part
> in the later part of the Maryland-DC QSO party. QSL via the bureau to
> AB3FX. Direct is OK for US stations; there is no need to include an SASE
> unless you would like a card back in an envelope (otherwise it will come
> as a postcard). [rsgbiota.org]
>
> 10/08/2008: Timm, DE3RPC will stay on Fehmarn Island (EU-128, O-01 for
> the German Islands Award, WLOTA LH-0637) from August 10-13th. He plans
> SWL operation as DE3RPC/LH from the lighthouse Fl?gge (DLTD #19, TWLHD
> WLH DL-006, WLOL FED-085, Admiralty C1288.1). All stations which are
> logged by him will receive a special SWL card with a lighthouse
> automatically via bureau. [DX Newsletter]
>
> 10/08/2008: Dirk, ON4IMM will be active August 10-13th as F/ON4IMM from
> Noirmoutier Island (EU-064, DIFM AT-020, WLOTA LH-1224). Focus will be
> on 144 MHz meteor scatter, but outside the meteor shower he will be QRV
> on the HF bands and 6 meters. QSL via home call. [425 DX News]
>
> 10/08/2008: Operators Toru/JI5USJ (JD1BLX) and Makoto/JI5RPT (JD1BLY)
> will be active from Chichijima Island (AS-031) in the Ogasawara Island
> group between Augsut 10-16th. Activity will be on 160-6 meters, using
> satellites, CW, SSB and the Digital modes. QSL via their home call
> signs. For updates, see: www.ji5rpt.com/jd1/ [OPDX Bulletin]
>
> 11/08/2008: Gerhard, OE3GEA will be active from Rodos [a.k.a. Rhodes]
> (EU-001, MIA MGD-028, WLOTA LH-0045) as SV5/OE3GEA from August 11-17th.

> Activity is planned for 40-10 meter CW, using 30 Watts. QSL via home
> call, direct or bureau. [rsgbiota.org]
>
> 12/08/2008: Joao, CU6AY plans to be QRV August 12 to September 4th as
> CU6AY/p from Pico Island (EU-175, DIP AS-006, WLOTA LH-1321). He will
> also activate for the first time the Natural reserve of Montanha do Pico
> for the World Flora Fauna - WFF Award (CTFF-045 CU). QSL direct to home
> call (see QRZ.com). [rsgbiota.org]
>
> 12/08/2008: Look for Jean-Louis, F5NHJ to be active as FK/F5NHJ, from
> New Caledonia, main island (Grande Terre - OC-032, DIFO FK-001, WLOTA
> LH-1280) from August 12th to 29th. QRV mainly on CW and digital modes on
> 10 MHz. During the stay, Jean-Louis will also try to be active from one
> or several other FK islands. If these QSY's happen, information will be
> given in due time. He will upload his log to his web site
> (www.f5nhj.fr/logsearch/) while in New Caledonia and will upload the log
> to LoTW when he returns home. QSL according to his instructions. [F5NQL]
>
> 12/08/2008: Niels, OZ8KR plans to be QRV August 12-13th and August
> 16-17th as JW/OZ8KR from the club station in Longyearbyen, Spitsbergen
> Island (EU-026, also count for WLOTA LH-0125). Activity will be SSB only
> and Niels likes 14.220 NHz or 14.260 NHz. QSL via home call. [NG3K]
>
> 12/08/2008: Members from the Radio Club Argentino will operate from
> Martin Garcia Island (SA-055), August 14-18th, and plan to activate its
> Lighthouse during the 2008 International Lighthouse and Lightship
> Weekend (ILLW). The call sign to be used will be LR5D and activity will
> be on both SSB and CW, on 80-6 meters. The operators are: LU1ARG,
> LU1BCE, LU7ADC, LU4BR, LU5ANL and LU1AMH. QSL via LU4AA. [OPDX Bulletin]
>
> 15/08/2008: Tony will be active as 5Z4/IK8VRH from Malindi, Kenya, time
> permitting. He plans to activate two Africa IOTA's as follows: from
> August 15-17th AF-040 Coast Province North group; from August 20-22nd
> AF-076 Bayelsa/Rivers/Akwa Ibom etc States group. QRV 40, 20 and 17
> meter SSB, CW and RTTY in the company of Enrico, 5Z4ES. Tony's equipment
> will consist of FT450AT, Sommerkamp 300Watt PA, Bubbledipole, Zx
> Minibeam, USB II MicroHAM and MiXW. QSL via home call. [IK8VRH]
>
> 15/08/2008: Members of the Gwangju DX Club (6L0NJ) will be active
> August 15-18th as 6L0NJ/4 from the Huksan Islands (AS-093). Activity
> will be on all HF bands using SSB, CW and various digital modes. QSL via
> HL4XM. [425 DX News]
>
> 15/08/2008: Operators Arasu/VU2UR, Lakshman/VU2LX, Sampath/VU2YZ,
> Gururaj/VU2GUR, Inarappan/VU2INA, Depak/VU2CDP, Gajandran/VU3VGN,
> Hari/VU3VHK, Shekhar/VU2RDX, Vittal/VU2VIT, Venkataram/VU2BVM,
> Sharadha/VU2VTK, Ramesh/VU2LU, Ajoy/VU2JHM and SWL Yugadhi will be
> active August 15-24th from the Mahabalipuram lighthouse (ARLHS IND-016,
> Admiralty F0932, WW Loc. NK02CO) and the Mahabalipuram (Mamallapuram)
> temple (ARLHS IND-011, WW Loc. NK02CO). This activity is to commorate

> The Bangalore Amateur Radio Club (VU2ARC) celebrating its Golden Jubliee
> in 2009 and some HF equipment will be borrowed from the Lions Clubs
> International Amateur Radio Club Station (VU2LCI). QSL via VU2JHM Ajoy,

7420. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-07 23:49:23 UTC
From: K1XN
Topic: 5889 Message: 7420

*The AUGUST 2008 Issue #808-A files have been uploaded to the Golist
web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

*

7421. Re: [GOLIST] ICPO Bulletin (August 07-15, 2008)

Yahoo group: GOLIST (2007 — 2010)

(http://f5kin63.googlepages.com/to8sîlesdessaintes)
Tks Rafik, F5CQ

From MMMonVHF Portal :

144 MHz PERSEIDS New contest:

The VHF-DX-Portal MMMonVHF in cooperation with the magazines
DUBUS invite you to take part in our new 144 MHz Meteorscatter
Sprint Contest,which will take place for the first time in the
2008 Perseid shower. The 144 MHz Meteorscatter Sprint Contest
will take place each year on the day of the from IMO (International
Meteor Organization) announced maximum of the Perseid shower.
Participants may submit all their QSOs done between
0000 UT to 2359 UT. This will be a world wide contest and all HAM's
world wide invited to take part and send in their logs.
Contestdetails at http://www.mmmonvhf.de/ctest.php
73's de Erwin/DK5EW
MMMonVHF: Beacon Project Manager + MS SPRINT Contest Manager
Tks Guy, DL8EBW , Erwin/DK5EW and MMMonVHF

PY, Brasil –
PT7BI/P, Daniel and PT7ZT/P Moreira are going to participate in ILLW 2008
- International Lighthouse Lightship Weekend - regulation in
http://illw.net/ (http://illw.net/) , days 16 and 17 of August 2008, from Lighthouse
MUCURIPE * Ceara- Brasil, reference ARLHS BRA-261 and DFB CE-05 activity by members
of GPDX

INDIA
Dear friend,
Please advise all interested that AT8LH is a special call allotted for the
first ever
operation from Mahabalipuram Light Houses, old (IND-011) and New (IND-016)
from

15th August 2008 to 24th August 2008. More information on and QSL route on QRZ.com for AT8LH.

Also, there may be some surprise operations during the week end from Panaji, Goa State,
from where VU2SMS/LH and VU2ROE/LH may activate some LHs of that region.

Good luck and best 73,
de arasu vu2ur
Tks ARASU, VU2UR

GREECE, Rhodes Isl.
OE3GEA will be on Rhodes isl. (EU-001) between Aug 11 to 17.
40 to 10m, included 30m/CW.
QSL direct via OE3GEA or throug the Austrian bureau.
Tks Javier, LU5FF and Diego LU8ADX

USA – NA-067.
AB3FX, Johnathan, KB3PVA, Jeanne, KB3NVH, Bob, plan to be active as AB3FX/4 from Ocracoke island (NA-067), North Carolina, between August 10 to 16.
QSL vía AB3FX.
Tks Javier, LU5FF and Diego LU8ADX

PALAU, T8. Hidenori, JI2TXU, will activate T88TX from August 15 to 20. Activity will be on 40, 20, 15, 12, 10 and 6 meters SSB. QSL via JI2TXU.
FRANCE – Oversea Island WALLIS, FW (OC-054).
Operators Hide, JM1LJS and Junichi, JA3RAF, are expected to be QRV from August 9 to 15. Hide will sign FW1W and Junichi will sign FW1Z. Activity will be on 80 through 6 meters using CW and SSB. QSL via their home call signs, direct only.

SAMOA, 5W. Hide and Junichi will move on to Upolu Island, (OC-097) with operations from August 16 to 19. Hide will sign 5W0HH and Junichi will sign 5W0MJ. They will be QRV on 40 through 6 meters using CW and SSB. QSL via their home call signs, direct only.
Three information from the ARRL DX bulletin.

Thanks Barry. The main site seems to be back up and has this message posted:

Attention All Amateurs... *ARRL Internet Services Experience Network Problems* (Aug 7, 2008) -- Since around 8:30 AM EDT today, many users have been unable to access the ARRL Web site and e-mail. According to ARRL Web/Software Development Manager Jon Bloom, KE3Z, "an inadvertent network configuration error" at the site's Internet Service Provider (ISP) was to blame. An issue with the Domain Name Servers (DNS) caused many users to be routed to the wrong Web site. The problem was quickly discovered and resolved; however, due to a lag in propagation, some users could be affected for up to 24 hours. Thanks to all the members who called in to report the outage.

From: K1XN
Topic: 5632 Message: 7426

*Guys,
Yesterday the arrl.org site had problem but they were
addressed and corrected by yesterday afternoon. Some
of the DNS servers did not get updated until last night.
I think the LOTW site should be open to all now. It was
online for me this morning and I used it successfully.

Hi Mike,
I sure would have thought that all the DNS servers would have
updated over night. I had access back yesterday afternoon.
I just spoke with a friend who lives some 10 miles from and he
does not have access as of this message. I don't understand that
but I rekcon that just the way it is.

Hi John, LOTW site back up OK now here. Wonder what the problem really
was?
"www.snakeoil.dom", which the LOTW referred me to while site was down,
sounds pretty fishy.

*From: "ian_nightingale" <ian_nightingale@...>

To All, I will be camping near a mountain called Trident on Adelaide Island this next week. I have built an Elecraft K1 tranceiver (QRP CW rig) and have also attempted to learn morse code. I will try most night to use 40m (7010Khz) at aproximatly 2200 UTC. If you are near a radio, you might want to listern out for the slow broken morse of VP8DLJ.

Note, from my base at Rothera I have had very little luck hearing or transmitting in the last month and therefore I am not expecting great results. However, it would be fantastic to at least receive a call to my callsign.

All the best from sunny rothera

Hi friends

TO8S
There s a change about TO8S
From: FREDDY LAIGU
Sent: Saturday, August 09, 2008 7:41 PM

Subject: to8s

For TO8S we have to change the dates .
We will stop our emisions on Aug 11th at 00h00 utc because of flight and renting car schedule.
Starting on Aug 12th, we will be in Guadeloupe at Pointe des Châteaux.

The aerials will normally be settled in the afternoon .
Here always the same bad and floating propagation in the morning and in the afternoon. Nothing instead of our numerous tries and so at night.
The bands open at night tto Europe on starting around 20h00 utc.
Phone QSO’s are very difficult and RTTY ones too. David tried once more yesterday. We count few US stations in our log.
That’s all folks for to day, have a nice week end and 73.
freddy & david
Tks RAFIK, F5CQ

USA

W1T will be operating from Thacher Island on Saturday, August 16, 2008, from about 1400 UTC until about 1900 UTC (1000 to 1500 EDT in the USA). We are registered with the Amateur Radio Lighthouse Society (ARLHS USA-1027 Thacher Island North Light, Islands on the Air (IOTA) NA-148 Thacher/Massachusetts State North, and U.S. Islands Awards Program (USI) MA001S Thacher.
All information is posted on _www.QRZ.com_ (http://www.qrz.com/)
concerning eQSL and QSL cards via W`1GLO,
the Cape Ann Amateur Radio Association, 6 Stanwood Street, Gloucester, MA 01930 USA.
Location of the Lighthouse/Island is Grid: FN42rp 42.38.21N/70.34.29W
We will be operating principally on
14.010 - 14.40 MHz (20 M) CW/PSK31 (14.070 MHZ)
14.125 - 14.275 MHx (20 M Phone) (Voice/SSB)
and 7.005-7.035 MHz (40 M) CW

Hi friends
From MMMonVHF Portal :
Special PERSIDS and MMMonVHF and DUBUS 144 MHz Meteorscatter
Sprint Contest 2008 (AUG 12th)

144 MHz PERSEIDS
New contest:

The VHF-DX-Portal MMMonVHF in cooperation with the magazines
DUBUS invite you to take part in our new 144 MHz Meteorscatter
Sprint Contest,which will take place for the first time in the
2008 Perseid shower.
The 144 MHz Meteorscatter Sprint Contest will take place each year on the
day of the from IMO (International Meteor Organization) announced maximum of
the Perseid shower.

Participants may submit all their QSOs done on Aug 12th, between
0000 UT to 2359 UT. This will be a world wide contest and all HAM's
world wide invited to take part and send in their logs.

Contestde tails at http://www.mmmonvhf.de/ctest.php
73's de Erwin/DK5EW
MMMonVHF: Beacon Project Manager + MS SPRINT Contest Manager

Scheduled activities :

Rare Square KO66 active and qrv in the MMMonVHF and DUBUS 144 MHz
Meteorscatter-Sprint Contest 2008.

From: "F5PFP" <f5pfp@...>

HI
In February-March 2009 we plan to be active from the ex
Station-B Deception island;ex Station-O Danco island,
Port Lockroy Wiencke island.

I requested an application formulary to Port Stanley post office.
According to the postmaster,the only way you to get an amateur
licence is to appear in person at post office.

Is there any member of the mailing list who could get a licence
without having visited Falkland island ?

Of course we will be operating under VP8/ON7ZM ,VP8/F5PFP
if they refuse to issue a VP8xxx call sign.

Could Gianni I1HYW tell us if WAP will valid these operations
after the fit of hysterics from ON5FP,VK0LD,K2ARB ?

Hi friends

CROATIA:
The members of ''TWLHF & ARC Koprivnica and ACIAG'', Kresimir 9A7K and Bero KA2DZR / 9A7BP will be active from many Croatian lighthouses and islands between 14 - 18 August 2008.

During the ILLW, activity will be from lighthouses Babac, Sveta Katarina and Planac.

The callsigns will be 9A7K and 9A7BP.
Qsl's for 9A7BP contacts are via KA2DZR, (via bureau or via qrz.com).

Kresimir, 9A7K (EPC 3215 CRO-06), plans to spend most oftime using RTTY and PSK,QSL's via bureau or direct.

If the weather permits, we are planning to activate several different islands in IOTA EU-170 (Pasman, Ugljan, Ricul).
If the weather conditions are not ok, we are planning to visit only the lighthouses in IOTA EU-170 (Babac, Sveta Katarina, and Planac).
All contacts are also valid for the
Croatian County Award
Worked 9A PFX Award

7457. Gloriosos 2008

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-13 11:40:10 UTC
From: F5nql@aol.com
Topic: 6996 Message: 7457

Hi friends

Press release:

This is a message send by Didier, F5OGL, Gloriosos 2008 leader.

Please spread it as largely as possible.

thank you

Maurice, F5NQL;

From Didier, F5OGL, team leader Gloriosos 2008-08-13
Beginning of Didier's text:
Hi,
Considering numerous rumours spread by non authorized hams about the datesof the next Gloriosoe 2008 dxpedition, I think I have to give some information to avoid any more errors.
On the island, the anti-cyclonics shelters building is nearly finished. The taking over of the French Army sovereignty personnels and the return of the building workers will be effective at the end of this month.
At the beginning of September, after the last checkings on the installations, especially on electricity, all the heavy building gear will be evacuated from the island.
I am, more than ever in very close contact with the military authorities of the French Forces for the South zone of the Indian ocean, in the Reunion Island.
I've met the new Head of state Chief warrant officer, before his starting for his new 3 years assignment to the zone.
He assured me of his entire support and help for this expedition.

The last problems to be solved are about some local logistic , especially the dates usable for the military planes flights and boats departures, which schedules haven't nothing common with commercial ones.
I repeat that all the necessary authorisations are in hand.
Believe us about our will to do a most perfect as possible dxpedition to the Glorioso.
For that, safety first is our goal .

Know if it could be easy to go, the Glorioso rank in the most wanted list will not be n°4.
For another island in the Eparses, Europa 2003, we had to work several years to prepare it before doing.
All the ham operators are personnels of the French Military Defense and they have all a professional assignments which have priority over all, included

the Ham radio Dxpedition.
The major risks on the zone doesn’t allow to include civilian ham ops in the crew.
No date is fixed to day, but I’m doïng all my best to lead Gloriosos 2008 before the end of this year, It must be said that without all combined elements gathered, I prefer postpone the operations as often as it will be necessary
I continue to work hard to put the Gloriosos on the air and know that’s not very easy.

73's QRO

Didier F5OGL - Glorieuses 2008 leader

End of Didier’s text.

If you don't want to receive these message anymore, please ask to be removed of the mailing list, same way.

Don't forget to inform us about any change in your e-mail address.

Bonjour à tous

Communiqué de presse :

Voici le dernier message reçu de Didier, F5OHL, à propos des Glorieuses 2008.

merci de diffuser aussi largement que possible

73

F5NQL.

De Didier, F5OGL, chef d'expédition Glorieuses 2008.

DÉBUT DE CITATION

Devant de nombreuses rumeurs diverses et variées sur les dates de l'opération Glorieuses 2008, je désire sortir de mon silence afin de mettre un terme à toute spéculation.

Les shelters anti cycloniques sont pratiquement terminés. La relève de lasection de souveraineté de l'armée française va être opérée à la fin de ce mois ainsi que le retour des équipes de construction. Le matériel nécessaire à la réalisation de ces équipements de sécurité sera rapatrié au début du mois de septembre après les dernières vérifications d'usage, notamment électriques.

Je suis plus que jamais en contact étroit avec les autorités militaires de l'état-major des Forces armées de la zone sud de l'océan indien à la Réunion. J'ai pu rencontrer le nouveau chef d'état-major avant son départ pour un séjour de trois ans là-bas.
Il m'a assuré de son soutien plein et entier et de son aide.

Il reste juste des problèmes de logistique locaux à régler, notamment les dates des avions ou des bateaux militaires qui ne sont
pas prévues comme les horaires d'avions ou de bateaux commerciaux.

Je répète que nous avons toutes les autorisations nécessaires mais que nous voulons réaliser une opération impeccable dans des conditions maximales de sécurité.
J'ajoute que si la facilité pour se rendre sur cette île était établie, cette contrée ne serait pas "most wanted n°4".

Je rappelle d'ailleurs qu'il m'a fallu quatre années pour réaliser l'opération Europa 2003 et que les opérateurs, qui dépendent tous du ministère de la défense
sont assujettis à des occupations professionnelles et opérationnelles qui sont prioritaires sur une opération radio-amateur et qu'il n'est malheureusement pas possible d'emmener des opérateurs civils en raison de la dangerosité de la zone.

Il n'y a aucune date prévue à l'heure actuelle même si je fais le maximum pour réaliser l'opération avant la fin de l'année.
Il doit être dit que je préfère repousser cette expédition si toutes les conditions favorables ne sont pas réunies....

Je continue donc à travailler pour mettre les Glorieuses sur l'air et croyez bien que cela n'est pas simple....

73's QRO

Didier F5OGL - Glorieuses 2008 leader

Hi folks,
I need to let you know that my work computer failed this morning and I will have to get it repaired. I will unable to produce the weekly data file and other reports for this weekend. I will not be able to work and new orders or renewals until the PC is repaired. I am very sorry for this problem.
I am runing a second PC using a Ubuntu disk and it has not been installed, nor do I know how to make it work. I will try and get it to where I can download email messages, but this is not a certainity.
Sorry for the problems and will be back running just as soon as I can

I.C.P.O. Bulletin (August 14-22, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

- Vasily, RA9LI/9 is now active from Belyy Island (AS-083, RRA RR-06-04, RDA YN-14) meteorological station (Arctic ocean, 73?20N-70?10E). Valid for Arctic challenge. Length of stay is unknown. QSL via UA9LP. [F5NQL]

- Giorgos, SV1HEM (SRT member #340) will be active August 13-17th from Meganisi Island (EU-052, MIA MG-143, WLOTA LH-2892, WW Loc. KM08IP) with call sign SV1HEM/8. He will work all bands from 80-6 meters using CW, SSB and RTTY modes. Equipment: FT-897D and TS-50, GZV-4000 and two batteries 12V/7.5AH for power, 80-10m G5RV and dipole for 6m. QSL via home call. [Pete's-DX-Newsdesk]

14/08/2008: The members of "TWLHF & ARC Koprivnica and ACIAG", Kresimir 9A7K and Bero KA2DZR/9A7BP will be active from many Croatian lighthouses and islands between August 14-18th. During the ILLW, activity will be from lighthouses Babac, Sveta Katarina and Planac. The call signs will be 9A7K and 9A7BP. QSL for 9A7BP contacts are via KA2DZR (via bureau or via QRZ.com). Kresimir, 9A7K (EPC 3215 CRO-06), plans to spend most of his time using RTTY and PSK (QSL via bureau or direct). If the weather permits, they are planning to activate several different islands in IOTA EU-170 (Pasman, Ugljan, Ricul). If the weather conditions are not good, they are planning to visit only the lighthouses in IOTA EU-170 (Babac, Sveta Katarina, and Planac). All contacts are also valid for the Croatian County Award and Worked 9A PFX Award. References: Pasman (EU-170, ACIA IC-348, CIA-34, CI-085, MIA MC-291, Zadar County, WW Loc. Some members of Lynx DX Group have created a list of "invalid operations" for the different amateur radio Awards, especially DXCC. We need some help to complete it and any information will be highly welcomed at: info-dxcc@...
Next step is to scan every QSL of every callsign in the list, therefore we need help as well.
The site is fully operational at http://www.lynxdxg.com/novalidas/novalidas.htm

KP5 - DESECHEO ISLAND
Information spreads around that the very rare DXCC entity Desecheo shall be activated from November 12-26. The call sign will be K5D. More details will be published shortly before the activity. [DX Newsletter]

PRESS RELEASE:
From Didier, F5OGL, team leader Gloriosos 2008-08-13
Beginning of Didier?s text:
Hi,
Considering numerous rumours spread by non authorized hams about the datesof the next Gloriosoe 2008 dxpedition, I think I have to give some information to avoid any more errors.
On the island, the anti-cyclonics shelters building is nearly finished. The taking over of the French Army sovereignty personnels and the return of the building workers will be effective at the end of this month.
At the beginning of September, after the last checkings on the installations, especially on electricity, all the heavy building gear will be evacuated from the island.

I am, more than ever in very close contact with the military authorities of the French Forces for the South zone of the Indian ocean, in the Reunion Island.
I?ve met the new Head of state Chief warrant officer, before his starting for his new 3 years assignment to the zone. He assured me of his entire support and help for this expedition. The last problems to be solved are about some local logistic, especially the dates usable for the military planes flights and boats departures, which schedules haven?t nothing common with commercial ones.
I repeat that all the necessary authorisations are in hand.
Believe us about our will to do a most perfect as possible dxpedition to the Glorioso.
For that, safety first is our goal.
Know if it could be easy to go, the Glorioso rank in the most wanted list will not be n?4.
For another island in the Eparses, Europa 2003, we had to work several years to prepare it before doing.
All the ham operators are personnels of the French Military Defense and they have all a professional assignments which have priority over all, included the Ham radio Dxpedition.
The major risks on the zone doesn?t allow to include civilian ham ops in the crew.
No date is fixed to day, but I?m doing all my best to lead Gloriosos 2008 before the end of this year. It must be said that without all combined elements gathered, I prefer postpone the operations as often as it will be necessary I continue to work hard to put the Gloriosos on the air and know that?s not very easy.
73's QRO
Didier F5OGL - Glorieuses 2008 leader
End of Didier?s text. [F5NQL]

"The Old Timer" is the title of the latest book of Jim Smith, VK9NS. Jim writes about his life as radio amateur. Jim is a wellknown DXer and DXpeditioner all over the world and holds a licence now for 60 years. You can order the book (or a CD) online at: www.jimkirsti.com/

Yeah, as fate would have it, I discovered that about 30 seconds after I had sent the earlier e-mail. Sorry about the bandwidth use, but thanks very much for the reply.

Don,

Gosh, it sure is good to hear from you. I got the V85 on cw this morning. He was all by himself, no pile-up, nothing excepot me and him. Everyone else was trying to qso the BT1OB who was down frequency a bit. Nice to be able to score one on the big guns every once and awhile.

Actually I'm really glad to hear from you. I've been trying to run PSK and having some difficulty, hardware and proceedurally, and wondered if I could come over and pick you brain a bit, may this friday (tomorrow).

Sure good to hear from you though.

Dave

*Hi folks,
Thanks to my PC Guru, my work PC is now back running.
I will have the data file and other reports produced shortly and
will upload the files to the Golist download page later this evening.
I will be out of the office Saturday as I plan to make a day trip to
the Huntsville Ala hamfest. Will be back in the office Sunday and
address any email at that time.
John K1XN

7468. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-15 00:28:50 UTC
From: K1XN
Topic: 5889 Message: 7468

*The AUGUST 2008 Issue #808-B files have been uploaded to the Golist
web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

*

7469. DESECHEO - KP5

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-16 09:18:21 UTC
From: F5nql@aol.com
Topic: 7469 Message: 7469

Hi friends

This is a press release received from Bernie McClenny, W3UR, of the Daily DX:

For several weeks there have been rumors of a DXpedition to Desecheo Island, KP5. Sometimes it is best to keep quiet until the right time. Your editor and several other DX editors have been keeping a lid on this one for good reasons. Mostly so anxious DXpeditioners don't step on one another and ruin the possibility for a rare one to come on the air.

Back in late June a letter was sent to would be KP5 DXpeditioners. The United States Department of the Interior's Fish and Wildlife Service (FWS) dug back into their files finding the names and addresses of those who showed interest in going to Desecheo. It's not known by this editor exactly how many letters were sent, however we do know applications were pulled from as far back as 1997. I am aware of about 10 different individuals or groups who received the letter, which can be seen at http://www.dailydx.com/Desecheo.pdf. Not all of the groups will be able to go. In fact only one group has the possibility of going! As of this date no group has been told they can go!

A reliable source tells The Daily DX the following: "There is a tentative agreement to facilitate access to the Desecheo Island National Wildlife Refuge by Amateur Radio operators in conjunction with future USFWS management activities in the refuge. The plan would allow Amateur Radio activation of Desecheo for up to 14 days under strict guidelines and close USFWS supervision"

"USFWS expects to grant a Special Use Permit (SUP) for Amateur Radio operations to one group selected from among large number of prior applicants. These applicants have recently been contacted by the agency and provided a number of stringent requirements that must be met. They were told that if they are still interested in operating from Desecheo they had 45 days to submit a proposal. The letter was dated June 30, 2008, with an August 14th deadline. The final selection will be made based upon which proposal best satisfies USFWS requirements. The timing of this operation is still uncertain but is likely to be in the September through December 2008 time frame. The actual dates of the operation are dependent on a number of variables, but the team and DXers should have a minimum of 30 days notice."

"We are not sure, but we believe as many as a dozen proposals have been submitted. Apparently, the final selection will be made by a three person panel. Continue to remain patient as the selection process proceeds. Apparently, DXers worldwide can look forward to the first USFWS-authorized activation of Desecheo Island in many years."

This is great news and if properly handled by the DX community could possibly lead to future operations from Desecheo and who knows what else!

Depuis plusieurs Semaines circulent des rumeurs d’une prochaine expédition sur l’île Desecheo , KP5.
Il est préférable quelquefois de patienter jusqu’à l’heure H.
Avec plusieurs autres rédacteurs de Bulletins DX, nous avons gardé un un oeil sur cette opération mais n’avons rien dit pour de bonnes raisons.
La plupart des Dxpéditionnaires trop anxieux ne doivent rien dire et faire de peur de ruiner cette rare possibilité de mettre cette rare entité sur l’ air.
En juin une lettre a été adressée aux candidats à KP5.
Le United States Department of the Interior's Fish and Wildlife Service (FWS), a ressorti de ses dossiers les noms et adresses des radioamateurs qui avaient manifesté leur intérêt pour se rendre à Desecheo.
Votre rédacteur ne sait pas exactement combien il y a pu avoir de demandes depuis 1997.
Je pense qu’au moins une dizaine de dossiers de groupes et d’individuels ont du recevoir la lettre qui_peut être consultée à :

http://www.dailydx.com/Desecheo.pdf.
Tous les groupes ne seront pas autorisés. En réalité un seul groupe aura la possibilité de se rendre sur Desecheo .
Aujourd'hui cependant, personne, parmi les candidats, ne peut dire s'il ira ou non.
Ce qui suit a été communiqué au Daily DX par une source autorisée.
« Il y a actuellement une tentative de négociation pour faciliter l'accès des radioamateurs au National Wildlife de l'île Desecheo, en liaison avec la future direction locale des activités du USFWS.
Ce plan prévoirait une période de 14 jours maximum d'activité selon les très stricts règlements et sous la supervision totale du USFWS .
L' USFWS prévoit d'accorder un permis spécial , pour des opérations radioamateur, à un groupe sélectionné parmi un nombre déjà importants de candidats qui se sont déjà manifestés.
Ces candidats ont déjà été contactés par l'agence et doivent répondre à nombre de très strictes exigences.
On leur a spécifié que s'ils étaient toujours intéressés par une expédition à Desecheo, ils avaient 45 jours pour déposer leur dossier.
La lettre était datée du 30 juin 2008, la limite de dépôt du dossier était donc le 14 août 2008.
La sélection finale sera faite selon la meilleure réponse aux exigences de l' Agence.
La date de l'opération n'est pas connue, mais elle aura lieu probablement entre septembre et décembre 2008.
Les dates de l'opération dépendent d'un nombre important de critères , mais l'équipe et les Dxers devraient être avisés sous 30 jours.
Nous n'en sommes pas certains totalement mais nous croyons savoir qu'une douzaine de demandes d'activité radioamateur, auraient été formulées.
Il semblerait que la sélection finale se fasse après consultation et délibérations d'un groupe de trois personnes.
Continuez à garder votre calme et soyez patients tant que la procédure suit son cours.
Apparemment les Dxers du monde entier peuvent être à l'affut de l première activité autorisée par
l' USFWS, pour de nombreuses années. »

Ceci est une grande nouvelle. Si la communauté DX la mène à bien selon le plan prévu par l' USFWS, ceci pourrait conduire à d'autres expéditions dans le futur depuis Desecheo, qui sait ?

7473. CO8LY

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-17 21:16:22 UTC
From: Bob Main
Topic: 7473 Message: 7473

Does anybody know if CO8LY does QSLs? I worked him last December and sent him a QSL card in January. He sent me an email saying that he had gotten my card and asked me a question about my amplifier. I responded to the email with the information that he asked expecting to get my card within a couple weeks. Since then I have sent him three emails asking where the card was, if there was a problem, etc. and he has yet to respond to any of the emails.

I have already chalked up his QSO as another one that bit the dust and didn't count, but was wondering if others had any luck.

Bob,

Very interesting ! I checked my log to see the last card I got from him was
for a QSO back in April 2004. I've sent him 3 others and nothing yet.
It's time to light a fire and see what happens.

I guess I saw the "direct only", but I would have thought that since he acknowledged getting the card he would have answered it, or at least the emails that I have sent him.

From: K1XN
Topic: 6363 Message: 7479

I have rec'd numerous QSL requests for many of Dave's operations over the past several years. Although it still astounds us both that after 20 years, people have just now applied for "new" DXCC QSO's, I would suppose a "lacking " solar activity would drive some ops to "dig" into their old archives. We've replaced fire victim cards, etc... with no problem, but convenience is another subject.

I will announce to ALL that all the Heil logs are still active. Response via buro maybe 1-3 YEARS! If you take your time, so do I. I do process them though, but with a family, and other responsibilities, I process at my own speed. If you send SASE, I'll guarantee your turn time to be under 6 months. I have received rather terse comments from QSL applicants that they need them ASAP with what I would call "my need ASAP" requests. I'm sorry, that doesn't work.

This announcement is to let everyone know to keep their own houses in order, before trying to bulldoze cards out of me. I feel that Dave and I have been very forthcoming with QSL's ASAP, but we don't respond well to ego-driven demands.

I hope the ham community understands this stance.

Dave,
None of my sources have information for that call sign.
Could it have been a busted call? When did you work that
station. With more info, maybe we can figure it out.

Members of the Radio Club Uruguay (CX1AA) will activate Faro Puerto del Buceo West Breakwater (ARLHS URU-014, WW Loc. GF15WC), during the upcoming ILLW activity, August 18-19th. Activity will take place from Friday, August 17th, 2200z until Monday, 20th 0100z, on all bands from 160-10 metres on CW and SSB with at least two stations using the special call sign CV1AA. If possible, some digital modes and VHF 2 metre operation will also be active too. QSL for this activity only DIRECT to: Radio Club Uruguayo, P.O.Box 37, 11000, Montevideo, Uruguay, South America, with SASE and IRC or 2 green stamps. [OPDX]

John:
I believe now, after hearing from a number of hams, that I made a mistake on the "V" (it was a cw qso), thinking it was a "4". The actual call was CV1AA which is qsl through CX1AA in Uruguay..... although C4 would have been nice.

Thanks for your help.

Dave

I think you are probably right Dave. Maybe the C4 will come
in the days ahead !!

Glad you got the help you needed.

DXCC:
DXCC Rule Removal

Aug 18, 2008 13:39 ET
Bill Moore, NC1L

>From the July 2008 ARRL Board of Directors Meeting:

"The Board also acted on the Programs and Services Committee report, voting to eliminate Rule 5 from Section III of the DXCC Rules. The Committee realized that while publishing log data can have a detrimental effect on operating awards, it was not possible to control such actions and the rule cannot be enforced. As part of an effort to maintain the integrity of operating awards programs, the Board called on staff to create resources and guidelines for QSLing and for QSL managers. These guidelines will help people who QSL to understand the "best practices" and help to support the work of the QSL manager so that access to log data won't degrade Amateur Radio's long tradition of the "honor system."

The rule reads:

5. The presentation in any public forum of logs or other representations of station operation showing details of station activity or other information from which all essential QSO elements (time, date, band, mode and callsign) for individual contacts can be derived creates a question as to the integrity of the claimed QSOs with that station during the period encompassed by the log. Presentation of such information in any public forum by the station operator, operators or associated parties is not allowed and may be considered sufficient reason to deny ARRL award credit for contacts with any station for which such presentations have been made. Persistent violation of this provision may result in disqualification from the DXCC program.

"This rule cannot be enforced. In its place staff will create resources and guidelines for QSLing and for QSL managers in order to maintain the integrity of operating awards programs."
Tks Bernie, W3UR and Daily DX.

ZS - REPUBLIC OF SOUTH AFRICA
Franz,DL3PS/HB9EHQ in Johannesburg
between Aug 25 and Sep 12 (Business trip) . ZS6/DL3PS
in SSB/CW and digital modes on 10m to 80m during his spare time.
QSL direct or via bureau to HB9EHQ.

9L - SIERRA LEONE
Karl-Heinz,DK2WV, who was active as 9L0W in June had a meeting with the

president of the University of Freetown and discussed the possibilities
of starting an amateur radio class. His application was accepted and
thus Karl-Heinz,DK2WV, Roland,DJ4LK, Franz,DJ9ZB, Hans, DL1YFF, and a local
OM will tackle this project from Oct 21 until Nov 11, 2008.
Furthermore they will be QRV as 9L0W on 6-160m with three stations
simultaneously (including amplifiers). They are looking for sponsors
because they still need 14.000 US$. If you like to support this project
please send an e-mail to Karl-Heinz: k.ilg@...

SPAIN - SPECIAL EVENT STATIONS
AO5FI will be activated during the Formula 1 GP (Valencia, Aug 24)
from Aug 22-24. QSL via EA5URV.
Other amateurs from the region may use special prefixes like ED and AO.

S2 - BANGLADESH
The ARRL spreads the news that there will be new amateur radio exams
and licences in Bangladesh soon. The last licences were issued in 2004.
Yet it is not clear whether stations which were active from Bangladesh
after 2004 will be accepted for DXCC credit. Exams will be given on a
monthly basis beginning on Aug 13.
See also: http://www.arrl.org/news/stories/2008/08/15/10263

RUSSIA:
AS-027, R0K, Vrangelya (Vrangel) Island: There is a good possibility that
Vrangel Island will show up on the bands by the end of August.
The team will try to activate AS-027 during the expedition of the
"Akademik Fedorov" to put up the drifting polar base SP36. The calls
will be UE0MAC/0, UA6LP/0 and RZ6MZ/0 but the exact date of the
operation depends on the Arctic weather.

Tks DXNL

BAHAMA
Begin date: 20080818
End date: 20080826
Submitter's callsign: K3TRM
Callsign(s): C6ARM
DXCC entity: Bahamas
QSL route: K3TRM
Operators: K3TRM

or direct w/sase

Contest: CQWW DX Contest, SSB (October 25-26, 2008)
Submitter's callsign: OM2TW
Contest callsign: PZ5Z
DXCC entity: Suriname
Operation class: M/?
CQ zone: 09
QSL route: OM2FY

Operators: OM2TW, OM5AW, OM5AA, OK1RK, OK1NY, maybe others...

Notes: http://www.om0c.com/suriname/; QRV Oct 21-30;
160-2m; SSB CW

Tks Bill, NG3K

SWISS CASTLES PROGRAMM:

New DCS Planned Activity HB9ZS Walter from Schaffhausen plans his 2nd
DCS-Activation for Sunday the August 24th in the morning. Here the data:
DCS-SH008 Castle Munot in Schaffhausen; QTH LOc JN47hq , (8°38'23"E - 47°41'49"N)
Day: Aug. 24th 2008; time 07:00 to 09:00 UTC; Freq. 7050+- and 7140 +-QRM,
His station as usual, IC7k + SGC-ATU, Fishing Rod 9m long vertical, radials. He
means the position will not be so good as the last time; nonetheless we hope
he will do a good job and he counts on the help of the Hunters with Cluster
Spots.
Another Old Man, HB9CIC , announced his interest on the DCS Actrivations, he
has been approved as a Resident Activator for the same Munot Castle,
DCS-SH008, that's is near his QTH . He plans to begin the activity - also other
Castlkes too - from the mid of Septemnber; he also gave us many details regarding
other SH references. We welcome Joseph HB9CIC and wish all the best for his
DCS Activity, and the most of Fun with Radio.
Tks Augusto, I2JJR

CROATIA
Lada, OK1LO (aka 9A5LO) will be active as 9A5LO from next Croatian islands
(all count as EU-170): Pasman (IOCA CI-085), Ugljan (CI-134), Galovac (CI-604)
and Ošljak (CI-081), on 18-27 August. Technical data are: Mode: CW, SSB,
PSK31 and RTTY; RIGs: IC-706MKIIG (100W), FT-817ND (5W); Tuners: AT-180, AH-4,
MFJ 941E; ANTs: dipole 2x 15m (160-10m); FD-4 (80-10m); GP-3 WiMo (10-15-20m)
and LW 38m.

DXCC:

DXCC règle supprimée.

18 août Aug, 2008 13:39 ET
de Bill Moore, NC1L

Des minutes de Juillet 2008 de la réunion des Responsables du DXCC.

Le Comité a consulté le rapport du Comité des Programmes et Services et à
voté pour la suppression de la règle 5, Section III du règlement du DXCC.
Le Comité a estimé que la publication des logs peut avoir un effet néfaste
sur les diplômes basés sur le trafic, qu'il n'est plus possible de contrôler
ces agissements et que la règle ne peut être encore renforcée.
Pour permettre de conserver la qualité et l'intégrité des diplômes, il sera
publié un guide pour les QSL managers et la manière de traiter les QSL.
Ce guide est destiné à tous pour faire mieux comprendre les « bonnes
pratiques » et faciliter la tache des QSL managers, car l'accès aux logs ne doit
pas dégrader la longue tradition de l'Honneur, chez les Radioamateurs.
La règle 5 prévoyait notamment que la publication des logs par tout moyen et
notamment sur Internet pouvait aller jusqu'à la non validation de l'
opération.
Tks Bernie, W3UR and Daily DX.

ZS – ZAFRIQUE du SUD
Franz,DL3PS/HB9EHQ est à Johannesburg du 25/08 au 12/09 pour son travail.
Indicatif : ZS6/DL3PS
SSB/CW , numériques. 10 à 80m. Temps libre.

QSL directe ou via bureau à HB9EHQ.

9L - SIERRA LEONE
Karl-Heinz, DK2WV , 9L0W en juin dernier, a rencontré le Président de l'
Université de Freetown et lui a proposé de démarrer un cours de
radioamateurisme.
Sa proposition a été acceptée.
Ainsi Karl-Heinz,DK2WV, Roland,DJ4LK, Franz,DJ9ZB, Hans, DL1YFF, et un OM
local, mettront ce projet en oeuvre du 21 octobre au 11 novembre 2008.
En outre ils seront actifs sous indicatif 9L0W de 6 à160m , avec trois
stations simultanément, avec les amplificateurs nécessaires.
Ils sont à la recherche de sponsors, pour cette opération estimée à 14.000
US$.
Ceux qui souhaiteraient les aider peuvent prendre contact avec Karl-Heinz:
k.ilg@... (mailto:k.ilg@...)

ESPAGNE
AO5FI, du 22 au 24/08.
Grand Prix d'Espagne de Formule1.
QSL via EA5URV.
Les autres amateur de la région 5 peuvent remplacer leur préfixe par ED et
AO.

S2 - BANGLADESH
Les dernières licences ont été attribuées en 2004.
Les nouvelles le sont depuis le 13/08/2008, date de la reprise des examens
de contrôle.
Pour l'instant le statut de ceux qui ont trafiqué en S2 entre 2004 et 2008,
et qui n'avaient pas de licence antérieure , n'est pas clarifié.
Voir : http://www.arrl.org/news/stories/2008/08/15/10263

RUSSIE:
AS-027, R0K, Vrangelya (Vrangel) Island:
Il y a bonne opportunité de voir Vrangel sur l'air avant fin août.
L'équipe essaiera d'activer AS-027 pendant l'expédition qui les emmènera
aménager la base dérivante SP36.
Les indicatifs seront : UE0MAC/0, UA6LP/0 et RZ6MZ/0 .
Les dates dépendent essentiellement de la météo.

7494. QSL'S REJECTED BY DXCC

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-21 11:31:43 UTC
From: K1XN
Topic: 7494 Message: 7494

Folks,
I have not received any information about rejected Qsls from anyone in several weeks. If you have had some rejections, please send me the info from the card, dx callsign, dates, so I can list it in the data files.
It seems maybe that all is well on the Qsl programs.
Does CQ reject any cards for its awards? I will list those as well when you forward the info.

I certainly hope your Qsl card return rate is much better than the manager
confirmation rate that I am experiencing right now. I am beginning to thinks
they have taken the summer off to go fishing. My reply rate is down by a big margin. It does appear that more managers are now uploading their clients cards to LOTW. I think this is a very practice as it preserves the logs should
they become lost or destroyed.
I personally think that if a manager takes the time to upload DX logs to the
LOTW, we should not bother him with bureau requests.
Not much else going on, my receiver is not hearing much DX in my part of the
world. It is just to hot and dry, no rain for probably 3 months now. Have to water
the tower base just to give it a ground. :-) .
It was a good hamfest in Huntsville Al last weekend. Wish I could have stayed
longer and talked with more people. Chatted with several Golisters and it is always
a joy to see and chat with the family members.
John

7495. ICPO Bulletin (August 21-29, 2008)

Yahoo group: GOLIST (2007 — 2010)

I.C.P.O. Bulletin (August 21-29, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

21/08/2008: Operators Oliver/OE5OHO, Henry/OE5HDN and Gerhard/OE3GEA will be active from the isle of Jersey (EU-013, WLOTA LH-0299) as MJ/homecall between August 21-26th. Activity will be holiday style with operations on all HF bands on CW and SSB. QSL via the Bureau to their home call signs. [OPDX Bulletin]

22/08/2008: Operators Bastien/F4EYQ, David/F4FDA and Dimitri/F0FLH will be active from Sein Island (EU-068, DIFM AT-007, also count for WLOTA LH-2721) as F5KKD/p from 1000z August 22nd until 1800a August 24th. QSL via F5KKD, direct or bureau. [rsgbiota.org]

22/08/2008: Giovanni, I5JHW will be active as VK9CJW from the Cocos (Keeling) Islands (OC-003) from August 22-28th. He plans to operate holiday style on 10, 12, 15, 17, 20 and 40 meter SSB and RTTY, with an amplifier and a multiband vertical antenna. QSL via home call, direct or bureau. [425 DX News]

23/08/2008: George, GM0IIO/N4QDN will be active holiday style as EA8/GM0IIO from the island of Lanzarote (S-007 for the Spanish Islands Award, WLOTA LH-0099), Canary Islands (AF-004) betweeen August 23rd and 31st. QSL via home call. [rsgbiota.org]

23/08/2008: Bernard, F5LMW will be active as homecall/p on August 23rd from the Castle of l'Epinay (DFCF 86-045), located in the canton of Vouille (DDCF 86-30), commune of Beruges (CP 86190), Department Vienne/86 and Province Poitou-Charentes (DPF 19). QRV 80 and 40 meters, starting around 0600 UTC. QSL via home call, direct or bureau. [radioamateur.org]

23/08/2008: Operators Michel/HB9DLO, HB9DLZ, Pierre-Yves/HB9OMI and Marc/HB9ONN of the PiePer Uska section will activate the Castle of St-Aubin (DCS reference FR-049) on August 23rd. QRV on 80, 40, maybe 20 and 10m too, with 100W, antennas Windom or Kelemen. QSL via home call, direct or bureau. [I2JJR]

23/08/2008: Mike, KC2SDG will be operating beachside as homecall/p from Hatteras [aka Pea] Island (NA-067, USi NC-005S, WLOTA LH-3913, Dare County), North Carolina, August 23-30th. QRV with Kenwood TS-480SAT at 100W into a rotatable dipole capable of communication on 80m, 75m, 40m, 20m, 2m, 1.25m, and 70cm. QSL via LoTW only. [rsgbiota.org]

23/08/2008: Jorgen, SG3U will be active from Grimskar (EU-176) between August 23-31st. He will be joined by Sten, SD3N between August 29-31st.

Both stations will be QRV CW and SSB. QSL direct or via the bureau. [SM3CXS]

24/08/2008: Gerd, DK8NT will be QRV on the HF bands from Oleron Island (EU-032, DIFM AT-025, also count for WLOTA LH-1369) between August 24th and September 5th. QSL via home call, direct or by the bureau. Note: no eQSL please. [rsgbiota.org]

24/08/2008: Walter, HB9ZS/p will be active August 24th from the Castle Munot (DCS reference SH-008, WW Loc. JN47HQ), in Schaffhausen. Activity will be on 7050 (+/-) and 7140 (+/-QRM), between 0700 and 0900 UTC. QSL via home call, direct or bureau. [I2JJR]

25/08/2008: Look for Gabi, HA1YA to be active from Limnos Island (EU-049, MIA MG-065, WLOTA LH-1740, Grid KM29) using the call sign J48YA on HF, 6 and 2 meters from August 25-31st. MS-QRG on 2m will be 144.363 MHz. Equipment: HF (IC746 + SQ vertical) - 6m IC746 simple wire delta loop - 2m IC746 + ME1500-V + DL6WU portable antenna. He plans to be active during the evenings and mornings. QSL via home call. [MMMonVHF]

25/08/2008: Franz, DL3PS/HB9EHQ in Johannesburg, South Africa, between August 25th and September 12th, on a business trip. He plans to be active as ZS6/DL3PS, in his spare time, on 80-10 meter SSB, CW and digital modes. QSL via HB9EHQ, direct or by the bureau. [F5NQL]

27/08/2008: Steve, G3ZVW will be active again as ZD8N from Ascension Island (AF-003) from August 27th to September 11th. He will be running 100 watts to dipoles on the HF bands, and activity will be mainly during his evenings and the weekends, SSB, CW and RTTY. QSL via G3ZVW, direct or bureau. [425 DX News]

27/08/2008: Ely, IN3VZE will once again be in Malawi, from the south west shore of Lake Malawi, between August 29th and September 11th. This will be a holiday style operation using the call sign 7Q7CE on all bands, SSB and digital modes. QSL via home call, direct (QRZ.com) or bureau. [NG3K]

AS-027, R0K, Wrangel Island

There is a good possibility that Wrangel Island [Ostrov Vrangelya] (AS-027, RRA RR-10-06, RDA CK-09) will show up on the bands by the end of August. The team will try to activate AS-027 during the expedition of the "Akademik Fedorov" to put up the drifting polar base SP36. The calls will be UE0MAC/0, UA6LP/0 and RZ6MZ/0 but the exact date of the operation depends on the Arctic weather. [DX Newsletter]

==========

LOOKING AHEAD -

30/08/2008: Laci/HA0HW will be active as J48HW and SV8/homecall from Thasos Island (EU-174, MIA MG-124, GIOTA NAS-037, WLOTA LH-4186, WW Loc. KN20HS), Greece, from August 30th to September 10th. He will operate on the HF bands (mainly on 40, 30, 20, 17 meters and mainly CW, with some SSB, RTTY and PSK31 as well), and 6 meters. QSL via home call, HA bureau

or direct. [HA0HW]

31/08/2008: Patrice, F5RBB will be active from Monaco as 3A/F5RBB bewteen August 31st and September 10th. QRV on 40, 20, 15 and 10 meters. QSL via home call. [F6AJA]

01/09/2008: George, K3GV will be active between September 1st and 22nd as K3GV/VY2 from Prince Edward Island (IOTA NA-029, CIsA PE-001). Activity will be on 15 and 20 meters around the usual IOTA frequencies. QSL via home call, direct or by the bureau. [K3GV]

03/09/2008: Yu, 7K3BKY will be QRV from Sihanoukville, Cambodia, September 3-8th as XU7YYY, mainly CW, with an entry in the All Asian DX SSB Contest (September 6-7th). QSL via home call, direct preferred but bureau ok. [NG3K]

15/09/2008: The Radio Club of Tulle (F5KTU) will use the special call sign TM2NN for the Nacre Nights accordion festval from September 15-28th. Activty on HF and VHF. [F6AJA]

28/09/2008: Rob, DK1ROB will be active from the isle of Barra (EU-010, IOSA OH-11, SCOTIA HI-02, WW Loc. IO66GX) as MM/DK1ROB between September 28th and October 3rd. QRV SSB, RTTY, maybe PSK63 - sorry, no CW! Antennas planned: Inverted Vee for 40m; 5-band Spiderbeam for 20m-10m at 15m AG; 3-El beam for 6m at 5m AG; Vertical for 2m/70cm. QSL via home call, direct or bureau. [rsgbiota.org]

29/09/2008: Werner/DL1BKK and Gitte (Brigitte)/DL1BKI will be active holiday style from Kuramathi Island, Rasdu Atoll, Maldive Islands (AS-013, WW Loc. MJ64LG) as 8Q7KK between August 29th and September 17th. They will be using a IC-7000 with 100W and wire-antennas, Quad-Loop for 6m (if propagation permits). QSL via DL1BKK, direct or bureau. Note: NO eQSL please! No upload to LotW! [rsgbiota.org]

04/10/2008: The newly formed Middlesex DX Group will be active October 4-10th on Arran Island (EU-123, IOSA CL01, SCOTIA CS14, WW Loc. IO75KM). They will use the call sign MS0MDG/p for SOTA activations and HF portable operation, while the call sign GB0MFG will be used for base operation. Activity is planned for 160m down to 23cms. Team members mentioned are John/G0KLX, Kevin/G1KAW, Simon/2E0VAG, Chris/2E0CMG, Carl/2E1IDC, Michael/G3WOE, Lee/2E0JDC and Jason/M1PRO. QSL via 2E0VAG, direct or by the bureau. [F5NQL]

13/10/2008: GB1CODY will be operating from the Aldershot Military Museum in Farnborough, Hampshire, England and is to celebrate the 100th anniversary of the first powered flight in England on 16th October 1908 at Farnborough by Mr S.F. Cody, "an American citizen very well known for his daring exploits". GB1CODY will be operated on a daily basis from October 13th until 19th, 0900 to 1200 UTC on 7050 kHz and 1200 to 1600 UTC on 14250 kHz (with extended hours on October 16). Further information at www.fdrs.org.uk/ [UBA HF News]

21/10/2008: The OM0C Contest Crew is pleased to announce a DXpedition to Suriname. The group of 5 operators will be active as PZ5Z from Suriname between October 21-30th, including an entry in the CQWW DX SSB Contest (October 25-26th). Activity on all HF bands (160m-10m), and VHF (6m and 2m) with the focus on low bands, especially 160m and EME on 2m. It will be a very first time EME 2m operation from Suriname. Team members include Rich/OM2TW, Joe/OM5AW, Steve/OM5AA, David/OK1RK, Vlada/OK1NY, maybe others... QSL via OM2FY, direct (Branislav Daras OM2FY, P.O. Box 6, 82008 Bratislava 28, SLOVAKIA - EUROPE) or by the bureau. Further information at www.om0c.com/suriname/ [NG3K]

25/10/2008: Look for Nodir, EY8MM to be active from Dushanbe, Tajikistan, during the CQWW DX SSB Contest (October 25-26th), as a Single-Op/Single-Band (80m) entry. QSL via K1BV. [NG3K]

25/10/2008: Ben, DL6FBL will be active as SV9CVY from the island of Crete (EU-015, MIA MGC-005, WLOTA LH-1400) during the CQWW DX SSB Contest (October 25-26th) as a Single-Op/All-Band/High-Power entry in CQ Zone 20. QSL via SV9CVY (QRZ.com). [NG3K]

25/10/2008: Operators Lee/ZL2AL, Stan/ZL2ST, Peter/ZL2LF, John/ZL2QM, Mike/ZL2CC, Chris/ZL2DX, Mike/ZL2FAR, Gary/ZL2IFB and Wayne/ZL2WG will be active as ZM2M from Napier, New Zealand (OC-036, also count for WLOTA LH-0069) for the CQWW DX SSB Contest (October 25-26th), as a Multi-2R entry. QSL via ZL2AL, direct or by the bureau. [NG3K]

06/11/2008: Look for J3/DL7CM (Hans) and J3/DM2AYO (Sid) to be active from the island of Grenada (NA-024, WLOTA LH-0718), November 6-25th. They are renting a nice QTH near Sauteurs on the north end of the island, where they will operate 160-6m CW, SSB, RTTY and PSK with a pair of IC706 rigs to 700W amps. They will have a Yagi for high bands and a ground plane for low bands. QSL via home calls. [NG3K]

15/11/2008: The Sacramento Radio Club/CX2FAA, Ricardo/CX5FT, Viterbo/CX9FD, Italo/CX3FG, Marber/CX9ACK and Walter/CX6FF plan to be QRV November 15-16th as CX1F from San Gabriel Island (SA-057), Uruguay. Look for activity on or around the usual island and IOTA frequencies. QSL via CX2FAA (Fernando Carballo S/N, C.A. El General, CP 70.000, CC 39073 Colonia del Sacramento, Colonia City, URUGUAY). Further information on their web site at cx2faa.iespana.es/ [rsgbiota.org]

24/11/2008: Ralph, K9ZO will be active from the QTH of YN2N in Granada, Nicaragua, between November 24th and 30th, including an entry in the CQWW DX CW Contest (November 29-30th). Call sign is tentatively H7/K9ZO but maybe Ralph can get YN2ZO. [NG3K]

29/11/2008: Nodir, EY8MM to be active from Dushanbe, Tajikistan, for the CQWW DX CW Contest (November 29-30th), as a Single-Op/Single-Band (80m) entry. QSL via K1BV. Note: Special attention for NA (need LA, ND, NE, WY). [NG3K]

22/07/2009: Charles/M0OXO and Nigel/M0NJW have been invited back to operate from Maitresse Island, Les Minquiers Islands (EU-099) from July

22 to 30, 2009. They will use the call sign GB8LMI. QSL via M3ZYZ (Charles Wilmott, 60 Church Hill Royston, Barnsley, South Yorkshire S71 4NG England). Further information can be found on their web site at www.gb8lmi.co.uk/ [rsgbiota.org]

==========

SPECIAL EVENTS -

06/08/2008: Look for special event station 8J3WSF to be aired August 6th to December 20th to celebrate the 50th Anniversary of the Reconstruction of Wakayama Castle [Wakayama Shiro (or Castle)] Festa '08. QSL via operator's instructions or JARL bureau. [JJ1WTL/AC6IM]

22/08/2008: The Union de Radioaficionados de Valencia will operate special event station AO5FI from August 22-24th for the Formula 1 Grand Prix of Europe. QSL via EA5URV. Local operators are expected to use special prefixes around that time frame: for instance, EA5MB will use ED5MB, while EA5WO will use AO5WO and ED5WO. [425 DX News]

22/08/2008: On the weekends of August 22nd to 24th and August 29th to 31st, the Orkney Amateur Radio Club will be operating GS8R from Scapa Bay as part of a programme of activities to commemorate the 850th anniversary of the death of St Rognvald [pronounced 'Ronald']. In Norway, their sister special event station will operate from within a few hundred metres of where Rognvald was born. QSL for this operation only by Orkney Amateur Radio Club, QSL direct to GS8R, Ashwell, St Ola, KIRKWALL, Orkney KW15 1SX UK. UK stations enclose SAE. Europe and rest of the world $2 or equivalent contribution. Contacts will also be uploaded to LoTW. [GB2RS]

23/08/2008: Special station GB0IDC will be aired on August 23rd for the Inspire Discovery Centre in Norwich. QSL via the RSGB bureau. [GB2RS]

23/08/2008: Special event station GB0MRC will be QRV August 23rd from the Midland Railway Centre. QSL via operator's instructions. [GB2RS]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

DXCC Rule Removal

Aug 18, 2008 13:39 ET
Bill Moore, NC1L

>From the July 2008 ARRL Board of Directors Meeting:

"The Board also acted on the Programs and Services Committee report, voting to eliminate Rule 5 from Section III of the DXCC Rules. The Committee realized that while publishing log data can have a detrimental effect on operating awards, it was not possible to control such actions and the rule cannot be enforced. As part of an effort to maintain the integrity of operating awards programs, the Board called on staff to create resources and guidelines for QSLing and for QSL managers. These guidelines will help people who QSL to understand the "best practices" and help to support the work of the QSL manager so that access to log data won't degrade Amateur Radio's long tradition of the "honor system."

The rule reads:

5. The presentation in any public forum of logs or other representations of station operation showing details of station activity or other information from which all essential QSO elements (time, date, band, mode and callsign) for individual contacts can be derived creates a question as to the integrity of the claimed QSOs with that station during the period encompassed by the log. Presentation of such information in any public forum by the station operator, operators or

associated parties is not allowed and may be considered sufficient reason to deny ARRL award credit for contacts with any station for which such presentations have been made. Persistent violation of this provision may result in disqualification from the DXCC program.

"This rule cannot be enforced. In its place staff will create resources and guidelines for QSLing and for QSL managers in order to maintain the integrity of operating awards programs."

Tks Bernie, W3UR and Daily DX.

S2 - BANGLADESH

The ARRL spreads the news that there will be new amateur radio exams and licences in Bangladesh soon. The last licences were issued in 2004. Yet it is not clear whether stations which were active from Bangladesh after 2004 will be accepted for DXCC credit. Exams will be given on a monthly basis beginning on August 13.

See also: http://www.arrl.org/news/stories/2008/08/15/10263

SOTA - SUMMITS ON THE AIR

LA, SM and S5 became new active chapters within the SOTA program during this year. Several attempts of Luc, ON6DSL to activate a summit on SV9 in August were not successful because the QRM is tremendous in the Cretan mountains. The few mountains in The Netherlands will be added to the SOTA program on September 1st. Current SOTA activities (mountain summits) are announced at: www.sotawatch.org/

7496. GOLIST RENEWALS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-21 18:37:26 UTC
From: K1XN
Topic: 3454 Message: 7496

Hi folks.
Thanks to all of you who have sent checks for renewals. If I miss giving you the discount please let
me know.
When you send a check for your renewal, please drop me a note letting me know so that I can
manually prevent the web site expiring your web access. The web site program does it's search
on the 20th of each month, so please drop me a note. I do not want your access to be denied because
of mail delivery time.
Thanks again for your continued support.
John

7497. ZS8T DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-21 21:07:07 UTC
From: K1XN
Topic: 7030 Message: 7497

21st Aug, 2008

In April, Petrus ZS6GCM arrived on Marion Island to begin a year of work. Sometime in May he erected the SteppIR vertical he took along and ran into a few difficulties. He did make one contact during the month but efforts to resolve these difficulties were unsuccessful and Petrus' work commitments impeded our efforts to communicate via other methods with Petrus.

It has been over two months since we have heard from Petrus and are as much in the dark as the DX Community as to his plans.

At this point we are at a loss why Petrus has not been able to find time to put ZS8T on the air, he certainly made the efforts to obtain permissions and training before leaving for the Island. We must assume his job as administrator to the scientific community was much more than he contemplated. Petrus is on Marion Island for 7 more months.

If and when Petrus surfaces we will inform the DX Community. We are as disappointed as you.

7498. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-22 00:44:34 UTC
From: K1XN
Topic: 5889 Message: 7498

*The AUGUST 2008 Issue #808-C files have been uploaded to the Golist
web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

*

7499. SA Contest, 1st ZS-FR on 144 MHz, ZS8, EA8, SM, F Castle and special event

Yahoo group: GOLIST (2007 — 2010)

50th Scandinavian Activity Contest

The Swedish Amateur Radio Society SSA invites you to participate in the 50th Scandinavian Activity Contest.

The contest takes place during the following two weekends:
CW – September 20th-21st 12.00-12.00 UTC
SSB – September 27th-28th 12.00-12.00 UTC

The Scandinavian Activity Contest is an ideal occasion for meeting old and new Scandinavian friends in a competitive but also friendly radio-sport environment.

Regardless if you are new to contesting, or if you have participated in all previous SAC contests, we are convinced that you will enjoy this spectacular anniversary tremendously.

Huge amounts of contesters from all Scandinavian countries are right now in the process of preparation in order to be ready for the challenges of SAC 2008.

Download the Official SAC 2008 Invitation! (PDF 51kB)
_http://qrq.se/sac/wp-content/sac_2008_invitation.pdf_
(http://qrq.se/sac/wp-content/sac_2008_invitation.pdf)
You are welcome to distribute the invitation to your contesting friends!

We also have a special homepage for the SAC Contest: _http://www.qrq.se/sac_
(http://www.qrq.se/sac) where stations are encouraged to register and announce their planned participation in the contest
Tks G4TUT and QRZ.com
First-ever contact between South Africa and Reunion Island

Glen ZS2GK and Phil FR5DN have made the first ever 2M VHF contact between Reunion Island and South Africa via the South Indian Ocean.

Glenn ZS2GK reported that early this morning at 0215 SAST he heard the FR5DN beacon from Reunion Island. The message reads: de FR5DN/b FR5DN/b followed by a long tail.

At 0339 SAST he established a two-way contact with Phil FR5DN on 144,200 MHz SSB and also on 144,400 MHz FM.

The signal strength was S5/6 with no QSB over the VHF path of 2875 km. This is a new SARL record on 144 MHz.

ZS2GK Antennas were 4 x 9el Horizontal (made by ZS6OB) on a H frame which is 2M above roof.
Antenna gain - 12,7dB
Array gain - 18.5dB
Power gain - 26dB
Total ERP - 44,5dB
ERP in Watts - 28,100W
Power used was 400W on SSB and 200W on FM.
Masthead pre-amp 12.6dB gain and 1/2" Heliax Hardline co-ax cable.
With the pre-amp out of line there was almost no copy!

Antenna on the FR5DN end is a single 17el at 6M
Power used was 120W SSB/FM with ERP at about 1800W
Phil also used a masthead pre-amp.

More information and audio files of the contact available here:
http://www.astrorun.com/~fr5dn/radio...ugust2008.html
(http://www.astrorun.com/~fr5dn/radio/tropo/zs2gk_12august2008.html)

Congratulations to Glen ZS2GK and Phil FR5DN!!!
Tks G4TUT and QRZ.com
ZS8T
Press Release #3
21st Aug, 2008

In April, Petrus ZS6GCM arrived on Marion Island to begin a year of work. Sometime in May he erected the SteppIR vertical he took along and ran into a few difficulties. He did make one contact during the month but efforts to resolve these difficulties were unsuccessful and Petrus' work commitments impeded our efforts to communicate via other methods with Petrus.

It has been over two months since we have heard from Petrus and are as much in the dark as the DX Community as to his plans.

At this point we are at a loss why Petrus has not been able to find time to put ZS8T on the air, he certainly made the efforts to obtain permissions and training before leaving for the Island. We must assume his job as administrator to the scientific community was much more than he contemplated. Petrus is on Marion Island for 7 more months.

If and when Petrus surfaces we will inform the DX Community. We are as disappointed as you.

Bonjour à tous
50èeme concours scandinave – le SAC.
La Société Radioamateur suédoise, la SSA, invite tous les radioamateurs à participer aux deux concours, CW et SSB, qui constituent en 2008 la 50ème

édition.
Dates et horaires :
CW – 20&21 septembre de 12.00 à 12.00 UTC
SSB – 27&28 septembre de 12.00 à 12.00 UTC
Es concours sont l'occasion de rencontrer des anciens et nouveaux amis scandinaves, en compétition, certes, mais également dans un environnement radioamateur et amical.
Que vous soyez un chevronné des concours , un novice ou que vous ayez déjà participé aux concours SAC, , nous sommes intimement persuadés que vous apprécierez ce 50ème anniversaire encore plus intensément.
Un très grand nombre d'opérateurs scandinaves sont dores et déjà investis dans la préparation de cet évènement pour que tout soit parfait pour ce SAC 2008.

Téléchargez l'invitation officielle pour le SAC 2008! (PDF 51kB)
_http://qrq.se/sac/wp-content/sac_2008_invitation.pdf_
(http://qrq.se/sac/wp-content/sac_2008_invitation.pdf)

Vous êtes le bienvenu et nous vous remercions de distribuer cette invitation à vos amis.
Nous avons une page web, où vous pouvez vous inscrire et annoncer votre future participation à l'une, l'autre ou les deux parties de ce concours.
Merci SSA, G4TUT et QRZ.com

Première liaison 144 MHz, entre l'Afrique du Sud et l'île de la Réunion.

Glen ZS2GK and Phil FR5DN ont réalisé la première liaison 144 MHz, jamais établie entre l'Afrique du Sud et l'île de la Réunion. Par-dessus l'Océan Indien le 12 août.

Glenn ZS2GK a relaté que ce matin là vers 0215 il entendait la balise de FR5DN . Le message était : de FR5DN/b FR5DN/b suivi d'un long trait.

A 0339 SAST le contact était établi avec Phil FR5DN sur 144,200 MHz SSB puis 144,400 MHz FM.

Puissance de signal : S5/6 sans QSB sur un path de 2875 km.
Ceci constitue un nouveau record pour l'Afrique du Sud.
Matériel chez ZS2GK:
4 x 9el Horizontale(par ZS6OB) sur un H, 2m par dessus le toit.
Gain par antenne - 12,7dB
Gain total- 18.5dB
Power gain - 26dB
Total ERP - 44,5dB
ERP en Watts - 28,100W
Puissance : 400W en SSB et 200W en FM.
pre-amp tête mât 12.6dB gain et 1/2" Heliax Hardline co-ax cable.

Sans préamp pas de réception

Antennes FR5DN : 17el à 6M
Puissance 120W SSB/FM avec ERP environ 1800W

Phil a aussi un préamp en tête de mât.

Plus d'informations sur le site de Phil à :
http://www.astrorun.com/~fr5dn/radio...ugust2008.html
(http://www.astrorun.com/~fr5dn/radio/tropo/zs2gk_12august2008.html)
Félicitations à Glen ZS2Gket Phil FR5DN!!!
Merci. G4TUT and QRZ.com

Ile Marion:
ZS8T
Communiqué de presse n° 3
21 août 2008.

En avril, Petrus ZS6GCM, est arrivé sur Marion, pour une année de travail.
En mai il a érigé la verticale SteppIR, avec laquelle i a rencontré quelques difficultés.
Il a fait un contact pendant ce mois là mais n'a pas réussi à résoudre ses problèmes.
Cela fait maintenant deux mois de silence depuis nos derniers contacts et nous sommes totalement dans l'inconnu quant à ses plans.
A ce stade, nous sommes incapables de dire pourquoi Petrus n'a pu trouver le temps de ZS8T sur l' air.
Nous ne doutons pas de ses efforts pour obtenir les permissions et le temps avant son départ de l'île.
Nous devons croire que son travail d'Administrateur de la communauté scientifique lui prend beaucoup plus de temps qu'il avait prévu.
N'oublions pas cependant que Petrus est encore sur Marion pour environ sept mois.
Si Petrus refait surface, nous ne manquerons pas d'aviser le communauté des DX'ers. Nous sommes autant désemparés que vous.

7500. RAC announces a newly revised HF Band Plan

Yahoo group: GOLIST (2007 — 2010)

From: Dave Raycroft
Topic: 7500 Message: 7500

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
RAC announces a newly revised HF Band Plan.

The HF band plan presently in use in Canada has been adopted in 1996. Since, many changes have happened in the Amateur world and other band plans have been revised and modified. Let us only mention the changes announced by the FCC in 2007 affecting the US band plan and the revised one adopted by the IARU Region 2 countries at the Brasilia conference in September 2007.

Just under two years ago, Radio Amateurs of Canada had asked Bob Nash, VE3KZ, a former First Vice President of RAC, to re-activate the HFBPC (HF Band Planning Committee) with a goal to review and modernize the Canadian HF Band Plan. Bob's committee has since worked very hard in studying and consulting all across Canada to eventually come up with a band plan proposed to the Board of Directors of Radio Amateurs of Canada. The RAC Board has adopted this plan at its July 2008 meeting and the new band plan is now on the RAC Web page at:

http://www.rac.ca/service/bandplans/hfband_e.php

RAC wants to thank the HFBPC members for their hard work and wishes the Canadian Amateur community much pleasure in using the new band plans.

Please spread the news.

73,

Daniel A. Lamoureux, VE2KA
Vice President International Affairs,
Radio Amateurs of Canada.

7505. YO DX Contest

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-24 12:51:06 UTC
From: K1XN
Topic: 7505 Message: 7505

Dear Contester,
My call is YO2DFA and I am the contest manager of the YO DX Contest this year too.
Thank you very much for participating at one of the YO DX Contests from the previous years.
I would like to inform you that the 2008 edition will take place in the period 30-31 August and the rulles are published here:

http://www.hamradio.ro/media%5Cfiles%5Creg%5CYODX_HF_2008.htm

The official results for 2007 can be found at the following address:

http://radioamator.ro/contest/us/yodxhf2007/

The YO radio amateurs would be very happy if you would honour us with your presence this year also.
I would like to announce you that for those of you who fulfil the necessary conditions for obtaining the YO AD award (1st class) during the contest, this diploma will be free, without the need of sending the request, but simply based on the Contest Log.

Because we intend to set up a web page dedicated to the YO DX Contest, we would be greatful if you could send together with the Contest Log a picture of you at your station or the antennas that you have.

Thank you in advance and I am looking forward to exchange with you some controls on 30-31 August!

73 Ovidiu -- YO2DFA

7506. QSL Manager Tim, M3SDE is now M0URX

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
Received today from John 9M6XRO / ISWL 9M6-6982:

My QSL Manager Tim, M3SDE, has successfully upgraded his license and his new call is M0URX. Some QSL Manager lists have already been amended and this appears to be causing some confusion among DX-ers who have started asking if my QSL route is via M3SDE or via M0URX. If they make a quick check on qrz.com they will see that M3SDE and M0URX are one and the same person with the same mailing address. This morning I changed all my calls on qrz.com to show "QSL via M0URX". Tim has also retained the call M3SDE and has made arrangements with the RSGB QSL Bureau to receive all cards which arrive for M3SDE. I want to re-assure everyone who has sent a card via M3SDE that these QSL cards will still reach Tim and he will reply to all incoming cards as usual.

M0URX is now listed as QSL Manager for my calls, as follows:

3DA0OK
9M6/G3OOK
9M6XRO
9M6XRO/P
A25OOK
C91XO
G3OOK
GM3OOK
V8FRO
XU7XRO
ZS6/GM3OOK

All the best from Borneo where it is very dark at 3.30 in the afternoon with torrential rain and thunder rumbling all around!

QST de W1AW

Special Bulletin 8 ARLX008
>From ARRL Headquarters
Newington CT August 26, 2008
To all radio amateurs

SB SPCL ARL ARLX008
ARLX008 FCC Vanity Call Sign Fees to Increase September 25

On August 11, the Federal Communications Commission announced that the cost of an Amateur Radio vanity call sign will increase 60 cents, from $11.70 to $12.30. Now that notice of the increase has been published in the Federal Register, the increase will take effect in 30 days, September 25, 2008.

The FCC is authorized by the Communications Act of 1934, As Amended, to collect vanity call sign fees to recover the costs associated with that program. The vanity call sign regulatory fee is payable not only when applying for a new vanity call sign, but also upon renewing a vanity call sign for a new 10 year term.

The notice in the August 26, 2008 Federal Register, entitled "Assessment and Collection of Regulatory Fees for Fiscal Year 2008," includes regulatory fees expected to recover a total of $312,000,000 during FY2008, encompassing all the services the FCC regulates.

7515. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-28 13:19:35 UTC
From: K1XN
Topic: 5889 Message: 7515

The */SEPTEMBER 2008 /**Issue #809* files have been uploaded to the
Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
Now is a good time to send in your RENEWAL to GoWin
if your subscription is about to expire.

QSL via SV2HPP. The team's website is at: www.whitetowerdxt.com/ [425 DX News]

31/08/2008: Patrice, F5RBB will be active from Monaco as 3A/F5RBB bewteen August 31st and September 10th. QRV on 40, 20, 15 and 10 meters. QSL via home call. [F6AJA]

31/08/2008: Fred, PA1FJ will be signing SV5/PA1FJ/p from the island of Kos (MIA MGD-016, WLOTA LH-1730), Dodecanese (EU-001), between August 31st and September 7th. He will be running QRP with 5 watts, using a Yaesu FT817 and Buddistick antenna or 2x5m dipole. QSL via home call either direct (QRZ.com), eQSL or bureau. [rsgbiota.org]

01/09/2008: Operators Benoit/F8PDR, Jean-Jacques/F5NKX, Denis/F5RJM, Rolf/F9ZG, Alain/F5HVI, Rene/F6CMC and Alain/F6ACH will be active as F5KAQ/p from Brehat Island (EU-074, DIFM MA-012, WLOTA LH-2010) from September 1-8th. QRV 80-10 meter SSB, CW, RTTY, BPSK, including SSB from 144MHz to 10GHz. QSL via F5RJM, direct or bureau. [rsgbiota.org]

01/09/2008: Look for JA1BAL to be active from Honshu Island (AS-007, JIIA AS-007-001) between September 1st and October 30th. QSL via the JARL bureau. [rsgbiota.org]

01/09/2008: George, K3GV will be active between September 1st and 22nd as K3GV/VY2 from Prince Edward Island (IOTA NA-029, CIsA PE-001). Activity will be on 15 and 20 meters around the usual IOTA frequencies. QSL via home call, direct or by the bureau. [K3GV]

01/09/2008: According to John, KL7HBK he will be operating from the Barter Island station (NA-050, USi AK-044S, 4th Judicial District, North Slope Borough), Alaska, in September. Look for activity on the usual island and IOTA frequencies. QSL via home call, direct or bureau. [F5PFP]

02/09/2008: Operators Ian/G1JCC, Dick/G4LBH, Don/G4LOO, David/G4MVU, Terry/G4UEM, Andy/G8ATD and Bryan/M0BIK will be active from Caldey Island (EU-124, also count for WLOTA LH-4056, WAB SS19, WW Loc.IO71PP) using the call sign GB2CI. QRV from 1800 UTC September 2nd to 1100 UTC September 8th, holiday style operation on all bands 160 to 2 meters. They will run 400W on HF and 200W on 6m (5ele@12m) and 2m. GW3SVJ/P will be operational over the weekend of September 6-7th for SSB Field Day and 2m Trophy contests. QSL direct or bureau to G8ATD. QSL manager G4UEM. Further information can be found at: vhfcomm.co.uk/lvg/ [rsgbiota.org]

02/09/2008: Zdenek, OK1MBZ will be active as SV8/OK1MBZ/p from the island of Kerkyra [aka Corfu] (EU-052, MIA MG-055, WLOTA LH-4132) from September 2-11th. QRV on all HF bands, CW only. QSL via home call, direct or bureau. [rsgbiota.org]

03/09/2008: The special issued prefix P41USA (remembering the USA attacks on Sept 11, 2001) will again be activated from September 3-12th from the island of Aruba (SA-036, WLOTA LH-0033). Operators will be Bob/P49T (W3BTX), Joop/P43JB and Roy/W3TEF who is also the QSL manager. Activity will be on all bands 160 through 2 meters. [NG3K]

03/09/2008: Yu, 7K3BKY will be QRV from Sihanoukville, Cambodia, September 3-8th as XU7YYY, mainly CW, with an entry in the All Asian DX SSB Contest (September 6-7th). QSL via home call, direct preferred but bureau ok. [NG3K]

04/09/2008: Satoshi, N2QP will be active as KH0/N2QP from Saipan, Northern Mariana Islands (OC-086), September 4-8th, including an entry in the All Asian DX Phone Contest (September 6-7th). QSL KH0/N2QP direct, with SAE and 1 IRC or 1USD (Satoshi Kouya, 2-7-5 Iwamoto-cho, Chiyoda, Tokyo 101-0032 Japan). [N2QP]

04/09/2008: Viaceslav, LY4F will be active as PJ2/LY4F from Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) September 4-18th, including a Single-Op/All-Band/High-Power entry in the WAE DX SSB Contest (September 6-7th) using the call sign PJ2F. Outside of the contest look for activity on all bands and modes. QSL via LY1FF, bureau preferred. [CCC]

04/09/2008: Jan ZP6/DL7UFN and Rolf ZP6/DL7VEE will be active from Asuncion, Paraguay, at the QTH of Tom, ZP5AZL/ZP0R from September 4-14th. Activity is planned for 160-10 meters using CW, SSB, RTTY and some PSK. QSL via home calls. [NG3K]

==========

LOOKING AHEAD -

07/09/2008: Special call sign TM8JPR will be active from September 7-21st for the European Heritage days, by the Lozere department Hams. A special vintage Army and Ham radio gear exhibition will be held in the city of Sainte Enimie on September 20th and 21st. QSL via the REF bureau. [F5NQL]

12/09/2008: Look for JA2AAU (A35AU), JA2AIC (A35IC), JA2LSS (A35SS), JA2ATE (A35TE) and JA2ZS (A35ZS) to be active on all bands/modes from Tonga (OC-049) between September 12-17th. QSL via the information on QRZ.com for each call sign. [rsgbiota.org]

12/09/2008: Mike, AB5EB will be active as homecall/p from Matagorda Island (NA-092, USi TX-010S, Calhoun county), Texas, and the Matagorda lighthouse (ARLHS USA-482, TWLHD WLH K-096, WLOTA LH-1860, USGC 4-1312, WW Loc. EL18SI) from September 12-14th. QRV SSB and CW on, or near, the usual island and lighthouse frequencies. QSL via home call (CBA). [ARLHS]

14/09/2008: A group of operators from the Associazione Radioamatoriale Sardinia QRP Club (www.sardiniaqrp.com/) will be active as IQ0QP from Quirra Island (EU-165, IIA CA-009, MIA MIS-026) on September 14th from 0900 UTC to 1600 UTC. This will be a QRP operation on 80 (NVIS antenna), 40 and 20 meter, SSB and CW. Frequencies: 3560, 3590, 3620, 7030, 7040, 7090, 14030, 14060 and 14320 (+/- 1) kHz. QSL direct to P.O. Box 81, 09047 Selargius - CA, Italy. [Pete's-DX-Newsdesk]

18/09/2008: Seven hams are going to Madagascar and will be QRV from Nosy Boraha [Ile Sainte Marie] (AF-090, WLOTA LH-0491) between September 18-27. The crew consists of namely Jack/F1BCS, Jim/F1HDI, Gil/F5JBE, Remy/F6ABJ, Michel/F6COW, Oliver/F6EIE and Dan/F6EPD.Activity is scheduled from 160-6 meters, using SSB, CW, SSTV, PSK31, RTTY and JT65 modes. SSB near the IOTA frequencies. They will use the following call signs: 5R8GM for SSB, 5R8IM for digital modes, 5R8JM for CW and 5R8EM for EME (144, 114Mhz, CW and JT65). QSL all calls via F1BCS. [F5NQL]

27/09/2008: Look for Ekki/DF4OR, Tilo/DJ5BX, Thomas/DK9FEC, Peter/DL1FX and Rainer/DL1ZBO to be active from Liechtenstein as HB0/DK9FEC during the CQWW DX RTTY Contest (September 27-28th), as a Multi-Op entry. QSL via DK9FEC, direct or bureau. [NG3K]

20/10/2008: Stephan, DK3TNA will be active from the island of Fuerteventura (DIE S-006, WLOTA LH-0883), Canary Islands (AF-004) as EA8/DK3TNA between October 20th and November 1st. QRV 80-10 meter CW and SSB, using 100Watts and dipole antenna. QSL via home call, direct or bureau. [rsgbiota.org]

22/10/2008: Peter, G4MJS reports that he will be part of a team visiting the 6Y1V contest station, Hopewell, Hanover Parish, Jamaica (NA-097, also count for WLOTA LH-0214) at the end of October for the CQ WW SSB contest. The station has 6m capabilities, and there's a good chance he will get some time on the band before the contest - probably October 22-24th. The station features a Kenwood TS-2000, Acom 1000 amplifier and stacked 4/4 SteppIR 6 element yagis. More news nearer the time, including call signs and so on. [N8OFS]

24/10/2008: Operators Raffaello/IT9ATF, Renato/IT9NPR, Pippo/IT9PPG and Pino/IT9WDC will be active from the island of Favignana (EU-054, IIA TP-011, MIA MI-025, WLOTA LH-1545) using the call sign IF9A from October 24-26th, including an entry in the CQWW DX SSB Contest (October 25-26th). QSL via IT9ATF, direct or bureau. [rsgbiota.org]

25/10/2008: CE1W will be on the air for the CQWW DX SSB Contest (October 25-26th) from Bahia Inglesa resort, northern Chile. They will be working in the Multi-Multi category. Operators include Nicolas/XQ1IDM, Sergio/CE1TT, Marco/CE6TBN, Juan/CA4UJU, Danilo/XQ4CW, Alex/CA2UDI, David/CE2EYN, Patricio/XQ1KY and Mauricio/CE2WUI. QSL via HA1AG. Further information at www.qsl.net/ce6tbn/ce1w/ce1w.htm [CE6TBN]

25/11/2008: Ulf, DL5AXX will be active from the island of Grenada (NA-024, also count for WLOTA LH-0718) as J3/homecall from November 25th to December 9th, including a Single-Op/All-Band entry in the CQWW DX CW Contest (November 29-30th). He also plans to enter the ARRL 160 Meter Contest. QSL via home call, direct or by the bureau. [NG3K]

29/11/2008: Nick, G3RWF plans to be active as 5X1NH for the CQWW DX CW Contest (November 29-30th) from Uganda. No entry category was given. QSL via G3RWF, direct or bureau. [NG3K]

29/11/2008: Arturo, IK7JWY will be activefrom Pantelleria Island (AF-018, IIA TP-001, MIA MI-124, WLOTA LH-0041) as IH9M during the CQWW DX CW Contest (November 29-30th), as a Single-Op/Single-Band (?) entry. QSL via home call, direct or bureau. [NG3K]

01/12/2008: Tutul, S21RC and possibly 3 other S2 operators are preparing a DXpedition in December to St. Martin's Island (AS-127, WLOTA LH-2351) located in Chittagong Region Group. Dates are not confirmed yet, but they plan to stay 6 days on the island. A special call sign is pending and will be announced later. St. Martin's Island is a small island in the northeast part of the Bay of Bengal, about 9 km south of the tip of the Cox's Bazar-Teknaf peninsula, and forming the southernmost part of Bangladesh. It is the only coral island in Bangladesh. It is about 8 km west of the northwest coast of Myanmar at the mouth of the Naf River. The local name of the island is "Narical Gingira", also spelled "Narikel Janjina/Jinjera", translated from Bangla, meaning "Coconut Island". They currently can only set up one station and are looking for help and funds for this DXpedition. For more details and information on how to help, please visit: www.eb7dx.com/ [OPDX Bulletin]

7517. France/DIFM, Scandinavian IOTA tour

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-29 11:30:12 UTC
From: F5nql@aol.com
Topic: 7517 Message: 7517

Hi friends
France not IOTA
For the second time some F5KLJ ARC members are going to the Madame Island,
locared in the Charente Maritime area.
The call sign used will be TM1MAD
Activity on september 6&7th , CW/SSB from 80 to 10m and even on 144/432.
For this island can be reached by foot when the higher tides happen, it does
not comply with the iota rules.
The references are :
French Metropolitan Islands award DIFM : AT-024
Department : Charente Maritime/17
Province : Poitou-Charentes.
Cantons : 17014
Grid square : IN95TX
QSL via Ref union bureau.
More information : f5klj_contact(at)ref-union.org

7518. ICPO Update (August 29, 2009)

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-29 14:35:39 UTC
From: Dave Raycroft
Topic: 7518 Message: 7518

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========

28/08/2008: Peter/DL5FF and Siegfried/DL9ZE are QRV as OH0JWL and OH0/DL9ZE, respectively, from Eckeroe Island, Aland Islands (EU-002) until September 7th. Activity is on 40, 30, 20 and 15 meters using CW, SSB and RTTY. QSL to home calls. [ARRL DX News]

30/08/2008: Jim, KD3YK will be QRV as ZF2JM from Grand Cayman Island (NA-016, also count for WLOTA LH-1042) from August 30th to September 11th. Activity will be on 40 and 20 meters at 1030 to 1200z, and 2130 to 2300z, respectively, using QRP power on or near the QRP frequencies. QSL via operator's instructions. [ARRL DX News]

04/09/2008: SCANDINAVIAN IOTA Tour - YL Gabi, DF9TM and OM Frank, DL2SWW are going to several IOTA in SM, OH and OH0: They start their activity on September 5th and travel until September 23rd. IOTA to be activated: EU-173, EU-101, EU-087, EU-084, EU-002 and EU-096. Call signs to be used: SD7M, SD7W, OH0/homecall and OH/homecall. QSL via bureau, SD7M via DF9TM, SD7W via DL2SWW. Exact dates are given during the trip on www.iota-expedition.com/ go to 2008 "Scandinavia IOTA Tour" or directly to www.iota-expedition.com/scand/scand.html [F5NQL]

06/09/2008: For the second time some F5KLJ ARC members are going to the Madame Island (DIFM AT-024, Not IOTA, WW Loc. IN95TX), located in the Charente Maritime area (Department: Charente Maritime/17, Province: Poitou-Charentes DPF 19, Canton: Marennes DDCF 17-14). The call sign used will be TM1MAD. Activity on September 6th and 7th, CW/SSB from 80 to 10m and even on 144/432 MHz. QSL via Ref union bureau. [F5NQL]

21/09/2008: If the weather permits, Helmut/DL5DSM and Matthias/DL4ML will sign EJ/DL5DSM from Great Blasket (EU-007), Ireland, for some hours between 1000z and 1530z on September 21st. QRV with 100 Watts only, 20 meter operation prefered. QSL via home call. [DL5DSM]

7520. W1AW NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-08-30 08:56:16 UTC
From: K1XN
Topic: 7520 Message: 7520

From: "David Ring" <n1ea@...>

Bryn N4VM has generously made available hundreds of hours of W1AW code practice mp3 files that you can download and play on your mp3 player or computer.

The files are located here: http://www.pcpractice.com/CW/

They range in speed from 5 to 40 wpm. Text files showing the sent characters are also provided.

They are indexed by speed: 5, 7-1/2, 10, 13, 15, 20, 25, 30, 35 and 40 wpm as well by date of transmission. There are also two directories 18 and 18 wpm - both of which contain 18 wpm Morse code practice.

Below the directories of the various speeds are directories with dates. These directories (folders) are different files than the one's above and are from an earlier period where perhaps Bryn indexed the files by date instead of by speed. So if you run out of the ones indexed by speed, there are entire W1AW sessions recorded here.

We wish to thank Bryn, N4VM for the gift to the Morse community on the Internet and here on the CW email list.

Current W1AW mp3 files and text files showing what was sent are on the ARRL server here:
http://www.arrl.org/w1aw/morse.html

ARRL also maintains an archive of these files - and text translations of the Morse here:
http://www.arrl.org/w1aw/morse/Archive/

We thank the ARRL and their memebers for this excellent resource.

73
DR

David Ring, N1EA

*2007 DXCC Yearbook
*
Aug 29, 2008 14:05 ET
Bill Moore, NC1L <mailto:dxcc@...>

The 2007 DXCC yearbooks have arrived from the printer. The ARRL mail room will prepare them for shipping and they should start going out the middle of next week. You will receive the free copy if:

A submission was received during the 2007 calendar year

If you did not make a submission during the calendar year, but you were "current" on the DXCC Honor Roll for this period.

ARRL Membership is also required for the free edition

Copies are available for purchase as follows:

USA - $7.00

Non-USA - $8.00

Price includes postage

Hurricane Gustav - Bulletin Number 2

As of 17:00 EDT, August 31, Hurricane Gustav is located in the Eastern
Central Caribbean heading in a northwesterly direction. Current
predictions for landfall put it near the Louisiana/Mississippi border in
the early afternoon on Monday, September 1, 2008 (13:00 CDT-14:00 EDT).

As with the earlier bulletin, Amateurs are requested not to transmit on
or near Hurricane net frequencies in the 20, 40 and 80 metre bands to
let through emergency net traffic..

UPDATE ON THE REPUBLIC OF KOSOVO

Many have been wondering what the status with regard to the Republic of Kosovo is as of today, both in general and in amateur radio terms specifically. Substantial progress has been made, and a new approach to get Kosovo totally on its own feet is well on its way. The United Nations (UNMIK) has scaled down its administrative role while the European Union (EULEX) has initiated its supporting role to help integrate the "interim dministration" functions into the local institutions.

The United Nations Frequency Management Office (FMO) is one of those local institutions. This Office was responsible for authorizing Amateur Radio operations before and after the Kosovar declaration of independence, but as of today the FMO does not exist nor are licenses issued. You may still hear some stations operating as YU8 since those licenses issued in the past have not been specifically terminated.

Undoubtedly, Kosovo as a "country" has all required country requirements; (A) a defined territory, (B) a permanent population and (C) a government and (D) is capable of interacting with other countries with whom it has established diplomatic relations. As of today, the Republic of Kosovo is recognized by 46 countries representing many leading states and all geographical continents.

>From an Amateur Radio and DXCC perspective, a great deal of confusing discussion has taken place; one side argues that the DXCC criteria needs to be honored at all times. Others see the criteria as not being engraved on a tablet of stone but that the rules facilitate "entities" dynamically in the context of an ever-changing world. Both views have some merit and should be appreciated.

Western Sahara (SO), another disputed DXCC country, is currently recognized by 48 countries and even today it is not a member of the United Nations nor does it have a dedicated ITU prefix. At the time Amateur Radio entered this desert country, no one had argued that it belonged to DXCC. When Swains Island was up for DXCC discussion it was decided that the DXCC criteria had to be changed and so Swains entered the scene. Swains was added not decades ago - but just recently.

Before Swains Island, DXCC used three "measuring sticks"; UN membership, ITU prefix or IARU society. In facilitating Swains, the ARRL Board of Directors decided to keep the UN and ITU parts but changed the IARU rule to recording of an event by the US Department of State, which again opened up another gate for more DXCC entities.

Now Kosovo meets the highest US Department of State criteria - Kosovo is an independent state recognized by the United States and easily passes the US State Department gate, if that gate is honored in the right spirit. With DXCC rules in place as they existed before Swains, Kosovo would enter through the IARU gate because of its permanent amateur radio population and its national society, SHRAK.

The above is just an illustration of the dynamics of the DXCC at any given time, following the dynamics of the world.

The world outside Kosovo abounds with many other examples that offer a slightly different perspective in the international arena. Another oft-mentioned entity - Northern Cyprus - is recognized only by Turkey, and the situation regarding Cyprus remains deadlocked. Two new cases - South Ossetia and Abkhazia - are recognized by the Russian Federation and probably soon by Belarus (EW) and Venezuela (YV). If they ever achieve wider recognition apart from the countries subject to the current conflict, they will become another set of DXCC candidates.

An immediate UN membership gate is pointed more in the direction of those that get themselves established with no gun fire. The UN's potential for resolving conflicts to its own satisfaction is seriously hampered by the Security Council veto structure that plays a major role in eliminating new countries at that gate.

So, the ARRL is left to define a workable recognition based country criteria - be it qualitative and/or quantitative. Kosovo with its almost 50 recognitions is the first one at the gate. Delaying action on the Republic of Kosovo so that it does not qualify for anything is not an option for the ARRL. Kosovo is a country with a permanent amateur radio population and therefore Kosovar amateurs should be welcomed to our community.

Back to the practical world; YU8/OH2R QSLs for the first amateur radio operation from the Republic of Kosovo were printed last week by Gennady, UX5UO and they will be in the mails in a few days. We thank Gennady for his efforts and support in making these full-color cards meet the spirit of the Kosovo case as they represent a special moment for those involved with the Kosovo project and those who follow world events as well as the development of the DXCC program.

You can view these cards at http://www.dailydx.com/Kosovo.htm

You may read more about YU8/OH2R and Kosovo at www.n4gn.com/yu8/

Bonsoir à tous
KOSOVO:
Pour diffusion immédiate , Ier septembre, 2008

Mise à Jour, REPUBLIQUE du KOSOVO

Beaucoup se demandent où en est le statut du Kosovo à ce jour, aussi bien en règle générale qu’en ce qui concerne les radioamateurs.
Des progrès significatifs ont été réalisés , et une nouvelle approche tendant à rendre le Kosovo tout à fait autonome est en bon chemin.
Les Nations Unies (UNMIK) a réduit son rôle administratif tandis que l’Union Européenne (EULEX) a développé son aide pour l’intégration de l’ administration intérimaire dans l’administration locale.
L’Office de gestion des Télécommunications des Nation Unies (FMO), est une de ces institutions locales. Cet Office avait la responsabilité d’accorder les licences nécessaires aux opérations radio amateur, avant et après la

déclaration d'indépendance du Kosovo., mais aujourd'hui, le FMO n'existe plus et plus aucune licence n'a été délivrée depuis .
Vous pouvez encore entendre quelques stations opérant avec le préfixe YU8, car ces licences anciennes ne comportaient pas de date précise de fin de validité.

Sans aucun doute, le Kosovo est un Etat, qui présente toutes les caractéristiques nécessaires à se reconnaissance en tant que tel :
(A) Un territoire délimité (B) une population permanente, et (C) un gouvernement
(D) le Kosovo est reconnu par nombreux pays qui ont établi des relations diplomatiques avec lui. A ce jour 46 Etats l'ont reconnu, dont des Etats majeurs, leaders sur leur continent.
Pour les Radio amateurs et la perspective d'inscription sur la liste du DXCC, des discussions confuses sont apparues.
Certains affirment que le règlement du DXCC doit être appliqué à la lettre.
D'autres prétendent que ce règlement n'est pas gravé dans la pierre , et que les règles sont là pour faciliter l'entrée de nouvelles entités de manière dynamique en suivant les variations géopolitiques perpétuelles de la planète.
Les deux positions ont le mérite d'exister et doivent être appréciées.
Un autre cas très discuté et disputé, fut celui du Sahara Occidental SO), pour son admission au DXCC. Celui ci est reconnu par 48 pays . Non membre des Nations Unies, il ne dispose pas non plus de préfixe ITU. Aujourd'hui les Amateurs on accepté son inscription au DXCC sans qu'il eut de nouvelles analyse des critères.
Quand Swains est arrivée sur la scène, il y a bien eu un changement des règles pour son admission. Swains a bien été ajoutée sans autres délai supplémentaire.
was added not decades

Avant Swains, le DXCC consodérait trois règles : l'appartenance aux Nations Unies, un préfixe ITU ou le fait d'être une Société IARU .
Pour fciliter Swains, le Conseil d'Administration de l'ARRL de garder les critères ONU et ITU, mais changèrent le volet IARU, par un simple enregistrement au Département d'Etat US, ce qui facilita grandement l'ouverture et constitue pour les autres une porte d'entrée à de nouvelles entités DXCC.
Maintenant le Kosovo, répond aux critères du Département d'état US. Le Kosovo est un état reconnu par les USA et il a donc franchi aisément les procédures du Département d'Etat US, dans le bon état d'esprit.
Telles qu'existaient les règles du DXCC avant Swains le Kosovo doit entrer selon la règle IARU, car il a une population permanente et une Société IARU, la SHRAK.

Ce qui précède est juste pour démontrer la dynamique DXCC démontrant qu'à n' importe quel moment, le DXCC suit les modifications du monde.
En dehors du cas Kosovo, il uy nombre de cas non encore résolus.
Le cas de Chypre Nord, reconnu uniquement par la TurQUIE ; Deux nouveaux cas interviennent ces jours derniers, ceux de l'Ossétie du Sud et de l' Abkhazie, reconnues uniquement par la Russie, le Belarus et le Venezuela.
Encore un groupe de « pays » qu'il faudra bien régler un jour.

Immédiatement l’accès à l’ONU est pointé en direction de ceux qui sont membres . Ma capacité de l’Onu de résoudre les conflits selon ses convictions est sérieusement entamée par le droit de veto accordé aux membres du Conseil de Sécurité, droit de veto qui leur permet d’éliminer l’accession de quiconque en tant que membre.
I reste donc à l’ARRL à définir une règle utilisable , quantitativement et qualitativement.
Le Kosovo et ses quasi 50 pays le reconnaissant est le tout premier à frapper à la porte.
Reculer en permanence sa reconnaissance au DXCC par l’ARRL , n’est pas une option possible.
Le Kosovo a une population radioamateur permanente et à ce titre il doit être intégré à notre communauté.

Poure revenons à nos moutons ; Les QSL pour YU8/OH2R, première opération radioamateur au Kosovo ont été imprimées la semaine dernière Gennady, UX5UO et les premières seront expédiées dans les prochains jours.
Merci Gennady pour les efforts et encouragement s par la réalisation et impression de ces cartes couleur parfaitement en harmonie avec l’esprit du cas Kosovo, représentant un moment spécial du Projet Kosovo, en estime de ceux qui s’y sont engagés.
Cartes visibles à _http://www.dailydx.http://www.htt_ (http://www.dailydx.com/Kosovo.htm)

Date: 2008-09-01 22:08:49 UTC
From: K1XN
Topic: 7534 Message: 7534

From: "SP5UAF" <tom.sp5uaf@...>

Hi,

Mirek 7X0DX is once again active from Algeria. He will be active till September 11 this time. It is a business trip so he can be QRV in his spare time only. This time Mirek has difficult conditions to build effective antennas but he tries to be QRV if only possible.

Latest news will be published at http://www.7x0.dxing.pl/ if Mirek has chance to send e-mails. The on-line log includes data from the previous operations. QSO data from the current activity will be uploaded after this activity is over. Mirek has no chance to send his QSO data on daily basis this time as his internet access in 7X is very limited.

Hello John,

NI5DX, Buzz, is now the QSL manager for Jeff, YI9NIC. Buzz will be able to confirm all contacts once the logs are transferred. There will be an initial delay as QSL cards are designed and printed. Buzz has also asked for Jeff to send a copy of his license so it can be sent to ARRL for acceptance for awards.

73,

Buzz

Hi friends
USA, speckial event
Pentagon Amateur Radio Club to Host Special Event Station Commemorating 9/11
(Sep 2, 2008) -- On Thursday, September 11, the Pentagon Amateur Radio Club
(_PARC_ (http://www.k4af.org/)) will operate a Special Event station
commemorating the 7th anniversary of the attacks that occurred on the Pentagon, the
World Trade Center and over Pennsylvania in 2001. This special event will be
held in conjunction with President Bush's visit to the Pentagon to dedicate
the new _Pentagon Memorial_
(http://www.defenselink.mil/home/features/2008/0708_memorial/index.html) , honoring the
184 people, both at the Pentagon and on
American Airlines flight 77, who lost their lives in the attacks. Operators
will be on 10, 15, 20, 40 and 80 meters -- both phone and CW -- with plans to
operate on a 12 hour basis (1200-2400 UTC). There will be a special QSL card
available for stations that work K4AF. For more information, please contact
Gary Sessums, KC5QCN (mailto:kc5qcn@...) . QSL via PARC, PO Box 2322,
Arlington, VA 22202.

I.C.P.O. Bulletin (Sepember 04-12, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

04/09/2008: Paco/EA7ATX and Juan-Luis/EA7AY expect to be in Colombia starting September 4th for quite a few weeks. They plan to be active as HK1AT and to operate from the San Bernardo Islands (SA-078) from October 14-19th. QSL via EA7ATX, direct only (proceeds will be donated to charity). [425 DX News]

04/09/2008: Yuki, JH1UUT will be active from the Palau Pacific Resort, Koror, Palau (OC-009) again between September 4-8th, including an entry in the All Asian DX Contest (September 6-7th). QRV outside the contest on 3.795, 7.085, 14.200/14.260, 21.260/21.290 and 28.460/490 MHz. QSL via home call, direct or bureau. [JI6KVR]

04/09/2008: Satoshi, N2QP will be active as KH0/N2QP from Saipan, Northern Mariana Islands (OC-086), September 4-8th, including an entry in the All Asian DX Phone Contest (September 6-7th). QSL KH0/N2QP direct, with SAE and 1 IRC or 1USD (Satoshi Kouya, 2-7-5 Iwamoto-cho, Chiyoda, Tokyo 101-0032 Japan). [N2QP]

04/09/2008: Viaceslav, LY4F will be active as PJ2/LY4F from Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) September 4-18th, including a Single-Op/All-Band/High-Power entry in the WAE DX SSB Contest (September 6-7th) using the call sign PJ2F. Outside of the contest look for activity on all bands and modes. QSL via LY1FF, bureau preferred. [CCC]

04/09/2008: Jan ZP6/DL7UFN and Rolf ZP6/DL7VEE will be active from Asuncion, Paraguay, at the QTH of Tom, ZP5AZL/ZP0R from September 4-14th. Activity is planned for 160-10 meters using CW, SSB, RTTY and some PSK. QSL via home calls. [NG3K]

05/09/2008: SCANDINAVIAN IOTA Tour - YL Gabi, DF9TM and OM Frank, DL2SWW are going to several IOTA in SM, OH and OH0: They start their activity on September 5th and travel until September 23rd. IOTA to be activated: EU-173, EU-101, EU-087, EU-084, EU-002 and EU-096. Call signs to be used: SD7M, SD7W, OH0/homecall and OH/homecall. QSL via bureau, SD7M via DF9TM, SD7W via DL2SWW. Exact dates are given during the trip on www.iota-expedition.com/ go to 2008 "Scandinavia IOTA Tour" or directly to www.iota-expedition.com/scand/scand.html [F5NQL]

05/09/2008: The SV-DX-Group activates Limnos Island (EU-049, GIOTA NAS-026, MIA MG-065, WLOTA LH-1740) in Northern Aaegaeis, September 5-15th as SY8L. QRV 160-6m, all modes. QSL via SV2DGH, direct or bureau.

[DX Newsletter]

06/09/2008: Jan/OK1JK, Jiri/OK1JST, Jarda/OK1JIM, Standa/OK1AGE, Tom/OK1JRA, Vojta/OK1JKV and Radek/OK1MRK plan to be active from Porer Island (EU-110, ACIA 46, CIA-35, IOCA CI-090, MIA MC-313) as 9A/homecall from September 6-13th. Lighthouse references: CLHA CLH-111, ARLHS CRO-014, TWLHD WLH 9A-052 and WLOTA LH-0240. QRV most HF bands, using CW, SSB, RTTY, PSK. QSL via home calls, direct or bureau. [rsgbiota.org]

06/09/2008: Operators Kuny/W1FPU, Tomo/N2QP, Yuri/KE7TWK and 8 year old Yoshiki/KH0UA will be active from the Aquarius Beach Tower Contest Club, Saipan, Northern Mariana Islands, as AH0BT. They will QRV for the All Asian DX Contest as a Multi-OP/Single-TX entry. KH0UA, Yoshiki (8 year old son of W1FPU/Kuny) who may be the youngest FCC Technician license holder of non-native English speaker, will join the team. KH0UA can operate only on 10m band, please call him slowly if you can hear the contest number of '59-08'. QSL via 7L1FPU, direct (PMR9292, 3-23-3, Minami-Oi, Shinagawa-ku, Tokyo, 140-0013, JAPAN) or by the bureau. [NG3K]

06/09/2008: The Algarve DX Group will be active with eleven different CT7CA* call signs from as many Portuguese castles and fortresses on September 6th and 7th. They plan to activate Castelo de Castro Marim (DCFP C-032, DPRN FF-22, WWF CTFF-22), Forte do Rato (DCFP F-046), Fortaleza de Faro (DCFP F-019), Castelo de Loule (DCFP C-063), Castelo de Paderne (DCFP C-004), Castelo de Silves (DCFP C-118), Castelo de Alvor (DCFP C-099), Castelo de Lagos (DCFP C-059), Forte da Boca do Rio (DCFP F-052) and Fortaleza de Sagres (DCFP F-054). QSL via CT1GFK. Further information can be found at ct7ca.blogspot.com/ [425 DX News]

06/09/2008: Operators Karl/DJ5KK, Thorsten/DG7TG and Wolf/DK3KD will be active from Helgoland Island (EU-127, N-14 for the German Islands Award, WLOTA LH-0518) as DA0HEL between September 6-8th. They will be taking part at IARU VHF Contest on 2m SSB and CW. Outside the contest, look for them to be QRV on HF as well as VHF. QSL via the DARC bureau. [rsgbiota.org]

06/09/2008: Members of the Group Amateur Radio RASE Dx will be participating in the IARU VHF Contest (REG1) as ED7URD from September 6-7th. They will be transmitting from the Sierra Filabres (2.168m, Locator IM87), Almeria, Spain. In addition to their activity in the IARU VHF Contest, they will have two stations to put into the air on 50 MHz, as well as various tests on 1200 MHz using the call sign EA7URD/P. The team will consist of Jesus/EB7BMV, Jose/EB7COL, Manolo/EA7IHV and Jose/EC7DND. QSL via EA7URD, by the bureau or direct. Photos, log and details of the operation can be found at www.rasedx.com/ [OPDX Bulletin]

06/09/2008: Christophe, F4AQG will be active as homecall/p for the IARU Region 1 VHF Contest (September 6-7th) from the Tour des Opies (DFCF 13-039, WW Loc. JN23LR, SOTA CR-242), commune of Eguieres (CP 13430), canton of Eyguieres (DDCF 13-09), Department Bouches-du-Rhone/13 and Provence-Cote-d'Azur (DPF 20). QSL via home call, direct or bureau.

[F4AQG]

06/09/2008: Fran?ois/F5JNE along with Claude/F5MCC will be active September 6th as F5JNE/p from the Pouy Castle (DFCF 10-028), in the city of Pouy sur Vannes (CP 10290), Canton of Marcilly le Hayer (DDCF 10-13), Department Aube/10 and Province Champagne-Ardennes (DPF 08). As usual starting around 0600 UTC, 80 and 40 meter CW and SSB. QSL via F5JNE, direct or bureau. [F5NQL]

06/09/2008: Tom, DL4VM will be active as OZ/DL4VM from R?m? Island (EU-125, NS-001 for the Danish Islands Award) between September 6th and 20th. He will work only QRP 5 watts and only CW on 40m, 20m and 15m and perhaps 10m and 6m depending on conditions. QSL via home call, direct (Thomas Scheliga, Stockenbruch 12, 66119 Saarbr, Germany) or by the bureau. [rsgbiota.org]

06/09/2008: For the second time some F5KLJ ARC members are going to the Madame Island (DIFM AT-024, Not IOTA, WW Loc. IN95TX), located in the Charente Maritime area (Department: Charente Maritime/17, Province: Poitou-Charentes DPF 19, Canton: Marennes DDCF 17-14). The call sign used will be TM1MAD. Activity on September 6th and 7th, CW/SSB from 80 to 10m and even on 144/432 MHz. QSL via Ref union bureau. [F5NQL]

07/09/2008: Jean Michel, F5PRR will be active September 7th as homecall/p from the Castellas of Montpeyroux (DFCF 34-041), commune of Montpeyroux (CP 34150), Department Herault/34 and Province Languedoc Rousillon (DPF 12). QRV 80 and 40 meters, also 20-10m if propagtion allows. QSL via home call, direct or bureau. [F5PRR]

07/09/2008: Dom, F6EPO will be QRV September 7-27th from Guadeloupe [Basse-Terre] (NA-102, DIFO FG-019, WLOTA LH-0644). He plans to be active using a K1 QRP from La Grande Soufri?re, an active stratovolcano with an elevation of 1,467 meters (evenings only). Frequencies mentioned are: 7.007, 10.111, 14.014 and 21.021 MHz. QSL via home call, direct or bureau. [F5NQL]

10/09/2008: Dave/EI4BZ, Jeremy/EI5GM, Dave/EI9FBB and Mark/G4AXX will be active September 10-14th as EJ3HB from Great Blasket Island (EU-007), Ireland. They will operate SSB and CW on 80-10 meters. QSL via EI9FBB, direct or bureau. Further information can be found at blasketisland2008.blogspot.com/ [425 DX News]

10/09/2008: Nilay Mine/TA3YJ and Berkin/TA3J will be active as M/TA3YJ and M/TA3J from London, England (EU-005, WLOTA LH-1841) between September 10-17th. QSL via TA3YJ QSL Service (www.aydogmus.gen.tr/ta3yj). [OPDX Bulletin]

12/09/2008: Look for Nob/JA2AAU (A35AU), Yoshi/JA2AIC (A35IC), Iwao/JA2LSS (A35SS), Iku/JA2ATE (A35TE) and Mori/JA2ZS (A35ZS) to be active on all bands/modes from Tonga (OC-049) between September 12-17th. QSL via the information on QRZ.com for each call sign. [rsgbiota.org]

12/09/2008: Mike, AB5EB will be active as homecall/p from Matagorda Island (NA-092, USi TX-010S, Calhoun county), Texas, and the Matagorda lighthouse (ARLHS USA-482, TWLHD WLH K-096, WLOTA LH-1860, USGC 4-1312, WW Loc. EL18SI) from September 12-14th. QRV SSB and CW on, or near, the usual island and lighthouse frequencies. QSL via home call (CBA). [ARLHS]

12/09/2008: Tom, LA4LN will be QRV from Spitsbergen Island (EU-026, WLOTA LH-0124), Svalbard from September 12-18th. While there he'll be QRV on 60 meters as JW1V. He'll also operate JW4LN on 160 meters through 70 cm, mostly on CW with some SSB, digital modes and possibly Satellite. Tom will has an IC-7000, various wires, a beam for 10, 15 and 20 meters and possibly on 6 and Satellite. QSL cards must go direct only to LA4LN. More details can be found at QRZ.com under JW1V. [MMMonVHF]

==========

LOOKING AHEAD -

13/09/2008: The Ninth Annual Route 66 On The Air Special Event will be held from September 13-21st. Full information on call signs, QSL routes and awards can be found at www.w6jbt.org/ [W6JBT]

27/09/2008: Al, WP3C will be active from Puerto Rico (NA-099, USi PR-006S, WLOTA LH-2802) during the CQWW DX RTTY Contest (September 27-28th), as a Single-Op/Single-Band(40m) entry. QSL via W3HNK. [NG3K]

28/09/2008: On the occasion of the Charles de Gaulle memorial opening festivities, in Colombey les Deux Eglises (WW Loc. JN28KC), the Haute-Marne area hams (Department 52) will be active as TM0CDG, between September 28th to October 12th. Operators include Alain/F0DHH, Dominique/F0EGY, Alex/F1PZY, Gerard/F4EEH, Julien/F4EEI, Jean-Marie/F6CHU and Pierre/F6IRM. Activities are scheduled on all HF bands, and maybe 6, 2 and up, all modes, including SSTV. QSL via bureau to F6KTR. [F5NQL]

01/10/2008: Syl, F5TLN will be active from south-Lebanon between October 2008 to February 2009. He will use OD5/F5TLN on all HF bands, using SSB and sometimes CW. QSL via home call, direct (Sylvain Bertrand, 14 Rue du Champ Saint Pierre, 55100 Verdun, FRANCE) or by the bureau. Syl's website can be found at f5tln.site.voila.fr/ [F5TLN]

05/10/2008: John, KE6GFF will be active as T6EE once again from metropolitan Kabul, Afghanistan, between October 5th and 31st. Equipment will be FT897d, YP3 Super Antenna and long shockcord element Buddipole. Operation limited to 14.2 MHz by license (+/-QRM). He will give particular attention to the Americas, Africa and Middle East. John will also Will participate in the CQWW DX SSB Contest (October 25-26th). QSL via home call, direct or bureau. [NG3K]

14/10/2008: Members of the Spanish DX 4 DX TEAM (www.dx4dx.com/) will be in The Gambia (C5) from October 14-24th. Activity will be on the HF bands and 6 meters using SSB, CW and RTTY. Team members include Paco/EA4BT, Ramon/EA4NA, Emilio/EA7AAW, Julio/EA7JB, Salvador/EA7SB and Jose/EA7LS. As of this moment they do know their call sign. QSL via

EA4BT either direct to EA4BT, Apartado Postal 1315, 28800 Alcal de Henares (Madrid), SPAIN or via the bureau. [MMMonVHF]

23/10/2008: Operators Ken/K2WB, Jack/N2VW, Tony/W2WAS and Frank/WA2VYA will be QRV from 'The Hamlet' on Providenciales Island (NA-002, WW Loc. FL31VS) from October 23-29th. They will use the call sign VP5T during the CQWW DX SSB Contest (October 25-26th) as a Multi-Multi entry. Look for activity as VP5/homecalls on CW, WARC and 60 meters before and after contest. QSL VP5T via LoTW, and direct or bureau to N2VW. QSL VP5/homecall to homecall. [NG3K]

22/11/2008: Pista/HA5AO (ex HA7VT) and Tibi/HA7TM are heading to the Palau Islands (OC-009) and will be QRV as T88CI and T88CJ from November 22nd to December 3rd. For equipment they will have an FT2000, FT1000MP, FT920, VL1000/VP1000. Activity will be on 1.8 to 50 MHz. QSL cards should go direct or via the bureau to their home calls. Further information at www.ha7tm.hu/t88/ [MMMonVHF]

25/11/2008: Scott, NE1RD will be on a 100 Pound DXpedition to Kauai, Hawaii, between November 25-30th, including a Sigle-Op/All-Band/Low-Power entry in the CQWW DX CW Contest (November 29-30th). There will also be pre-contest activation from both Oahu Island (OC-019, USi HI-008S, WLOTA LH-1227, Honolulu County) and Kauai Island (OC-019, USi HI-003S, WLOTA LH-1761, Kauai County) on both SSB and CW. QSL via home call. [NG3K]

25/11/2008: Yuri, VE3DZ will be active November 25th to December 1st as PZ5TT from the QTH of Ramon, PZ5RA located in Paramaribo, Suriname. QRV all bands CW, SSB, RTTY, including a Single-Op/All-Band (probably High-Power) entry in the CQWW DX CW Contest (November 29-30th). Six meters is a possibility, using high power and a big 6 element homebrew yagi (Grid GJ25KU). QSL PZ5TT via VE3DZ, direct or bureau. [NG3K]

29/11/2008: Joachim, KP4EE will be QRV in the CQWW DX SSB Contest (November 29-30th) from Aguadilla, Puerto Rico (NA-099, also count for WLOTA LH-2802), as a Single-Op/All-Band entry. QSL via OK1DOT. [NG3K]
==========
SPECIAL EVENTS -

06/09/2008: This year the Poitou Charente region will host the Clipperton DX Club 30th Convention, near the European Picture Center the Futuroscope, in the city of Chasseneuil du Poitou. For this occasion TM8CDX will be activated this year from September 6th to 20th. If possible a station will be installed at the site of the convention during Saturday. Activity will be on HF and may be 144MHz, all modes, CW, SSB and digitals. QSL via F5CQ, direct or bureau. Further information can be found at: www.cdxc.org/index-e.htm [F5NQL]

06/09/2008: One of the most important founding figures in Western Philosophy, Aristotle was born 24 centuries ago in Stageira. Commemorating that event, Demetrios/SV2GWY, Kleanthis/SV2XI, Dimitris/SV7HRJ and Themistokles/SW2HQF will be active as SX24STG during

the IARU Region 1 Field Day (September 6-7th). QSL via SV2GWY, bureau preferred. [425 DX News]

07/09/2008: Special call sign TM8JPR will be active from September 7-21st for the European Heritage days, by the Lozere department Hams. A special vintage Army and Ham radio gear exhibition will be held in the city of Sainte Enimie on September 20th and 21st. QSL via the REF bureau. [F5NQL]

12/09/2008: Operators IK4HDQ, IK4PLW, IK4PMX, IK4UNH, IW4DAP, IW4DEH and IZ4GXH will operate special event station IR4PA from Russi (Ravenna) from September 12-14th, for the 25th anniversary of the local welfare institution. QSL via IK4PLW, direct or bureau. [425 DX News]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html

QSL INFO -

Ralph, K2PF reports that new one letter suffix calls for
Bosnia-Herzegovina were effective as of September 1st.
K2PF will be handling cards for:
E70A - formally T95A and currently operating as J28OO
E73M - E73MMM and T93M (QSL via K2PF or E73Y)
E73U - formally T94DJ and E74DX

NI5DX, Buzz, is now the QSL manager for Jeff, YI9NIC. Buzz will be able
to confirm all contacts once the logs are transferred. There will be an
initial delay as QSL cards are designed and printed. Buzz has also
asked for Jeff to send a copy of his license so it can be sent to ARRL
for acceptance for awards. [K1XN]

Ron, AC7DX reports that the QSL card for KL7DX NA-234 is in the final
design stage and then it will be printed. Please be patient as the
folding color card will be certainly worth the wait.

QSLs received Bureau - 4L?CR, 4O3A, 5W?NU, 6M?MM, 6V7G, 9M2CNC, 9M2RPN,
AO8A, C5?C, C52C, CU2DX, CU3F, DR6IOTA, HB?/DL2OBO, HE7?FG, KL7CQ,
OH3OJ/P, SV1QN/8, T7?A, TK/HB9TL, VU7RG, XR7A.

QSLs received Direct - 9X?R (via EA5RM), C91YI (via DJ0YI), D2NX (via
JH7FQK), H7/K9NW (via K9NW), HQ8R [NA-035], JX/G7VJR (via G7VJR),
JX/SQ4MP (via G7VJR), N1YC/VK9X (via N5ID), OA4BHY/3 [SA-074] (via
DL2JRM), S21XF (via LA5YJ), TG9ADM, TK7C (via F9IE), VR10ZQZ/p [AS-006].

QSLs received LoTW - A61AJ, JX/G7VJR, JX/SQ4MP.
==========
BITS & PIECES -

- Bryn N4VM has generously made available hundreds of hours of W1AW
code practice mp3 files that you can download and play on your mp3
player or computer.

The files are located here: http://www.pcpractice.com/CW/

They range in speed from 5 to 40 wpm. Text files showing the sent
characters are also provided.

They are indexed by speed: 5, 7-1/2, 10, 13, 15, 20, 25, 30, 35 and 40
wpm as well by date of transmission. There are also two directories 18
and 18 wpm - both of which contain 18 wpm Morse code practice.

Below the directories of the various speeds are directories with dates. These directories (folders) are different files than the one's above and are from an earlier period where perhaps Bryn indexed the files by date instead of by speed. So if you run out of the ones indexed by speed, there are entire W1AW sessions recorded here.

We wish to thank Bryn, N4VM for the gift to the Morse community on the Internet and here on the CW email list.

Current W1AW mp3 files and text files showing what was sent are on the ARRL server here: http://www.arrl.org/w1aw/morse.html

ARRL also maintains an archive of these files - and text translations of the Morse here: http://www.arrl.org/w1aw/morse/Archive/

We thank the ARRL and their memebers for this excellent resource.

73 David Ring, N1EA

The Pentagon Amateur Radio Club will host a Special Event Station Commemorating 9/11 (Sep 2, 2008).
On Thursday, September 11, the Pentagon Amateur Radio Club (_PARC_ (www.k4af.org/)) will operate a Special Event station commemorating the 7th anniversary of the attacks that occurred on the Pentagon, the World Trade Center and over Pennsylvania in 2001. This special event will be held in conjunction with President Bush's visit to the Pentagon to dedicate the new _Pentagon Memorial_ (www.defenselink.mil/home/features/2008/0708_memorial/index.html), honoring the 184 people, both at the Pentagon and on American Airlines flight 77, who lost their lives in the attacks.
Operators will be on 10, 15, 20, 40 and 80 meters -- both phone and CW -- with plans to operate on a 12 hour basis (1200-2400 UTC). There will be a special QSL card available for stations that work K4AF. For more information, please contact _Gary Sessums, KC5QCN_ (mailto:kc5qcn@...) . QSL via PARC, PO Box 2322, Arlington, VA 22202. [ARRL]

INTERNATIONAL POLAR DAY
We invite all OM with the spedial call IPY to operate on September 24th specifying <International Polar Day Celebration>. For more information on the anniversary please visit the web site at www.ipy.org/index.php?/ipy/detail/people/ [F5NQL]
So far the list includes -
Youssef, CN8YZ as 5D?IPY WAP-153
Charles, M?OXO as GB4IPY WAP-?98
Dani, YB2TJV as YE2IPY WAP-133

6th ANTARCTIC ACTIVITY WEEK 2009
The WAP website is ready for the 6th Antarctic Activity Week (February 16 - 22, 2009) at www.waponline.it/Default.aspx?tabid=113
So far the list includes -
DA?ANT WAP-128 operated by DC2SF

GB?ANT WAP-?72 operated by M?OXO

7541. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-09-04 22:06:41 UTC
From: K1XN
Topic: 5889 Message: 7541

The */SEPTEMBER 2008 /**Issue #809-A* files have been uploaded to the
Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
/*Now is a good time to send in your RENEWAL to GoWin *//*
if your subscription is about to expire.*/
*

Hi friends
BENIN :
F6AML "F6KOP TEAM" member QRV from the Benin, TY :
DATE : frm September 12 to 24th.
CALL : Will be known when piking the licence,in Cotonou.
MODEs : CW & SSB ony, sorry this time, no digit.
Suggested frequencies :
CW : 3525 - 7025 - 10115 - 14025 - 18071 - 21025 - 24892 – 28025
SSB : 3785 - 7057 - 14235 - 18140 - 21275 - 24944 - 28444
Thes QRG are + ou - , QRM permitting.
RIG : FT857D + PA = 800w HF
ANT : HF6V + inverted V for 80m
QSL : via home call F6AML via bureau or direct (Ok sur QRZ.COM) with SAE +
2 USD ou 1 IRC

No Internet nor cluster link available.
Note that in Benin, electricity failing happen very often, so some stand by
periods are possible

**** F6AML will be certainly on the air on sept 12 at the beginning of the
afternoon, after having pick up the licence and settle the antennas.
Tks Serge, F6AML

TUVALU
Maurice,

JA2ZL Anci and his XYL will be coming to Tuvalu (OC-015) for
family vacation between Oct 14 and Oct 21, 2008.
Anci operates 80m - 12(10)m CW, SSB. RTTY and SSTV.
He will use a small (500W) amplifier, loop antennas and vertical
antennas. Callsigns will issue after entering a country.
QSL direct to JA2ZL or JARL bureau. but no e-QSL.
Anci Yamada;
17-8-2 Takiro-cho, Tazimi, 507-0813 Japan

Tks Toshi, JA1ELY

DX and contest by NG3K
Bill

I will be happy if you publish the following operation:

4U1VIC, the Vienna International Centre Amateur Radio Club, will be on
the air during the Worked All Europe DX Contest (WAEDC) which will take
place 13 to 14 September 2008 in SSB. The station is located in the

secured United Nation campus in Vienna / Austria and due to access restrictions we will not be able to operate the full 48 hours continuously. We will try to be on as much as possible. We will work all stations (DX and Europe) so you are invited to give us a call. Planned Operators: OE1AWB, OE3BLB, OE1RKS, OE1DWC, OE3SGU and OE3GCU.

QSL info: 4U1VIC will send QSL cards for all QSO´s via bureau. If you are in a hurry you can send it direct including SAE and return postage to:

AMATEUR RADIO CLUB
VIENNA INTERNATIONAL CENTRE, P.O.BOX 500
A-1400 VIENNA
AUSTRIA

If you have any question please contact me under oe3gcu@...

Best 73, Gun/OE3GCU

Contest: ARRL DX Contest, CW, (Feb 21-22, 2009)
Submitter's callsign: K3MD
Contest callsign: KP2/K3MD
DXCC entity: KP2 /U.S.V.I.
Operation class: SOABHP
CQ zone: 5
QSL route: K3MD
Operators: K3MD

Notes:
Frankford Radio Club

Forwarded with 73 by
Maurice, F5NQL
DX list organizer for the Union Francaise des Telegraphistes, UFT

If you forward these information by any way, please don't remove the indicated sources.

Apologize for possible double sending.

If this kind of message could be useful to your friends please spread it and ask
them to include their address on the mailing list at : _f5nql@..._ (mailto:f5nql@...) .

If you don't want to receive these message anymore, please ask to be removed of the mailing list, same way.

Don't forget to inform us about any change in your e-mail address.

Hi friends
BENIN – TY
F6AML membre de "F6KOP TEAM" sera QRV depuis le Bénin TY

DATE : du 12 au 24 septembre 2008
CALL : inconnu pour le moment, uniquement à l'arrivée à Cotonou.
MODE : CW & SSB uniquement
QRG : CW : 3525 - 7025 - 10115 - 14025 - 18071 - 21025 - 24892 - 28025
SSB : 3785 - 7057 - 14235 - 18140 - 21275 - 24944 - 28444
ces QRG sont + ou - en fonction du QRM.
RIG : FT857D = 800w HF
ANT : HF6V + inverted V pour 80m
QSL : via home call F6AML (Ok sur QRZ.COM) via bureau ou direct avec SAE + 2 USD ou 1 IRC
.....aucune liaison INERNET et pas de liaison cluster

Dans ce pays les coupures de courant sont fréquentes et nombreuses, aussi ne soyez pas étonnés par d'éventuels stand by .
**** F6AML sera certainement QRV en début d'après midi le 12 septembre, après avoir récupéré la licence et installé les antennes.
Merci Serge, F6AML

TUVALU
Maurice,

JA2ZL Anci and his XYL will be coming to Tuvalu (OC-015) for
family vacation between Oct 14 and Oct 21, 2008.
Anci operates 80m - 12(10)m CW, SSB. RTTY and SSTV.
He will use a small (500W) amplifier, loop antennas and vertical
antennas. Callsigns will issue after entering a country.
QSL direct to JA2ZL or JARL bureau. but no e-QSL.

DX et concours par Bill/NG3K
Dear Bill

4U1VIC, le RC du Centre International de Vienne, sera actif pour le concours Worked All Europe DX Contest (WAEDC) des 13 et 14 septembre 2008, SSB.
La station est installée sur le campus sécurisé des Nations Unies, à Vienne , Autriche, aussi le règlement d’accès draconien ne nous permettra pas d’ être présents continuellement pendant les 48 heures.
Nous essaierons d’être présents un maximum de temps .
Nous travaillerons avec tous, DX et Européens et nous vous invitons tous à nous rechercher.
Opérateurs : OE1AWB, OE3BLB, OE1RKS, OE1DWC, OE3SGU and OE3GCU.

QSL info: 4U1VIC enverra les cartes QSL pour tous les QSO via bureau.
Si vous êtes pressés, vous pouvez envoyer votre QSL en direct avec SAE et frais de retour à :

AMATEUR RADIO CLUB
VIENNA INTERNATIONAL CENTRE, P.O.BOX 500
A-1400 VIENNA
AUSTRIA

Plus d’info si nécessaire : oe3gcu@...

From: K1XN
Topic: 7544 Message: 7544

I am planning to operate some in the Tennessee Qso Party today
starting at 1800 zulu. I plan to operate on 20 meters RTTY and PSK63.
I might try PSK125 and PSK31 also. Psk31 is pretty slow for any
contest work as far as I am concerned.
Please look for me, I will be using the call WT4DX
See ya

Young DXpeditioners On Willis

The crew of VK9DWX wants to invite two young hams who have a passion for Ham Radio, DXing and contesting to take part in the DXpedition to Willis Island in October this year. One young ham from 6th October till 19th October and the other one from 15th October till 28th October.

You can reside in any country in the world, you hold a valid amateur radio license in your country, you have some experience in working pile-ups and you are between 18 and 29.

For qualification you have to send an email to contact@... which must include an essay of 500 words minimum (in English) describing how you got started in ham radio, who your Elmer was and why you should be selected for this DXpedition opportunity. Please include also you full name, callsign and home address.

The VK9DWX crew will pay for all expenses except your flight from your home to Cairns, Queensland, Australia.

From: "[IZ8CCW]" <iz8ccw@...>

Members of A.R.I. Torino and Wave Master Team, will be active September 24-28th from Giglio Island (IOTA EU-028, IIA GR-002, MIA MI-036, WLOTA LH-0564, WW Loc. JN52KI) as IA5IG.

Team members include Giovanni/IK1WEG, Gerry/IZ1DSH, Giorgio/IZ1DXS, Davide/IW1DQS, Carlo/IZ1GCZ, Sergio/IW1FSQ, Marco/IS0KEB, Veronica/IZ1KFF and Moreno/IZ1MNE.

Activity will be with 2 or 3 stations on 160 to 2 meters using CW, SSB and Digital modes.

Operation will take place on following frequencies depending on propagation and QRM:

SSB - 1842, 3755, 7065, 18128, 14260, 21260, 24950, 28460, 50160, 144310 kHz;

CW - 1835, 3530, 7030, 10115, 14040, 18095, 21040, 24920, 28040, 50098kHz;

Digital RTTY(fsk) - 7039, 10141, 14085, 18102, 21085 kHz - PSK31 (Band Plan Region 1).

They will be QRV from 3 locations: Giglio Castello (elevation 405m), Campese (at sea level) and a mobile station for activation of 5 Giglio Island castles (DCI references GR054, GR055, GR056, GR057 and GR058).

The IA5IG team send all QSLs via the ARI bureau. Your QSL card is not necessary. If you want a direct QSL send SASE+postage to IZ1DSH (Gherardo Pannoli, Strada Tetti Gramaglia N.22, 10133 - Torino, ITALY).

7551. HURRICANE IKE

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-09-09 00:37:32 UTC
From: K1XN
Topic: 7551 Message: 7551

Folks,
Hurricane Ike could possibly have an adverse effect on the
Golist web site. The server for the Golist web site is in the
Miami area in Florida. They are expecting some rather sever
weather with the approaching hurricane.
I certainly hope that the servers are not affected, but if they are
I can be reached by email at golist@... and can and will
make any renewals for you during any down time.
Lets all hope everyone stays safe and all equipment continues
to function as it should.
John K1XN

Anyone have any information on HS0ZB? I have tried qrz.com and the IK3 web site with no luck.

Dave, W8QW

I think John may be on to something. Thai calls with a suffix beginning with Z are non nationals . . . if you or I moved there we'd be HS0Zxx something. I also don't think they give non-Thai Hams 2-letter suffix calls. Not 100% sure on the 2-letter suffix, but the Z for non-Thai Hams is for sure.

7557. TOP 5 QSL MANAGER SURVEY

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-09-10 08:09:50 UTC
From: K1XN
Topic: 1852 Message: 7557

The votes are in and you have chosen the TOP 5 QSL MANAGERS for
this period. The majority of the voters were from Europe with just a few
DXer's from the USA expressing their choices.
Here are the TOP 5 ranked by voter choice.

1. W3HNK
2. G3SWH
3. IT9DAA
4. IZ8CCW
5. NI5DX

There were over 200.managers entered by DXer's around the world.
All Qsl Managers are winners and their services are very important
to all of us that want to claim a card for a contact.
Thank you to Qsl Managers and card handlers around the world,
we really do /*APPRECIATE*/ you.
John K1XN

CQWW SSB - C6APR will be on from the Crooked Island Lodge, Pittstown Point, Crooked Island, Bahamas, in the multi-2 category. The lodge manager has confirmed that the lodge survived both Hanna and Ike hurricanes.

The operators are: W2GJ (Pete), K3IXD (Ed), W3PP (Dallas), and W8ZA (Bob).

Before and after the contest (October 23 - 27) C6APR will be on 160m thru 10m including the WARC bands, CW and SSB.

Before and after the contest (October 23 - 27) C6AXD will be on 160m thru 10m including the WARC bands, mostly RTTY and some SSB.

Both calls are good for Bird Rock Lighthouse (ARLHS BAH-005) as well as IOTA NA-113 and Grid FL22tt.

All QSLs to K3IXD.

73, Ed

TX4C FOR SECOND TIME! ASIAN TURKEY WITH A HAPPY WEDDING ANNIVERSARY AND ROUND NUMBERS

Leena, OH2BE and Martti, OH2BH left Finland for an unknown address in Asian Turkey on their wedding anniversary and Leena's round-number birthday. Today
is the wedding anniversary and Mom was on the ropes at an antenna party in the soaring temperature of 36C. They got the job done and TC4X should be on the a?r now plus ?n the European DX Contest this weekend.
Outside of the contest TC4X will be operated by Tefvik, TA1HZ. The upcom?ng mag?c day will be topped with a candlelight dinner and lacebedsheet at a place overlooking the romantic Marmara Sea at sunset.

Gosh, the actual birthday coincides with the contest but mixing and maxing will hopefully provide the best results on both fronts. Who said life is an easy journey when you marry a beady-eyed contest type?
QSL via OH2BH.

7562. ICPO Bulletin (Sepember 11-19, 2008)

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-09-11 21:42:57 UTC
From: Dave Raycroft
Topic: 7562 Message: 7562

I.C.P.O. Bulletin (Sepember 11-19, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

08/09/2008: Mike, KM9D (H40MY) arrived a few hours ago at Vanikolo Island (OC-163) and is presently anchored off Lavaka village. The first activation of OC-163 took place in 1992 from this village. [DL2GAC]

12/09/2008: Look for Nob/JA2AAU (A35AU), Yoshi/JA2AIC (A35IC), Iwao/JA2LSS (A35SS), Iku/JA2ATE (A35TE) and Mori/JA2ZS (A35ZS) to be active on all bands/modes from Tonga (OC-049) between September 12-17th. QSL via the information on QRZ.com for each call sign. [rsgbiota.org]

12/09/2008: Mike, AB5EB will be active as homecall/p from Matagorda Island (NA-092, USi TX-010S, Calhoun county), Texas, and the Matagorda lighthouse (ARLHS USA-482, TWLHD WLH K-096, WLOTA LH-1860, USGC 4-1312, WW Loc. EL18SI) from September 12-14th. QRV SSB and CW on, or near, the usual island and lighthouse frequencies. QSL via home call (CBA). [ARLHS]

12/09/2008: Tom, LA4LN will be QRV from Spitsbergen Island (EU-026, WLOTA LH-0124), Svalbard from September 12-18th. While there he'll be QRV on 60 meters as JW1V. He'll also operate JW4LN on 160 meters through 70 cm, mostly on CW with some SSB, digital modes and possibly Satellite. Tom will has an IC-7000, various wires, a beam for 10, 15 and 20 meters and possibly on 6 and Satellite. QSL cards must go direct only to LA4LN. More details can be found at QRZ.com under JW1V. [MMMonVHF]

12/09/2008: Sam, F6AML will be active from Benin between September 12-24th. Call sign is not know at this time, but he will pick up his license when he arrives in Cotonou. QRV 80-10 meters, using CW and SSB only with FT857D and 800 Watt amplifier. Antennas will be HF6V and Inverted V for 80m. Frequencies: CW - 3525, 7025, 10115, 14025, 18071, 21025, 24892 and 28025 kHz; SSB - 3785 listening up to 3800 for W, 7057, 14235, 18140, 21275, 24944 and 8444 kHz. QSL via home call, direct or bureau. [NG3K]

13/09/2008: The Vienna International Centre Amateur Radio Club 4U1VIC will be on the air during the Worked All Europe DX SSB Contest (WAEDC) which will take place September 13-14th. The station is located in the secured United Nation campus in Vienna / Austria and due to access restrictions they will not be able to operate the full 48 hours continuously. The team will try to be on as much as possible. They will work all stations (DX and Europe) so you are invited to give us a call. Planned operators include Alex/OE1AWB, Lex/OE3BLB, Rom/OE1RKS, Werner/OE1DWC, Hannes/OE3SGU and Gun/OE3GCU. QSL info: 4U1VIC will send

QSL cards for all QSO's via bureau. If you are in a hurry you can send it direct including SAE and return postage to: Amateur Radio Club, Vienna International Centre, P.O. Box 500, A-1400 Vienna, Austria. [NG3K]

13/09/2008: A group of eight Korean operators (namely Kim/HL2CFY, Lim/DS2HRE, Kweon/DS2GXU, Han/DS2GOO, Seok/6K2GDT, Cho/6K2FNN, Song/6K2BWA and Jeong/6K2ABX) will be active September 13-18th as either D9D and homecall/5 from Tok Island (AS-045, also count for WLOTA LH-0016). They will operate CW, SSB, FSK and PSK31 on 80-10 meters with four trasnceivers, two amplifers and various vertical and wire antenna systems. QSL D9D via 6K2BWA, others via home call. [425 DX News]

13/09/2008: Fran?ois/F5JNE along with G?rard/F6ICG will be active September 13th as F5JNE/p from the Castle of Marrault (DFCF 89-303), located in the city of Magny (CP 89200), canton of Avallon (DDCF 89-05), Yonne Department/89 and Province Burgundy (DPF 05). QRV 80 and 40 meters, starting around 0600 UTC. QSL via bureau preferred and SWL cards are welcome. [F5NQL]

13/09/2008: Urcun, TA0U will be QRV September 13-14th for the Worked All Europe DX SSB Contest. QSL direct, via the information at QRZ.com. [F5NQL]

13/09/2008: TC4X, the Finnish-Turkish Friendship Consortium station, will again be active September 13-14th for the Worked All Europe DX SSB Contest. QSL via OH2BH. [425 DX News]

14/09/2008: A group of operators from the Associazione Radioamatoriale Sardinia QRP Club (www.sardiniaqrp.com/) will be active as IQ0QP from Quirra Island (EU-165, IIA CA-009, MIA MIS-026) on September 14th from 0900 UTC to 1600 UTC. This will be a QRP operation on 80 (NVIS antenna), 40 and 20 meter, SSB and CW. Frequencies: 3560, 3590, 3620, 7030, 7040, 7090, 14030, 14060 and 14320 (+/- 1) kHz. QSL direct to P.O. Box 81, 09047 Selargius - CA, Italy. [Pete's-DX-Newsdesk]

15/09/2008: Bill, N7OU plans to be active as E51NOU from Rarotonga (OC-013), South Cook Islands, between September 15 and October 11th. He will be QRV 40-10m running low power, CW only. For most of his stay Bill will be operating around a work schedule, but will make a special effort to be on at grayline times to Europe. QSL via N7OU. [NG3K]

15/09/2008: Look for Michael, K6UMO/KL7 to be active from several Alaskan islands between September 15-20th. He will be on a cruise ship that stops at all of these islands. He will take an ICOM IC-703+ with me and will try to transmit from each island for as long as the ship is in harbor (and it isn't dinner time). Michael will try to activate the following: Kodiak Island (NA-019, USi AK-004S, 3rd S. Central County); Unga Island (Not IOTA, USI AK099, 3rd S. Central County); Unalaska Island (NA-059, USi AK005S, 3rd S. Central County); Kiska (NA-070, USi AK197, 3rd S. Central County [Aleutians West]); and Attu Island (NA-064, USi AK009S, 3rd S. Central County). Please note: AL099 and AK197 are

unqualified. Accept QSL's via: USI eQSL, Callbook Address. [USi]

16/09/2008: Bernd, DL8AAV will be active as OZ/DL8AAV/p September 16-27th from Laeso Island (EU-088, NK-003 for the Danish Islands Award). QSL via home call, direct or bureau. [rsgbiota.org]

18/09/2008: Seven hams are going to Madagascar and will be QRV from a location near near Ambodifototra, Ile Sainte Marie [Nosy Boraha] (AF-090, WLOTA LH-0491, WW Loc. LH42WX) between September 18-27. Team members include Jack/F1BCS, Jim/F1HDI, Gil/F5JBE, Remy/F6ABJ, Michel/F6COW, Oliver/F6EIE and Dan/F6EPD. Activity is scheduled from 160-6 meters, using SSB, CW, SSTV, PSK31, RTTY and JT65 modes. SSB near the IOTA frequencies. They will use the following call signs: 5R8GM for SSB, 5R8IM for digital modes, 5R8JM for CW and 5R8EM for EME (144, 114Mhz, CW and JT65). QSL all calls via F1BCS. [F5NQL]

19/09/2008: Haugseth/LA7WCA (JW7WCA), Terje/LA8BCA (JW8BCA) and Tom/LB9UE (JW/LB9UE) will be active from Spitsbergen Island (EU-026, WLOTA LH-0125) from September 19-26th. QRV on 160-10m, mainly SSB, with some CW. QSL via home calls, direct or bureau. [NG3K]
==========
LOOKING AHEAD -

20/09/2008: Tomi, OH6EI will be active from Mariehamn, Aland Island (EU-002, WLOTA LH-1373, WW Loc. JP90XI) as OH0Z during the SAC CW Contest (September 20-21st), as a Single-Op/All-Band/High-Power entry. QSL via W0MM, direct or bureau. [NG3K]

20/09/2008: Naito, JF2IWW will be active as T88IW from the rental shack on Koror Island, Palau Islands (OC-009), between September 20-28th. QRV 80m-6m CW and SSB, plus satellite. QSL via home call. [NG3K]

20/09/2008: The Former operators of the Saint Lys Radio, the Famous FFL, will organize a Heritage day around the souvenirs of the Station, located at Site of G?nibrat, on September 20th and 21st. The program includes open doors, exhibitions, Radio program and traffic both on old St. Lys frequencies and Ham bands. QRV 160 to 10m (CW, SSB and PSK31), using the special call sign TM2FFL. QRV on Old Saint Lys bands: (FUQW USB IUT marine bands) Band 804: 8728 - 8204 kHz and Band 1224: 13146 - 12299 kHz. Traffic by the Saint Lys Former Operators and ops of MONACO RADIO same bands. One of the main goals is to protect the only on antenna still settled on the site: CARRE GOURIAUD (omni 4 MHz). QSL via operator's instructions. [F5NQL]

21/09/2008: Freddy, F5IRO has got a new assignment in Martinique (IOTA NA-107, DIFO FM-001, WLOTA LH-1041) where he is expected from September 21st to the end of February 2009. His call sign is not known yet, but will certainly be: FM/F5IRO. He will work usually at his spare time, in the evening starting 2200 UTC, and during the week ends. As propagation permits, he will use his FT857D on 40, 30 and 20m into V40 and G5RV (HM) antennas. Modes will be mostly CW and digital, with some SSB. Freddy and Philippe/FM5LD plan to enter the next CQWW CW Contest, at the end of

November. Call sign and Class to be announced. For all Freddy's activity, QSL direct or via the bureau. He will reply to all QSLs when he returns home, at the begining of March 2009. [F5NQL]

24/09/2008: Two special event stations will be aired September 24th to celebrate Heritage Day operating on SSB and CW on 20m, 40m and maybe 80m from South Africa. The Sasolburg Radio Club station ZS4SRK will be operating from an old historic Anglo Boer War blockhouse on this day. Special event staion ZS08TV might also be operating on this day from the old meat plant which now houses the club house of the Vaal Amateur Radio club. We have heard from the the powers that be that confirmation of our special event call sign ZS08TV is on the way. ZS4SRK will be on 20m and 40m, maybe 80m SSB, while ZS08VT will be on 20m, 40m SSB and on CW on 20m around 14115 and on 40m, maybe 80m SSB. QSL ZS4SRK via the bureau. QSL ZS08TV via operator's instructions. [VE5RC/VE5QRP]

27/09/2008: Tomi, OH6EI will be active as OH0Z from Mariehamn, Aland Island (EU-002, also count for WLOTA LH-1373, WW Loc. JP90XI) as a Single-Op/All-Band/High-Power entry during the SAC SSB Contest (September 27-28th). QSL via W0MM, direct or bureau. [NG3K]

27/09/2008: The Ozark Mountain Amateur Radio Club, W0OMD will set up a portable HF station on Edge Island (Not IOTA, USi MO-014, Cedar County), Stockton Lake, Missouri, on September 27th and will try to make a set number of contacts to qualify the island. Operators mentioned are Mike/KC5MNP and James/KC0TQD. QSL via W0OMD, callbook address. Website at www.w0omd.org/ [USi]

16/10/2008: Approximately 12 members of the Magnolia DX Association, Inc., will activate East Ship Island (IOTA NA-082, USi MS-009, Harrison County), Mississippi, and lighthouse (WLOL USA-756, WLOTA LH-1160, USCG 4-0337, WW Loc. EM50RF) during the period of October 16-19th. The call sign K5S will be used during the entire 4-day period, plus the call sign K5Z will be added during the last 2 days as an entry in the W/VE Islands QSO Party (October 18-19th). Activity will be on 80-10 meters, using CW, SSB and RTTY. QSL via W5UE direct, or bureau. Logs will also be uploaded to LoTW. Further information can be found at www.k5s-na082.com/ [K1XN]

16/10/2008: Kiyoshi/JA7RPC and Masahiro/JF7RKV will be active as T88RP and T88SB, respectively, from the rental shack on Koror Island, Palau Islands (OC-009) from October 16-20th. Look for them to be QRV 80-10m on CW and SSB. QSL via home calls, direct or bureau. [NG3K]

18/10/2008: The Boeing Employees Amateur Radio Operators North Society and Stanwood/Camano Amateur Radio Club will be active as K7P from Camano Island (IOTA NA-065, USi WA-003S, WLOTA LH-2728, Island County), Washington, on October 18th and 19th, to commemorate the first new state park in 10 years at Cama Beach. QSL direct to KN7T (Mark Mc Lauchlin, 2625 176th St SE, Bothell, WA 98012). [ARRL]

23/10/2008: Ed/K3IXD, Pete/W2GJ, Dallas/W3PP and Bob/W8ZA will be active as C6APR from the Crooked Island Lodge, Pittstown Point, Crooked

Island (NA-113), Bahamas, in the multi-2 category during the CQWW SSB contest (October 25-26th). The lodge manager has confirmed that the lodge survived both Hanna and Ike hurricanes. Before and after the contest (October 23-27th) C6APR will be on 160m through 10m including the WARC bands, CW and SSB. Before and after the contest (October 23-27th) C6AXD will be on 160m through 10m including the WARC bands, mostly RTTY and some SSB. Both calls are good for Bird Rock Lighthouse (ARLHS WLOL BAH-005, TWLHD WLH C6-002, WLOTA LH-0118, Admiralty J4792) and Grid FL22TT. All QSLs to K3IXD. [K3IXD]

21/02/2009: John, K3MD will be active from the U.S. Virgin Islands (IOTA NA-106) as KP2/K3MD for the ARRL DX CW Contest (February 21-22nd), as a Single-Op/All-Band/High-Power entry. Look for activity before and after the contest. QSL via home call. [NG3K]

==========

SPECIAL EVENTS -

09/09/2008: ARI Battipaglia will be active as II8AVL from September 9th to October 1st to commemorate Operation Avalanche, the Allied landings near Salerno during World War II. QSL via operator's instructions. [425 DX News]

12/09/2008: Operators IK4HDQ, IK4PLW, IK4PMX, IK4UNH, IW4DAP, IW4DEH and IZ4GXH will operate special event station IR4PA from Russi (Ravenna) from September 12-14th, for the 25th anniversary of the local welfare institution. QSL via IK4PLW, direct or bureau. [425 DX News]

12/09/2008: Special event station GB0BSR will be QRV from the Bedfordshire Steam Rally near Biggleswade on September 13th. QSL via operator's instructions. [GB2RS]

12/09/2008: Look out for GB0HSF at the Hanbury Steam Fair in Worcestershire on September 12th. QSL via M0URX. [GB2RS]

12/09/2008: The Radio Society of Harrow will be running a demonstration station at RAF Bentley Priory over the weekend of September 12-14th as part of the Heritage Open Days programme. The call sign applied for is GB80RBP or GB0RBP, alternatively they will use GX3EFX/A. This is the first time in 80 years that Bentley Priory has been open to the public since it became an RAF base. [GB2RS]

13/09/2008: Churches and Chapels On the Air (CHOTA) is taking place on Saturday 13th. Over 20 special event call signs have been issued. Activity is expected from 1000-1600 UTC using SSB on frequencies around 3.747, 7.047 and 14.320 MHz. See www.wacral.org/ for full details. [ZL2AUB]

13/09/2008: The Ninth Annual Route 66 On The Air Special Event will be held from September 13-21st. Full information on call signs, QSL routes and awards can be found at www.w6jbt.org/ [W6JBT]

15/09/2008: The Radio Club of Tulle (F5KTU) will use the special call sign TM2NN for the Nacre Nights accordion festval from September 15-28th. Activty on HF and VHF. [F6AJA]

16/09/2008: From July 16-29th - and in particular on July 23rd from 0830 up to 1700 UTC, from Tourcoing, TM8APJ will be activated within the framework of the humanitarian action "Aidons drawer Princesse Jasmine". QSL card for this occasion is in exchange of your QSL card, ? 2.00 and an A4 SASE. QSOs on two different bands (80, 40, 20, 2 m and 70 cm and Echolink) qualify for the diploma, subject to your QSL card, ? 5.00 and an A4 SASE to: TM8APJ, 87, Avenue Roger Salengro F-59170 CROIX - FRANCE. All gifts arrive at the association Aidons drawer Princesse Jasmine (www.aidonslaprincessejasmine.com/) by means of drawer Maison of the Associations, 100, rue the Lille ? Tourcoing. [UBA HF News]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

TX4C FOR SECOND TIME!
ASIAN TURKEY WITH A HAPPY WEDDING ANNIVERSARY AND ROUND NUMBERS

Leena, OH2BE and Martti, OH2BH left Finland for an unknown address in Asian Turkey on their wedding anniversary and Leena's round-number birthday. Today is the wedding anniversary and Mom was on the ropes at an antenna party in the soaring temperature of 36C. They got the job done and TC4X should be on the air now plus in the European DX Contest this weekend.

Outside of the contest TC4X will be operated by Tefvik, TA1HZ. The upcoming magic day will be topped with a candlelight dinner and lacebedsheet at a place overlooking the romantic Marmara Sea at sunset.

Gosh, the actual birthday coincides with the contest but mixing and maxing will hopefully provide the best results on both fronts. Who said life is an easy journey when you marry a beady-eyed contest type?

QSL via OH2BH. [OH2BN]

7563. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-09-11 23:25:38 UTC
From: K1XN
Topic: 5889 Message: 7563

The */SEPTEMBER 2008 /**Issue #809-B* files have been uploaded to the
Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
/*Now is a good time to send in your RENEWAL to GoWin *//*
if your subscription is about to expire.*/

PATHFINDER
From: "Dave AA6YQ" <_aa6yq@...6_ (mailto:aa6yq@ambersoft.com) >

I've updated Pathfinder Online to access callbooks for 74 DXCC countries:
3A,
4S, 4X, 5Z, 9A, 9M2, 9M6, A9, BV, BY, C3, CE9, CX, DL, DU, E7, EI, EP, ER,
ES,
EW, EY, F, FR, GU, HC, HL, HS, I, J7, JT, K, LA, LX, LY, LZ, OA, OD, OE, OH,
OL,
OM, ON, OZ, P2, P4, PY, R1F, R1M, S2, S5, S7, SM, SP, SU, SV, SV9, T7, TA,
TF,
TR, UA, UA0, UA2, VE, VK, VP9, VU, YL, YN, YO, Z3, ZL, and ZS.

In addition, striking the Enter key in the "Target Callsign" box invokes the
most recent search.

The maintainers of these callbooks do occasionally re-host them or change
their
access mechanisms; if you notice a callbook being inaccessible for more than
a
week, please post a message here so I can see what's going on. Thanks...

To use Pathfinder online, navigate to
http://www.dxlabsuihttp://www.dxlabhttp://www.d
(http://www.dxlabsuite.com/pathfinder/WebClient/) , type a callsign into the
"Target Callsign" box, and and clicking search buttons.

73, Dave, AA6YQ

7569. CIS DX RTTY Contest 2008

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-09-14 19:35:56 UTC
From: K1XN
Topic: 7569 Message: 7569

From: ut7fp@... <ut7fp@...>

The Scottish-Russian ARS and the European PSK Club have the
honour to invite the radio amateurs all over the world to participate
in the 5th CIS DX RTTY Contest 2008.

The rules are available on our web site at www.cisdx.srars.org

Please check the rules as there are important changes.
Since 2008 it's RTTY contest only.

Starting time is at 12:00 UTC on Saturday 20.09.2008;
ending time is at 12:00 UTC on Sunday 21.09.2008.
Everybody can work everybody for QSO and multiplier credit.

All the very best and 73!

WORLD WIDE DX-PEDITION TROPHY
powered by Strange Radio Team

As you probably know, we have made a survey on website for the WWDXT 2008.

We have received several replies concerning 48 different DXpedition that have been considered interesting by our readers.

Among those 48 different expeditions 16 have received much more positive comments and we will ask you to vote between them.

You still have 15 days to vote your Best DX pedition!

HI

An official amateur call sign is assigned to Princess Elizabeth base,
OP0LE and one more good news an amateur radio operator
will be operating from that base from December 2008 until
March 2009.

That guy is a new comer and never operated on amateur radio
frequencies, your understanding is more than necessary.
After 40 years of silence, Belgium is back on air from Antarctica.

*_5Z4/RW1AU Update_* from K5XK, 17 September 2008...

Valery, 5Z4/RW1AU, continues to be quite active from Nairobi. Currently 20M SSB only, but a keyer is enroute, and if it arrives safely, Val will be very QRV on CW in the near future. The keyer will remain at the 5Z4RS club station for others to use, after his departure. Since Val is on a temporary work assignment, it is not known how long how long he will be in Kenya.

Val will reply to eQSL requests, and should have his LoTW documentation completed soon. QSL via RW1AU's instructions on QRZ.com; Val's QSL manager, K5XK, has a new address, which is also OK on QRZ.com . Printed color QSLs are being printed and will be mailed out within the next 2-3 weeks.

Look for Val on weekends, and periodically on weeknights, after work (after 15:00 UTC).

Members of the Bittern DX Group will be once again operating GB2TX raising awareness and funds for the British Wireless for the Blind Fund over "Transmission 2008" weekend (20th - 21st September) @ EMCY Garden Centre, Holt in Norfolk.

Last year GB2TX scooped both club Transmission trophies for most contacts of 1165 QSOs and most funds raised of ?1750, which was a staggering 31% of the National total raised by the event. Please help us to help others by giving us a call and if you feel so inclined, we can also accept donations online, remember every pound helps.

We'll be QRV most bands from 70cm - 160M, mostly SSB, FM and some CW.

From: Ronald D Lowrance rlowranc@...

It is my pleasure and privilege to announce today the first annual Fall Classic DX Event sponsored by www.countryuncledx.com. This DX Event has been founded for the primary purpose of generating enthusiasm for DXing, Amateur Radio, and to provide an inclusive way for Hams who do not like to "contest" but would enjoy a way to compete over a longer period of time than a weekend without calling " CQ Contest". So the 2008 Fall Classic DX Event has been developed and launched for Amateurs to participate and enjoy DXing.

The Event begins on October 1, 2008 and ends December 31, 2008. All event information can be found at www.countryuncledx.com or you can email K4SX or N4DA for information and details.

I should also mention that this event is not intended to compete with or preclude any other DX competition or contests. It is worth also noting that all DX contacts made in contests during the event period may and will be counted.

I hope you decide to post this to your website and newsletters and that you plan on joining in and having some DX fun! If you have any question please contact N4DA@...

FOUR BRAVE MEN CHALLENGE THE ROCKY GULF OF FINLAND

MARKET REEF, OJ0B QRV FROM SEPTEMBER 18 - 29, 2008

Yes, you got it right, for eleven days temperatures in
this Far North region will have dropped to some 6C.
Spending almost a fortnight in a damp and cold lighthouse
takes some determination. No shower and no reasonable
sanitary facilities available.

OH2PM, Pertti; OH2BO, Ilmo; OH3JR, Henry and OH0RJ, Lars will
attempt a landing this early Friday morning. They will run two Yaesu
FT-1000MPs and Alpha 91B amplifiers. They have built a special array for
160M, hoping for some early propagation into the United States.
Also, they will run a SteppIR beam, a Butternut HF-2V and an assortment of
wires.

During this coming weekend, Pertti, OH2PM will be running the Scandinavian
Activity Contest (CW single-op all-band), and the following weekend
the same thing on SSB http://www.sk3bg.se/contest/sacnsc.htm. It will be the
50th
Anniversary Scandinavian Activity Contest, with a special offering
of diplomas by the Swedish organizers. A special SAC 50th Anniversary
Home Page is launched at http://www.qrq.se/sac/

During the two contest periods, the other station will be
exclusively on 160M as well as on the WARC bands.

If you observe some interesting openings outside of the contest and
wish to inform the operators on Market Reef, just drop an email
to oh2bh at sral.fi

From: K1XN
Topic: 7581 Message: 7581

*_3B7FQ Planned in October '08_*

Rachid, 3B8FQ, is planning to activate St. Brandon Island as 3B7FQ, in October. The dates of the operation have not been determined. As in April, when Rachid operated 3B6FQ from Agalega Is., this will be a working trip, with on-air activities shared with meteorological maintenance duties. Rachid's 3B6FQ operation netted almost 500 QSO's from Agalega.

More specific details will be disseminated closer to the departure date. QSL all of Rachid's operations via K5XK. Ron reports that he has moved to a new QTH, delaying some QSL replies for 3B8FQ & 3B6FQ. Cards for both operations are printed and replies to all direct requests will be mailed within the next week. Bureau requests that have been received will go out in October.

K5XK is also the QSL manager for the current 5Z4/RW1AU operation. See www.qrz.com/k5xk <http://www.qrz.com/k5xk> for detailed QSL information.

73,

Ron, K5XK

OC-008, OC-025, OC-034, OC-041, OC -181.
L'équipe , Al, AD6E - Derek, G3KHZ - Hugh, K6HFA - Luis, CT1AGF - Skip, W5GAI, a ouvert une page web à : _http://www.425dxn.org/dxped/p29_2008/_ (http://www.425dxn.org/dxped/p29_2008/)
Une place à bord est toujours disponible, prendre contact sans délai si intéressé avec G3KHZ (QRZ.Com).
Hugh, K6HFA fera un plus long voyage. Il sera à Tonga du 23 septembre au 11 octobre.
Du 12 octobre au 18 il sera sur OC-008, enfin du 4 au 9 novembre il terminera par Manus, OC-025.

From: Keith Martin G0GFQ (mailto:keith@...)

Les ùmeùbres du Bittern DX Group seront une fois de plus sur l'air avec l' indicatif GB2TX, pour lever des fonds à destination de la fondation La Radio pour les mal et non-voyants, pendant "Transmission 2008" weekend (20 - 21 Septembre) , depuis le EMCY Garden Centre, Holt à Norfolk.

L'an dernier, GB2TX à travers 1165 QSOs a récolté £1750, soit 31% des fonds levés pendant l'événement.
Merci de nous aider à aider les autres .
Nous serons QRV sur la plupart des bandes de 70cm à 160M, principalement en SSB, FM mais aussi en CW.

73

J'ai le plaisir d'annincer le premier d'un évènement annuel , le "Fall Classic
DX", parrainé par _www.countryuncledx.com_ (http://www.countryuncledx.com/) .
Destié à régénérer l'enthousiasme pour le DX et le Radioamateurisme et procurer à ceux que les concours n'enthousiasment pas trop, la possibilité de concourir malgré tout sur une période plus longue qu'en week end, sans devoir systématiquement appeler " CQ Contest".

Cete année la période retenue va du 1er octore au 31 décembre 2008.
Toute information utile sur : _www.countryuncledx.com_
(http://www.countryuncledx.com/) ou par e-mail à K4SX ou N4DA .

Cette manifestatio n'a pas pour but d'entrer en conflit avec les autres concours et autres rencontres, mais les contacts DX réalisés lors de tels évènements compteront.
Rejoignez nous pour le fun!

I.C.P.O. Bulletin (Sepember 18-26, 2008)
"Islands, Castles & Portable Operations"
Listing is by calendar date (day/month/year)
==========

18/09/2008: Seven hams are going to Madagascar and will be QRV from a location near near Ambodifototra, Ile Sainte Marie [Nosy Boraha] (AF-090, WLOTA LH-0491, WW Loc. LH42WX) between September 18-27. Team members include Jack/F1BCS, Jim/F1HDI, Gil/F5JBE, Remy/F6ABJ, Michel/F6COW, Oliver/F6EIE and Dan/F6EPD. Activity is scheduled from 160-6 meters, using SSB, CW, SSTV, PSK31, RTTY and JT65 modes. SSB near the IOTA frequencies. They will use the following call signs: 5R8GM for SSB, 5R8IM for digital modes, 5R8JM for CW and 5R8EM for EME (144, 114Mhz, CW and JT65). QSL all calls via F1BCS. [F5NQL]

18/09/2008: OJ0B QRV from September 18-29th from Market Reef (EU-053, WLH OH0-001, WLOL MAR-001, WLOTA LH-0542). Pertti/OH2PM, Ilmo/OH2BO, Henry/OH3JR, and Lars/OH0RJ will attempt a landing this early Friday morning. They will run two Yaesu FT-1000MPs and Alpha 91B amplifiers. They have built a special array for 160m, hoping for some early propagation into the United States. Also, they will run a SteppIR beam, a Butternut HF-2V and an assortment of wires. During this coming weekend, Pertti OH2PM will be running the Scandinavian Activity Contest (CW single-op all-band), and the following weekend the same thing on SSB www.sk3bg.se/contest/sacnsc.htm. It will be the 50th Anniversary Scandinavian Activity Contest, with a special offering of diplomas by the Swedish organizers. A special SAC 50th Anniversary Home Page is launched at www.qrq.se/sac/ . During the two contest periods, the other station will be exclusively on 160m as well as on the WARC bands. QSL via OH2BH. [OH2BH]

19/09/2008: Naoyuki, JK1FNL will be active September 19-24th from Malta (EU-023, WLOTA LH-1113). Requested call signs 9H3F or 9H3FF. He plans to operate CW, SSB and RTTY on 40, 30 and 20 meters. QSL via home call. [425 DX News]

19/09/2008: Haugseth/LA7WCA (JW7WCA), Terje/LA8BCA (JW8BCA) and Tom/LB9UE (JW/LB9UE) will be active from Spitsbergen Island (EU-026, WLOTA LH-0125) from September 19-26th. QRV on 160-10m, mainly SSB, with some CW. QSL via home calls, direct or bureau. [NG3K]

19/09/2008: Reg, VE7IG will be visiting and operating from La Madeleine Islands (NA-038, VE7IG/2), Miscou Island (NA-068, CIsA NB-002, VE7IG/9) and Cape Breton Island (NA-010, CIsA NS-001, CK7IG/1) between September 19th and the end of October. He might go also to Prince Edward Island (NA-029, CIsA PE-001, VE7IG/VY2). [425 DX News]

20/09/2008: Operators G3ZAY, M0HSW and M0SKI will be active September 20-21st as CT/homecall from the island of Barreta (IOTA EU-145, AL-003 for the Portuguese Islands Award). QSL via home calls. [rsgbiota.org]

20/09/2008: Juan, F5IRC will be active September 20th as F5IRC/p from the Aieul Mill (DMF 76-020), located in the commune Veules les Roses (CP 76980), Department Seine-Maritime/76 and Province Haute-Normandie (DPF 11). QSL via home call, direct or bureau. [F5IRC]

20/09/2008: The Radio Club Varennois (F5KEK) will be active September 20th as F5KEK/p from the Castle of Royer (DFCF 03-074), commune of St G?rand de Vaux (CP 03340), Department Allier/03 and Province Auvergne (DPF 03). QRV 3.703 (+/-), 7.060 (+/-) MHz SSB. QSL direct or bureau to F5KEK. [F1SVV]

20/09/2008: Bernard, F5LMW/p will be active September 20th from the Castle of La Raudiere (DFCF 86-046), located in the commune of B?ruges (CP 86190), canton of Vouille (DDCF 86-30), Department Vienne/86 and Province Poitou-Charentes (DPF 19). QRV on 80 and 40 meters. QSL via home call, direct or by the bureau. [Radioamateur.org]

20/09/2008: A group of operators from the Mediterraneo DX Club (namely Francesco/IK8LTB, Vitaliano/IW8PWO, Antonio/IZ8CCW, Massimiliano/IZ8EPY, Maurizio/IZ8GBQ, Leopoldo/IZ8HXG, Pasquale/IZ8IYX and Domenico/IZ8JAI) will be active as IQ8MD/p from Dino Island (IOTA EU-144, IIA CS-002, MIA MI-021), September 20-21st. They will operate SSB, RTTY and some CW with three stations on 10-80 meters. Some of the operators are new to pile-ups, so please be patient! All of the contacts will be confirmed automatically via the bureau; direct cards should be sent to IZ8BGY. The web pages for the operation can be found at www.mdxc.org/eu144 [425 DX News]

20/09/2008: Ray, K7RFW plans to be active September 20th from Antelope Island (not IOTA, USi UT-001L, Davis County), Utah. This will be worked in conjunction with the Antelope Island Balloon Festival where he will be working with their local ARES team so it will be a sporadic operation depending on weather and activities. Ray will try to be operating around 14.340 MHz where he hopes the contesters and such will not be. QSL K7RFW via SASE, LoTW, USi eQSL, and/or bureau (eQSL.CC will be loaded also). His wife controls the stamps, so no SASE may mean no return QSL. [USi]

20/09/2008: Tomi, OH6EI will be active from Mariehamn, Aland Island (EU-002, WLOTA LH-1373, WW Loc. JP90XI) as OH0Z during the SAC CW Contest (September 20-21st), as a Single-Op/All-Band/High-Power entry. QSL via W0MM, direct or bureau. [NG3K]

20/09/2008: Naito, JF2IWW will be active as T88IW from the rental shack on Koror Island, Palau Islands (OC-009), between September 20-28th. QRV 80m-6m CW and SSB, plus satellite. QSL via home call. [NG3K]

20/09/2008: Loof for UA1OEJ to be active from Solovetsky Kreml (Russian Castles Award reference RC-089), September 20-21st. QSL via operator's instuctions. [RN1CR]

21/09/2008: Gab, SU8BHI will be active with his new license from Morocco as CN2IPA between September 21st and October 5th, including an entry in the CQ WW RTTY DX Contest (September 27-28th). He will be QRV on the HF bands using CW, RTTY, PSK, SSTV and some SSB. The QSL card is valid for the I.P.A AWARD and DXCC. QSL via HA3JB (Gabor Kutasi, H-8601 Siofok, P.O. Box 243, Hungary, Europe). [NG3K]

21/09/2008: If the weather permits, Helmut/DL5DSM and Matthias/DL4ML will sign EJ/DL5DSM from Great Blasket (EU-007), Ireland, for some hours between 1000z and 1530z on September 21st. QRV with 100W only, 20 meter operation prefered. QSL via home call. [DL5DSM]

21/09/2008: Freddy, F5IRO has got a new assignment in Martinique (IOTA NA-107, DIFO FM-001, WLOTA LH-1041) where he is expected from September 21st to the end of February 2009. His call sign is not known yet, but will certainly be: FM/F5IRO. He will work usually at his spare time, in the evening starting 2200 UTC, and during the week ends. As propagation permits, he will use his FT857D on 40, 30 and 20m into V40 and G5RV (HM) antennas. Modes will be mostly CW and digital, with some SSB. Freddy and Philippe/FM5LD plan to enter the next CQWW CW Contest, at the end of November. Call sign and Class to be announced. For all Freddy's activity, QSL direct or via the bureau. He will reply to all QSLs when he returns home, at the begining of March 2009. [F5NQL]

21/09/2008: Kurt/ON4CB, Peter/ON6HP and Fran?ois/ON4LO will be active September 21st for the Belgian Mills Award Contest, using the call sign ON4CB/p from Schelde Mill (reference WIM 9045), located in Ville Doel (CP 9310). QRV on 80 and 40 meter SSB. QSL via home call, direct or bureau. [UBA HF News]

21/09/2008: UBA section HRT will be active in the BMA Contest on September 21st as ON4HRT/p from the Hoogbuul Mill (reference WIM 2034, WW Loc. JO21KD), located in Ville Olen (CP 2250). Activity will be on 80/40m SSB, 2m SSB and FM. QSL via home call, direct or bureau. [UBA HF News]

21/09/2008: UBA section WRC will be active in the BMA (Belgian Mills Award) Contest (September 21st) as ON4WRC/p from Preetjes Mill (reference WIM 8018), located in Ville Heule (CP 8501). QSL via home call, direct or bureau. [UBA HF News]

21/09/2008: Philippe/ON5PV and Bruno/ON7ZB will be active in the BMA (Belgian Mills Award) Contest on September 21st using their homecall/p from the Tiege Mill (reference WIM 1009), Ville Nil-Saint-Vincent (CP 1457), West Brabant Province. QRV 80 and 40 meter SSB from 0600-1000 UTC. QSL via home call, direct or bureau. [F5NQL]

21/09/2008: UBA section OSA will be active as ON7DS/p from 0700 and 1100 UTC on September 21st from the Van 't Heiken Mill (reference WIM 2001), located in Ville Aartselaar (CP 2630). Operators include Raf/ON5RZ, Ronny/ON3RON, Fons/ON4AWT and Dirk/ON7DS. QSL via home call. [UBA HF News]

21/09/2008: Look for Patrick, ON8PH/p to be QRV September 21st from the Dorper Mill (reference WAM 3075), located in Ville Opoeteren (CP 3680). Activity will be on 80 meters QSL via home call. [UBA HF News]

22/09/2008: Arno, DL1CW is currently active as 5H3AP from Tanzania. Length of stay is unknown. Between September 22nd and October 1st he will go and operate CW and RTTY from Mafia Island (AF-054). QSL via home call, preferably via the DARC bureau. [425 DX News]

22/09/2008: Mark, M0DXR reports that he is going to hit the airwaves as 8Q7XR from September 22nd until October 5th. Mark and his XYL Gemma, 2E0WPX plan to marry on September 20th and they will spend their honeymoon on the Maldive Islands (AS-013). Both will work in CW and SSB on 40m-10m using an IC-7000 and a G5RV dipole. QSL direct or via bureau to M0DXR. [DX Newsletter]

22/09/2008: The Sands Contest Group (M0SCG) will be operational as MS0SCG from the Isle of Jura (IOSA NH21, SCOTIA CS28), Inner Hebrides (EU-008), September 22-29th. The location will be Jura House on the edge of the island. They are working in collaboration with Workington ARS and will have a minimum of 10 operators. The group hopes to run 3-4 stations: 1 on 20 and/or 15m SSB, 1 on 17m DIGI/CW, 1-2 on 80/40/160m and 1 on 6m. Further information at: m0scg.blogspot.com/ [M0SCG]

23/09/2008: Sigi DL7DF and Crew will be QRV from the Sedia Riverside Hotel in Maun, Botswana, between September 23rd and October 6th. The call sign will be A25/DL7DF. They will be active with several stations on 160m through 10m on CW, SSB. One station will be exclusively dedicated to RTTY, PSK31 and SSTV. The team members mentioned are Manfred/DK1BT, Wolf/DL4WK, Andy/DL5CW, Sigi/DL7DF and xyl Sabine, Frank/DL7UFR and Leszek/SP3DOI. Equipment will consist of 4 transceivers (2 x K2, 1 x IC-735, 1 x IC-7000), 3 x kW linears, 3 x 18m Lowband Vertical, a 4 square for 40m, a 4 square for 30m, a Hexbeam for 20/17/15/12/10m, a Spiderbeam for 20/17/15/12/10m, some Beverage antennas as well as some laptop computers. Pilots for this DXpedition are Bernd, DF3CB and Floyd, N5FG. QSL via DL7DF, direct or by the bureau. [DJ7UC]

23/09/2008: JA1YUC/1 plans to be active from Uki Island (AS-117, JIIA AS-117-010), JA1 Chiba Prefecture, on September 23rd. QRV all HF bands, SSB and CW. QSL via home call, direct (Tokyo Dental College A.R.C, 1-2-2 Masago, Mihamaku, Chiba-city 261-8502 JAPAN) or by the bureau. [JI6KVR]

23/09/2008: Stu, K4MIL, will be operating from GITMO (IOTA NA-015) as KG4SS from September 23rd through October 7th. He will be active on all HF bands, primarily RTTY with some SSB. QSL via K4MIL direct, by the bureau, or LoTW. [OPDX Bulletin]

23/09/2008: Chris, GM0TQJ will be active as VO2/GM0TQJ from Labrador during the period September 23rd to October 2nd. He will be QRV on 80-10 meter RTTY, PSK31/63 and SSB. QSL via home call, direct or bureau. [425 DX News]

24/09/2008: Members of A.R.I. Torino and Wave Master Team, will be active September 24-28th from Giglio Island (IOTA EU-028, IIA GR-002, MIA MI-036, WLOTA LH-0564, WW Loc. JN52KI) as IA5IG. Team members include Giovanni/IK1WEG, Gerry/IZ1DSH, Giorgio/IZ1DXS, Davide/IW1DQS, Carlo/IZ1GCZ, Sergio/IW1FSQ, Marco/IS0KEB, Veronica/IZ1KFF and Moreno/IZ1MNE. Activity will be with 2 or 3 stations on 160 to 2 meters using CW, SSB and Digital modes. Operation will take place on following frequencies depending on propagation and QRM: SSB - 1842, 3755, 7065, 18128, 14260, 21260, 24950, 28460, 50160, 144310 kHz; CW - 1835, 3530, 7030, 10115, 14040, 18095, 21040, 24920, 28040, 50098 kHz; Digital RTTY(fsk) - 7039, 10141, 14085, 18102, 21085 kHz - PSK31 (Band Plan Region 1). They will be QRV from 3 locations: Giglio Castello (elevation 405m), Campese (at sea level) and a mobile station for activation of 5 Giglio Island castles (DCI references GR054, GR055, GR056, GR057 and GR058). The IA5IG team send all QSLs via the ARI bureau. Your QSL card is not necessary. If you want a direct QSL send SASE+postage to IZ1DSH (Gherardo Pannoli, Strada Tetti Gramaglia N.22, 10133 - Torino, ITALY). Further infomation at www.wavemasterteam.com/ [IW1DQS]

25/09/2008: From September 25th until October 4th a team of 6 hams Joerg/DL3NER, Walter/DG5NGJ, Thomas/DG5NGI, Ivo/DL9MB, Heiko/DG8NGI and Hubert/DK9NCX will be active from Montenegro as 4O/homecall. They plan to be QRV on 160-10m using SSB, CW, PSK31, and RTTY. Also activity on 6m and 2m is planned. Antennas: H2-Dipole (H2-rf-engineering.de), ECO-HF8B, INV.-V, 5El./6M and 9EL./2M. The team is doing this DXpedition for the WWW.Stationregenbogen.de, for children who are ill with cancer. So let's try to make them smile. QSL cards will be sent out after the team returns home from Montenegro. You can make a donation for these children by money transfer (see DK9NCX on QRZ.com) or send your card with donation and SASE to DK9NCX direct. QSL other calls via their home call sign. [NG3K]

26/09/2008: Members of Radio Club Karlovac (9A1CVW) plan to activate Croatian islands and lighthouses located in the IOTA EU-170 group using the call sign 9A1C/p from September 26-28th. Islands planned for activation are: Arta Mala (ACIA-284, IOCA CI-003, MIA MC-007); Arta Vela (ACIA-285, IOCA CI-004, MIA MC-008); Artica Vela (ACIA-287, IOCA CI-294, MIA MC-009, WLOTA LH-0322); Radelj (ACIA-299, IOCA CI-097, MIA MC-331); Zminjak (ACIA-332, IOCA CI-153, MIA MC-477); Obun (ACIA-298, IOCA CI-244, MIA MC-273); Kozina (ACIA-291, IOCA CI-245, MIA MC-176); Maslinjak (ACIA-316, IOCA CI-256, MIA MC-233); Oblik (ACIA-296, IOCA CI-401, MIA MC-266); Obrovanj (ACIA-297, IOCA CI-402, MIA MC-271); Sipnata (ACIA-301, IOCA CI-403, MIA MC-372); Gubavci (IOCA CI-487, MIA MC-124); Prisnjak Mali (ACIA-938, IOCA CI-488, MIA MC-319); Vrtlic (ACIA-961, IOCA CI-651, MIA MC-582); Loncaric (ACIA-292, IOCA CI-652, MIA MC-583); Misine (ACIA-319, IOCA CI-655, MIA MC-586, WLOTA LH-1119); Prisnjak (not IOTA, ACIA-321, IOCA CI-374, WLOTA LH-1492); and Tegina (not IOTA, ACIA-327, IOCA CI-413). They will operate two stations at the same time, but only on 40 and 20 meter SSB. QSL via 9A1CVW. [9A6AA]

26/09/2008: Andrei, UA3ABR will be active as JT1CA from Mongolia between Septamber 26th and October 2nd. QSL via home call. [425 DX News]

26/09/2008: Dave, AH6HY will be active from the island of St. Kitts (NA-104) as V4/AH6HY between September 26 to October 3rd. Activity is planned for 40-10 meter SSB only. QSL via home call. [NG3K]

26/09/2008: Don/W4YCH (ZF2DF) and Jim/W4JO (ZF2JO) will participate in the CQ WW RTTY DX Contest (September 27-28th) as ZF2DF from the ZF1A club station on Grand Cayman (NA-016). Outside the contest (September 26th - October 1st) they will be using their own calls on SSB and CW. QSL all contacts via W4YCH. [425 DX News]

==========

LOOKING AHEAD -

27/09/2008: Operators Danny/E73M, Boris/E73Y, Edin/E74A and Kula/E74KC will be active from Bosnia-Herzegovina as E73M during the CQWW DX RTTY Contest (September 27-28th), as a Multi-Single entry. QSL via E73Y or K2PF. [NG3K]

27/09/2008: Serge, UR5FEO will be active as ER0FEO from Parkany, Moldova, during the CQWW DX RTTY Contest (September 27-28th), as a Single-Op/All-Band/Low Power entry. QSL via UU0JM. [NG3K]

27/09/2008: Andrei, NP3D will be active as EW1AR during his vacation in Minsk, Belarus, from September 22-29th, including an entry in the CQWW DX RTTY Contest. Before the contest he will be active on all HF bands, all modes, mainly RTTY. His contest activity will be In Memory of Valery Khorkov, EU1MM (SK). QSL via W3HNK, LOTW, or direct to NP3D. [NG3K]

27/09/2008: The special event station GB2STI (Steam Trains Ireland) will be operating 'Railways On The Air' the weekend commencing Saturday 27th September, from the excursion platform of the Railway Preservation society of Ireland, Whitehead, County Antrim. They intend to operate 80/40/20m and will also have a 2m multimode station on air. The station will be operated by members and friends of the Antrim & District Amateur Radio Society as part of the celebrations of the first steam passenger train to operate in the British isles. A special QSL cxard is available for all contacts made during the event via the QSL manager GI0KPF. Details on QRZ.com. [Southgate ARC]

27/09/2008: Special event station VE3MIS will be active September 27th from the Halton County Radial Railway Museum. QRV 14.250 and 7.210 MHz SSB. For certificate send QSL request and 2 USD with return envelope to Michael Brickell VE3TKI, 2801 Bucklepost Crescent, Mississauga, Ontario, L5N1X6, Canada. Please note we can not use US postage stamps in Canada. Rain date September 28th. Further information can be found at www.marc.on.ca/ [MARC]

27/09/2008: The Ozark Mountain Amateur Radio Club, W0OMD will set up a portable HF station on Edge Island (not IOTA, USi MO-014, Cedar County), Stockton Lake, Missouri, on September 27th and will try to make a set number of contacts to qualify the island. Operators mentioned are Mike/KC5MNP and James/KC0TQD. QSL via W0OMD, callbook address. Website at www.w0omd.org/ [USi]

01/10/2008: From October 1st through to November 30th all Radio Amateurs in Canada are welcome to use the following Special Event Prefixes. The prefix commemorates the founding of the Crown Colony of British Columbia in 1858. For radio amateurs in Canada: VE use CK; VA use CJ; VO use CY; and VY use CZ. Example - VE7DAO would become CK7DAO and VA7DAO would become CJ7DAO. Visit their web site at: www.hambc150.info/ for additional details. During this special prefix period Radio Amateurs in Canada are encouraged to use the new call sign. In the future this website will privide the ability to post your contacts and logs. Non-hams may join as well and enter into contests for prizes provided by their sponsors. In cooperation with BCARCC and Ham Radio clubs in BC this website is looking to provide generic QSL cards that interested amateurs can order for their own use for contacts made during the October / November prefix period. Stay tuned for further information on this. [RAC]

03/10/2008: Special event station VC2ARAM willl bea aired between October 3rd and November 3rd to celebrate the 85th Anniversary of the Association of Amateur Radio Operators in Mauricie, Quebec. QSL via VE2MO (Joseph Andre Levasseur, 7405 Rue Desbostonnais, Trois Rivieres, QC G9A 5C9) (Association Radio Amateur de la Mauricie Inc., A/S Andre Levasseur, 7405 CH. Se-Marguerite, Trois-Rivieres Oeust, QC G9A 5C9). [RAC]

20/10/2008: The team for the IOTA expedition to PNG includes Al/AD6E, Luis/CT1AGF, Derek/G3KHZ, Hugh/K6HFA and Skip/W5GAI, plus one non-ham traveller. They expect to be QRV as P29VLR (QSL via SM6CVX) from Garove Island, Witu Islands (OC-181), from October 20-26th. The MV Barbarian II will then sail to Akib Island, Hermit Islands (OC-041) where they will be QRV as P29NI (QSL via G3KHZ) from October 28th to November 3rd. The final leg will be to Manus Island (OC-025), from where there may be some operation before the team flies home. Hugh, K6HFA will be making a longer trip and will stop in Tonga (A3, OC-049) from 23 September 23rd to October 11th. From October 12-18th Hugh will operate from OC-008 (P2, Bismarck Archipelago) and from November 4-9th he will be QRV from Manus Island (P2, OC-025). Hugh's call signs are still pending. Suggested frequencies are: SSB - 28.560, 24.950, 21.260, 18.128, 7.055 and 3.755 MHz; CW - 28.040, 24.920, 21.040, 18.098, 14.040, 10.115 and 3.530 MHz. Further information at www.425dxn.org/dxped/p29_2008/ [425 DX News]

21/10/2008: Look for special call OT7G to be active October 21st for National Mills Award Day from the Stampkot Mill (reference WIM 8073), Ville Kaster-Anzegem (CP 8572), between 0600-1000 UTC. QRV 80, 40 and 2 meter SSB. QSL via ON4MRX, bureau preferred. [F5NQL]

23/10/2008: Fukuda T88FY (JK2VOC) and Nose T88AC (JA2BNN) will be active from the Palau rental shack, Koror Island (OC-009, WW Loc. PJ77FI), Palau, from October 23-28th, including a Single-Op/All-Band entry in the CQWW DX SSB Contest (October 25-26th). Outside the contest look for them to be QRV on 80-6 meters. QSL via home calls. [NG3K]

30/10/2008: As guests of the Royal Omani ARS (ROARS), the Lufthansa Amateur RC (LARC), along with he Norden District of the DARC (DOK I09) will be active October 30th until November 11th using the following call signs: A43DLH operating from the ROARS HQ; and A43DLH/p operating from the Omani Scout camp, city of Muscate (WW Loc. LL93FO). QRV 160m and up on as many bands as possible, 24 hours per day, using CW, SSB and digital modes including SSTV. QSL via DK7PE. [F5NQL]

01/11/2008: YW1TI will be the new IOTA activation by the 4M5DX Group, that will take place in early November, 2008. The team of Alex/YV5SSB, Manuel/YY4MP, Rafael/YY4RN, Franco/YV1FM, Rainer/YV5EU, Olli/OH0XX, Jes?s/YV5MSG, Jos? M./YV5TX and Andreina/YY4AND will activate Toas Island (IOTA SA-066, DIV-079 for the Venezuela Islands Award, WW Loc. FK40EW). QRV 160-6 meter CW, SSB and RTTY. Suggested frequencies are: CW - 1.830, 3.530, 7.025, 10.115, 14.040, 18.098, 21.040, 24.920, 28.040, 50.110 MHz; SSB - 1.845, 3.755/3.790, 7.055, 14.260/14.195, 18.128/18.145, 21.260/21.295, 24.950, 28.560/28.460/28.495, 50.110 MHz; RTTY - 7.040, 10.140, 14.090, 18.100, 21.080, 24.920, 28.090, 50.110 MHz. QSL via IT9DAA, direct or bureau. Further information can be found at yw1ti.4m5dx.info/ [IT9DAA]

26/11/2008: Look for Bud, AA3B to be active as V26K from the island of Antigua (NA-100, WLOTA LH-1118) between November 26th and December 1st, including a Single-Op/All-Band/Low-Power entry in the CQWW DX CW Contest (November 29-30th). QSL via home call. [NG3K]

29/11/2008: Look for Tibor, HA7TM to be QRV as T88CJ from Koror (OC-009), Palau, during the CQWW CW DX Contest (November 29-30th), as a Single-Op/All-Band entry. QSL via home call. [NG3K]

01/12/2008: An official amateur call sign is assigned to Princess Elizabeth base (WAP BEL-01, IOTA AN-016), OP0LE and one more good news an amateur radio operator will be operating from that base from December 2008 until March 2009. That guy is a new comer and never operated on amateur radio frequencies, your understanding is more than necessary. After 40 years of silence, Belgium is back on air from Antarctica. [F5PFO]

==========

SPECIAL EVENTS -

19/09/2008: Members of the Puerto Rico Amateur Radio Society will activate a special event station NP3FM during Puerto Rico's "Free Mason Week". Operation will take place between 1300z, September 19th through 0100z, September 20th. Activity will be on 40-10 meters using CW, SSB and PSK31 on 20 meters. QSL via KP4ARS. [OPDX Bulletin]

20/09/2008: The Former operators of the Saint Lys Radio, the Famous FFL, will organize a Heritage day around the souvenirs of the Station, located at Site of G?nibrat, on September 20th and 21st. The program includes open doors, exhibitions, Radio program and traffic both on old St. Lys frequencies and Ham bands. QRV 160 to 10m (CW, SSB and PSK31), using the special call sign TM2FFL. QRV on Old Saint Lys bands: (FUQW USB IUT marine bands) Band 804: 8728 - 8204 kHz and Band 1224: 13146 -

12299 kHz. Traffic by the Saint Lys Former Operators and ops of MONACO RADIO same bands. One of the main goals is to protect the only on antenna still settled on the site: CARRE GOURIAUD (omni 4 MHz). QSL via operator's instructions. [F5NQL]

20/09/2008: COTA (Carabinieri On The Air, www.cota.cc/) station IQ6CC will be active September 20-21st for the 4th COTA Radio Meeting to be held at Castelfidardo (Ancona). QSL via IW6DSM. [425 DX News]

20/09/2008: Martin, PA2RUS and other operators will be active as PA66AW from about 1000 UTC September 20th until about 1000 UTC on the 21st. This special call sign's suffix stands for Atlantic Wall, the system of coastal fortifications built by the German Third Reich in 1942-44 along the western coast of Europe to defend against an anticipated invasion of the continent from Great Britain. Expect activity on 80, 40, 20 and 2 meter SSB. All of the QSOs will be confirmed automatically via the bureau. Detailed information can be found at: www.pa66aw.nl/ [425 DX News]

20/09/2008: On September 20th, GB0RBP will be on the air for Robert Baden Powel. GB0KES for King Edmund School will be on the air from Rochford in Essex. QSL via the RSGB bureau. [GB2RS]

20/09/2008: On September 20th GB2BWF for the Blind Wireless Fund from Oldbury in the West Midlands. QSL via MW0CNA, bureau preferred. [GB2RS]

20/09/2008: Members of the Bittern DX Group will be once again operating GB2TX raising awareness and funds for the British Wireless for the Blind Fund over "Transmission 2008" weekend (20th - 21st September) at EMCY Garden Centre, Holt in Norfolk. Last year GB2TX scooped both club Transmission trophies for most contacts of 1165 QSOs and most funds raised of ?1750, which was a staggering 31% of the National total raised by the event. Please help us to help others by giving us a call and if you feel so inclined, we can also accept donations online, remember every pound helps. They will be QRV most bands from 160m - 70cm, mostly SSB, FM and some CW. Please Help Us with our BWBF Appeal Online: www.bmycharity.com/bdxg [Pete's-DX-Newsdesk]

20/09/2008: GB90VK will be aired September 20-21st for the 90th anniversary of the first direct G to VK telegram. Also look for GB0VK to be QRV September 20th from North Wales. [GB2RS]

20/09/2008: On 20 to 21 September, South Tyneside Amateur Radio Society will be in Keilder Forest as part of the British Wireless for the Blind fundraising weekend with the callsign GX0WKQ/P. The more contacts they make, the more money they get for the BWFBF so please listen out for them. All QSLs via bureau please. [GB2RS]

21/09/2008: September 21st sees GB0WUK on the air from Durham, GB2QRP from HogCom in Stevenage (Details on QRZ.COM) (www.hogcon.com/) and GB4HGR for narrow Guage Railway. [GB2RS]

23/09/2008: IQ2IR (QSL via IZ2ELV) plus special call signs II2UCI (QSL via IZ2DVI) and II2BIN (QSL via IW2KVT) will be aired September 23-28th for the Union Cycliste Internationale's Road World Championships that will take place in Varese (www.varese2008.org/). Expect activity on 160, 80, 40, 20, 17, 15, 12 and 10 meter SSB, CW, RTTY and PSK31. Complete information on the relevant award can be found at www.insubriaradio.org/ (proceeds will be donated entirely to charity). [425 DX News]

24/09/2008: Two special event stations will be aired September 24th to celebrate Heritage Day operating on SSB and CW on 20m, 40m and maybe 80m from South Africa. The Sasolburg Radio Club station ZS4SRK will be operating from an old historic Anglo Boer War blockhouse on this day. Special event staion ZS08TV might also be operating on this day from the old meat plant which now houses the club house of the Vaal Amateur Radio club. We have heard from the the powers that be that confirmation of our special event call sign ZS08TV is on the way. ZS4SRK will be on 20m and 40m, maybe 80m SSB, while ZS08VT will be on 20m, 40m SSB and on CW on 20m around 14115 and on 40m, maybe 80m SSB. QSL ZS4SRK via the bureau. QSL ZS08TV via operator's instructions. [VE5RC/VE5QRP]

24/09/2008: Special call sign TC470PDZ will be aired September 24-30th to commemorate the 470th anniversary of the naval battle of Preveza, fought on 28 September 1538, between the Ottoman fleet and that of a "Holy League" assembled by the Pope. Expect main activity on 20 and 40 meters. QSL via via TA1HZ (P.O.B. 73 Karakoy, 34421 Istanbul TURKIYE). [425 DX News]

25/09/2008: Celebrating the last flag-lowering ceremony that will take place on September 30th, special event station II1ADV will be active from the Italian Navy frigate "Carabiniere" September 25-30th. Expect SSB, CW and PSK activity from 0800 to 1700 UTC. QSL via I1SAF, bureau preferred. Information on the relevant award can be found at www.assoradiomarinai.tk/ [425 DX News]

U.S.A. Special event station information can be found at:

BITS & PIECES -

* 3B7FQ Planned in October '08 *
Rachid, 3B8FQ, is planning to activate St. Brandon Island as 3B7FQ, in October. The dates of the operation have not been determined. As in April, when Rachid operated 3B6FQ from Agalega Is., this will be a working trip, with on-air activities shared with meteorological maintenance duties. Rachid's 3B6FQ operation netted almost 500 QSO's from Agalega.

More specific details will be disseminated closer to the departure date. QSL all of Rachid's operations via K5XK. Ron reports that he has moved to a new QTH, delaying some QSL replies for 3B8FQ & 3B6FQ. Cards for both operations are printed and replies to all direct requests will be mailed within the next week. Bureau requests that have been received will go out in October.

K5XK is also the QSL manager for the current 5Z4/RW1AU operation. See www.qrz.com/k5xk <http://www.qrz.com/k5xk> for detailed QSL information. [K5XK]

An official amateur call sign is assigned to Princess Elizabeth base, OP0LE and one more good news an amateur radio operator will be operating from that base from December 2008 until March 2009.
That guy is a new comer and never operated on amateur radio frequencies, your understanding is more than necessary. After 40 years of silence, Belgium is back on air from Antarctica. [F5PFO]

Russia to go for CEPT Novice
It looks as though the Russian Federation may join the CEPT Amateur Radio Novice reciprocal agreement as well as CEPT Class 1.

The CEPT Novice is the equivalent of UK Intermediate and many European nations have signed up to it allowing their licence holders to operate Amateur Radio when visiting signatory countries. CEPT Class 1 is equivalent to UK Advance.

The Soyuz Radiolyubiteley Rossii (SRR) website says:

Commission decided to recommend GKRCH adhere to the recommendations of the Committee on electronic communications ESA / REC (05) 06 "Amateur license SEPT newcomer (NOVICE), T / R 61-01" License ham countries - members of CEPT ", T / R 61-02 "Harmonized certificate SEPT radio at work" and to inform the European Bureau of the intention of the Administration of Radio Communications of the Russian Federation to implement the provisions of these recommendations.

Rossvyazkomnadzoru tasked together with the RAF to prepare and submit to the draft amateur service Rules to GKRCH by 01 November 2008.
Recommended Minkomsvyazi Russia to finalize the instructions on the preparation of radio and radio qualification in the Russian Federation and the Union of Russia radio use of the ERC Report 32 (Amateur examination program for the novice (NOVICE) and radio examination certificate newcomer (NOVICE)) in the preparation of proposals for guidelines in amateur communications.

7587. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-09-18 22:20:42 UTC
From: K1XN
Topic: 5889 Message: 7587

The */SEPTEMBER 2008 /**Issue #809-C* files have been uploaded to the
Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file. I have
started to accumulate data on DX Call Signs REJECTED by the
DXCC desk and their dates. Please send any of these rejections
to me for the Rejected project in GoWin. This Rejected list is also
now in the weekly data files.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

It is recommended that you open up GOWIN after downloading the data file
update and on the top bar click on FILES/CLEANUP FILES and run this
routine to clear all the old update files from the program folder.
This will prevent any lookup problems for you.
/*Now is a good time to send in your RENEWAL to GoWin *//*
if your subscription is about to expire.*/

Topic: 7588 Message: 7588

Folks,
There is a web access problem on the Golist website.
I tried a fix from here but it did not work. I have sent a message
to the web master asking for help. Hopefully it will not be down
for long.
Sorry for the inconvenience.
John K1XN

7589. GOLIST WEB SITE

7590. M6 CALL SIGNS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-09-21 15:37:15 UTC
From: K1XN
Topic: 7590 Message: 7590

M6 callsigns are now appearing on the bands from the UK.

The Novice callsigns in the M3 range have been used up, so new Novices are being issued with M6 callsigns.

UK Country variations apply, so M6 = England. MW6 = Wales, MS6 = Scotland, MI6 = Northern Ireland etc etc, in the same way as all other UK callsigns are allocated.

Vy 73 from Sunny Bournemouth, UK

7592. NEW SUNSPOT

Yahoo group: GOLIST (2007 — 2010)

From: K1XN
Topic: 7592 Message: 7592

Space Weather News for Sept. 22, 2008
http://spaceweather.com

NEW SUNSPOT: For the first time in months, a significant sunspot is emerging on the sun. It is a fast-growing active region with two dark cores, each larger than Earth. The magnetic polarity of the sunspot identifies it as a member of new Sunspot Cycle 24. Because the year 2008 has brought so many blank suns, some observers have wondered if we are ever going to climb out of the ongoing deep solar minimum. Today's new sunspot is an encouraging sign that the 11-year solar cycle is indeed progressing, albeit slowly. Visit http://spaceweather.com for sunspot photos and updates.

SEPTEMBER EQUINOX: Seasons on Earth change much faster than they do on the sun. Today, autumn begins in the northern hemisphere and spring in the southern hemisphere when the sun crosses the celestial equator. The crossing, called the "equinox," takes place at 1544 UT (11:44 EDT) on Monday, Sept. 22nd. Happy equinox!

7593. CDXC, 5T, UK, Contest and DX, Not the manager

Hi friends
CLIPPERTON DX Club, 30th Convention
The 30th Convention of the CDXC was held on las t Saturday, September 2008, 20th.
The President Franck, F4AJQ and the Past President Gerard/F2VX have awarded theMerit of the Clipperton DX Club medal to :
John, N7CQQ and Bob, N6OX ,

for their long pas of Hamming and Dxpeditions, especially to the French atoll of Clipperton and other CDXC/F6KOP ones.

Other awarded were, F5NBU, F4AJQ, F5IL and F5NHJ (as F5NQL's remembering, if I've forgot some one please would you excuse me, Tks Maurice)

TY: BENIN
The problems of voltages knew by Serge all the last week seems tp be resolved. The 220 is available again , a little more regular. Last week the announced 220 v was really between 100 and 160v.

It seems also that there is a heavy noise on the bands, so Serge is almost on CW
Look for him until next Wednesday.

Thanks Serge, TY6A/F6AML

Mauritius and Rodrigues.
The next October dxpedition to Mauritius and Rodrigues by Jose/ON4LAC had to be postponed.
Jose has suffered an unforeseen surgery .
Jose's 3B8/3B9 expedition is now scheduled in next March/April of 2009.
We wish Jose a quick recover.
Thanks Jean, 5T0JL

MAURITANIA:
Jean/5T0JL, the last regularly Mauritanian Ham licensee, and still staying in Mauritania, expect to be active again soon.
His station is setlled and he is putting the finishes to the multiband antenna. First it will be a G5RV.
Tks Jean, 5T0JL.

United Kingdom,:
New prefixes
Sun Sep 21, 2008 8:37 am (PDT)

Bonsoir à tous
30 ème convention du CLIPPERTON DX Club
Ekle s’est tenue samedi dernier, 20 septembre près de Poitiers.
Franck, F4AJQ et Gerard/F2VX ont décerné le Mérite du Clipperton DX Club à : John, N7CQQ and Bob, N6OX ,

Pour leur long passé d’amateur et leurs Dxpéditions, spécialement vers l’ atoll de Clipperton et autres participations aux expéditions CDXC/F6KOP.

Ont été également distingués, F5NBU, F4AJQ, F5IL et F5NHJ (Si F5NQL a oublié quelqu’un, merci de l’excuser.)

TY: BENIN
Les problèmes de voltage rencontrés par Serge la semaine dernière semblent résolus. Le 220 annoncé se promenait la plupart du temps entre 100 et 160 volts.
Il semble cependant qu'un bruit important sur les bandes le cantonne en CW.
Rechechez le jusqu'à mercredi.
Merci Serge, TY6A/F6AML

Maurice et Rodrigues
La prochaine expédition à Maurice et Rodrigues, qui devait être réalisée par José, ON4LAC en octobre et novembre à été repoussée à cause d’une opération chirurgicale imprévue.

José a reprogrammé cette expédition en mars/avril 2009.
Prompt rétablissement José.
Merci : Jean, 5T0JL

MAURITANIE:
Jean, le dernier licencié régulier, habitant la Mauritanie, espère reprendre ses émissions très bientôt.
La station est prête et il met la dernière main à l’antenne multibandes.
Dans un premier temps ce sera une G5RV.
Merci Jean, 5T0JL.

Royaume Uni,:
New prefixes
Les préfixes M6 sont apparus au Royaume Uni.

La tranche de préfixes novices M3 étant épuisée, les nouveaux novices ont désormais des indi catifs commençant par le préfixe M6 = Angleterre , MW6 = Pays de Galles,
MS6 = Ecosse , MI6 = Irlande du Nord etc etc, de la même manière que tous les autres indicatifs.

Station spéciale:

GB2STI (Les trains à vapeur irlandais) ouvriront les 'Railways On The Air' – Les trains sur l'air – le week end du 27 septembre , depuis la plate forme d'excursion de la Railway Preservation Society of Ireland
Whitehead Co Antrim.
Ils seront sur 80/40/20m ; une station 2m multi mode sera également opérationnelle.
Les membres de l' Antril & District Amateur Radio Society , seront donc partie entière des célébrations de l'anniversaire du premier train de voyageurs ayant jamais circulé sur les îles britanniques.Chaque jour à partir de 1000 du matin.
